

Monday, June 26, 2017

6:00 PM

Administration Center

Board Room, 1130 Fifth Avenue, Chula Vista, CA

A. Opening Procedures

1. Call to Order
2. Roll Call
3. Closed Session (Meeting Notice)
4. Moment of Silence
5. Pledge of Allegiance
6. Approve Agenda with Flexibility

B. Board Presentations / Announcement of Awards

1. Recognition of staff from UCSD for their dedicated service to the Adelante Latino Conference
2. Recognition of Xavier Serena for serving as the 2016-2017 student board representative, and introduction of Isaiah Irizarry, the 2017-2018 student board representative
3. Superintendent's Message
4. Report from Xavier Serena, student board representative, on meetings with student ASB Presidents

C. District Committee Reports

1. District English Learner Advisory Committee Report (presented on second Monday)
2. Citizens' Bond Oversight Report (presented on fourth Monday)

D. Public Communication

1. Public Hearings
2. Public Communication on Non-Agenda Items

E. Formation and Approval of Consent Agenda

F. Superintendent Discussion Items

1. Adoption of Minutes: June 12, 2017 - Regular Board Meeting.
2. Calendar of Board of Trustees Meetings – 2016-2017.
3. Report on board requests for information and policy direction to staff.
4. Approve the necessary Lawson System upgrades and authorization for the superintendent and/or designee to sign service and maintenance agreement(s) related to this project.

G. Instructional Support Services Discussion Items

1. Approve Contract with Deaf Community Services for payment of interpreting service costs for students in special education who are deaf and require American Sign Language interpretation per Individualized Education Program specifications for the 2017-2018 school year.
2. Report on excursions and field trips.
3. Approve contracts with certified nonpublic, nonsectarian schools and agency services for students with disabilities who require them according to their Individualized Education Programs (IEPs) for the 2017-2018 school year.
4. Approve contracts for payment of room and board costs (inclusive of Educationally Related Mental Health Services & Tuition) for students requiring Residential Treatment Center placement as outlined in their Individualized Education Programs for the 2017-2018 school year.
5. Approve Contract with San Diego Center for Children for payment of mental health costs for students requiring day rehabilitation services as outlined in their Individualized Education Program for the 2017-2018 school year.
6. Approve Advancement Via Individual Determination (AVID) Implementation Agreement between the AVID Center and the Sweetwater Union High School District to prepare all students for college readiness and success in a global society.
7. Approve the Consolidated Application (ConApp) Spring Report for the 2016-2017 school year.
8. * Adopt the Local Control Accountability Plan (LCAP) for the 2017-2018 academic year.
9. Approve the submission of the draft Single Plans for Student Achievement (Site Plans) for the 2017-2018 school year.
10. Approve Agreement with AVID College Readiness System and Products for AVID Excel with the Sweetwater Union High School District (SUHSD) for the 2017-2018 school year.

H. Student Services Discussion Items

1. Approve the appointment of California Interscholastic Federation (CIF) league representatives for 2017-2018, by name and title, to the San Diego CIF Section office.
2. Approve Agreement with Heads Up Football, LLC, to continue to provide football safety techniques along with concussion and sudden cardiac arrest training.

I. Alternative Education Discussion Items

J. Adult Education Discussion Items

1. Approve Agreement between Pearson-Vue and the Division of Adult Education, Chula Vista Adult School, for General Educational Development (GED) testing, for the period of July 1, 2017, through June 30, 2018.
2. Approve Agreement between Educational Testing Service (ETS) company and the Division of Adult Education, Chula Vista Adult School, for the ETS HiSET program, for the period of July 1, 2017, through June 30, 2018.
3. Approve the Memorandum of Understanding Phase II between the

Workforce Innovation and Opportunity Act partners and the San Diego Workforce Partnership to ensure alignment and collaboration between the Division of Adult Education and the local priorities identified by the San Diego Workforce Partnership.

4. Approve new course descriptions for the Division of Adult Education.
5. Approve revised course descriptions for the Division of Adult Education.

K. Fiscal Services Discussion Items

1. Ratify the following for the month of May 2017: 1) warrants in payment of salaries written from the funds of the district; and 2) warrants in payment of invoices written from the funds of the district.
2. * Adopt the Sweetwater Union High School District's 2017-2018 Proposed Budget.
3. Approve Actuarial Valuation Study.

L. Human Resources Discussion Items

1. Approve/ratify certificated personnel actions processed by the human resource services division between the dates of May 1, 2017, and May 31, 2017.
2. Approve/ratify classified personnel actions processed by the human resource services division between the dates of May 1, 2017, and May 31, 2017.
3. Approve the following appointments for members of the Citizens' Bond Oversight Committee:

Nick Marinovich, At-Large Member, Term: July 1, 2017, to June 30, 2020;

Dominique Navarro, At-Large Member, Term: July 1, 2017, to June 30, 2020;

Erica Balakian, At-Large Member, Term: July 1, 2017, to June 30, 2018; and

Albert Sides, Parent/Guardian of a Student, Term: July 1, 2017, to June 30, 2020.

M. Planning and Construction Discussion Items

1. Accept the progress reported within the Capital Projects Monthly Status Reports and approve budget adjustments for new and revised projects and budgets.
2. Approve/ratify planning and construction consultant agreements and amendments.
3. Adopt the Guaranteed Maximum Price (GMP) 30 percent estimate for the District-Wide HVAC (Heating, Ventilation, and Air Conditioning) Project Phase 2.
4. Accept district's progress report on the audit observations and recommendations for the Proposition O Performance Audit for the fiscal year ending June 30, 2016.
5. Conduct a second reading and adopt the district standards for planning and construction.

N. Purchasing Discussion Items

1. Ratify purchase orders issued for the period of May 1, 2017, through

May 31, 2017, and purchase order adjustments for the period May 1, 2017, through May 31, 2017.

2. Ratify confirmation received orders for the period of May 1, 2017, through May 31, 2017.

O. Operations / Other Business Discussion Items

1. Approve Agreement between the Sweetwater Union High School District and Food Safety Systems for the purpose of Hazard Analysis Critical Control Points (HACCP) monitoring, and staff trainings, food safety training and data reporting.

P. Policy Review

1. Approve revised Board Policy 3513.1, Cellular Phones.

Q. Resolutions

1. Adopt annual Resolution No. 2487, Authorizing Temporary Transfer of Funds for Maintenance Purposes.
2. Adopt annual Resolution No. 4231, Authorizing the Transfer of Revenues from Incremental Increases in Tax Rates into the Education Protection Account During the 2017-2018 Fiscal Year.
3. * Adopt Resolution No. 4510, for Board Member Compensation for Nonattendance at a Regular Board Meeting.

R. Mello-Roos Discussion Items

1. **Mello-Roos**

Acting as the legislative body for Community Facilities District Nos. 1, 2, 3, 4, 5, 6, 8, 9A, 9B, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, and 20.

* Conduct second reading (motion to conduct reading by title only) and adopt Ordinance No. 22, Ordinance of Community Facilities District No. 19 of the Sweetwater Union High School District Authorizing the Levy of a Special Tax Within Improvement Area Nos. 1 and 2 of Community Facilities District No. 19.

S. Board Communication

June 23, 2017

To: President Arturo Solis
Board Member Paula Hall
Board Member Frank Tarantino
Board Member Kevin J. Pike
Board Member Nicholas Segura

Dear President Solis:

Thank you for the opportunity to present this report on the status of the Proposition O Bond Program. This monthly Chair Report will present a brief overview of our Citizen's Bond Oversight Committee (CBOC) developments since the last regular Board meeting on May 22, 2017.

There was no Bond Oversight Meeting held as originally scheduled for June 21, 2017. Two members were not able to attend due to personal/professional commitments, the CBOC has two positions vacant due to resignations, and the level of new activity since the last meeting had not changed significantly enough to warrant a meeting.

This is the first time in five years a CBOC meeting has been cancelled. This is a testimony to the commitment of this Committee to the task of reporting to the citizens on the expenditure of bond proceeds.

While we did not have a meeting and there will selection of a Chair Item on the next agenda, this is an opportunity for myself representing the CBOC to reflect on what has been accomplished the past fiscal year and where the Committee is likely to be considering moving forward next year. Much of the information provided here is synthesized and summarized from the 11 Chair Reports presented to the Board this fiscal year.

Recent Developments

Highlight of development over the past month are as follows:

CBOC Member Interviews. On June 7, 2017 interviews were held for the four positions that are open beginning June 30, 2017. There were three At large and one Parent with a Student positions being considered. The Chair's position was included within these interviews and I was interviewed. The Chair found the process fair, thorough, and probing. Applying for the Committee was conducted like a job interview. It works well and the District should be commended.

Performance Audit Interviews. On June 8, 2017, the Chair represented the CBOC on the Interview Panel for Performance Audit consulting work. The process was thorough, fair, and well organized. The Evaluation Committee consisted of individuals with stellar backgrounds and understood the nature of the work requested. Kudos to the leadership of Purchasing Manager George Williams for the procurement process.

San Diego County Taxpayers Association Bond Support Criteria Working Group. Both Terry McKearney and myself are members of the San Diego County Taxpayers Association (SDCTA). Member McKearney Chairs this large group consisting of SDCTA Board of Directors, School Districts, and some "rank and file" members of SDCTA such as Mr. McKearney and myself.

The current criteria are attached to this report. On this Monday June 26, 2017 the Group will be meeting to review a final draft of the proposed changes. There are several issues still open for discussion including whether the existence of a Project Labor Agreement (PLA) would automatically disqualify any new Bond Program proposal from SDCTA support.

While our CBOC has had issues with a PLA both Mr. McKearney and myself feel a PLA should not be an “automatic disqualifier”. The results of this Group’s work will be reported to your Board. Dr. Aguirre has been informed of the developments and participated at one of its earlier meetings.

One of the most likely new developments in the review of a proposed bond measure will be the historical quality of bond oversight. The primary tool for this review will be the Annual Bond Transparency Scorecard prepared by the SDCTA. This behooves the CBOC and District to make sure we are compliant with law and best practices in bond oversight when it comes to SDCTA Support if a bond measure arises.

Chronological Highlights of FY 16/17 Bond Oversight

In order to highlight the issues and progress this fiscal year, I have included excerpts from some of the “Concluding Remarks” found at the end of each Chair Report:

- July 22, 2016. “In this coming fiscal year the CBOC will have a continuing interest on reviewing and commenting on the cost effectiveness of the Program and its proposed enhancements and changes. There will be a continued emphasis on monitoring the progress of implementing the last two Performance Audit recommendations. We are hoping for significant progress in their implementation. At present there are at least two major ongoing issues that have the continued strong interest of the CBOC: 1) Cost and Quality impact of the Project Labor Agreement 2) Assurance there is a strong Warranty Log system in place and operational for protecting District Assets.”
- August 22, 2016. “The CBOC continues to emphasize the need for classroom improvements, is supportive of the HVAC improvements done in a comprehensive not piecemeal fashion, and will continue to closely monitor the Warranty Compliance issue and the overall communication and interface between Maintenance Staff and the onsite School personnel and the Planning and Construction Department. In addition, the CBOC has a strong interest in making sure the District’s record keeping is Best Practice.”
- October 24, 2016. “The CBOC continues to emphasize the need for classroom improvements, is supportive of the HVAC improvements done in a comprehensive not piecemeal fashion, and will continue to closely monitor the Warranty Compliance issue and the overall communication and interface between Maintenance Staff and the onsite School personnel and the Planning and Construction Department. In addition, the CBOC has a strong interest in making sure the District’s record keeping is Best Practice.”
- November 14, 2016. “We are pleased with the staff efforts and responsiveness. There has been consistent strong CBOC support for doing the maximum possible HVAC projects rather than “piece mealing” this effort. There are still significant areas identified for improvement in the Bond Program/Maintenance but Dr. Aguirre is clearly communicating to us. In closing, our CBOC has a definite interest in weighing in on a future bond election.”
- January 20, 2017. “We continue to work towards the following six goals: 1) To remain vigilant to make sure our assets are preserved via adequate resources provided to the maintenance program 2) To support the District’s priorities to provide air conditioning to all instruction and support areas 3) To support of the efforts of Frank Mendoza to improve the maintenance functions 4) To continue to examine and discuss what if any impact Project Labor Agreements have on projects 5) To remain focused on assuring student safety 6) To continue to press for cost benefit analysis.”
- February 22, 2017. “Law Suit Settlement costs should be “lock boxed” to be spent on the pressing Proposition O facility needs of the District. It is very important there be a six month review of the

results of the pending Performance Audit. There needs to be a better handle on up front estimating of Title IX Costs and Program needs. A Whistleblower Program is an idea worthy for serious consideration.”

- March 23, 2017. “The future master planning has the keen interest of the CBOC along with warranty compliance. The update of the Bond Scorecard is very important to our overall role as a CBOC.”
- April 24, 2017. “This was a positive CBOC meeting and it is obvious we are making progress. Mr. Malone was a major positive in his observations. Very important issues remain which primarily include getting a more robust, specific, and comprehensive master plan and assurance our valuable Proposition O Assets are maintained properly and up to date with Warranty Compliance.”
- May 22, 2017. “This was a positive CBOC meeting and it is obvious we are continuing to make progress. The District is taking the Performance Audit Recommendations seriously. The overall reporting of information to the CBOC has improved the past several years. We continue to be pleased and impressed with the direction of the Maintenance Department.”

Rather than restate again our progress, I encourage you to read the very first Chair Report attached.

Concluding Remarks

After over five years on this Bond Oversight and being Chair of this Committee for almost the same amount of time it has been an honor to serve and represent the CBOC. We have had great members who are engaged and that is why our Bond Oversight works well.

I want to acknowledge the leadership of Bernardo Vasquez the former Chair of the CBOC. In addition, the Citizens of this District including Kathleen Cheers and Maty Adato have been instrumental in providing information and insight to our CBOC. Lastly the diligent media who covered this District under very dark times also made a difference. We must never forget Susan Luzarro from the Reader.

In this coming year our CBOC will continue to focus on the progress in implementing the Audit recommendations, making sure our Assets are maintained properly and subject to warranty compliance, and we have continued improved record keeping and best practices on project management. There eventually be another Bond Scorecard prepared by the CBOC where we weigh in on the readiness of the District for a new Bond Measure.

Implementation of the Performance Audit recommendations in a timely and thorough basis will go a long way in garnering our potential support. Further refinements and structure in the District Master Plan/Priority setting process and assurance that adequate resources/processes are available for an expanded bond program are major outstanding issues. At our next CBOC meeting we will have a specific agenda item to focus on this Master Plan Issue.

Sincerely,

Nick Marinovich

Nick Marinovich, Chair
Sweetwater Union High School District Bond Oversight Committee

July 22, 2012

Sweetwater Union High School District
Pearl Quinones, Board President
1130 Fifth Avenue
Chula Vista, CA 91911

Dear Ms. Quinones:

Thank you for the opportunity to represent the Citizen's Bond Oversight Committee (CBOC). The purpose of this letter is to present a summary of CBOC discussions since your last Board meeting on June 11, 2012. The CBOC met on June 23, 2012 and July 12, 2012. Key action and discussion issues were as follows:

- There is frustration regarding the lack of a prompt and proactive response to the "Eric Hall and Associates Proposition O Performance Audit Fall 2006 to Summer 2011." This report was published on March 20, 2012. The District response was not released until Saturday July 20, 2012, a total of 92 days. Earlier, the Committee did hear presentations on the report from Eric Hall and Associates. Very little input was sought from the Committee in developing a response to the Audit, which covered the very issues that are under our purview pursuant to the California Education Code. The Committee's expertise and time could have been utilized to develop some consensus on moving forward, rather than reacting to a report submitted by staff. Such a District strategy of non-inclusion is inconsistent with a recommendation on Page 58 of the Hall Report which states "The CBOC should play a critical role in increasing the community's confidence in the Proposition O program."
- The acquisition of iPads with Proposition O Funds was not made with an adequate long term strategy in place. There was considerable discussion and varying degrees of frustration with an apparent lack of long term strategic planning in relation to acquisition of iPads. Issues such as long term useful life, technological changes in hardware and software, the relationship of the iPad functions juxtaposed to educational needs and

how the iPad acquisition fits into the long term Information Technology Plan for the District were discussed. Although the CBOC agreed the bond language did not prohibit the use of funds for this technology, we repeatedly asked the District to provide a comprehensive plan on how they would continue to fund iPads over the next five years as well as how they planned to measure their success. The response was that for funding they will apply for grants and look for future money. As of our last meeting there was no apparent metrics to analyze the effectiveness of this investment in iPads. This is an unacceptable response when \$1.8 million in bond funds are being used this year with more to be used in the future. In short, the Committee felt that the decision(s) to purchase iPads proceeded too fast, without a complete vetting of pros, cons, alternatives, and consequences.

- There is a need for much more clarity in assuring that no Proposition O Funds are being used as loans to fund District operations. Because of media and public inquiries and past actions by the District, the Committee has been very diligent on insisting that there be clear and understandable assurance that no Proposition O funds are being used for operations. A report submitted by District staff on June 23, 2012 attempted to allay our concerns. However, frankly the report was difficult to understand (e.g. contained handwritten notations-see attached report). The Committee has requested that the County of San Diego Auditor and Controller, who administers the funds, address us at our next meeting regarding this issue. The phrase “trust but verify” applies here.
- We requested and just received assurance that no Proposition O Funds would be used to remove the dirt at Southwest High School. Because of significant citizen and media inquiries about the dirt at Southwest High and the use of Proposition O Funds on other projects at Southwest, the Committee requested and received a letter stating that no Proposition O funds would be used to deal with dirt removal. There were considerable discussions regarding the Southwest dirt and its issues in relation to other findings and concerns raised at prior Committee meetings and the Hall Report (e.g. the lack of transparency in certain District facility decisions). This lack of transparency perception was made even worse when a Committee member requested more information about the Southwest dirt situation. He was told that such information would have to be obtained through a Public Records request since it was not a Proposition O project.
- The CBOC discussed sending a letter to the County Board of Education and California State Board of Education regarding District Finances. No action was taken at this time regarding sending a letter from the Committee requesting a review (e.g. Forensic Audit) on the expenditure of District funds and the Bond program. This Committee concern was an outgrowth of the lack of clear information on recent Prop O cash flow

information and the number of management problems raised in the Hall Report that had yet been responded to as of our last July 12, 2012 CBOC meeting. Candidly, the Committee does not feel we are getting all the full-unvarnished information we need to effectively achieve our mission. In short, we are formally putting the District on notice that we will formally request the forensic audit and draft a letter if the District continues with its lack of transparency.

- The CBOC discussed change Orders and Contingency actions requiring further refinement and reporting to the Committee. There were several discussions about historical contingency changes (e.g. Southwest High and Montgomery Middle School) in relation to original and approved budgets and subsequent project changes. District staff will be working with the Chair to refine reports to increase transparency to the Committee and the Public, including responding back to citizen inquiries.
- A new Chair was elected. On June 23, 2012 I was elected Chair of the CBOC. I have over 32 years of County of San Diego Government experience, primarily in long range facility planning, Project Management for large scale capital projects (e.g. Hall of Justice), and selection and management of consultant contracts. Ending in 2007, I was a member of the BB Oversight Committee. Since taking over as Chair, weekly meetings occur with District staff Paul Woods to go over details and questions covered at meetings, updates on status of Proposition O projects since the last Committee meeting, and setting of agenda and related backup for CBOC meetings.

In summary, the CBOC is an active, questioning, and diligent group of volunteers who listens but it is not shy in raising thorny but important issues regarding the Oversight of Proposition O Funds. There is an under current of frustration and feeling that certain information is not forthcoming at all or difficult to understand when presented, raising further concerns. The Committee has shown restraint to this point when presented with potential actions, such as requesting a letter to the Board of Education and State Board of Education on District finances. It is hoped that the District takes our charge seriously and works with us for positive change.

Thank you for your consideration of my comments made on behalf of the Citizen's Bond Oversight Committee.

Sincerely,

A handwritten signature in black ink, appearing to read 'Nick Marinovich', with a long, sweeping horizontal line extending to the right.

Nick Marinovich, Chair
Proposition O Bond Oversight Committee

2016 SDCTA BOND SUPPORT PROCESS & CRITERIA

Updated November 2015

I. STATEMENT OF PURPOSE

This document provides public entities soliciting the endorsement of the San Diego County Taxpayers Association (SDCTA) for a general obligation bond proposition with guidance as to how to prepare their request, as well as the criteria the Association will use to formulate a decision.

II. STATEMENT OF POLICY

It is the policy of SDCTA to thoroughly evaluate capital outlay bond measures placed on the ballot in this region. The Association has provided voters with informed, objective recommendations on ballot issues since 1945. Because voters place heavy reliance on the Association's recommendations, endorsements are made only after a thorough in-depth assessment of each ballot proposition. Consideration of a request for endorsement in no way implies that SDCTA will endorse the measure and may, after consideration, lead to opposition of the measure. Since detailed information is critical to SDCTA and the public, failure to provide requested information may lead to a recommendation of opposition.

III. INTENT

It is the intent of SDCTA to ensure public entities* provide clear evidence of genuine need for bond measure expenditures and demonstrate that the proposed investments required cannot be addressed with existing revenues and grants. Upon passage of the measure, SDCTA will monitor the progress of each program through its representatives on the Independent Citizens' Oversight Committees (ICOC).

IV. PREREQUISITIES TO ENDORSEMENT BY SDCTA

Time Requirements and Schedule

Public entities shall notify the Association at the earliest possible date of an anticipated bond proposition. At that time, the Association will prepare a timeline outlining dates for a staff review conference with the applicant and a presentation by officials to SDCTA. The Association will guarantee review and provide a recommendation for only those packages submitted no less than 180 days prior to the election date. Any package submitted less than 180 days prior to the election date will not be guaranteed to be reviewed by SDCTA staff for a recommendation. Any package submitted 120 days or fewer prior to the election date will not be eligible for an endorsement by SDCTA absent an exception granted by the SDCTA Executive Committee at its sole discretion. All public entities intending to place a measure on the ballot or planning to discuss a potential ballot measure shall notify SDCTA no less than 180 days prior to the election date. Submission of a package does not guarantee support or preclude opposition by SDCTA.

Submission

Applicant shall deliver to SDCTA two copies of all documents requested placed in the order of topics set forth herein. The application shall be accompanied by a cover letter signed by the current chair of its governing board.

Primary Applicant Contact Information

Applicant shall name one individual as the primary contact.

Agency Endorsement Request Application

In order to ensure an orderly process and full disclosure, SDCTA has established the following application process. All the requirements outlined below must be met (or satisfied) before SDCTA will consider endorsement of facilities bond measures. Any board actions, resolutions or policies which must be enacted to fulfill these requirements must be passed before the Association gives support.

A. Program Description

A detailed description of all elements of the program shall be identified by their location/site as it will appear on the ballot. General spending categories are insufficient. Each individual project in the program shall be classified as to whether it is for new and/or replacement facilities, modernization of existing facilities, increase of capacity or code compliance. Ballot language shall provide voters with a summary of these details, including a list of planned projects by site and/or campus, classified in the previously mentioned manner.

B. Program Budget and Funding

A detailed comprehensive budget classifying expenses by soft and hard costs, including all costs associated with borrowing, as well as any revenues expected to be generated through interest earnings, shall be provided to SDCTA. The applicant shall identify the amount and source of any anticipated matching funds or additional funding sources necessary to complete the bond program. If the applicant intends to reimburse its operating budget from bond revenues for any permissible program costs, including program management, they shall be separately identified. Applicants shall demonstrate that the anticipated bond revenues will address the needs identified within the bond. In the event funds do not meet those needs, the applicant must set out a clear plan for how it will pay for those additional projects. This information must be incorporated as part of the resolution calling for the bond election. The budget shall also identify any bond funds intended to be used for the purposes of site acquisition.

C. Cost Estimation and Feasibility

The applicant shall provide evidence that accurate and reliable cost estimations of projects have been obtained from a qualified, independent source. Additionally, the legal feasibility of planned projects must be researched prior to submission of an application to SDCTA. If projects require site acquisition (land purchases) the applicant must show that reasonably foreseeable legal hurdles have been successfully mitigated to the extent possible. For bond programs that include the construction of new facilities, justification for the proposed facility, as well as detailed construction cost estimates (including those costs associated with environmental review, equipment and supplies) shall be provided.

D. Program Justification

The applicant shall thoroughly define the public benefit of the bond measure and how these benefits cannot be provided by other means. The applicant shall specify how this proposed bond measure would address all identified facility needs. If the identified facility needs are not met, the applicant shall outline how these unmet needs will be addressed. Included in the program justification should be a demand forecast reflecting the agencies enrollment projections for the next decade.

E. Facilities Master Plan

A copy of the applicant's current facilities master plan shall be included in the application. If an updated master plan is not available, the applicant shall explain how the proposed bond funded program fits into the overall operation of the agency. SDCTA encourages public entities to conduct a comprehensive needs assessments prior to the creation of a bond and its project list. SDCTA further encourages public entities to adopt long-range financial goals to address all of the facility needs.

F. Facilities Needs Assessment

The process for determining which specific program elements are being included in the bond shall be explained. SDCTA is particularly interested in how, when and by whom the cost estimates were prepared. Assumptions about anticipated cost increases and funds required for contingencies and unforeseeable circumstances shall be included. The applicant shall demonstrate that a sufficient forensic assessment of current facility conditions has been conducted by qualified individuals to ensure that projects can be completed without major unexpected costs. The applicant shall provide SDCTA with a copy of the most recent facilities needs assessment report that clearly identifies Major Repair & Replacement (MRR) needs, as well as deferred maintenance.

G. Program Execution Plan

The program description and budget shall include an outline of how the applicant intends to execute and manage the program. This includes a specific description of the resources that will be applied to ensure the timely and efficient execution of the proposed program, including a schedule with benchmarks for completion, as well as an estimated timeline for the sale of bonds. A cash-flow analysis including the potential date for bond sales and the expected annual property tax rates and revenue earnings shall also be included. If the applicant intends to manage and execute the program using agency staff, a detailed identification of assignable staff resources, qualifications and current duties shall be included. The program shall minimize the use of project site discretionary funds or prohibit the open-ended use of bond funds following the passage of the measure.

H. Fair and Open Competition

Applicant shall adopt within its ballot resolution and/or board policy a provision stating the District will promote fair and open competition for all District construction projects. Applicant shall adopt within its ballot resolution and/or board policy a provision stating the public entity will promote fair and open competition for all public entity construction projects. The resolution and/or board policy will include language that taxpayers be informed by public notice before a resolution to negotiate a project labor agreement is

considered. It shall be communicated to taxpayers prior to board vote with a minimum of 90 day public notice. It is recommended a workshop be conducted prior to any negotiation resolution to determine reasonableness. (See Appendix A for sample language and types of public notice acceptable)

I. Bond Financing & Technology

Applicant shall adopt via board policy the provisions included within Education Code section 15140-15150, and Government Code sections 53508.5 and 53508.6 concerning the use of Capital Appreciation Bonds. In addition, the board shall also include within the policy the following language:

“The District will not authorize the sale of any form of Capital Appreciation Bonds or Convertible Capital Appreciation Bonds without review by the District’s citizens’ bond oversight committee. All annual assessed value growth assumptions within any proposed financing will be the lesser of a) the average of the past ten years or b) 5%.”

The applicant shall list within their submission all classroom technology items (e.g. tablets, laptops, smartboards) proposed to be funded and the funding mechanisms intended to be used to finance the equipment. The applicant shall list the expected useful life of each technology item proposed to be financed. The term of financing shall meet the useful life of the assets proposed to be funded by the bonds.

J. Deferred Maintenance and Major Repair and Replacement Plan

The applicant shall submit a governing board approved funding plan to eliminate Deferred Maintenance** and the ongoing reliance on bond revenues; and an approved Major Repair & Replacement*** funding plan to ensure that both new and renovated facilities do not become maintenance deferred once the backlog has been eliminated. Within the submitted plan, the applicant shall include the deferred maintenance funding, including the amount of state matching funds received, for the previous 10 fiscal years. The applicant shall also include a current list of those projects and their respective costs within the agency’s deferred maintenance backlog. The Independent Citizens Oversight Committee shall oversee this plan as part of its responsibilities.

K. Complete Ballot and Resolution Language

Applicant shall include a copy of the proposed ballot language and supporting resolution. Should ballot language change from submitted copy, SDCTA shall be notified a minimum of 90 days prior to election. SDCTA reserves the right to change its position if such changes occur with or without notification.

L. Provision for an “Independent Citizens’ Oversight Committee”

Applicant shall adopt SDCTA’s “Independent Citizens’ Oversight Committee Best Practices” as policy (not via a resolution) no later than the date of adoption of the ballot resolution.

Applicant shall appoint at least one member of SDCTA to serve on the Independent Citizen's Oversight Committee. This member will be nominated by SDCTA's President & CEO.

M. Adoption of SDCTA School Construction and Professional Services Procurement Best Practices (If Applicable)

Any school district applicant shall adopt SDCTA's "School Construction and Professional Services Procurement Best Practices" as policy (not via a resolution) no later than the date of adoption of the ballot resolution.

N. Certification of Governing Board Members and Oversight Committee Members

Elected members of the district and the district's staff are strongly recommended to attend SDCTA's School Bond Certification Program prior to the election of the bond measure. Oversight committee members are strongly recommended to attend SDCTA's School Bond Certification Program or a similar training program to best prepare key community members for the bond program within twelve (12) months after passage.

O. Limited Use of District's "Education" Funds (If Applicable)

See SDCTA approved "Standards for Publicly Funded Advocacy For or Against Ballot Measures."

P. Joint Use of Facilities

The following language should be adopted and incorporated into the resolution calling for the bond election:

In order to maximize community benefit and efficiently apply taxpayer dollars, the applicant shall demonstrate a good faith effort to pursue all practical opportunities to expand community joint use facilities in every new or expanded construction project. In pursuing joint use, the applicant's goal should be to maximize the use of facilities to the broader community without adversely impacting operations or finances. Examples of appropriate joint use provisions for incorporation into construction plans include but are not limited to new and expanded library facilities, recreational/physical-education facilities, computer labs, meeting rooms, and childcare and health care facilities.

The elected board shall direct staff to implement the following procedure:

- Prior to the obligation of funds for new facilities expansion or construction, a joint use implementation certification shall be presented to the Independent Citizens' Oversight Committee and approved by the elected board.
- The joint use implementation certification shall include the following minimum information:
 - Project description
 - List and description of joint use elements that could potentially be incorporated into the project

- List of agencies and organizations contacted regarding potential joint use elements, including description of how agencies and organizations were contacted
- For each agency or organization contacted:
 - Joint use Development Criteria discussed or developed for the project
 - Equity of Contribution considerations discussed or developed for the project
- Description of joint use elements that will be incorporated into the project

In addition, it is the intention of the elected board to make official, policy level contacts with overlapping public jurisdictions in order to make joint-use and the efficient application of taxpayer dollars a priority of all agencies serving within their boundaries. Agencies contacted should include, but not be limited to: adjacent cities, County of San Diego, Community College Districts, and Transit agencies.

V. OPPOSITION TO SPECIAL ELECTIONS

Except in very extraordinary circumstances, SDCTA opposes special elections due to the added cost to taxpayers.

VI. BALLOT AND OTHER CONSIDERATIONS

Fund Purposes

Other than for support of the Independent Citizen's Oversight Committee, bond funds shall be dedicated to capital infrastructure and shall not be used for administrative purposes other than costs that are directly attributed to execution of the program. This includes any temporary transfer of funds related to the bond program to the general fund for administrative purposes.

Signing Favorable Ballot Argument and Use of Endorsement

SDCTA, at the request of the applicant, may elect to sign the printed ballot argument in favor of the proposition but only subject to editorial review of its final content. The bond campaign shall provide SDCTA with copies of all campaign materials in which its endorsement is noted. Endorsement or quotes provided by SDCTA officials for campaign literature may only be used for that specific election and not for any future elections.

VII. FOLLOW ON BOND ELECTION (where applicable)

In the event of an election for a second bond-funded program to complete or continue a facilities plan that began under a prior bond approved election within the last ten years, the following additional information shall be required:

- A detailed analysis of the completed projects of the first bond funded program compared to the projects listed on that ballot. Significant variances between what was

- proposed and what was accomplished must be explained. In addition, any corrective measures that have been taken shall be identified.
- A final financial summary comparing budget to actual expenditures, including change orders and soft costs as a percent of total project costs.
 - Performance evaluation of program management as well as assessment of results.
 - Evidence of the success of the oversight committee in fulfilling its responsibilities accompanied by copies of its annual reports.
 - Documented progress in the elimination of deferred maintenance accompanied by an updated funding plan and evidence of the establishment of a life cycle maintenance plan for all new and rehabilitated facilities.
 - Evidence that best efforts were made to exploit opportunities for joint use of facilities.

**Note: For the purposes of this document, public entity includes any municipality, school district, hospital district or other government entity intending to seek SDCTA support for a general obligation bond measure.*

***“Deferred” Maintenance item: The cost of repairing and replacing major maintenance projects grows significantly if major maintenance schedules are not met (deferred). The applicant should be able to quantify its deferred maintenance backlog.*

General Maintenance items (broken windows, plumbing repairs, etc.) are not covered by SDCTA Criteria. The State of California has a requirement that School Districts fund an amount equal to 5% of its General Fund for “Maintenance.”

****Major Maintenance items are capital in nature and would include replacing roofs, boilers, interior ceilings, re-paving parking lots, etc. These projects can be scheduled over a multi-year period.*

If the replacement and maintenance schedule of these major items are not met, then they become deferred maintenance items.

APPENDIX A

SAMPLE FAIR AND OPEN COMPETITION LANGUAGE

The District and/or Public Entity will promote fair and open competition for all District and/or Public Entity construction projects so that all contractors and workers, whether union or non-union, are treated equally in the bidding and awarding of District and/or Public Entity construction contracts

The District, prior to any discussion and/or vote of a resolution to negotiate a project labor agreement, shall inform district taxpayers 90 days in advance, via public notice, of any board discussion and/or vote.

ACCEPTABLE FORMS OF PUBLIC NOTICE

- School district newsletter
- School district website home page
- Post on social media sites ie. Facebook, Twitter
- School board public email distribution list
 - If on agenda, agenda item needs to be communicated within body of email to distribution list

REGULAR BOARD MEETING
SWEETWATER UNION HIGH SCHOOL DISTRICT
BOARD OF TRUSTEES
UNADOPTED MINUTES

6:00 p.m.

June 12, 2017

Board: Paula Hall •Kevin J. Pike •Nicholas Segura •Arturo Solis •Frank A. Tarantino
Superintendent: Karen Janney Student Board Representative: Xavier Serena

Order of Business

A. OPENING PROCEDURES

1. Call to Order

Vice President Hall called the meeting to order at 4:32 p.m.

2. Roll Call

Board members present were Nicholas Segura and Frank A. Tarantino. Also present were Karen Janney, superintendent, and Deanne Vicedo, clerk of the board. Kevin J. Pike and Arturo Solis were absent.

3. Closed Session

Vice President Hall adjourned the meeting at 4:34 p.m. to convene closed session to discuss the following closed session items as posted on the meeting notice:

1. STUDENT EXPULSIONS/SUSPENDED EXPULSIONS/REINSTATEMENTS - Education Code Section 48916-48918 (students identified by ID number)
2. PUBLIC EMPLOYEE EVALUATION/APPOINTMENT/TRANSFER - Government Code Section 54957
3. PUBLIC EMPLOYEE DISCIPLINE/DISMISSAL/RELEASE/RECLASSIFICATION/REASSIGNMENT/RESIGNATION/TRANSFER - Government Code Section 54957
4. CONFERENCE WITH LEGAL COUNSEL - EXISTING LITIGATION - Paragraph (1) of Subdivision (d) of Government Code Section 54956.9
5. CONFERENCE WITH LEGAL COUNSEL - ANTICIPATED LITIGATION - Paragraph (2) of Subdivision (d) of Government Code Section 54956.9
6. CONFERENCE WITH LEGAL COUNSEL - ANTICIPATED LITIGATION - Paragraph (4) of Subdivision (d) of Government Code Section 54956.9
7. CONFERENCE WITH LABOR NEGOTIATOR - Government Code Section 54957.6
8. PUBLIC EMPLOYEE PERFORMANCE EVALUATION - Government Code Section 54957

Vice President Hall called the closed session meeting to order at 4:37 p.m.

Board members present were Nicholas Segura and Frank A. Tarantino. Also attending closed session were Karen Janney, Jennifer Carbuccia, general counsel, Joe Fulcher, Sonia Picos, Barbara Edwards and student, and Sylvia Nelson. Arturo Solis joined the closed session meeting at 5:30 p.m. Kevin J. Pike was absent.

President Solis adjourned the closed session meeting at 6:05 p.m., and reconvened the public session at 6:16 p.m.

Roll call was held and the following board members were present: Paula Hall, Nicholas Segura, Frank A. Tarantino, and Xavier Serena, student board representative. Also present were Karen Janney, superintendent, and Deanne Vicedo, clerk of the board. Kevin J. Pike was absent.

4. Moment of Silence

5. Pledge of Allegiance

President Solis stated that the board met in closed session preceding this meeting to discuss the following issues:

1. STUDENT EXPULSIONS/SUSPENDED EXPULSIONS/REINSTATEMENTS - Education Code Section 48916-48918 (students identified by ID number)
2. PUBLIC EMPLOYEE EVALUATION/APPOINTMENT/TRANSFER - Government Code Section 54957
3. PUBLIC EMPLOYEE DISCIPLINE/DISMISSAL/RELEASE/RECLASSIFICATION/REASSIGNMENT/RESIGNATION/TRANSFER - Government Code Section 54957
4. CONFERENCE WITH LEGAL COUNSEL - EXISTING LITIGATION - Paragraph (1) of Subdivision (d) of Government Code Section 54956.9
5. CONFERENCE WITH LEGAL COUNSEL - ANTICIPATED LITIGATION - Paragraph (2) of Subdivision (d) of Government Code Section 54956.9
6. CONFERENCE WITH LEGAL COUNSEL - ANTICIPATED LITIGATION - Paragraph (4) of Subdivision (d) of Government Code Section 54956.9
7. CONFERENCE WITH LABOR NEGOTIATOR - Government Code Section 54957.6
8. PUBLIC EMPLOYEE PERFORMANCE EVALUATION - Government Code Section 54957

President Solis stated that the board took no reportable action, and that the board would reconvene the closed session after the open session.

6. Approve Agenda

Moved by Segura, seconded by Hall, to approve the June 12, 2017, Regular Board Meeting Agenda, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

B. BOARD PRESENTATIONS OR ANNOUNCEMENTS OF AWARDS

Superintendent Karen Janney provided an update to the board.¹

Xavier Serena, student board representative, provided an update to the board.

C. DISTRICT COMMITTEE REPORTS

1. District English Learner Advisory Committee Report

Velia Rico-Ornelas provided a summary of the DELAC Report to the board.

2. Citizens' Bond Oversight Report

None.

BOARD NOW ACTING AS LEGISLATIVE BODY OF CFD NO. 19

- (3) Adopt Resolution No. 4507, Resolution of the Board of Trustees of the Sweetwater Union High School District, Acting as the Legislative Body of Community Facilities District No. 19 of the Sweetwater Union High School District and the Improvement Areas Thereof, Determining the Necessity to Incur Bonded Indebtedness in an Amount Not to Exceed One Hundred Thirty Million Dollars (\$130,000,000) Within Community Facilities District No. 19 of the Sweetwater Union High School

¹ On board meeting minutes, any public comments, presentations, discussions, or reports will be in summary format. For the full transcript on these items, please refer to the audio clips for the meeting.

(Public Communication cont.) (Board Agenda Item *D-1 cont.)

District and the Improvement Areas
Thereof;

- (4) The district's chief financial officer, designated as CFD No. 19 Election Official in Resolution No. 4506, conducts Landowner Voter Election on behalf of CFD No. 19 and declares the Election results;
- (5) Adopt Resolution No. 4508, Resolution of the Board of Trustees of the Sweetwater Union High School District, Acting as the Legislative Body of Community Facilities District No. 19, Canvassing the Results of the Election Held Within the Improvement Areas of Community Facilities District No. 19; and
- (6) Authorize the first reading of Ordinance No. 22 by motion. Clerk reads title of Ordinance No. 22 as follows, Ordinance of Community Facilities District No. 19 of the Sweetwater Union High School District Authorizing the Levy of a Special Tax Within Improvement Areas Nos. 1 and 2 of Community Facilities District No. 19.

A public hearing was held. No written protests were received. Kathleen Cheers, a non-property owner in CFD No. 19, spoke in opposition to this item. The hearing was closed.

Moved by Tarantino, seconded by Segura, to adopt Resolution No. 4506, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

President Solis announced that the board will now be acting as the Legislative Body of CFD No. 19.

Moved by Segura, seconded by Tarantino, to adopt Resolution No. 4507, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

The chief financial officer, the CFD No. 19 Election Official, stated that waivers were received from all landowners to hold the

(Public Communication cont.) (Board Agenda Item *D-1 cont.)

Combined Special Tax and Bond Election of CFD No. 19, and that the election results were: for Improvement Area No. 1, two ballots with 37 votes in favor and zero votes opposed; and for Improvement Area No. 2, 14 ballots with 381 votes in favor and zero votes opposed, however, one ballot was not properly executed and will be disregarded, therefore, there are 337 votes in favor out of 381 potential votes.

Moved by Segura, seconded by Hall, to adopt Resolution No. 4508, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

Moved by Segura, seconded by Tarantino, that Ordinance No. 22 be presented by reading of the title only, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

The clerk of the board read the title of Ordinance No. 22: Ordinance of Community Facilities District No. 19 of the Sweetwater Union High School District Authorizing the Levy of a Special Tax Within Improvement Areas Nos. 1 and 2 of Community Facilities District No. 19.

President Solis announced that the matters related to CFD No. 19 were complete and the board would no longer be acting as the Legislative Body for CFD No. 19.

2. Public Communication on Non-Agenda Items

Jason Leichter addressed the issue of the adult education budget.

Joseph Viveiros addressed district issues.

Nick Marinovich addressed district issues.

Kathleen Cheers addressed district issues.

Mariano Rodriguez addressed the issue of adult education.

Michelle Krug thanked Xavier Serena, student board representative, for his service on the board, and addressed the issue of video streaming.

E. FORMATION AND APPROVAL OF CONSENT AGENDA

Motion: Segura Second: Tarantino

Vote: Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes

F. SUPERINTENDENT DISCUSSION ITEMS

- F-1. Adoption of Minutes: May 22, 2017 - Regular Board Meeting.

Consent.

- F-2. Calendar of Board of Trustees Meetings - 2016-2017.

Consent.

- F-3. Report on board requests for information and policy direction to staff.

Consent.

- F-4. Approve Report on Consultant Agreements totaling \$5,000 and under.

Consent.

- F-5. Approve the purchase of Microsoft Security Risk Assessment from Microsoft Corporation and authorization for superintendent or designee to sign agreement and related documents.

Moved by Tarantino, seconded by Hall, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

- F-6. Approve/ratify a 3.75 percent wage increase for management employees in the district not covered by collective bargaining agreements or other employment agreements, and increase in work year for assistant principals and school psychologists by three (3) days.

Consent.

- F-7. Approve a three (3) year successor contract agreement between the district and the Sweetwater Counseling and Guidance Association/CTA/NEA (SCGA), the exclusive representative of the counselor bargaining unit.

Moved by Hall, seconded by Solis, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

(Superintendent Discussion Items cont.)

- F-8. Approve a three (3) year successor contract agreement between the district and the Sweetwater Education Association/CTA/NEA (SEA), the exclusive representative of the teacher bargaining unit.

Consent.

G. INSTRUCTIONAL SUPPORT SERVICES DISCUSSION ITEMS

- G-1. Report on excursions and field trips.

Consent.

- G-2. Approve the Memorandum of Understanding with Signs of Silence and the Sweetwater Union High School District for American Sign Language (ASL) for payment of interpreting service costs for students in special education who are deaf and require ASL interpretation.

Consent.

- G-3. Approve Agreement of Services between Lutheran Social Services of Southern California (LSSSC) Upward Bound Program and the Sweetwater Union High School District (SUHSD) for San Ysidro High School and Chula Vista High School during the 2017-2018 school year.

Consent.

- G-4. Approve Agreement of Services between Lutheran Social Services of Southern California (LSSSC) Talent Search Program and the Sweetwater Union High School District (SUHSD) for San Ysidro High School and Sweetwater High School during the 2017-2018 school year.

Consent.

- G-5. Approve Memorandum of Agreement (MOA) between the San Diego and Imperial Counties California Student Opportunity and Access Program Consortium and the Sweetwater Union High School District to provide targeted, disadvantaged, low income students with college readiness programs and services during the 2017-2018 school year.

Kathleen Cheers addressed this item.

(Instructional Support Services Discussion Items cont.) (Board Agenda Item G-5 cont.)

Moved by Hall, seconded by Tarantino, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

- G-6. Authorize staff to negotiate and execute Memorandums of Understanding (MOU) with ARC, South Bay Community Services (SBCS) and the YMCA of San Diego County and the Sweetwater Union High School District for the After School Education & Safety (ASES) and the After School Safety and Enrichment for Teens (ASSETs) program.

Moved by Tarantino, seconded by Segura, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

H. STUDENT SERVICES DISCUSSION ITEMS

None.

I. ALTERNATIVE EDUCATION DISCUSSION ITEMS

None.

J. ADULT EDUCATION DISCUSSION ITEMS

None.

K. FISCAL SERVICES DISCUSSION ITEMS

- K-1. Approve Report on Consultant Agreements Over \$5,000.

Page 3, Ovenshire, Julie & Weir, Rod, was withdrawn by staff.

Moved by Tarantino, seconded by Hall, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

- K-2. Approve/ratify donations to the district in accordance with Resolution No. 2501, and accept Report on Donations.

Consent.

- K-3. Approve professional conference and workshop expenses of district employees.

Moved by Tarantino, seconded by Segura, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

(Fiscal Services Discussion Items cont.)

- *K-4. Provide staff with comments and direction on the Preliminary 2017-2018 Proposed Budget.

The board discussed the proposed budget and provided direction to staff on requested items.

President Solis recessed the meeting at 8:39 p.m. and reconvened the meeting at 8:56 p.m.

L. HUMAN RESOURCES DISCUSSION ITEMS

- L-1. Approve participation in an optional athletic and student accident insurance program with Myers-Stevens & Toohey Insurance Company, Inc., for purchase by district parents for all grade levels for the 2017-2018 school year.

Moved by Segura, seconded by Hall, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

- L-2. Approve a new classification and job description, and proposed changes to job descriptions for the Paraprofessional unit, and revise the Paraprofessional Salary Schedule.

Kathleen Cheers addressed this item.

Moved by Segura, seconded by Hall, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

M. PLANNING AND CONSTRUCTION DISCUSSION ITEMS

- M-1. Accept Bid #67-2622-AM and award Contract for L Street HVAC (Heating, Ventilation and Air Conditioning) 2, 680 Suites A, B, and F, to Johnson Controls, Inc., for the amount of \$86,736.00.

Consent.

- M-2. Approve/ratify planning and construction consultant agreements and amendments.

Kathleen Cheers addressed this item.

Moved by Segura, seconded by Tarantino, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

N. PURCHASING DISCUSSION ITEMS

- N-1. Approve the renewal of designated contracts.

Moved by Hall, seconded by Solis, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

- N-2. Approve Request for Proposal (RFP) and award Contract No. 67-2602-LB for bond performance audit services for the Proposition O Bond Program to the proposer with the highest points total based on the evaluation criteria of the RFP and also determined by the evaluation committee, which is Moss Adams, LLP.

Kathleen Cheers addressed this item.

Moved by Tarantino, seconded by Segura, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

O. OPERATIONS / OTHER BUSINESS DISCUSSION ITEMS

- O-1. Approve increase of price for student meals.

Consent.

P. POLICY REVIEW

- P-1. Approve revised Board Policy 5144, Discipline.

Moved by Tarantino, seconded by Segura, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

- P-2. Approve revised Board Policy 5144.1, Suspension and Expulsion/Due Process.

Moved by Hall, seconded by Solis, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

- P-3. Approve revised Board Policy 5145.12, Search and Seizure.

Moved by Segura, seconded by Hall, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

(Policy Review cont.)

P-4. Approve revised Board Policy 5131, Conduct.
Consent.

Q. RESOLUTIONS

Q-1. Adopt annual Resolution Nos. 2493 and 2581,
for transfer of funds.

Consent.

Q-2. Adopt Resolution No. 4509, in the Matter of
the Hiring of Short-Term Classified
Employees.

Consent.

R. MELLO-ROOS DISCUSSION ITEMS

None.

S. BOARD COMMUNICATION

1. Board Communication and/or requests for future board agenda items

Xavier Serena, student board representative, discussed his trip to Costa Rica, saying that he saw a lot of poverty, but he is very proud of the work he did to provide clean water and fuel for cooking. He said they were teaching the people how to work for oneself, under an "engineering engineers" model, so they can become self-sufficient. He stated that he feels everyone has potential to change lives, and in effect change their own life, and he learned a lot on his trip.

Nicholas Segura stated that all the graduation events were great, and he is very proud of his daughter who will be attending Castle Park High School, following in the footsteps of many of his family members. He thanked Mr. Tarantino for covering the San Ysidro High School graduation for him. He stated that the HVAC kick-off event looked great and it received a lot of media coverage.

Frank A. Tarantino thanked Mr. Segura for covering the Olympian High School graduation ceremony for him. He congratulated all the graduates and the support systems that helped all of them throughout their four years of high school. He congratulated Andres Carrillo from Southwest High School, and Estela Gomez for being recognition by the County Biliteracy Symposium. He congratulated the National Merit Scholarship Recipient from Bonita Vista High School. He stated that the HVAC kick-off event was very good and he thanked Janea Quirk, program manager, for her idea of offering snow cones at the event. He asked about SB328 and if it has been approved yet since it affects start times for middle schools and high schools.

Paula Hall thanked Mr. Tarantino for speaking at the HVAC kick-off event as she had a family emergency. She thanked all the school principals, administrators, and staff for the great graduation ceremonies. She stated that she was very impressed with the students and the school culture that was apparent at each ceremony. She gave special appreciation to all the valedictorians and salutatorians for their great speeches. She thanked everyone who has supported the students and encouraged them. She thanked Xavier Serena, stating that he has done an amazing job and it has been a pleasure working with him. She also thanked him for his assistance during a site visit to Southwest High School. She congratulated Gabe Preciado, Mar Vista High School, who was named to the Athletic All Academic Team, which is a great feat.

Arturo Solis thanked all the staff for the graduation ceremonies, stating that they were amazing and he loves attending them. He apologized to Manny Rubio for not using his speech at the Adult School Graduation, and he stated that the speakers were so inspiring, he just wanted to accept the class. He thanked Xavier Serena for his service over the past year, stating that his future looks great. He stated that he will probably not be able to attend the next board meeting.

President Solis adjourned the meeting at 10:00 p.m. to convene closed session to discuss the closed session items as posted on the meeting notice for this meeting.

President Solis called the closed session meeting to order at 10:05 p.m.

Board members present were Paula Hall, Nicholas Segura, and Frank A. Tarantino. Also present were Karen Janney, Jennifer Carbuccia, general counsel, Joe Fulcher, and Tom Glover. Kevin J. Pike was absent.

President Solis adjourned the closed session meeting at 11:44 p.m. and reconvened the public session at 11:46 p.m.

Roll call was held and the following board members were present: Paula Hall, Nicholas Segura, and Frank A. Tarantino. Also present were Karen Janney, superintendent, and Deanne Vicedo, clerk of the board. Kevin J. Pike was absent.

President Solis stated that the board met in closed session to discuss the items posted on the meeting notice.

President Solis stated that the board took the following action:

Moved by Segura, seconded by Solis, to accept the administrative hearing panel's recommendation to approve the expulsion of the following student (student identified by ID number): #1093517, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

Moved by Hall, seconded by Tarantino, to accept the administrative hearing panel's recommendation to approve the expulsion of the following student (student identified by ID number): #1057014, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

Moved by Segura, seconded by Hall, to accept the administrative hearing panel's recommendation to approve the expulsion of the following student (student identified by ID number): #1090164, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

Moved by Hall, seconded by Segura, to accept the administrative hearing panel's recommendation to approve the expulsion of the following student (student identified by ID number): #1506493, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

Moved by Hall, seconded by Solis, to accept the administrative hearing panel's recommendation to approve the expulsion of the following student (student identified by ID number): #1090246, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

Moved by Hall, seconded by Solis, to accept the administrative hearing panel's recommendation to approve the expulsion of the following student (student identified by ID number): #1094101, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

Moved by Segura, seconded by Hall, to accept the administrative hearing panel's recommendation to approve the reinstatement of the following student (student identified by ID number): #1057002, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

Moved by Segura, seconded by Hall, to accept the administrative hearing panel's recommendation to approve the reinstatement of the following student (student identified by ID number): #1094016, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

Moved by Tarantino, seconded by Solis, to approve the transfer of Ernie Zamudio, to Principal, Special Assignment, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

Moved by Segura, seconded by Solis, to approve the Request for Leave of Absence for one certificated employee, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

Moved by Segura, seconded by Solis, to approve the Request for Leave of Absence for one certificated employee, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

Moved by Hall, seconded by Segura, to approve the Global Release and Settlement Agreement in Case #37-2015-00038386-CU-PA-CTL, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

Moved by Segura, seconded by Hall, to approve the Settlement Agreement and general release in Case #37-2017-00045061-CU-PO-CTL, with a vote of Hall Yes; Pike Absent; Segura Yes; Solis Yes; Tarantino Yes.

June 26, 2017

Board Item - F.-4.

Issue:

Lawson System upgrade.

Superintendent's Recommendation:

Approve the necessary Lawson System upgrades and authorization for the superintendent and/or designee to sign service and maintenance agreement(s) related to this project.

Analysis:

The current Lawson system resides on a "2003 Windows Server R2 system", which Microsoft ended support for on July 14, 2015. Notification has been sent to the district stipulating the need to migrate the system to a "supportable system level". Infor/Lawson has requested that the district migrate to version 10 of the application system and "2012 Windows Server R2", minimally, in order to continue support. Furthermore, the district is at high risk with this current version.

For simplicity purposes, if the 2003 Windows Server R2 system "fails" to start, the district has "no recourse" for support, from either Microsoft or Infor/Lawson. This recommendation focuses on upgrading the current system to supportable levels of the server operating system (Windows Server 2012 R2) and application system (Version 10). This upgrade will provide the district viable support for the Lawson system. There will be no added functionality or new features as part of this project. Version 10 is at end-of-life and will only be supported for another three years. (An analysis will be conducted on viable solutions for human resources, benefits, and finance.) If the project is initiated on July 1, 2017, a projected implementation date of December 1, 2017, is planned for by the integrator, Kinsey.

For questions regarding this board item, please contact David D. Delacruz at 619/585-7961 or david.delacruz@sweetwaterschools.org.

Fiscal Impact:

Expenditure of \$268,900, to be paid from the General Fund, Resource Code: 0000. Cost of upgrade is \$222,400; a penalty cost may be assessed for annual maintenance

of 30 percent or \$46,500 (cost is being negotiated). This is a result of the district not converting over to a supportable application system level by May 2016.

ATTACHMENTS:

Description	Type
📎 Lawson System Upgrade Estimate	Backup Material
📎 Lawson License Agreement	Backup Material
📎 Lawson Service Agreement	Backup Material

June 15, 2017

Mr. David D. Delacalzada
Director, Information Technology and Enterprise Architecture
Sweetwater Union High School District

Dear David:

After reviewing the survey, we are just revising our earlier proposal slightly to accommodate the modifications which you identified. We did take a few hours out of the primary block to limit the additional cost.

PHASE I:

Tentatively starting July 1, with target completion by December 1, 2017

Upgrade from Infor Lawson v.9 S3 HR to Infor Lawson v.10 S3 HR

1) Security must be upgraded from the legacy "LAUA" format to "Lawson Security"		
Kinsey tools		\$ 40,000
Services	80 hrs	12,800
2) Upgrade of software (TEST and PROD)	680 hrs	108,800
3) Rework modifications to ZZ22 and self-service	60 hrs	9,600
4) Interface to County's PeopleSoft payroll	<u>320 hrs</u>	<u>51,200</u>
Phase I Total	1,140 hrs	\$ 222,400

Services are priced at \$160 per hour.

I have removed the jurisdiction from the Master Services Agreement, so there is no reference to Illinois (other than the Kinsey address). I have done the same for the Software License Agreement which covers the tools we provide for security migration and ongoing security reporting, including full segregation of duties deployment & monitoring. Please note the significant discount on the software and the waiving of the first year's maintenance as previously discussed.

I will certainly be happy to address any questions you may have and I have instructed my admin to interrupt me if you call today (630-858-4866 x 227). We very much appreciate the continued consideration and we are now holding resources to meet your targeted July 1 start date.

Best Regards

Bradley J. Kinsey

SOFTWARE LICENSE AGREEMENT

THIS AGREEMENT, dated as of the ____ day of _____, 20__, between Kinsey & Kinsey, Inc., a corporation organized and existing under the laws of the State of Illinois having its principal place of business at 26 North Park Boulevard, Glen Ellyn, IL 60137 ("Kinsey"), and Sweetwater Union High School District, organized and existing under the laws of the State of California having its principal place of business at **1130 Fifth Avenue**, Chula Vista, CA 91911 ("Customer");

WITNESSETH:

WHEREAS, Kinsey has designed and developed proprietary computer software (hereinafter referred to as the "Software"); and

WHEREAS, Kinsey desires to grant to Customer a non-exclusive license for the use of the Software; and

WHEREAS, Customer desires to obtain from Kinsey a non-exclusive license for the use of the Software; and

WHEREAS, Kinsey is willing to provide certain installation and support services to assist in the installation of the Software and in training Customer's employees in the use thereof subject to the terms hereof.

NOW, THEREFORE, in consideration of the mutual promises contained herein and other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, the parties hereto agree as follows:

1.0 DEFINITIONS

1.01 "Customer" shall mean Sweetwater Union High School District, its successors and assigns.

1.02 "Kinsey" shall mean Kinsey & Kinsey, Inc., its successors and assigns.

1.03 "Software" shall mean the software package(s), and/or modules, currently marketed by Kinsey under the names listed in Schedule A.

2.0 LICENSE GRANTED

2.01 Kinsey hereby grants, and Customer hereby accepts, a non-transferable and non-exclusive license to use the Software and all related documentation during the term of this Agreement under the price and terms specified in this Agreement and in Schedule A. Any rights not expressly granted herein shall be reserved for Kinsey. Suitable computer programs will be provided for Customer's use in machine-readable object code form. The Software shall be used only in Customer's own operations, and shall be limited to reporting and maintaining Customer's own management information. Customer shall not permit any third party to use the Software or allow access to the Software from Sites outside of Customer's premises except as specifically authorized in writing by Kinsey.

2.02 Source code or other information pertaining to the logic design of the Software is specifically excluded from the license granted here under.

2.03 Customer's use of the Software shall include identification of all applications by the then current name under which Kinsey markets the Software, so that all users are able to identify the Software by such name.

3.0 KINSEY SERVICES

3.01 Training, Installation, and Consulting Services. Kinsey may provide training and installation services in support of installation of the Software. These services shall be provided to the extent agreed upon by the parties according to the terms contained in a separate services agreement.

3.02 Software Maintenance. So long as Customer is current in payment of the License Renewal and Maintenance Fees described herein and in Schedule A, Kinsey shall provide normal and reasonable maintenance of the Software. The correction of Software system malfunctions (“bugs”) is deemed to be normal and reasonable maintenance. Services related to the installation and deployment of updates and maintenance releases will be billed per the terms contained in a separate services agreement.

3.03 Payment Responsibilities For Debugging. The correction for difficulties or defects traceable to Customer’s errors or systems changes shall be billed at Kinsey’s standard time and material charges. Correction for difficulties or defects directly traceable to the Software will not be billable to Customer. Services related to the installation and deployment of error corrections shall not be charged.

4.0 PROPRIETARY RIGHTS AND RESTRICTIONS ON USE

4.01 Description of Proprietary Rights. Customer recognizes that the Software and all related information, including but not limited to any and all updates, improvements, modifications, enhancements, and information related to installation of the Software at the offices of Customer, are proprietary, and that all rights thereto, including copyright, are owned by Kinsey. Customer further acknowledges being advised that the Software, including updates, improvements, modifications, enhancements, and information related to installation, constitutes a TRADE SECRET of Kinsey, is protected by civil and criminal law, and by the law of copyright, is valuable and confidential to Kinsey, and that its use and disclosure must be carefully and continuously controlled. Customer agrees that the specific prices and terms of this Agreement shall not be disclosed by Customer without Kinsey’s prior written consent.

4.02 Title. Kinsey shall at all times retain title to all the Software and all related information, including all updates, improvements, modifications and enhancements, furnished to Customer hereunder.

4.03 Maintenance of Title. Customer shall keep each and every item of Software and all related information including any and all updates, improvements, modifications and enhancements free and clear of any and all claims, liens, and encumbrances attributable to the use or possession of the Software by Customer. Any act of Customer, whether voluntary or involuntary, purporting to create a claim or encumbrance on any such item shall be void.

4.04 Sole Use. The Software supplied by Kinsey hereunder is for the sole use of Customer and in support only of computers operated by Customer. The Software is to be used only by Customer only for the purposes specified in this Agreement and specifically as restricted in the following three subparagraphs of this Section 4.0.

4.05 Copies and Disclosure. Customer shall treat the Software and all related information including any and all updates, improvements, modifications and enhancements as confidential and proprietary, and shall protect it in the same manner that it protects the confidentiality of its own most highly confidential proprietary information. While this Agreement is in effect, or while Customer has custody or possession of any of the Software, Customer will not: (i) copy or duplicate, or permit anyone else to copy or duplicate, any of the Software, whether such Software is in written, magnetic or any other form, except pursuant to reasonable backup procedures, or for use in Sites or applications pursuant to this Agreement, nor; (ii) provide or make the Software available to any person or entity other than employees or agents of Customer who have a need to know consistent with Customer’s use thereof under this Agreement, nor; (iii) create or attempt to create, or permit others to create or attempt to create, by disassembling, reverse engineering or otherwise, the source programs or any part thereof from the object program or from other information (whether oral, written, tangible or intangible) made available to Customer under this Agreement, nor; (iv) copy for its own use or the use of others operator manuals, system reference guides, training materials and other user-oriented materials without the prior written consent of Kinsey. In order to protect Kinsey’s trade secrets and copyrights in the Software, Customer agrees to reproduce and incorporate Kinsey’s trade secrets or copyright notice in any copies, modifications or partial copies. The Software shall be kept in a secure place, under access and use restrictions satisfactory to Kinsey.

4.06 Unauthorized Use. Customer agrees to notify Kinsey forthwith if it obtains information as to any unauthorized possession, use or disclosure of any item of Software by any person or entity, and further agrees to cooperate with Kinsey at Kinsey's expense, in protecting Kinsey's proprietary rights.

4.07 Injunctive Relief. In addition to other remedies available to Kinsey, Customer agrees that Kinsey shall be entitled to injunctive relief in the event Customer breaches this Agreement.

5.0 FEES AND PAYMENTS.

5.01 License Fees. Customer shall pay to Kinsey all applicable fees specified in Schedule A attached hereto. Unless otherwise provided herein, all fees and obligations due to Kinsey shall be due and payable in full immediately upon receipt of invoice.

5.02 Responsibility for Taxes. Unless otherwise agreed to in writing by Kinsey, all prices quoted are exclusive of all taxes including federal, state and local use, sales, property, ad valorem and similar taxes. Customer agrees to pay any and all such taxes (except taxes levied against Kinsey's income) to the proper taxing authority.

6.0 IMPROVEMENTS AND ENHANCEMENTS

6.01 Ownership of Improvements. Kinsey is, and shall be, the sole owner of all inventions, discoveries, updates, improvements, modifications and enhancements relating to the Software, whether in written or unwritten form and whether developed by Kinsey or Customer. Kinsey shall retain the exclusive right to reproduce, publish, patent, copyright, sell, license or otherwise make use of such inventions, discoveries, updates, improvements, modifications or enhancements.

6.02 Updates. So long as Customer is current in payment of all fees, including maintenance, Kinsey agrees to provide at no additional charge updates to the Software for the operating system for which the Software is provided, not later than sixty (60) days after Kinsey first makes same available on a formal basis to the first of its Customers..

6.03 Most Current Release. Customer shall install the most current release of the Software within a period of sixty (60) days of the receipt thereof from Kinsey. Customer recognizes that its failure to install the latest release of the Software may render the Software unusable or nonconforming to the Software documentation, and Customer agrees to assume all risks arising from any failure to maintain the most current release of the Software. Customer understands and agrees that if it fails to install the latest release as aforesaid, Kinsey shall have no further obligation to maintain the Software.

6.04 Third-Party Software. The functionality of certain portions of the Software may be contingent upon the Customer maintaining approved versions of third-party software. Sections 6.02 and 6.03 above are contingent upon Customer making arrangements to ensure that approved versions of such third-party software are installed as necessary; Kinsey does not have an obligation to maintain third-party software functionality.

7.0 WARRANTIES.

7.01 Intellectual Property Warranty. Kinsey warrants that, to the best of its knowledge, it is either the sole owner of the Software or has the right to sublicense the Software and that there are no known infringements or claims of infringement with respect to the patent, copyright or other proprietary rights of third parties.

7.02 Intellectual Property Indemnity.

(1) Subject to the limitations set forth in this Section 7, at its own expense, Kinsey shall (i) defend, or at its option settle, any claim, suit, or proceeding brought against Customer by a third party (other than an affiliate of Customer) alleging that any portion of the Software infringes any United States patent, copyright, trade secret or other proprietary right of such third party (an "Infringement Claim"), and (ii) pay any and all final judgments entered against Customer, and all reasonable costs

and expenses incurred in defending or settling an Infringement Claim under this Agreement, or pay any settlement made by Kinsey on such Infringement Claim.

(2) If all or any part of the Software is, or in the opinion of Kinsey may become, the subject of an Infringement Claim, Kinsey shall at its expense promptly, either (i) replace the Software with a compatible, functionally equivalent, non-infringing software product, (ii) modify the Software or take other action so that the Software becomes non-infringing, or (iii) procure the right of Customer to continue using the Software, all without any additional cost to Customer.

(3) Kinsey's obligations under subsections (1) and (2) above are expressly conditioned upon and subject to (i) Kinsey having sole control of the defense and/or settlement of such Infringement Claim, (ii) Customer notifying Kinsey in writing of such Infringement Claim as soon as reasonably practicable and giving Kinsey authority to proceed as set forth in clause (i) above, and (iii) Customer, at Kinsey's request, giving Kinsey all information known to Customer relating to such Infringement Claim and otherwise reasonably cooperating with Kinsey in the defense and/or settlement of such Infringement Claim. Kinsey agrees to reimburse Customer for reasonable costs and expenses incurred by Customer in connection with providing such cooperation, against receipt of invoices therefore.

(4) Kinsey shall have no obligation to Customer with respect to any Infringement Claim if such Infringement Claim is based upon (i) Customer's use of the Software in a manner not expressly authorized by this Agreement, (ii) the use of any version of the Software other than the most recent version of the Software supplied by Kinsey to Customer, to the extent that Customer's liability for such Infringement Claim would have been avoided by the use of said most recent version (provided that Kinsey has supplied Customer with the most recent version of the Software), or (iii) the combination, operation, or use of the Software with software which was not provided by Kinsey, if Customer's liability for such Infringement Claim would have been avoided in the absence of such combination, use, or operation.

7.03 Performance Warranty. Kinsey warrants that Software shall substantially conform in all material respects, as to all operational features, to Kinsey's current specifications as published in Kinsey's documentation for the Software and that when properly installed will be free of material defects which adversely affect system performance. Kinsey disclaims any liability for any loss of data for any reason whatsoever.

THE WARRANTIES SET FORTH IN THIS SECTION 7.0 ARE IN LIEU OF ALL OTHER REPRESENTATIONS AND WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND ANY OTHER STATUTORY OR COMMON-LAW WARRANTY KINSEY AND ITS SUPPLIERS ON THEIR BEHALF HEREBY EXPRESSLY DISCLAIM AND EXCLUDE ANY AND ALL SUCH OTHER REPRESENTATIONS AND WARRANTIES. LIABILITY OF KINSEY AND ITS SUPPLIERS TO CUSTOMER, IF ANY FOR BREACH OF WARRANTY ARISING OUT OF CONTRACT NEGLIGENCE OR STRICT LIABILITY IN TORT, OR ANY OTHER CLAIM RELATING TO THIS AGREEMENT SHALL BE LIMITED TO THE TOTAL AMOUNT OF SOFTWARE LICENSE FEES PAID BY CUSTOMER TO KINSEY. IN NO EVENT SHALL KINSEY BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, LOSS OF BUSINESS OR PROFITS, SPECIAL OR INDIRECT DAMAGES OF ANY NATURE WHATSOEVER. KINSEY DISCLAIMS ANY LIABILITY FOR ANY LOSS OF DATA FOR ANY REASON WHATSOEVER.

8.0 RELATIONSHIP.

8.01 Access. In order to permit Kinsey to execute its obligations under the terms hereof, Customer will permit Kinsey to have reasonable access to Customer's premises, data, information, records, computers, and other materials necessary to the performance of this Agreement. Kinsey agrees that it will keep confidential and never divulge any knowledge or information not in the public domain, which is furnished to it by Customer or of which Kinsey becomes aware as a result of visiting the premises of Customer.

8.02 Independent Contractor. Each of Kinsey and Customer will be and shall act as an independent contractor and not as an agent or partner of, or joint venture with the other party for any purpose and neither party by virtue of this Agreement shall have any right, power, or authority to act or create any obligation, express or implied, on behalf of the other party.

8.03 Expenses. Except as otherwise provided herein, or as may hereafter be established by an agreement in writing executed by the parties hereto, all expenses incurred by each party in performing its obligations hereunder shall be borne by the party incurring the expense; except that in the event of a breach of this Agreement by Customer, Kinsey shall be entitled to all costs of collection and enforcing its rights hereunder, including reasonable attorneys' fees.

9.0 DURATION AND TERM.

9.01 Term. Unless sooner terminated pursuant to other terms of this Agreement, this Agreement shall be for a term of five (5) years and shall be automatically renewed for additional five (5) year terms unless sooner terminated by either party by sixty (60) days' prior written notice to the other party.

9.02 Default, Bankruptcy, etc. This Agreement and the license created hereby shall terminate and any and all rights granted to Customer here under shall re-vest in Kinsey;

(1) Upon thirty (30) days' written notice in the event that Customer, its officers, employees or agents violate any provision of this Agreement, including, but not limited to confidentiality and payment provisions; or

(2) Should Customer, its successors or permitted assigns, suspend business, make an absolute assignment of the bulk of its assets for the benefit of creditors, consent to the appointment of a trustee, custodian or receiver, or be declared insolvent or bankrupt; or if a trustee, custodian or receiver is appointed for Customer for a substantial part of its property without its consent and is not discharged within thirty (30) days of such appointment; or if bankruptcy reorganization, arrangement, insolvency or liquidation proceedings are instituted by or against Customer and are not dismissed within ninety (90) days of the commencement thereof.

9.03 Obligations Upon Termination. (1) In the event of termination by reason of the Customer's failure to comply with any provision of this Agreement, or upon any act which shall give rise to Kinsey's right to terminate, Kinsey shall have the right, at any time, to terminate the license(s) and take immediate possession of the Software and documentation and all copies wherever located, without demand or notice. Within thirty (30) days after termination of the license(s), Customer will suspend use of the Software and return to Kinsey the Software in the form provided by Kinsey or as modified by Customer, or upon request by Kinsey destroy the Software and all copies, and certify in writing that they have been destroyed. Termination under this paragraph shall not relieve Customer of its obligations regarding confidentiality contained in this Agreement.

(2) Without limiting any of the above provisions, in the event of termination as a result of Customer's failure to comply with any of its obligations under this Agreement, Customer shall continue to be obligated for any payments due. Termination of the license(s) shall be in addition to and not in lieu of any additional remedies available to Kinsey.

(3) In the event of a final cessation and liquidation of business by Kinsey, notwithstanding any clause herein to the contrary, Customer shall have the right to continue to use the Software and its associated source code in consideration for a payment of the fees described herein to the successors of Kinsey's business.

10.0 NOTICES.

All notices shall be in writing and shall be deemed to be delivered when deposited in the United States Postal Service, postage prepaid, return receipt requested, or when sent by telegram, telex or facsimile (provided a confirmation copy is promptly sent). All notices shall be directed to Customer or to Kinsey, its successors or assigns, at the respective addresses set forth on the title page of this Agreement or to such other address as one party may, from time-to-time, designate by notice to the other party.

11.0 COMPLETE AGREEMENT

11.01 Complete Agreement; Amendments. This Agreement, together with all documents incorporated herein by reference (including all attached Schedules hereto), constitutes the complete and exclusive statement of the agreement between the parties hereto and supersedes any and all prior express or implied agreements or understandings between the parties hereto concerning the subject matter hereof. No amendment, waiver or other alteration of this Agreement may be made except by mutual agreement in writing.

11.02 Partial Invalidity. If any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not be affected thereby.

12.0 RESTRICTIONS ON TRANSFER

This Agreement shall not be assigned, sublicensed or in any other manner transferred to any other person or entity by Customer without the prior written consent of Kinsey.

13.0 HEADINGS

The various headings in this Agreement are inserted for convenience only, and shall not affect the meaning or interpretation of this Agreement or any paragraph or provision hereof.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals as of this day and year.

SCHEDULE A TO SOFTWARE LICENSE AGREEMENT ("AGREEMENT")

I. Software Licensed

The following products and/or modules are included in this License Agreement:

MODULE	PRICE
LS Reporting	\$10,000
Segregation of Duties Reporting	\$10,000
LS Auditing	\$10,000
Activity Monitor	\$20,000
Security Templates	\$ 7,500
LS Build	<u>\$10,000</u>
Total List Price	\$67,500
Less Discount	<u>-\$27,500</u>
Net Price	\$40,000

II. Fees

Upon the execution and delivery of this Agreement, Customer will pay to Kinsey a license fee of Seventy-Five Thousand Dollars and no/100ths (\$75,000.00) for the Software licensed hereunder, plus Thirteen Thousand Five hundred Dollars and no/100ths (\$13,500) for first year's Maintenance.

III. Terms

Payments shall be due and payable upon receipt of invoice.

IV. Software Maintenance

Payment of an annual Software Maintenance Fee of \$8,000 starting on the first anniversary of this agreement shall entitle the Customer to continue to use the Software and to receive all updates for the Software. Customer may elect to discontinue the use of the Software at any time after the first year of the term of this Agreement by giving Kinsey one (1) month written notice prior to the end of any annual term to the effect that Customer no longer intends to use the Software and pay the Software Maintenance Fee described in this Section, and, upon completion of the term, uninstalling and suspending all use of the Software and returning to Kinsey all Software and related documentation, including copies thereof, in the same form as they were delivered to Customer, reasonable wear and tear excepted.

Kinsey services to install or configure product updates or to train new functionality will be billed as incurred per the terms of the Master Services Agreement.

V. Perpetual License

Subject to the terms of this Agreement, the License granted to Customer shall become a perpetual license to use the Software upon payment of the Software Maintenance Fee for five (5) or more consecutive full years and Customer shall be entitled to use the Software in its then current form in perpetuity. If, however, maintenance is discontinued, the Customer shall thereafter not receive nor be entitled to receive any future updates to the Software or any support thereof.

VI. Documentation

Copies of the documentation for the Software are provided in electronic format as part of the Software package or module installation.

Kinsey & Kinsey, Inc. and Sweetwater Union High School District

Master Service & Support Agreement

This Master Service and Support Agreement, dated as of the ____ day of _____, 20__, between Kinsey & Kinsey, Inc., a corporation organized and existing under the laws of the State of Illinois having its principal place of business at 26 North Park Boulevard, Glen Ellyn, IL 60137 ("Kinsey"), and Sweetwater Union High School District, organized and existing under the laws of the State of California having its principal place of business at 1130 Fifth Avenue, Chula Vista, CA 91911 ("Customer");

1. Scope of Service

The parties enter into this Agreement for the purpose of providing Customer with consulting services relating to Customer's implementation of Infor/Lawson Software. Kinsey will provide to Customer the Services listed in Exhibit A at the prices set forth in Exhibit A. This Agreement does not commit Customer to purchase any services that are not explicitly identified in Exhibit A.

1.1 All services shall be provided in a professional and workmanlike manner, by individuals qualified by experience and/or training, in full compliance with all applicable laws and regulations, and will meet or exceed industry standards, pursuant to the schedule agreed upon by Kinsey and Customer. Customer reserves the right to approve all individuals providing services pursuant to this Master Agreement. Kinsey agrees to cause its employees and agents to comply with all applicable Customer policies and procedures, including but not limited to Customer's computer security and information systems policies, at all times while on Customer's premises or in the course of providing services pursuant to this Master Agreement.

1.2 Kinsey represents and warrants that nothing delivered by Kinsey to Customer shall contain any protection feature, calendar-related kill codes, Trojan horse, bug collection device or "back door" designed to prevent use of Customer's software or operating system and Kinsey and its employees and agents shall use their best efforts when accessing Customer's computer system not to introduce any virus, worm, or disabling instruction into Customer's operating system.

2. Access

Customer agrees to be responsible for providing appropriate access to systems and programs at Customer, and to provide accurate and timely information for Kinsey to proceed with scheduled work. Customer and Kinsey agree that the full cooperation of both parties is necessary to enable the project to meet expectations. It is understood that Kinsey will work within the constraints of the standard Customer Security policy.

3. Fees/Payment Terms

Services will be billed at the hourly rate(s) set forth in Exhibit A plus expenses. Billing will be due within forty five (45) days of issue. Rates shown do not include sales tax, express shipping, travel expenses, telephone, or modem charges. Mileage will be billed at the IRS allowable rate plus actual tolls and parking expenses. Other expenses will be billed at cost, as accrued, without markup.

4. Limitation of Liability

4.1 Customer acknowledges that Kinsey is a practicing consulting firm specializing in Infor/Lawson Software, and that consulting services are provided on a non-exclusive basis. Kinsey warrants that qualified personnel will perform services provided under this Agreement in a professional manner. In no event shall Kinsey be liable to Customer for loss of profits, or any special, indirect, exemplary, consequential, or incidental damages, including costs or legal expenses in connection with the use of performance of models designed or the performance of its obligations pursuant to these terms even if it is aware of the possibility of such damages.

4.2 In any event, the total liability of Kinsey to Customer for any claim under this Agreement, whether it arises by statute, contract or otherwise, will not exceed the lesser of \$100,000 or the amounts paid to Kinsey by Customer under this Agreement for Services which form the subject of the claim. The foregoing limit does not apply to (i) death or personal injury arising from negligence of Kinsey, or (ii) in respect of accidental loss of or damage to Customer's tangible property, to the extent caused by the negligence of Kinsey, its employees or subcontractors. In the event of accidental loss of or damage to Customer's tangible property, to the extent caused by the negligence of Kinsey, its employees or subcontractors, the limit of liability is \$1,000,000.

5. Mutual Not to Hire

Customer agrees not to employ any current or future Kinsey employee for a period of six (6) months from completion of this agreement without prior written permission, whether said employee is at that time in Kinsey's employment or not. Employment shall be defined as the offering of part-time or full-time employment or other form of compensation. Kinsey agrees not to employ any current or future Customer employee for a period of six (6) months from completion of this agreement without prior written permission, whether said employee is at that time in Customer's employment or not. Employment shall be defined as the offering of part-time or full-time employment or other form of compensation. Penalty for breach of this clause shall equal the estimated first year compensation of the hired individual.

6.0 Confidential Information

6.1 In the course of their dealings, the parties may disclose to one another confidential information relating to their business ("Confidential Information"). Neither party will disclose the other party's Confidential Information to any third party without the prior written consent of the other party, nor will a party make use of any of the other party's Confidential Information except in the performance of rights or obligations under this Agreement. Each party will use at least the same degree of care to avoid disclosure of the other party's Confidential Information as it uses with respect to its own Confidential Information, but in no event shall less than reasonable care be used.

6.2 Confidential Information does not include information: (a) generally available to or known to the public, (b) previously known to the recipient without any obligation of confidentiality, (c) independently developed by the recipient outside the scope of this Agreement without any use of the other party's Confidential Information, (d) lawfully disclosed to the recipient by a third party under no obligation of confidentiality, or (e) disclosed pursuant to a valid court order or as required by a judicial court or tribunal of competent jurisdiction.

7. Work Product

Kinsey retains all right, title and interest in any software, documentation or other works provided or developed as a result of performing Services ("Works"). Either party may (a) independently develop works competitive with or similar to the Works, and (b) make use of the know-how acquired, principles learned or experience gained during the performance of the Services.

8. Termination

8.1 Customer is paying Kinsey for services to be provided as indicated on Exhibit A. Kinsey will make every effort to accommodate Customer's requests for services on specific dates up to ninety (90) days in advance, but such requests are subject to each specific consultant's availability. Customer may terminate scheduled work at any time with two (2) weeks written notice. Scheduled dates, which are canceled by Customer less than ten (10) business days in advance of dates, will be billed at regular rates.

8.2 Either party may terminate this Agreement if the other party fails to remedy a breach of any material obligation under this Agreement within thirty (30) days of receiving written notice from the other party detailing such breach. Upon termination, Customer shall continue to be liable for any obligations arising, liabilities accrued or amounts payable under this Agreement executed prior to termination. Sections 4, 5, 6, and 7 of this Agreement shall survive the termination of this Agreement.

9.0 General

9.1 All notices pursuant to this Agreement will be in writing and given by hand delivery, registered mail or certified mail (postage prepaid) to the other party at the address appearing herein. Customer will promptly give written notice of any change in its address or addressee. Notices will be deemed to be received on delivery or the 5th business day after mailing.

9.2 No delay or failure in exercising any right under this Agreement, or any partial or single exercise of any right, will constitute a waiver of that right or any other rights under this Agreement. No consent to a breach of any express or implied term set out in this Agreement constitutes consent to any subsequent breach.

9.3 If any provision of this Agreement is, or becomes, unenforceable, it will be severed from this Agreement and the remainder of this Agreement will remain in full force and effect.

9.4 This Agreement is binding upon and will inure to the benefit of both parties, and their respective successors and assigns. Either party may assign or otherwise transfer its rights under this Agreement to a third party (“assignment”) on the condition that (a) the third party delivers to the non-assigning party a duly executed document agreeing to be bound by this Agreement and (b) the assignment is part of a bona fide internal corporate reorganization or an arm’s length commercial transaction. Despite the foregoing, if all or part of Customer’s business is acquired by a third party (by way of asset or share purchase, merger or amalgamation) or if it becomes an Affiliate of a third party, the scope and effect of this Agreement will be limited (a) to the business carried on by Customer and its Affiliates prior to the acquisition, and if applicable (b) to the total number of copies or users of Software actually deployed by Customer immediately prior to either of the foregoing events.

9.5 Customer understands the terms set forth in this Agreement, including, but not limited to, the pricing terms and Kinsey & Kinsey Confidential Information, and Customer may not disclose such terms to any third party, including a third party acquiring or acquired by Customer by merger, consolidation or otherwise, without Kinsey & Kinsey’s prior written consent.

9.6 This Agreement represents the entire understanding and agreement between Customer and Kinsey with respect to Services, and it supersedes all prior negotiations, commitments and understandings, verbal or written. This Agreement may only be amended or otherwise modified by written agreement signed by the authorized signatories of both parties.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals as of this day and year.

Board Item - G.-1.

Issue:

Contract with nonpublic agency Deaf Community Services for American Sign Language interpreting.

Superintendent's Recommendation:

Approve Contract with Deaf Community Services for payment of interpreting service costs for students in special education who are deaf and require American Sign Language interpretation per Individualized Education Program specifications for the 2017-2018 school year.

Analysis:

Federal Individuals with Disabilities Education Act (IDEA) law mandates the Local Educational Agencies provide the appropriate level of educational services to students with disabilities. Under the provisions of California Education Code Section 56000, the district is required to provide special education or related services to individuals with exceptional needs and to contract for such services with private nonsectarian schools and agencies as appropriate.

This item will approve the Contract for the certified nonpublic agency Deaf Community Services of San Diego, Inc. (DCS). DCS will provide interpreting services in American Sign Language (ASL) for district students who are deaf and use ASL as their primary means of communication. These services will be provided per student Individualized Education Programs (IEPs) for the 2017-2018 school year.

Over the past several years, the district has been unable to secure applicants for the position of Educational Interpreter. As the provision of deaf interpreting is a required service in IEPs for students who are deaf, a relationship with contract agencies must be established. The district will continue to recruit and encourage training for the position of Educational Interpreter.

For questions regarding this board item, please contact Ana Maria Alvarez at (619) 691-5546 or ana.alvarez@sweetwaterschools.org.

Fiscal Impact:

Expenditure of \$800,000, to be paid from the special education-IDEA budget, Resource Code: 3310.

NONPUBLIC
MASTER CONTRACT

CONTRACT YEAR _____

This Master Contract is made and entered into

this _____ day of _____, 20____ between the

_____, County of San Diego,
(Local Education Agency)

hereinafter sometimes referred to as the "LEA," and

(Nonpublic,)

hereinafter referred to as "CONTRACTOR."

San Diego County Nonpublic Master Contract Main Document

2017-2018

SECTION 1: AUTHORIZATION FOR MASTER CONTRACT AND GENERAL PROVISIONS

1.1 MASTER CONTRACT

For the purpose of providing special education and related services to individuals with exceptional needs under the authorization of Education Code sections 56157, 56361, and 56365-56366.5 the Master Contract consists of (the Main Document and Master Contract Appendices A (Schools), B (Agencies), C (Room & Board)). The general term "Master Contract" refers to the Master Contract /Main Document/ and Master Contract /Appendices A (Schools), B (Agencies), and C (Room and Board) given to the CONTRACTOR by a representative of the LEA's Special Education Unit on terms acceptable to the LEA and CONTRACTOR.¹ It is also understood that this contract does not commit the CONTRACTOR to provide special education and related services to any individual unless and until an Individual Services Agreement is executed between the LEA and the CONTRACTOR on behalf of such individual or interim written approval is given to the CONTRACTOR by an authorized representative of the LEA's Special Education Unit. This interim written approval shall be for a maximum period of 90 days, beginning with the anticipated student start date, during which time the contract and/or Individual Services Agreement shall be completed and executed by the LEA and CONTRACTOR. If an Individual Services Agreement is not completed and executed by the LEA and the CONTRACTOR within this ninety-day period, the LEA or CONTRACTOR may request an IEP meeting to be held as soon as possible to discuss a change in placement for the pupil. The LEA shall continue to reimburse the CONTRACTOR as set forth in the interim written approval, or as otherwise agreed by the parties in writing, pending any change in placement or subsequent execution of an Individual Services Agreement.

1.2 SUPERSEDES PRIOR CONTRACTS

This Master Contract includes the Main Document, Appendix A (Schools), Appendix B (Agencies), Appendix C (Room and Board), to the extent that they are applicable, and each ISA, all of which are incorporated herein by this reference and any exhibits or attachments hereto constitute the entire agreement between the parties to this contract and supersedes any prior contract, understanding, or agreement with respect to the terms set forth in this contract.

1.3 MODIFICATIONS AND AMENDMENTS

The LEA and CONTRACTOR agree that any amendments to the contract must be in writing and approved by the LEA's Governing Board and the Board of Directors/Trustees or authorized representative of CONTRACTOR. Prior to executing a written amendment to the contract, the LEA shall obtain approval from the San Diego County SELPA Directors and the County Director of Special Education. In implementing this Master Contract, any specific terms related to an individual pupil shall be reflected in the Individual Services Agreement.

1.4 INDIVIDUAL SERVICES AGREEMENT

The LEA and CONTRACTOR shall enter into an Individual Services Agreement for each pupil who is to receive special education and/or related services provided by the CONTRACTOR. The LEA is responsible for completing each pupil's Individual Services Agreement, which shall identify the provider of each service required by the pupil's Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP) (CCR 3062(e)). Individual Services Agreements shall only be issued for those pupils enrolled with the approval of the LEA. Changes in any LEA pupil's educational program, including instruction, services, or instructional setting provided under this contract, may only be made on the basis of revisions to the pupil's IEP or IFSP. At any time during the term of this contract, the parent, the CONTRACTOR or LEA may request a review of the pupil's IEP/IFSP, subject to all procedural safeguards required by law, including notice given to and participation by the CONTRACTOR in the IEP Team meeting. In the event that the CONTRACTOR recommends that the pupil requires either a lesser or more restrictive placement than the CONTRACTOR can provide, the CONTRACTOR will notify the LEA immediately. The LEA shall expedite the review and/or the resulting change in placement, and shall modify the Individual Services Agreement as appropriate if there is a change in the instructional and/or other services provided.

¹ Please see Appendix B for Agencies for exceptions to NPA Hired as Full Time Equivalent.

San Diego County Nonpublic Master Contract Main Document

2017-2018

1.5 NONPUBLIC CERTIFICATION OR WAIVER

A current copy of the CONTRACTOR'S California Department of Education Nonpublic Certification or waiver of such certification issued by CDE pursuant to EC 56366.2 is attached hereto. This Master Contract shall be null and void if such certification is expired, revoked, rescinded, or otherwise nullified during the effective period of this contract.

1.6 TERM OF MASTER CONTRACT

Neither the CONTRACTOR nor the LEA is required to renew this contract in subsequent contract years. In the event that a pupil is enrolled with the CONTRACTOR during the term of this contract and said pupil continues to receive special education and/or related services by the CONTRACTOR as approved by the LEA in accordance with the pupil's IEP/IFSP and either (a) a new contract has not been fully executed or (b) the CONTRACTOR or the LEA chooses not to renew this contract, the terms of this contract and associated Individual Service Agreements shall apply to any and all special education and/or related services provided by CONTRACTOR and payment for those services by the LEA.

Upon agreement of both parties to this Master Contract, its provisions shall be retroactive to the beginning of this contract year (July 1st), to cover services provided by the CONTRACTOR to LEA students, unless otherwise mutually agreed upon by both parties.

The term of this Master Contract shall be from _____, 20 _____ to _____, 20 _____.

Any subsequent Master Contract is to be renegotiated prior to June 30 of each year.

This Master Contract has no force or effect until approved or ratified by the LEA's Governing Board.

1.7 COMPLIANCE WITH APPLICABLE FEDERAL AND STATE LAWS

During the term of this contract, the CONTRACTOR and LEA shall comply with all applicable federal and state laws and regulations relating to the required special education and designated instruction and services and facilities for individuals with exceptional needs, including those not expressly documented in this Master Contract.

a. Nondiscrimination

The CONTRACTOR and the LEA shall not discriminate on the basis of race, religion, sex, national origin, age, sexual orientation disability or any other classification protected by federal or state laws in employment or operation of its programs.

b. Sexual Harassment Policy

The CONTRACTOR shall have a written policy on sexual harassment in accordance with state and federal regulations and guidelines.

c. Corporal Punishment Prohibitions

(l) No public education agency, or nonpublic school or agency serving individuals pursuant to Education Code Section 56365 et seq., may authorize, order, consent to, or pay for any of the following interventions, or any other interventions similar to or like the following:

- (1) Any intervention that is designed to, or likely to, cause physical pain;
- (2) Releasing noxious, toxic or otherwise unpleasant sprays, mists, or substances in proximity to the individual's face;
- (3) Any intervention which denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
- (4) Any intervention which is designed to subject, used to subject, or likely to subject the individual to verbal abuse, ridicule or humiliation, or which can be expected to cause excessive emotional trauma;
- (5) Restrictive interventions which employ a device or material or objects that simultaneously immobilize all four extremities, including the procedure known as prone containment, except that prone containment or similar techniques may be used by

San Diego County Nonpublic Master Contract Main Document

2017-2018

trained personnel as a limited emergency intervention pursuant to subsection (i) of Ed Code Section 56521.2 (a) (5)
(6) Locked seclusion, except pursuant to subsection (i)(4)(A) of Ed Code Section 56521.2 (a) (6)
(7) Any intervention that precludes adequate supervision of the individual; and
(8) Any intervention which deprives the individual of one or more of his or her senses.

d. Student Discipline

Contractor shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations, such that students who exhibit serious behavioral challenges receive timely and appropriate assessments and positive supports and interventions in accordance with the federal Individuals with Disabilities Education Act and its implementing regulations.

When a CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA and a manifestation IEP team meeting shall be scheduled by the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavioral plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10th) day of suspension.

e. Behavioral Emergency Reports (Ed. 56521.1(a))

(1) Anytime an emergency intervention is used pursuant to Ed Code Section 56521.1(a) subsection (i), CONTRACTOR must notify LEA and IEP team immediately and document emergency intervention in a "Behavioral Emergency Report" as defined by 56521.1(e).

(2) Whenever a "Behavioral Emergency Report" is written regarding an individual who does not have a behavioral intervention plan, the designated responsible administrator shall, within two days, schedule an IEP team meeting to review the emergency report, to determine the necessity for a functional behavioral assessment, and to determine the necessity for an interim behavioral intervention plan.

(3) Anytime a "Behavioral Emergency Report" is written regarding an individual who has a behavioral intervention plan, any incident involving a previously unseen serious behavior problem or where a previously designed intervention is not effective should be referred to the IEP team to review and determine if the incident constitutes a need to modify the plan.

(4) "Behavioral Emergency Report" data shall be collected by CONTRACTOR and be submitted to LEA.

(5) A summary of Behavioral Emergency Reports shall be submitted at least monthly to the LEA and the Director of the Special Education Local Plan Area of which the LEA is a member.

1.8 DEFINITIONS

"DAYS": For the purpose of the contract, "days" refers to calendar days unless otherwise specified.

"PARENT": For the purpose of the contract, a parent (34CFR 300.3Da) is the natural parent, adoptive parent, or legal guardian or any other adult granted educational decision-making rights by the natural or adoptive parent or a court of competent jurisdiction. A trained, certified surrogate parent, identified by the LEA, may act on behalf of the pupil if no parent, guardian or person acting as a parent can be located. The LEA shall be responsible for providing a translator for the parent if needed.

2017-2018

SECTION 2: ADMINISTRATION OF CONTRACT

2.1 NOTICES

Notices provided for by this contract shall be in writing, be delivered to the individual identified below in this section, and shall be delivered by certified, registered, or return receipt requested mail, postage prepaid, or by facsimile transmission, unless a specific section of this contract requires or allows notice or contact to be made in a different manner or to a different individual. The effective date of an invoice shall be the date of its receipt by the LEA. The effective date of all other notices shall be the date of the postmark or of the facsimile transmittal date identified in the document. In the event there is a change in the individual to be notified, the CONTRACTOR or the LEA shall provide written notice of the change and, after such notice is provided, all future notices shall be addressed to that individual. Notice may be provided under this section pursuant to regular United States mail if the LEA and CONTRACTOR agree in writing to notice by regular United States mail. If the LEA or CONTRACTOR does not identify an individual to be notified in this section, the person to be notified under this section shall be the LEA or CONTRACTOR representative that executes this contract.

Notices mailed to the LEA shall

San Diego County Nonpublic Master Contract Main Document

2017-2018

2.2 INDEPENDENT CONTRACTOR STATUS

This contract is by and between two independent contractors and is not intended to and shall not be construed to create the relationship of agent, servant, employee, partnership, joint venture or association.

2.3 SUBCONTRACT AND ASSIGNMENT

The CONTRACTOR shall not enter into an initial subcontract with any noncertified Nonpublic Agency (NPA) or provider, for any of the instructional or related services contemplated under this contract without first obtaining written approval by a representative of the San Diego County Office of Education (i.e. County Director of Special Education or a SELPA Director). Such approval shall not be unreasonably withheld. The LEA and CONTRACTOR shall maintain a copy of the written approval.

2.4 INDEMNIFICATION

The CONTRACTOR hereby indemnifies, defends, and holds harmless the LEA, its Board, officers, employees, agents, independent contractors, consultants and other representatives from and against any and all liabilities, claims, demands, costs, losses, damages, or expenses, including reasonable attorneys' fees and costs, and including but not limited to consequential damages, loss of use, extra expense, cost of temporary classrooms, that arise out of or result from, in whole or in part, the negligent, wrongful or willful acts or omissions of the CONTRACTOR, its employees, agents, subcontractors, independent contractors, consultants, or other representatives.

The LEA hereby indemnifies, defends, and holds harmless the CONTRACTOR, its Board, officers, employees, agents, independent contractors, consultants and other representatives from and against any and all liabilities, claims, demands, costs, losses, damages, or expenses, including reasonable attorneys' fees and costs, and including but not limited to consequential damages, loss of use, extra expense, cost of temporary classrooms, that arise out of or result from, in whole or in part, the negligent, wrongful or willful acts or omissions of the LEA, its employees, agents, subcontractors, independent contractors, consultants, or other representatives.

The CONTRACTOR shall have no obligation to indemnify, defend, or hold harmless the LEA, its Board, officers, employees, agents, independent contractors, consultants, and other representatives for the LEA's sole negligence or willful misconduct; and the LEA shall have no obligation to indemnify, defend, or hold harmless the CONTRACTOR, its Board, officers, employees, agents, independent contractors, consultants and other representatives for the CONTRACTOR'S sole negligence or willful misconduct. This indemnity shall survive the termination of the Contract or final payment hereunder, and is in addition to any other rights or remedies that the CONTRACTOR or LEA may have under the law or this contract.

2.5 INSURANCE

During the entire term of this contract and any extension or modification thereof, the CONTRACTOR shall keep in effect a policy or policies of general liability insurance, including contractual liability coverage, professional liability, and auto liability coverage of owned and non-owned vehicles used by CONTRACTOR in relation to the performance of service(s) under this Master Contract, with minimum limits of one million dollars (\$1,000,000) per occurrence, and three million dollars (\$3,000,000) in aggregate. Such insurance shall name LEA as an additional insured, and an endorsement evidencing such coverage shall be provided within 90 days, only as to matters arising out of this Master Contract for which CONTRACTOR has an obligation to indemnify the LEA, under the Indemnification clause, Section 2.6, of this Master Contract.

Not later than the effective date of this contract, the CONTRACTOR shall provide the LEA with satisfactory evidence of insurance. The insurance maintained by CONTRACTOR shall include a provision for the insurance provider to send written notice of cancellation or modification to the CONTRACTOR at least 30 calendar days before cancellation or adverse material change, or 10 days for nonpayment of premium. Such CONTRACTOR'S insurance may contain the same notice requirement for the LEA. If the insurance provider is only required to send such notice to the CONTRACTOR (but not the LEA) CONTRACTOR shall provide the LEA written notice of cancellation or adverse material modification within one business day after receiving such notice from the insurer. Such notice shall be provided pursuant to Section 2.3 (Notices) of this contract. The CONTRACTOR shall at its own cost and expense procure and maintain insurance under the applicable state's Workers' Compensation laws. Failure to maintain the above mentioned insurance coverage shall be cause for termination of this contract.

San Diego County Nonpublic Master Contract Main Document

2017-2018

LEA warrants that it is self-insured in compliance with the laws of the State of California, that the self insurance covers persons acting on its behalf or under its control, that its self insurance covers LEA's indemnification obligations to CONTRACTOR under this contract, and that LEA agrees to provide coverage to CONTRACTOR pursuant to this self insurance in the event the indemnification obligations of Section 2.6 of this contract are triggered. The LEA further warrants that it shall notify the CONTRACTOR pursuant to Section 2.3 (Notices) of this contract, of any material insurance coverage changes at least thirty days prior to the change.

CONTRACTOR agrees that any subcontractor with which it contracts to provide services pursuant to any Individual Services Agreement, shall submit written proof of insurance in a minimum amount of \$1,000,000 per occurrence, including general, liability, auto liability (if applicable), and professional liability (if applicable). Such insurance shall be maintained by any subcontractor for the scope of duties performed and duration of time it provides services to LEA pupils. Proof of insurance shall be provided to the LEA prior to the beginning of transportation services by a subcontractor, and upon renewal of coverage thereafter. Transportation subcontractors shall submit copies of insurance policies upon request of the LEA; otherwise, certificates of insurance may be acceptable proof, provided that the information thereon is adequate and verifiable. Subcontractors shall be required to provide to the CONTRACTOR written notice of cancellation of insurance or adverse material change in such insurance at least 30 days prior to cancellation or adverse material change or within one business day after receiving such notice, whichever is earlier.

2.6 TRANSPORTATION

Transportation costs are the responsibility of the LEA unless otherwise agreed to in writing. The CONTRACTOR shall provide each pupil whom the CONTRACTOR transports with adequate supervision during transports and with instruction in school bus emergency procedures and passenger safety, as appropriate to the pupil's needs. The CONTRACTOR shall have in place a transportation safety plan containing procedures for school personnel to follow to ensure the safe transport of pupils.

In the event the CONTRACTOR transports students due to health, behavior, or other emergencies, or as otherwise agreed to between the CONTRACTOR and the LEA, the LEA shall reimburse CONTRACTOR at the rate specified in this Master Contract (Rate Schedule - Schools: Section 4.1, Agencies: Section 5.1).

2.7 WAIVERS

The LEA and/or CONTRACTOR may independently or jointly submit waivers of applicable state laws and regulations.

2.8 SUCCESSORS IN INTEREST

This contract binds the CONTRACTOR's successors and assignees. CONTRACTOR shall not assign this Master Contract without the written consent of LEA, and any attempt by Contractor to effect such an assignment without the written consent of LEA shall make this Master Contract terminable at the option of the LEA.

2.9 SEVERABILITY

If any provision or portion of a provision of this contract is held in whole or in part to be unenforceable for any reason, the remainder of the provision and of the entire contract shall be severable and shall remain in effect.

2.10 CONFLICTS OF INTEREST

a. The CONTRACTOR agrees to furnish to the LEA a copy of its current bylaws and a current list of its Governing Board of Directors (or Trustees), if it is incorporated. LEA has the right to request a current list of the Board of Directors or Trustees at any time during the term of the Master Contract.

b. CONTRACTOR and members of its Board of Directors (or Trustees) shall disclose any relationship with LEA that constitutes or may constitute a conflict of interest including, but not limited to, employment with LEA, provisions of private party assessments and/or reports, and attendance at the IEP team meetings and/or due process proceedings.

San Diego County Nonpublic Master Contract Main Document

2017-2018

c. Anytime the CONTRACTOR is contracted to conduct a formal Independent Educational Evaluation (IEE), and the IEP team determines that services are necessary as a result of that IEE the LEA shall be obligated to select a service provider who is not the CONTRACTOR. Unless, a service provider who is not the CONTRACTOR is unavailable or unable to provide that service.

2.11 INABILITY TO MEET CONTRACT REQUIREMENTS

The CONTRACTOR shall notify the LEA in writing when the CONTRACTOR is unable to meet the requirements of this contract. The LEA shall notify CONTRACTOR in writing when the LEA is unable to meet the requirements of this contract.

2.12 DISPUTE RESOLUTION

Disagreements concerning the meaning, requirements or performance of this contract shall first be brought to the attention of the other party in writing, pursuant to the notice provisions (Section 2.3) of this contract, in an attempt to resolve the dispute at the lowest level. Any remaining disputes or disagreements may be resolved either 1) as voluntarily agreed to by the parties, 2) by equitable remedies, or 3) by other legal means.

2.13 DUE PROCESS AND COMPLAINT PROCEDURES

CONTRACTOR and LEA shall comply with all applicable federal and state laws and regulations related to Due Process and the rights of students and parents.

CONTRACTOR agrees to maintain policies and procedures as follows: (1) Uniform Complaint Procedures pursuant to Title 5 of the California Code of Regulations section 4600 *et seq.*; (2) Nondiscrimination policy pursuant to Title 5 of the California Code of Regulations section 4960 (a); (3) Sexual Harassment Policy, California Education Code 231.5 (a) (b) (c); (4) Title IX Student Grievance Procedure, Title IX 106.8 (a) (d) and 106.9 (a); and (5) Notice of Privacy Practices in compliance with Health Insurance Portability and Accountability Act (HIPAA).

2.14 VENUE AND GOVERNING LAW

This contract, and conditions of this contract, shall be governed by the laws of the State of California with venue in San Diego County, California.

2.15 RIGHT TO REPORT MASTER CONTRACT VIOLATIONS

The CONTRACTOR acknowledges and understands that the LEA may report to the CDE any violations of the provisions of this contract; and that may result in the suspension of the CDE nonpublic school certification pursuant to California EC section 56366.4(a).

2.16 TERMINATION OF MASTER CONTRACT AND/OR INDIVIDUAL SERVICES AGREEMENT

a. Master Contract

Either the LEA or the CONTRACTOR may terminate this Master Contract for cause as set forth in EC section 56366(a)(4), with twenty (20) days written notice pursuant to Section 2.3 of this contract, or immediately if the CONTRACTOR and LEA mutually agree that there are significant health or safety concerns. Cause shall include but not be limited to non maintenance of current nonpublic school certification, failure of either the LEA or the CONTRACTOR to maintain the standards required under the Master Contract and/or Individual Services Agreement, or material breach of the contract by CONTRACTOR or LEA. To terminate the contract either party shall give a minimum of 20 days written notice pursuant to the provisions of Section 2.3 (Notices) of this contract. Upon termination, the LEA shall pay within 45 days, without duplication, for all services performed and expenses incurred to date of termination according to the provisions set forth in Schools Document Section 4.1, Agencies Document Section 5.1 (Rate Schedule) and Main Document Section 4.1 (Billing and Payment) of this contract. CONTRACTOR shall provide to the LEA the IEP/IFSP and all related documents in its possession or under its control pertaining to its services,

San Diego County Nonpublic Master Contract Main Document

2017-2018

for all pupils of the LEA who were receiving services from the CONTRACTOR in accordance with applicable state and federal laws regarding student records.

b. Individual Services Agreement

The Individual Services Agreement may be terminated or suspended by the LEA or the CONTRACTOR for cause, as set forth in EC section 56366(a)(4), with twenty (20) days written notice pursuant to Section 2.3 (Notices) of this contract, or immediately if the CONTRACTOR and the LEA mutually agree that there are significant health or safety concerns.

Individual Services Agreements are null and void upon termination of the Master Contract.

The LEA shall not terminate Individual Services Agreements because of the availability of a public class initiated during the course of the contract unless the parent agrees to the transfer of a pupil to a public school program, which agreement must only be given in a duly called and held IEP/IFSP meeting at which the CONTRACTOR is present.

2.17 INDIVIDUALIZED EDUCATION PROGRAM (IEP) / INDIVIDUALIZED FAMILY SERVICE PLAN (IFSP)

When a pupil is accepted for enrollment in a nonpublic school, the CONTRACTOR shall provide the pupil a program of educational instruction and services within the nonpublic school, which is consistent with his or her IEP/IFSP as specified in each pupil's Individual Services Agreement.

The CONTRACTOR shall implement those responsibilities delegated to CONTRACTOR in the plan for transition services (per EC section 56445 and EC section 56462) as stated by the IEP/IFSP.

The CONTRACTOR shall provide an appropriate adult to pupil ratio for pupils with exceptional needs between three and five years of age, in accordance with EC 56441.5.

The LEA shall invite the CONTRACTOR and the CONTRACTOR shall participate in all IEP/IFSP meetings, including those related to placement and those called by the parent in accordance with EC section 56343.5, so long as the pupil is to be served by the CONTRACTOR pursuant to an Individual Services Agreement. The child's present teacher shall participate in the IEP meeting in accordance with EC 56341(b)(3). Every effort shall be made to schedule the meeting at a time and place that is mutually convenient to parents, CONTRACTOR's staff, and LEA's staff.

The local educational agency shall oversee and evaluate the pupil's placement in the NPS through the IEP process. The IEP team shall evaluate whether the pupil is making appropriate educational progress through a review of the student's progress toward IEP goals and, as appropriate, a review of the pupil's scores on state assessments. If the NPS staff or LEA will be making recommendation(s) for significant changes to the student's program, placement or services, the LEA Case Manager and representative of the NPS shall discuss the recommendation(s) prior to the IEP meeting. The IEP team will consider whether or not the needs of the pupil continue to be best met at the nonpublic school, whether changes to the pupil's IEP are necessary, and whether the pupil may be transitioned to a public school setting (EC 56366(a)(2)(B), EC 56343(d), EC 56043(h)). Partial day attendance at the NPS may be appropriate to support transition to a public school program.

2.18 FREE APPROPRIATE PUBLIC EDUCATION

No charge of any kind to parents shall be made by the CONTRACTOR for educational activities and related services specified on the pupil's IEP/IFSP, including screening or interviews which occur prior to or as a condition of a pupil's enrollment under the terms of the contract, except as specified in writing in a due process procedure that is signed by all relevant parties and attached to the relevant pupil's Individual Services Agreement, or for voluntary extracurricular activities conducted subsequent to written notification to parents as to the cost and the voluntary and extracurricular nature of the activity. Unless the activity (for example, field trips) takes place during a school vacation or holiday, pupils not participating in such activities shall continue to receive special education and/or related services as set forth in their IEP/IFSPs.

San Diego County Nonpublic Master Contract Main Document

2017-2018

2.19 TRANSITION TO A LRE

CONTRACTOR & LEA shall support Least Restrictive Environment options, including dual enrollment, if appropriate, for students enrolled in NPS to have access to the general curriculum and to be education with nondisabled peers to the maximum extent appropriate.

CONTRACTOR & LEA shall address LRE placement options for students enrolled in NPS at all IEP team meetings, including whether the students may be transitioned to a public school setting.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommendations activities to support the transition.

2.20 PUPIL PROGRESS

The CONTRACTOR shall have written procedures in place for measuring progress utilizing on-going data collection in the goal areas identified on the IEP/IFSP.

The CONTRACTOR shall provide to parents and the LEA case manager written pupil progress reports on the goals in the IEP/IFSP, no less than quarterly. The CONTRACTOR shall submit an updated report if there is no current progress report when pupils are scheduled for a review by the IEP/IFSP team or when a pupil's enrollment is terminated.

The CONTRACTOR shall allow periodic review of each pupil's instructional program by the LEA. Representatives of the LEA shall have reasonable access to observe each pupil at work, observe the instructional setting, meet with the CONTRACTOR and review each pupil's progress, including the behavioral intervention plan, if any. LEA representatives making site visits shall initially report to the CONTRACTOR's site administrative office.

2.21 ASSESSMENTS

a. Individual Student Assessments

If the CONTRACTOR receives a parent request for evaluation, the CONTRACTOR shall inform the parent of his or her ability to submit a written request for evaluation to the LEA in accordance with applicable law. The LEA shall collaborate with the CONTRACTOR to develop the evaluation plan and submit it to the parent for approval. The LEA retains the responsibility for conducting triennial evaluations (EC 56381(c)).

2.22 CONFIDENTIALITY OF RECORDS

All reports, records and other documents that CONTRACTOR is required to submit to LEA, the Special Education Local Plan Area, or otherwise, pursuant to this contract, shall be redacted to the extent necessary and appropriate to protect the confidentiality and privacy of pupils, employees, and subcontractors, as provided for pursuant to state and federal law.

2.23 FORWARDING OF EDUCATIONAL RECORDS

The CONTRACTOR agrees, in the event of school closure, to immediately forward pupil records to the LEA pertaining to the LEA's pupils enrolled in CONTRACTOR's educational program. These records shall include, but need not be limited to, current transcripts, IEP/IFSPs and results of performance testing.

2.24 DATA REPORTING

CONTRACTOR agrees to provide LEA with all student information required for LEA to report to the California Longitudinal Pupil Achievement Data System (CALPADS) as well as other data as required by Every Student Succeeds Act (ESSA) or any federal data reporting requirements, including, but not limited to, data required to calculate enrollment and dropout and graduation rates.

San Diego County Nonpublic Master Contract Main Document

2017-2018

SECTION 3: PERSONNEL

3.1 VERIFICATION OF CREDENTIALS, LICENSES AND OTHER QUALIFICATIONS

The CONTRACTOR shall provide all contracted special education, and/or related services required by the IEP/IFSP, Master Contract and Individual Services Agreement by appropriately qualified staff. The CONTRACTOR shall provide appropriately credentialed teachers and/or licensed or license-eligible personnel or other education related mental health provider consistent with the California laws and regulations unless the California Department of Education has granted a written waiver. The CONTRACTOR shall be responsible for monitoring the status of waiver applications submitted to the state for all non-credentialed teachers and non-licensed service providers. All non-credentialed teachers and non-licensed service providers shall apply for a waiver.

For a NPSs A-G course credits, only University of California A-G approved courses will be accepted by contracting districts.

The CONTRACTOR shall be responsible for verification of credentials and licenses held by its employees, agents and subcontractors. Once the CONTRACTOR has provided the LEA with a copy of the credential or license for all staff providing services to children with disabilities, the CONTRACTOR shall supply the LEA with copies of any changes in the credentials or licenses of staff within 45 days of the change in accordance with Title 5, Section 3062.

The CONTRACTOR is fiscally responsible for all training necessary to provide appropriate services per IEP/IFSP. The LEA shall not reimburse CONTRACTOR for training that occurs outside of contact time with student, and that is not during implementation of IEP/IFSP.

Where behavior intervention services are provided by a nonpublic agency, the CONTRACTOR shall train staff in implementing the behavior support plan or Behavior Intervention Plan and pupils shall receive the level of supervision required in the pupil's IEP/IFSP.

The CONTRACTOR shall comply with all laws and regulations governing the licensed professions, including the provisions with respect to supervision.

3.2 EMPLOYEE FINGERPRINTS AND TUBERCULOSIS TESTING

The CONTRACTOR shall ensure that employee fingerprints have been processed in a manner required by EC section 44237. The CONTRACTOR shall maintain a file containing a current certificate of each person covered by Health and Safety Code Sections 121525-121555 (tuberculosis testing). In addition, contractor will adhere to all of the requirements under AB 389.

3.3 QUALIFICATIONS OF INSTRUCTIONAL AIDES AND TEACHER ASSISTANTS

Effective July 1, 2001 the CONTRACTOR shall ensure that newly hired instructional aides and teacher assistants have demonstrated proficiency in basic reading, writing, and mathematics skills, based on a test selected and administered by the CONTRACTOR.

3.4 REQUIREMENT TO REPORT

a. Child Abuse or Molestation

The CONTRACTOR shall maintain a signed statement by all personnel required to sign such a statement under the child abuse reporting laws, acknowledging their training and understanding of the reporting requirements regarding observed or suspected cases of child abuse. When filing a child abuse report under the Child Abuse Reporting laws, the CONTRACTOR shall include in the report the name, telephone number and address of the LEA representative as identified in Section 2.3 (Notices) of this contract.

San Diego County Nonpublic Master Contract Main Document

2017-2018

b. Missing Students

The CONTRACTOR shall ensure that staff is aware of its responsibility and requirement to report to parents, and local law enforcement as appropriate, when a pupil leaves campus without permission, immediately upon confirmation that the pupil is missing, in accordance with EC 49370. The CONTRACTOR shall contact the LEA Case Manager by telephone no later than the end of the day in the event a pupil leaves campus without permission, does not return that school day, and is not located at his or her residence or in the custody of his or her parent or guardian.

c. Student Injury

The CONTRACTOR agrees to complete a written report when a pupil has suffered an injury that requires medical attention, and notify the LEA case manager within 48 hours.

In case of incident, the CONTRACTOR agrees to submit a written report to the LEA case manager by the end of the following school day, in cases of injury resulting from physical restraint or the death of a student. The CONTRACTOR agrees to reasonably participate in any communications between a pupil's parents and the LEA regarding any injuries resulting from physical restraint.

SECTION 4: FISCAL

4.1 BILLING AND PAYMENT

a. Invoices

The CONTRACTOR shall submit invoices monthly. The effective date of an invoice shall be the date of the receipt by the LEA. Invoices should clearly reflect rates as specified in the Master Contract, be in accordance with the Individual Services Agreements, and include all days of creditable service, beginning no earlier than the date specified in the Interim Written Approval or ISA. The CONTRACTOR shall submit said invoice for services rendered no later than thirty (30) days from the end of the attendance accounting period calendar month in which said services are actually provided and the invoice shall be submitted pursuant to Section 2.3 (Notices) of this contract. All education related mental health services will be billed by contractor in separate invoice.

b. Late Invoices

If the LEA does not receive a properly submitted invoice within thirty (30) days from the end of the attendance accounting period calendar month, the LEA may deduct 1.5% per month, calculated proportionately per day, of that total invoice, if the LEA does not agree to the request of the CONTRACTOR to an extension of time to submit the invoice.

c. Payment

The LEA shall make payment within forty-five (45) days of receipt of a properly prepared and submitted invoice and such payment shall be submitted pursuant to Section 2.3 (Notices) of this contract. This payment shall be at the rates agreed to in the Rate Schedule (See Appendix A for Schools, B for Agencies, and C for Room and Board) of this contract and shall be in an amount equal to the number of creditable days of attendance during both the regular and extended school years, make-up sessions (including "excused" absences) per the individual services agreement for each pupil. This calculation shall include the Extended School Year if the pupil is enrolled in the Extended School Year, and any other absence for which the LEA has agreed to pay CONTRACTOR and any related services and transportation costs as specified in the Rate Schedule (See Appendix A for Schools, B for Agencies, and C for Room and Board) of this contract and in accordance with the Individual Services Agreements. If no notice of withholding is provided to CONTRACTOR within 10 working days of receipt of an invoice, the LEA shall not withhold any payment. Payment by the LEA shall refer to the invoice number or the date of the bill submitted by the CONTRACTOR.

San Diego County Nonpublic Master Contract Main Document

2017-2018

d. Pupil Enrolled Prior to Approval of Agreement to a Contract

Ed Code addresses situations when a contract has not yet been developed and the pupil is enrolled and receiving services from the Nonpublic School or Agency (ED 56366.9 c (1)).

"If a pupil is enrolled in a nonpublic, nonsectarian school or agency with the approval of the local educational agency prior to agreement to a contract or individual services agreement, the local educational agency shall issue a warrant, upon submission of an attendance report and claim, for an amount equal to the number of creditable days of attendance at the per diem tuition rate agreed upon prior to the enrollment of the pupil. This provision shall be allowed for 90 days during which time the contract shall be consummated."

e. Late Payment

If the payment is not postmarked from the LEA within forty-five (45) days of the receipt of the invoice, the LEA agrees to pay an additional fee of 1.5% interest per month on amounts not paid, such interest being calculated beginning day forty-six (46) from receipt of the invoice. Interest shall be calculated in accordance with standard accounting procedures. The CONTRACTOR shall bill the LEA for the interest. Failure by the LEA to pay an appropriately submitted invoice within 90 days of receipt may be considered a breach of contract.

f. Medi-Cal Reimbursement

Documentation of LEA Medi-CAL Billable Services will be completed by the provider. All documentation of provider services shall be given to the District/SELPA for reimbursement submissions to Medi-Cal. The contractor will not submit any claims in the LBO (LEA) program and the LEA has the right to submit claims for reimbursement.

4.2 RIGHT TO WITHHOLD

The LEA has the right to withhold payment to the CONTRACTOR when the LEA has reliable evidence, described in writing to the CONTRACTOR at the time the notice of withholding is submitted that: (A) service is provided by personnel who are not appropriately credentialed/licensed; (B) records required by the LEA prior to school closure with respect to one or more LEA pupil(s) enrolled in CONTRACTOR's educational program have not been received; (C) the CONTRACTOR confirms a pupil's change of residence to another district but neglects to notify the LEA within 5 days; or (D) the CONTRACTOR fails to notify the LEA within 5 days after the 10th consecutive school day of a pupil's absence. If the basis for withholding is subsections (B) (C) or (D) of this section the LEA may only withhold the proportionate amount of the bill related to that pupil. If the basis for withholding is subsection (A) of this section, the LEA may only withhold payment for services provided by that personnel.

The LEA shall notify CONTRACTOR in writing within 10 working days of receipt of an invoice of any reason why requested payment shall not be paid. (EC section 56366.5(a)). Such notice shall specify the basis for the LEA's withholding payment and shall be made pursuant to Section 2.3 (Notices) of this contract. If no notice of withholding is provided to CONTRACTOR within 10 working days of receipt of an invoice, the LEA shall not withhold any payment. Within fourteen (14) days from the date of receipt of such notice, the CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies that form the basis for the LEA's withholding payment. Upon receipt of the CONTRACTOR'S written request showing good cause sent pursuant to Section 2.3 (Notices) of this Contract, the LEA shall extend the CONTRACTOR'S time to respond by an additional fourteen days. The CONTRACTOR shall submit rebilling for payment no later than thirty (30) calendar days when an invoice is returned to the CONTRACTOR with a notice of withholding. Upon verification of remediation of identified deficiencies and receipt of rebilling, the LEA shall pay the resubmitted invoice in accordance with Schools: Section 4.1, Agencies: Section 5.1 (Rate Schedule) of this contract. If CONTRACTOR does not resubmit sufficient rebilling or verify remediation of identified deficiencies within thirty (30) calendar days, that shall constitute a reason to continue to withhold payment unless and until CONTRACTOR resubmits the bill and corrects the deficiencies as noted in the original notice of withholding.

San Diego County Nonpublic Master Contract Main Document

2017-2018

4.3 INSPECTION AND AUDIT

a. Maintenance of Fiscal Records

The CONTRACTOR shall maintain cost data in sufficient detail to verify the annual operating budget in providing education and designated instructional services to children with disabilities and shall make that data available to the LEA upon reasonable request consistent with the provisions of this section. Fiscal records shall be maintained by the CONTRACTOR for five years and shall be available for audit consistent with the provisions of this section.

b. Maintenance of Student Records

District of residence is the custodian of the student records.

c. LEA Access to Documents Related to the Master Contract

The CONTRACTOR shall provide access to, or forward copies of, any documents or other matters relating to the contract within 20 days upon reasonable request by the LEA except as otherwise provided by law. The reason for this request for records shall be provided to the CONTRACTOR at the time it is made. The CONTRACTOR may request from the LEA an extension of time to comply with any records request, which shall not be unreasonably withheld. Such documents may include: 1) registers and roll books of teachers; 2) daily service logs and notes or other documents used to record the provision of related services; 3) absence verification records; 4) transportation records; 5) staff lists specifying credentials held, business and/or professional licenses held documents evidencing other qualifications; 6) dates of hire, and dates of termination; 7) staff time sheets; 8) non-paid volunteer sign-in sheets; 9) related services contracts; 10) school calendars; 11) bell/class schedules; 12) liability and workers' compensation insurance policies; 13) state nonpublic school certifications; 14) marketing materials; 15) statements of income and expenses; 16) general ledgers and supporting documents; 17) all budgetary information and projections submitted by the CONTRACTOR to LEA for purpose of contract negotiations.

d. Audit Exceptions

The CONTRACTOR agrees to accept responsibility for receiving, replying to, and/or complying with any audit exceptions identified by appropriate LEA personnel or State or Federal audit agencies occurring as a result of the CONTRACTOR's performance of this contract. The CONTRACTOR also agrees to pay to the LEA within thirty days of demand by LEA for any financial penalties resulting from any audit exceptions to the extent they are attributable to the CONTRACTOR's failure to perform properly any of its obligations under this contract unless the LEA agrees to different terms in writing and any demand by LEA for such payment shall be made pursuant to the notice provisions of Section 2.3 of this contract. Any, and all audit exceptions must be specified in complete detail before any demand from the LEA for any amount set forth therein.

e. Reasons for Unannounced Visits

LEA and/or Special Education Local Plan Area representatives may make unannounced inspections when there is a concern regarding the health, safety, or welfare of a child, or a substantial concern regarding the implementation of the IEP.

CONTRACT YEAR _____

SECTION 1: EDUCATIONAL PROGRAM

1.1 ADMISSION/ENROLLMENT PROCEDURES

Prior to the CONTRACTOR deciding whether or not to enroll a pupil, the LEA shall provide the CONTRACTOR a copy of the pupil's current IEP/IFSP, and facilitate an observation of the pupil, data gathering from the current or prior education providers, and any other reasonable information gathering CONTRACTOR wishes to undertake prior to making an enrollment decision. The CONTRACTOR retains the right to decline enrollment of any pupil and nothing in this contract shall be construed to limit this right.

If a pupil is being considered for enrollment, his or her IEP/IFSP shall be reviewed in collaboration with the LEA, CONTRACTOR, parents, and other invited participants, as appropriate.

The CONTRACTOR shall notify the LEA of its decision to decline enrollment or the effective date of enrollment of the pupil in accordance with Section 9 (Notices) of this contract within 10 working days of receipt of the referral.

1.2 SUPPLIES AND EQUIPMENT

The CONTRACTOR shall be responsible for providing all standard and usual supplies and equipment required for the general program provided by CONTRACTOR. If an individual pupil's IEP/IFSP requires specialized equipment and/or supplies beyond the CONTRACTOR'S general program, the LEA shall provide them unless otherwise specified in the Individual Services Agreement. The LEA shall provide the low incidence equipment assigned to the pupil through the IEP/IFSP unless CONTRACTOR specifically agrees in the Individual Services Agreement to provide the low incidence equipment. Supplies and/or equipment purchased and/or provided by the LEA remain the property of the LEA and supplies and/or equipment purchased and/or provided by CONTRACTOR remain the property of CONTRACTOR, if not specifically reimbursed by the LEA for that specific supply or equipment. If the CONTRACTOR provides DIS and/or related services, the CONTRACTOR shall be responsible for providing usual and reasonable supplies and assessment tools necessary to implement the provision of services unless otherwise agreed in the Individual Services Agreement.

1.3 CALENDAR

The CONTRACTOR shall only provide designated instruction and services during the period of the pupil's regular or extended school year program, or both, at the location designated by the IEP, unless otherwise specified by the pupil's IEP/IFSP. The CONTRACTOR shall observe the following legal holidays including Independence Day, Veteran's Day, Labor Day, Thanksgiving Day, Christmas Day, New Year's Day, Dr. Martin Luther King Jr. Day, President's Day, and Memorial Day, as specified in the CONTRACTOR'S official calendar. Make-up sessions may be scheduled for other days of school vacations.

1.4 PARENT VISITS/COMMUNICATION

- a. The CONTRACTOR shall provide for reasonable parental visits to all of the agency facilities including, but not limited to, the instructional setting attended by pupils and recreational activity areas. CONTRACTOR shall notify case manager or other authorized district representative of all planned parental visits, and provide opportunity for case manager or other district representative to attend visit. The CONTRACTOR shall use its good faith efforts to provide that parental visits are in agreement with a court order, if any.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX B: AGENCIES
2017-2018

- b. All communication between CONTRACTOR and Parent regarding programmatic decisions must include case manager or other authorized IEP team member, unless authorized by LEA representative or case manager, regarding program recommendations.

1.5 **OWNERSHIP**

All activity plans, token systems, reinforce systems or inventories, visual schedules, data, drills, progress reports, quarterly reports, behavior intervention plans, behavior support plans, behavior graphs, student assessment results, and program materials created specifically for individual pupils by CONTRACTOR under this Agreement shall be the joint property of CONTRACTOR and LEA.

1.6 **STAFF ABSENCES**

When a provider is absent, The CONTRACTOR shall provide appropriate coverage in accordance with EC section 56061. The CONTRACTOR shall provide the LEA the documentation of such coverage upon request. As appropriate, the CONTRACTOR and the LEA may make arrangements for make-up sessions, usually within 30 days, at a mutually convenient time and location if appropriate staff is not available to provide coverage for staff absences.

CONTRACTORS who provide nurses, 1:1 aides or 1:1 behavior intervention staff in accordance with an individual student's IEP/IFSP shall provide substitute coverage when the staff member is absent, unless other arrangements have been made with the LEA on a case by case basis.

SECTION 2: ATTENDANCE

The CONTRACTOR shall keep original records of services provided to each pupil in a register, report or record with the pupil's absences clearly indicated. The CONTRACTOR shall file the signed copies of such service logs with monthly invoices to the LEA within thirty (30) days of the close of the school month. The documents and reports identified in this section shall be provided to LEA pursuant to the provisions in Section 2.3 (Notices) of the Nonpublic Master Contract Main Document. The CONTRACTOR is responsible for verifying accuracy of the service logs and for informing subcontractors of their personal responsibility for the completion and accuracy of said forms. A unit of service for payment purposes is one session as specified in the pupil's IEP/IFSP.

If a pupil's absences exceed more than ten days, the CONTRACTOR may notify the LEA of the intent to terminate the Individual Services Agreement and if it does, at the same time it shall request an IEP/IFSP meeting. Said notice shall be provided pursuant to Section 9 (Notices) of this contract. Upon receipt of this request, the LEA shall convene an IEP/IFSP meeting as soon as possible to review the placement, modify the IEP/IFSP if appropriate, or determine another appropriate placement option for the student.

If a CONTRACTOR attempts to provide services for 5 consecutive days or sessions, and the student is not available for the service, the CONTRACTOR may suspend the Individual Services Agreement and notify the district of the need to convene a meeting of the IEP/IFSP team to attempt to resolve the problem. If a pupil's absences exceed more than ten unreimbursed days, the CONTRACTOR may notify the LEA of the intent to terminate the Individual Services Agreement and if it does, at the same time it shall request an IEP/IFSP meeting. Said notice shall be provided pursuant to Section 9 (Notices) of this contract. Upon receipt of this request, the LEA shall convene an IEP/IFSP meeting as soon as possible to determine another appropriate placement option for the student.

SECTION 3: SAFETY

3.1 **SAFE AND APPROPRIATE ENVIRONMENT**

If nonpublic agency services are not provided on a school site, the CONTRACTOR shall be responsible for providing facilities in which it provides the services agreed to in the Individual Services Agreement, unless there is written agreement to the contrary. CONTRACTOR shall comply with applicable law with respect to the structural specifications of the facilities in which it provides services. CONTRACTOR shall comply with all applicable local, county, and/or state ordinances and statutes relating to fire,

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX B: AGENCIES
2017-2018

health, sanitation and building safety. If services are provided at a school site, the CONTRACTOR shall participate in the regularly scheduled fire, earthquake, and disaster drills as appropriate.

When the IEP specifies that NPA services are to be provided in the child's home, the parent/guardian or another adult caregiver designated by the parent shall be present in the home while the services are delivered.

SECTION 4: CONFLICT OF INTEREST

All recommendations for service by CONTRACTOR are the decisions of the IEP team.

To the extent required by EC section 56366.3, CONTRACTOR shall not provide special education and related services, administration, or supervision by an individual who is or was an employee of a contracting district, special education local plan area, or county office within the last 365 days, except if the individual was involuntarily terminated or laid off as part of necessary staff reductions from the contracting district, special education local plan area, or county office. This provision does not apply to any person who is able to provide designated instruction and services during the extended school year because he or she is otherwise employed for up to 10 months of the school year by the district, special education local plan area, or county office. For purposes of this section the special education local plan area shall be the special education local plan area of which the LEA is a member and the county office shall refer to the San Diego County Office of Education.

In terms of determining whether an individual who provides special education and related services, administration, or supervision, is or was an employee of a contracting district, special education local plan area, or county office within the last 365 days or whether the individual was involuntarily terminated or laid off as part of necessary staff reductions from the contracting district, special education local plan area, or county office, the information provided to the CONTRACTOR by the individual in his or her application for employment, resume, or other paperwork, shall be conclusive evidence on this issue for purposes of determining compliance (if required) with EC section 56366.3. No payment shall be withheld or reimbursement demanded from CONTRACTOR if the individual failed to disclose on his or her application, resume, or paperwork, submitted to the CONTRACTOR that he or she is or was an employee of a contracting district, special education local plan area, or county office within the last 365 days or misstates the reason for separation. However, if the LEA subsequently provides CONTRACTOR written notice (pursuant to Section 9 of this contract) that an individual who provides special education and related services, administration, or supervision, is or was an employee of a contracting district, special education local plan area, or county office within the last 365 days (and was not involuntarily terminated or laid off as part of necessary staff reductions) the CONTRACTOR shall have five school days from receipt of the written notice to investigate the matter and to determine the accurate facts and whether the individual should be terminated. The CONTRACTOR shall not be subject to any payment withholding or reimbursement demands ("penalties") for the time period prior to receiving the written notice or for the five school days after such written notice is received.

The CONTRACTOR shall be subject to penalties required by EC section 56366.3, commencing the sixth school day after such notice is provided only if both of the following conditions occur: 1) if it is determined that the individual was an employee of a contracting district, special education local plan area, or county office within the last 365 days and was not involuntarily terminated or laid off as part of necessary staff reductions and 2) if the individual was not terminated prior to the sixth school day after receiving written notice from the LEA, special education local plan, or county office, or did not otherwise stop providing special education and related services, administration or supervision on behalf of CONTRACTOR. If the CONTRACTOR is subject to penalties, the time period for which penalties may be assessed, if required by EC section 56366.3, shall not be retroactive but shall only commence on the sixth school day after the CONTRACTOR received written notice from the LEA as specified in this paragraph. The penalty, if imposed, shall only apply to the salary of the person who was previously employed by an LEA within the last 365 days.

INTERIM WRITTEN APPROVAL

For Provision of Special Education/Related Services and Payment

Pursuant to Section 1.1 of the Master Contract (Main Document),
the Local Education Agency (LEA) _____
provides to the CONTRACTOR _____
interim written approval for CONTRACTOR to provide the agreed upon Special Education and/or Related Services
identified in the most recent IEP/IFSP of _____,
(Student Name)

at the rates set forth in Schools: Section 4.1 of the Master Contract for the 201____ - 201____ Contract
Year.

Anticipated Student Start Date: _____.

This interim written approval shall be for a maximum period of 90 days, beginning with the anticipated student start date at the nonpublic school or nonpublic agency. If an Individual Services Agreement and/or Master Contract is not completed and executed by the LEA and the CONTRACTOR within this 90 day period, the LEA or CONTRACTOR may request an IEP meeting to be held as soon as possible to discuss a change in placement for the pupil. The LEA shall continue to reimburse the CONTRACTOR as set forth in the interim written approval, or as otherwise agreed by the parties in writing, pending any change in placement or subsequent execution of an Individual Services Agreement.

This interim written approval does not require the CONTRACTOR to provide services for 90 days, or for any maximum period of time. The parties have already agreed, or may agree, to hold an IEP meeting within 30 days of the student's first day of attendance.

Board Item - G.-2.

Issue:

Excursions and field trips.

Superintendent's Recommendation:

Report on excursions and field trips.

Analysis:

In accordance with Board Policy 6153, school-sponsored trips are designed to promote and enhance classroom learning experiences. Such trips shall encourage new interests among students; make them more aware of community resources; and help them relate their school experiences to the outside world. The following excursions and field trips were approved by the superintendent and/or his designee. All excursions and field trips are on file in the office of leadership development and systems innovation.

For questions regarding this board Item, please contact Dr. Dianna Carberry at (619) 585-4490 or dianna.carberry@sweetwaterschools.org.

Fiscal Impact:

None.

June 26, 2017

Board Item - G.-3.

Issue:

Contracts with certified nonpublic, nonsectarian schools and agency services.

Superintendent's Recommendation:

Approve contracts with certified nonpublic, nonsectarian schools and agency services for students with disabilities who require them according to their Individualized Education Programs (IEPs) for the 2017-2018 school year.

Analysis:

Federal Individuals with Disabilities Education Act (IDEA) law mandates the Local Educational Agencies provide the appropriate level of educational services to students with disabilities. Under the provisions of California Education Code Section 56000, the district is required to provide special education or related services to individuals with exceptional needs and to contract for such services with private nonsectarian schools and agencies as appropriate.

Contracts for the following certified nonpublic, nonsectarian schools and agency services are as indicated: ABA Behavior Therapies and Testing, Autism Experts Empowering Families and Children Together (AEFCT), Advanced Neurobehavioral Health, American Center For Learning, Aseltine School, Autism Comprehensive Educational Services (ACES), Autism Spectrum Consultants, Balboa City School, Banyan Tree Foundations Academy, Brain Learning Psychological Corporation, Center for Autism and Related Disorders (CARD), Children's Hospital and Health Center, Children's Occupational Therapy Services, Coast Music Therapy, Community Transition Academy, Crimson Center For Speech, Dependable Nursing, Dyslexia Training Institute, EBS Health Care Services, Easter Seals National City, Encinitas Learning Center, Excelsior Academy, Expressive Solutions, Family Guidance & Therapy Center, Fred Finch Youth Center, SDCOE-Friendship School, Heritage School, Include Autism, Innovative Therapy 4 Kids, The Institute for Effective Education - Children's Workshop; Cook Education Center; Urban Skills Center; Aim High (at Mt. Helix Academy), Dr. Donald Janiuk, O.D., Junior Blind Foundation, Kara Dodds & Associates Pediatric Therapy Center, K.I.D.S. Therapy Associates, MacDougal-Morris Group, LLC (DBA: Pioneer Day School, Pioneer Learning Center, and Community School of San Diego High School), Moyers Center for Learning, New

Alternatives, Inc., New Bridge School, New Haven, Nurse Finders, Pack and Baines Vision Care, Professional Tutors Of America, Provo Canyon School, PT in Motion, San Diego Center for Children, San Diego Center for Vision Care, Schloyer Audiology, Sound Therapies, Specialized Therapy Services, Stein Education Center (Vista Hill Organization), Specialized Education of California Services, Inc. (DBA: Sierra Academy and Springall Academy), Speech Tree Therapy Center, Southern California Collaborative Therapy, The Autism Group (TAG), TheraStaff, Therapists Unlimited, Training, Education, Research and Innovation (TERI, Inc.), Verbal Behavior Associates, Vista Hill Foundation, The Winston School, and West Shield Adolescent Services.

Based on individual student needs, additional non-public schools or agencies may be brought forward to the board during the course of the school year for approval.

For questions regarding this board item, please contact Ana Maria Alvarez at (619) 691-5546 or ana.alvarez@sweetwaterschools.org.

Fiscal Impact:

Expenditure of \$4,100,000, to be paid from the special services budget, Resource Code: 6500.

2017-2018

NONPUBLIC
MASTER CONTRACT

CONTRACT YEAR _____

This Master Contract is made and entered into

this _____ day of _____, 20____ between the

_____, County of San Diego,
(Local Education Agency)

hereinafter sometimes referred to as the "LEA," and

(Nonpublic,)

hereinafter referred to as "CONTRACTOR."

San Diego County Nonpublic Master Contract Main Document

2017-2018

SECTION 1: AUTHORIZATION FOR MASTER CONTRACT AND GENERAL PROVISIONS

1.1 MASTER CONTRACT

For the purpose of providing special education and related services to individuals with exceptional needs under the authorization of Education Code sections 56157, 56361, and 56365-56366.5 the Master Contract consists of (the Main Document and Master Contract Appendices A (Schools), B (Agencies), C (Room & Board)). The general term "Master Contract" refers to the Master Contract /Main Document/ and Master Contract /Appendices A (Schools), B (Agencies), and C (Room and Board) given to the CONTRACTOR by a representative of the LEA's Special Education Unit on terms acceptable to the LEA and CONTRACTOR.¹ It is also understood that this contract does not commit the CONTRACTOR to provide special education and related services to any individual unless and until an Individual Services Agreement is executed between the LEA and the CONTRACTOR on behalf of such individual or interim written approval is given to the CONTRACTOR by an authorized representative of the LEA's Special Education Unit. This interim written approval shall be for a maximum period of 90 days, beginning with the anticipated student start date, during which time the contract and/or Individual Services Agreement shall be completed and executed by the LEA and CONTRACTOR. If an Individual Services Agreement is not completed and executed by the LEA and the CONTRACTOR within this ninety-day period, the LEA or CONTRACTOR may request an IEP meeting to be held as soon as possible to discuss a change in placement for the pupil. The LEA shall continue to reimburse the CONTRACTOR as set forth in the interim written approval, or as otherwise agreed by the parties in writing, pending any change in placement or subsequent execution of an Individual Services Agreement.

1.2 SUPERSEDES PRIOR CONTRACTS

This Master Contract includes the Main Document, Appendix A (Schools), Appendix B (Agencies), Appendix C (Room and Board), to the extent that they are applicable, and each ISA, all of which are incorporated herein by this reference and any exhibits or attachments hereto constitute the entire agreement between the parties to this contract and supersedes any prior contract, understanding, or agreement with respect to the terms set forth in this contract.

1.3 MODIFICATIONS AND AMENDMENTS

The LEA and CONTRACTOR agree that any amendments to the contract must be in writing and approved by the LEA's Governing Board and the Board of Directors/Trustees or authorized representative of CONTRACTOR. Prior to executing a written amendment to the contract, the LEA shall obtain approval from the San Diego County SELPA Directors and the County Director of Special Education. In implementing this Master Contract, any specific terms related to an individual pupil shall be reflected in the Individual Services Agreement.

1.4 INDIVIDUAL SERVICES AGREEMENT

The LEA and CONTRACTOR shall enter into an Individual Services Agreement for each pupil who is to receive special education and/or related services provided by the CONTRACTOR. The LEA is responsible for completing each pupil's Individual Services Agreement, which shall identify the provider of each service required by the pupil's Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP) (CCR 3062(e)). Individual Services Agreements shall only be issued for those pupils enrolled with the approval of the LEA. Changes in any LEA pupil's educational program, including instruction, services, or instructional setting provided under this contract, may only be made on the basis of revisions to the pupil's IEP or IFSP. At any time during the term of this contract, the parent, the CONTRACTOR or LEA may request a review of the pupil's IEP/IFSP, subject to all procedural safeguards required by law, including notice given to and participation by the CONTRACTOR in the IEP Team meeting. In the event that the CONTRACTOR recommends that the pupil requires either a lesser or more restrictive placement than the CONTRACTOR can provide, the CONTRACTOR will notify the LEA immediately. The LEA shall expedite the review and/or the resulting change in placement, and shall modify the Individual Services Agreement as appropriate if there is a change in the instructional and/or other services provided.

¹ Please see Appendix B for Agencies for exceptions to NPA Hired as Full Time Equivalent.

San Diego County Nonpublic Master Contract Main Document

2017-2018

1.5 NONPUBLIC CERTIFICATION OR WAIVER

A current copy of the CONTRACTOR'S California Department of Education Nonpublic Certification or waiver of such certification issued by CDE pursuant to EC 56366.2 is attached hereto. This Master Contract shall be null and void if such certification is expired, revoked, rescinded, or otherwise nullified during the effective period of this contract.

1.6 TERM OF MASTER CONTRACT

Neither the CONTRACTOR nor the LEA is required to renew this contract in subsequent contract years. In the event that a pupil is enrolled with the CONTRACTOR during the term of this contract and said pupil continues to receive special education and/or related services by the CONTRACTOR as approved by the LEA in accordance with the pupil's IEP/IFSP and either (a) a new contract has not been fully executed or (b) the CONTRACTOR or the LEA chooses not to renew this contract, the terms of this contract and associated Individual Service Agreements shall apply to any and all special education and/or related services provided by CONTRACTOR and payment for those services by the LEA.

Upon agreement of both parties to this Master Contract, its provisions shall be retroactive to the beginning of this contract year (July 1st), to cover services provided by the CONTRACTOR to LEA students, unless otherwise mutually agreed upon by both parties.

The term of this Master Contract shall be from _____, 20 _____ to _____, 20 _____.

Any subsequent Master Contract is to be renegotiated prior to June 30 of each year.

This Master Contract has no force or effect until approved or ratified by the LEA's Governing Board.

1.7 COMPLIANCE WITH APPLICABLE FEDERAL AND STATE LAWS

During the term of this contract, the CONTRACTOR and LEA shall comply with all applicable federal and state laws and regulations relating to the required special education and designated instruction and services and facilities for individuals with exceptional needs, including those not expressly documented in this Master Contract.

a. Nondiscrimination

The CONTRACTOR and the LEA shall not discriminate on the basis of race, religion, sex, national origin, age, sexual orientation disability or any other classification protected by federal or state laws in employment or operation of its programs.

b. Sexual Harassment Policy

The CONTRACTOR shall have a written policy on sexual harassment in accordance with state and federal regulations and guidelines.

c. Corporal Punishment Prohibitions

(l) No public education agency, or nonpublic school or agency serving individuals pursuant to Education Code Section 56365 et seq., may authorize, order, consent to, or pay for any of the following interventions, or any other interventions similar to or like the following:

- (1) Any intervention that is designed to, or likely to, cause physical pain;
- (2) Releasing noxious, toxic or otherwise unpleasant sprays, mists, or substances in proximity to the individual's face;
- (3) Any intervention which denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
- (4) Any intervention which is designed to subject, used to subject, or likely to subject the individual to verbal abuse, ridicule or humiliation, or which can be expected to cause excessive emotional trauma;
- (5) Restrictive interventions which employ a device or material or objects that simultaneously immobilize all four extremities, including the procedure known as prone containment, except that prone containment or similar techniques may be used by

San Diego County Nonpublic Master Contract Main Document

2017-2018

trained personnel as a limited emergency intervention pursuant to subsection (i) of Ed Code Section 56521.2 (a) (5)
(6) Locked seclusion, except pursuant to subsection (i)(4)(A) of Ed Code Section 56521.2 (a) (6)
(7) Any intervention that precludes adequate supervision of the individual; and
(8) Any intervention which deprives the individual of one or more of his or her senses.

d. Student Discipline

Contractor shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations, such that students who exhibit serious behavioral challenges receive timely and appropriate assessments and positive supports and interventions in accordance with the federal Individuals with Disabilities Education Act and its implementing regulations.

When a CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA and a manifestation IEP team meeting shall be scheduled by the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavioral plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10th) day of suspension.

e. Behavioral Emergency Reports (Ed. 56521.1(a))

(1) Anytime an emergency intervention is used pursuant to Ed Code Section 56521.1(a) subsection (i), CONTRACTOR must notify LEA and IEP team immediately and document emergency intervention in a "Behavioral Emergency Report" as defined by 56521.1(e).

(2) Whenever a "Behavioral Emergency Report" is written regarding an individual who does not have a behavioral intervention plan, the designated responsible administrator shall, within two days, schedule an IEP team meeting to review the emergency report, to determine the necessity for a functional behavioral assessment, and to determine the necessity for an interim behavioral intervention plan.

(3) Anytime a "Behavioral Emergency Report" is written regarding an individual who has a behavioral intervention plan, any incident involving a previously unseen serious behavior problem or where a previously designed intervention is not effective should be referred to the IEP team to review and determine if the incident constitutes a need to modify the plan.

(4) "Behavioral Emergency Report" data shall be collected by CONTRACTOR and be submitted to LEA.

(5) A summary of Behavioral Emergency Reports shall be submitted at least monthly to the LEA and the Director of the Special Education Local Plan Area of which the LEA is a member.

1.8 DEFINITIONS

"DAYS": For the purpose of the contract, "days" refers to calendar days unless otherwise specified.

"PARENT": For the purpose of the contract, a parent (34CFR 300.3Da) is the natural parent, adoptive parent, or legal guardian or any other adult granted educational decision-making rights by the natural or adoptive parent or a court of competent jurisdiction. A trained, certified surrogate parent, identified by the LEA, may act on behalf of the pupil if no parent, guardian or person acting as a parent can be located. The LEA shall be responsible for providing a translator for the parent if needed.

SECTION 2: ADMINISTRATION OF CONTRACT

2.1 NOTICES

Notices provided for by this contract shall be in writing, be delivered to the individual identified below in this section, and shall be delivered by certified, registered, or return receipt requested mail, postage prepaid, or by facsimile transmission, unless a specific section of this contract requires or allows notice or contact to be made in a different manner or to a different individual. The effective date of an invoice shall be the date of its receipt by the LEA. The effective date of all other notices shall be the date of the postmark or of the facsimile transmittal date identified in the document. In the event there is a change in the individual to be notified, the CONTRACTOR or the LEA shall provide written notice of the change and, after such notice is provided, all future notices shall be addressed to that individual. Notice may be provided under this section pursuant to regular United States mail if the LEA and CONTRACTOR agree in writing to notice by regular United States mail. If the LEA or CONTRACTOR does not identify an individual to be notified in this section, the person to be notified under this section shall be the LEA or CONTRACTOR representative that executes this contract.

Notices mailed to the LEA shall

San Diego County Nonpublic Master Contract Main Document

2017-2018

2.2 INDEPENDENT CONTRACTOR STATUS

This contract is by and between two independent contractors and is not intended to and shall not be construed to create the relationship of agent, servant, employee, partnership, joint venture or association.

2.3 SUBCONTRACT AND ASSIGNMENT

The CONTRACTOR shall not enter into an initial subcontract with any noncertified Nonpublic Agency (NPA) or provider, for any of the instructional or related services contemplated under this contract without first obtaining written approval by a representative of the San Diego County Office of Education (i.e. County Director of Special Education or a SELPA Director). Such approval shall not be unreasonably withheld. The LEA and CONTRACTOR shall maintain a copy of the written approval.

2.4 INDEMNIFICATION

The CONTRACTOR hereby indemnifies, defends, and holds harmless the LEA, its Board, officers, employees, agents, independent contractors, consultants and other representatives from and against any and all liabilities, claims, demands, costs, losses, damages, or expenses, including reasonable attorneys' fees and costs, and including but not limited to consequential damages, loss of use, extra expense, cost of temporary classrooms, that arise out of or result from, in whole or in part, the negligent, wrongful or willful acts or omissions of the CONTRACTOR, its employees, agents, subcontractors, independent contractors, consultants, or other representatives.

The LEA hereby indemnifies, defends, and holds harmless the CONTRACTOR, its Board, officers, employees, agents, independent contractors, consultants and other representatives from and against any and all liabilities, claims, demands, costs, losses, damages, or expenses, including reasonable attorneys' fees and costs, and including but not limited to consequential damages, loss of use, extra expense, cost of temporary classrooms, that arise out of or result from, in whole or in part, the negligent, wrongful or willful acts or omissions of the LEA, its employees, agents, subcontractors, independent contractors, consultants, or other representatives.

The CONTRACTOR shall have no obligation to indemnify, defend, or hold harmless the LEA, its Board, officers, employees, agents, independent contractors, consultants, and other representatives for the LEA's sole negligence or willful misconduct; and the LEA shall have no obligation to indemnify, defend, or hold harmless the CONTRACTOR, its Board, officers, employees, agents, independent contractors, consultants and other representatives for the CONTRACTOR'S sole negligence or willful misconduct. This indemnity shall survive the termination of the Contract or final payment hereunder, and is in addition to any other rights or remedies that the CONTRACTOR or LEA may have under the law or this contract.

2.5 INSURANCE

During the entire term of this contract and any extension or modification thereof, the CONTRACTOR shall keep in effect a policy or policies of general liability insurance, including contractual liability coverage, professional liability, and auto liability coverage of owned and non-owned vehicles used by CONTRACTOR in relation to the performance of service(s) under this Master Contract, with minimum limits of one million dollars (\$1,000,000) per occurrence, and three million dollars (\$3,000,000) in aggregate. Such insurance shall name LEA as an additional insured, and an endorsement evidencing such coverage shall be provided within 90 days, only as to matters arising out of this Master Contract for which CONTRACTOR has an obligation to indemnify the LEA, under the Indemnification clause, Section 2.6, of this Master Contract.

Not later than the effective date of this contract, the CONTRACTOR shall provide the LEA with satisfactory evidence of insurance. The insurance maintained by CONTRACTOR shall include a provision for the insurance provider to send written notice of cancellation or modification to the CONTRACTOR at least 30 calendar days before cancellation or adverse material change, or 10 days for nonpayment of premium. Such CONTRACTOR'S insurance may contain the same notice requirement for the LEA. If the insurance provider is only required to send such notice to the CONTRACTOR (but not the LEA) CONTRACTOR shall provide the LEA written notice of cancellation or adverse material modification within one business day after receiving such notice from the insurer. Such notice shall be provided pursuant to Section 2.3 (Notices) of this contract. The CONTRACTOR shall at its own cost and expense procure and maintain insurance under the applicable state's Workers' Compensation laws. Failure to maintain the above mentioned insurance coverage shall be cause for termination of this contract.

San Diego County Nonpublic Master Contract Main Document

2017-2018

LEA warrants that it is self-insured in compliance with the laws of the State of California, that the self insurance covers persons acting on its behalf or under its control, that its self insurance covers LEA's indemnification obligations to CONTRACTOR under this contract, and that LEA agrees to provide coverage to CONTRACTOR pursuant to this self insurance in the event the indemnification obligations of Section 2.6 of this contract are triggered. The LEA further warrants that it shall notify the CONTRACTOR pursuant to Section 2.3 (Notices) of this contract, of any material insurance coverage changes at least thirty days prior to the change.

CONTRACTOR agrees that any subcontractor with which it contracts to provide services pursuant to any Individual Services Agreement, shall submit written proof of insurance in a minimum amount of \$1,000,000 per occurrence, including general, liability, auto liability (if applicable), and professional liability (if applicable). Such insurance shall be maintained by any subcontractor for the scope of duties performed and duration of time it provides services to LEA pupils. Proof of insurance shall be provided to the LEA prior to the beginning of transportation services by a subcontractor, and upon renewal of coverage thereafter. Transportation subcontractors shall submit copies of insurance policies upon request of the LEA; otherwise, certificates of insurance may be acceptable proof, provided that the information thereon is adequate and verifiable. Subcontractors shall be required to provide to the CONTRACTOR written notice of cancellation of insurance or adverse material change in such insurance at least 30 days prior to cancellation or adverse material change or within one business day after receiving such notice, whichever is earlier.

2.6 TRANSPORTATION

Transportation costs are the responsibility of the LEA unless otherwise agreed to in writing. The CONTRACTOR shall provide each pupil whom the CONTRACTOR transports with adequate supervision during transports and with instruction in school bus emergency procedures and passenger safety, as appropriate to the pupil's needs. The CONTRACTOR shall have in place a transportation safety plan containing procedures for school personnel to follow to ensure the safe transport of pupils.

In the event the CONTRACTOR transports students due to health, behavior, or other emergencies, or as otherwise agreed to between the CONTRACTOR and the LEA, the LEA shall reimburse CONTRACTOR at the rate specified in this Master Contract (Rate Schedule - Schools: Section 4.1, Agencies: Section 5.1).

2.7 WAIVERS

The LEA and/or CONTRACTOR may independently or jointly submit waivers of applicable state laws and regulations.

2.8 SUCCESSORS IN INTEREST

This contract binds the CONTRACTOR's successors and assignees. CONTRACTOR shall not assign this Master Contract without the written consent of LEA, and any attempt by Contractor to effect such an assignment without the written consent of LEA shall make this Master Contract terminable at the option of the LEA.

2.9 SEVERABILITY

If any provision or portion of a provision of this contract is held in whole or in part to be unenforceable for any reason, the remainder of the provision and of the entire contract shall be severable and shall remain in effect.

2.10 CONFLICTS OF INTEREST

a. The CONTRACTOR agrees to furnish to the LEA a copy of its current bylaws and a current list of its Governing Board of Directors (or Trustees), if it is incorporated. LEA has the right to request a current list of the Board of Directors or Trustees at any time during the term of the Master Contract.

b. CONTRACTOR and members of its Board of Directors (or Trustees) shall disclose any relationship with LEA that constitutes or may constitute a conflict of interest including, but not limited to, employment with LEA, provisions of private party assessments and/or reports, and attendance at the IEP team meetings and/or due process proceedings.

San Diego County Nonpublic Master Contract Main Document

2017-2018

c. Anytime the CONTRACTOR is contracted to conduct a formal Independent Educational Evaluation (IEE), and the IEP team determines that services are necessary as a result of that IEE the LEA shall be obligated to select a service provider who is not the CONTRACTOR. Unless, a service provider who is not the CONTRACTOR is unavailable or unable to provide that service.

2.11 INABILITY TO MEET CONTRACT REQUIREMENTS

The CONTRACTOR shall notify the LEA in writing when the CONTRACTOR is unable to meet the requirements of this contract. The LEA shall notify CONTRACTOR in writing when the LEA is unable to meet the requirements of this contract.

2.12 DISPUTE RESOLUTION

Disagreements concerning the meaning, requirements or performance of this contract shall first be brought to the attention of the other party in writing, pursuant to the notice provisions (Section 2.3) of this contract, in an attempt to resolve the dispute at the lowest level. Any remaining disputes or disagreements may be resolved either 1) as voluntarily agreed to by the parties, 2) by equitable remedies, or 3) by other legal means.

2.13 DUE PROCESS AND COMPLAINT PROCEDURES

CONTRACTOR and LEA shall comply with all applicable federal and state laws and regulations related to Due Process and the rights of students and parents.

CONTRACTOR agrees to maintain policies and procedures as follows: (1) Uniform Complaint Procedures pursuant to Title 5 of the California Code of Regulations section 4600 *et seq.*; (2) Nondiscrimination policy pursuant to Title 5 of the California Code of Regulations section 4960 (a); (3) Sexual Harassment Policy, California Education Code 231.5 (a) (b) (c); (4) Title IX Student Grievance Procedure, Title IX 106.8 (a) (d) and 106.9 (a); and (5) Notice of Privacy Practices in compliance with Health Insurance Portability and Accountability Act (HIPAA).

2.14 VENUE AND GOVERNING LAW

This contract, and conditions of this contract, shall be governed by the laws of the State of California with venue in San Diego County, California.

2.15 RIGHT TO REPORT MASTER CONTRACT VIOLATIONS

The CONTRACTOR acknowledges and understands that the LEA may report to the CDE any violations of the provisions of this contract; and that may result in the suspension of the CDE nonpublic school certification pursuant to California EC section 56366.4(a).

2.16 TERMINATION OF MASTER CONTRACT AND/OR INDIVIDUAL SERVICES AGREEMENT

a. Master Contract

Either the LEA or the CONTRACTOR may terminate this Master Contract for cause as set forth in EC section 56366(a)(4), with twenty (20) days written notice pursuant to Section 2.3 of this contract, or immediately if the CONTRACTOR and LEA mutually agree that there are significant health or safety concerns. Cause shall include but not be limited to non maintenance of current nonpublic school certification, failure of either the LEA or the CONTRACTOR to maintain the standards required under the Master Contract and/or Individual Services Agreement, or material breach of the contract by CONTRACTOR or LEA. To terminate the contract either party shall give a minimum of 20 days written notice pursuant to the provisions of Section 2.3 (Notices) of this contract. Upon termination, the LEA shall pay within 45 days, without duplication, for all services performed and expenses incurred to date of termination according to the provisions set forth in Schools Document Section 4.1, Agencies Document Section 5.1 (Rate Schedule) and Main Document Section 4.1 (Billing and Payment) of this contract. CONTRACTOR shall provide to the LEA the IEP/IFSP and all related documents in its possession or under its control pertaining to its services,

San Diego County Nonpublic Master Contract Main Document

2017-2018

for all pupils of the LEA who were receiving services from the CONTRACTOR in accordance with applicable state and federal laws regarding student records.

b. Individual Services Agreement

The Individual Services Agreement may be terminated or suspended by the LEA or the CONTRACTOR for cause, as set forth in EC section 56366(a)(4), with twenty (20) days written notice pursuant to Section 2.3 (Notices) of this contract, or immediately if the CONTRACTOR and the LEA mutually agree that there are significant health or safety concerns.

Individual Services Agreements are null and void upon termination of the Master Contract.

The LEA shall not terminate Individual Services Agreements because of the availability of a public class initiated during the course of the contract unless the parent agrees to the transfer of a pupil to a public school program, which agreement must only be given in a duly called and held IEP/IFSP meeting at which the CONTRACTOR is present.

2.17 INDIVIDUALIZED EDUCATION PROGRAM (IEP) / INDIVIDUALIZED FAMILY SERVICE PLAN (IFSP)

When a pupil is accepted for enrollment in a nonpublic school, the CONTRACTOR shall provide the pupil a program of educational instruction and services within the nonpublic school, which is consistent with his or her IEP/IFSP as specified in each pupil's Individual Services Agreement.

The CONTRACTOR shall implement those responsibilities delegated to CONTRACTOR in the plan for transition services (per EC section 56445 and EC section 56462) as stated by the IEP/IFSP.

The CONTRACTOR shall provide an appropriate adult to pupil ratio for pupils with exceptional needs between three and five years of age, in accordance with EC 56441.5.

The LEA shall invite the CONTRACTOR and the CONTRACTOR shall participate in all IEP/IFSP meetings, including those related to placement and those called by the parent in accordance with EC section 56343.5, so long as the pupil is to be served by the CONTRACTOR pursuant to an Individual Services Agreement. The child's present teacher shall participate in the IEP meeting in accordance with EC 56341(b)(3). Every effort shall be made to schedule the meeting at a time and place that is mutually convenient to parents, CONTRACTOR's staff, and LEA's staff.

The local educational agency shall oversee and evaluate the pupil's placement in the NPS through the IEP process. The IEP team shall evaluate whether the pupil is making appropriate educational progress through a review of the student's progress toward IEP goals and, as appropriate, a review of the pupil's scores on state assessments. If the NPS staff or LEA will be making recommendation(s) for significant changes to the student's program, placement or services, the LEA Case Manager and representative of the NPS shall discuss the recommendation(s) prior to the IEP meeting. The IEP team will consider whether or not the needs of the pupil continue to be best met at the nonpublic school, whether changes to the pupil's IEP are necessary, and whether the pupil may be transitioned to a public school setting (EC 56366(a)(2)(B), EC 56343(d), EC 56043(h)). Partial day attendance at the NPS may be appropriate to support transition to a public school program.

2.18 FREE APPROPRIATE PUBLIC EDUCATION

No charge of any kind to parents shall be made by the CONTRACTOR for educational activities and related services specified on the pupil's IEP/IFSP, including screening or interviews which occur prior to or as a condition of a pupil's enrollment under the terms of the contract, except as specified in writing in a due process procedure that is signed by all relevant parties and attached to the relevant pupil's Individual Services Agreement, or for voluntary extracurricular activities conducted subsequent to written notification to parents as to the cost and the voluntary and extracurricular nature of the activity. Unless the activity (for example, field trips) takes place during a school vacation or holiday, pupils not participating in such activities shall continue to receive special education and/or related services as set forth in their IEP/IFSPs.

San Diego County Nonpublic Master Contract Main Document

2017-2018

2.19 TRANSITION TO A LRE

CONTRACTOR & LEA shall support Least Restrictive Environment options, including dual enrollment, if appropriate, for students enrolled in NPS to have access to the general curriculum and to be education with nondisabled peers to the maximum extent appropriate.

CONTRACTOR & LEA shall address LRE placement options for students enrolled in NPS at all IEP team meetings, including whether the students may be transitioned to a public school setting.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommendations activities to support the transition.

2.20 PUPIL PROGRESS

The CONTRACTOR shall have written procedures in place for measuring progress utilizing on-going data collection in the goal areas identified on the IEP/IFSP.

The CONTRACTOR shall provide to parents and the LEA case manager written pupil progress reports on the goals in the IEP/IFSP, no less than quarterly. The CONTRACTOR shall submit an updated report if there is no current progress report when pupils are scheduled for a review by the IEP/IFSP team or when a pupil's enrollment is terminated.

The CONTRACTOR shall allow periodic review of each pupil's instructional program by the LEA. Representatives of the LEA shall have reasonable access to observe each pupil at work, observe the instructional setting, meet with the CONTRACTOR and review each pupil's progress, including the behavioral intervention plan, if any. LEA representatives making site visits shall initially report to the CONTRACTOR's site administrative office.

2.21 ASSESSMENTS

a. Individual Student Assessments

If the CONTRACTOR receives a parent request for evaluation, the CONTRACTOR shall inform the parent of his or her ability to submit a written request for evaluation to the LEA in accordance with applicable law. The LEA shall collaborate with the CONTRACTOR to develop the evaluation plan and submit it to the parent for approval. The LEA retains the responsibility for conducting triennial evaluations (EC 56381(c)).

2.22 CONFIDENTIALITY OF RECORDS

All reports, records and other documents that CONTRACTOR is required to submit to LEA, the Special Education Local Plan Area, or otherwise, pursuant to this contract, shall be redacted to the extent necessary and appropriate to protect the confidentiality and privacy of pupils, employees, and subcontractors, as provided for pursuant to state and federal law.

2.23 FORWARDING OF EDUCATIONAL RECORDS

The CONTRACTOR agrees, in the event of school closure, to immediately forward pupil records to the LEA pertaining to the LEA's pupils enrolled in CONTRACTOR's educational program. These records shall include, but need not be limited to, current transcripts, IEP/IFSPs and results of performance testing.

2.24 DATA REPORTING

CONTRACTOR agrees to provide LEA with all student information required for LEA to report to the California Longitudinal Pupil Achievement Data System (CALPADS) as well as other data as required by Every Student Succeeds Act (ESSA) or any federal data reporting requirements, including, but not limited to, data required to calculate enrollment and dropout and graduation rates.

San Diego County Nonpublic Master Contract Main Document

2017-2018

SECTION 3: PERSONNEL

3.1 VERIFICATION OF CREDENTIALS, LICENSES AND OTHER QUALIFICATIONS

The CONTRACTOR shall provide all contracted special education, and/or related services required by the IEP/IFSP, Master Contract and Individual Services Agreement by appropriately qualified staff. The CONTRACTOR shall provide appropriately credentialed teachers and/or licensed or license-eligible personnel or other education related mental health provider consistent with the California laws and regulations unless the California Department of Education has granted a written waiver. The CONTRACTOR shall be responsible for monitoring the status of waiver applications submitted to the state for all non-credentialed teachers and non-licensed service providers. All non-credentialed teachers and non-licensed service providers shall apply for a waiver.

For a NPSs A-G course credits, only University of California A-G approved courses will be accepted by contracting districts.

The CONTRACTOR shall be responsible for verification of credentials and licenses held by its employees, agents and subcontractors. Once the CONTRACTOR has provided the LEA with a copy of the credential or license for all staff providing services to children with disabilities, the CONTRACTOR shall supply the LEA with copies of any changes in the credentials or licenses of staff within 45 days of the change in accordance with Title 5, Section 3062.

The CONTRACTOR is fiscally responsible for all training necessary to provide appropriate services per IEP/IFSP. The LEA shall not reimburse CONTRACTOR for training that occurs outside of contact time with student, and that is not during implementation of IEP/IFSP.

Where behavior intervention services are provided by a nonpublic agency, the CONTRACTOR shall train staff in implementing the behavior support plan or Behavior Intervention Plan and pupils shall receive the level of supervision required in the pupil's IEP/IFSP.

The CONTRACTOR shall comply with all laws and regulations governing the licensed professions, including the provisions with respect to supervision.

3.2 EMPLOYEE FINGERPRINTS AND TUBERCULOSIS TESTING

The CONTRACTOR shall ensure that employee fingerprints have been processed in a manner required by EC section 44237. The CONTRACTOR shall maintain a file containing a current certificate of each person covered by Health and Safety Code Sections 121525-121555 (tuberculosis testing). In addition, contractor will adhere to all of the requirements under AB 389.

3.3 QUALIFICATIONS OF INSTRUCTIONAL AIDES AND TEACHER ASSISTANTS

Effective July 1, 2001 the CONTRACTOR shall ensure that newly hired instructional aides and teacher assistants have demonstrated proficiency in basic reading, writing, and mathematics skills, based on a test selected and administered by the CONTRACTOR.

3.4 REQUIREMENT TO REPORT

a. Child Abuse or Molestation

The CONTRACTOR shall maintain a signed statement by all personnel required to sign such a statement under the child abuse reporting laws, acknowledging their training and understanding of the reporting requirements regarding observed or suspected cases of child abuse. When filing a child abuse report under the Child Abuse Reporting laws, the CONTRACTOR shall include in the report the name, telephone number and address of the LEA representative as identified in Section 2.3 (Notices) of this contract.

San Diego County Nonpublic Master Contract Main Document

2017-2018

b. Missing Students

The CONTRACTOR shall ensure that staff is aware of its responsibility and requirement to report to parents, and local law enforcement as appropriate, when a pupil leaves campus without permission, immediately upon confirmation that the pupil is missing, in accordance with EC 49370. The CONTRACTOR shall contact the LEA Case Manager by telephone no later than the end of the day in the event a pupil leaves campus without permission, does not return that school day, and is not located at his or her residence or in the custody of his or her parent or guardian.

c. Student Injury

The CONTRACTOR agrees to complete a written report when a pupil has suffered an injury that requires medical attention, and notify the LEA case manager within 48 hours.

In case of incident, the CONTRACTOR agrees to submit a written report to the LEA case manager by the end of the following school day, in cases of injury resulting from physical restraint or the death of a student. The CONTRACTOR agrees to reasonably participate in any communications between a pupil's parents and the LEA regarding any injuries resulting from physical restraint.

SECTION 4: FISCAL

4.1 BILLING AND PAYMENT

a. Invoices

The CONTRACTOR shall submit invoices monthly. The effective date of an invoice shall be the date of the receipt by the LEA. Invoices should clearly reflect rates as specified in the Master Contract, be in accordance with the Individual Services Agreements, and include all days of creditable service, beginning no earlier than the date specified in the Interim Written Approval or ISA. The CONTRACTOR shall submit said invoice for services rendered no later than thirty (30) days from the end of the attendance accounting period calendar month in which said services are actually provided and the invoice shall be submitted pursuant to Section 2.3 (Notices) of this contract. All education related mental health services will be billed by contractor in separate invoice.

b. Late Invoices

If the LEA does not receive a properly submitted invoice within thirty (30) days from the end of the attendance accounting period calendar month, the LEA may deduct 1.5% per month, calculated proportionately per day, of that total invoice, if the LEA does not agree to the request of the CONTRACTOR to an extension of time to submit the invoice.

c. Payment

The LEA shall make payment within forty-five (45) days of receipt of a properly prepared and submitted invoice and such payment shall be submitted pursuant to Section 2.3 (Notices) of this contract. This payment shall be at the rates agreed to in the Rate Schedule (See Appendix A for Schools, B for Agencies, and C for Room and Board) of this contract and shall be in an amount equal to the number of creditable days of attendance during both the regular and extended school years, make-up sessions (including "excused" absences) per the individual services agreement for each pupil. This calculation shall include the Extended School Year if the pupil is enrolled in the Extended School Year, and any other absence for which the LEA has agreed to pay CONTRACTOR and any related services and transportation costs as specified in the Rate Schedule (See Appendix A for Schools, B for Agencies, and C for Room and Board) of this contract and in accordance with the Individual Services Agreements. If no notice of withholding is provided to CONTRACTOR within 10 working days of receipt of an invoice, the LEA shall not withhold any payment. Payment by the LEA shall refer to the invoice number or the date of the bill submitted by the CONTRACTOR.

San Diego County Nonpublic Master Contract

Main Document

2017-2018

d. Pupil Enrolled Prior to Approval of Agreement to a Contract

Ed Code addresses situations when a contract has not yet been developed and the pupil is enrolled and receiving services from the Nonpublic School or Agency (ED 56366.9 c (1)).

"If a pupil is enrolled in a nonpublic, nonsectarian school or agency with the approval of the local educational agency prior to agreement to a contract or individual services agreement, the local educational agency shall issue a warrant, upon submission of an attendance report and claim, for an amount equal to the number of creditable days of attendance at the per diem tuition rate agreed upon prior to the enrollment of the pupil. This provision shall be allowed for 90 days during which time the contract shall be consummated."

e. Late Payment

If the payment is not postmarked from the LEA within forty-five (45) days of the receipt of the invoice, the LEA agrees to pay an additional fee of 1.5% interest per month on amounts not paid, such interest being calculated beginning day forty-six (46) from receipt of the invoice. Interest shall be calculated in accordance with standard accounting procedures. The CONTRACTOR shall bill the LEA for the interest. Failure by the LEA to pay an appropriately submitted invoice within 90 days of receipt may be considered a breach of contract.

f. Medi-Cal Reimbursement

Documentation of LEA Medi-CAL Billable Services will be completed by the provider. All documentation of provider services shall be given to the District/SELPA for reimbursement submissions to Medi-Cal. The contractor will not submit any claims in the LBO (LEA) program and the LEA has the right to submit claims for reimbursement.

4.2 RIGHT TO WITHHOLD

The LEA has the right to withhold payment to the CONTRACTOR when the LEA has reliable evidence, described in writing to the CONTRACTOR at the time the notice of withholding is submitted that: (A) service is provided by personnel who are not appropriately credentialed/licensed; (B) records required by the LEA prior to school closure with respect to one or more LEA pupil(s) enrolled in CONTRACTOR's educational program have not been received; (C) the CONTRACTOR confirms a pupil's change of residence to another district but neglects to notify the LEA within 5 days; or (D) the CONTRACTOR fails to notify the LEA within 5 days after the 10th consecutive school day of a pupil's absence. If the basis for withholding is subsections (B) (C) or (D) of this section the LEA may only withhold the proportionate amount of the bill related to that pupil. If the basis for withholding is subsection (A) of this section, the LEA may only withhold payment for services provided by that personnel.

The LEA shall notify CONTRACTOR in writing within 10 working days of receipt of an invoice of any reason why requested payment shall not be paid. (EC section 56366.5(a)). Such notice shall specify the basis for the LEA's withholding payment and shall be made pursuant to Section 2.3 (Notices) of this contract. If no notice of withholding is provided to CONTRACTOR within 10 working days of receipt of an invoice, the LEA shall not withhold any payment. Within fourteen (14) days from the date of receipt of such notice, the CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies that form the basis for the LEA's withholding payment. Upon receipt of the CONTRACTOR'S written request showing good cause sent pursuant to Section 2.3 (Notices) of this Contract, the LEA shall extend the CONTRACTOR'S time to respond by an additional fourteen days. The CONTRACTOR shall submit rebilling for payment no later than thirty (30) calendar days when an invoice is returned to the CONTRACTOR with a notice of withholding. Upon verification of remediation of identified deficiencies and receipt of rebilling, the LEA shall pay the resubmitted invoice in accordance with Schools: Section 4.1, Agencies: Section 5.1 (Rate Schedule) of this contract. If CONTRACTOR does not resubmit sufficient rebilling or verify remediation of identified deficiencies within thirty (30) calendar days, that shall constitute a reason to continue to withhold payment unless and until CONTRACTOR resubmits the bill and corrects the deficiencies as noted in the original notice of withholding.

San Diego County Nonpublic Master Contract Main Document

2017-2018

4.3 INSPECTION AND AUDIT

a. Maintenance of Fiscal Records

The CONTRACTOR shall maintain cost data in sufficient detail to verify the annual operating budget in providing education and designated instructional services to children with disabilities and shall make that data available to the LEA upon reasonable request consistent with the provisions of this section. Fiscal records shall be maintained by the CONTRACTOR for five years and shall be available for audit consistent with the provisions of this section.

b. Maintenance of Student Records

District of residence is the custodian of the student records.

c. LEA Access to Documents Related to the Master Contract

The CONTRACTOR shall provide access to, or forward copies of, any documents or other matters relating to the contract within 20 days upon reasonable request by the LEA except as otherwise provided by law. The reason for this request for records shall be provided to the CONTRACTOR at the time it is made. The CONTRACTOR may request from the LEA an extension of time to comply with any records request, which shall not be unreasonably withheld. Such documents may include: 1) registers and roll books of teachers; 2) daily service logs and notes or other documents used to record the provision of related services; 3) absence verification records; 4) transportation records; 5) staff lists specifying credentials held, business and/or professional licenses held documents evidencing other qualifications; 6) dates of hire, and dates of termination; 7) staff time sheets; 8) non-paid volunteer sign-in sheets; 9) related services contracts; 10) school calendars; 11) bell/class schedules; 12) liability and workers' compensation insurance policies; 13) state nonpublic school certifications; 14) marketing materials; 15) statements of income and expenses; 16) general ledgers and supporting documents; 17) all budgetary information and projections submitted by the CONTRACTOR to LEA for purpose of contract negotiations.

d. Audit Exceptions

The CONTRACTOR agrees to accept responsibility for receiving, replying to, and/or complying with any audit exceptions identified by appropriate LEA personnel or State or Federal audit agencies occurring as a result of the CONTRACTOR's performance of this contract. The CONTRACTOR also agrees to pay to the LEA within thirty days of demand by LEA for any financial penalties resulting from any audit exceptions to the extent they are attributable to the CONTRACTOR's failure to perform properly any of its obligations under this contract unless the LEA agrees to different terms in writing and any demand by LEA for such payment shall be made pursuant to the notice provisions of Section 2.3 of this contract. Any, and all audit exceptions must be specified in complete detail before any demand from the LEA for any amount set forth therein.

e. Reasons for Unannounced Visits

LEA and/or Special Education Local Plan Area representatives may make unannounced inspections when there is a concern regarding the health, safety, or welfare of a child, or a substantial concern regarding the implementation of the IEP.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX A: SCHOOLS
2017-2018

NONPUBLIC MASTER CONTRACT
Appendix A: Schools

CONTRACT YEAR _____

SECTION 1: NONPUBLIC SCHOOLS ASSOCIATED WITH LICENSED CHILDREN'S INSTITUTIONS (LCIs)

When a nonpublic, nonsectarian school is owned, operated by, or associated with a licensed children's institution, that nonpublic, nonsectarian school shall provide documentation to the LEA that the LCI does not require as a condition of residential placement in the LCI, either of the following: that the student be identified as an individual with exceptional needs per EC 56062 (Health and Safety Code 1501.1(b), EC 56155.7), or that the student attend the nonpublic school associated with the LCI (EC 56366.9). Educational placement of a student in the NPS associated with the LCI may only take place if the LEA determines that alternative educational programs are not available (EC 56366.9).

SECTION 2: EDUCATIONAL PROGRAM

2.1 ADMISSION / ENROLLMENT PROCEDURE

Prior to the CONTRACTOR deciding whether or not to enroll a pupil, the LEA shall provide the CONTRACTOR a copy of the pupil's current IEP/IFSP and immunization records. The LEA shall facilitate an observation of the pupil, data gathering from the current or prior education providers, and any other reasonable information gathering CONTRACTOR wishes to undertake prior to making an enrollment decision. The CONTRACTOR retains the right to decline enrollment of any pupil and nothing in this contract shall be construed to limit this right.

If a pupil is being considered for enrollment, his or her IEP/IFSP shall be reviewed in collaboration with the LEA, CONTRACTOR, parents, and other invited participants, as appropriate.

The CONTRACTOR will make a good faith effort to notify the LEA of its decision to decline enrollment within 10 working days based on a review of the application packet. The CONTRACTOR shall notify the LEA of the effective date of enrollment, or decline of enrollment after gathering additional information, as soon as possible in accordance with Section 2.3 (Notices) of the Nonpublic Master Contract Main Document.

2.2 GENERAL PROGRAM OF INSTRUCTION

The Contractor's educational materials, services, and programs will be consistent with the pupil's individualized education program in accordance with Education Code 56366.10. The pupil's IEP/IFSP shall be aligned with the state standards as appropriate to meet the individual pupil's needs. The CONTRACTOR shall utilize materials, methods and instructional time in accordance with the pupil's IEP/IFSP and the Individual Services Agreement. The NPS offers/provides students with access to the following educational materials: for K and grades 1 to 8 inclusive, state-adopted standards-based, core curriculum and instructional materials; for grades 9 to 12, inclusive, standards-based, core curriculum and instructional materials used by any local education agency that contracts with the NPS, nonsectarian school.

The CONTRACTOR's general program of instruction, including its technology plan and descriptions of courses leading to graduation with a diploma, shall be provided electronically and/or in writing and a copy provided to the LEA representative identified in Section 2.3 (Notices) of the Nonpublic Master Contract Main Document prior to the effective date of this contract. The technology plan shall include, but not be limited to, a description of student access to technology as part of the general program of instruction and staff technology training as needed.

Independent study (California *Education Code [EC]* sections 51745(c)) An individual with exceptional needs, as defined in Section 56206, shall not participate in independent study, unless his or her individualized education program developed pursuant to Article 3 (commencing with Section 56340) of Chapter 4 of Part 30 specifically provides for that participation.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT

APPENDIX A: SCHOOLS

2017-2018

a. Transcripts

If a pupil is of secondary school age, the LEA shall provide a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward the pupil's graduation with a diploma or certificate of completion, and specified performance standards. The CONTRACTOR shall have procedures for record keeping and documentation, and shall maintain high school records to ensure that appropriate high school credits are received, if applicable.

At the close of each semester, for a pupil in grades 9, 10, 11, and 12, the CONTRACTOR shall prepare transcripts and submit them to the pupil's LEA in accordance with the notice provisions of Section 2.3 (Notices) of the Nonpublic Master Contract Main Document. The LEA shall monitor the progress of the pupil towards graduation with a diploma or certificate of completion.

b. Foster Youth

Shall be defined pursuant to California Education Code section 42238.01(b). The LEA shall annually notify the CONTRACTOR who the LEA has designated as the educational liaison for foster children. When a pupil in foster care is enrolled in a nonpublic school by the LEA any time after the completion of the pupil's second year of high school, the CONTRACTOR shall schedule the pupil in courses leading towards graduation based on the diploma requirements of the LEA unless provided notice otherwise in writing pursuant to Section 51225.1.

2.3 SUPPLIES AND EQUIPMENT

The CONTRACTOR shall be responsible for providing all standard and usual supplies and equipment it normally provides as part of its general program. A student who may require assistive technology to benefit from his/her special education program shall be referred for an assistive technology evaluation through the LEA. If an individual pupil's IEP/IFSP requires specialized equipment and/or supplies beyond the CONTRACTOR's general program they shall be provided by the LEA unless otherwise specified in the Individual Services Agreement. LEA shall provide the low incidence equipment assigned to the pupil through the IEP/IFSP unless CONTRACTOR specifically agrees in the Individual Services Agreement to provide the low incidence equipment. Supplies and/or equipment purchased and/or provided by the LEA remain the property of the LEA and supplies and/or equipment purchased and/or provided by CONTRACTOR remain the property of CONTRACTOR, if not specifically reimbursed by the LEA for that specific supply or equipment. If the CONTRACTOR provides DIS and/or related services, the CONTRACTOR shall be responsible for providing usual and reasonable supplies and assessment tools necessary to implement the provision of services unless otherwise agreed in the Individual Services Agreement.

2.4 CALENDAR

By April 1 of each year, the CONTRACTOR shall submit a school calendar to the SDCOE Director of Special Education, including daily start and end times, with the total number of billable days not to exceed one hundred and eighty (180) in the regular school year, plus extended school year days as needed. The CONTRACTOR shall observe the following legal holidays including Independence Day, Veteran's Day, Labor Day, Thanksgiving Day, Christmas Day, New Year's Day, Dr. Martin Luther King Jr. Day, President's Day, and Memorial Day, as specified in the CONTRACTOR's official calendar. If the CONTRACTOR's provide make-up days, the calendar shall include make-up days, which may be used as long as no pupil exceeds 180 billable days during the regular school year, or the number of days allotted for the extended school year, per that pupil's ISA (Refer to 5CCR 3043). The CONTRACTOR shall arrange for transportation on the make-up days.

The CONTRACTOR shall only provide designated instruction and services during: 1) the pupil's regular school year, 2) extended school year program, 3) while providing make-up classes or services, 4) as otherwise specified by the pupil's IEP/IFSP. Make-up sessions may be scheduled for other days of school vacations.

2.5 CREDITABLE DAYS OF ATTENDANCE / INSTRUCTIONAL MINUTES

Creditable days of attendance include days on the school calendar attached hereto, make-up classes or services. Creditable days of attendance are those in which the instructional minutes of the CONTRACTOR meet or exceed those in comparable LEA programs, or those which are established by the pupil's IEP/IFSP, whichever is less (EC Section 46307). The instructional minutes should be reflected in the Individual Services Agreement.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX A: SCHOOLS
2017-2018

2.6 PARENT VISITS

The CONTRACTOR shall provide for reasonable parental visits to all of the school facilities including, but not limited to, the instructional setting attended by pupils, school and recreational activity areas, and pupil's living quarters for those parents whose pupil resides in the living quarters. The CONTRACTOR shall use its good faith efforts to provide that parental visits are in agreement with a court order, if any.

2.7 ASSESSMENTS

a. State Mandated Testing

Standardized tests shall be administered pursuant to state requirements and local guidelines outlined in SB 484, as determined by the individual pupil's IEP. For pupils in grades one through twelve, inclusive, the CONTRACTOR shall permit the LEA to administer state and local mandated tests following the LEA testing schedule at the CONTRACTOR's site in accordance with the testing period.

By October 1, the LEA shall notify the CONTRACTOR of the LEA testing schedule. By December 1, the CONTRACTOR shall notify the LEA of the designated testing period, which addresses most of the LEA testing schedules. State mandated testing outside the designated testing period shall be administered by the LEA at a location other than the NPS. LEA and CONTRACTOR shall collaborate to minimize the disruption to the educational programs for students caused by the administration of state and local mandated tests. The LEA shall share the results of the state mandated testing with the CONTRACTOR.

2.8 STAFF ABSENCES

When a classroom teacher is absent, The CONTRACTOR shall provide appropriate coverage in the absent teacher's classroom in accordance with EC section 56061. The CONTRACTOR shall provide the LEA the documentation of such coverage upon request.

CONTRACTORS who provide nurses, 1:1 aides or 1:1 behavior intervention staff in accordance with an individual student's IEP/IFSP shall provide substitute coverage when the staff member is absent, unless other arrangements have been made with the LEA on a case by case basis.

2.9 MONITORING

Per 5 CCR 3063, the State Superintendent of Public Instruction (SSPI) shall conduct a validation review of the nonpublic school prior to an initial conditional certification. An on-site review shall be conducted within 90 days of the initial conditional certification and student enrollment. On-site reviews shall be scheduled at least once every three years thereafter. In addition, LEA shall monitor the education of students placed by IEP teams in the nonpublic school setting.

Upon request, the CONTRACTOR shall provide the LEA with annual program goals and implementation plan. CONTRACTOR will participate in the review of the Nonpublic schools and or agencies via the San Diego County Nonpublic Quality Review process on a four-year cycle. The Quality Review Committee shall make every attempt to coordinate the Quality Review process with the CDE certification review.

SECTION 3: SAFETY

3.1 SAFE AND APPROPRIATE ENVIRONMENT

a. Facilities

The CONTRACTOR shall be responsible for providing facilities in which it provides the services agreed to in the Individual Services Agreement, unless there is written agreement to the contrary. CONTRACTOR shall comply with applicable law with respect to the structural specifications of the facilities in which it provides services.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX A: SCHOOLS
2017-2018

CONTRACTOR shall comply with all applicable local, county, and/or state ordinances and statutes relating to fire, health, sanitation, and building safety.

b. Fire Drills

The CONTRACTOR shall assure that the school has a fire drill, not less than once every calendar month at the elementary and intermediate level and not less than twice yearly at the secondary level.

c. Earthquake Procedures

The CONTRACTOR'S nonpublic school buildings which have an occupant capacity of fifty or more pupils or more than one classroom shall have an established earthquake emergency procedure system including a school building disaster plan; a drop procedure; protective measures to be taken before, during, and following an earthquake; and a program to ensure that the pupils and the certificated and classified staff are aware of and properly trained in the earthquake emergency procedure system.

3.2 ATTENDANCE

The CONTRACTOR shall keep original records of each pupil's daily attendance in a register, report, or record with the pupil's absences clearly indicated. The CONTRACTOR shall report attendance monthly, including a cumulative total of excused and unexcused absences for the year to date. The CONTRACTOR shall file the signed copies of such attendance register, report, or record with monthly invoices to the LEA within thirty (30) days of the close of the school month. The CONTRACTOR shall submit separate attendance forms for any and all related services that are provided by the CONTRACTOR that are not a part of the inclusive rate as specified in IEPs/IFSPs. The documents and reports identified in this section shall be provided to LEA pursuant to the provisions in Section 2.1 (Notices) of the Nonpublic Master Contract Main Document.

The CONTRACTOR is responsible for verifying accuracy of said attendance forms and for informing subcontractors of their personal responsibility for the completion and accuracy of said forms. The CONTRACTOR shall meet with LEA representatives, upon reasonable notice, for the purpose of discussing attendance reporting.

a. Unexcused Absences

If a pupil's absences exceed more than ten days, the CONTRACTOR may notify the LEA of the intent to terminate the Individual Services Agreement and if it does, at the same time it shall request an IEP/IFSP meeting. Said notice shall be provided pursuant to Section 2.1 (Notices) of the Nonpublic Master Contract Main Document. Upon receipt of this request, the LEA shall convene an IEP/IFSP meeting as soon as possible to review the placement, modify the IEP/IFSP if appropriate, or determine another appropriate placement option for the student.

CONTRACTOR shall notify the LEA case manager when a pupil has been absent for 10 consecutive school days. Failure by the CONTRACTOR to notify the LEA case manager within 5 days after the 10th consecutive school day absence shall relieve the LEA of any obligation to pay for any absence beyond the tenth day of absence.

b. Change of Pupil's District of Residence

Within 5 days after the CONTRACTOR confirms that a pupil has changed his or her residence and no longer resides in the LEA, the CONTRACTOR shall notify the LEA, of the change of residence and such notice shall be provided pursuant to Section 2.3 (Notices) of the Nonpublic Master Contract Main Document. Both the LEA and the CONTRACTOR shall notify parents in writing of their obligation to notify the CONTRACTOR of changes of pupil's residence.

c. Parent Withdrawal of Student

The CONTRACTOR shall report by telephone no later than the end of the next school day to the case manager if a pupil is dis-enrolled from school by the parent. The CONTRACTOR shall confirm such telephone call in writing.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX A: SCHOOLS
2017-2018

d. Make-up Days/Saturday School (Ed Code 3722.3, 42239)

Make-up days may be scheduled on weekends and during school breaks within the fiscal year the services were originally to be provided. Make-up days, if provided by the CONTRACTOR, shall be noted on the CONTRACTOR's annual calendar. Make up days include excused and unexcused absences as well as absences during ESY within the contract year. All related services shall be provided by the CONTRACTOR during the CONTRACTOR's regular school and extended school calendar days unless otherwise specified on the IEP/IFSP.

The LEA shall not be responsible for payment of services for days on which pupil's attendance does not qualify for reimbursement under state law.

Billing for Make-up days shall be monthly and shall accompany Contractor's regular monthly invoice. Contractor shall prepare a Register of Daily Attendance for Make-up days during the month showing all students who were in attendance. Total amount billed for Make-up days during the month will be shown as a separate line on Contractor's invoice. All provisions for audit, corrections, and payment as stated in this Master Contract that apply to Contractor's invoicing shall apply to the Make-up day invoice.

e. Medication

CONTRACTOR shall comply with the requirements of California Education Code section 49423 when CONTRACTOR serves a student that is required to take prescription and/or over-the-counter medication during the school day. CONTRACTOR may designate personnel to assist the student with the administration of such medication after the student's parent(s) provides to CONTRACTOR: (a) a written statement from a physician detailing the type, administration method, amount, and time schedules by which such medication shall be taken; and (b) a written statement from the student's parent(s) granting CONTRACTOR permission to administer medication(s) as specified in the physician's statement. CONTRACTOR shall maintain, and provide to LEA upon request, copies of such written statements. CONTRACTOR shall maintain a written log for each student to whom medication is administered. Such written log shall specify the student's name; the type of medication; the date, time, and amount of each administration; and the name of CONTRACTOR's employee who administered the medication. CONTRACTOR maintains full responsibility for assuring appropriate staff training in the administration of such medication consistent with physician's written orders. Any change in medication type, administration method, amount or schedule must be authorized by both a licensed physician and parent.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX A: SCHOOLS
2017-2018

INTERIM WRITTEN APPROVAL

For Provision of Special Education/Related Services and Payment

Pursuant to Section 1.1 of the Master Contract (Main Document),
the Local Education Agency (LEA) _____
provides to the CONTRACTOR _____
interim written approval for CONTRACTOR to provide the agreed upon Special Education and/or Related Services
identified in the most recent IEP/IFSP of _____,
(Student Name)
at the rates set forth in Schools: Section 4.1 of the Master Contract for the 201____ - 201____ Contract
Year.
Anticipated Student Start Date: _____.

This interim written approval shall be for a maximum period of 90 days, beginning with the anticipated student start date at the nonpublic school or nonpublic agency. If an Individual Services Agreement and/or Master Contract is not completed and executed by the LEA and the CONTRACTOR within this 90 day period, the LEA or CONTRACTOR may request an IEP meeting to be held as soon as possible to discuss a change in placement for the pupil. The LEA shall continue to reimburse the CONTRACTOR as set forth in the interim written approval, or as otherwise agreed by the parties in writing, pending any change in placement or subsequent execution of an Individual Services Agreement.

This interim written approval does not require the CONTRACTOR to provide services for 90 days, or for any maximum period of time. The parties have already agreed, or may agree, to hold an IEP meeting within 30 days of the student's first day of attendance.

NONPUBLIC MASTER CONTRACT
Appendix B: Agencies

CONTRACT YEAR _____

SECTION 1: EDUCATIONAL PROGRAM

1.1 ADMISSION/ENROLLMENT PROCEDURES

Prior to the CONTRACTOR deciding whether or not to enroll a pupil, the LEA shall provide the CONTRACTOR a copy of the pupil's current IEP/IFSP, and facilitate an observation of the pupil, data gathering from the current or prior education providers, and any other reasonable information gathering CONTRACTOR wishes to undertake prior to making an enrollment decision. The CONTRACTOR retains the right to decline enrollment of any pupil and nothing in this contract shall be construed to limit this right.

If a pupil is being considered for enrollment, his or her IEP/IFSP shall be reviewed in collaboration with the LEA, CONTRACTOR, parents, and other invited participants, as appropriate.

The CONTRACTOR shall notify the LEA of its decision to decline enrollment or the effective date of enrollment of the pupil in accordance with Section 9 (Notices) of this contract within 10 working days of receipt of the referral.

1.2 SUPPLIES AND EQUIPMENT

The CONTRACTOR shall be responsible for providing all standard and usual supplies and equipment required for the general program provided by CONTRACTOR. If an individual pupil's IEP/IFSP requires specialized equipment and/or supplies beyond the CONTRACTOR'S general program, the LEA shall provide them unless otherwise specified in the Individual Services Agreement. The LEA shall provide the low incidence equipment assigned to the pupil through the IEP/IFSP unless CONTRACTOR specifically agrees in the Individual Services Agreement to provide the low incidence equipment. Supplies and/or equipment purchased and/or provided by the LEA remain the property of the LEA and supplies and/or equipment purchased and/or provided by CONTRACTOR remain the property of CONTRACTOR, if not specifically reimbursed by the LEA for that specific supply or equipment. If the CONTRACTOR provides DIS and/or related services, the CONTRACTOR shall be responsible for providing usual and reasonable supplies and assessment tools necessary to implement the provision of services unless otherwise agreed in the Individual Services Agreement.

1.3 CALENDAR

The CONTRACTOR shall only provide designated instruction and services during the period of the pupil's regular or extended school year program, or both, at the location designated by the IEP, unless otherwise specified by the pupil's IEP/IFSP. The CONTRACTOR shall observe the following legal holidays including Independence Day, Veteran's Day, Labor Day, Thanksgiving Day, Christmas Day, New Year's Day, Dr. Martin Luther King Jr. Day, President's Day, and Memorial Day, as specified in the CONTRACTOR'S official calendar. Make-up sessions may be scheduled for other days of school vacations.

1.4 PARENT VISITS/COMMUNICATION

- a. The CONTRACTOR shall provide for reasonable parental visits to all of the agency facilities including, but not limited to, the instructional setting attended by pupils and recreational activity areas. CONTRACTOR shall notify case manager or other authorized district representative of all planned parental visits, and provide opportunity for case manager or other district representative to attend visit. The CONTRACTOR shall use its good faith efforts to provide that parental visits are in agreement with a court order, if any.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX B: AGENCIES
2017-2018

- b. All communication between CONTRACTOR and Parent regarding programmatic decisions must include case manager or other authorized IEP team member, unless authorized by LEA representative or case manager, regarding program recommendations.

1.5 **OWNERSHIP**

All activity plans, token systems, reinforce systems or inventories, visual schedules, data, drills, progress reports, quarterly reports, behavior intervention plans, behavior support plans, behavior graphs, student assessment results, and program materials created specifically for individual pupils by CONTRACTOR under this Agreement shall be the joint property of CONTRACTOR and LEA.

1.6 **STAFF ABSENCES**

When a provider is absent, The CONTRACTOR shall provide appropriate coverage in accordance with EC section 56061. The CONTRACTOR shall provide the LEA the documentation of such coverage upon request. As appropriate, the CONTRACTOR and the LEA may make arrangements for make-up sessions, usually within 30 days, at a mutually convenient time and location if appropriate staff is not available to provide coverage for staff absences.

CONTRACTORS who provide nurses, 1:1 aides or 1:1 behavior intervention staff in accordance with an individual student's IEP/IFSP shall provide substitute coverage when the staff member is absent, unless other arrangements have been made with the LEA on a case by case basis.

SECTION 2: ATTENDANCE

The CONTRACTOR shall keep original records of services provided to each pupil in a register, report or record with the pupil's absences clearly indicated. The CONTRACTOR shall file the signed copies of such service logs with monthly invoices to the LEA within thirty (30) days of the close of the school month. The documents and reports identified in this section shall be provided to LEA pursuant to the provisions in Section 2.3 (Notices) of the Nonpublic Master Contract Main Document. The CONTRACTOR is responsible for verifying accuracy of the service logs and for informing subcontractors of their personal responsibility for the completion and accuracy of said forms. A unit of service for payment purposes is one session as specified in the pupil's IEP/IFSP.

If a pupil's absences exceed more than ten days, the CONTRACTOR may notify the LEA of the intent to terminate the Individual Services Agreement and if it does, at the same time it shall request an IEP/IFSP meeting. Said notice shall be provided pursuant to Section 9 (Notices) of this contract. Upon receipt of this request, the LEA shall convene an IEP/IFSP meeting as soon as possible to review the placement, modify the IEP/IFSP if appropriate, or determine another appropriate placement option for the student.

If a CONTRACTOR attempts to provide services for 5 consecutive days or sessions, and the student is not available for the service, the CONTRACTOR may suspend the Individual Services Agreement and notify the district of the need to convene a meeting of the IEP/IFSP team to attempt to resolve the problem. If a pupil's absences exceed more than ten unreimbursed days, the CONTRACTOR may notify the LEA of the intent to terminate the Individual Services Agreement and if it does, at the same time it shall request an IEP/IFSP meeting. Said notice shall be provided pursuant to Section 9 (Notices) of this contract. Upon receipt of this request, the LEA shall convene an IEP/IFSP meeting as soon as possible to determine another appropriate placement option for the student.

SECTION 3: SAFETY

3.1 **SAFE AND APPROPRIATE ENVIRONMENT**

If nonpublic agency services are not provided on a school site, the CONTRACTOR shall be responsible for providing facilities in which it provides the services agreed to in the Individual Services Agreement, unless there is written agreement to the contrary. CONTRACTOR shall comply with applicable law with respect to the structural specifications of the facilities in which it provides services. CONTRACTOR shall comply with all applicable local, county, and/or state ordinances and statutes relating to fire,

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX B: AGENCIES
2017-2018

health, sanitation and building safety. If services are provided at a school site, the CONTRACTOR shall participate in the regularly scheduled fire, earthquake, and disaster drills as appropriate.

When the IEP specifies that NPA services are to be provided in the child's home, the parent/guardian or another adult caregiver designated by the parent shall be present in the home while the services are delivered.

SECTION 4: CONFLICT OF INTEREST

All recommendations for service by CONTRACTOR are the decisions of the IEP team.

To the extent required by EC section 56366.3, CONTRACTOR shall not provide special education and related services, administration, or supervision by an individual who is or was an employee of a contracting district, special education local plan area, or county office within the last 365 days, except if the individual was involuntarily terminated or laid off as part of necessary staff reductions from the contracting district, special education local plan area, or county office. This provision does not apply to any person who is able to provide designated instruction and services during the extended school year because he or she is otherwise employed for up to 10 months of the school year by the district, special education local plan area, or county office. For purposes of this section the special education local plan area shall be the special education local plan area of which the LEA is a member and the county office shall refer to the San Diego County Office of Education.

In terms of determining whether an individual who provides special education and related services, administration, or supervision, is or was an employee of a contracting district, special education local plan area, or county office within the last 365 days or whether the individual was involuntarily terminated or laid off as part of necessary staff reductions from the contracting district, special education local plan area, or county office, the information provided to the CONTRACTOR by the individual in his or her application for employment, resume, or other paperwork, shall be conclusive evidence on this issue for purposes of determining compliance (if required) with EC section 56366.3. No payment shall be withheld or reimbursement demanded from CONTRACTOR if the individual failed to disclose on his or her application, resume, or paperwork, submitted to the CONTRACTOR that he or she is or was an employee of a contracting district, special education local plan area, or county office within the last 365 days or misstates the reason for separation. However, if the LEA subsequently provides CONTRACTOR written notice (pursuant to Section 9 of this contract) that an individual who provides special education and related services, administration, or supervision, is or was an employee of a contracting district, special education local plan area, or county office within the last 365 days (and was not involuntarily terminated or laid off as part of necessary staff reductions) the CONTRACTOR shall have five school days from receipt of the written notice to investigate the matter and to determine the accurate facts and whether the individual should be terminated. The CONTRACTOR shall not be subject to any payment withholding or reimbursement demands ("penalties") for the time period prior to receiving the written notice or for the five school days after such written notice is received.

The CONTRACTOR shall be subject to penalties required by EC section 56366.3, commencing the sixth school day after such notice is provided only if both of the following conditions occur: 1) if it is determined that the individual was an employee of a contracting district, special education local plan area, or county office within the last 365 days and was not involuntarily terminated or laid off as part of necessary staff reductions and 2) if the individual was not terminated prior to the sixth school day after receiving written notice from the LEA, special education local plan, or county office, or did not otherwise stop providing special education and related services, administration or supervision on behalf of CONTRACTOR. If the CONTRACTOR is subject to penalties, the time period for which penalties may be assessed, if required by EC section 56366.3, shall not be retroactive but shall only commence on the sixth school day after the CONTRACTOR received written notice from the LEA as specified in this paragraph. The penalty, if imposed, shall only apply to the salary of the person who was previously employed by an LEA within the last 365 days.

INTERIM WRITTEN APPROVAL

For Provision of Special Education/Related Services and Payment

Pursuant to Section 1.1 of the Master Contract (Main Document),
the Local Education Agency (LEA) _____
provides to the CONTRACTOR _____
interim written approval for CONTRACTOR to provide the agreed upon Special Education and/or Related Services
identified in the most recent IEP/IFSP of _____,
(Student Name)

at the rates set forth in Schools: Section 4.1 of the Master Contract for the 201____ - 201____ Contract
Year.

Anticipated Student Start Date: _____.

This interim written approval shall be for a maximum period of 90 days, beginning with the anticipated student start date at the nonpublic school or nonpublic agency. If an Individual Services Agreement and/or Master Contract is not completed and executed by the LEA and the CONTRACTOR within this 90 day period, the LEA or CONTRACTOR may request an IEP meeting to be held as soon as possible to discuss a change in placement for the pupil. The LEA shall continue to reimburse the CONTRACTOR as set forth in the interim written approval, or as otherwise agreed by the parties in writing, pending any change in placement or subsequent execution of an Individual Services Agreement.

This interim written approval does not require the CONTRACTOR to provide services for 90 days, or for any maximum period of time. The parties have already agreed, or may agree, to hold an IEP meeting within 30 days of the student's first day of attendance.

June 26, 2017

Board Item - G.-4.

Issue:

Contracts with Residential Treatment Centers.

Superintendent's Recommendation:

Approve contracts for payment of room and board costs (inclusive of Educationally Related Mental Health Services & Tuition) for students requiring Residential Treatment Center placement as outlined in their Individualized Education Programs for the 2017-2018 school year.

Analysis:

This is a required service of all member districts of the South County SELPA. Commencing with the 2010-2011 school year, Local Education Agencies became responsible for the provision of mental health services, including Residential Treatment Center (RTC) costs, for students with disabilities who require them according to their Individualized Education Programs (IEPs). Federal IDEA law mandates that LEAs implement all services, including RTC placement, pursuant to students' IEPs. *The Board is approving a total of three items related to the provision of mental health services: Outpatient counseling, day treatment, and residential treatment.*

The district will develop individual contracts with the following RTCs as indicated: Cathedral Home for Children, Cinnamon Hills Youth Crisis Center, Copper Hills Youth Center, Devereux Treatment Centers, Discovery Academy Excelsior Youth Centers, Fred Finch Youth Center, Heritage School, Morning Sky Residential School, New Alternatives, Inc., New Haven Youth and Family Services, North Valley School (Eagle Valley Campus, Perris/San Bernardino Campus, Redding Campus), Oak Grove Institute, Provo Canyon School, San Diego Center for Children, Shiloh Treatment Center, Victor Treatment Center, and Yellowstone Boys and Girls Ranch. All of the above RTCs have been screened and are monitored on an ongoing basis by mental health staff employed by the San Diego County Office of Education.

For questions regarding this board item, please contact Ana Maria Alvarez at (619) 691-5546 or ana.alvarez@sweetwaterschools.org.

Fiscal Impact:

Expenditure of \$1,700,000, to be paid from designated mental health services budget lines, Resource Code: 6512 and Resource Code: 3327.

NONPUBLIC
MASTER CONTRACT

CONTRACT YEAR _____

This Master Contract is made and entered into

this _____ day of _____, 20____ between the

_____, County of San Diego,
(Local Education Agency)

hereinafter sometimes referred to as the "LEA," and

(Nonpublic,)

hereinafter referred to as "CONTRACTOR."

San Diego County Nonpublic Master Contract Main Document

2017-2018

SECTION 1: AUTHORIZATION FOR MASTER CONTRACT AND GENERAL PROVISIONS

1.1 MASTER CONTRACT

For the purpose of providing special education and related services to individuals with exceptional needs under the authorization of Education Code sections 56157, 56361, and 56365-56366.5 the Master Contract consists of (the Main Document and Master Contract Appendices A (Schools), B (Agencies), C (Room & Board)). The general term "Master Contract" refers to the Master Contract /Main Document/ and Master Contract /Appendices A (Schools), B (Agencies), and C (Room and Board) given to the CONTRACTOR by a representative of the LEA's Special Education Unit on terms acceptable to the LEA and CONTRACTOR.¹ It is also understood that this contract does not commit the CONTRACTOR to provide special education and related services to any individual unless and until an Individual Services Agreement is executed between the LEA and the CONTRACTOR on behalf of such individual or interim written approval is given to the CONTRACTOR by an authorized representative of the LEA's Special Education Unit. This interim written approval shall be for a maximum period of 90 days, beginning with the anticipated student start date, during which time the contract and/or Individual Services Agreement shall be completed and executed by the LEA and CONTRACTOR. If an Individual Services Agreement is not completed and executed by the LEA and the CONTRACTOR within this ninety-day period, the LEA or CONTRACTOR may request an IEP meeting to be held as soon as possible to discuss a change in placement for the pupil. The LEA shall continue to reimburse the CONTRACTOR as set forth in the interim written approval, or as otherwise agreed by the parties in writing, pending any change in placement or subsequent execution of an Individual Services Agreement.

1.2 SUPERSEDES PRIOR CONTRACTS

This Master Contract includes the Main Document, Appendix A (Schools), Appendix B (Agencies), Appendix C (Room and Board), to the extent that they are applicable, and each ISA, all of which are incorporated herein by this reference and any exhibits or attachments hereto constitute the entire agreement between the parties to this contract and supersedes any prior contract, understanding, or agreement with respect to the terms set forth in this contract.

1.3 MODIFICATIONS AND AMENDMENTS

The LEA and CONTRACTOR agree that any amendments to the contract must be in writing and approved by the LEA's Governing Board and the Board of Directors/Trustees or authorized representative of CONTRACTOR. Prior to executing a written amendment to the contract, the LEA shall obtain approval from the San Diego County SELPA Directors and the County Director of Special Education. In implementing this Master Contract, any specific terms related to an individual pupil shall be reflected in the Individual Services Agreement.

1.4 INDIVIDUAL SERVICES AGREEMENT

The LEA and CONTRACTOR shall enter into an Individual Services Agreement for each pupil who is to receive special education and/or related services provided by the CONTRACTOR. The LEA is responsible for completing each pupil's Individual Services Agreement, which shall identify the provider of each service required by the pupil's Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP) (CCR 3062(e)). Individual Services Agreements shall only be issued for those pupils enrolled with the approval of the LEA. Changes in any LEA pupil's educational program, including instruction, services, or instructional setting provided under this contract, may only be made on the basis of revisions to the pupil's IEP or IFSP. At any time during the term of this contract, the parent, the CONTRACTOR or LEA may request a review of the pupil's IEP/IFSP, subject to all procedural safeguards required by law, including notice given to and participation by the CONTRACTOR in the IEP Team meeting. In the event that the CONTRACTOR recommends that the pupil requires either a lesser or more restrictive placement than the CONTRACTOR can provide, the CONTRACTOR will notify the LEA immediately. The LEA shall expedite the review and/or the resulting change in placement, and shall modify the Individual Services Agreement as appropriate if there is a change in the instructional and/or other services provided.

¹ Please see Appendix B for Agencies for exceptions to NPA Hired as Full Time Equivalent.

San Diego County Nonpublic Master Contract Main Document

2017-2018

1.5 NONPUBLIC CERTIFICATION OR WAIVER

A current copy of the CONTRACTOR'S California Department of Education Nonpublic Certification or waiver of such certification issued by CDE pursuant to EC 56366.2 is attached hereto. This Master Contract shall be null and void if such certification is expired, revoked, rescinded, or otherwise nullified during the effective period of this contract.

1.6 TERM OF MASTER CONTRACT

Neither the CONTRACTOR nor the LEA is required to renew this contract in subsequent contract years. In the event that a pupil is enrolled with the CONTRACTOR during the term of this contract and said pupil continues to receive special education and/or related services by the CONTRACTOR as approved by the LEA in accordance with the pupil's IEP/IFSP and either (a) a new contract has not been fully executed or (b) the CONTRACTOR or the LEA chooses not to renew this contract, the terms of this contract and associated Individual Service Agreements shall apply to any and all special education and/or related services provided by CONTRACTOR and payment for those services by the LEA.

Upon agreement of both parties to this Master Contract, its provisions shall be retroactive to the beginning of this contract year (July 1st), to cover services provided by the CONTRACTOR to LEA students, unless otherwise mutually agreed upon by both parties.

The term of this Master Contract shall be from _____, 20 _____ to _____, 20 _____.

Any subsequent Master Contract is to be renegotiated prior to June 30 of each year.

This Master Contract has no force or effect until approved or ratified by the LEA's Governing Board.

1.7 COMPLIANCE WITH APPLICABLE FEDERAL AND STATE LAWS

During the term of this contract, the CONTRACTOR and LEA shall comply with all applicable federal and state laws and regulations relating to the required special education and designated instruction and services and facilities for individuals with exceptional needs, including those not expressly documented in this Master Contract.

a. Nondiscrimination

The CONTRACTOR and the LEA shall not discriminate on the basis of race, religion, sex, national origin, age, sexual orientation disability or any other classification protected by federal or state laws in employment or operation of its programs.

b. Sexual Harassment Policy

The CONTRACTOR shall have a written policy on sexual harassment in accordance with state and federal regulations and guidelines.

c. Corporal Punishment Prohibitions

(l) No public education agency, or nonpublic school or agency serving individuals pursuant to Education Code Section 56365 et seq., may authorize, order, consent to, or pay for any of the following interventions, or any other interventions similar to or like the following:

- (1) Any intervention that is designed to, or likely to, cause physical pain;
- (2) Releasing noxious, toxic or otherwise unpleasant sprays, mists, or substances in proximity to the individual's face;
- (3) Any intervention which denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
- (4) Any intervention which is designed to subject, used to subject, or likely to subject the individual to verbal abuse, ridicule or humiliation, or which can be expected to cause excessive emotional trauma;
- (5) Restrictive interventions which employ a device or material or objects that simultaneously immobilize all four extremities, including the procedure known as prone containment, except that prone containment or similar techniques may be used by

San Diego County Nonpublic Master Contract Main Document

2017-2018

trained personnel as a limited emergency intervention pursuant to subsection (i) of Ed Code Section 56521.2 (a) (5)
(6) Locked seclusion, except pursuant to subsection (i)(4)(A) of Ed Code Section 56521.2 (a) (6)
(7) Any intervention that precludes adequate supervision of the individual; and
(8) Any intervention which deprives the individual of one or more of his or her senses.

d. Student Discipline

Contractor shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations, such that students who exhibit serious behavioral challenges receive timely and appropriate assessments and positive supports and interventions in accordance with the federal Individuals with Disabilities Education Act and its implementing regulations.

When a CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA and a manifestation IEP team meeting shall be scheduled by the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavioral plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10th) day of suspension.

e. Behavioral Emergency Reports (Ed. 56521.1(a))

(1) Anytime an emergency intervention is used pursuant to Ed Code Section 56521.1(a) subsection (i), CONTRACTOR must notify LEA and IEP team immediately and document emergency intervention in a "Behavioral Emergency Report" as defined by 56521.1(e).

(2) Whenever a "Behavioral Emergency Report" is written regarding an individual who does not have a behavioral intervention plan, the designated responsible administrator shall, within two days, schedule an IEP team meeting to review the emergency report, to determine the necessity for a functional behavioral assessment, and to determine the necessity for an interim behavioral intervention plan.

(3) Anytime a "Behavioral Emergency Report" is written regarding an individual who has a behavioral intervention plan, any incident involving a previously unseen serious behavior problem or where a previously designed intervention is not effective should be referred to the IEP team to review and determine if the incident constitutes a need to modify the plan.

(4) "Behavioral Emergency Report" data shall be collected by CONTRACTOR and be submitted to LEA.

(5) A summary of Behavioral Emergency Reports shall be submitted at least monthly to the LEA and the Director of the Special Education Local Plan Area of which the LEA is a member.

1.8 DEFINITIONS

"DAYS": For the purpose of the contract, "days" refers to calendar days unless otherwise specified.

"PARENT": For the purpose of the contract, a parent (34CFR 300.3Da) is the natural parent, adoptive parent, or legal guardian or any other adult granted educational decision-making rights by the natural or adoptive parent or a court of competent jurisdiction. A trained, certified surrogate parent, identified by the LEA, may act on behalf of the pupil if no parent, guardian or person acting as a parent can be located. The LEA shall be responsible for providing a translator for the parent if needed.

SECTION 2: ADMINISTRATION OF CONTRACT

2.1 NOTICES

Notices provided for by this contract shall be in writing, be delivered to the individual identified below in this section, and shall be delivered by certified, registered, or return receipt requested mail, postage prepaid, or by facsimile transmission, unless a specific section of this contract requires or allows notice or contact to be made in a different manner or to a different individual. The effective date of an invoice shall be the date of its receipt by the LEA. The effective date of all other notices shall be the date of the postmark or of the facsimile transmittal date identified in the document. In the event there is a change in the individual to be notified, the CONTRACTOR or the LEA shall provide written notice of the change and, after such notice is provided, all future notices shall be addressed to that individual. Notice may be provided under this section pursuant to regular United States mail if the LEA and CONTRACTOR agree in writing to notice by regular United States mail. If the LEA or CONTRACTOR does not identify an individual to be notified in this section, the person to be notified under this section shall be the LEA or CONTRACTOR representative that executes this contract.

Notices mailed to the LEA shall

San Diego County Nonpublic Master Contract Main Document

2017-2018

2.2 INDEPENDENT CONTRACTOR STATUS

This contract is by and between two independent contractors and is not intended to and shall not be construed to create the relationship of agent, servant, employee, partnership, joint venture or association.

2.3 SUBCONTRACT AND ASSIGNMENT

The CONTRACTOR shall not enter into an initial subcontract with any noncertified Nonpublic Agency (NPA) or provider, for any of the instructional or related services contemplated under this contract without first obtaining written approval by a representative of the San Diego County Office of Education (i.e. County Director of Special Education or a SELPA Director). Such approval shall not be unreasonably withheld. The LEA and CONTRACTOR shall maintain a copy of the written approval.

2.4 INDEMNIFICATION

The CONTRACTOR hereby indemnifies, defends, and holds harmless the LEA, its Board, officers, employees, agents, independent contractors, consultants and other representatives from and against any and all liabilities, claims, demands, costs, losses, damages, or expenses, including reasonable attorneys' fees and costs, and including but not limited to consequential damages, loss of use, extra expense, cost of temporary classrooms, that arise out of or result from, in whole or in part, the negligent, wrongful or willful acts or omissions of the CONTRACTOR, its employees, agents, subcontractors, independent contractors, consultants, or other representatives.

The LEA hereby indemnifies, defends, and holds harmless the CONTRACTOR, its Board, officers, employees, agents, independent contractors, consultants and other representatives from and against any and all liabilities, claims, demands, costs, losses, damages, or expenses, including reasonable attorneys' fees and costs, and including but not limited to consequential damages, loss of use, extra expense, cost of temporary classrooms, that arise out of or result from, in whole or in part, the negligent, wrongful or willful acts or omissions of the LEA, its employees, agents, subcontractors, independent contractors, consultants, or other representatives.

The CONTRACTOR shall have no obligation to indemnify, defend, or hold harmless the LEA, its Board, officers, employees, agents, independent contractors, consultants, and other representatives for the LEA's sole negligence or willful misconduct; and the LEA shall have no obligation to indemnify, defend, or hold harmless the CONTRACTOR, its Board, officers, employees, agents, independent contractors, consultants and other representatives for the CONTRACTOR'S sole negligence or willful misconduct. This indemnity shall survive the termination of the Contract or final payment hereunder, and is in addition to any other rights or remedies that the CONTRACTOR or LEA may have under the law or this contract.

2.5 INSURANCE

During the entire term of this contract and any extension or modification thereof, the CONTRACTOR shall keep in effect a policy or policies of general liability insurance, including contractual liability coverage, professional liability, and auto liability coverage of owned and non-owned vehicles used by CONTRACTOR in relation to the performance of service(s) under this Master Contract, with minimum limits of one million dollars (\$1,000,000) per occurrence, and three million dollars (\$3,000,000) in aggregate. Such insurance shall name LEA as an additional insured, and an endorsement evidencing such coverage shall be provided within 90 days, only as to matters arising out of this Master Contract for which CONTRACTOR has an obligation to indemnify the LEA, under the Indemnification clause, Section 2.6, of this Master Contract.

Not later than the effective date of this contract, the CONTRACTOR shall provide the LEA with satisfactory evidence of insurance. The insurance maintained by CONTRACTOR shall include a provision for the insurance provider to send written notice of cancellation or modification to the CONTRACTOR at least 30 calendar days before cancellation or adverse material change, or 10 days for nonpayment of premium. Such CONTRACTOR'S insurance may contain the same notice requirement for the LEA. If the insurance provider is only required to send such notice to the CONTRACTOR (but not the LEA) CONTRACTOR shall provide the LEA written notice of cancellation or adverse material modification within one business day after receiving such notice from the insurer. Such notice shall be provided pursuant to Section 2.3 (Notices) of this contract. The CONTRACTOR shall at its own cost and expense procure and maintain insurance under the applicable state's Workers' Compensation laws. Failure to maintain the above mentioned insurance coverage shall be cause for termination of this contract.

San Diego County Nonpublic Master Contract Main Document

2017-2018

LEA warrants that it is self-insured in compliance with the laws of the State of California, that the self insurance covers persons acting on its behalf or under its control, that its self insurance covers LEA's indemnification obligations to CONTRACTOR under this contract, and that LEA agrees to provide coverage to CONTRACTOR pursuant to this self insurance in the event the indemnification obligations of Section 2.6 of this contract are triggered. The LEA further warrants that it shall notify the CONTRACTOR pursuant to Section 2.3 (Notices) of this contract, of any material insurance coverage changes at least thirty days prior to the change.

CONTRACTOR agrees that any subcontractor with which it contracts to provide services pursuant to any Individual Services Agreement, shall submit written proof of insurance in a minimum amount of \$1,000,000 per occurrence, including general, liability, auto liability (if applicable), and professional liability (if applicable). Such insurance shall be maintained by any subcontractor for the scope of duties performed and duration of time it provides services to LEA pupils. Proof of insurance shall be provided to the LEA prior to the beginning of transportation services by a subcontractor, and upon renewal of coverage thereafter. Transportation subcontractors shall submit copies of insurance policies upon request of the LEA; otherwise, certificates of insurance may be acceptable proof, provided that the information thereon is adequate and verifiable. Subcontractors shall be required to provide to the CONTRACTOR written notice of cancellation of insurance or adverse material change in such insurance at least 30 days prior to cancellation or adverse material change or within one business day after receiving such notice, whichever is earlier.

2.6 TRANSPORTATION

Transportation costs are the responsibility of the LEA unless otherwise agreed to in writing. The CONTRACTOR shall provide each pupil whom the CONTRACTOR transports with adequate supervision during transports and with instruction in school bus emergency procedures and passenger safety, as appropriate to the pupil's needs. The CONTRACTOR shall have in place a transportation safety plan containing procedures for school personnel to follow to ensure the safe transport of pupils.

In the event the CONTRACTOR transports students due to health, behavior, or other emergencies, or as otherwise agreed to between the CONTRACTOR and the LEA, the LEA shall reimburse CONTRACTOR at the rate specified in this Master Contract (Rate Schedule - Schools: Section 4.1, Agencies: Section 5.1).

2.7 WAIVERS

The LEA and/or CONTRACTOR may independently or jointly submit waivers of applicable state laws and regulations.

2.8 SUCCESSORS IN INTEREST

This contract binds the CONTRACTOR's successors and assignees. CONTRACTOR shall not assign this Master Contract without the written consent of LEA, and any attempt by Contractor to effect such an assignment without the written consent of LEA shall make this Master Contract terminable at the option of the LEA.

2.9 SEVERABILITY

If any provision or portion of a provision of this contract is held in whole or in part to be unenforceable for any reason, the remainder of the provision and of the entire contract shall be severable and shall remain in effect.

2.10 CONFLICTS OF INTEREST

a. The CONTRACTOR agrees to furnish to the LEA a copy of its current bylaws and a current list of its Governing Board of Directors (or Trustees), if it is incorporated. LEA has the right to request a current list of the Board of Directors or Trustees at any time during the term of the Master Contract.

b. CONTRACTOR and members of its Board of Directors (or Trustees) shall disclose any relationship with LEA that constitutes or may constitute a conflict of interest including, but not limited to, employment with LEA, provisions of private party assessments and/or reports, and attendance at the IEP team meetings and/or due process proceedings.

San Diego County Nonpublic Master Contract Main Document

2017-2018

c. Anytime the CONTRACTOR is contracted to conduct a formal Independent Educational Evaluation (IEE), and the IEP team determines that services are necessary as a result of that IEE the LEA shall be obligated to select a service provider who is not the CONTRACTOR. Unless, a service provider who is not the CONTRACTOR is unavailable or unable to provide that service.

2.11 INABILITY TO MEET CONTRACT REQUIREMENTS

The CONTRACTOR shall notify the LEA in writing when the CONTRACTOR is unable to meet the requirements of this contract. The LEA shall notify CONTRACTOR in writing when the LEA is unable to meet the requirements of this contract.

2.12 DISPUTE RESOLUTION

Disagreements concerning the meaning, requirements or performance of this contract shall first be brought to the attention of the other party in writing, pursuant to the notice provisions (Section 2.3) of this contract, in an attempt to resolve the dispute at the lowest level. Any remaining disputes or disagreements may be resolved either 1) as voluntarily agreed to by the parties, 2) by equitable remedies, or 3) by other legal means.

2.13 DUE PROCESS AND COMPLAINT PROCEDURES

CONTRACTOR and LEA shall comply with all applicable federal and state laws and regulations related to Due Process and the rights of students and parents.

CONTRACTOR agrees to maintain policies and procedures as follows: (1) Uniform Complaint Procedures pursuant to Title 5 of the California Code of Regulations section 4600 *et seq.*; (2) Nondiscrimination policy pursuant to Title 5 of the California Code of Regulations section 4960 (a); (3) Sexual Harassment Policy, California Education Code 231.5 (a) (b) (c); (4) Title IX Student Grievance Procedure, Title IX 106.8 (a) (d) and 106.9 (a); and (5) Notice of Privacy Practices in compliance with Health Insurance Portability and Accountability Act (HIPAA).

2.14 VENUE AND GOVERNING LAW

This contract, and conditions of this contract, shall be governed by the laws of the State of California with venue in San Diego County, California.

2.15 RIGHT TO REPORT MASTER CONTRACT VIOLATIONS

The CONTRACTOR acknowledges and understands that the LEA may report to the CDE any violations of the provisions of this contract; and that may result in the suspension of the CDE nonpublic school certification pursuant to California EC section 56366.4(a).

2.16 TERMINATION OF MASTER CONTRACT AND/OR INDIVIDUAL SERVICES AGREEMENT

a. Master Contract

Either the LEA or the CONTRACTOR may terminate this Master Contract for cause as set forth in EC section 56366(a)(4), with twenty (20) days written notice pursuant to Section 2.3 of this contract, or immediately if the CONTRACTOR and LEA mutually agree that there are significant health or safety concerns. Cause shall include but not be limited to non maintenance of current nonpublic school certification, failure of either the LEA or the CONTRACTOR to maintain the standards required under the Master Contract and/or Individual Services Agreement, or material breach of the contract by CONTRACTOR or LEA. To terminate the contract either party shall give a minimum of 20 days written notice pursuant to the provisions of Section 2.3 (Notices) of this contract. Upon termination, the LEA shall pay within 45 days, without duplication, for all services performed and expenses incurred to date of termination according to the provisions set forth in Schools Document Section 4.1, Agencies Document Section 5.1 (Rate Schedule) and Main Document Section 4.1 (Billing and Payment) of this contract. CONTRACTOR shall provide to the LEA the IEP/IFSP and all related documents in its possession or under its control pertaining to its services,

San Diego County Nonpublic Master Contract Main Document

2017-2018

for all pupils of the LEA who were receiving services from the CONTRACTOR in accordance with applicable state and federal laws regarding student records.

b. Individual Services Agreement

The Individual Services Agreement may be terminated or suspended by the LEA or the CONTRACTOR for cause, as set forth in EC section 56366(a)(4), with twenty (20) days written notice pursuant to Section 2.3 (Notices) of this contract, or immediately if the CONTRACTOR and the LEA mutually agree that there are significant health or safety concerns.

Individual Services Agreements are null and void upon termination of the Master Contract.

The LEA shall not terminate Individual Services Agreements because of the availability of a public class initiated during the course of the contract unless the parent agrees to the transfer of a pupil to a public school program, which agreement must only be given in a duly called and held IEP/IFSP meeting at which the CONTRACTOR is present.

2.17 INDIVIDUALIZED EDUCATION PROGRAM (IEP) / INDIVIDUALIZED FAMILY SERVICE PLAN (IFSP)

When a pupil is accepted for enrollment in a nonpublic school, the CONTRACTOR shall provide the pupil a program of educational instruction and services within the nonpublic school, which is consistent with his or her IEP/IFSP as specified in each pupil's Individual Services Agreement.

The CONTRACTOR shall implement those responsibilities delegated to CONTRACTOR in the plan for transition services (per EC section 56445 and EC section 56462) as stated by the IEP/IFSP.

The CONTRACTOR shall provide an appropriate adult to pupil ratio for pupils with exceptional needs between three and five years of age, in accordance with EC 56441.5.

The LEA shall invite the CONTRACTOR and the CONTRACTOR shall participate in all IEP/IFSP meetings, including those related to placement and those called by the parent in accordance with EC section 56343.5, so long as the pupil is to be served by the CONTRACTOR pursuant to an Individual Services Agreement. The child's present teacher shall participate in the IEP meeting in accordance with EC 56341(b)(3). Every effort shall be made to schedule the meeting at a time and place that is mutually convenient to parents, CONTRACTOR's staff, and LEA's staff.

The local educational agency shall oversee and evaluate the pupil's placement in the NPS through the IEP process. The IEP team shall evaluate whether the pupil is making appropriate educational progress through a review of the student's progress toward IEP goals and, as appropriate, a review of the pupil's scores on state assessments. If the NPS staff or LEA will be making recommendation(s) for significant changes to the student's program, placement or services, the LEA Case Manager and representative of the NPS shall discuss the recommendation(s) prior to the IEP meeting. The IEP team will consider whether or not the needs of the pupil continue to be best met at the nonpublic school, whether changes to the pupil's IEP are necessary, and whether the pupil may be transitioned to a public school setting (EC 56366(a)(2)(B), EC 56343(d), EC 56043(h)). Partial day attendance at the NPS may be appropriate to support transition to a public school program.

2.18 FREE APPROPRIATE PUBLIC EDUCATION

No charge of any kind to parents shall be made by the CONTRACTOR for educational activities and related services specified on the pupil's IEP/IFSP, including screening or interviews which occur prior to or as a condition of a pupil's enrollment under the terms of the contract, except as specified in writing in a due process procedure that is signed by all relevant parties and attached to the relevant pupil's Individual Services Agreement, or for voluntary extracurricular activities conducted subsequent to written notification to parents as to the cost and the voluntary and extracurricular nature of the activity. Unless the activity (for example, field trips) takes place during a school vacation or holiday, pupils not participating in such activities shall continue to receive special education and/or related services as set forth in their IEP/IFSPs.

San Diego County Nonpublic Master Contract Main Document

2017-2018

2.19 TRANSITION TO A LRE

CONTRACTOR & LEA shall support Least Restrictive Environment options, including dual enrollment, if appropriate, for students enrolled in NPS to have access to the general curriculum and to be education with nondisabled peers to the maximum extent appropriate.

CONTRACTOR & LEA shall address LRE placement options for students enrolled in NPS at all IEP team meetings, including whether the students may be transitioned to a public school setting.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommendations activities to support the transition.

2.20 PUPIL PROGRESS

The CONTRACTOR shall have written procedures in place for measuring progress utilizing on-going data collection in the goal areas identified on the IEP/IFSP.

The CONTRACTOR shall provide to parents and the LEA case manager written pupil progress reports on the goals in the IEP/IFSP, no less than quarterly. The CONTRACTOR shall submit an updated report if there is no current progress report when pupils are scheduled for a review by the IEP/IFSP team or when a pupil's enrollment is terminated.

The CONTRACTOR shall allow periodic review of each pupil's instructional program by the LEA. Representatives of the LEA shall have reasonable access to observe each pupil at work, observe the instructional setting, meet with the CONTRACTOR and review each pupil's progress, including the behavioral intervention plan, if any. LEA representatives making site visits shall initially report to the CONTRACTOR's site administrative office.

2.21 ASSESSMENTS

a. Individual Student Assessments

If the CONTRACTOR receives a parent request for evaluation, the CONTRACTOR shall inform the parent of his or her ability to submit a written request for evaluation to the LEA in accordance with applicable law. The LEA shall collaborate with the CONTRACTOR to develop the evaluation plan and submit it to the parent for approval. The LEA retains the responsibility for conducting triennial evaluations (EC 56381(c)).

2.22 CONFIDENTIALITY OF RECORDS

All reports, records and other documents that CONTRACTOR is required to submit to LEA, the Special Education Local Plan Area, or otherwise, pursuant to this contract, shall be redacted to the extent necessary and appropriate to protect the confidentiality and privacy of pupils, employees, and subcontractors, as provided for pursuant to state and federal law.

2.23 FORWARDING OF EDUCATIONAL RECORDS

The CONTRACTOR agrees, in the event of school closure, to immediately forward pupil records to the LEA pertaining to the LEA's pupils enrolled in CONTRACTOR's educational program. These records shall include, but need not be limited to, current transcripts, IEP/IFSPs and results of performance testing.

2.24 DATA REPORTING

CONTRACTOR agrees to provide LEA with all student information required for LEA to report to the California Longitudinal Pupil Achievement Data System (CALPADS) as well as other data as required by Every Student Succeeds Act (ESSA) or any federal data reporting requirements, including, but not limited to, data required to calculate enrollment and dropout and graduation rates.

San Diego County Nonpublic Master Contract Main Document

2017-2018

SECTION 3: PERSONNEL

3.1 VERIFICATION OF CREDENTIALS, LICENSES AND OTHER QUALIFICATIONS

The CONTRACTOR shall provide all contracted special education, and/or related services required by the IEP/IFSP, Master Contract and Individual Services Agreement by appropriately qualified staff. The CONTRACTOR shall provide appropriately credentialed teachers and/or licensed or license-eligible personnel or other education related mental health provider consistent with the California laws and regulations unless the California Department of Education has granted a written waiver. The CONTRACTOR shall be responsible for monitoring the status of waiver applications submitted to the state for all non-credentialed teachers and non-licensed service providers. All non-credentialed teachers and non-licensed service providers shall apply for a waiver.

For a NPSs A-G course credits, only University of California A-G approved courses will be accepted by contracting districts.

The CONTRACTOR shall be responsible for verification of credentials and licenses held by its employees, agents and subcontractors. Once the CONTRACTOR has provided the LEA with a copy of the credential or license for all staff providing services to children with disabilities, the CONTRACTOR shall supply the LEA with copies of any changes in the credentials or licenses of staff within 45 days of the change in accordance with Title 5, Section 3062.

The CONTRACTOR is fiscally responsible for all training necessary to provide appropriate services per IEP/IFSP. The LEA shall not reimburse CONTRACTOR for training that occurs outside of contact time with student, and that is not during implementation of IEP/IFSP.

Where behavior intervention services are provided by a nonpublic agency, the CONTRACTOR shall train staff in implementing the behavior support plan or Behavior Intervention Plan and pupils shall receive the level of supervision required in the pupil's IEP/IFSP.

The CONTRACTOR shall comply with all laws and regulations governing the licensed professions, including the provisions with respect to supervision.

3.2 EMPLOYEE FINGERPRINTS AND TUBERCULOSIS TESTING

The CONTRACTOR shall ensure that employee fingerprints have been processed in a manner required by EC section 44237. The CONTRACTOR shall maintain a file containing a current certificate of each person covered by Health and Safety Code Sections 121525-121555 (tuberculosis testing). In addition, contractor will adhere to all of the requirements under AB 389.

3.3 QUALIFICATIONS OF INSTRUCTIONAL AIDES AND TEACHER ASSISTANTS

Effective July 1, 2001 the CONTRACTOR shall ensure that newly hired instructional aides and teacher assistants have demonstrated proficiency in basic reading, writing, and mathematics skills, based on a test selected and administered by the CONTRACTOR.

3.4 REQUIREMENT TO REPORT

a. Child Abuse or Molestation

The CONTRACTOR shall maintain a signed statement by all personnel required to sign such a statement under the child abuse reporting laws, acknowledging their training and understanding of the reporting requirements regarding observed or suspected cases of child abuse. When filing a child abuse report under the Child Abuse Reporting laws, the CONTRACTOR shall include in the report the name, telephone number and address of the LEA representative as identified in Section 2.3 (Notices) of this contract.

San Diego County Nonpublic Master Contract Main Document

2017-2018

b. Missing Students

The CONTRACTOR shall ensure that staff is aware of its responsibility and requirement to report to parents, and local law enforcement as appropriate, when a pupil leaves campus without permission, immediately upon confirmation that the pupil is missing, in accordance with EC 49370. The CONTRACTOR shall contact the LEA Case Manager by telephone no later than the end of the day in the event a pupil leaves campus without permission, does not return that school day, and is not located at his or her residence or in the custody of his or her parent or guardian.

c. Student Injury

The CONTRACTOR agrees to complete a written report when a pupil has suffered an injury that requires medical attention, and notify the LEA case manager within 48 hours.

In case of incident, the CONTRACTOR agrees to submit a written report to the LEA case manager by the end of the following school day, in cases of injury resulting from physical restraint or the death of a student. The CONTRACTOR agrees to reasonably participate in any communications between a pupil's parents and the LEA regarding any injuries resulting from physical restraint.

SECTION 4: FISCAL

4.1 BILLING AND PAYMENT

a. Invoices

The CONTRACTOR shall submit invoices monthly. The effective date of an invoice shall be the date of the receipt by the LEA. Invoices should clearly reflect rates as specified in the Master Contract, be in accordance with the Individual Services Agreements, and include all days of creditable service, beginning no earlier than the date specified in the Interim Written Approval or ISA. The CONTRACTOR shall submit said invoice for services rendered no later than thirty (30) days from the end of the attendance accounting period calendar month in which said services are actually provided and the invoice shall be submitted pursuant to Section 2.3 (Notices) of this contract. All education related mental health services will be billed by contractor in separate invoice.

b. Late Invoices

If the LEA does not receive a properly submitted invoice within thirty (30) days from the end of the attendance accounting period calendar month, the LEA may deduct 1.5% per month, calculated proportionately per day, of that total invoice, if the LEA does not agree to the request of the CONTRACTOR to an extension of time to submit the invoice.

c. Payment

The LEA shall make payment within forty-five (45) days of receipt of a properly prepared and submitted invoice and such payment shall be submitted pursuant to Section 2.3 (Notices) of this contract. This payment shall be at the rates agreed to in the Rate Schedule (See Appendix A for Schools, B for Agencies, and C for Room and Board) of this contract and shall be in an amount equal to the number of creditable days of attendance during both the regular and extended school years, make-up sessions (including "excused" absences) per the individual services agreement for each pupil. This calculation shall include the Extended School Year if the pupil is enrolled in the Extended School Year, and any other absence for which the LEA has agreed to pay CONTRACTOR and any related services and transportation costs as specified in the Rate Schedule (See Appendix A for Schools, B for Agencies, and C for Room and Board) of this contract and in accordance with the Individual Services Agreements. If no notice of withholding is provided to CONTRACTOR within 10 working days of receipt of an invoice, the LEA shall not withhold any payment. Payment by the LEA shall refer to the invoice number or the date of the bill submitted by the CONTRACTOR.

San Diego County Nonpublic Master Contract Main Document

2017-2018

d. Pupil Enrolled Prior to Approval of Agreement to a Contract

Ed Code addresses situations when a contract has not yet been developed and the pupil is enrolled and receiving services from the Nonpublic School or Agency (ED 56366.9 c (1)).

"If a pupil is enrolled in a nonpublic, nonsectarian school or agency with the approval of the local educational agency prior to agreement to a contract or individual services agreement, the local educational agency shall issue a warrant, upon submission of an attendance report and claim, for an amount equal to the number of creditable days of attendance at the per diem tuition rate agreed upon prior to the enrollment of the pupil. This provision shall be allowed for 90 days during which time the contract shall be consummated."

e. Late Payment

If the payment is not postmarked from the LEA within forty-five (45) days of the receipt of the invoice, the LEA agrees to pay an additional fee of 1.5% interest per month on amounts not paid, such interest being calculated beginning day forty-six (46) from receipt of the invoice. Interest shall be calculated in accordance with standard accounting procedures. The CONTRACTOR shall bill the LEA for the interest. Failure by the LEA to pay an appropriately submitted invoice within 90 days of receipt may be considered a breach of contract.

f. Medi-Cal Reimbursement

Documentation of LEA Medi-CAL Billable Services will be completed by the provider. All documentation of provider services shall be given to the District/SELPA for reimbursement submissions to Medi-Cal. The contractor will not submit any claims in the LBO (LEA) program and the LEA has the right to submit claims for reimbursement.

4.2 RIGHT TO WITHHOLD

The LEA has the right to withhold payment to the CONTRACTOR when the LEA has reliable evidence, described in writing to the CONTRACTOR at the time the notice of withholding is submitted that: (A) service is provided by personnel who are not appropriately credentialed/licensed; (B) records required by the LEA prior to school closure with respect to one or more LEA pupil(s) enrolled in CONTRACTOR's educational program have not been received; (C) the CONTRACTOR confirms a pupil's change of residence to another district but neglects to notify the LEA within 5 days; or (D) the CONTRACTOR fails to notify the LEA within 5 days after the 10th consecutive school day of a pupil's absence. If the basis for withholding is subsections (B) (C) or (D) of this section the LEA may only withhold the proportionate amount of the bill related to that pupil. If the basis for withholding is subsection (A) of this section, the LEA may only withhold payment for services provided by that personnel.

The LEA shall notify CONTRACTOR in writing within 10 working days of receipt of an invoice of any reason why requested payment shall not be paid. (EC section 56366.5(a)). Such notice shall specify the basis for the LEA's withholding payment and shall be made pursuant to Section 2.3 (Notices) of this contract. If no notice of withholding is provided to CONTRACTOR within 10 working days of receipt of an invoice, the LEA shall not withhold any payment. Within fourteen (14) days from the date of receipt of such notice, the CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies that form the basis for the LEA's withholding payment. Upon receipt of the CONTRACTOR'S written request showing good cause sent pursuant to Section 2.3 (Notices) of this Contract, the LEA shall extend the CONTRACTOR'S time to respond by an additional fourteen days. The CONTRACTOR shall submit rebilling for payment no later than thirty (30) calendar days when an invoice is returned to the CONTRACTOR with a notice of withholding. Upon verification of remediation of identified deficiencies and receipt of rebilling, the LEA shall pay the resubmitted invoice in accordance with Schools: Section 4.1, Agencies: Section 5.1 (Rate Schedule) of this contract. If CONTRACTOR does not resubmit sufficient rebilling or verify remediation of identified deficiencies within thirty (30) calendar days, that shall constitute a reason to continue to withhold payment unless and until CONTRACTOR resubmits the bill and corrects the deficiencies as noted in the original notice of withholding.

San Diego County Nonpublic Master Contract Main Document

2017-2018

4.3 INSPECTION AND AUDIT

a. Maintenance of Fiscal Records

The CONTRACTOR shall maintain cost data in sufficient detail to verify the annual operating budget in providing education and designated instructional services to children with disabilities and shall make that data available to the LEA upon reasonable request consistent with the provisions of this section. Fiscal records shall be maintained by the CONTRACTOR for five years and shall be available for audit consistent with the provisions of this section.

b. Maintenance of Student Records

District of residence is the custodian of the student records.

c. LEA Access to Documents Related to the Master Contract

The CONTRACTOR shall provide access to, or forward copies of, any documents or other matters relating to the contract within 20 days upon reasonable request by the LEA except as otherwise provided by law. The reason for this request for records shall be provided to the CONTRACTOR at the time it is made. The CONTRACTOR may request from the LEA an extension of time to comply with any records request, which shall not be unreasonably withheld. Such documents may include: 1) registers and roll books of teachers; 2) daily service logs and notes or other documents used to record the provision of related services; 3) absence verification records; 4) transportation records; 5) staff lists specifying credentials held, business and/or professional licenses held documents evidencing other qualifications; 6) dates of hire, and dates of termination; 7) staff time sheets; 8) non-paid volunteer sign-in sheets; 9) related services contracts; 10) school calendars; 11) bell/class schedules; 12) liability and workers' compensation insurance policies; 13) state nonpublic school certifications; 14) marketing materials; 15) statements of income and expenses; 16) general ledgers and supporting documents; 17) all budgetary information and projections submitted by the CONTRACTOR to LEA for purpose of contract negotiations.

d. Audit Exceptions

The CONTRACTOR agrees to accept responsibility for receiving, replying to, and/or complying with any audit exceptions identified by appropriate LEA personnel or State or Federal audit agencies occurring as a result of the CONTRACTOR's performance of this contract. The CONTRACTOR also agrees to pay to the LEA within thirty days of demand by LEA for any financial penalties resulting from any audit exceptions to the extent they are attributable to the CONTRACTOR's failure to perform properly any of its obligations under this contract unless the LEA agrees to different terms in writing and any demand by LEA for such payment shall be made pursuant to the notice provisions of Section 2.3 of this contract. Any, and all audit exceptions must be specified in complete detail before any demand from the LEA for any amount set forth therein.

e. Reasons for Unannounced Visits

LEA and/or Special Education Local Plan Area representatives may make unannounced inspections when there is a concern regarding the health, safety, or welfare of a child, or a substantial concern regarding the implementation of the IEP.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX A: SCHOOLS
2017-2018

NONPUBLIC MASTER CONTRACT
Appendix A: Schools

CONTRACT YEAR _____

SECTION 1: NONPUBLIC SCHOOLS ASSOCIATED WITH LICENSED CHILDREN'S INSTITUTIONS (LCIs)

When a nonpublic, nonsectarian school is owned, operated by, or associated with a licensed children's institution, that nonpublic, nonsectarian school shall provide documentation to the LEA that the LCI does not require as a condition of residential placement in the LCI, either of the following: that the student be identified as an individual with exceptional needs per EC 56062 (Health and Safety Code 1501.1(b), EC 56155.7), or that the student attend the nonpublic school associated with the LCI (EC 56366.9). Educational placement of a student in the NPS associated with the LCI may only take place if the LEA determines that alternative educational programs are not available (EC 56366.9).

SECTION 2: EDUCATIONAL PROGRAM

2.1 ADMISSION / ENROLLMENT PROCEDURE

Prior to the CONTRACTOR deciding whether or not to enroll a pupil, the LEA shall provide the CONTRACTOR a copy of the pupil's current IEP/IFSP and immunization records. The LEA shall facilitate an observation of the pupil, data gathering from the current or prior education providers, and any other reasonable information gathering CONTRACTOR wishes to undertake prior to making an enrollment decision. The CONTRACTOR retains the right to decline enrollment of any pupil and nothing in this contract shall be construed to limit this right.

If a pupil is being considered for enrollment, his or her IEP/IFSP shall be reviewed in collaboration with the LEA, CONTRACTOR, parents, and other invited participants, as appropriate.

The CONTRACTOR will make a good faith effort to notify the LEA of its decision to decline enrollment within 10 working days based on a review of the application packet. The CONTRACTOR shall notify the LEA of the effective date of enrollment, or decline of enrollment after gathering additional information, as soon as possible in accordance with Section 2.3 (Notices) of the Nonpublic Master Contract Main Document.

2.2 GENERAL PROGRAM OF INSTRUCTION

The Contractor's educational materials, services, and programs will be consistent with the pupil's individualized education program in accordance with Education Code 56366.10. The pupil's IEP/IFSP shall be aligned with the state standards as appropriate to meet the individual pupil's needs. The CONTRACTOR shall utilize materials, methods and instructional time in accordance with the pupil's IEP/IFSP and the Individual Services Agreement. The NPS offers/provides students with access to the following educational materials: for K and grades 1 to 8 inclusive, state-adopted standards-based, core curriculum and instructional materials; for grades 9 to 12, inclusive, standards-based, core curriculum and instructional materials used by any local education agency that contracts with the NPS, nonsectarian school.

The CONTRACTOR's general program of instruction, including its technology plan and descriptions of courses leading to graduation with a diploma, shall be provided electronically and/or in writing and a copy provided to the LEA representative identified in Section 2.3 (Notices) of the Nonpublic Master Contract Main Document prior to the effective date of this contract. The technology plan shall include, but not be limited to, a description of student access to technology as part of the general program of instruction and staff technology training as needed.

Independent study (California *Education Code [EC]* sections 51745(c)) An individual with exceptional needs, as defined in Section 56206, shall not participate in independent study, unless his or her individualized education program developed pursuant to Article 3 (commencing with Section 56340) of Chapter 4 of Part 30 specifically provides for that participation.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT

APPENDIX A: SCHOOLS

2017-2018

a. Transcripts

If a pupil is of secondary school age, the LEA shall provide a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward the pupil's graduation with a diploma or certificate of completion, and specified performance standards. The CONTRACTOR shall have procedures for record keeping and documentation, and shall maintain high school records to ensure that appropriate high school credits are received, if applicable.

At the close of each semester, for a pupil in grades 9, 10, 11, and 12, the CONTRACTOR shall prepare transcripts and submit them to the pupil's LEA in accordance with the notice provisions of Section 2.3 (Notices) of the Nonpublic Master Contract Main Document. The LEA shall monitor the progress of the pupil towards graduation with a diploma or certificate of completion.

b. Foster Youth

Shall be defined pursuant to California Education Code section 42238.01(b). The LEA shall annually notify the CONTRACTOR who the LEA has designated as the educational liaison for foster children. When a pupil in foster care is enrolled in a nonpublic school by the LEA any time after the completion of the pupil's second year of high school, the CONTRACTOR shall schedule the pupil in courses leading towards graduation based on the diploma requirements of the LEA unless provided notice otherwise in writing pursuant to Section 51225.1.

2.3 SUPPLIES AND EQUIPMENT

The CONTRACTOR shall be responsible for providing all standard and usual supplies and equipment it normally provides as part of its general program. A student who may require assistive technology to benefit from his/her special education program shall be referred for an assistive technology evaluation through the LEA. If an individual pupil's IEP/IFSP requires specialized equipment and/or supplies beyond the CONTRACTOR's general program they shall be provided by the LEA unless otherwise specified in the Individual Services Agreement. LEA shall provide the low incidence equipment assigned to the pupil through the IEP/IFSP unless CONTRACTOR specifically agrees in the Individual Services Agreement to provide the low incidence equipment. Supplies and/or equipment purchased and/or provided by the LEA remain the property of the LEA and supplies and/or equipment purchased and/or provided by CONTRACTOR remain the property of CONTRACTOR, if not specifically reimbursed by the LEA for that specific supply or equipment. If the CONTRACTOR provides DIS and/or related services, the CONTRACTOR shall be responsible for providing usual and reasonable supplies and assessment tools necessary to implement the provision of services unless otherwise agreed in the Individual Services Agreement.

2.4 CALENDAR

By April 1 of each year, the CONTRACTOR shall submit a school calendar to the SDCOE Director of Special Education, including daily start and end times, with the total number of billable days not to exceed one hundred and eighty (180) in the regular school year, plus extended school year days as needed. The CONTRACTOR shall observe the following legal holidays including Independence Day, Veteran's Day, Labor Day, Thanksgiving Day, Christmas Day, New Year's Day, Dr. Martin Luther King Jr. Day, President's Day, and Memorial Day, as specified in the CONTRACTOR's official calendar. If the CONTRACTOR's provide make-up days, the calendar shall include make-up days, which may be used as long as no pupil exceeds 180 billable days during the regular school year, or the number of days allotted for the extended school year, per that pupil's ISA (Refer to 5CCR 3043). The CONTRACTOR shall arrange for transportation on the make-up days.

The CONTRACTOR shall only provide designated instruction and services during: 1) the pupil's regular school year, 2) extended school year program, 3) while providing make-up classes or services, 4) as otherwise specified by the pupil's IEP/IFSP. Make-up sessions may be scheduled for other days of school vacations.

2.5 CREDITABLE DAYS OF ATTENDANCE / INSTRUCTIONAL MINUTES

Creditable days of attendance include days on the school calendar attached hereto, make-up classes or services. Creditable days of attendance are those in which the instructional minutes of the CONTRACTOR meet or exceed those in comparable LEA programs, or those which are established by the pupil's IEP/IFSP, whichever is less (EC Section 46307). The instructional minutes should be reflected in the Individual Services Agreement.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX A: SCHOOLS
2017-2018

2.6 PARENT VISITS

The CONTRACTOR shall provide for reasonable parental visits to all of the school facilities including, but not limited to, the instructional setting attended by pupils, school and recreational activity areas, and pupil's living quarters for those parents whose pupil resides in the living quarters. The CONTRACTOR shall use its good faith efforts to provide that parental visits are in agreement with a court order, if any.

2.7 ASSESSMENTS

a. State Mandated Testing

Standardized tests shall be administered pursuant to state requirements and local guidelines outlined in SB 484, as determined by the individual pupil's IEP. For pupils in grades one through twelve, inclusive, the CONTRACTOR shall permit the LEA to administer state and local mandated tests following the LEA testing schedule at the CONTRACTOR's site in accordance with the testing period.

By October 1, the LEA shall notify the CONTRACTOR of the LEA testing schedule. By December 1, the CONTRACTOR shall notify the LEA of the designated testing period, which addresses most of the LEA testing schedules. State mandated testing outside the designated testing period shall be administered by the LEA at a location other than the NPS. LEA and CONTRACTOR shall collaborate to minimize the disruption to the educational programs for students caused by the administration of state and local mandated tests. The LEA shall share the results of the state mandated testing with the CONTRACTOR.

2.8 STAFF ABSENCES

When a classroom teacher is absent, The CONTRACTOR shall provide appropriate coverage in the absent teacher's classroom in accordance with EC section 56061. The CONTRACTOR shall provide the LEA the documentation of such coverage upon request.

CONTRACTORS who provide nurses, 1:1 aides or 1:1 behavior intervention staff in accordance with an individual student's IEP/IFSP shall provide substitute coverage when the staff member is absent, unless other arrangements have been made with the LEA on a case by case basis.

2.9 MONITORING

Per 5 CCR 3063, the State Superintendent of Public Instruction (SSPI) shall conduct a validation review of the nonpublic school prior to an initial conditional certification. An on-site review shall be conducted within 90 days of the initial conditional certification and student enrollment. On-site reviews shall be scheduled at least once every three years thereafter. In addition, LEA shall monitor the education of students placed by IEP teams in the nonpublic school setting.

Upon request, the CONTRACTOR shall provide the LEA with annual program goals and implementation plan. CONTRACTOR will participate in the review of the Nonpublic schools and or agencies via the San Diego County Nonpublic Quality Review process on a four-year cycle. The Quality Review Committee shall make every attempt to coordinate the Quality Review process with the CDE certification review.

SECTION 3: SAFETY

3.1 SAFE AND APPROPRIATE ENVIRONMENT

a. Facilities

The CONTRACTOR shall be responsible for providing facilities in which it provides the services agreed to in the Individual Services Agreement, unless there is written agreement to the contrary. CONTRACTOR shall comply with applicable law with respect to the structural specifications of the facilities in which it provides services.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX A: SCHOOLS
2017-2018

CONTRACTOR shall comply with all applicable local, county, and/or state ordinances and statutes relating to fire, health, sanitation, and building safety.

b. Fire Drills

The CONTRACTOR shall assure that the school has a fire drill, not less than once every calendar month at the elementary and intermediate level and not less than twice yearly at the secondary level.

c. Earthquake Procedures

The CONTRACTOR'S nonpublic school buildings which have an occupant capacity of fifty or more pupils or more than one classroom shall have an established earthquake emergency procedure system including a school building disaster plan; a drop procedure; protective measures to be taken before, during, and following an earthquake; and a program to ensure that the pupils and the certificated and classified staff are aware of and properly trained in the earthquake emergency procedure system.

3.2 ATTENDANCE

The CONTRACTOR shall keep original records of each pupil's daily attendance in a register, report, or record with the pupil's absences clearly indicated. The CONTRACTOR shall report attendance monthly, including a cumulative total of excused and unexcused absences for the year to date. The CONTRACTOR shall file the signed copies of such attendance register, report, or record with monthly invoices to the LEA within thirty (30) days of the close of the school month. The CONTRACTOR shall submit separate attendance forms for any and all related services that are provided by the CONTRACTOR that are not a part of the inclusive rate as specified in IEPs/IFSPs. The documents and reports identified in this section shall be provided to LEA pursuant to the provisions in Section 2.1 (Notices) of the Nonpublic Master Contract Main Document.

The CONTRACTOR is responsible for verifying accuracy of said attendance forms and for informing subcontractors of their personal responsibility for the completion and accuracy of said forms. The CONTRACTOR shall meet with LEA representatives, upon reasonable notice, for the purpose of discussing attendance reporting.

a. Unexcused Absences

If a pupil's absences exceed more than ten days, the CONTRACTOR may notify the LEA of the intent to terminate the Individual Services Agreement and if it does, at the same time it shall request an IEP/IFSP meeting. Said notice shall be provided pursuant to Section 2.1 (Notices) of the Nonpublic Master Contract Main Document. Upon receipt of this request, the LEA shall convene an IEP/IFSP meeting as soon as possible to review the placement, modify the IEP/IFSP if appropriate, or determine another appropriate placement option for the student.

CONTRACTOR shall notify the LEA case manager when a pupil has been absent for 10 consecutive school days. Failure by the CONTRACTOR to notify the LEA case manager within 5 days after the 10th consecutive school day absence shall relieve the LEA of any obligation to pay for any absence beyond the tenth day of absence.

b. Change of Pupil's District of Residence

Within 5 days after the CONTRACTOR confirms that a pupil has changed his or her residence and no longer resides in the LEA, the CONTRACTOR shall notify the LEA, of the change of residence and such notice shall be provided pursuant to Section 2.3 (Notices) of the Nonpublic Master Contract Main Document. Both the LEA and the CONTRACTOR shall notify parents in writing of their obligation to notify the CONTRACTOR of changes of pupil's residence.

c. Parent Withdrawal of Student

The CONTRACTOR shall report by telephone no later than the end of the next school day to the case manager if a pupil is dis-enrolled from school by the parent. The CONTRACTOR shall confirm such telephone call in writing.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX A: SCHOOLS
2017-2018

d. Make-up Days/Saturday School (Ed Code 3722.3, 42239)

Make-up days may be scheduled on weekends and during school breaks within the fiscal year the services were originally to be provided. Make-up days, if provided by the CONTRACTOR, shall be noted on the CONTRACTOR's annual calendar. Make up days include excused and unexcused absences as well as absences during ESY within the contract year. All related services shall be provided by the CONTRACTOR during the CONTRACTOR's regular school and extended school calendar days unless otherwise specified on the IEP/IFSP.

The LEA shall not be responsible for payment of services for days on which pupil's attendance does not qualify for reimbursement under state law.

Billing for Make-up days shall be monthly and shall accompany Contractor's regular monthly invoice. Contractor shall prepare a Register of Daily Attendance for Make-up days during the month showing all students who were in attendance. Total amount billed for Make-up days during the month will be shown as a separate line on Contractor's invoice. All provisions for audit, corrections, and payment as stated in this Master Contract that apply to Contractor's invoicing shall apply to the Make-up day invoice.

e. Medication

CONTRACTOR shall comply with the requirements of California Education Code section 49423 when CONTRACTOR serves a student that is required to take prescription and/or over-the-counter medication during the school day. CONTRACTOR may designate personnel to assist the student with the administration of such medication after the student's parent(s) provides to CONTRACTOR: (a) a written statement from a physician detailing the type, administration method, amount, and time schedules by which such medication shall be taken; and (b) a written statement from the student's parent(s) granting CONTRACTOR permission to administer medication(s) as specified in the physician's statement. CONTRACTOR shall maintain, and provide to LEA upon request, copies of such written statements. CONTRACTOR shall maintain a written log for each student to whom medication is administered. Such written log shall specify the student's name; the type of medication; the date, time, and amount of each administration; and the name of CONTRACTOR's employee who administered the medication. CONTRACTOR maintains full responsibility for assuring appropriate staff training in the administration of such medication consistent with physician's written orders. Any change in medication type, administration method, amount or schedule must be authorized by both a licensed physician and parent.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX A: SCHOOLS
2017-2018

INTERIM WRITTEN APPROVAL

For Provision of Special Education/Related Services and Payment

Pursuant to Section 1.1 of the Master Contract (Main Document),
the Local Education Agency (LEA) _____
provides to the CONTRACTOR _____
interim written approval for CONTRACTOR to provide the agreed upon Special Education and/or Related Services
identified in the most recent IEP/IFSP of _____,
(Student Name)
at the rates set forth in Schools: Section 4.1 of the Master Contract for the 201____ - 201____ Contract
Year.
Anticipated Student Start Date: _____.

This interim written approval shall be for a maximum period of 90 days, beginning with the anticipated student start date at the nonpublic school or nonpublic agency. If an Individual Services Agreement and/or Master Contract is not completed and executed by the LEA and the CONTRACTOR within this 90 day period, the LEA or CONTRACTOR may request an IEP meeting to be held as soon as possible to discuss a change in placement for the pupil. The LEA shall continue to reimburse the CONTRACTOR as set forth in the interim written approval, or as otherwise agreed by the parties in writing, pending any change in placement or subsequent execution of an Individual Services Agreement.

This interim written approval does not require the CONTRACTOR to provide services for 90 days, or for any maximum period of time. The parties have already agreed, or may agree, to hold an IEP meeting within 30 days of the student's first day of attendance.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX C: ROOM AND BOARD
2017-2018

NONPUBLIC MASTER CONTRACT
Appendix C: Room and Board
For Residentially Placed Students with Disabilities

CONTRACT YEAR _____

This agreement ("Master Agreement") is made and entered into between the

_____ School District ("LEA") and
_____ ("Facility"), together with LEA

("Parties") until _____, or sooner as described in paragraph 3.a. below. It is understood that this Master Agreement does not commit the LEA to fund, or the Facility to provide room and board to a child ("Child"), as that term is defined in paragraph 1.a. below, unless and until an individual room and board agreement ("Individual Services Agreement") is executed between the LEA and Facility on behalf of an individual Child and both this Master Agreement and the Individual Service Agreement for Room and Board are approved or ratified by the LEA's Governing Board.

SECTION 1: LEA AGREES TO

1.1 LEA agrees to the following:

- a. Pay Facility for room and board only (which is limited to the cost of food, shelter, daily supervision, and liability insurance with respect to the Child and any other costs that are included in the attached RTC Rate Schedule, Attachment A. This rate will be included in the Individual Services Agreement, which is Attachment B. If the Facility includes mental health services in its Room and Board rate, that inclusive rate is identified on Attachment A and should be reflected as such in the Room and Board Individual Services Agreement Attachment B. Monthly rates shall be prorated based on the date of admission and the night prior to the discharge from the Facility. Payment (Notices, Billing and Payment and Right to Withhold) shall be made consistent with the Payment language in the Main Contract.
- b. Provide the Facility with knowledge of the background and needs of a Child necessary for his/her effective care. This may include educational assessments, medical reports, individualized education programs ("IEP"), and identification of any special needs he/she may have. This information shall be provided to Facility within fourteen (14) school days of the date of placement to the extent it has not already been provided to the Facility.
- c. Work with Facility toward development of the Child's treatment plan.
- d. Work with Facility toward successful termination of the Child's placement.
- e. Continue paying for Child's Room and Board as long as he/she remains eligible for this level of placement or until the LEA requests termination of the placement, subject to paragraph 3.a.
- f. Assist in the maintenance of the Child's constructive relationships with parents and other family members, involving parents in future planning for the Child.
- g. The San Diego County Case Management Project is responsible for case management services and is responsible for providing the following documents to the Facility: psychological and psychiatric evaluations, social work assessments, and authorization for medical treatment signed by the Child's parent (as the term Parent is defined in paragraph 3.bb. below and provided that the Parent can legally authorize medical treatment).

In the event the Case Management Project does not provide the information described above to the Facility, then the Facility will notify the LEA consistent with paragraph v. (Notices) below.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX C: ROOM AND BOARD
2017-2018

SECTION 2: FACILITY AGREES TO

2.1 Facility agrees to the following:

- a. Provide Room and Board to the Child.
- b. Follow admission requirements related to medical screening, physical examination, medical testing and immunization.
- c. Develop an understanding of the responsibilities, objectives, and requirements of the LEA with regard to the care of the Child, and work with the LEA in regard to the care of, and the planning for, the Child.
- d. Encourage the maintenance of the natural parent-child relationship, and include the Child's parents in the treatment plan whenever possible.
- e. Not use any form of corporal punishment or degrading or embarrassing discipline. Agree not to use deprivation of meals, monetary allowances, visits from parents, home visits, or threat of removal from the Facility. The use of constructive alternative methods of discipline is encouraged provided it is consistent with the Child's IEP and any behavior plan.
- f. Respect and keep confidential information regarding the Child and his/her family, except as required by law.
- g. Work toward successful termination of this out-of-home placement, involving the Child, parents, and the LEA on a planned basis.
- h. Conduct a staffing or review on the Child at least once every three (3) months.
- i. Submit an initial diagnostic summary and master treatment plan to the LEA within three (3) months from the date of placement, to the extent this information has not already been provided to the LEA by the Facility. This summary shall include the following information regarding the Child:
 - 1) Medical and dental needs;
 - 2) Psychological/psychiatric evaluations obtained;
 - 3) Staffing review summaries;
 - 4) Educational assessment;
 - 5) Peer adjustment;
 - 6) Relationship to staff;
 - 7) Involvement in recreation program;
 - 8) Behavioral problems;
 - 9) Short-term treatment objectives (goals established for next 3 months);
 - 10) Long-range goals including anticipated length of placement;
 - 11) Tasks planned to reach objective and goals and staff who will be performing these tasks, including agency service activity;
 - 12) Identification of unmet needs; and
 - 13) Involvement of Child and his/her parents in the treatment program.
- j. Submit ongoing written evaluations to the LEA quarterly. These evaluations shall include the following information:
 - 1) Current status of the Child's physical and psychological health;
 - 2) Reassessments of the Child's adjustment to the Facility, program, peers, school, and staff;
 - 3) Progress toward short-term objectives and long-range goals, including tasks that have been performed to reach these objectives and goals;

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX C: ROOM AND BOARD
2017-2018

- 4) Reassessment of unmet needs and efforts made to meet them;
 - 5) Modification of treatment plan, tasks to be performed, and anticipated length of placement; and
 - 6) Involvement of the Child and his/her parents in treatment program.
- k. Notify the Case Management Project staff within twenty-four (24) hours or the LEA's next business day, whichever is sooner, of significant changes in the Child's health, behavior, or physical location, as well as any changes to his/her prescribed medication.
- In the event of a Child's death or serious bodily injury, the Facility will immediately notify the Case Management Project staff. In the case of any of the events described above, the Facility will notify LEA's representative(s) identified in paragraph 2 of the Individual Services Agreement, as well as the Case Management Program staff identified in paragraph 3 of the Individual Services Agreement to the extent the Facility is obligated by law to notify the LEA.
- l. Report by telephone to the Case Management Project staff and LEA's representative(s) identified in paragraph 2 of the Individual Services Agreement any special incident involving the Child within twenty-four (24) hours of its occurrence, and to submit a written report within forty-eight (48) hours.
 - m. Submit copies of any pertinent information such as school reports, medical reports and psychological/psychiatric reports as completed.
 - n. Give the Case Management Project staff and LEA's representative described in paragraph 2 of the Individual Services Agreement written prior notice of at least fourteen (14) school days of intent to discharge the Child unless it is agreed upon in writing with the LEA that less notice is necessary.
 - o. Conform to all applicable licensing requirements of the State of California.
 - p. Provide state and federal agencies access to requested information on the Child as required by state and/or federal law.
 - q. Only admit the Child to or discharge the Child from the Facility under the auspices of the Parent (as this term is defined in paragraph 3.bb. below), and to recognize that the Parent can remove the Child from the Facility at will provided that the Parent has legal authority to do so.
 - r. Prepare monthly invoices to the LEA consistent with paragraphs 3.v. (Notices), 3.z. (Billing and Payment) and 3.aa. (Right to Withhold) below. The Facility shall notify the LEA when Medi-Cal or any other agency or insurance provider is billed for the Room and Board costs associated with the Child's placement at Facility.

SECTION 3: PARTIES AGREE TO

3.1 Parties agree to the following:

- a. Termination. Should a court of competent jurisdiction, the Legislature, or the Governor determine that the State Department of Mental Health and its local mental health agencies are responsible for providing mental health services, this Master Agreement shall be deemed null and void immediately. The LEA may also immediately suspend or terminate this Master Agreement in whole or in part when it determines that Facility has failed to comply with any term of this Master Agreement or when it is determined and agreed upon by the child's expanded IEP team that the Facility is no longer an appropriate placement. Under circumstances other than those set forth above, the LEA may terminate this Master Agreement at any time by giving Facility thirty (30) days written notice of such termination. Such termination shall be effective at 11:59 p.m., Pacific Standard Time, on the intended date for termination.
- b. Room and Board. It is understood and acknowledged that this Master Agreement only commits the LEA to payment for Room and Board as that term is defined in paragraph 1.a. above, and not special education and/or related services. If the educationally related mental health services are wrapped in with the Room and Board rates, indicate that option in section 3.y of this Appendix C.
- c. Privacy. The Parties acknowledge the protections afforded to student health information under regulations adopted pursuant to the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), Pub. L. No. 14-109, students' records under the Family Educational Rights and Privacy Act ("FERPA"), section 1232g of Title 20

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT

APPENDIX C: ROOM AND BOARD

2017-2018

of the United States Code; and under any provisions of state law relating to privacy. The Parties shall ensure that all activities undertaken under this Master Agreement will conform to the requirements of these laws.

- d. Indemnification. The Parties shall each defend, hold harmless and indemnify the other party, its governing board, officers, administrators, agents, employees, independent contractors, subcontractors, consultants, and other representatives from and against any and all liabilities, claims, demands, costs, losses, damages, or expenses, including reasonable attorneys' fees and costs, and including but not limited to consequential damages, loss of use, extra expense, cost of facilities, death, sickness, or injury to any person(s) or damage to any property, from any cause whatsoever arising from or connected with its service hereunder, that arise out of or result from, in whole or in part, the negligent, wrongful or willful acts or omissions of the indemnifying party, its employees, agents, subcontractors, independent contractors, consultants, or other representatives. This indemnity provision shall survive the term of this Master Agreement and is in addition to any other rights or remedies that the LEA or Facility may have under law and/or the Master Agreement.
- e. Integration. This Master Agreement represents the entire understanding of the Parties as to those matters contained herein, and supersedes and cancels any prior oral or written understanding, promises or representations with respect to those matters covered hereunder. This Master Agreement may not be modified or altered except in writing signed by both Parties hereto. This is an integrated agreement.
- f. Laws and Venue. This Master Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Master Agreement, the action shall be brought in a state or federal court situated in the County of San Diego, State of California, unless otherwise specifically provided for under California law.
- g. Third Party Rights. Nothing in this Master Agreement shall be construed to give any rights or benefits to anyone other than the LEA or Facility.
- h. Employment Status. This Master Agreement is by and between two independent contractors and is not intended to and shall not be construed to create a relationship of agent, servant, employee, partnership, joint venture or association. Facility's services shall be provided in a manner consistent with all applicable standards and regulations governing such services.
- i. Warranty of Facility. Facility warrants that Facility and each of the personnel employed or otherwise retained by Facility for services performed to the Child are properly certified and licensed under the laws and regulations of the State of California to provide services to the Child.
- j. Safe and Appropriate Environment. Facility shall comply with applicable law with respect to the structural specifications of the facilities in which it provides services. Facility shall comply with all applicable local, county, and/or state ordinances and statutes relating to fire, health, sanitation, and building safety.
- k. Requirement to Report
 - 1) Child Abuse or Molestation. Facility shall maintain a signed statement by all personnel required to sign such a statement under the child abuse reporting laws, acknowledging their understanding of the reporting requirements regarding observed or suspected cases of child abuse. When filing a child abuse report under the Child Abuse Reporting laws, Facility shall include in the report the name, telephone number and address of the LEA representative as identified in paragraph 3.v., below, of this Master Agreement.
 - 2) Student Injury. Facility agrees to complete a written accident report when a student has suffered an injury that requires medical attention, and notify the LEA within forty-eight (48) hours. Facility agrees to submit a written incident report to the LEA by the end of the following school day, in cases of injury resulting from physical restraint or the death of Child. Facility agrees to reasonably participate in any communications between a Child's parents and the LEA regarding any injuries resulting from physical restraint.
- l. Severability. The unenforceability, invalidity or illegality of any provision(s) of this Master Agreement shall not render the other provisions unenforceable, invalid, or illegal.
- m. Term. Except as otherwise provided for herein, this Master Agreement shall cover the period of _____ through _____.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX C: ROOM AND BOARD
2017-2018

and including _____. This Master Agreement shall terminate as of 11:59 p.m., Pacific Standard Time on _____, except as provided in paragraph 3.a., above. However, this Master Agreement may be extended by the Parties' mutual written consent.

- n. Execution by Facsimile or in Counterparts. This Master Agreement may be signed in counterparts and the signatures may appear on separate signature pages. A copy or an original, with all signatures attached, shall be deemed a fully executed agreement. A facsimile version of any party's signature shall be deemed an original signature.
- o. Effective Date. This Master Agreement has no force or effect until approved or ratified by the LEA's Governing Board.
- p. Compliance with Applicable Federal and State Laws. During the term of this Master Agreement, the Parties shall comply with all applicable federal, state, and local statutes, laws, ordinances, rules and regulations relating to the required special education and designated instruction and services and facilities for individuals with exceptional needs, and related laws pertaining to California public school students, including but not limited to fingerprinting laws as described in Education Code section 45125.1.
- q. Nondiscrimination. The Parties shall not discriminate on the basis of race, religion, sex, national origin, age, sexual orientation or disability in employment or operation of its programs.
- r. IEP Participation and Other Meetings. The Facility shall attend LEA mandated meetings, IEPs and/or meetings concerning the LEA's policies and procedures at the LEA's request. The LEA shall provide the Facility with reasonable notice of mandated meetings. Attendance at such meetings cannot be charged to the LEA and shall be attended at the Facility's expense.
- s. Forwarding of Records. The Facility agrees, in the event of Facility closure, to immediately forward all of the Child's records to the LEA to the extent the LEA is permitted by law to receive these records.
- t. Insurance. Prior to the execution of this Master Agreement, Facility shall, at its sole cost and expense, maintain in full force and effect, during the term of this Master Agreement, including all extensions, the insurance specified in the Main Document.
- u. Inspection and Audit
 - 1) Maintenance of Fiscal Records. Fiscal records shall be maintained by the Facility for five years and shall be available for audit consistent with the provisions of this section.
 - 2) LEA Access to Documents Related to the Master Agreement. The Facility shall provide access to, or forward copies of, any documents or other matters relating to this Master Agreement within twenty (20) days upon reasonable request by the LEA except as otherwise provided by law. The reason for this request for records shall be provided to the Facility at the time it is made. The Facility may request from the LEA an extension of time to comply with any records request, which shall not be unreasonably withheld. Such documents may include: 1) daily service logs and notes or other documents used to record the provision of related services; 2) signature verification lists specifying name, degree, license and/or registration number, position/title, signature and initials; 3) dates of hire, and dates of termination; 4) staff time sheets; 5) related services contracts; 6) liability and workers' compensation insurance policies; 7) marketing materials; 8) statements of income and expenses; and 9) general ledgers and supporting documents.
 - 3) Reasons for Visits. Case Management Project staff, LEA staff and/or Special Education Local Plan Area representatives may make unannounced inspections when there is a concern regarding the health, safety, or welfare of a child, or a substantial concern regarding the implementation of the IEP. Case Management Project staff, LEA and/or Special Education Local Plan Area representatives may make announced visits provided that they give the Facility written notice at least one (1) business day before the visit.
 - 4) Quality Review Committee. Upon request, the Facility shall provide the LEA with annual program goals and implementation plan.
- v. Successors in Interest. This Master Agreement binds the Facility's successors and assignees.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT

APPENDIX C: ROOM AND BOARD

2017-2018

- w. Inability to Meet Master Agreement Requirements. The Facility shall notify the LEA in writing when the Facility is unable to meet the requirements of this Master Agreement. The LEA shall notify the Facility in writing when it is unable to meet the requirements of this Master Agreement.

x. Billing and Payment

Reference the Main Contract Document for language regarding Invoices, Late Invoices and Late Payment.

- 1) Payment. The LEA shall make payment within forty-five (45) days of receipt of a properly prepared and submitted invoice and such payment shall be submitted pursuant to paragraph 3.v. (Notices) of this Master Agreement. This payment shall be at the rates agreed to in paragraph 1.a. of this Master Agreement and shall be in an amount equal to the number of creditable days of residence. If no notice of withholding is provided to Facility within ten (10) working days of receipt of an invoice, the LEA shall not withhold any payment. Payment by the LEA shall refer to the invoice number or the date of the bill submitted by the Facility.

- z. Parent. For the purpose of this Master Agreement, unless otherwise stated, a Parent is the natural parent, adoptive parent, or legal guardian or any other adult granted physical and legal custody or educational decision-making rights by the natural or adoptive parent or a court of competent jurisdiction. However, an adult who has only been given educational decision-making rights by the natural or adoptive parent may not discharge or otherwise remove the Child from the Facility unless permitted by law to do so. A trained, certified surrogate parent, identified by the LEA, may act on behalf of the Child if no parent, guardian or person acting as a parent can be located. The LEA shall be responsible for providing a translator for the parent if needed.

Board Item - G.-5.

Issue:

Contract with San Diego Center for Children for the provision of day rehabilitation services.

Superintendent's Recommendation:

Approve Contract with San Diego Center for Children for payment of mental health costs for students requiring day rehabilitation services as outlined in their Individualized Education Program for the 2017-2018 school year.

Analysis:

This is a required service of all member districts of the South County SELPA. Commencing with the 2010-2011 school year, Local Education Agencies (LEA) became responsible for the provision of mental health services for students with disabilities who require them according to their Individualized Education Programs (IEPs). Federal Individuals with Disabilities Education Act (IDEA) law mandates that LEA implement all services, including mental health services, pursuant to students' IEPs.

The district will develop a contract with San Diego Center for Children (SDCC) to provide day rehabilitation services to students that require this level of care according to their IEPs. Sweetwater's program, called Life School, is located on the campus of Southwest High School. It serves up to 14 students in grades 7 through 12. Sweetwater provides the instructional personnel and SDCC provides the therapeutic staffing, which includes therapists and behavioral support personnel. Currently, Sweetwater does not employ the level of personnel to provide the therapeutic portion of this program.

For questions regarding this board item, please contact Ana Maria Alvarez at (619) 691-5546 or ana.alvarez@sweetwaterschools.org.

Fiscal Impact:

Expenditure of \$315,297, to be paid from designated Mental Health Funds, Resource Code: 6512.

NONPUBLIC
MASTER CONTRACT

CONTRACT YEAR _____

This Master Contract is made and entered into

this _____ day of _____, 20____ between the

_____, County of San Diego,
(Local Education Agency)

hereinafter sometimes referred to as the "LEA," and

(Nonpublic,)

hereinafter referred to as "CONTRACTOR."

San Diego County Nonpublic Master Contract Main Document

2017-2018

SECTION 1: AUTHORIZATION FOR MASTER CONTRACT AND GENERAL PROVISIONS

1.1 MASTER CONTRACT

For the purpose of providing special education and related services to individuals with exceptional needs under the authorization of Education Code sections 56157, 56361, and 56365-56366.5 the Master Contract consists of (the Main Document and Master Contract Appendices A (Schools), B (Agencies), C (Room & Board)). The general term "Master Contract" refers to the Master Contract /Main Document/ and Master Contract /Appendices A (Schools), B (Agencies), and C (Room and Board) given to the CONTRACTOR by a representative of the LEA's Special Education Unit on terms acceptable to the LEA and CONTRACTOR.¹ It is also understood that this contract does not commit the CONTRACTOR to provide special education and related services to any individual unless and until an Individual Services Agreement is executed between the LEA and the CONTRACTOR on behalf of such individual or interim written approval is given to the CONTRACTOR by an authorized representative of the LEA's Special Education Unit. This interim written approval shall be for a maximum period of 90 days, beginning with the anticipated student start date, during which time the contract and/or Individual Services Agreement shall be completed and executed by the LEA and CONTRACTOR. If an Individual Services Agreement is not completed and executed by the LEA and the CONTRACTOR within this ninety-day period, the LEA or CONTRACTOR may request an IEP meeting to be held as soon as possible to discuss a change in placement for the pupil. The LEA shall continue to reimburse the CONTRACTOR as set forth in the interim written approval, or as otherwise agreed by the parties in writing, pending any change in placement or subsequent execution of an Individual Services Agreement.

1.2 SUPERSEDES PRIOR CONTRACTS

This Master Contract includes the Main Document, Appendix A (Schools), Appendix B (Agencies), Appendix C (Room and Board), to the extent that they are applicable, and each ISA, all of which are incorporated herein by this reference and any exhibits or attachments hereto constitute the entire agreement between the parties to this contract and supersedes any prior contract, understanding, or agreement with respect to the terms set forth in this contract.

1.3 MODIFICATIONS AND AMENDMENTS

The LEA and CONTRACTOR agree that any amendments to the contract must be in writing and approved by the LEA's Governing Board and the Board of Directors/Trustees or authorized representative of CONTRACTOR. Prior to executing a written amendment to the contract, the LEA shall obtain approval from the San Diego County SELPA Directors and the County Director of Special Education. In implementing this Master Contract, any specific terms related to an individual pupil shall be reflected in the Individual Services Agreement.

1.4 INDIVIDUAL SERVICES AGREEMENT

The LEA and CONTRACTOR shall enter into an Individual Services Agreement for each pupil who is to receive special education and/or related services provided by the CONTRACTOR. The LEA is responsible for completing each pupil's Individual Services Agreement, which shall identify the provider of each service required by the pupil's Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP) (CCR 3062(e)). Individual Services Agreements shall only be issued for those pupils enrolled with the approval of the LEA. Changes in any LEA pupil's educational program, including instruction, services, or instructional setting provided under this contract, may only be made on the basis of revisions to the pupil's IEP or IFSP. At any time during the term of this contract, the parent, the CONTRACTOR or LEA may request a review of the pupil's IEP/IFSP, subject to all procedural safeguards required by law, including notice given to and participation by the CONTRACTOR in the IEP Team meeting. In the event that the CONTRACTOR recommends that the pupil requires either a lesser or more restrictive placement than the CONTRACTOR can provide, the CONTRACTOR will notify the LEA immediately. The LEA shall expedite the review and/or the resulting change in placement, and shall modify the Individual Services Agreement as appropriate if there is a change in the instructional and/or other services provided.

¹ Please see Appendix B for Agencies for exceptions to NPA Hired as Full Time Equivalent.

San Diego County Nonpublic Master Contract Main Document

2017-2018

1.5 NONPUBLIC CERTIFICATION OR WAIVER

A current copy of the CONTRACTOR'S California Department of Education Nonpublic Certification or waiver of such certification issued by CDE pursuant to EC 56366.2 is attached hereto. This Master Contract shall be null and void if such certification is expired, revoked, rescinded, or otherwise nullified during the effective period of this contract.

1.6 TERM OF MASTER CONTRACT

Neither the CONTRACTOR nor the LEA is required to renew this contract in subsequent contract years. In the event that a pupil is enrolled with the CONTRACTOR during the term of this contract and said pupil continues to receive special education and/or related services by the CONTRACTOR as approved by the LEA in accordance with the pupil's IEP/IFSP and either (a) a new contract has not been fully executed or (b) the CONTRACTOR or the LEA chooses not to renew this contract, the terms of this contract and associated Individual Service Agreements shall apply to any and all special education and/or related services provided by CONTRACTOR and payment for those services by the LEA.

Upon agreement of both parties to this Master Contract, its provisions shall be retroactive to the beginning of this contract year (July 1st), to cover services provided by the CONTRACTOR to LEA students, unless otherwise mutually agreed upon by both parties.

The term of this Master Contract shall be from _____, 20 _____ to _____, 20 _____.

Any subsequent Master Contract is to be renegotiated prior to June 30 of each year.

This Master Contract has no force or effect until approved or ratified by the LEA's Governing Board.

1.7 COMPLIANCE WITH APPLICABLE FEDERAL AND STATE LAWS

During the term of this contract, the CONTRACTOR and LEA shall comply with all applicable federal and state laws and regulations relating to the required special education and designated instruction and services and facilities for individuals with exceptional needs, including those not expressly documented in this Master Contract.

a. Nondiscrimination

The CONTRACTOR and the LEA shall not discriminate on the basis of race, religion, sex, national origin, age, sexual orientation disability or any other classification protected by federal or state laws in employment or operation of its programs.

b. Sexual Harassment Policy

The CONTRACTOR shall have a written policy on sexual harassment in accordance with state and federal regulations and guidelines.

c. Corporal Punishment Prohibitions

(l) No public education agency, or nonpublic school or agency serving individuals pursuant to Education Code Section 56365 et seq., may authorize, order, consent to, or pay for any of the following interventions, or any other interventions similar to or like the following:

- (1) Any intervention that is designed to, or likely to, cause physical pain;
- (2) Releasing noxious, toxic or otherwise unpleasant sprays, mists, or substances in proximity to the individual's face;
- (3) Any intervention which denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
- (4) Any intervention which is designed to subject, used to subject, or likely to subject the individual to verbal abuse, ridicule or humiliation, or which can be expected to cause excessive emotional trauma;
- (5) Restrictive interventions which employ a device or material or objects that simultaneously immobilize all four extremities, including the procedure known as prone containment, except that prone containment or similar techniques may be used by

San Diego County Nonpublic Master Contract Main Document

2017-2018

trained personnel as a limited emergency intervention pursuant to subsection (i) of Ed Code Section 56521.2 (a) (5)
(6) Locked seclusion, except pursuant to subsection (i)(4)(A) of Ed Code Section 56521.2 (a) (6)
(7) Any intervention that precludes adequate supervision of the individual; and
(8) Any intervention which deprives the individual of one or more of his or her senses.

d. Student Discipline

Contractor shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations, such that students who exhibit serious behavioral challenges receive timely and appropriate assessments and positive supports and interventions in accordance with the federal Individuals with Disabilities Education Act and its implementing regulations.

When a CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA and a manifestation IEP team meeting shall be scheduled by the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavioral plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10th) day of suspension.

e. Behavioral Emergency Reports (Ed. 56521.1(a))

(1) Anytime an emergency intervention is used pursuant to Ed Code Section 56521.1(a) subsection (i), CONTRACTOR must notify LEA and IEP team immediately and document emergency intervention in a "Behavioral Emergency Report" as defined by 56521.1(e).

(2) Whenever a "Behavioral Emergency Report" is written regarding an individual who does not have a behavioral intervention plan, the designated responsible administrator shall, within two days, schedule an IEP team meeting to review the emergency report, to determine the necessity for a functional behavioral assessment, and to determine the necessity for an interim behavioral intervention plan.

(3) Anytime a "Behavioral Emergency Report" is written regarding an individual who has a behavioral intervention plan, any incident involving a previously unseen serious behavior problem or where a previously designed intervention is not effective should be referred to the IEP team to review and determine if the incident constitutes a need to modify the plan.

(4) "Behavioral Emergency Report" data shall be collected by CONTRACTOR and be submitted to LEA.

(5) A summary of Behavioral Emergency Reports shall be submitted at least monthly to the LEA and the Director of the Special Education Local Plan Area of which the LEA is a member.

1.8 DEFINITIONS

"DAYS": For the purpose of the contract, "days" refers to calendar days unless otherwise specified.

"PARENT": For the purpose of the contract, a parent (34CFR 300.3Da) is the natural parent, adoptive parent, or legal guardian or any other adult granted educational decision-making rights by the natural or adoptive parent or a court of competent jurisdiction. A trained, certified surrogate parent, identified by the LEA, may act on behalf of the pupil if no parent, guardian or person acting as a parent can be located. The LEA shall be responsible for providing a translator for the parent if needed.

Main Document**

2017-2018

SECTION 2: ADMINISTRATION OF CONTRACT

2.1 NOTICES

Notices provided for by this contract shall be in writing, be delivered to the individual identified below in this section, and shall be delivered by certified, registered, or return receipt requested mail, postage prepaid, or by facsimile transmission, unless a specific section of this contract requires or allows notice or contact to be made in a different manner or to a different individual. The effective date of an invoice shall be the date of its receipt by the LEA. The effective date of all other notices shall be the date of the postmark or of the facsimile transmittal date identified in the document. In the event there is a change in the individual to be notified, the CONTRACTOR or the LEA shall provide written notice of the change and, after such notice is provided, all future notices shall be addressed to that individual. Notice may be provided under this section pursuant to regular United States mail if the LEA and CONTRACTOR agree in writing to notice by regular United States mail. If the LEA or CONTRACTOR does not identify an individual to be notified in this section, the person to be notified under this section shall be the LEA or CONTRACTOR representative that executes this contract.

San Diego County Nonpublic Master Contract Main Document

2017-2018

2.2 INDEPENDENT CONTRACTOR STATUS

This contract is by and between two independent contractors and is not intended to and shall not be construed to create the relationship of agent, servant, employee, partnership, joint venture or association.

2.3 SUBCONTRACT AND ASSIGNMENT

The CONTRACTOR shall not enter into an initial subcontract with any noncertified Nonpublic Agency (NPA) or provider, for any of the instructional or related services contemplated under this contract without first obtaining written approval by a representative of the San Diego County Office of Education (i.e. County Director of Special Education or a SELPA Director). Such approval shall not be unreasonably withheld. The LEA and CONTRACTOR shall maintain a copy of the written approval.

2.4 INDEMNIFICATION

The CONTRACTOR hereby indemnifies, defends, and holds harmless the LEA, its Board, officers, employees, agents, independent contractors, consultants and other representatives from and against any and all liabilities, claims, demands, costs, losses, damages, or expenses, including reasonable attorneys' fees and costs, and including but not limited to consequential damages, loss of use, extra expense, cost of temporary classrooms, that arise out of or result from, in whole or in part, the negligent, wrongful or willful acts or omissions of the CONTRACTOR, its employees, agents, subcontractors, independent contractors, consultants, or other representatives.

The LEA hereby indemnifies, defends, and holds harmless the CONTRACTOR, its Board, officers, employees, agents, independent contractors, consultants and other representatives from and against any and all liabilities, claims, demands, costs, losses, damages, or expenses, including reasonable attorneys' fees and costs, and including but not limited to consequential damages, loss of use, extra expense, cost of temporary classrooms, that arise out of or result from, in whole or in part, the negligent, wrongful or willful acts or omissions of the LEA, its employees, agents, subcontractors, independent contractors, consultants, or other representatives.

The CONTRACTOR shall have no obligation to indemnify, defend, or hold harmless the LEA, its Board, officers, employees, agents, independent contractors, consultants, and other representatives for the LEA's sole negligence or willful misconduct; and the LEA shall have no obligation to indemnify, defend, or hold harmless the CONTRACTOR, its Board, officers, employees, agents, independent contractors, consultants and other representatives for the CONTRACTOR'S sole negligence or willful misconduct. This indemnity shall survive the termination of the Contract or final payment hereunder, and is in addition to any other rights or remedies that the CONTRACTOR or LEA may have under the law or this contract.

2.5 INSURANCE

During the entire term of this contract and any extension or modification thereof, the CONTRACTOR shall keep in effect a policy or policies of general liability insurance, including contractual liability coverage, professional liability, and auto liability coverage of owned and non-owned vehicles used by CONTRACTOR in relation to the performance of service(s) under this Master Contract, with minimum limits of one million dollars (\$1,000,000) per occurrence, and three million dollars (\$3,000,000) in aggregate. Such insurance shall name LEA as an additional insured, and an endorsement evidencing such coverage shall be provided within 90 days, only as to matters arising out of this Master Contract for which CONTRACTOR has an obligation to indemnify the LEA, under the Indemnification clause, Section 2.6, of this Master Contract.

Not later than the effective date of this contract, the CONTRACTOR shall provide the LEA with satisfactory evidence of insurance. The insurance maintained by CONTRACTOR shall include a provision for the insurance provider to send written notice of cancellation or modification to the CONTRACTOR at least 30 calendar days before cancellation or adverse material change, or 10 days for nonpayment of premium. Such CONTRACTOR'S insurance may contain the same notice requirement for the LEA. If the insurance provider is only required to send such notice to the CONTRACTOR (but not the LEA) CONTRACTOR shall provide the LEA written notice of cancellation or adverse material modification within one business day after receiving such notice from the insurer. Such notice shall be provided pursuant to Section 2.3 (Notices) of this contract. The CONTRACTOR shall at its own cost and expense procure and maintain insurance under the applicable state's Workers' Compensation laws. Failure to maintain the above mentioned insurance coverage shall be cause for termination of this contract.

San Diego County Nonpublic Master Contract Main Document

2017-2018

LEA warrants that it is self-insured in compliance with the laws of the State of California, that the self insurance covers persons acting on its behalf or under its control, that its self insurance covers LEA's indemnification obligations to CONTRACTOR under this contract, and that LEA agrees to provide coverage to CONTRACTOR pursuant to this self insurance in the event the indemnification obligations of Section 2.6 of this contract are triggered. The LEA further warrants that it shall notify the CONTRACTOR pursuant to Section 2.3 (Notices) of this contract, of any material insurance coverage changes at least thirty days prior to the change.

CONTRACTOR agrees that any subcontractor with which it contracts to provide services pursuant to any Individual Services Agreement, shall submit written proof of insurance in a minimum amount of \$1,000,000 per occurrence, including general, liability, auto liability (if applicable), and professional liability (if applicable). Such insurance shall be maintained by any subcontractor for the scope of duties performed and duration of time it provides services to LEA pupils. Proof of insurance shall be provided to the LEA prior to the beginning of transportation services by a subcontractor, and upon renewal of coverage thereafter. Transportation subcontractors shall submit copies of insurance policies upon request of the LEA; otherwise, certificates of insurance may be acceptable proof, provided that the information thereon is adequate and verifiable. Subcontractors shall be required to provide to the CONTRACTOR written notice of cancellation of insurance or adverse material change in such insurance at least 30 days prior to cancellation or adverse material change or within one business day after receiving such notice, whichever is earlier.

2.6 TRANSPORTATION

Transportation costs are the responsibility of the LEA unless otherwise agreed to in writing. The CONTRACTOR shall provide each pupil whom the CONTRACTOR transports with adequate supervision during transports and with instruction in school bus emergency procedures and passenger safety, as appropriate to the pupil's needs. The CONTRACTOR shall have in place a transportation safety plan containing procedures for school personnel to follow to ensure the safe transport of pupils.

In the event the CONTRACTOR transports students due to health, behavior, or other emergencies, or as otherwise agreed to between the CONTRACTOR and the LEA, the LEA shall reimburse CONTRACTOR at the rate specified in this Master Contract (Rate Schedule - Schools: Section 4.1, Agencies: Section 5.1).

2.7 WAIVERS

The LEA and/or CONTRACTOR may independently or jointly submit waivers of applicable state laws and regulations.

2.8 SUCCESSORS IN INTEREST

This contract binds the CONTRACTOR's successors and assignees. CONTRACTOR shall not assign this Master Contract without the written consent of LEA, and any attempt by Contractor to effect such an assignment without the written consent of LEA shall make this Master Contract terminable at the option of the LEA.

2.9 SEVERABILITY

If any provision or portion of a provision of this contract is held in whole or in part to be unenforceable for any reason, the remainder of the provision and of the entire contract shall be severable and shall remain in effect.

2.10 CONFLICTS OF INTEREST

a. The CONTRACTOR agrees to furnish to the LEA a copy of its current bylaws and a current list of its Governing Board of Directors (or Trustees), if it is incorporated. LEA has the right to request a current list of the Board of Directors or Trustees at any time during the term of the Master Contract.

b. CONTRACTOR and members of its Board of Directors (or Trustees) shall disclose any relationship with LEA that constitutes or may constitute a conflict of interest including, but not limited to, employment with LEA, provisions of private party assessments and/or reports, and attendance at the IEP team meetings and/or due process proceedings.

San Diego County Nonpublic Master Contract Main Document

2017-2018

c. Anytime the CONTRACTOR is contracted to conduct a formal Independent Educational Evaluation (IEE), and the IEP team determines that services are necessary as a result of that IEE the LEA shall be obligated to select a service provider who is not the CONTRACTOR. Unless, a service provider who is not the CONTRACTOR is unavailable or unable to provide that service.

2.11 INABILITY TO MEET CONTRACT REQUIREMENTS

The CONTRACTOR shall notify the LEA in writing when the CONTRACTOR is unable to meet the requirements of this contract. The LEA shall notify CONTRACTOR in writing when the LEA is unable to meet the requirements of this contract.

2.12 DISPUTE RESOLUTION

Disagreements concerning the meaning, requirements or performance of this contract shall first be brought to the attention of the other party in writing, pursuant to the notice provisions (Section 2.3) of this contract, in an attempt to resolve the dispute at the lowest level. Any remaining disputes or disagreements may be resolved either 1) as voluntarily agreed to by the parties, 2) by equitable remedies, or 3) by other legal means.

2.13 DUE PROCESS AND COMPLAINT PROCEDURES

CONTRACTOR and LEA shall comply with all applicable federal and state laws and regulations related to Due Process and the rights of students and parents.

CONTRACTOR agrees to maintain policies and procedures as follows: (1) Uniform Complaint Procedures pursuant to Title 5 of the California Code of Regulations section 4600 *et seq.*; (2) Nondiscrimination policy pursuant to Title 5 of the California Code of Regulations section 4960 (a); (3) Sexual Harassment Policy, California Education Code 231.5 (a) (b) (c); (4) Title IX Student Grievance Procedure, Title IX 106.8 (a) (d) and 106.9 (a); and (5) Notice of Privacy Practices in compliance with Health Insurance Portability and Accountability Act (HIPAA).

2.14 VENUE AND GOVERNING LAW

This contract, and conditions of this contract, shall be governed by the laws of the State of California with venue in San Diego County, California.

2.15 RIGHT TO REPORT MASTER CONTRACT VIOLATIONS

The CONTRACTOR acknowledges and understands that the LEA may report to the CDE any violations of the provisions of this contract; and that may result in the suspension of the CDE nonpublic school certification pursuant to California EC section 56366.4(a).

2.16 TERMINATION OF MASTER CONTRACT AND/OR INDIVIDUAL SERVICES AGREEMENT

a. Master Contract

Either the LEA or the CONTRACTOR may terminate this Master Contract for cause as set forth in EC section 56366(a)(4), with twenty (20) days written notice pursuant to Section 2.3 of this contract, or immediately if the CONTRACTOR and LEA mutually agree that there are significant health or safety concerns. Cause shall include but not be limited to non maintenance of current nonpublic school certification, failure of either the LEA or the CONTRACTOR to maintain the standards required under the Master Contract and/or Individual Services Agreement, or material breach of the contract by CONTRACTOR or LEA. To terminate the contract either party shall give a minimum of 20 days written notice pursuant to the provisions of Section 2.3 (Notices) of this contract. Upon termination, the LEA shall pay within 45 days, without duplication, for all services performed and expenses incurred to date of termination according to the provisions set forth in Schools Document Section 4.1, Agencies Document Section 5.1 (Rate Schedule) and Main Document Section 4.1 (Billing and Payment) of this contract. CONTRACTOR shall provide to the LEA the IEP/IFSP and all related documents in its possession or under its control pertaining to its services,

San Diego County Nonpublic Master Contract Main Document

2017-2018

for all pupils of the LEA who were receiving services from the CONTRACTOR in accordance with applicable state and federal laws regarding student records.

b. Individual Services Agreement

The Individual Services Agreement may be terminated or suspended by the LEA or the CONTRACTOR for cause, as set forth in EC section 56366(a)(4), with twenty (20) days written notice pursuant to Section 2.3 (Notices) of this contract, or immediately if the CONTRACTOR and the LEA mutually agree that there are significant health or safety concerns.

Individual Services Agreements are null and void upon termination of the Master Contract.

The LEA shall not terminate Individual Services Agreements because of the availability of a public class initiated during the course of the contract unless the parent agrees to the transfer of a pupil to a public school program, which agreement must only be given in a duly called and held IEP/IFSP meeting at which the CONTRACTOR is present.

2.17 INDIVIDUALIZED EDUCATION PROGRAM (IEP) / INDIVIDUALIZED FAMILY SERVICE PLAN (IFSP)

When a pupil is accepted for enrollment in a nonpublic school, the CONTRACTOR shall provide the pupil a program of educational instruction and services within the nonpublic school, which is consistent with his or her IEP/IFSP as specified in each pupil's Individual Services Agreement.

The CONTRACTOR shall implement those responsibilities delegated to CONTRACTOR in the plan for transition services (per EC section 56445 and EC section 56462) as stated by the IEP/IFSP.

The CONTRACTOR shall provide an appropriate adult to pupil ratio for pupils with exceptional needs between three and five years of age, in accordance with EC 56441.5.

The LEA shall invite the CONTRACTOR and the CONTRACTOR shall participate in all IEP/IFSP meetings, including those related to placement and those called by the parent in accordance with EC section 56343.5, so long as the pupil is to be served by the CONTRACTOR pursuant to an Individual Services Agreement. The child's present teacher shall participate in the IEP meeting in accordance with EC 56341(b)(3). Every effort shall be made to schedule the meeting at a time and place that is mutually convenient to parents, CONTRACTOR's staff, and LEA's staff.

The local educational agency shall oversee and evaluate the pupil's placement in the NPS through the IEP process. The IEP team shall evaluate whether the pupil is making appropriate educational progress through a review of the student's progress toward IEP goals and, as appropriate, a review of the pupil's scores on state assessments. If the NPS staff or LEA will be making recommendation(s) for significant changes to the student's program, placement or services, the LEA Case Manager and representative of the NPS shall discuss the recommendation(s) prior to the IEP meeting. The IEP team will consider whether or not the needs of the pupil continue to be best met at the nonpublic school, whether changes to the pupil's IEP are necessary, and whether the pupil may be transitioned to a public school setting (EC 56366(a)(2)(B), EC 56343(d), EC 56043(h)). Partial day attendance at the NPS may be appropriate to support transition to a public school program.

2.18 FREE APPROPRIATE PUBLIC EDUCATION

No charge of any kind to parents shall be made by the CONTRACTOR for educational activities and related services specified on the pupil's IEP/IFSP, including screening or interviews which occur prior to or as a condition of a pupil's enrollment under the terms of the contract, except as specified in writing in a due process procedure that is signed by all relevant parties and attached to the relevant pupil's Individual Services Agreement, or for voluntary extracurricular activities conducted subsequent to written notification to parents as to the cost and the voluntary and extracurricular nature of the activity. Unless the activity (for example, field trips) takes place during a school vacation or holiday, pupils not participating in such activities shall continue to receive special education and/or related services as set forth in their IEP/IFSPs.

San Diego County Nonpublic Master Contract Main Document

2017-2018

2.19 TRANSITION TO A LRE

CONTRACTOR & LEA shall support Least Restrictive Environment options, including dual enrollment, if appropriate, for students enrolled in NPS to have access to the general curriculum and to be education with nondisabled peers to the maximum extent appropriate.

CONTRACTOR & LEA shall address LRE placement options for students enrolled in NPS at all IEP team meetings, including whether the students may be transitioned to a public school setting.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommendations activities to support the transition.

2.20 PUPIL PROGRESS

The CONTRACTOR shall have written procedures in place for measuring progress utilizing on-going data collection in the goal areas identified on the IEP/IFSP.

The CONTRACTOR shall provide to parents and the LEA case manager written pupil progress reports on the goals in the IEP/IFSP, no less than quarterly. The CONTRACTOR shall submit an updated report if there is no current progress report when pupils are scheduled for a review by the IEP/IFSP team or when a pupil's enrollment is terminated.

The CONTRACTOR shall allow periodic review of each pupil's instructional program by the LEA. Representatives of the LEA shall have reasonable access to observe each pupil at work, observe the instructional setting, meet with the CONTRACTOR and review each pupil's progress, including the behavioral intervention plan, if any. LEA representatives making site visits shall initially report to the CONTRACTOR's site administrative office.

2.21 ASSESSMENTS

a. Individual Student Assessments

If the CONTRACTOR receives a parent request for evaluation, the CONTRACTOR shall inform the parent of his or her ability to submit a written request for evaluation to the LEA in accordance with applicable law. The LEA shall collaborate with the CONTRACTOR to develop the evaluation plan and submit it to the parent for approval. The LEA retains the responsibility for conducting triennial evaluations (EC 56381(c)).

2.22 CONFIDENTIALITY OF RECORDS

All reports, records and other documents that CONTRACTOR is required to submit to LEA, the Special Education Local Plan Area, or otherwise, pursuant to this contract, shall be redacted to the extent necessary and appropriate to protect the confidentiality and privacy of pupils, employees, and subcontractors, as provided for pursuant to state and federal law.

2.23 FORWARDING OF EDUCATIONAL RECORDS

The CONTRACTOR agrees, in the event of school closure, to immediately forward pupil records to the LEA pertaining to the LEA's pupils enrolled in CONTRACTOR's educational program. These records shall include, but need not be limited to, current transcripts, IEP/IFSPs and results of performance testing.

2.24 DATA REPORTING

CONTRACTOR agrees to provide LEA with all student information required for LEA to report to the California Longitudinal Pupil Achievement Data System (CALPADS) as well as other data as required by Every Student Succeeds Act (ESSA) or any federal data reporting requirements, including, but not limited to, data required to calculate enrollment and dropout and graduation rates.

San Diego County Nonpublic Master Contract Main Document

2017-2018

SECTION 3: PERSONNEL

3.1 VERIFICATION OF CREDENTIALS, LICENSES AND OTHER QUALIFICATIONS

The CONTRACTOR shall provide all contracted special education, and/or related services required by the IEP/IFSP, Master Contract and Individual Services Agreement by appropriately qualified staff. The CONTRACTOR shall provide appropriately credentialed teachers and/or licensed or license-eligible personnel or other education related mental health provider consistent with the California laws and regulations unless the California Department of Education has granted a written waiver. The CONTRACTOR shall be responsible for monitoring the status of waiver applications submitted to the state for all non-credentialed teachers and non-licensed service providers. All non-credentialed teachers and non-licensed service providers shall apply for a waiver.

For a NPSs A-G course credits, only University of California A-G approved courses will be accepted by contracting districts.

The CONTRACTOR shall be responsible for verification of credentials and licenses held by its employees, agents and subcontractors. Once the CONTRACTOR has provided the LEA with a copy of the credential or license for all staff providing services to children with disabilities, the CONTRACTOR shall supply the LEA with copies of any changes in the credentials or licenses of staff within 45 days of the change in accordance with Title 5, Section 3062.

The CONTRACTOR is fiscally responsible for all training necessary to provide appropriate services per IEP/IFSP. The LEA shall not reimburse CONTRACTOR for training that occurs outside of contact time with student, and that is not during implementation of IEP/IFSP.

Where behavior intervention services are provided by a nonpublic agency, the CONTRACTOR shall train staff in implementing the behavior support plan or Behavior Intervention Plan and pupils shall receive the level of supervision required in the pupil's IEP/IFSP.

The CONTRACTOR shall comply with all laws and regulations governing the licensed professions, including the provisions with respect to supervision.

3.2 EMPLOYEE FINGERPRINTS AND TUBERCULOSIS TESTING

The CONTRACTOR shall ensure that employee fingerprints have been processed in a manner required by EC section 44237. The CONTRACTOR shall maintain a file containing a current certificate of each person covered by Health and Safety Code Sections 121525-121555 (tuberculosis testing). In addition, contractor will adhere to all of the requirements under AB 389.

3.3 QUALIFICATIONS OF INSTRUCTIONAL AIDES AND TEACHER ASSISTANTS

Effective July 1, 2001 the CONTRACTOR shall ensure that newly hired instructional aides and teacher assistants have demonstrated proficiency in basic reading, writing, and mathematics skills, based on a test selected and administered by the CONTRACTOR.

3.4 REQUIREMENT TO REPORT

a. Child Abuse or Molestation

The CONTRACTOR shall maintain a signed statement by all personnel required to sign such a statement under the child abuse reporting laws, acknowledging their training and understanding of the reporting requirements regarding observed or suspected cases of child abuse. When filing a child abuse report under the Child Abuse Reporting laws, the CONTRACTOR shall include in the report the name, telephone number and address of the LEA representative as identified in Section 2.3 (Notices) of this contract.

San Diego County Nonpublic Master Contract Main Document

2017-2018

b. Missing Students

The CONTRACTOR shall ensure that staff is aware of its responsibility and requirement to report to parents, and local law enforcement as appropriate, when a pupil leaves campus without permission, immediately upon confirmation that the pupil is missing, in accordance with EC 49370. The CONTRACTOR shall contact the LEA Case Manager by telephone no later than the end of the day in the event a pupil leaves campus without permission, does not return that school day, and is not located at his or her residence or in the custody of his or her parent or guardian.

c. Student Injury

The CONTRACTOR agrees to complete a written report when a pupil has suffered an injury that requires medical attention, and notify the LEA case manager within 48 hours.

In case of incident, the CONTRACTOR agrees to submit a written report to the LEA case manager by the end of the following school day, in cases of injury resulting from physical restraint or the death of a student. The CONTRACTOR agrees to reasonably participate in any communications between a pupil's parents and the LEA regarding any injuries resulting from physical restraint.

SECTION 4: FISCAL

4.1 BILLING AND PAYMENT

a. Invoices

The CONTRACTOR shall submit invoices monthly. The effective date of an invoice shall be the date of the receipt by the LEA. Invoices should clearly reflect rates as specified in the Master Contract, be in accordance with the Individual Services Agreements, and include all days of creditable service, beginning no earlier than the date specified in the Interim Written Approval or ISA. The CONTRACTOR shall submit said invoice for services rendered no later than thirty (30) days from the end of the attendance accounting period calendar month in which said services are actually provided and the invoice shall be submitted pursuant to Section 2.3 (Notices) of this contract. All education related mental health services will be billed by contractor in separate invoice.

b. Late Invoices

If the LEA does not receive a properly submitted invoice within thirty (30) days from the end of the attendance accounting period calendar month, the LEA may deduct 1.5% per month, calculated proportionately per day, of that total invoice, if the LEA does not agree to the request of the CONTRACTOR to an extension of time to submit the invoice.

c. Payment

The LEA shall make payment within forty-five (45) days of receipt of a properly prepared and submitted invoice and such payment shall be submitted pursuant to Section 2.3 (Notices) of this contract. This payment shall be at the rates agreed to in the Rate Schedule (See Appendix A for Schools, B for Agencies, and C for Room and Board) of this contract and shall be in an amount equal to the number of creditable days of attendance during both the regular and extended school years, make-up sessions (including "excused" absences) per the individual services agreement for each pupil. This calculation shall include the Extended School Year if the pupil is enrolled in the Extended School Year, and any other absence for which the LEA has agreed to pay CONTRACTOR and any related services and transportation costs as specified in the Rate Schedule (See Appendix A for Schools, B for Agencies, and C for Room and Board) of this contract and in accordance with the Individual Services Agreements. If no notice of withholding is provided to CONTRACTOR within 10 working days of receipt of an invoice, the LEA shall not withhold any payment. Payment by the LEA shall refer to the invoice number or the date of the bill submitted by the CONTRACTOR.

San Diego County Nonpublic Master Contract Main Document

2017-2018

d. Pupil Enrolled Prior to Approval of Agreement to a Contract

Ed Code addresses situations when a contract has not yet been developed and the pupil is enrolled and receiving services from the Nonpublic School or Agency (ED 56366.9 c (1)).

"If a pupil is enrolled in a nonpublic, nonsectarian school or agency with the approval of the local educational agency prior to agreement to a contract or individual services agreement, the local educational agency shall issue a warrant, upon submission of an attendance report and claim, for an amount equal to the number of creditable days of attendance at the per diem tuition rate agreed upon prior to the enrollment of the pupil. This provision shall be allowed for 90 days during which time the contract shall be consummated."

e. Late Payment

If the payment is not postmarked from the LEA within forty-five (45) days of the receipt of the invoice, the LEA agrees to pay an additional fee of 1.5% interest per month on amounts not paid, such interest being calculated beginning day forty-six (46) from receipt of the invoice. Interest shall be calculated in accordance with standard accounting procedures. The CONTRACTOR shall bill the LEA for the interest. Failure by the LEA to pay an appropriately submitted invoice within 90 days of receipt may be considered a breach of contract.

f. Medi-Cal Reimbursement

Documentation of LEA Medi-CAL Billable Services will be completed by the provider. All documentation of provider services shall be given to the District/SELPA for reimbursement submissions to Medi-Cal. The contractor will not submit any claims in the LBO (LEA) program and the LEA has the right to submit claims for reimbursement.

4.2 RIGHT TO WITHHOLD

The LEA has the right to withhold payment to the CONTRACTOR when the LEA has reliable evidence, described in writing to the CONTRACTOR at the time the notice of withholding is submitted that: (A) service is provided by personnel who are not appropriately credentialed/licensed; (B) records required by the LEA prior to school closure with respect to one or more LEA pupil(s) enrolled in CONTRACTOR's educational program have not been received; (C) the CONTRACTOR confirms a pupil's change of residence to another district but neglects to notify the LEA within 5 days; or (D) the CONTRACTOR fails to notify the LEA within 5 days after the 10th consecutive school day of a pupil's absence. If the basis for withholding is subsections (B) (C) or (D) of this section the LEA may only withhold the proportionate amount of the bill related to that pupil. If the basis for withholding is subsection (A) of this section, the LEA may only withhold payment for services provided by that personnel.

The LEA shall notify CONTRACTOR in writing within 10 working days of receipt of an invoice of any reason why requested payment shall not be paid. (EC section 56366.5(a)). Such notice shall specify the basis for the LEA's withholding payment and shall be made pursuant to Section 2.3 (Notices) of this contract. If no notice of withholding is provided to CONTRACTOR within 10 working days of receipt of an invoice, the LEA shall not withhold any payment. Within fourteen (14) days from the date of receipt of such notice, the CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies that form the basis for the LEA's withholding payment. Upon receipt of the CONTRACTOR'S written request showing good cause sent pursuant to Section 2.3 (Notices) of this Contract, the LEA shall extend the CONTRACTOR'S time to respond by an additional fourteen days. The CONTRACTOR shall submit rebilling for payment no later than thirty (30) calendar days when an invoice is returned to the CONTRACTOR with a notice of withholding. Upon verification of remediation of identified deficiencies and receipt of rebilling, the LEA shall pay the resubmitted invoice in accordance with Schools: Section 4.1, Agencies: Section 5.1 (Rate Schedule) of this contract. If CONTRACTOR does not resubmit sufficient rebilling or verify remediation of identified deficiencies within thirty (30) calendar days, that shall constitute a reason to continue to withhold payment unless and until CONTRACTOR resubmits the bill and corrects the deficiencies as noted in the original notice of withholding.

San Diego County Nonpublic Master Contract Main Document

2017-2018

4.3 INSPECTION AND AUDIT

a. Maintenance of Fiscal Records

The CONTRACTOR shall maintain cost data in sufficient detail to verify the annual operating budget in providing education and designated instructional services to children with disabilities and shall make that data available to the LEA upon reasonable request consistent with the provisions of this section. Fiscal records shall be maintained by the CONTRACTOR for five years and shall be available for audit consistent with the provisions of this section.

b. Maintenance of Student Records

District of residence is the custodian of the student records.

c. LEA Access to Documents Related to the Master Contract

The CONTRACTOR shall provide access to, or forward copies of, any documents or other matters relating to the contract within 20 days upon reasonable request by the LEA except as otherwise provided by law. The reason for this request for records shall be provided to the CONTRACTOR at the time it is made. The CONTRACTOR may request from the LEA an extension of time to comply with any records request, which shall not be unreasonably withheld. Such documents may include: 1) registers and roll books of teachers; 2) daily service logs and notes or other documents used to record the provision of related services; 3) absence verification records; 4) transportation records; 5) staff lists specifying credentials held, business and/or professional licenses held documents evidencing other qualifications; 6) dates of hire, and dates of termination; 7) staff time sheets; 8) non-paid volunteer sign-in sheets; 9) related services contracts; 10) school calendars; 11) bell/class schedules; 12) liability and workers' compensation insurance policies; 13) state nonpublic school certifications; 14) marketing materials; 15) statements of income and expenses; 16) general ledgers and supporting documents; 17) all budgetary information and projections submitted by the CONTRACTOR to LEA for purpose of contract negotiations.

d. Audit Exceptions

The CONTRACTOR agrees to accept responsibility for receiving, replying to, and/or complying with any audit exceptions identified by appropriate LEA personnel or State or Federal audit agencies occurring as a result of the CONTRACTOR's performance of this contract. The CONTRACTOR also agrees to pay to the LEA within thirty days of demand by LEA for any financial penalties resulting from any audit exceptions to the extent they are attributable to the CONTRACTOR's failure to perform properly any of its obligations under this contract unless the LEA agrees to different terms in writing and any demand by LEA for such payment shall be made pursuant to the notice provisions of Section 2.3 of this contract. Any, and all audit exceptions must be specified in complete detail before any demand from the LEA for any amount set forth therein.

e. Reasons for Unannounced Visits

LEA and/or Special Education Local Plan Area representatives may make unannounced inspections when there is a concern regarding the health, safety, or welfare of a child, or a substantial concern regarding the implementation of the IEP.

CONTRACT YEAR _____

SECTION 1: EDUCATIONAL PROGRAM

1.1 ADMISSION/ENROLLMENT PROCEDURES

Prior to the CONTRACTOR deciding whether or not to enroll a pupil, the LEA shall provide the CONTRACTOR a copy of the pupil's current IEP/IFSP, and facilitate an observation of the pupil, data gathering from the current or prior education providers, and any other reasonable information gathering CONTRACTOR wishes to undertake prior to making an enrollment decision. The CONTRACTOR retains the right to decline enrollment of any pupil and nothing in this contract shall be construed to limit this right.

If a pupil is being considered for enrollment, his or her IEP/IFSP shall be reviewed in collaboration with the LEA, CONTRACTOR, parents, and other invited participants, as appropriate.

The CONTRACTOR shall notify the LEA of its decision to decline enrollment or the effective date of enrollment of the pupil in accordance with Section 9 (Notices) of this contract within 10 working days of receipt of the referral.

1.2 SUPPLIES AND EQUIPMENT

The CONTRACTOR shall be responsible for providing all standard and usual supplies and equipment required for the general program provided by CONTRACTOR. If an individual pupil's IEP/IFSP requires specialized equipment and/or supplies beyond the CONTRACTOR'S general program, the LEA shall provide them unless otherwise specified in the Individual Services Agreement. The LEA shall provide the low incidence equipment assigned to the pupil through the IEP/IFSP unless CONTRACTOR specifically agrees in the Individual Services Agreement to provide the low incidence equipment. Supplies and/or equipment purchased and/or provided by the LEA remain the property of the LEA and supplies and/or equipment purchased and/or provided by CONTRACTOR remain the property of CONTRACTOR, if not specifically reimbursed by the LEA for that specific supply or equipment. If the CONTRACTOR provides DIS and/or related services, the CONTRACTOR shall be responsible for providing usual and reasonable supplies and assessment tools necessary to implement the provision of services unless otherwise agreed in the Individual Services Agreement.

1.3 CALENDAR

The CONTRACTOR shall only provide designated instruction and services during the period of the pupil's regular or extended school year program, or both, at the location designated by the IEP, unless otherwise specified by the pupil's IEP/IFSP. The CONTRACTOR shall observe the following legal holidays including Independence Day, Veteran's Day, Labor Day, Thanksgiving Day, Christmas Day, New Year's Day, Dr. Martin Luther King Jr. Day, President's Day, and Memorial Day, as specified in the CONTRACTOR'S official calendar. Make-up sessions may be scheduled for other days of school vacations.

1.4 PARENT VISITS/COMMUNICATION

- a. The CONTRACTOR shall provide for reasonable parental visits to all of the agency facilities including, but not limited to, the instructional setting attended by pupils and recreational activity areas. CONTRACTOR shall notify case manager or other authorized district representative of all planned parental visits, and provide opportunity for case manager or other district representative to attend visit. The CONTRACTOR shall use its good faith efforts to provide that parental visits are in agreement with a court order, if any.

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX B: AGENCIES
2017-2018

- b. All communication between CONTRACTOR and Parent regarding programmatic decisions must include case manager or other authorized IEP team member, unless authorized by LEA representative or case manager, regarding program recommendations.

1.5 **OWNERSHIP**

All activity plans, token systems, reinforce systems or inventories, visual schedules, data, drills, progress reports, quarterly reports, behavior intervention plans, behavior support plans, behavior graphs, student assessment results, and program materials created specifically for individual pupils by CONTRACTOR under this Agreement shall be the joint property of CONTRACTOR and LEA.

1.6 **STAFF ABSENCES**

When a provider is absent, The CONTRACTOR shall provide appropriate coverage in accordance with EC section 56061. The CONTRACTOR shall provide the LEA the documentation of such coverage upon request. As appropriate, the CONTRACTOR and the LEA may make arrangements for make-up sessions, usually within 30 days, at a mutually convenient time and location if appropriate staff is not available to provide coverage for staff absences.

CONTRACTORS who provide nurses, 1:1 aides or 1:1 behavior intervention staff in accordance with an individual student's IEP/IFSP shall provide substitute coverage when the staff member is absent, unless other arrangements have been made with the LEA on a case by case basis.

SECTION 2: ATTENDANCE

The CONTRACTOR shall keep original records of services provided to each pupil in a register, report or record with the pupil's absences clearly indicated. The CONTRACTOR shall file the signed copies of such service logs with monthly invoices to the LEA within thirty (30) days of the close of the school month. The documents and reports identified in this section shall be provided to LEA pursuant to the provisions in Section 2.3 (Notices) of the Nonpublic Master Contract Main Document. The CONTRACTOR is responsible for verifying accuracy of the service logs and for informing subcontractors of their personal responsibility for the completion and accuracy of said forms. A unit of service for payment purposes is one session as specified in the pupil's IEP/IFSP.

If a pupil's absences exceed more than ten days, the CONTRACTOR may notify the LEA of the intent to terminate the Individual Services Agreement and if it does, at the same time it shall request an IEP/IFSP meeting. Said notice shall be provided pursuant to Section 9 (Notices) of this contract. Upon receipt of this request, the LEA shall convene an IEP/IFSP meeting as soon as possible to review the placement, modify the IEP/IFSP if appropriate, or determine another appropriate placement option for the student.

If a CONTRACTOR attempts to provide services for 5 consecutive days or sessions, and the student is not available for the service, the CONTRACTOR may suspend the Individual Services Agreement and notify the district of the need to convene a meeting of the IEP/IFSP team to attempt to resolve the problem. If a pupil's absences exceed more than ten unreimbursed days, the CONTRACTOR may notify the LEA of the intent to terminate the Individual Services Agreement and if it does, at the same time it shall request an IEP/IFSP meeting. Said notice shall be provided pursuant to Section 9 (Notices) of this contract. Upon receipt of this request, the LEA shall convene an IEP/IFSP meeting as soon as possible to determine another appropriate placement option for the student.

SECTION 3: SAFETY

3.1 **SAFE AND APPROPRIATE ENVIRONMENT**

If nonpublic agency services are not provided on a school site, the CONTRACTOR shall be responsible for providing facilities in which it provides the services agreed to in the Individual Services Agreement, unless there is written agreement to the contrary. CONTRACTOR shall comply with applicable law with respect to the structural specifications of the facilities in which it provides services. CONTRACTOR shall comply with all applicable local, county, and/or state ordinances and statutes relating to fire,

SAN DIEGO COUNTY NONPUBLIC MASTER CONTRACT
APPENDIX B: AGENCIES
2017-2018

health, sanitation and building safety. If services are provided at a school site, the CONTRACTOR shall participate in the regularly scheduled fire, earthquake, and disaster drills as appropriate.

When the IEP specifies that NPA services are to be provided in the child's home, the parent/guardian or another adult caregiver designated by the parent shall be present in the home while the services are delivered.

SECTION 4: CONFLICT OF INTEREST

All recommendations for service by CONTRACTOR are the decisions of the IEP team.

To the extent required by EC section 56366.3, CONTRACTOR shall not provide special education and related services, administration, or supervision by an individual who is or was an employee of a contracting district, special education local plan area, or county office within the last 365 days, except if the individual was involuntarily terminated or laid off as part of necessary staff reductions from the contracting district, special education local plan area, or county office. This provision does not apply to any person who is able to provide designated instruction and services during the extended school year because he or she is otherwise employed for up to 10 months of the school year by the district, special education local plan area, or county office. For purposes of this section the special education local plan area shall be the special education local plan area of which the LEA is a member and the county office shall refer to the San Diego County Office of Education.

In terms of determining whether an individual who provides special education and related services, administration, or supervision, is or was an employee of a contracting district, special education local plan area, or county office within the last 365 days or whether the individual was involuntarily terminated or laid off as part of necessary staff reductions from the contracting district, special education local plan area, or county office, the information provided to the CONTRACTOR by the individual in his or her application for employment, resume, or other paperwork, shall be conclusive evidence on this issue for purposes of determining compliance (if required) with EC section 56366.3. No payment shall be withheld or reimbursement demanded from CONTRACTOR if the individual failed to disclose on his or her application, resume, or paperwork, submitted to the CONTRACTOR that he or she is or was an employee of a contracting district, special education local plan area, or county office within the last 365 days or misstates the reason for separation. However, if the LEA subsequently provides CONTRACTOR written notice (pursuant to Section 9 of this contract) that an individual who provides special education and related services, administration, or supervision, is or was an employee of a contracting district, special education local plan area, or county office within the last 365 days (and was not involuntarily terminated or laid off as part of necessary staff reductions) the CONTRACTOR shall have five school days from receipt of the written notice to investigate the matter and to determine the accurate facts and whether the individual should be terminated. The CONTRACTOR shall not be subject to any payment withholding or reimbursement demands ("penalties") for the time period prior to receiving the written notice or for the five school days after such written notice is received.

The CONTRACTOR shall be subject to penalties required by EC section 56366.3, commencing the sixth school day after such notice is provided only if both of the following conditions occur: 1) if it is determined that the individual was an employee of a contracting district, special education local plan area, or county office within the last 365 days and was not involuntarily terminated or laid off as part of necessary staff reductions and 2) if the individual was not terminated prior to the sixth school day after receiving written notice from the LEA, special education local plan, or county office, or did not otherwise stop providing special education and related services, administration or supervision on behalf of CONTRACTOR. If the CONTRACTOR is subject to penalties, the time period for which penalties may be assessed, if required by EC section 56366.3, shall not be retroactive but shall only commence on the sixth school day after the CONTRACTOR received written notice from the LEA as specified in this paragraph. The penalty, if imposed, shall only apply to the salary of the person who was previously employed by an LEA within the last 365 days.

INTERIM WRITTEN APPROVAL

For Provision of Special Education/Related Services and Payment

Pursuant to Section 1.1 of the Master Contract (Main Document),
the Local Education Agency (LEA) _____
provides to the CONTRACTOR _____
interim written approval for CONTRACTOR to provide the agreed upon Special Education and/or Related Services
identified in the most recent IEP/IFSP of _____,
(Student Name)

at the rates set forth in Schools: Section 4.1 of the Master Contract for the 201____ - 201____ Contract
Year.

Anticipated Student Start Date: _____.

This interim written approval shall be for a maximum period of 90 days, beginning with the anticipated student start date at the nonpublic school or nonpublic agency. If an Individual Services Agreement and/or Master Contract is not completed and executed by the LEA and the CONTRACTOR within this 90 day period, the LEA or CONTRACTOR may request an IEP meeting to be held as soon as possible to discuss a change in placement for the pupil. The LEA shall continue to reimburse the CONTRACTOR as set forth in the interim written approval, or as otherwise agreed by the parties in writing, pending any change in placement or subsequent execution of an Individual Services Agreement.

This interim written approval does not require the CONTRACTOR to provide services for 90 days, or for any maximum period of time. The parties have already agreed, or may agree, to hold an IEP meeting within 30 days of the student's first day of attendance.

Board Item - G.-6.

Issue:

Advancement Via Individual Determination (AVID) Implementation Agreement.

Superintendent's Recommendation:

Approve Advancement Via Individual Determination (AVID) Implementation Agreement between the AVID Center and the Sweetwater Union High School District to prepare all students for college readiness and success in a global society.

Analysis:

The AVID Implementation Agreement allows the Sweetwater Union High School District to continue implementation of the program for the 2017-2018 school year. This AVID membership includes staff development and materials. This agreement is entered into by AVID Center and the Sweetwater Union High School District for the purpose of preparing all students for college readiness and success in a global society. The agreement will also include ADL Year 1 training and support at an additional cost of \$6,000, for the AVID Co-District Directors. The terms of this agreement begin July 1, 2017, and end June 30, 2018.

AVID® STANDARD TERMS AND CONDITIONS

This AVID College Readiness System Services and Products Agreement ("Agreement") is entered into by and between AVID Center, a California non-profit corporation ("AVID Center" and the client named in the Quote(s) ("Client").

Article I. Definitions

- 1.1 AVID College Readiness System Services and Products Agreement: The Agreement consisting of these AVID Standard Terms and Conditions, Quote(s), Exhibit(s), and any other applicable, incorporated addenda.
- 1.2 AVID College Readiness System: The AVID College Readiness System consists of AVID Elementary, AVID Secondary, and AVID for Higher Education. Client may choose to implement (order) one or more of these components of the AVID College Readiness System as indicated on Quote(s).
- (a) AVID Elementary is a foundational component for elementary sites (grades K-8), designed as an embedded, sequential academic skills resource. It is intended for non-elective, multi-subject, multi-ability level classrooms.
- (b) AVID Secondary consists of the AVID Elective class as the core and content area teachers using AVID strategies as school-wide implementation.
- (c) AVID for Higher Education works with postsecondary institutions to support students with the goal of increasing academic success, persistence and completion rates.
- 1.3 AVID Materials: Any material, in any medium, printed or electronic, produced by AVID Center as a resource for Client's implementation of AVID Elementary, AVID Secondary, or AVID for Higher Education.
- 1.4 AVID Member Site: Any Client that implements (orders membership corresponding to) AVID Elementary and/or AVID Secondary, or AVID for Higher Education.
- 1.5 AVID Methodologies: Those methodologies that, when combined, form the core of AVID Elementary, AVID Secondary, or AVID for Higher Education.

- 1.6 AVID Programs: Other AVID offerings that are supplementary to AVID Elementary, AVID Secondary, or AVID for Higher Education (with the corresponding program indicated in parentheses in this Paragraph). The specific AVID Programs are further defined in their corresponding Exhibit. This list is subject to change without notice: AVID Excel (AVID Secondary); AVID Roadtrip Nation Experience (AVID Secondary); AVID Summer Bridge (AVID Secondary); AVID Weekly (versions for each: AVID Elementary, AVID Secondary, AVID for Higher Education. AVID Elementary and AVID for Higher Education subscriptions are included as part of membership; AVID Secondary subscriptions are included in Middle School and High School Libraries, if so ordered by Client).
- 1.7 Exhibit:
The document with terms and conditions that relate specifically to a corresponding service or product ordered on the Quote(s).
- 1.8 Payment Terms: The terms of when payment is due, as listed on the Quote.
- 1.9 Quote: The order document that is fully incorporated into this Agreement by reference.
- 1.10 AVID District Director: District leaders that coordinate the implementation of AVID Secondary and/or AVID Elementary at AVID Member Sites within their school system according to the AVID Methodologies. If Client implements AVID Elementary and/or AVID Secondary at any of its AVID Member Sites, then Client agrees to maintain, at its expense, at least one AVID District Director who will enroll in and complete, or have previously completed, the series of AVID District Leadership (ADL) trainings (as described in the corresponding Exhibit).

Article II. Period of Agreement

- 2.1 Term: The Term ("Term") of this Agreement shall be July 1, 2017 to June 30, 2018 unless earlier terminated as provided herein.

Article III. Licenses and Rights

- 3.1 Copyright License: Subject to Client's performance of all the provisions of this Agreement, AVID Center hereby grants to Client a non-transferable license, without the right to sublicense, to distribute, reproduce, and display the AVID Materials and AVID Methodologies solely to implement AVID Elementary and/or AVID Secondary, or AVID for Higher Education as ordered on Quote(s), during the period listed in the corresponding Exhibit, and for no other purpose.
- (a) Client may distribute, reproduce, and display the AVID Materials only to appropriate staff and students of the AVID Member Sites listed in Quote(s), for the sole purpose of implementing the specified AVID service or product at the AVID Member Sites and for no other purpose. Client will not permit any of the AVID Materials or AVID Methodologies to be used by anyone other than the AVID Member Sites.
- (b) Further, Client will only distribute, display, photocopy, reproduce or otherwise duplicate, those AVID Materials and AVID Methodologies corresponding to the specific AVID service or product listed for each AVID Member Site in Quote(s). [For example, if Quote(s) specifies both AVID Elementary and AVID Secondary membership at ABC School Site, but only specifies AVID Elementary membership at XYZ School Site, Client will not distribute, display, photocopy, reproduce, duplicate, or otherwise make available the AVID Secondary Materials and Methodologies to XYZ School Site.]
- (c) Client and any AVID Member Sites will not distribute, display, photocopy, reproduce or otherwise duplicate, all or any part of the AVID Materials or AVID Methodologies to anyone other than the AVID Member Sites without AVID Center's prior written consent.
- (d) Should Client wish to make any of the AVID Materials or AVID Methodologies accessible to its AVID Member Sites through the Internet, it will do so on a password-protected website, and it will ensure that only appropriate staff and students of the AVID Member Sites are allowed access to the website.
- (e) Should Client wish to make electronic versions of any of the AVID Materials or AVID Methodologies available for download by its AVID Member Sites, it will ensure that only appropriate staff and students of the AVID Member Sites are allowed access to those materials, and it will require that those staff and students agree not to distribute, reproduce, display, or transfer those materials to anyone other than appropriate staff and students of the AVID Member Sites before downloading those materials.
- (f) Client and any AVID Member Sites shall not modify or otherwise alter the AVID Materials or AVID Methodologies in any way, or create or distribute any derivative works of the AVID Methodologies or the AVID Materials in any way. Client also agrees not to use or adopt the AVID Methodologies or AVID Materials with respect to any educational or other program except solely to implement AVID under the provisions of this Agreement.
- (g) Client and any AVID Member Sites acknowledge that they do not have the right to sell, sublicense, transfer, or lease any of the AVID Materials or AVID Methodologies to any person or entity.

- 3.2 Trademark License: Subject to Client's performance of all the provisions of this Agreement, AVID Center hereby grants to Client during the Term a non-exclusive, non-transferable, indivisible license, without the right to sublicense, to use the AVID trademarks (collectively "AVID Trademarks"), (a) only as they are incorporated in the AVID Materials, and (b) only on advertising flyers and written promotional materials created by Client or the AVID Member Sites listed in Quote(s) in order to promote and implement AVID at those AVID Member Sites. Client agrees that it will use its best efforts to use the AVID Trademarks in a professional manner in order to preserve and enhance AVID Center's substantial goodwill associated with the AVID Trademarks. Client agrees that it or its AVID Member Sites will not use any of the AVID Trademarks as a corporate or business entity name, as a fictitious business name or as a trade name, and will not use any name in such capacity that is confusingly similar to the AVID Trademarks. Client further acknowledges and agrees that it and its AVID Member Sites cannot modify or otherwise alter any of the AVID Trademarks or use any other designs or logos in conjunction with its use of the AVID Trademarks. Client cannot use the AVID Trademarks for any educational or other program other than to implement AVID at the Member Sites listed in Quote(s) consistent with the above license. Client and its AVID Member Sites will always use the proprietary symbol ® immediately adjacent to the respective AVID Trademarks as noted above with respect to their use of the AVID Trademarks. If Client or its Member Sites desire to use or place the AVID Trademarks on any products, things, or other merchandising items in order to promote AVID, it must first seek and obtain permission from AVID Center by completing AVID Center's Request to Use AVID Center Trademark Form and complying with any of AVID Center's conditions for approval. Any such additional uses of the AVID Trademarks approved by AVID Center shall also be subject to the terms of this license and the other provisions of this Article III.
- 3.3 Rights Reserved: Notwithstanding anything to the contrary in this Agreement, all rights not specifically granted in this Agreement to Client shall be reserved and remain always with AVID Center.
- 3.4 Proprietary Rights: The parties agree that AVID Center shall solely own and have exclusive worldwide right, title and interest in and to the AVID Trademarks, AVID Materials and AVID Methodologies, to all modifications, enhancements and derivative works thereof, and to all United States and worldwide trademarks, service marks, trade names, trade dress, logos, copyrights, rights of authorship, moral rights, patents, know-how, trade secrets and all other intellectual and industrial property rights related thereto ("Intellectual Property Rights"). Client shall not challenge, contest or otherwise impair AVID Center's ownership of the AVID Trademarks, AVID Materials or AVID Methodologies, or any of AVID Center's applications or registrations thereof, or the validity or enforceability of AVID Center's Intellectual Property Rights related thereto. Client also agrees not to submit any applications or otherwise attempt to register for itself or others any of the AVID Trademarks, AVID Materials or AVID Methodologies.
- 3.5 Enforcement: The parties agree that except to the limited extent expressly set forth in Paragraphs 3.1 and 3.2 above, AVID Center will be irreparably harmed and money damages would be inadequate compensation to AVID Center in the event Client breaches any material provision of Article III. Accordingly, all of the provisions of this Agreement shall be specifically enforceable by injunctive and other relief against Client without the requirement to post a bond, in addition to any other remedies available to AVID Center, for Client's breach of any provision of this Agreement.

- 3.6 Proprietary Notices: Client agrees not to remove, alter or otherwise render illegible any trademark, copyright or other proprietary right notices or other identifying marks from the AVID Materials or any permitted copies thereof.
- 3.7 Infringement: Client agrees to notify AVID Center of any conduct or actions on the part of third parties of which it becomes aware that might be deemed an infringement or other violation of AVID Center's rights in the AVID Trademarks, AVID Materials or AVID Methodologies. In such an event, AVID Center shall have the sole right to bring an action for infringement or other appropriate action with respect thereto. AVID Center shall exclusively control the prosecution and settlement of any such action. Client agrees to fully cooperate with AVID Center in any such action and provide AVID Center with all information and assistance reasonably requested by AVID Center.
- 3.8 Compliance With Laws: Client agrees that the AVID Trademarks, AVID Materials and AVID Methodologies will be used in accordance with all applicable laws and regulations and in compliance with any regulatory or governmental agency that has jurisdiction over Client and its educational programs.
- 3.9 Sole Source: AVID Center affirms that it is the sole source of the AVID College Readiness System to which competition may be precluded due to the existence of a patent, copyright, secret process, or monopoly. AVID Center's sole source development includes intellectual property - copyrights and trademarks - in the AVID Materials, licensing for reproduction of student activity sheets associated with the curriculum, technical assistance, training to teachers and administrators, and coordination of the AVID College Readiness System through consultation, data collection, and certification processes.

Article IV. Compensation

- 4.1 Quotes--Invoicing and Payment: During the Term of this Agreement, Client may request Quote(s) for AVID services and/or products. Client indicates its acceptance of a Quote by signing the respective Quote or issuing a Purchase Order in the amount of the Quote. Should Client issue Purchase Order(s) for such Quote(s), the terms and conditions of this Agreement shall control for all Purchase Orders; no terms and conditions on Purchase Orders will apply to any part of this Agreement. AVID Center will invoice Client according to the terms listed in the accepted Quote(s).

Article V. Status of Parties

- 5.1 Independent Contractors: AVID Center and Client are independent contractors and their relationship is that of a licensor and licensee. This Agreement is not intended to create a relationship of employment, agency, partnership, joint venture, or similar arrangement between the parties. Neither party shall have any power or authority to bind or commit the other party in any respect, contractually or otherwise. In no event shall either party, or any of its respective officers, agents, or employees, be considered the officers, agents, or employees of the other party.

Article VI. Authority

- 6.1 AVID Center Warranty: AVID Center warrants that the person signing this Agreement is authorized to enter into this Agreement on behalf of the non-profit AVID Center and to bind AVID Center to perform all of its obligations under this Agreement.
- 6.2 Client Warranty: Client warrants that it has obtained all necessary approvals and taken all necessary steps to enter into this Agreement. The person signing on behalf of Client warrants that he or she has the authority to enter into this Agreement on behalf of Client and to bind Client to perform all of its obligations under this Agreement.

Article VII. Termination

- 7.1 Termination for Cause: Subject to the last sentence of this Paragraph 7.1, either party has the right to terminate this Agreement at any time if the other party is in material breach of any warranty, term, condition or covenant of this Agreement and (i) fails to cure that breach within thirty (30) days of receiving notice from the non-breaching party which specifies such material breach and demands cure thereof, or (ii) fails to provide the non-breaching party assurance that the breach will be cured within a longer period of time which is acceptable to the non-breaching party. In the case of a breach by Client that is not cured as described above, AVID Center shall have the right to terminate Client's right to conduct all or part of an AVID product or service at one or more specific AVID Member Sites, by giving written notice to Client of the sites so terminated, without terminating this Agreement with respect to the other products or services at the particular AVID Member Site and/or other AVID Member Site(s) subject to this Agreement. Any termination under this Paragraph 7.1 will become effective automatically upon expiration of the cure period in the absence of a cure or mutually agreed-upon resolution. Notwithstanding the foregoing, any material breach by Client, which is further defined as a breach of any of the provisions of Article III, shall be deemed non-curable and AVID Center shall have the right to immediately terminate this Agreement upon such material breach by Client.
- 7.2 Termination Without Cause: Notwithstanding Paragraph 7.1 above, either party may terminate this Agreement upon thirty (30) days prior written notice to the other party.
- 7.3 Cessation of Use: Upon termination or expiration of this Agreement: (a) the licenses in Article III shall automatically terminate and revert to AVID Center, (b) Client shall thereafter immediately discontinue AVID in all of its school sites and cease using the AVID Materials, AVID Methodologies, or AVID Trademarks in any way, and (c) Client shall pay any unpaid balances to AVID Center and remain liable for its obligations or other actions that accrued or occurred prior to the termination date.
- 7.4 Cumulative Remedies: All rights and remedies conferred herein shall be cumulative and in addition to all of the rights and remedies available to each party at law, equity or otherwise. In addition, Paragraphs 3.3, 3.4, 3.5, 3.6, 4.1, and all of the provisions of Articles VII and VIII shall survive the termination or expiration of this Agreement.

Article VIII. General Provisions

- 8.1 Governing Law and Venue: If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement, then (i) if AVID is the party initiating the action (e.g., as plaintiff), this Agreement shall be interpreted under the law of the State in which Client is located, the action shall be submitted to the exclusive jurisdiction of the applicable court in the city and State where Client is located and venue for the action shall be that city and State; and (ii) if Client is the party initiating that action (e.g., as plaintiff), this Agreement shall be interpreted under California law, the action shall be submitted to the exclusive jurisdiction of the applicable court in San Diego, California, and venue for the action shall be San Diego, California.
- 8.2 Entire Agreement: All Quotes, Exhibits, and other addenda to this Agreement are fully incorporated herein. This Agreement, including all addenda, constitutes the entire agreement between the parties regarding this subject matter hereof and supersedes all prior oral or written agreements or understandings regarding this subject matter. This Agreement can only be amended by a written document signed by both parties.
- 8.3 Limitation of Liability: NEITHER PARTY SHALL BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES, WHETHER FORESEEABLE OR NOT, THAT ARE IN ANY WAY RELATED TO THIS AGREEMENT, THE BREACH THEREOF, THE USE OR THE INABILITY TO USE THE AVID COLLEGE READINESS SYSTEM SERVICES AND PRODUCTS, THE RESULTS GENERATED FROM THE USE OF THE AVID COLLEGE READINESS SYSTEM SERVICES AND PRODUCTS, LOSS OF GOODWILL OR PROFITS AND/OR FROM ANY OTHER CAUSE WHATSOEVER.
- 8.4 Force Majeure: Neither party shall have any liability to the other hereunder by reason of any delay or failure to perform any obligation or covenant if the delay or failure to perform is occasioned by force majeure, meaning any act of God, storm, fire, casualty, unanticipated work stoppage, strike, lockout, labor dispute, civil disturbance, riot, war, national emergency, act of Government, act of public enemy, or other cause of similar or dissimilar nature beyond its control.
- 8.5 Severability: If any provision of this Agreement is judicially determined to be invalid, void or unenforceable, the remaining provisions shall remain in full force and effect.
- 8.6 Attorney Fees: In the event a dispute arises regarding this Agreement and a legal proceeding is brought by either party, each party shall be responsible for paying their own attorney fees regardless of the outcome or resolution of the dispute.
- 8.7 No Assignment, Delegation or Transfer: Client acknowledges that the favorable terms of this Agreement were granted solely to Client, and that the substitution of any party by Client would destroy the intent of the parties. Accordingly, Client shall have no right to assign, delegate, transfer or otherwise encumber this Agreement or any portion thereof without AVID Center's prior written consent, which can be withheld in its sole discretion.

- 8.8 Notice: All notices, requests or other communications under this Agreement shall be in writing, shall be sent to the designated representatives of the parties at the addresses set forth in Quote(s), and shall be deemed to have been duly given on the date of service if sent by facsimile or electronic mail, or on the day following service if sent by overnight air courier service with next day delivery and with written confirmation of delivery, or five (5) days after mailing if sent by first class, registered or certified mail, return receipt requested. Each party is required to notify the other party in the above manner of any change of address.
- 8.9 Counterparts: This Agreement may be executed in several counterparts that together shall be originals and constitute one and the same instrument.
- 8.10 Non-Waiver: The failure of a party to enforce any of its rights hereunder or at law or in equity shall not be deemed a waiver or a continuing waiver of any of its rights or remedies against the other party, unless such waiver is in writing and signed by the party to be charged.
- 8.11 Facsimile and Electronic Signatures: The parties hereto (i) each agree to permit the use, from time to time and where appropriate under the circumstances, of signatures sent via facsimile or electronically in a .pdf file or other digital format in order to expedite the transaction(s) contemplated by this Agreement; (ii) each intend to be bound by its respective signature sent by that party via facsimile or electronically in a .pdf file or other digital format; (iii) are each aware that the other, and the other's agents and employees, will rely on signature pages sent via facsimile or electronically in a .pdf file or other digital format; and (iv) each acknowledge such reliance and waive any defenses to the enforcement of this Agreement or of other documents effecting the transactions contemplated by this Agreement based on the signature page being a facsimile, .pdf copy or other digital format. The parties covenant to each other that each time they send a signature page via facsimile or electronically in a .pdf file or other digital format, they will in a timely manner send the other party the countersigned signature page(s).

IN WITNESS WHEREOF, the parties have executed this Agreement on the dates below their signatures, but such dates shall not alter the Term of this Agreement as specified herein:

Board Item - G.-7.

Issue:

Consolidated Application (ConApp) Spring Report.

Superintendent's Recommendation:

Approve the Consolidated Application (ConApp) Spring Report for the 2016-2017 school year.

Analysis:

Districts in the State of California are required to submit a Consolidated Application (ConApp) for specified federally funded programs. The application is completed in multiple parts. The ConApp Spring Report identifies the programs for which the district is requesting funding as well as the public and private non-profit schools that plan to participate in selected federal programs. The ConApp also serves as a system for reporting program and fiscal data to the California Department of Education about the utilization of federal program funds. Local school boards are required to approve the application for funding page. The report contains requests for Title I, Title II, and Title III funding for the 2017-2018 school year.

For questions regarding this board item, please contact Ana Maria Alvarez at (619) 691-5546 or ana.alvarez@sweetwaterschools.org.

Fiscal Impact:

The Consolidated Application represents the following funds for SUHSD:

Expenditure of \$10,765,410, to be paid from Title I Part A, Resource Code: 3010.

Expenditure of \$1,580,739, to be paid from Title II Part A, Resource Code: 4035.

Expenditure of \$832,990, to be paid from Title III LEP, Resource Code: 4203.

Expenditure of \$86,980, to be paid from Title III – Immigrant, Resource Code: 4201.

The Consolidated Application (ConApp)

The Consolidated Application (ConApp) is used by the California Department of Education (CDE) to distribute restricted funds from various state and federal programs to county offices, school districts, and direct-funded charter schools throughout California. Annually, in June, each local educational agency (LEA) submits the spring release of the application to document participation in these programs and provide assurances that the district will comply with the legal requirements of each program. Program entitlements are determined by formulas contained in the laws that created the programs.

Title I, Part A is a federal categorical program contained in the Consolidated Application. Its purpose is to ensure that all children have a fair and equal opportunity to obtain a high-quality education and reach, at a minimum, proficiency on the state content standards and assessments. The intent of this funding is to meet the educational needs of low-achieving students enrolled in the highest poverty schools.

Title II, Part A, Teacher and Principal Training and Recruiting is a federal categorical program contained in the Consolidated Application. The purpose of Title II is to increase the academic achievement of all students by helping schools and district (1) improve teacher and principal quality through professional development and other activities and (2) ensure all teachers are highly qualified.

Title III, LEP, Funding is made available to eligible local educational agencies (LEAs) to provide supplementary programs and services to limited English proficient (LEP) students, known as English learners (ELs). The purpose of the subgrants is to assist EL students to acquire English and achieve grade-level and graduation standards. Note: Recipients and funding amounts are subject to budget and administrative adjustments. Late applicants will be funded based on availability of funds.

Title III, Immigrant, Funding is made available to eligible local educational agencies (LEAs) to provide supplementary programs and services to eligible immigrant students. The purpose of the subgrants is to assist immigrant students to acquire English and achieve grade-level and graduation standards. Note: Recipients and funding amounts are subject to budget and administrative adjustments.

• LEAs that experienced a two percent or greater growth in the enrollment of eligible immigrant students in 2015 as compared to the average of the eligible immigrant enrollments of 2013 and 2014 are eligible to apply. Immigrant student enrollment for 2016 is taken from the Fall 2015 California Longitudinal Pupil Achievement Data System (CALPADS) data collections

Consolidated Application 2016-17 Spring Report Part I

Fiscal Year 2015-16

District Level Reports

Title II, Part A Fiscal Year Expenditure Report, 24 months

- A report of year-to-date expenditures and encumbrances by activity. Activity period covered is July 1, 2015 through June 30, 2017. \$1,173, 214 was expensed on teacher professional development; various curriculum specialist's salaries; subs for zone trainings; materials/supplies to support the training; National Board certifications and other exam fees for teachers; administrative duties and indirect costs.

Title III, Part A Immigrant YTD Expenditure Report, 24 months

- A report of year-to-date expenditures by activity. Activity period covered is July 1, 2015 through June 30, 2017. \$80,892 was expensed on salary for a curriculum specialist in support of working with teachers and sites who have immigrant students in their classes. Resource teacher provided professional development workshops/trainings; support to teachers; and assistance with resources.

Title III, Part A Limited English Proficient (LEP) YTD Expenditure Report, 24 months

- A report of year-to-date expenditures by activity. Activity period covered is July 1, 2015 through June 30, 2017. \$842,661 was expensed on teacher salaries in support of the EL actions/services detailed in the LCAP; specific resources in support of EL students; administrative duties, and indirect costs.

2015-16 Title II, Part A Fiscal Year Expenditure Report, 24 Months

A report of year-to-date expenditures and encumbrances by activity. Activity period covered is July 1, 2015 through June 30, 2017.

Consolidated Application 2016-17 Spring Report Part II

Fiscal Year 2016-17

District Level Reports

Title II, Part A Fiscal Year Expenditure Report, 12 months

- A report of year-to-date expenditures and encumbrances by activity. Activity period covered is July 1, 2016 through June 30, 2017. To date, \$774,976 has been expensed on teacher professional development; various curriculum specialist's salaries; subs for zone trainings; materials/supplies to support the training; exam fees for teachers; Verification process for special settings (VPSS); recruitment activities; administrative duties and indirect costs. At the time of report, payroll had not been posted for 3 months of salary. The remaining funds are less than \$455,674. Decisions on use of carry-over funds have yet to be finalized.

Title III, Part A Immigrant YTD Expenditure Report, 12 Months

- A report of year-to-date expenditures by activity. Activity period covered is July 1, 2016 through June 30, 2017. To date, \$41,707 has been expensed on salary for a curriculum specialist in support of working with teachers and sites who have immigrant students in their classes. Resource teacher provided professional development workshops/trainings; support to teachers; and assistance with resources. At the time of report, payroll had not been posted for 3 months of salary. The remaining funds are less than \$17,901. Decisions on use of carry-over funds have yet to be finalized.

Title III, Part A English Learner YTD Expenditure Report, 12 Months

- A report of year-to-date expenditures by activity. Activity period covered is July 1, 2016 through June 30, 2017. To date, \$400,986 has been expensed on teacher salaries in support of the EL actions/services detailed in the LCAP; specific resources in support of EL students; administrative duties, and indirect costs. At the time of report, payroll had not been posted for 3 months of salary. The remaining funds are less than \$414,974. Decisions on use of carry-over funds are being discussed but are not finalized.

Homeless Education Policy, Requirements, and Implementation

- The purpose of this data collection is to meet federal requirements specified in support of Homeless youths. This collection includes 1) monitoring LEAs and their compliance with key provisions of the Education for Homeless Children and Youths Act and 2) collecting contact information for each required designated LEA's homeless liaison. \$132,000 was set-aside in support of homeless students. To date, \$96,937 has been encumbered and/or expended in support of direct services for homeless youth.

School Level Reports

Title I, Part A School Funded Staff Report

- To collect school level data, as required by ESEA, about teachers and instructional paraprofessionals in Title I, Part A programs. Those who are salaried employees complete a monthly PAR (time accounting details for the amount funded by Title I).

Title I, Part A School Program Improvement Activities

- LEAs must report school level Program Improvement (PI) activities related to Title I, Part A. This includes, but is not limited to, student participation and PI compliance activities based on the number of years a school is in PI status. 2016-17 will be the final time data is collected in this manner for Program Improvement.

Title I, Part A Nonprofit Private School Student Demographics and Services

- The report lists demographics for nonprofit private school students designated as receiving Title I, Part A equitable services. Private schools who have SUHSD students attending are eligible for Title I funding, provided the student resides within a Title I school area.

Title II, Part A School Class Size Reduction Report

- LEAs may use Title II, Part A funds to recruit and hire teachers that meet applicable State certification and licensure requirements to reduce class sizes. SUHSD does not use this funding for that purpose.

Title III, Part A Immigrant Nonprofit Private School Students Served

- The purpose of this data collection is to capture the documentable number of private school Immigrant students who received Title III Immigrant services during the reported fiscal year.

Title III, Part A English Learner Nonprofit Private School Reimbursement

- The purpose of this data collection is to capture the documentable number of private school English learners who received Title III services during the reported fiscal year.

2016-17 Title II, Part A Fiscal Year Expenditure Report, 12 Months

A report of year-to-date expenditures and encumbrances by activity. Activity period covered is July 1, 2016 through June 30, 2017.

2016-17 Homeless Education Policy, Requirements, and Implementation

The purpose of this data collection is to meet federal requirements specified in ESEA Section 722. This collection includes 1) monitoring LEAs and their compliance with key provisions of the Education for Homeless Children and Youths Act and 2) collecting contact information for each required designated LEA's homeless liaison.

CDE Program Contact:

Leanne Wheeler, Coordinated School Health and Safety Office, lwheeler@cde.ca.gov, 916-319-0383

Homeless Education Certification

The LEA hereby assures that the LEA has met the following requirements:

1. Designated a staff person as the liaison for homeless children and youths

2. Developed a written policy that supports the enrollment and retention of homeless children and youths in schools of the LEA which:
 - a) Includes policies and practices to ensure that homeless children and youths are not stigmatized or segregated on the basis of their status as homeless
 - b) Includes a dispute resolution process
 - c) Ensures that transportation is provided for a homeless child or youth to and from the school of origin if requested by the parent, guardian or homeless liaison

3. Disseminated public notice of the educational rights of homeless children and youths where such children and youths receive services under the provisions of the Education for Homeless Children and Youths Act.

Consolidated Application 2016-17 Spring Report Part III

Fiscal Year 2017-18

District Level Reports

Certification of Assurances

- Submission of Certification of Assurances is required every fiscal year. A complete list of legal and program assurances for the fiscal year can be found at <http://www.cde.ca.gov/fg/aa/co/ca17asstoc.asp>.

Protected Prayer Certification

- ESSA Section 8524 specifies federal requirements regarding constitutionally protected prayer in public elementary and secondary schools. This form meets the annual requirement and provides written certification.

Application for Funding

- The LEA is required to review and receive approval of their Application for Funding selections with their local governing board. A District with more than 50 English learners must establish a District English Learner Advisory Committee (DELAC) and involve them in the application for funding for programs that serve English learners. SUHSD's DELAC received a formal presentation on the EL Master plan initiatives on February 23rd. Discussion on support for EL students has been ongoing with parents.

Title III, Part A English Learner Student Program Subgrant Budget

- The purpose of this report is to provide a proposed budget for 2017-18 English learner (EL) student program subgrant funds. Amounts given are estimates as we have not been notified of 2017-18 allocations to date. EL student count is taken from the California Longitudinal Pupil Achievement Data System (CALPADs).

Title III, Part A Immigrant Student Program Subgrant Budget

- The purpose of this report is to provide a proposed budget for 2017-18 Immigrant Student program subgrant funds. Amounts given are estimates as we have not been notified of 2017-18 allocations to date. Immigrant student count is taken from the California Longitudinal Pupil Achievement Data System (CALPADs).

Substitute System for Time Accounting

- This certification may be used by auditors and by CDE oversight personnel when conducting audits and sub-recipient monitoring of the substitute time-and-effort system. Approval is automatically granted when the LEA submits and certifies this data collection. SUHSD chooses not to participate in this system.

School Level Reports

Title I, Part A Planned School Allocations

- Based on information provided in the School Student Counts data collection, the table provides eligibility and ranking information. Schools with fund flags will receive Title I allocations. BVM and HTH have exceptions for funding in 2017-18. BVM will be grandfathered in as their F&RL percentage decreased but since they received funding for two years as a Targeted Assistance site, funding was approved for at least one more year. HTH has a feeder pattern exception as it is above the 40% F&RL number and operates as a school-wide Title I. For 2017-18, HTH is below the district F&RL average for High Schools.

Nonprofit Private School Consultation

- The LEA shall provide, on an equitable basis, special education services or other benefits to eligible children attending a nonprofit private school. Consultation took place on June 6th for all interested Private schools within our district boundaries. For Title I we also reached out to private schools who border on our district. Data was downloaded from the CDE's Private School affidavit files for 2017-18.

Title I, Part A Nonprofit Private School Participation

- Consultation took place on June 6th for all Private schools interested in receiving Title I funding in 2017-18. Private schools who have SUHSD students attending are eligible for Title I funding, provided the student resides within a Title I school area.

Other ESEA Nonprofit Private School Participation

- Consultation took place on June 6th for all Private schools interested in receiving Title II and/or III funding in 2017-18. Private schools who have SUHSD students attending are eligible provided the student resides within district boundaries. Although it says some schools will not participate in Title II and III; many will as they are K-8 sites and will populate on neighboring districts CONAPP. SUHSD will serve those 7th and 8th graders within our boundaries.

2017-18 Certification of Assurances

Submission of Certification of Assurances is required every fiscal year. A complete list of legal and program assurances for the fiscal year can be found at <http://www.cde.ca.gov/fg/aa/co/ca17asstoc.asp>.

CDE Program Contact:

Joy Paull, jpaull@cde.ca.gov, 916-319-0297

Consolidated Application Certification Statement

I hereby certify that all of the applicable state and federal rules and regulations will be observed by this applicant; that to the best of my knowledge the information contained in this application is correct and complete; and I agree to have the use of these funds reviewed and/or audited according to the standards and criteria set forth in the California Department of Education's Categorical Program Monitoring (CPM) Manual. Legal assurances for all programs are accepted as the basic legal condition for the operation of selected projects and programs and copies of assurances are retained on site. I certify that we accept all assurances except for those for which a waiver has been obtained or requested. A copy of all waivers or requests is on file. I certify that actual ink signatures for this form is on file.

Authorized Representative's Full Name	Luz Elena Perez
Authorized Representative's Signature

2017-18 Title III, Part A English Learner Student Program Subgrant Budget

The purpose of this report is to provide a proposed budget for 2017-18 English learner (EL) student program subgrant funds only per the Title III, Part A, English Learner Students Program requirements (ESSA, Title III, Part A, Sections 3114, 3115, & 3116).

CDE Program Contact:

Patty Stevens, Language Policy and Leadership Office, pstevens@cde.ca.gov, 916-323-5838
Geoffrey Ndirangu, Language Policy and Leadership Office, gndirang@cde.ca.gov, 916-323-5831

Estimated Entitlement Calculation

Note: If the estimated entitlement amount does not meet the minimum \$10,000 program eligibility criteria for direct funding status, further action may be required. To receive instructions regarding the consortium application process, please contact Patty Stevens by phone at 916-323-5838 or by e-mail at pstevens@cde.ca.gov.

Estimated English learner per student allocation	\$93.37
Estimated English learner student count	9,377
Estimated English learner entitlement amount	\$875,530

Budget

Professional development activities	\$600,000
Program and other authorized activities	\$100,000
English Proficiency and Academic Achievement	\$100,000
Parent, family, and community engagement	\$40,853
Direct administration costs (Amount cannot exceed 2% of the estimated entitlement)	\$17,510
Indirect costs (Amount should be calculated using the LEA's approved indirect cost rate)	\$17,167
Total allocation budget	\$875,530

2017-18 Title III, Part A Immigrant Student Program Subgrant Budget

The purpose of this report is to provide a proposed budget for 2017-18 Immigrant Student Program Subgrant funds only per the Title III, Part A, Immigrant Student Program requirements (ESSA, Title III, Part A, Sections 3114, 3115, & 3116).

CDE Program Contact:

Patty Stevens, Language Policy and Leadership Office, pstevens@cde.ca.gov, 916-323-5838
Geoffrey Ndirangu, Language Policy and Leadership Office, gndirang@cde.ca.gov, 916-323-5831

Estimated Entitlement Calculation

Note: Only LEAs that have 21 or more eligible immigrant students, and that have experienced a significant increase of two percent or greater growth in eligible immigrant student enrollment in the current year compared with the average of the two preceding fiscal years are eligible for Title III, Part A Immigrant Student Program Subgrant funds. Use your Immigration student count that was provided to the California Longitudinal Pupil Achievement Data System on census day of October 5, 2016.

Estimated Immigrant per student allocation	\$80.77
Estimated Immigrant student count	1,172
Estimated Immigrant entitlement amount	\$94,662

Budget

Authorized activities	\$87,402
Direct administration costs (Amount cannot exceed 2% of the estimated entitlement)	\$1,893
Indirect costs (Amount should be calculated using the LEA's approved indirect cost rate)	\$5,367
Total allocation budget	\$94,662

2017-18 Substitute System for Time Accounting

This certification may be used by auditors and by CDE oversight personnel when conducting audits and sub-recipient monitoring of the substitute time-and-effort system. Approval is automatically granted when the LEA submits and certifies this data collection.

CDE Program Contact:

Julie Brucklacher, Financial Accountability and Info Srv Office, jbruckla@cde.ca.gov, 916-327-0858

The LEA certifies that only eligible employees will participate in the substitute system and that the system used to document employee work schedules includes sufficient controls to ensure that the schedules are accurate. Additional information on the predetermined schedule substitute system of time accounting can be found at <http://www.cde.ca.gov/fg/ac/co/timeaccounting2013.asp>. Detailed information on documenting salaries and wages, including both substitute systems of time accounting, are described in Procedure 905 of the California School Accounting Manual posted on the Web at <http://www.cde.ca.gov/fg/ac/sa/>.

2017-18 Request for authorization	No
LEA certifies that the following is a full disclosure of any known deficiencies with the substitute system or known challenges with implementing the system (Maximum 500 characters)

2017-18 Nonprofit Private School Consultation

The LEA shall provide, on an equitable basis, special education services or other benefits to eligible children attending a nonprofit private school.

CDE Program Contact:

Sylvia Hanna, Title I Policy and Program Guidance Office, shanna@cde.ca.gov, 916-319-0948

The LEA must offer to provide equitable services that address the needs of eligible students attending nonprofit private school and staff under the programs listed below. The enrollment numbers are reported under penalty of perjury by each private school on its annual Private School Affidavit. The information field in the Private School Affidavit is not verified, and the CDE takes no position as to its accuracy. It is expected that districts engaged in private school consultation verify the accuracy of student enrollment data if it is being used for the purpose of providing equitable services.

Note:

The LEA of residence is responsible for providing Title I, Part A services to all eligible students who reside in the LEA's Title I attendance area but attend a nonprofit private school. This includes students who attend nonprofit private schools outside the LEA's boundaries

Results of Consultation Allowable Values

- Y1: meaningful consultation occurred
- Y2: timely and meaningful consultation did not occur
- Y3: the program design is not equitable with respect to eligible private school children
- Y4: timely and meaningful consultation did not occur and the program design is not equitable with respect to eligible private school children

2017-18 Other ESEA Nonprofit Private School Participation

The LEA must offer to provide equitable services that address the needs of nonprofit private school students, teachers and other educational personnel under the programs listed below.

CDE Program Contact:

Anie Wilson, Educator Excellence Office, awilson@cde.ca.gov, 916-445-5669
Patty Stevens, Language Policy and Leadership Office, pstevens@cde.ca.gov, 916-323-5838

Title II, Part A Supporting Effective Instruction

The LEA must offer to provide Title II, Part A equitable services that address the needs of nonprofit private school students, teachers and other educational personnel. The enrollment numbers are reported under penalty of perjury by each private school on its annual Private School Affidavit. The information filed in the Private School Affidavit is not verified and the CDE takes no position as to its accuracy. It is expected that districts engaged in private school consultation verify nonprofit status and the accuracy of student enrollment data if it is being used for the purpose of providing equitable services.

Title III, Part A Immigrant and English Learner Student Subgrant Program

On an annual basis, the LEA must consult with all nonprofit private schools within its boundaries, as to whether the private school students and teachers will participate in the Title III, Part A English Language Acquisition, Language Enhancement, and Academic Achievement Program. Consultation with appropriate nonprofit private school officials must be done during the design and development of programs and before decisions are made that affect the opportunities of students and teachers to participate. LEAs may not require documentation that poses an administrative barrier that is inconsistent to their responsibility to ensure equitable participation of private school students and teachers.

June 26, 2017

Board Item - G.-8.

Issue:

Local Control Accountability Plan (LCAP).

Superintendent's Recommendation:

* Adopt the Local Control Accountability Plan (LCAP) for the 2017-2018 academic year.

Analysis:

The state requires the Governing Board of the Sweetwater Union High School District to adopt the Local Control Accountability Plan (LCAP) by June 2017.

The Local Control Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding Sweetwater Union High School District's actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code Sections 52060, 52066, 47605, 47605.5, and 47606.5.

Pursuant to Education Code Section 52060, the LCAP must describe, for Sweetwater and all of its schools, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code Section 52052 (*Low income, English Learner, Foster Youth, and Homeless Youth*), including pupils with disabilities, for each of the state priorities and any locally identified priorities.

The LCAP is intended to be a comprehensive planning tool. When developing goals, specific actions, and expenditures, Sweetwater has considered how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. Sweetwater has referenced and described actions and expenditures in other plans that are funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code Section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For questions regarding this board item, please contact Ana Maria Alvarez at (619) 691-5546 or ana.alvarez@sweetwaterschools.org.

Fiscal Impact:

2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

Set in southern San Diego County, Sweetwater Union High School district spans from the border with Mexico up the Pacific coast to National City and East to the Otay Mountain foothills. As the largest secondary school district in California, we serve our communities, parents, students, and staffs with excellence in teaching and support for our very diverse population of over 40,000 middle and high school students and over 20,000 adult school attendees. Each Sweetwater student is provided with opportunities to become involved in district-wide activities through various athletics, clubs, after school programs, performing arts, and community events.

Sweetwater is dedicated to putting students first by providing effective initial instruction that leads to engagement and mastery, access to challenging curricula, safe and healthy learning environments focusing on a positive transformational culture, transparent systems of support, and fostering parent and community involvement. Our 2016-17 student enrollment was 39,088, 58% of our students qualify as low income and 24% are identified as English Learners, over 80% of our EL students are Long Term ELs. Over 122 of our students are Foster or Homeless Youth.

Our Local Control and Accountability Plan is a direct reflection of our efforts to involve all stakeholders in a parallel process of continuous review, report, reach-out, and revise. Our LCAP is truly a living document as we receive constant input from stakeholders and make timely and purposeful changes. Sweetwater board members received monthly updates on progress with goals and action steps. District committees, district office personnel, and sites received the same information and continued the parallel process by providing updates on progress and next steps.

For 2016-17, our parallel process continued to develop our areas of growth and target areas needing improvement. Updates to the board on goals and progress in our action steps continued as did our feedback gathering from parent groups, district departments, school sites, and student groups. Our first ever Sweetwater State of the District event was held in February 2017 where students acted as facilitators of discussions centered on the LCAP goals with parents, teachers, staff members, community members, and other district personnel. As a result of the constant process of review and feedback, stakeholders remained informed about progress.

In 2017-18, Sweetwater will continue to provide 21st Century learning to all students in order to support their choices for college and career. Through our efforts with local universities, SUHSD will welcome three Compact for Success cohort students, now university graduates, as credentialed teachers fulfilling our promise to guarantee former Compact Scholars employment if they go into the field of education. Our ongoing efforts to support our community with quality education for each student is our primary objective. As we work together, we put each student's success at the forefront.

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

This year, LCAP Goal 1 focuses on effective initial instruction with attention to engagement and mastery. By focusing targeted professional development on effective initial instruction, providing challenging curricula, and integrating support programs within the school day, we are able to expanding support programs such as AVID, AVID Excel, Literacy and Math Workshops to ensure that each student received the necessary support for their success. Quality first instruction with attention to Common Core State Standards, Next Generation Science Standards, and the ELA/ELD Framework further ensured student achievement and college readiness.

While Goal 1 focuses on teaching and learning, Goal 2 focuses on each student's social emotional well-being and ensuring a positive transformational culture. Encouraging students to become lifelong learners and participants in their own educational experience through engagement in extra-curricular opportunities, strategies like restorative practices, and global partners in excellence increase their sense of belonging to their school/district community. Professional development for staff as well as students in restorative practices has lead our schools and district to be more welcoming and safe spaces for all students. Additionally, the Trauma Informed Care sessions provide key staff members with additional tools to assist our students. Expanding our CTE pathways enabled them to further their outreach into career opportunities and beyond.

Finally, the first two goals cannot be accomplished without Fostering Parent and Community Involvement (LCAP Goal 3) and Ensuring Excellence in Operational Systems of Support (Goal 4). Our parents and community members actively contribute throughout the year as partners in our students' learning through our district level advisory groups as well as at sites. Our district and site facilities and personnel are maintained and supported in order to achieve optimal student success through open communication and attention to details.

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

GREATEST PROGRESS

We have made our greatest progress in the area of English Learner Progress Indicator with 78% of our EL students making progress last year enabling Sweetwater to reach the green level on the California Dashboard. We attribute this growth to targeting professional development to support teachers of both Short Term English Learners(STELs) and Long Term English Learners (LTEs). Additionally, building our curriculum for our ELD and ALD courses through collaboration with/among teachers on special assignment and site teachers has enabled a strategic development of units and lessons of study for English Learners. All of this collaboration has also been captured in our new English Learner Master Plan; the ELMP builds on the LCAP Goals (specifically in Goal 1.2, 1.3, 2.2, 2.3, and 3.2) and provides specific focus on how our district goals are directly targeted to support our English Learners.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

SUHSD overall performance for each area were above the "red" and "orange" performance categories.

Equity Report

Status and Change Report

Detailed Reports

Student Group Report

The Equity Report shows the performance levels for all students on the state indicators. It also shows the total number of student groups that received a performance level. Many of those student groups are in the two lowest performance levels (Red/Orange). The total number of student groups may vary due to the number of grade levels in each indicator. Select any of the underlined indicators for more detailed information.

State Indicators	All Students Performance	Total Student Groups	Student Groups
Chronic Absenteeism	N/A	N/A	N/A
<u>Suspension Rate (K-12)</u>		11	3
English Learner Progress (K-12)		1	0
<u>Graduation Rate (9-12)</u>		9	3
<u>College / Career</u> <small>Available Fall 2017. Select for Grade 11 assessment results.</small>		N/A	N/A
<u>English Language Arts (3-8)</u>		10	1
<u>Mathematics (3-8)</u>		10	1

**GREATEST
NEEDS**

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

PERFORMANCE GAPS

Upon review of key data points, we have identified some state level performance indicators that show two or more performance levels below "All Students".

Each of the following indicators will be targeted for next year:

1. EL and SWD Populations both had "red" performance indicators and our Socioeconomically Disadvantaged population indicated an "orange" for Suspension Rates
2. African-American, Two+ Races and White all fell in the "orange" performance category for Graduation Rates
3. SWD Populations also indicated "red" performance category for Achievement in Mathematics and "orange" for English Language Arts.

The steps we are going to take include:

Suspension rates will continue to be a focus for 2017-18 as we work with providing alternatives to suspensions and expulsions. Careful attention will be given to the EL, SWD, and LI student groups as we work with restorative practices. Additional resources have been added in the 2017-18 LCAP for this purpose such as additional resource teachers and district TOSAs.

Graduation rates, although on the rise, have fallen for the African-Americans, Two+ Races, and white subgroups. With a focus on college and career readiness and A-G graduation goals, these target populations will be an area of focus.

Academic achievement in mathematics and English Language Arts continue to be low performing areas for our Students with Disabilities. In 2017-18, we will work to further improve quality first instruction and provide our teachers with professional development in how to support students with learning disabilities. We have added additional resources for this purpose in the 2017-18 LCAP such as additional tutors, increased focus in our intervention programs and additional resources for math instruction.

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Our focus will be on effective initial instruction, engagement and mastery for each student.

Goal 1: We will ensure access to challenging curricula, effective initial instruction and a positive transformational culture through targeted professional development, a focus on research based instructional strategies and collaboration.

Goal 2: A focus on disaggregated data will provide insight into questions of equity. Continued focus on restorative practices.

Goal 3: Increase support for parent involvement

BUDGET SUMMARY

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION

AMOUNT

Total General Fund Budget Expenditures for LCAP Year

\$451,417,935

Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for LCAP Year

\$287,594,596.00

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

The total cost of operating departments located at the District office are not included in the LCAP, for example: Duplicating, Purchasing, Warehouse, Accounts Payable, Payroll, Finance, Student Services, Special Education, Transportation, Maintenance, Human Resources and Benefits departments. The funding the District provides to the Adult Fund is also not included in the LCAP.

\$375,565,245

Total Projected LCFF Revenues for LCAP Year

Annual Update

LCAP Year Reviewed: 2016-17

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 1

Goal 1: Ensure excellence in teaching and learning so each student is prepared to succeed in college and career.

State and/or Local Priorities Addressed by this goal:

LOCAL																

ANNUAL MEASURABLE OUTCOMES

EXPECTED

- at least 56% of students will score "meet or exceed standard" on ELA and at least 39% of students will score "meet or exceed standard" on Math as measured by the SBAC in spring 2017. This represents an increase of 5% from the 2016 goals.
- our LI, SWD, and EL students will show an increase of greater than 5% in "meet or exceed standard" in ELA and Math in SBAC 2017 scores.
- The total number of students scoring "standard not met" will be reduced to 16% in ELA and 30% in math as measured by the SBAC 2017 scores. This represents a decrease of 5% from the 2016 goal scores.
- our LI, SWD, and EL students will show a decrease of greater than 5% in "standard not met" in ELA and Math in 2017 SBAC scores.
- at least 68.3% of ELs will make at least one years progress in learning English as calculated by Annual Measurable Achievement Objective (AMAO)1.

ACTUAL

Scores from the 2015-16 SBAC:

ELA All students who scored "meet or exceed standards" improved by 7% to 54%
 ELA Low Income students who scored "meet or exceed standards" improved by 7% to 44%
 ELA English Learners who scored "meet or exceed standards" improved by 2% to 7%
 ELA Students with Disabilities "meet or exceed standards" improved by 5% to 15%
 Math All Students who scored "meet or exceed standards" who scored improved by 3% to 32%
 Math Low Income students who scored "meet or exceed standards" improved by 7% to 54%
 Math English Learners who scored "meet or exceed standards" decreased by 1% to 4%
 Math Students with Disabilities who scored "meet or exceed standards" improved by 2% to 6%

ELA All students who scored "did not meet standards" decreased by 4% to 22%
 ELA Low Income students who scored "did not meet standards" decreased by 7% to 28%
 ELA English Learners who scored "did not meet standards" decreased by 4% to 63%
 ELA Students with Disabilities "did not meet standards" decreased by 8% to 59%
 Math All Students who scored "did not meet standards" decreased by 1% to 39%
 Math Low Income students who scored "did not meet standards" decreased by 3% to 47%
 Math English Learners who scored "did not meet standards" stayed the same at 77%

- at least 27.0% of ELs that have been in the US for less than 5 years, and 54.9% of ELs that have been in the US 5 or more years attain English Proficient level as calculated by AMAO 2.
- of those students that are still classified as ELs, no fewer than 12.1 % will attain Redesignated Fluent English Proficient (RFEP) status.
- the percentage of of A, B, and C grades in courses required for SUHSD graduation will increase by at least 2%
- the percent of graduating students meeting their CSU/UC A-G requirements increase by at least 2%.
- the number of AP tests taken and passed will increase by at least a 2%.
- the enrollment in CTE and VAPA classes will increase at least 2%.
- 100% of students have access to standards based instructional material as measured by the annual resolution of sufficiency.
- 100% of content teachers will participate in zone PD focused on implementation of state standards for all students including English Learners.
- Increase the number of programs and services (such as SEI , bilingual courses, ELD, Designated ALD, AVID Excel) that enable English language learners to access both the Common Core State Standards and the English Language Development Standards.
- at least 61% in ELA and at least 33% in Math of 11th graders will be ready for college as measured by their EAP status of "ready" or "conditionally ready".
- the total number of seniors successfully completing their FAFSA will increase by 5%.
- the number of students receiving the Seal of Biliteracy will increase by 5% each year.

Math Students with Disabilities who scored "did not meet standards" decreased by 3% to 80%

AMAO (2015-16)

65.8% of English Learners made at least one year progress as measured by CELDT levels.

20.8% of English Learners Less than 5 years cohort attained proficiency on the CELDT.

53% of English Learners More than 5 years cohort attained proficiency on the CELDT.

11.1% of English Learners were reclassified in Spring 2016 .

Local Indicators □

The percentage of As, Bs and Cs remained the same at 83.7%

The percentage of students enrolled in VAPA decreased by 2% to 39%

The percentage of students enrolled in CTE increased by 4% to 38%

The A-G Completion rate increased from 46.7% to 51.3%

The Number of AP Tests taken increased from 11352 to 13309.

The percentage of AP Tests passed decreased from 51% to 50%

- 100% of students had access to standards based instructional material as measured by the annual resolution of sufficiency.
- Over 90% of content teachers participated in zone PD focused on implementation of state standards for all students including English Learners.

Increased the number of programs and services (such as SEI , bilingual courses, ELD, Designated ALD, AVID Excel).

The percentage of students who are at least conditionally ready as measured by the 11th Grade ELA SBAC increased by 7% to 63%.

The percentage of students who are at least conditionally ready as measured by the 11th Grade Math SBAC increased by 3% to 31%.

The percentage of FAFSA applications completed decreased by 1% to 50%.

The number of students who received a Seal of Biliteracy increased from 1038 to 1163.

ACTIONS / SERVICES

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action

1

Actions/Services

PLANNED

1.1 District base program ensures:

- a. Highly qualified certificated (in-ratio 30:1) and classified staff that provide quality first instruction and support to all students, including English Learners (EL), Low Income (LI), Foster Youth (FY), Homeless Youth (HY) and Students With Disabilities (SWD).
- b. Standards aligned instructional materials are provided to all students.
- c. Professional development in California Standards aligned curriculum and district-wide initiatives with focus on literacy skills, quality first instruction, and mastery.
- d. Counselors (in-ratio 400:1) that support all students to be on-course to graduate prepared for college and career.
- e. Progress of students toward Expected Measurable Outcomes is monitored through a balanced assessment system, including End-of-Course Exams, district provided performance tasks, and common formative assessments.
- f. A comprehensive research-based ELD program aligned to ELA/ELD framework ensures English learners progress quickly toward reclassification.

ACTUAL

Base insures:

- a. A ratio of 30:1 teacher to student ratio.
- b. Standards aligned instructional materials are provided to all students.
- c. Professional development in California Standards aligned curriculum and district-wide initiatives with focus on literacy skills, quality first instruction, and mastery.
- d. Counselors (in-ratio 400:1) that support all students to be on-course to graduate prepared for college and career.
- e. Progress of students toward Expected Measurable Outcomes is monitored through a balanced assessment system, including both site and district end of course (EOC) exams, district provided performance tasks.
- f. We continue to work towards having a comprehensive research-based ELD program aligned to ELA/ELD framework to ensure English learners progress quickly toward reclassification.
- g. We engaged in a collaborative process to develop the English Learner Master Plan. The ELMP is in draft form and will be ready by the start of the 2017-18 school year.

g. Engage in a collaborative process to develop the English Learner Master Plan.

h. Alternative educational opportunities and programs provide differentiated learning environments. (Palomar High(PH), Teen Parent Program, Options Secondary School(OSS), Community Day School, Independent Study, Learning Centers, East Hills Academy(EHA), Alta Vista Academy(AVA))

i. The Teacher Induction Program develops teacher proficiency in the California Standards for the Teaching Profession, California Content Standards, and districtwide initiatives.

j. Under the direction of the Principal, each site has Assistant Principals that ensure site programs are monitored, evaluated and supported.

k. Instructional assistants and additional classified support staff working with students during school day.

h. Alternative educational opportunities and programs provided differentiated learning environments. (Palomar High(PH), Teen Parent Program, Options Secondary School(OSS), Community Day School, Independent Study, Learning Centers, East Hills Academy(EHA), Alta Vista Academy(AVA))

Action

2

Actions/Services

PLANNED

1.2 Ensure all students have access to resources that support higher levels of rigor, including LI, FY/HY, EL, SWD students.

a. Increase enrollment in Advanced Placement (AP), Honors, Accelerated, Visual and Performing Arts (VAPA), Advancement Via Individual Determination (AVID), and Career and Technical Education (CTE) courses.

ACTUAL

1.2 Ensure all students have access to resources that support higher levels of rigor, including LI, FY/HY, EL, SWD students.

a. Enrollment in the following programs increased:
Advanced Placement (AP)
Career Technical Education (CTE)
Visual Performing Arts (VAPA)

b. Investigate/Implement flexible scheduling to increase student course opportunities and participation in specialized programs: CTE, VAPA, AVID, Dual Immersion, Science Technology Engineering Art Math (STEAM) and other academies.

c. Continue existing and investigate new partnerships with post-secondary institutions and community stakeholders.

d. Increase the number of seniors receiving the seal of biliteracy each year.

BUDGETED

a. object 1900, 3000 Base \$4,214,847

Advancement Via Individual Determination (AVID)

b. Several sites investigated and implemented flexible scheduling options to increase student course opportunities.

c. We have partnership with UCSD, USD, SDSU, SWC and Palomar college to prepare our students for college and career.

d. The number of students who have received the Seal of Biliteracy has increased again this year.

ESTIMATED ACTUAL

a. object 1900, 3000 Base \$3,438,625

3

Actions/Services

PLANNED

1.3 Supplemental staffing ensures support for teaching and learning.

a. Lower the student-teacher ratio to 28:1 providing additional time to work with EL, LI, FY, HY students to reach mastery in the classroom.

b. Lower the student-teacher ratio in ELD classes to 25:1 to provide additional time to work with English Learners.

c. Lower the student-counselor ratio to 360:1 providing additional time to work with EL, LI, FY, HY students and their parents regarding mastery of standards in the classroom, a 4-6 year plan for each student's success, and College and Career Readiness (CCR).

d. Teachers on Special Assignment (TOSA) /Resource teachers, including district TOSA's to facilitate teacher training and curriculum integration that include how to meet the needs of all students in the classroom, including EL, LI, FY, HY, SWD.

ACTUAL

1.3 Supplemental staffing ensures support for teaching and learning.

a. We hired teachers to increase our student-teacher ration to 28:1 in support of our EL, LI, FY and HY students.

b. We hired teachers to increase our student-teacher ratio in ELD classes to 25:1 to provide additional time to work with English Learners. (Spring 2017 Reclassification rate is 17.6%)

c. We hired counselors to increase our student-counselor ratio to 360:1 providing additional time to work with EL, LI, FY, HY students and their parents. (The A-G Completion rate increased from 46.7% to 51.3%)

d. All schools participated in districtwide training developed and implemented by district Teachers on Special Assignment (TOSA).

e. Hired tutors and student program facilitators to work with students during school day.

e. Instructional assistants and additional classified support staff working with students during school day.

f. Site intervention specialists monitor, coordinate, and implement interventions to assist students in reaching mastery of standards, especially EL, LI, FY, HY.

g. Family Community Services Program Coordinator and support staff to work with Foster Youth/Homeless Youth Site Liaisons and programs.

h. Blended Learning Specialists/Teacher librarians to increase digital citizenship and support use of technology for all students to acquire 21st Century Skills.

i. Extend library/media centers hours and resources in order for Teacher librarians to support all students before and after school, including student athletes.

j. District AVID TOSA(s) and site AVID coordinators will work with site administrators and counselors to implement the AVID program including recruiting college tutors from local colleges and universities.

k. Counselors to support students in all Learning Centers, Palomar High School and Alta Vista Academy.

l. Professional development in California Standards aligned curriculum and in district-wide initiatives with a focus on literacy skills, quality first instruction, mastery, social-emotional needs and technology enhanced instruction.

m. Additional Assistant Principals at 5 Middle schools and funding provided for current Assistant Principals to provide instructional leadership for all students with a focus on monitoring, evaluating, and accountability principally targeted towards EL, LI, FY and HY students.

n. College and Career Readiness activities, workshops and meetings will provide support for students to explore and build skills for post-secondary educational and career opportunities.

f. Site Intervention Specialists (AKA Coordinated Integrated Services) were hired at every site to implement interventions to assist students in reaching mastery of standards, especially EL, LI, FY, HY.

g. Family Community Services Program Coordinator and support staff to work with Foster Youth/Homeless Youth Site Liaisons and programs. Increased support staff to include a counselor and a student program facilitator.

h. Blended Learning Specialists/Teacher librarians were hired to increase digital citizenship and support use of technology for all students to acquire 21st Century Skills.

i. Library/media centers hours were extended and resources increased in order for Teacher librarians to support all students before and after school, including student athletes.

j. District AVID TOSA(s) and site AVID coordinators worked with site administrators and counselors to implement the AVID program including recruiting college tutors from local colleges and universities.

k. Counselors to support students in all Learning Centers, Palomar High School and Alta Vista Academy were all increased to a 1.0 FTE.

l. Three School Leadership Team (125 attendees per session) trainings were provided to implement California Standards aligned curriculum and in district-wide initiatives with a focus on literacy skills, quality first instruction, mastery, social-emotional needs and technology enhanced instruction.

m. Additional Assistant Principals were hired at 5 Middle schools and funding provided for current Assistant Principals to provide instructional leadership for all students with a focus on monitoring, evaluating, and accountability principally targeted towards EL, LI, FY and HY students.

n. All schools provided College and Career Readiness activities, workshops and meetings to support students to

Actions/Services

PLANNED

1.4 Targeted/Supplemental interventions provide support for teaching and learning to unduplicated student groups.:

- a. Assist students in achieving standards by purchasing supplemental instructional materials especially EL, LI, FY, HY

ACTUAL

1.4 Targeted/Supplemental interventions provide support for teaching and learning to unduplicated student groups.:

- a. We purchased Achieve 3000, Schmoop, Math 180, APEX learning, PSAT for Grades 10 and 11, Gizmos for grades 7 through 9, Review 360, EBSCO, World Book Online, and Literacy TA.

b. Ensure additional academic support to students through site level integrated and extended day/week/year interventions.

c. Ensure additional academic support to students by providing summer school opportunities.

d. Specific services, resources, instructional strategies and programs are available to meet the different academic needs and profiles of ELs (newcomers, Long Term English Learners), FY, HY, LI.

e. Provide to staff summary data on multiple measures of performance by school and drill down to subgroups. Paired with professional development opportunities to share best practices, participate in co-learning activities, and deepen our knowledge of effective teaching and learning.

f. Office of State and Federal Programs provides district wide technical assistance, professional development support, and guidance toward meeting Title I, Title III, and LCAP goals and initiatives.

b. Paid staff to implement Saturday and after school programs as intervention and tutoring.

c. Six high schools and all middle schools offered summer school. We recovered over 7400 credits through these programs.

d. We funded the ELD task force to consider textbook adoption, placement guidelines, curriculum guides, pacing guides, and assessments to meet the different academic needs and profiles of ELs (newcomers, Long Term English Learners), FY, HY, LI.

e. We entered into an MOU with the CORE districts for data sharing and collaboration to improve our services to students and close the achievement gap.

f. State and Federal has provided technical support and professional development through monthly Coordinated Integrated Services (CIS) meetings, Principal meeting updates and on site visits. in order to provide guidance toward meeting Title I, Title III, and LCAP goals and initiatives.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Sweetwater has begun the process of transforming our school culture from an intervention-centric culture to an effective initial instruction-centric culture with attention to engagement and mastery. This work has been led by a partnership with National Center for Urban School Transformation (NCUST) and San Diego State University who have led our work with School Leadership Teams. We have also worked for two years to renew our English Learner Master Plan and partnered with the CORE districts to disaggregate data to better serve all of our student groups.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

SUHSD is seeing strong and consistent growth in enrollment in our rigorous courses including Advancement Placement, Career Technical Education, and AVID.

Strong growth occurred in English Language Arts as measured by our 7% increase in SBAC proficiency. According to the California Dashboard, SUHSD has also seen an increase in our English Learner Indicator to 77.8% which marked a green performance level.

Additionally, unduplicated students received additional support through purchases of specific supplemental computer-based programs and equipment, additional supplemental staffing, and targeted interventions to either recover credit and increase graduation rates or opportunities for students to experience reteaching/retesting to increase grades.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

- 1.1 h: Budget Inaccurately included costs already accounted for in other actions/services budgets.
- 1.1 j: Budget was over calculated.
- 1.1 k: Budget excluded cost of Special Education Instruction Aides which are 65% funded from base contribution.
- 1.2 a: budget was over calculated.
- 1.3 a: We had a decrease in anticipated staffing.
- 1.3 g: We were not able to fully staff this initiative.
- 1.3 n: Not all anticipated activities were carried out.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

To ensure effective initial instruction that leads to student engagement and mastery, 3 additional staff days were added to provide district wide Professional Development. This will also serve to significantly decrease the number of days that teachers and staff are pulled from their students for PD purposes (stakeholders have expressed concern over the number of days teachers are pulled out of class). Goal 1.3 d.

The areas of greatest concern are Mathematics performance on SBAC including the gap between our lowest and highest performing student groups. Based on state and district data, SUHSD will provide funding to targeted schools in order to provide support for mathematics. Goal 1.2 m

In order to provide more in class support, SUHSD will increase funding for tutors to work at specific sites. Goal 1.2 e.

ANNUAL MEASURABLE OUTCOMES

EXPECTED

- a. district-wide attendance rate will increase by .5%.
- b. chronic absenteeism will decrease by 1%
- c. decrease suspension rate by 1% and decrease the total number of expulsions by 20%
- d. decrease both the middle and the high school dropout rate by 1%..
- e. increase high school graduation rate by 2%
- f. each student will feel safe and connected at school as measured by an increase of 5% of those reporting to feel "Happy and Safe at School" on local climate measures including surveys such as the California Health Kids Survey (CHKS)**measured in 2016-17.

ACTUAL

- a. Attendance rate data was 96.71%.
- b Chronic absenteeism data will be available in June.
- c. Suspension rate maintained in 2015-16 and remains at performance level yellow.
- d. 2015-2016 overall dropout rate was 6.3%. 2016-2017 dropout rate not yet available to compare
- e. High school graduation rate increased by 1.3% with English learners seeing significant growth by 6.7%.
- f. Data will be provided in a Fall 2017 update.

ACTIONS / SERVICES

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action

1

Actions/Services

PLANNED

2.1 District base program ensures a safe and healthy learning environment for all students:

- a. Maintain clean and safe school campuses by providing appropriate staffing (custodians, gardeners).
- b. Support a safe and secure campus by providing appropriate staffing (including assistant principals, campus assistants, and School Resource Officers) and necessary technology
- c. All students have access to trained staff to support their Social Emotional and Health needs, including LI, EL, FY, HY, SWD.
- d. Create opportunities for students to increase connectedness to school through exploration, participation in school clubs, groups, organizations, etc. to build climate/culture.
- e. Provide administrative training and professional development to reduce suspension/expulsion rates and increase attendance and graduation rates.
- f. Maintain district and site websites and phone call system to publicize community events to increase student and parent involvement as stakeholders (i.e. VAPA, Open House, Sports events, AVID night, College Fair, etc)

BUDGETED

a. objects 2200, 2900, 3000 Base \$13,811,950

ACTUAL

2.1 District base program ensures a safe and healthy learning environment for all students:

- a. Appropriate staffing ensured clean and safe campuses. Increased number in gardeners by schools and HVAC Technician. Focused on Facility program as focused effort, once a month selected one school to address work orders.
- b. Increase in Assistant Principals by .2 at every campus to support low-income, English learners and homeless/foster youth. Necessary technology was added to improve safety such as enhanced radios and safety training.
- c. Provided an increased level of trainings in trauma-informed care, restorative practices, the Art of Communication, The Exchange, and mediation.
- d. Improved opportunities for students to increase connectedness to school as evidenced by increased participation in school Gay Straight Alliances (GSA's), ASB's and student leaders, and school led opportunities to improve student voice (i.e. Southwest High: student Empowerment groups, Castle Park High: Social Justice Clubs).
- e. Increase in Professional Development for all management focusing on Discipline, Restorative Practices, Trauma-Informed Care, Safe Spaces for LGBTQ+ youth, Commercial Sexual Exploitation of Children, and Mindful Communication.
- f. Maintained district and site websites and phone call system to publicize community events to increase student and parent involvement as stakeholders (i.e. VAPA, Open House, Sports events, AVID night, College Fair, etc)

ESTIMATED ACTUAL

a. objects 2200, 2900, 3000 Base \$13,658,375

Expenditures

b. objects 2900, 3000 Base \$8,229,641
c. Object 1200, 3000 Base \$2,663,281

b. objects 2900, 3000 0000: Unrestricted Base \$3,651,340
c. Object 1200, 3000 0000: Unrestricted Base \$3,941,806

Action

2

Actions/Services

PLANNED

2.2 Supplemental staff and services ensure a safe and healthy learning environment for all students:

- a. TOSAs to coordinate and provide staff development for after school programs to support all students, including EL, LI, FY, HY.
- b. Division of Teaching and Learning coordinate and provide staff development, ELD materials, and support for EL students and parents.
- c. Designated staff to organize extracurricular activities and transportation that foster student engagement and support including EL, LI, FY, HY.
- d. Provide custodial staff to support after school programs and activities.
- e. Mental Health Staff to provide social and emotional support to all students with a focus on EI, FY, HY, LI
- f. Administrators, teachers, counselors, and classified staff receive professional growth opportunities in the appropriate skills in order to provide an optimal learning environment for students and staff. (Trauma Informed Care Series and other trainings)
- g. District nurses and psychologists to provide physical and mental health, support social-emotional well-being of all students, and provide a targeted focus for EL, LI, FY and HY students.

ACTUAL

- a. TOSAs coordinated and provided staff development for after school programs to support all students, including EL, LI, FY, HY. Monthly meetings were held and site visits were conducted to provide support.
- b. Division of Teaching and Learning coordinated and provided staff development, ELD materials, and support for EL students and parents through zone and cohort meetings, specific PD pullouts for LTEL support, parent workshops.
- c. Designated staff organized extracurricular activities and transportation that foster student engagement and support including EL, LI, FY, HY. College visits, cultural experiences, leadership youth conferences. □
- d. Provided custodial staff to support after school programs and activities.
- e. Mental health team has been able to assist with Crisis Intervention, SST meetings, support foster and homeless students, and provide assistance and referrals for students through SARB.
- f. This year staff received the following professional growth opportunities:
Trauma-Informed Practices for Schools: An overview for administrators, counselors, psychologists and nurses; and a four part in-depth cohort training series for school site teams.
Restorative Practices for school teams and pilot schools
Engaging the Adolescent Brain for school teams
Student Services through an Equity Lens Series for management (Restorative Practices, Safe Spaces for LGBTQ Youth, Trauma Informed Care, Commercial and Sexual Exploitation of Children, Mindful Communication).

Expenditures

BUDGETED

- a. Object 1900, 3000 Supplemental and Concentration \$800,000
- b. Funded in 1.3
- c. Object 5700, 5800 Supplemental and Concentration \$50,000
- d. Object 2200, 3000, 4300, Supplemental and Concentration \$25,000
- e. Object 2900, 3000 Supplemental and Concentration \$140,000
- f. Object 1100, 1200, 2100, 2400, 2900, 5100, 5800 Supplemental and Concentration \$25,000
- g. Object 1200, 3000 Supplemental and Concentration \$1,420,944

g. District nurses and school psychologists provided physical and mental health support (coping skills, stress relief strategies, substance abuse education, crisis intervention, and group counseling)

ESTIMATED ACTUAL

- a. Object 1900, 3000 Supplemental and Concentration 711,129
- b. Funded in 1.3
- c. Object 5700, 5800 Supplemental and Concentration \$15,000
- d. Object 2200, 3000, 4300, 2000-2999: Classified Personnel Salaries Supplemental and Concentration \$21,029
- e. Object 2900, 3000 (Medical Collaborative) Supplemental and Concentration \$315,000
- f. Funded in 2.3 c Supplemental and Concentration
- g. Object 1200, 3000 Supplemental and Concentration 1,288,515

Action

3

Actions/Services

PLANNED

2.3 Systematic support for all students to build a culture of equity:

- a. Create a district wide plan to implement alternative behavior management systems such as Restorative Practices.
- b. Provide training for site personnel to appropriately respond to students in crisis, social emotional needs, conflict resolution referrals, victims of bullying, social media, etc.
- c. Office of Equity, Culture, and Student Services implements year 1 of the Equity Plan and facilitates ongoing Equity surveys and site visits.
- d. Teacher librarians will provide safe and engaging physical spaces for students that support diversity and a sense of belonging, facilitate activities that support technology and literacy, and provide safe "virtual spaces" through grade-appropriate online resources.

ACTUAL

2.3 Systematic support for all students to build a culture of equity:

- a. A district-wide discipline plan was developed focusing on a systemic way of addressing student behaviors by incorporating appropriate alternative means of correction. Four pilot schools were selected to implement Restorative Practices. Year 1 consisted of professional development necessary to build a common understanding and a focus on community development.
- b. District staff participated in the following professional growth opportunities:
Title IX professional development
The Exchange - conflict resolution strategies for students and adults
Safety and Security Training - Crisis Intervention
Mediation Training - team of administrators selected to participate

		<p>Art of Communication - Communication strategies that support healthy dialogue and strategies for addressing difficult conversation</p> <p>c. Implementation of the Equity plan included: district and school administrators engaged in a year long series of school site walkthroughs: Learning and Equity Walks. The focus was to provide feedback to the site administrators and staff through an equity lens to a self identified problem of practice.</p> <p>d. Included in LCAP Goal 1.3 i</p>
Expenditures	<p>BUDGETED b. Funded in 2.2</p> <p>c. Object 1100,1200, 2100, 2400, 2900, 4300, 4400, 5100, 5200, 5700, 5800 Supplemental and Concentration \$177,000</p>	<p>ESTIMATED ACTUAL b. Funded in 2.2 b</p> <p>c. Object 1100,1200, 2100, 2400, 2900, 4300, 4400, 5100, 5200, 5700, 5800 Supplemental and Concentration 139,427</p>

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Services were implemented with a clear focus on "Putting Students First." Professional development and student and staff supports/services resulted in a shared understanding of strategies to build positive relationships and a safe and healthy learning environment for each student and district employee. Creating a healthy and positive instructional, classroom, school and work environment was the explicit focus of LCAP Goal 2. With this in mind, the goal also emphasized targeted and equitable services to support diverse student groups which have been historically underserved.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The developed objectives for LCAP Goal 2 remained consistent throughout the 2016-2017 school year. Attendance rate data was 96.71%. High school graduation rate increased by 1.3% with English learners seeing significant growth by 6.7%.

A number of metrics were developed to determine the effectiveness of services regarding LCAP Goal 2. In addition, dialogue and collaboration with other district departments assured that metrics were consistent (systemically) and effectively measured all desired outcomes. Identified metrics revolved around student achievement, student programs and services, teacher effectiveness, student and staff relationships, classroom and school environments, teaching and learning, and student/staff safety and security. Further, LCAP Goal 2 was aligned with the district's vision and the Equity Plan (Year One: "Bringing Equity into Focus"). Based on school visits, staff and student surveys, focus groups, as well as observations, LCAP Goal 2 actions/services were largely effective in obtaining all articulated objectives.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

2.1 b: Budget included Assistant Principal cost already accounted for on action/service 1.1 j.
 2.1 c: Budget excluded cost of Nurses.
 2.2 c expenditures were less than anticipated as transportation was provided by the district and fewer charter buses had to be hired. SUHSD transportation is a lower cost than the charter buses.

Other differences in amounts are attributed to actual salary and extra duty expenses.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

For the 2017-2018 school year, the focus will be on “Leading and Working Toward Equity” with careful consideration given to the development of goals, objectives, metrics, and analyses. Department of Equity, Culture, and Climate will add teachers on special assignment and site resource teachers to assist with the Restorative Practices Initiative (Goal 2.1.g)

Annual Update

LCAP Year Reviewed: 2016-17

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 3

Goal 3:Foster and honor parent/guardian and community engagement to support excellence in each student's success.

State and/or Local Priorities Addressed by this goal:

STATE	<input type="checkbox"/>	1	<input type="checkbox"/>	2	<input checked="" type="checkbox"/>	3	<input type="checkbox"/>	4	<input type="checkbox"/>	5	<input type="checkbox"/>	6	<input type="checkbox"/>	7	<input type="checkbox"/>	8

LOCAL																

ANNUAL MEASURABLE OUTCOMES

EXPECTED

- Increase attendance at school events such as Open House, parent/teacher or parent/counselor conferences, curriculum nights, district college fair, FAFSA meetings, and Compact for Success meetings as compared to 2016 data.
- Increase positive parent/community feedback on the "Parent and Community Involvement" section (agree and strongly agree) on the Hanover Survey as compared to the baseline data administered in November 2015.
- Positive parent/community feedback on the "Schools and District Environment" section (agree and strongly agree) on-the Hanover Survey as compared to the baseline data administered in November 2015.
- The district and the school sites will plan and promote outreach activities and educational programs to address-parent needs as evidenced by an increase in participation of 5% in district and site organized outreach and-educational programs.
- Increase the number of events and opportunities where parents/community have input into site and district decision-making as compared to 2015-16 baseline data.

ACTUAL

- Increased attendance at school events such as Open House, parent/teacher or parent/counselor conferences, curriculum nights, district college fair, FAFSA meetings, and Compact for Success meetings as compared to 2016 data by approximately 16%.
- Parents/community members reported a 10% increase on the statement "I am actively involved in my school" and consistent levels of self reported attendance at school events on the "Parent and Community Involvement" section (agree and strongly agree) on the Hanover Survey as compared to the baseline data administered in January 2016.
- There was a consistent and positive improvement on questions related to communication and relationships as reported by parent/community feedback on the "Schools and District Environment" section (agree and strongly agree) on-the Hanover Survey as compared to the baseline data administered in January 2016.
 - The district and the school sites planned and promoted outreach activities and educational programs to address-parent needs as evidenced by an increase in participation of 16% in district and site organized outreach and-educational programs.
 - Increased the number of events and opportunities where parents/community have input into site and district decision-making as compared to 2015-16 baseline data through SSC, PTA, ELAC, PTSO, and Coffee with the Principal,

- Increase the number of welcoming and inviting campuses that foster learning and build a sense of community.

*Participation by parents/guardians of English Learners, low income, students with disabilities, Hispanics, and foster youth/homeless students will be encouraged and measured when possible.

etc... A highlight was our State of the District event in February with over 500 participants.

- School sites continued to enhance their campuses to be welcoming and inviting to foster learning and build a sense of community.

*Participation by parents/guardians of English Learners, low income, students with disabilities, Hispanics, and foster youth/homeless students will be encouraged and measured when possible.

ACTIONS / SERVICES

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action

1

Actions/Services

PLANNED

3.1 District base programs to foster parent and community engagement:

- Provide designated Parent Centers at district and site levels.
- Improve first impressions and a welcoming environment by ensuring quality customer service, a positive visual atmosphere, and bilingual support at sites to support primary language needs, district office, and community events.
- Maintain district and site websites with current and relevant information in various languages regarding staffing, calendar of events and programs offered.
- Include families and community in revisiting LCAP through a parallel process and continuous cycle of improvement.
- Ensure all governance and advisory groups are in place at the district and site levels and working to support all students' success.(DPAC, DELAC, SSC, ELAC, C&I, Title I)

ACTUAL

3.1 District base programs to foster parent and community engagement:

- 22 of 24 middle and high schools have actual rooms dedicated as Parent Centers. Two of 24 MS/HS have dedicated area in front office. All alternative sites are in process of creating space for parents.
- Each site and department received \$1,000 to address "welcoming" first impression and positive visual atmosphere. Interpreters are available to sites and district and bilingual staff are present at school and district front desks.
- District sites maintained and updated weekly. This includes increased number of department websites on new common template. Google Translate is available on sites as well.
- Families and community provided input to the LCAP through a parallel process and continuous cycle of improvement. Feedback from all sites' parent groups is gathered by State and Federal Programs Department and questions are provided to district and site governance and

f. Ensure clear and open communication through use of current programs and software to support student success.

advisory groups. Each goal was presented at least once to DPAC, DELAC, ELACs and SSCs. The 2017 State of the District event included over 650 students, parents, staff and community members.

e. Ensured all governance and advisory groups are in place at the district and site levels and working to support all students' success.(DPAC, DELAC, SSC, ELAC, C&I, Title I). State and Federal Programs maintains lists of current membership in governance and advisory groups. Meetings held 4 times a year to review compliance and strategies to increase parent involvement with site staff that works with ELACs.

f. Parent communication tools are being used at all campuses. Each site is currently using the system that best suits its parent and community needs. The district websites continues to provide up to date information, board meetings are being "tweeted". LCAP Posters are at each site and in classrooms, Peach Jar implementation at all sites. SUHSD Currents, STEAM Newsletter, Curriculum Newsletter, Our Hometown/Ella Magazines, etc.

BUDGETED

b. objects 2900, 3000 Base \$84,138

ESTIMATED ACTUAL

b. objects 2900, 3000 0000: Unrestricted Base \$94,560

Expenditures

Action

2

Actions/Services

PLANNED

3.2 Supplemental staff and services to enhance relations between district, schools, and community:

a. TOSAs/CIS/Counselors will work with parent groups to provide needed information regarding services and programs for EL, LI, FY, HY, SWD.

b. Investigate ways to build community partnerships.

c. Implement and support participation in parent trainings and institutes to support parent needs.

ACTUAL

3.2 Supplemental staff and services to enhance relations between district, schools, and community:

a. TOSAs/CIS/Counselors worked with parent groups to provide needed information regarding services and programs for EL, LI, FY, HY, SWD. Through site and district meetings, parents accessed information regarding how to best support their students.

b. Investigated ways to build community partnerships. Nine schools have created new partnerships that did not

d. Teacher Librarians will provide support to parents on Digital Citizenship and Internet Safety.

e. Increase Community Relations Facilitators at sites support student success and to enhance parent capacity.

previously exist. Magazine ads were placed in Ella and Our Town which has a wide readership in the South Bay area. Ads promoted SUHSD events and SUHSD highlights.

c. Implemented and supported participation in parent training and institutes to support parent needs. Parents attended Mini-CABE, CABE, Adelante Mujer, SDCOE parent trainings, on-site sessions such as Mano-a-Mano, and PIQUE. District level DPAC and DELAC monthly meetings provide parents with topics of interest to support their child's education.

Additionally sites engage parents through:

- Coffee with principal
- Open house
- Grade level meetings
- AVID night, Tech night,
- Open invitation to attend SSC, ELAC, progress report parent meetings
- PTSA meetings
- AP parent night
- Parent learning walks/class observations
- AVID Senior nights
- Parent 101 college readiness night
- Parents invited to SWC/SDSU field trips

d. Teacher Librarians provided support to parents on Digital Citizenship and Internet Safety at at least 12 schools.

e. Increased Community Relations Facilitators (CRF) at sites support student success and to enhance parent capacity. The State and Federal Department added a Community Relations Facilitator to provide centralized support. Currently there are CRFs at 3 sites.

BUDGETED

c. objects 2900, 3000, 4300, 4400, 5100, 5700, 5800 Supplemental and Concentration \$25,000

d. Funded in Goal 2.

ESTIMATED ACTUAL

c. objects 2900, 3000, 4300, 4400, 5100, 5700, 5800 (Also funded at the site level through 1.4 d) Supplemental and Concentration \$46,000

Expenditures

Action

3

Actions/Services

PLANNED

3.3 Opportunities for parents and community members to provide input on relevant issues that support all students' success.

- a. Annual surveys gather comments and feedback on services, programs, and parent and student needs including EL, LI, FY, HY, SWD
- b. Investigate alternative times, locations, and media (including video streaming) for community meetings to allow for maximum involvement and feedback.
- c. Investigate alternative means to solicit input from parent and community in other ways besides surveys.
- d. Site leadership will create more opportunities for parent and community input and keep them informed about district initiatives and site events.

BUDGETED

Funded in Goals 1.1, 1.2, 2.1, 3.1.

ACTUAL

3.3 Opportunities for parents and community members to provide input on relevant issues that support all students' success.

- a. Annual surveys such as the Hanover were conducted to inform the district on parent and student needs.
- b. Five of this year's Board meetings were held at different school sites (all other Board meetings were held at the District Board Room) to increase community participation. Board meetings are "tweeted" in real time. 2,990 Twitter followers, 2,262 Facebook Likes, GJH Graduations video had over 10,000 views Dozens of Teachers and sites tweeting daily #SUHSD #TeamSUHSD and #PuttingStudentsFirst.
- c. Investigate alternative means to solicit input from parent and community in other ways besides surveys.
- d. Site leadership will created more opportunities for parent and community input and keep them informed about district initiatives and site events such as:
 - Weekly newsflash
 - Email communications
 - Communication between adults responsible for students' success
 - Established solid communication with feeder schools
 - School marquee provides info regarding school events

Expenditures

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

District and site staff have made a commitment to increasing parent engagement and soliciting parent input. Staff was hired to focus specifically on parent engagement. The Grants and Communications Department maintains the website information up to date and facilitates the sharing of information across the district.

22 of 24 middle and high schools have actual rooms dedicated as Parent Centers. Two of 24 MS/HS have dedicated area in front office. All alternative sites are in process of creating space for parents.

Nine schools have created new partnerships that did not previously exist. Magazine ads were placed in Ella and Our Town which has a wide readership in the South Bay area. Ads promoted SUHSD events and SUHSD highlights.

Teacher Librarians provided support to parents on Digital Citizenship and Internet Safety at at least 12 schools.

Increased Community Relations Facilitators (CRF) at sites support student success and to enhance parent capacity. The State and Federal Department added a Community Relations Facilitator to provide centralized support. Currently there are CRFs at 3 sites.

Five of this year's Board meetings were held at different school sites (all other Board meetings were held at the District Board Room) to increase community participation. Board meetings are "tweeted" in real time. 2,990 Twitter followers, 2,262 Facebook Likes, GJH Graduations video had over 10,000 views Dozens of Teachers and sites tweeting daily #SUHSD #TeamSUHSD and #PuttingStudentsFirst.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The district increase participation in district and site organized outreach and-educational programs by 16%. Increased the number of events and opportunities where parents/community have input into site and district decision-making as compared to 2015-16 baseline data through SSC, PTA, ELAC, PTSO, and Coffee with the Principal, etc... A highlight was our State of the District event in February with over 500 participants.

Parents/community members reported a 10% increase on the statement "I am actively involved in my school" and consistent levels of self reported attendance at school events on the "Parent and Community Involvement" section (agree and strongly agree) and there was a consistent and positive improvement on questions related to communication and relationships as reported by parent/community feedback on the "Schools and District Environment" section (agree and strongly agree) on the Hanover Survey as compared to the baseline data administered in January 2016.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

3.1 b: Budget was under calculated.
The initiative to place ads in Ella and Our Town in September of 2016. An additional \$30K was allocated for this initiative.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

For 2017-18 there will be an increase of sites with Community Relations Facilitators. (Goal 3.2.b)

Increase site and department implementation of clear communication on our websites. (Goal 3.1.c)

The district will increase access to local opportunities for parent training. (Goal 3.2 a and c)

Annual Update

ANNUAL MEASURABLE OUTCOMES

EXPECTED

- 100% of teachers will be appropriately credentialed and assigned before the start of the school year.
- 100% of school facilities will receive score of "good" or "better" on the annual Facilities Inspection Tool (FIT) Report.
- 95% of internal, state, and federal audit items such as Federal Program Monitoring (FPM) and Williams Visits will be compliant.
- Improve Fiscal Health as measured by the 2016 Fiscal Crisis and Management Assistance Team (FCMAT) Report.
- Increase alignment with recommendations from external business process reviews (planning and construction, maintenance)
- Increase positive feedback (agree and strongly agree) from site certificated and classified staff on district departments support and services as measured on a baseline 2015-16 survey.

ACTUAL

- As evidenced by the HR staffing report, 100% of teachers were appropriately credentialed and assigned before the start of the school year.
- As evidenced by the Facilities Inspection Tool (FIT) report, 100% of school facilities will received a score of "good" or "better".
- 100% of internal, state, and federal audit items will be addressed in a remediation plan.
- Ensured Fiscal Health as measured by positive financial certifications and alignment with Fiscal Crisis and Management Assistance Team (FCMAT) best practices.
- Enhanced business processes and systems to continually improve operational outcomes as evidenced by multiple measures, such as cost benefit analysis and ticketing analytics.
- Survey development occurred in 2016-2017 for 2017-2018 implementation to baseline.

ACTIONS / SERVICES

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action

1

Actions/Services

PLANNED

4.1 Systems are in place that support student engagement and success:

- a. Facilities, maintenance, and improvement planning ensure optimal safe, clean, and well- supplied facilities (physical plant, classrooms, common areas).
- b. Ensure multiple opportunities are in place for staff and public input into long-range facilities master planning.
- c. All audit, external process reviews, and compliance recommendations and best practices are identified, prioritized, budgeted for, and monitored to ensure safe and secure learning environments for each student.
- d. Ensure safe and equitable access to extracurricular opportunities by providing transportation to meet student needs.
- e. Ensure students have access to quality nutrition where food is properly prepared, appealing, well- balanced, and provided in a variety of options.
- f. Nurture, value, and build relationships between and among all employees through purposeful collaboration including improved communication, on- boarding, inboarding, mentoring, and coaching.

BUDGETED

a. objects 2200, 3000 Base \$738,504

ACTUAL

4.1 Systems are in place that support each student engagement and success:

- a. Facilities, maintenance, and improvement planning ensured optimal safe, clean, and well- supplied facilities (physical plant, classrooms, common areas).
- b. Ensured multiple opportunities for staff and public input into long-range facilities master planning. This is being monitored by the BOT Facilities subcommittee, the CBOT, the CBOC, and Planning via campus master plans.
- c. All audit, external process reviews, and compliance recommendations and best practices are identified, prioritized, budgeted, and monitored to ensure adequate resources and appropriate expenditures to ensure each students success.
- d. Ensured safe and equitable access to extracurricular opportunities by providing transportation to meet student needs.
- e. Ensured students have access to quality nutrition where food is properly prepared, appealing, well- balanced, and provided in a variety of options. Students are surveyed regarding desired food choices. Salad Bar was piloted at select schools.
- f. A new Aspiring Administrators Academy was established in 2016-17 with strong success. The new Teacher Induction program is in place to support new teachers. Throughout the district there a job-alike groups that meet regularly to discuss best practices and to receive technical support.

ESTIMATED ACTUAL

Action

2

Actions/Services

PLANNED

4.2 Improve and streamline business processes and services within and between departments to ensure all stakeholders have access to support, resources, timely customer service, and user-friendly, time-saving technology applications.

a. Facilities maintenance requests are tracked and resolved using online "Heat" request system.

b. Ensure fiscal solvency and efficiency to coordinate all district resources in a timely manner.

c. District systems and online platforms are communicated, documented, up-to-date, and accessible to all staff in order to provide quality customer service and support.

d. Organizational charts with up-to-date points of contact and areas of responsibility are provided to stakeholders in print and on the district website.

e. Digital portals are created to support stakeholders with frequently asked questions and automated tasks.

BUDGETED

Funded in 4.1 and 4.3 0000: Unrestricted

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Planning and construction is continuing Long Range Facility Master Plan (LRFMP) process, to include prioritization. HR has provided additional staffing at each school site and maintenance. Information Technology implemented security features and network products to provide improved system availability, performance, and security on all core District network and application systems, enterprise wide. Information Technology collaborated with Education Technology, Planning and Curriculum and Instruction to identify and implement 21st century classroom standards. HR, Finance, Maintenance, Information Technology, Planning, Construction, Legal Services, and Facilities developed systems in a more cohesive way, ensuring system efficiencies are incorporated. HR has provided professional development in the areas of customer service, sexual harassment prevention training, safety, interview protocols, dealing with challenging people, FRISK, and child abuse reporting. State and Federal Programs supported best practices for mentoring and coaching to support closing opportunity and achievement gaps.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Initiatives for Goal 4 were successfully implemented. Some issues with transferring to new platforms are being addressed. Nutrition Services increased student participation via pilots for menu improvements and timely meal delivery. HR is facilitating the E3 (Educator Effectiveness & Evaluation) Program through collaboration with SEA regarding evaluations. SUHSD induction program is building collaborative culture. HR has re-introduced classified and certificated employee orientations.

The finance department reorganized duties to provide personal contacts for school sites. Finance/Accounting – instituted site visits for improved collaboration. Finance provided site financial overview training and Principals' budget training. Accounting crafted a cross-training program to meet customer service needs. Fiscal Services revived Principal Secretaries focus group.

Union/district leadership collaboration on the four areas (employee recognition, joint orientation/training, district-wide community service project, district climate/culture survey).

All Teaching and Learning Teachers on Special Assignment are sharing information across disciplines. Best practices are highlighted to improve systems across the department. Teaching and Learning has developed Instructional Directors' bi-monthly meeting to ensure that all instructional and student related services collaborate and maintain flow of information.

The State and Federal Department launched a new systems to increase efficiency and ensure compliance Goal 4 through establishing DocTracking for site plans, implementation of a Time Accounting Log system, facilitating the LCAP input cycle, managing multiple surveys of stakeholder groups to ensure effective communication, including outreach to ELD teachers, CIS, Admin, Afterschool Coordinators, Bilingual Testers, ELAC coordinators, and Department Directors.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

4.1 a: Budget amounts for 4.1a and 4.1d were transposed. Budget amount for 4.1a excluded the benefits costs for employees providing services under this action item.
4.3 b: Budget inaccurately included costs already accounted for in other action/services.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

The only change is to the metrics to develop a survey to measure feedback regarding district departments support and services to determine the effectiveness of 4.1 d and 4.2 c.

Stakeholder Engagement

LCAP Year

☒ 2017–18 ☐ 2018–19 ☐ 2019–20

INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

In 2016-17, SUHSD continued an LCAP Parallel Process with the purpose to review, report, reach-out and revise. LCAP goal update presentations began in August 2016 with data gathering at both the district level as well as at sites. Each month, the school board received an update on a specific LCAP goal. These same presentations occurred at School Site Council Meetings, Faculty Advisory Committee meetings, Classified Advisory Committee meetings, Faculty/Staff meetings, District Parent Advisory Committee/District English Learner Advisory Committee meetings, as well as with student groups at various sites. These feedback meetings included certificated, classified, administrators, site principals, parents and students. Feedback was requested and then synthesized and used to inform the revision of the LCAP for 2016-2017 school year.

Board Updates:

- Beginning in August of 2016, the SUHSD school board was presented with updates of progress one goal at a time. (Goal 1--September 26, 2016 and February 27, 2017; Goal 2--August 22, 2016 and January 23, 2017; Goal 3--October 24, 2016 and March 28, 2017; Goal 4--December 12, 2014 and April 24, 2017)
- Each presentation included information and progress in meeting the expectations set in the action steps within the goal.

Site Updates include all classified and certificated staff at sites and departments:

- Administrators at sites were given 2-3 weeks following the Board updates to present the information to stakeholder groups (SSC, ELAC, FAC, Staff meetings which include certificated and classified staff) and gather input/feedback which was then reported to the office of State and Federal Programs. Feedback was gathered from four stakeholder groups at each site: a. site administrators including principals, b. students, c. parents and d. staff. After gathering the sites' feedback, the office of State and Federal programs then synthesized the information and forwarded it to the designated lead for the goal.

Community Engagement:

- DELAC/DPAC District Parent committees were presented with the same information at their meetings immediately following the board updates. They reflected on the guiding questions and provided input which was also provided to the designated lead for the corresponding goal.
- DPAC: LCAP Goals Review-October 5; Goal 1- October 5, 2016; Goal 2- September 14, 2016 and October 5, 2016; Goal- 3 November 16, 2016; Goal 4-January 18, 2017.
- DELAC: Goal 1- October 6, 2016 and February 23, 2017; Goal 2- October 6, 2016; Goal 3-NA; Goal 4- January 26, 2017.

Foster Youth: Counselor on Special Assignment for the Foster & Homeless Youth Education Services Program, attended the LCAP Stakeholder Meeting coordinated by SDCOE this year (April 2017). Foster and Homeless Youth Education Services Program continued to foster relationships with caregivers, group home providers, and community agencies/organizations through community outreach.

Student Updates:

- From August 2016 to the present, several school sites involved students in the update process through Student Senates, Student Advisory Groups, ASB, Principals Round-table, and School Site Council Meetings
- May 18, 2016 High School ASB Presidents from current year and for next school year participated in Sweetwater Student Voice activity where they were able to review the LCAP Goals and Action Steps and provide feedback.

District Level Update and Engagement:

- Each Tuesday following a board update presentation, Superintendent Dr. Janney presented the same information to district office personnel. Time was allotted to gather feedback and input on each goal.
- February 11, 2017 was Sweetwater's first State of the District address where parents, community members, teachers, administrators, board members, and students participated in an LCAP review and discussion.
- April and May 2017 SUHSD cabinet members reviewed goals, action steps, and budgeted expenditures and provided input and made revisions to inform the LCAP for 2017-18.

Bargaining Unions:

- Each SSC has representation from both classified and certificated staff. Since each LCAP goal was presented to site SSC as well as at site and department level staff meetings, union members were able to provide input throughout the school year.
- May 19, 2017 SUHSD will meet with bargaining union leadership to gather input on the 2017-18 draft.

Public Hearing

- May 22, 2017 during the SUHSD school board meeting a public hearing will be conducted.

Board Adoption

- June 26, 2017 during the SUHSD the school board meeting

IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

As a result of the numerous opportunities for all stakeholder groups to provide feedback, some necessary revisions were made to the LCAP for 2017-18 school year.

Goal 1: Teaching and Learning

*SUHSD will provide three district level professional development days where students are not in school in order to decrease the number of days that teachers are pulled out from classrooms. Goal 1.3 d.

*SUHSD has reorganized the four action steps into three in order to be more clear and concise: Base, Staffing, Support.

*SUHSD will ensure district level support of sites by continuing to provide funding for site and district level curriculum specialists. Goal 1.3 d

*SUHSD will provide tutors additional college tutors to increase student success Goal 1.3 e

*SUHSD will provide additional resources to promote greater success with math. Goal 1.3 m

Goal 2: Equity and Culture

*SUHSD will implement year 2 of the Equity Plan with continued visits to sites and Equity survey analysis.

*SUHSD will continue to provide training and professional development necessary to ensure students' social and emotional needs are being met.

*SUHSD will add staffing to support a positive transformational culture.

Goal 3: Parent Involvement

- *SUHSD will continue to make parent and community input a priority through input opportunities both district and site level parent group meetings.
- *SUHSD will provide district and site level personnel to support parent involvement (Community Relations Facilitators).
- *SUHSD will provide parents and community members opportunities to attend local training and workshops related to helping students succeed.

Goal 4: Systems for Operational Excellence

- *SUHSD will continue to gather input regarding systems of support effectiveness through surveys and site visits.
- *SUHSD will support student engagement and success by providing safe and secure learning environments.
- *SUHSD will provide clear communication through district website and other digital portals.

As a result of our new Parallel Process, revisions have been made to the LCAP. Some specific changes have been made to continue to ensure stakeholders that their comments and feedback matter.

Specifically, the budgeting expenditures for base LCFF and supplemental concentration funds will be allocated with more precision.

Goals, Actions, & Services

Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA's goals. Duplicate the table as needed.

☐ New ☒ Modified ☐ Unchanged

Goal 1

Ensure excellence in teaching and learning so each student is prepared to succeed in college and career.

[State and/or Local Priorities Addressed by this goal:](#)

1.1 District base program ensures:

- a. Highly qualified certificated (in-ratio 30:1) and classified staff provide effective initial instruction and support that leads to student engagement and mastery for each student, including English Learners (EL), Low Income (LI), Foster Youth (FY), Homeless Youth (HY) and Students With Disabilities (SWD).
- b. Professional development in California Standards aligned curriculum and district-wide initiatives with focus on effective initial instruction that leads to student engagement and mastery.
- c. Counselors (in-ratio 400:1) support each student to be on-course to graduate prepared for college and career.
- d. Progress of students toward Annual Measurable Outcomes is monitored through a balanced assessment system, including End-of-Course Exams, district provided performance tasks, and common formative assessments.
- e. Offer courses and programs that support college and career readiness (e.g. AP, CTE Completion, EAP Proficiency, etc) and increase the number of seniors receiving the seal of biliteracy.
- f. A comprehensive research-based ELD program aligned to ELA/ELD framework ensures English Learners can accelerate their progress toward reclassification.
- g. Implement the English Learner master plan to meet the programmatic needs of each English Learner.
- h. Alternative educational opportunities and programs provide differentiated learning environments that leads to

2.1 District base program ensures a safe and healthy learning environment for all students:

- a. Maintain clean and safe school campuses by providing appropriate staffing (custodians, gardeners).
- b. Support a safe and secure campus by providing appropriate security staffing including assistant principals, campus assistants, and School Resource Officers and necessary technology.
- c. Ensure that all students have access to trained staff to support their social, emotional and health needs, including LI, EL, FY, HY, SWD.
- d. Create opportunities for students to increase connectedness to school through exploration, participation in school clubs, groups, organizations, etc. to build climate/culture.
- e. Provide administrative training and professional development to reduce suspension/expulsion rates and increase attendance and graduation rates.
- f. Maintain district and site websites and phone call system to publicize community events to increase student and parent involvement as stakeholders (i.e. VAPA, Open House, Sports events, AVID night, College Fair, etc)

2.1 District base program continues to ensure a safe and healthy learning environment for all students:

- a. Continue to maintain clean and safe school campuses by providing appropriate staffing (custodians, gardeners).
- b. Continue to support a safe and secure campus by providing appropriate security staffing including assistant principals, campus assistants, and School Resource Officers and necessary technology.
- c. Continue to ensure that all students have access to trained staff to support their social, emotional and health needs, including LI, EL, FY, HY, SWD.
- d. Continue to create opportunities for students to increase connectedness to school through exploration, participation in school clubs, groups, organizations, etc. to build climate/culture.
- e. Continue to provide administrative training and professional development to reduce suspension/expulsion rates and increase attendance and graduation rates.

[Identified Need](#)

Through site and district level feedback/input opportunities, parents have indicated the following needs: offer trainings on how to empower parents, use social media as outreach, invite college students and other college personnel to present at parent meetings, provide alternative times/locations for parents to be able to attend events/meetings, increase number of parent volunteers, keep communication open between site/district/parent.

To reach the metrics in Goals 1 and 2, improved services and information for parents and the community are needed to ensure our students are college and career ready.

EXPECTED ANNUAL MEASURABLE OUTCOMES

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
Meeting Sign Ins	SUHSD 2015-16 had 6566 parents attend site activities, an increase of 19.62% of parents attending site events in 2014-15.	The district and the school sites will plan and promote outreach activities and educational programs to address parent needs as evidenced by an increase in participation of 5% in district and site organized outreach and educational programs such as: Open House, parent/teacher or parent/counselor conferences, curriculum nights, district college fair, FAFSA meetings, and Compact for Success meetings	The district and the school sites will plan and promote outreach activities and educational programs to address parent needs as evidenced by an increase in participation of 5% in district and site organized outreach and educational programs such as: Open House, parent/teacher or parent/counselor conferences, curriculum nights, district college fair, FAFSA meetings, and Compact for Success meetings	The district and the school sites will plan and promote outreach activities and educational programs to address parent needs as evidenced by an increase in participation of 5% in district and site organized outreach and educational programs such as: Open House, parent/teacher or parent/counselor conferences, curriculum nights, district college fair, FAFSA meetings, and Compact for Success meetings

4.3 Systems ensure highly qualified personnel are recruited and hired in a timely manner to support student success.

- a. Certificated and classified personnel are competent to cover all curricular and extracurricular activities at schools.
- b. Provide ongoing professional development for classified personnel to ensure job-skills are up to date and in compliance with all federal, state, local, and LEA regulations.
- c. Technology staff continues to be capable and trained to ensure mobile, classroom, office, and library technologies support instructional programs.
- d. Professional development is continually provided to ensure support staff are equipped to maintain technologies such as Smart Boards, LCD projectors, Document Cameras and other classroom/instructional peripherals.
- e. Continue to support Return, Inspire & become a Sweetwater Educator (RISE) program with SDSU to guarantee certificated employment for Compact Scholars who meet program requirements.
- f. Continue to investigate and participate in educational recruitment fairs and collaborate with local university teacher credentialing programs in order to infuse current employment pools.
- g. All new teachers will be enrolled in the New Teacher Induction Program and assigned a mentor within 30 days of hire. Interns will be provided a mentor with the opportunity to begin the online Teacher Induction Program prior to their receipt of a preliminary credential. All counselors will be provided mentoring support in their first year in a new position.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year

☒ 2017–18 ☐ 2018–19 ☐ 2019–20

Estimated Supplemental and Concentration Grant Funds: \$42,111,247

Percentage to Increase or Improve Services: 13.21%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

Supplemental and concentration funds will improve and increase services for our targeted sub-groups. Below are descriptions and the justifications for the intended use of these funds:

A. The following are district-wide services for all students but will be principally directed towards unduplicated student groups:

GOAL 1:

*Class Size Reduction - Reducing the number of teacher: student ratios in core classes district-wide will increase the number of individualized student-teacher interactions. Research has shown improvement in student learning and outcomes when class sizes are reduced, especially for economically disadvantaged youth and EL students- to build language acquisition. The benefit of smaller class size improves opportunities for at risk students to get additional help during the school day. (G. 1.2a)

*ELD Class Size Reduction - Reducing the number of teacher: student ratios in English Language Development classes will ensure students can accelerate their progress in English language acquisition and progress toward Reclassification. Research has shown improvement in student learning and outcomes when class sizes are reduced, especially EL students- to build language acquisition. The benefit of smaller class size improves opportunities for English learners to get additional help during the school day. (G. 1.2b)

*Counselor Caseload - The case load of school counselors decrease to 360:1 to assist with the implementation of annual credit checks, A-G course completion, 6-year planning, CTE pathways, and monitor Low-income, Foster/Homeless Youth, RFEP, and EL course completion each semester. (G. 1.2c)

*Site/District Curriculum Specialists - Site and District Certificated Teachers on Special Assignment provide professional development in core content areas focusing on first best lesson and literacy and numeracy skills. The objective is to deliver the optimal teaching methods to classroom teachers to improve upon instruction for English Learners, Foster youth, Homeless Youth, low socio-economic, as well as all students. (G. 1.2d)

*Paraprofessionals: Bilingual Testers - All sites will have Bilingual Testers available to monitor services that assist with proper placement and access to the curriculum to support English Learner student achievement and early intervention services. (Exception is students attending: Palomar High School; Options Secondary; East Hills Academy--monitoring provided by CIS Coordinator with support of the district). (G. 1.2e)

*Coordinator of Integrated Services (CIS) - Certificated personnel at each site will monitor the English learners and at-risk pupils. The job duties will include but not be limited to monitor academic performance, coordinate and conduct parent meetings, process targeted interventions to support A-G course completion, and analyze data to assist with proper placement of special populations. (G. 1.2f)

*Family Community Services Program Coordinator - District assigned personnel to provide support services to foster and homeless youth who suffer the traumatic effects of displacement from family and schools and multiple placements in foster care. These services are designed to improve the children's educational performance and personal achievement, directly benefiting them. The Coordinator will promote caregiver involvement in the education process through professional development opportunities. Support staff include Counselor, Student Program Facilitator, and Mental Health Specialist. (G. 1.2g)

*Blended Learning Specialist - Resource teachers will support sites in the integration of technology in the classroom to support the development of English Learners, Foster/Homeless youth, low income, as well as all students, as digital citizens. (G. 1.2h)

*Library Services - Library software to support college and career readiness will be provided to middle and high schools to support research opportunities for English Learners, Foster/Homeless youth, and low income students as well as all students (i.e. EBSCO, World Book, etc.). Additional hours provided to Teacher Librarians in support of extending library hours before and/or afterschool for student and/or parent use. Support for enhancing diversity and cultural available books within all libraries. (G. 1.2i & 2.3d)

*AVID - Continue implementation of AVID courses at school sites. The District AVID Coordinator TOSA in conjunction with the Director of College and Career Readiness will work with site coordinators on enhancing leadership, systems, instruction, and culture of the schools to ensure college and career readiness for all students. The AVID program has demonstrated success with supporting students who come from low income homes where neither parent went to college. This college readiness system is designed to increase the number of pupils who enroll and complete a degree at four-year colleges, focusing on students in A-G courses to achieve their fullest potential. (G. 1.2j)

*Learning Centers & PAH Counselor Additions - It is recommended that a counselor be provided to each Learning Center and an additional counselor be added to Palomar High School to assist with the implementation of annual credit checks, A-G course completion, 6-year planning, CTE pathways, and also to assist with monitoring Low-income, Foster Youth, RFEP, and EL course completion each semester.(G. 1.2k)

*Additional Assistant Principals at 5 Middle schools and funding provided for current Assistant Principals provide instructional leadership for all students with a focus on monitoring, evaluating, and accountability principally targeted toward EL, LI, FY and HY students. (G. 1.2l)

*District COSA facilitates college readiness planning and coordination including compact for success, college fairs and other events that foster access to college. (G. 1.2n)

* Assist students in achieving standards by purchasing supplemental instructional materials. (G1.3.a)

*Ensure additional academic support to students through site level integrated and extended day/week/year interventions. (G1.3.b)

* Ensure additional academic support to students by providing summer school opportunities. (G1.3.c)

* Professional development is provided in California Standards aligned curriculum and in district-wide initiatives with a focus on literacy skills, quality first instruction, mastery, social-emotional needs, and technology enhanced instruction. (G1.3.d)

* Provide summary data to staff on multiple measures of performance by school, paired with professional development opportunities to share best practices, participate in co-learning activities, and deepen our knowledge of effective teaching and learning. (G1.3.e)

* College and Career Readiness activities, workshops and meetings provide support for students to explore and build skills for post-secondary educational and career opportunities. (G1.3.f)

* Office of State and Federal Programs provides district wide technical assistance, professional development support, and guidance toward meeting Title I, Title III, and LCAP goals and initiatives. (G1.3.g)

GOAL 2:

*TOSAs coordinate and provide staff development for after school programs to support all students, including EL, LI, FY, HY. (G 2.2a)

*Designated staff organize extended day and extended year activities and transportation that foster student engagement and support including EL, LI, FY, HY. (G 2.2b)

*Provide custodial staff to support after school programs and activities. (G 2.2c)

*Mental Health Staff provides social and emotional support to all students with a focus on EI, FY, HY, LI (G 2.2d)

* Administrators, teachers, counselors, and classified staff receive professional growth opportunities in the appropriate skills in order to provide an optimal learning environment for students and staff. (Trauma Informed Care Series and other trainings) (G 2.2e)

* District nurses and psychologists provide physical and mental health, support social-emotional wellbeing of all students, and provide a targeted focus for EL, LI, FY and HY students. (G 2.2f)

* TOSAs and Site resource teachers to support equity plan, health and wellness.(G 2.2g)

*Implement a district wide plan for alternative behavior management systems such as Restorative Practices. (G 2.3 a)

*Continue to provide training for site personnel to appropriately respond to students in crisis, social emotional needs, conflict resolution referrals, victims of bullying, social media, etc. (G 2.3 b)

*Office of Equity, Culture, and Student Services implements year 2 of the Equity Plan and facilitates ongoing Equity surveys and site visits. (G 2.3 c)

*Teacher librarians continue to provide safe and engaging physical spaces for students that support diversity and a sense of belonging, facilitate activities that support technology and literacy, and provide safe "virtual spaces" through grade-appropriate online resources. (G 2.3 d)

GOAL 3:

* TOSAs/CIS/Counselors will continue to work with parent groups to provide needed information regarding services and programs for EL, LI, FY, HY, SWD. (G 3.2 a)

* Community Relations Facilitators at designated sites continue to support student success and to enhance parent capacity for EL, LI, FY, HY, SWD.(G 3.2 b)

* Continue to implement and support parent participation in training and institutes to support parent needs for EL, LI, FY, HY, SWD.(G 3.2 c)

*Continue annual surveys to gather comments and feedback on services, programs, and parent and student needs including EL, LI, FY, HY, SWD (G 3.3 a)

*Implementation of alternative times, locations, and media (including video streaming) for community meetings to allow for maximum involvement and feedback in addition to surveys. (G 3.3 b)

*Site leadership will increase opportunities for parent and community input and awareness about district initiatives and site events. (G 3.3 c)

* Continue to build stronger community partnerships and inform the community about district events and accomplishments. (G 3.3 d)

Based on current research on quality first instruction, equity and access, professional development, this is the most effective use of funds to ensure equity in reaching our LCAP goals for unduplicated student groups.

B. The following are school-wide services for all students including all targeted sub-groups.

- Sites above 40% unduplicated student count: (Based on current research on resiliency building and language acquisition, this is the most effective use of funds to ensure mastery of content for unduplicated student groups.)

*Site Restorative Resource Teachers (CVH, CVM, SOH, SOM) (G. 2.2h)

*Community Relations Facilitators (CPH, HTH, MVH, SYH, SOH, SUHI, CVM, MOM, NCM, CVH, MVA, OSS, GJH) (G. 3.2b)

* Additional staffing for schools that are at "red" performance level in math and other schools as determined by need to ensure effective initial instruction that leads to student engagement and mastery.(MVA, CPM, SOM)

(G. 1.2m)

*Summer Bridge/Extended Learning (OSS, and additional Sites) (G. 2.2c)

*Tutors (CVH, HTH, MVH, PH, SOH, SUHI, HTM, MOM, CVM) (G. 1.2e)

- Sites below the 40% unduplicated student count for supplemental funding: (Based on current research on resiliency building and language acquisition, this is the most effective use of funds to ensure mastery of content for unduplicated student groups.)
- *Community Relations Facilitators (OHR, RDR, BVH)
- *Summer Bridge/Extended Learning (ELM) (G. 2.2c)
- *Tutors (BVM, BVH, ELM) (G. 1.2e)

Overall, between the expenditures in Section 2 and the systemic changes noted above, SUHSD will meet the proportionality requirement of 13.21 % for Fiscal Year 2017-18. The services illustrated in Section 2 are above the normal operations available to all pupils. The District is using quantitative and qualitative measures to increase and improve services for unduplicated pupils by providing additional district personnel; access to supplemental materials; 21st century technological resources; and opportunities to participate in professional development trainings to improve the overall student learning environment for English Learners, Foster/Homeless youth, and low income students. Additionally there is a district-wide approach on focusing on unduplicated students through monitoring effectiveness and providing feedback via walkthroughs, management meetings, administrative PD via twilight sessions, collaboration meetings across the district to share effective strategies, district participation in the EL Evaluation Institute. We have an increased focus on the value and importance of student-voice and have begun to incorporate research based approaches to increase solicitation of student input and implementation of their suggestions in our systems. This will provide an increase in services for unduplicated students as compared to the services provided to all students in meeting our district LCAP goals.

Revised Local Control and Accountability Plan and Annual Update Template Instructions

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. For school districts and county offices of education, the LCAP is a three-year plan which is reviewed and updated in the second and third years of the plan. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

[Annual Update](#)

[Stakeholder Engagement](#)

[Goals, Actions, and Services](#)

[Planned Actions/Services](#)

[Demonstration of Increased or Improved Services for Unduplicated Students](#)

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: lcff@cde.ca.gov.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fq/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for

the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)

- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Education Code identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. Education Code requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, Education Code Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is checked, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see [Demonstration of Increased or Improved Services for Unduplicated Students](#) section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, place a check mark next to “Limited to Student Groups”.

For charter schools and single-school school districts, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Check “New” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Check “Modified” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Check “Unchanged” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check “Unchanged” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the Goals, Actions, and

Services section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *Education Code* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the Demonstration of Increased or Improved Services for Unduplicated Students table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to 5 CCR 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR 15496(a)(7).

Consistent with the requirements of 5 CCR 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
 - a. English Language Arts – Common Core State Standards for English Language Arts
 - b. Mathematics – Common Core State Standards for Mathematics
 - c. English Language Development
 - d. Career Technical Education
 - e. Health Education Content Standards
 - f. History-Social Science
 - g. Model School Library Standards
 - h. Physical Education Model Content Standards
 - i. Next Generation Science Standards
 - j. Visual and Performing Arts
 - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy UC or CSU entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the CELDT;
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;

- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:

- A. A broad course of study including courses described under Sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under Sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *Education Code* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in *California Code of Regulations*, title 5, Section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

NOTE: Authority cited: Sections 42238.07 and 52064, *Education Code*. Reference: Sections 2574, 2575, 42238.01, 42238.02, 42238.03, 42238.07, 47605, 47605.6, 47606.5, 48926, 52052, 52060, 52061, 52062, 52063, 52064, 52066, 52067, 52068, 52069, 52070, 52070.5, and 64001,; 20 U.S.C. Sections 6312 and 6314.

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *Education Code* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *Education Code* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *Education Code* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *Education Code* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *Education Code* sections 42238.01 and bgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *Education Code* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *Education Code* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

June 26, 2017

Board Item - G.-9.

Issue:

Draft Single Plans for Student Achievement (Site Plans) for the 2017-2018 school year.

Superintendent's Recommendation:

Approve the submission of the draft Single Plans for Student Achievement (Site Plans) for the 2017-2018 school year.

Analysis:

All schools receiving state and federal funding are required to revise their Single Plan for Student Achievement (SPSA) annually and submit it for board approval. The draft SPSA's have been approved by the School Site Councils (SSC) prior to submission to the board. The site plans must include information on the programs and expenditures for the required supplemental funds as well as an explanation of how those programs and expenditures are supported by data and designed to improve academic achievement at the sites.

Board Item - G.-10.

Issue:

AVID Excel Agreement for the 2017-2018 school year.

Superintendent's Recommendation:

Approve Agreement with AVID College Readiness System and Products for AVID Excel with the Sweetwater Union High School District (SUHSD) for the 2017-2018 school year.

Analysis:

The SUHSD plan for Academic Language Development (ALD) designated courses for middle school Long Term English Learners (LTEL's) includes the option of the AVID Excel course.

The AVID Excel Implementation Agreement allows the Sweetwater Union High School District to implement the program at the sites listed below for the 2017-2018 school year. The AVID Excel membership includes staff development and materials. This agreement is entered into by the AVID Center and the Sweetwater Union High School District for the purpose of enhancing the English Language acquisition skills of LTELs and preparing these students for college readiness and success in global society. The terms of this agreement begins July 1, 2017 ,and ends June 30, 2018.

The AVID Excel Implementation Agreement allows AVID Excel instruction in the following Sweetwater schools, at a cost of \$890 each.

Bonita Vista Middle (Year 2)
Castle Park Middle (Year 1)
Granger Junior High (Year 1)
Hilltop Middle (Year 2)
Mar Vista Academy (Year 3)
Montgomery Middle (Year 2)
National City Middle (Year 2)
Rancho Del Rey Middle (Year 1)
Southwest Middle (Year 1)

The agreement will also include AVID Excel Curriculum Library Set as well as AVID

Excel Benefit Package at an additional cost of \$4,750.00

For questions regarding this board item, please contact Ana Maria Alvarez at (619) 691-5564 or ana.alvarez@sweetwaterschools.org.

Fiscal Impact:

Total expenditure not to exceed \$12,760.00, to be paid from the AVID budget, Resource Code: 0900.

Exhibit to the AVID College Readiness System Services and Products Agreement for AVID Excel

As per AVID Excel being listed on an approved Quote, this Exhibit to the AVID College Readiness System Services and Products Agreement for AVID Excel ("AVID Excel Exhibit") is hereby fully incorporated into the Agreement by and between AVID Center and the Client named on the Quote. The following terms and conditions are in addition to the standard terms and conditions; in the event of a conflict between the standard terms and conditions and this Exhibit, the terms and conditions of this Exhibit shall apply.

Article I. AVID Excel Participation

1.1 AVID Excel: AVID Excel is a middle school program designed to increase the college readiness of designated English Language Learner students. The goal of AVID Excel is to interrupt students' path to long-term ELL status, accelerate their academic language acquisition, and place them in AVID and college preparatory coursework.

1.2 AVID Excel Participation: By signing the Quote and paying the associated Participation Fee for each participating site and a one-time curriculum fee per site, Client and their school sites listed in the Quote will be considered AVID Excel "Participant(s)." Participation runs concurrently with the Term of this Agreement.

1.3 AVID College Readiness System and Materials: Participation entitles Client to implement AVID Excel only at the Participant school sites listed in the Quote and to use the licensed AVID trademarks, copyrights and other intellectual property strictly for the Client's AVID Excel participation pursuant to the provisions of this Agreement.

1.4 AVID Center Support: AVID Center agrees to provide support to Client through AVID Center's national and/or divisional offices. Participation includes support from AVID Center's national office in the following ways:

- Access to resources, including but not limited to: recruiting documents, coaching materials, and training modules,
- Access to updates of curriculum and other resources,
- Access to phone, email, web conference support tailored to AVID Excel,
- Coordination with Client to collect, report, and analyze data from Participant schools,
- Access to ongoing AVID Excel development through various professional learning sessions and workshops,
- Permission/license to use the AVID Trademarks and other intellectual property as described in the AVID Standard Terms and Conditions,
- Electronic newsletters and access to the resources available through the password-protected MyAVID area of AVID Center's website.

1.5 Licensing Benefits: Participation includes a license to use the AVID Trademarks to promote Client's implementation of AVID Excel, to use and implement the AVID Methodologies, and to copy the student activity sheets from the AVID Materials at the school sites listed as Participants (sites purchasing Participation fee) in the Quote for educational purposes relating to AVID, all pursuant to the provisions of this Agreement. Licensing runs concurrently with the Term of this Exhibit.

1.6 Annual Participation/License Fee: Client agrees to pay AVID Center an annual Participation fee for each Participant site according to the pricing schedule set forth in the Quote.

Article II. Period of Agreement

2.1 Term: The Term of this exhibit shall be July 1, 2017 to June 30, 2018

Article III. Client Responsibilities

3.1 AVID Methods: Client agrees to implement AVID Excel according to AVID guidelines and teaching methodologies (collectively "AVID Methodologies") set forth in the AVID publications, guidebooks and materials (collectively "AVID Materials") or otherwise established by AVID Center, as the same may be modified and/or updated by AVID from time to time at AVID's discretion. Client will not materially deviate from the AVID Methodologies without the prior written consent of the Executive Director of AVID Center. Client is responsible for each of its school sites' compliance with this Agreement.

3.2 Student Selection: Client agrees to select students for AVID's Excel in accordance with the selection criteria established in the AVID Excel recruiting process. Student Selection criteria may be modified and/or updated by AVID from time to time at AVID's sole discretion.

3.3 AVID Excel District Leader: In order to disseminate AVID effectively and to build a strong district AVID Excel program, AVID Center coordinates professional learning and networking with district leaders known as AVID Excel District Leaders. The primary role of the AVID Excel District Leader is to coordinate support for AVID Excel within Client's School System. These individuals accept responsibility for ensuring the implementation of the AVID Excel program components according to the AVID Methodologies and for facilitating the development of site conditions that ensure effective AVID Excel participation. The AVID Excel District Leader is required to be present at both the Professional Learning/Site Visitation Days for Years 1 and 2. Client agrees to maintain, at its expense, at least one district-level AVID Excel District Leader.

3.4 District Virtual Professional Learning: Client agrees to purchase and attend virtual professional learning in the district's first and second year of participation. Each year, Client's Participant sites attend approximately 5 hours of virtual professional learning. District Virtual Professional Learning is available for content-area teachers who teach AVID Excel students.

3.5 District On-Site Professional Learning/Site Visitation Days: Client agrees to purchase and participate in two (2) Professional Learning/Site Visitation Days in each of the district's first and second year of participation. A representative from AVID Excel will observe participating classrooms and meet with the building administrators, the AVID Excel District Leader, and AVID Excel teachers to discuss progress and provide support needed by the site and the AVID Excel District Leader.

3.6 Summer Institute: Client agrees to register and attend an AVID Summer Institute in the first year of participation for the AVID Excel District Leader in addition to a site team with a minimum of (6) six members per Participant site. The site team will include AVID Excel teachers, building administrator(s), AVID Excel content area teacher, and others such as the English language learner site/district coordinator or counselors. In Years 2 and 3 of participation, the AVID Excel District Leader is required to attend in addition to a site team with a minimum of two (2) members, including the AVID Excel site administrator and AVID Excel teacher, unless there are multiple AVID Excel teachers, in which case all must attend.

3.7 AVID Excel Curriculum Set(s): Client agrees to purchase at least four (4) complete AVID Excel Curriculum Sets for each site in their initial year of participation of AVID Excel and one (1) complete AVID Excel Curriculum Set for the district office. Participant sites in their second year and beyond will continue to have access to the AVID Excel Curriculum materials electronically throughout their participation. AVID Excel Curriculum Set prices are set forth in the Quote. Client shall be entitled to use AVID Excel Curriculum Sets only at the specific school sites listed in the Quote for which the materials were originally purchased. AVID Excel Curriculum Sets are non-transferable. Client and its individual AVID school sites agree to ensure that each AVID Excel classroom has adequate AVID curriculum materials. The use of the AVID Excel Curriculum Sets, which are part of the AVID Materials, will also be subject to the provisions of the AVID Standard Terms and Conditions.

3.8 Curriculum Shipment: AVID Center will ship AVID Excel curriculum libraries upon full execution of the Quote, once materials are in stock, upon Client provision of purchase order or form of payment (unless indicated otherwise on the Quote) and in accordance with the delivery date requested by Client as indicated on the Quote as the "Requested Delivery Date". The Client confirms that this date reflects the best time for receipt of shipment. Client should allow one week on either side of the Requested Delivery Date as unforeseen circumstances may occur in the supply chain. Please allow additional time if Requested Delivery Date is within three (3) weeks of AVID Center's receipt of a fully executed copy of this Agreement. The Requested Delivery Date is provided for Client's convenience only. AVID Center's collection and Client's provision of such date does not constitute an affirmation of fact or promise nor does it create an obligation of law or in equity on behalf of AVID Center if materials do not arrive within the given timeframe. Client agrees that AVID Center makes no remedial promise and does not expressly intend to create a warranty or guarantee for any loss or damage, whether material or immaterial, arising from the late or early shipment of materials. AVID Center will send curriculum via standard ground delivery service. Any request by the Client to expedite shipping will be at the expense of the Client and subject to availability of the item(s) ordered.

Board Item - H.-1.

Issue:

California Interscholastic Federation (CIF) league representatives for 2017-2018.

Superintendent's Recommendation:

Approve the appointment of California Interscholastic Federation (CIF) league representatives for 2017-2018, by name and title, to the San Diego CIF Section office.

Analysis:

The State CIF Commissioner requires approval by the board of trustees of the appointment of representatives, by name and title, from each local school district to the appropriate CIF Section office as required in Article 2, Section 25 of the CIF constitution, no later than June 29, 2017.

The representatives listed and signed off as approved by the board of trustees are the only individuals eligible to serve as voting representatives on league, section and state governing bodies. They represent the direct line of voting communication for CIF action. The only other voting members at section or state levels represent related organizations as per Article 3, Section 30, of the State CIF Constitution.

Without this confirmation to the section CIF office, the schools will not have voting representation at any level within CIF. With this formal confirmation of the appointment of district high school principals by name no later than June 29, 2017, the district is assured of appropriate school input and control of high school athletic programs. The State CIF Commissioner requires board approval.

If you have any questions on this board item please contact Dr. Joe Fulcher at (619) 691-5533 or joe.fulcher@sweetwaterschools.org.

Board Item - H.-2.

Issue:

Agreement with Heads Up Football, LLC.

Superintendent's Recommendation:

Approve Agreement with Heads Up Football, LLC, to continue to provide football safety techniques along with concussion and sudden cardiac arrest training.

Analysis:

This Agreement provides membership with Heads Up Football, LLC, to provided training for high school football coaches in safety techniques along with concussion and sudden cardiac arrest training. Heads Up Football's national initiatives help make the sport of football better and safer by providing a comprehensive collection of resources, programs, applications, and promotions to effect change and address the complex challenges of player health and safety in youth and high school football.

For questions regarding this board item, please contact Joe Fulcher at (619) 691-5564 or joe.fulcher@sweetwaterschools.org.

Fiscal Impact:

Expenditure not to exceed \$2,500, to be paid from the athletics budget, Resource Code: 0000.

Heads Up Football, LLC Agreement	Cover Memo

2017 Heads Up Football High School Coach Training Agreement

This agreement to provide football coach education and resources (the “Agreement”) is by and between _____ (“School”) with its principal place of business at _____ and Heads Up Football, LLC, an Indiana limited liability company with its principal place of business at 45 North Pennsylvania Street, Suite 700, Indianapolis, IN 46204 (“HUF LLC”). For mutual consideration, the parties agree as follows:

1. Definitions.

- 1.1. “School” – School is defined as an individual school or multiple schools organized within a school district or section.

2. Heads Up Football[®] Resources and Services. HUF LLC will make the following resources and services available to School’s football coaches (the “Services”):

- 2.1. **Online high school coach certification course(s)** available through NFHSLearn.com for a fee of \$10/coach. The High School Coach Certification includes four modules:

- (1) Football specific content, including shoulder tackling and blocking, and equipment fitting;
- (2) Heat and hydration;
- (3) Sudden cardiac arrest; and
- (4) Concussion education.

Upon completion of these four modules, the coach will be eligible to receive \$1 million excess coach liability insurance in excess of any other valid insurance, whether collectable or not, for the calendar year the training was completed.

2.2. In-person coach training.

- 2.2.1. Included in the \$10/coach fee referenced in Section 2.1 above, one coach from School may attend a regional training clinic.

- 2.2.2. **Multi-Coach Heads Up Football Training.** Up to 50 coaches may be trained in-person for a set clinic fee of \$1,250; additional coaches may be added to the clinic at a price of \$20 per coach. (e.g., if 75 coaches attend, the cost would be \$1,250 + (25 x \$20) = \$1,750).

- 2.3. **Resources.** HUF LLC will provide School’s administrator with administrator access to HUF LLC’s then available suite of online football resources and benefits (the “HUF Resources” or “Services”). School administrator must enroll on usafootball.com.

3. Fee: The fees set forth in section 2 may be paid by School, individual coaches, or third party, including by ESPN grant.

4. Term and Termination. This Agreement is effective the date of execution (the “Effective Date”) and shall terminate on December 31, 2017.

- 4.1. **Renewal.** If School elects to renew, it must sign a new agreement each year. Each party understands that the other may elect not to renew the agreement in its sole discretion and without cause. If School (regardless of who is designated to pay the fee in section 3) has a balance due/owing with HUF LLC from previous season(s), it will be ineligible to register for HUF until the balance has been paid in full.
- 4.2. **Termination.** HUF LLC may terminate School's access to the website, its account, or this Agreement for cause with 30 calendar days' advance notice to School and an opportunity to cure. Upon termination, School will have no right to use the Services. If School is dissatisfied with this Agreement or any terms, policies or practices of HUF LLC in operating the HUF Services, any content available through the Services, or any changes to this Agreement, its sole recourse is to cancel School's account.
5. **Waivers and Releases.** School will implement a system for each participant's parent or legal guardian to execute a waiver and release that releases HUF LLC, and its officers, directors, employees, and parent companies, for damages that result from participating in School's football program. School may use existing waiver and add HUF LLC as a released party or may use a parent information and release form provided by HUF LLC.
6. **HUF LLC's Intellectual Property Rights.**
- 6.1. HUF LLC grants School a limited, revocable, non-exclusive right to use the USA Football Mark shown below for the sole limited use of displaying on School's website and paper collateral, such as registration materials, programs, and brochures, to provide a link back to the usafootball.com webpage and provide information about the Heads Up Football program. Such use shall be subject to the terms of this License Agreement and to any limitations communicated by HUF LLC at any time and may be suspended, revoked or terminated by HUF LLC at any time for any reason. Any USA Football Marks or materials used by School shall be and remain at all times the sole and exclusive property of HUF LLC. USA Football Marks may not be revised or altered in any way and must be displayed in the same form as produced and provided by HUF LLC (including the use of applicable trademark and/or copyright notices). USA Football Marks must be used in a professional and lawful manner and may not be used in any manner that (1) discredits HUF LLC, USA Football, Inc., or its partners or affiliates or tarnishes any of their reputations or goodwill, (2) is false or misleading, including any mischaracterization of the relationship between HUF LLC and School, or (3) violates the rights of others or public policy.
- 6.2. School **may not** use, distribute, sell, license or create derivative works from any of HUF LLC's logos, marks, names or copyrighted or trademarked material (collectively, "HUF Marks"), including but not limited to graphic files and software available on HUF LLC or USA Football's web site(s), or allow any third party to do any of the foregoing.
- 6.2.1 If School desires a limited, revocable, non-exclusive right to use HUF Marks to display on School's website and paper collateral, such as registration materials, programs and brochures, as well as on banners, flags, coach credentials, merchandise, or apparel, school may execute the Heads Up Football Declaration of Compliance (the "Declaration").

- 6.2.2 Upon verification that the Declaration is correct and meets the Heads Up Football High School standards, School may call itself a “2017 Heads Up Football High School” (and if a School District and all schools within the District qualify as “2017 Heads Up Football High Schools”, the district may call itself a “2017 Heads Up Football District”) and HUF LLC will send School digital files and a license to use the 2017 HUF Mark (the “HUF License”) which is incorporated into this Agreement in its entirety. Use of HUF marks shall be subject to the terms of the License, this Agreement, and any limitations communicated by HUF LLC at any time and may be suspended, revoked or terminated by HUF LLC at any time for any reason.
- 6.3. HUF LLC represents and warrants that it has full right and title to the HUF Marks and a license to use the USA Football Marks and is authorized to license their usage as contemplated by this Agreement.
- 6.4. Any breach of the terms of this Section 6 constitutes a material breach of this Agreement and may result in termination of this Agreement.
7. **Hold Harmless.**
- 7.1. HUF LLC holds School harmless and releases it from all claims arising out of HUF LLC’s negligent acts or omissions.
- 7.2. School holds HUF LLC harmless and releases it from all claims arising out of School’s negligent acts or omissions or operations, including operation of its football program and implementation of the Heads Up Football educational resources and services.
8. **Compliance.** Each party hereto understands, acknowledges and agrees that it will comply with all laws, regulations and other legal standards applicable to its performance under this Agreement, including but not limited to any laws or regulations regarding student participation in a sport or athletic contest and establishing or adhering to concussion, hydration or cardiac arrest protocols. Each party will exercise due care and act in good faith at all times in its performance under this Agreement and its delivery of football games, practices, events or other programs.
9. **No Warranties.** SCHOOL AGREES THAT ITS USE OF THE SERVICES SHALL BE AT ITS SOLE RISK. TO THE FULLEST EXTENT PERMITTED BY LAW, THE HUF LLC PARTIES DISCLAIM ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, WARRANTIES OR CONDITIONS OF TITLE OR IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, IN CONNECTION WITH THE SERVICES AND SCHOOL’S USE THEREOF. THE HUF SERVICES AND THE RELATED SOFTWARE ARE PROVIDED ON AN “AS IS”, “AS AVAILABLE” BASIS.
10. **Miscellaneous.**
- 10.1. **Entire Agreement.** This Agreement constitutes the entire agreement between School and HUF LLC and replaces all prior agreements (whether oral or written) between the parties relating to such subject matter. This Agreement may not be revised, amended or modified unless both parties agree to such revision, amendment or modification.
- 10.2. **Severability.** Except as otherwise expressly provided in this Agreement, if any term, provision, covenant or condition of this Agreement is held by a court of competent

jurisdiction to be invalid, void or unenforceable, the remainder of the provisions shall remain in full force and effect and shall in no way be affected, impaired or invalidated, unless such invalidity, voidness or unenforceability materially alters the purposes of this Agreement.

- 10.3. **Relationship.** HUF LLC and School are separate entities and do not create an association. Nothing in this Agreement shall constitute or be deemed to constitute HUF LLC, on the one hand, and School on the other, as partners, joint venturers or principal and agent. Neither party has the authority to enter into any agreements or contracts on behalf of the other or to bind the other party in any way, and shall not represent, either explicitly or implicitly, that it possesses any such authority.
- 10.4. **Assignment; Successors and Assigns.** No party may assign any of its rights or delegate any of its obligations under this Agreement without the prior written consent of the other. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of and be enforceable by the parties and their respective successors and permitted assigns.
- 10.5. **Waivers.** No delay on the part of any party in exercising any right, power or privilege under this Agreement shall operate as a waiver thereof, nor shall any waiver on the part of any party of, nor any single or partial exercise of, any right, power or privilege under this Agreement preclude any other or further exercise of such right, power or privilege or the exercise of any other right, power or privilege under this Agreement.

School's signatory warrants that he or she has the express authority to bind School to the terms and conditions of this Agreement set forth above.

Date: _____

After this declaration has been verified to meet the Heads Up Football High School standards, HUF LLC will send School a digital file of the 2017 Heads Up Football Mark and a license to use the 2017 Heads Up Football Mark and 2017 Heads Up Football High School designation.

June 26, 2017

Board Item - J.-1.

Issue:

Agreement.

Superintendent's Recommendation:

Approve Agreement between Pearson-Vue and the Division of Adult Education, Chula Vista Adult School, for General Educational Development (GED) testing, for the period of July 1, 2017, through June 30, 2018.

Analysis:

In 1968, the Division of Adult Education began offering GED testing to its students. General Educational Development (GED) tests are a group of four subject tests which, when passed, certify that the test taker has high school level academic skills. Passing the GED test gives those who did not complete high school the opportunity to earn their high school equivalency credential in the majority of the United States, Canada or internationally. The GED Testing Services is a joint venture of the American Council on Education and Pearson Publishing. Pearson is the sole developer for the GED test. The test is taken on computer and in person.

In addition, Pearson-Vue offers additional certification exams such as the RICA, CSET, CBEST, CompTIA and Cisco, which are in demand by district students and the community.

The new contract with Pearson-Vue will allow the Division of Adult Education to operate a computer-based testing service and will extend the GED testing service as well as offer additional Pearson-Vue exams through June 2018. Pearson-Vue will not process the lease of required assessment resources without a signed contract.

For questions regarding this board item, please contact Dr. Joe Fulcher at (619) 691-5564 or joe.fulcher@sweetwaterschools.org.

Fiscal Impact:

The Division of Adult Education has allocated \$160,000 for the Testing program. The testing service fees collected offset the majority of the GED/Pearson-Vue program

costs.

Testing Agreement with Pearson-Vue:

Income: \$160,000

Expenses: \$160,000

City CHULA VISTA State CA Country UNITED STATES Postal Code 91911

Amendment to Pearson VUE Authorized Center Agreement ("Agreement") as executed between the parties ("PVTC Academic Amendment"). If there is a conflict between the Agreement and/or the Guides and/or PVTC Academic Amendment, PVTC Academic Amendment will supersede respectively. Company and Pearson VUE agree that the Agreement is amended as follows:

GENERAL TERMS AND CONDITIONS

1. Section 6 entitled "Insurance Coverage" is deleted in its entirety and replaced with the following:

"6. Insurance Coverage

Company is self-insured and Pearson VUE understands that Company participates in a formal self-insurance program to fund the potential legal liability associated with those exposures that may otherwise be covered by Commercial General Liability Insurance."

2. Section 10 entitled "General Provisions", Subsection (b) is deleted in its entirety and replaced with the following:

"(b) This Agreement will be governed by and construed and enforced in accordance with the laws of the state of where PVTC is located in the United States. If any provision of this Agreement is found to be invalid, illegal or unenforceable in any respect, the court may modify such provision to make it valid, legal, and enforceable. All remaining provisions of this Agreement shall remain in full force and effect."

3. Section 10 entitled "General Provisions", Subsection (g) the last sentence is deleted in its entirety and shall now read as follows:

"(g) Company warrants that its performance under this Agreement will not compromise any relationships or create a conflict of interest for Company, nor, to the best of Company's knowledge and belief, for Pearson VUE or any other party. Company will notify Pearson VUE of any potential conflicts of interest. Company further warrants that its Services under this Agreement will be performed in accordance with all applicable United States federal, state, and local laws and regulations, and with all applicable laws and regulations in the country where the PVTC is located. These laws include, but are not limited to, laws governing international business, trade embargoes, boycotts, import and export administration, bribery and corruption, housing and health, processing or transmission of personal data, laws guaranteeing nondiscrimination against persons based on sex, race, creed, physical disability or other protected category. In addition, Company warrants that all software used in performing its obligations under this Agreement will have been legally obtained from legitimate sources."

4. Section 10 entitled "General Provisions", Subsection (h) is deleted in its entirety and replaced with the following language:

"(h) This provision shall not be construed to limit Company's rights, claims or defense which arise as a matter of law pursuant to any provisions of this Agreement, including but not limited to any claim or defense to the fullest extent permissible by law, Company will indemnify, defend and hold Pearson VUE harmless against, all claims or demands of any nature brought by others against Pearson VUE, (including, but not limited to, reimbursement of reasonable costs incurred

Pearson VUE Authorized Center Agreement

by Candidates scheduled but unable to take a Test), unless and to the extent the failure to test is due to the fault of Pearson VUE, the Candidate, the Sponsor or Force Majeure, which may arise from alleged or actual acts, representations, or omissions which, if proven, would constitute Company's breach of its duties under this Agreement."

5. Section 10 entitled "General Provisions", Subsection (i) is deleted in its entirety and replaced with the following language:

"(i) This provision shall not be construed to limit Company's rights, claims or defense which arise as a matter of law pursuant to any provisions of this Agreement, including but not limited to any claim or defense to the fullest extent permissible by law, Company will indemnify, defend and hold Pearson VUE harmless against any liability for injury or damage caused by Company to persons or property during the performance of this Agreement and all claims of loss or damage arising from Company's or Candidate's use of the PVTCT. Neither the existence of, nor the assent of Pearson VUE to, the types or limits of insurance carried by Company will be considered a waiver or release of Company's liability or responsibility under this Agreement."

6. Section 10 entitled "General Provisions", Subsection (n) is deleted in its entirety.

SOFTWARE LICENSE

1. Section 6 entitled "Termination" is deleted in its entirety and replaced with the following:

"6. TERMINATION

If Company attempts to sell, remove, duplicate without authorization, transfer, encumber, part with possession of, or sublet the Software, or any portion thereof, or any modification or version thereof; or upon discontinuance of the use of the Software by Company, the Software License granted by this Agreement shall terminate automatically and all copies of the Software and documentation (in any medium and including summaries, notes and the like) shall be immediately returned to Pearson VUE at Company's sole cost and expense. Upon termination for any reason by either party, and within ten days of such termination, all copies of the Software and documentation (in any medium and including summaries, notes and the like) shall be returned to Pearson VUE by Company without delay by delivering all such items to Pearson VUE's place of business, complete and in good order and condition. If Company fails to return such materials, Pearson VUE may take such action as may be reasonably necessary to recover such materials and Company shall reimburse Pearson VUE's."

2. Section 7 entitled "Liability" is deleted in its entirety and replaced with the following:

"7. LIABILITY

Company, having possession of and control over the Software, shall be responsible for its use, operation, storage, management and safety. Consequently, except to the extent that damage or injury is caused by Pearson VUE's negligence or the intentional misconduct of Pearson VUE's employees, Company assumes the risk and sole responsibility for damage or injury to equipment, Software, personal property or to third parties caused by Company's use or possession of the Software, and Company shall be obligated to protect itself against any such occurrences, including claims by Company's employees or any other persons or organizations with which Company does business, all at Company's sole cost and expense."

3. Section 8 entitled "Pearson VUE Remedies" is deleted in its entirety and replaced with the following:

"8. PEARSON VUE REMEDIES

It will be a default and breach of the Agreement if Company fails to perform any of its obligations under this Software License, or if Company becomes insolvent or makes any assignment for the benefit of its creditors, or if any proceeding under the bankruptcy laws or comparable statute is commenced by or against Company, or a writ of attachment or execution is levied on any item of the Software and such proceeding is not terminated or such writ is not satisfied or released within 15

Pearson VUE Authorized Center Agreement

days after attachment of levy. On Company's default, Pearson VUE at its sole option may require Company to return any or all copies of the Software and documentation (in any medium and including summaries, notes and the like) or pursue any other remedy at law or in equity. Any taking of possession of the Software shall not release Company from any of its obligations hereunder unless Pearson VUE, or its assignee, notifies Company in writing. If it is necessary for Pearson VUE to enforce this Software License or any of its terms, Company shall pay all costs related to such enforcement."

EXHIBIT A

1. Section entitled "Commercial General Liability Insurance Limit" is deleted in its entirety.

Except as provided in this Amendment, all terms and conditions of the above referenced Agreement and Guides will remain in full force and effect.

(Pearson VUE INTERNAL USE ONLY)

Pearson VUE Authorized Center Agreement

OBJECT OF THE AGREEMENT

Pearson VUE is in the business of contracting to provide various services for the benefit of organizations known as Sponsors which have established certain levels of education, training and/or testing experience necessary to qualify for a specified certification or other form of recognized position, title or status. Sponsors require that dependable, high quality, secure, and uniform testing be available to be delivered electronically throughout the world. Pearson VUE furnishes testing services to Sponsors by contracting with companies which provide one or more testing centers. The testing centers provide a secure and uniform testing environment, high quality service and dependability.

Company is an organization which provides facilities for electronic testing. This Agreement sets forth the terms and conditions, responsibilities, rights and remedies which Company and Pearson VUE accept and intend to govern their relationship. Company will use Pearson VUE software and applications appropriately, operate its PVTC(s) responsibly, deliver the electronic Tests successfully, and upload Candidate results proficiently. Company shall perform Services in accordance with this Agreement, which includes, but is not limited to, the Guide.

DEFINITIONS

1. DEFINITIONS

These definitions apply to this Agreement:

- a. **Administrator** – PVTC employee(s) who has been certified under Pearson VUE's Certified Administrator Program.
- b. **Agreement** – This PVTC Agreement which includes the Guide, the Exhibits, Schedules and other related documents referred to herein.
- c. **Candidate** – An individual who registers for a Test.
- d. **Company** – The organization contracting with Pearson VUE to provide facilities for the electronic delivery of Tests.
- e. **Effective Date** – The date Pearson VUE signs and dates this Agreement.
- f. **Enhanced Equipment** – Signature pad, digital camera, camera stand, or any additional equipment as required by Pearson VUE for delivery of Tests by Company.
- g. **Guide(s)** – Pearson VUE Authorized Test Center Policies and Procedures Guide; PVTC Policies and Procedures Guide; Regulatory Policies and Procedures Guide; and Exam Sponsor Procedures for Pearson VUE Authorized Test Centers and Regulatory Exam Sponsor Documentation, all of which are inclusive, and, that set forth the testing policies and procedures, the Sponsors' requirements, and explains the use of Pearson VUE's applications. The Guides will change at Pearson VUE's sole discretion upon reasonable notice to Company. The Guides and changes to the Guides shall be found at <https://vss.pearsonvue.com>, or other site as communicated by Pearson VUE in writing. If there is a conflict between this Agreement and the Guide with respect to a nonmaterial change, the Guide(s) will govern. There may be additional Guides that set forth policies and procedures that Company is required to follow. Pearson VUE's Policies and Procedures manual that sets forth the testing policies and procedures, the Sponsors' requirements, and explains the use of Pearson VUE's applications.
- h. **Mobile Site** – PVTC that is not a fixed location and is furnished by Company for delivery of electronic testing.
- i. **PVTC** – The facilities furnished by Company for delivery of electronic testing.
- j. **RMA** – Pearson VUE Remote Maintenance Agent software that allows for the transfer of data (registrations, Tests, scores) to and from Pearson VUE.
- k. **Services** – Those actions and obligations which are to be performed by Company as specifically described in this Agreement.
- l. **Site Manager** – Pearson VUE software application that provides Candidate scheduling and site information.
- m. **Software** – All or any part of Pearson VUE owned proprietary software or non-restricted third party software, including any updates and related documentation thereto, that is licensed or sublicensed to Company.
- n. **Sponsor** – Organizations which have established certain levels of education, training and/or testing experience necessary to qualify for a specified certification or other form of recognized position, title

Pearson VUE Authorized Center Agreement

- or status and who have contracted with Pearson VUE to provide electronic testing services to Candidates who are seeking to demonstrate those qualifications.
- o. **System** – Pearson VUE's computerized system, Software and applications designed for registration, scheduling, delivery of Tests and testing. The System includes the Software, test drivers, test files, documentation and other related materials and information as specified and described in this Agreement including any documentation made a part of this Agreement.
 - p. **Test** – A computer administered exercise, authorized by a Sponsor, designed to examine a Candidate's progress or test qualification or knowledge.

RESPONSIBILITIES OF THE PARTIES

A. COMPANY RESPONSIBILITIES

1. READINESS FOR TEST DELIVERY

To begin offering testing to Candidates at the earliest possible date, Company agrees to make every effort to see that all elements of its PVTC are installed and the PVTC is fully ready for Test delivery within 30 days from receipt of the installation kit. If the PVTC is not installed within 30 days, or as otherwise mutually agreed upon in writing, Pearson VUE will have the immediate right to terminate this Agreement.

2. PVTC OPERATIONS

- a. Company will (i) furnish facilities and Services including, but not limited to, furnished building(s), testing equipment, facilities management, Candidate orientation, Test delivery, and daily system backup to provide testing for a variety of Candidates and Pearson VUE's Sponsors and (ii) operate its PVTC, all in accordance with this Agreement and the requirements of the most recent version of the Guide. Further, Company will comply with the Software License in this Agreement.
- b. PVTC may be located at Company's street address indicated on the signature page of this Agreement and/or the additional location(s) shown on Exhibit B, if applicable, which may be attached to this Agreement by the mutual written agreement of the parties. Each PVTC will be operated and equipped as required in this Agreement and the Guide. Company must notify Pearson VUE in writing at least 30 days in advance of any intended relocation of a PVTC or for any name change.
- c. Subject to Sponsor's and Pearson VUE's approval, Company will deliver Tests as authorized by Pearson VUE.
- d. Company must have a minimum of one PVTC Administrator certified and trained for Test delivery at all times. An Administrator must pass a Pearson VUE required certified administration certification exam and recertify **annually**, maintain strict security, follow all instructions from Pearson VUE, and adhere to the Rules of Conduct and Certification Agreement. Administrator is responsible for fulfilling all duties associated with the operation of the PVTC in accordance with the Guide.
- e. Sponsors prohibit PVTC Administrator's serving as a PVTC Administrator for a Test that they hold a Sponsor certification or will be taking a Sponsor certification. Consult the Exam Sponsor Guide for specific Sponsor requirements and restrictions, including but not limited to, Cisco and Adobe. One such example is an Administrator shall not administer a Cisco exam if they hold a Cisco certification or are a Cisco certified instructor, including those that intend to pursue such certification.
- f. Company will establish and regularly update through the Pearson VUE Site Manager, a listing of PVTC employees. Company must notify Pearson VUE any time a certified Administrator is added or deleted.
- g. Company will provide and continually update its own testing availability schedule using Pearson VUE'S Site Manager. PVTC(s) will be open during the business hours Company establishes for testing.
- h. If Company anticipates changing its time(s) and/or date(s) of Test delivery, Company is responsible for determining whether there are any Candidates scheduled during that time(s) and/or date(s), and making the necessary arrangements to deliver such Tests or to reschedule such Tests accommodating Candidate's requests. All such accommodations must be undertaken immediately to the complete satisfaction of the Candidate.
- i. Company will regularly check the Pearson VUE website and run the PVTC Report Card report detailing Candidate feedback on their testing experience. Company will make every effort to improve areas that do not meet Pearson VUE's criteria.

Pearson VUE Authorized Center Agreement

- j. Company will continuously monitor Candidates during the entire testing process by having the Administrator be able to view all Candidates directly, or by video, **at all times**. The Administrator must be aware of all activities in the test room and be alert for any misconduct. Further, Company will not facilitate and will discourage any actions by Candidates that could be construed as cheating and will not allow any Candidate to copy or misuse the Systems or Software, applications, and any related Test materials or documentation.
- k. Within 24 hours of delivery of any Test at either a fixed or mobile PVTC, Company will report the results to Pearson VUE by running RMA software provided by Pearson VUE in accordance with the Guide.
- l. Pearson VUE, its authorized representatives, or any Sponsor whose Tests are being administered at the PVTC, may periodically inspect and audit the PVTC operations and records during testing hours without advance notice. Company Administrators will cooperate fully with all such inspections and allow complete access to the PVTC and all equipment, software, systems and records. Company will refer any questions about the inspection to Pearson VUE Support Services. Pearson VUE may integrity shop or audit PVTC, one or more times during each year. Company understands that it will receive no Test delivery or registration compensation for such integrity shop.
- m. Company will provide Pearson VUE with remote access to the administrator workstation and/or testing server for the purpose of recovering Test results and related records and supporting or auditing the system, except where explicitly prohibited by law.
- n. Company will maintain strict security in the storage and distribution of the Systems or Software and any copies to protect the copyright and/or trade secret rights therein, and not provide, permit access to or otherwise make available, the Systems or Software, documentation or related materials (or copies, summaries, notes or modified versions thereof), to any other party or for any other use.
- o. Enhanced Equipment shall be used exclusively to provide and promote Pearson VUE testing services at Company. Enhanced Equipment is not to be moved from designated Company or PVTC without Pearson VUE's prior express written consent, as long as this Agreement is valid. Company understands and agrees that Company owns the Enhanced Equipment as described in this Agreement. Notwithstanding anything contained in the Agreement, in no event will any of Pearson VUE's proprietary Software, printed materials, processes, databases, confidential information, enhancements to such information or software, materials, and related information and equipment become the property of Company and the same are expressly excluded from any transfer of ownership, or other arrangement, under the Agreement. Any changes or modifications to the Pearson VUE software or materials suggested or provided by Company are hereby assigned by Company to Pearson VUE, and Pearson VUE will own solely all rights, title, and interest, including copyrights, in such changes and modifications. Company understands and agrees that it will, at Company's expense, keep and maintain Enhanced Equipment in good working order, repair and appearance, and make or arrange any and all necessary repairs and replacements thereto in order that Enhanced Equipment will continue to fulfill its intended function or use. Should any Enhanced Equipment be damaged for any reason, and be capable of repair, Company will promptly repair the same at Company's expense or replace the Enhanced Equipment.

3. PVTC SPECIFICATIONS

To provide for Candidate's testing needs and meet the Sponsors' requirements, PVTC will meet or exceed the minimum specifications in the Guide and Company will:

- a. Provide a clean, comfortable, and professional environment conducive to testing Candidates which is free of distractions.
- b. Maintain a quiet Test environment by turning off or not using equipment such as printers, fax machines, copiers, and telephones while testing is in progress.
- c. Provide adequate lighting, ventilation and comfortable seating and work surface for Candidate's comfort during the testing session.
- d. Provide adequate storage for such personal belongings as pagers, note paper, books, briefcases and the like, that Candidates cannot take into the testing room.
- e. Provide access to testing services by disabled persons at least to levels required by the Americans with Disabilities Act or similar laws in force in the country where the PVTC is located.

4. CANDIDATE TESTING SPECIFICATIONS

- a. Company will monitor and administer the delivery of Tests as specified in the Guide.
- b. Company will make all reasonable efforts to resolve Candidate problems, questions or issues, but will not counsel a Candidate on Test content.

Pearson VUE Authorized Center Agreement

- c. Company will complete check-in and/or check-out procedures as set forth in the Guide.
 - d. Pearson VUE furnished Test exhibits and/or erasable noteboards, (if required) will be given to Candidates before testing begins and will be collected at the end of the Test. Company will keep the exhibits and/or erasable noteboards in good condition and use its best efforts to prevent loss or theft of any such exhibits, including compact disks, and/or erasable noteboards.
 - e. Company will provide each Candidate with a score report upon completion of the testing session, if applicable.
 - f. Company must open a PVTC Incident in accordance with Pearson VUE's procedures provided in the Guide, or when an unusual situation occurs, including, but not limited to, any cheating, copying or misuse of any Systems or Software, applications and any related Test materials or documentation. Incidents are created using the Pearson VUE Support Services Web page. In addition, Company shall call Pearson VUE Support Services immediately upon discovery of any cheating, copying or misuse of any Systems or Software, applications and any related Test materials or documentation and/or theft or misplacement of any confidential information or materials (exhibits, software, applications and the like) as well as any computer media or hardware.
5. **PVTC SYSTEM SPECIFICATIONS**

This Agreement incorporates the then-current technical and system requirements for PVTC sites, located at the following link http://www.pearsonvue.com/pvtc/technical_reqs.pdf, or other site as communicated by Pearson VUE in writing. Company agrees to meet the system requirements and specifications for testing stations, administrator station, shared file storage, software licenses, virus prevention, internet access, backups, printers and other peripherals as provided in the most recent revision of the Guide. Company understands and hereby acknowledges that such incremental enhancements of hardware and software are inherent and essential to the provision of electronic test delivery services and that the system requirements and specifications required at the PVTC will change periodically, in response to Sponsor's and/or Pearson VUE's need to maintain industry standards. Company agrees to update its hardware and software to meet or exceed such requirements.

6. **TEST FEES**

Sponsors determine the maximum testing fees for each of their Tests. Company will not collect from Candidates a sitting fee, administration charge, or any other fee, payment, cost, or charge over and above the testing fee determined by Sponsor, except for a country-wide or regional value added tax (VAT) pursuant to the laws of the applicable jurisdiction.

B. **PEARSON VUE RESPONSIBILITIES**

1. **SUPPORT MATERIALS**

Pearson VUE may provide the Tests, operating procedures, Test Administrator training and support for the operation of the PVTC. Pearson VUE may furnish testing exhibits (written and electronic), if any, to Company. Pearson VUE will furnish training materials to Company to provide training to Company's Test Administrators.

2. **CANDIDATE SCHEDULE**

Pearson VUE will electronically provide Company with a daily Candidate Schedule.

3. **INCIDENT REPORTING SYSTEM**

Pearson VUE will provide a browser accessible incident reporting system and report card data.

GENERAL TERMS AND CONDITIONS

1. **TERM**

The term of this Agreement ("Term") will commence on the Effective Date and will expire twelve months after the Effective Date, unless terminated earlier as provided in this Agreement. Following the initial Term, this Agreement will automatically renew on the same terms and conditions for successive periods of one year each, unless terminated earlier as provided in this Agreement. Nothing in this Agreement shall be interpreted as requiring either party to renew or extend this Agreement.

2. **SUSPENSION / DEACTIVATION**

If Pearson VUE determines, or has a reasonable basis to believe that Company, or its representatives, have committed or permitted misconduct or failed to comply with responsibilities, specifications, technical specifications, or other requirements in this Agreement or the Guide, Pearson VUE may suspend testing until it is resolved to Pearson VUE's satisfaction.

Pearson VUE Authorized Center Agreement

3. TERMINATION / DEAUTHORIZED

- a. Either party may terminate this Agreement without cause by giving the other at least 30 days prior written notice. For any actual or threatened breach of this Agreement, or with cause of any kind, Pearson VUE may immediately terminate this Agreement. Termination will be in addition to any other remedies either party may have.
- b. Subject to any right of set off or other remedy, termination will not affect: (i) payment for Services furnished prior to termination; (ii) Company's and Pearson VUE's compliance with this Agreement for Services actually furnished; or (iii) payment/reimbursement from Company to Pearson VUE for any Candidate Testing Fees collected or vouchers purchased by Company from Pearson VUE.
- c. If Company subcontracts, sells, or otherwise transfers or assigns, Company's business, or any part thereof, including responsibility for the Services described in this Agreement, without Pearson VUE's prior written consent, Pearson VUE may, in its sole discretion, temporarily suspend testing, and immediately terminate this Agreement.
- d. Notwithstanding any provision contained in this Agreement to the contrary, a party to this Agreement may immediately terminate this Agreement, upon written notice to the other party in the event that the other party makes an assignment for the benefit of its creditors; is unable to pay its debts as they become due; files a voluntary petition in bankruptcy; is adjudicated to be a bankrupt or an insolvent debtor; files a petition seeking for itself any reorganization; or consents to or acquiesces in the appointment of a trustee, receiver or liquidator. In the event a proceeding seeking involuntary reorganization, or similar relief is filed against one of the parties to this Agreement, which is not dismissed within one (1) month after filing, or if any trustee, receiver or liquidator of a party or any substantial part of a party's business assets, or properties is appointed without the party's consent or acquiescence and such appointment is not vacated within one (1) month after such appointment, then in such event, the other party shall have the right to terminate without notice.
- e. At the expiration or termination of this Agreement, Company agrees to abide by the expiration or termination steps in the Guide.

4. CONFIDENTIALITY

Company acknowledges and agrees that: (a) confidentiality and security of Tests, exhibits and other materials related to Tests, and other materials related to Sponsor's standards, requirements and testing is highly confidential to Sponsor and to Pearson VUE; and (b) information and data identifying or describing Candidates, Candidates' scores and performance, Candidates' participation in testing and other information relating to each Candidate is private, confidential information of Candidate and is highly confidential to Candidate, Sponsor and Pearson VUE; and (c) the System, software, applications, Test files, manuals, the Guide, PVTC materials and related materials in any medium provided by Pearson VUE are private and confidential business information of Pearson VUE, and accordingly, Company will scrupulously maintain the security of the Tests, testing information and Candidate data and information described in (a) and (b) above, and will undertake all necessary and appropriate efforts, but never less than reasonable care, to protect the confidentiality of all of the information and materials described in this Section and to prevent any unauthorized use or disclosure. Confidential information also includes other information that should reasonably have been understood because of legends or other markings, the circumstances of disclosure, or the nature of the information itself, to be confidential information. Confidential information shall expressly include any and all information derived from a party's proprietary information and the terms and conditions of this Agreement. Pearson VUE's confidential information shall include any software provided hereunder. No information or materials provided under and pursuant to this Agreement will be used, disclosed or permitted to be used by Company for any purpose not expressly provided for in this Agreement. Company acknowledges and agrees that the requirements set forth in this Section are of the most critical importance to Pearson VUE, Sponsors and Candidates and that any breach will likely result in severe damage. Each party acknowledges that it acquires only the right to use the confidential information of the other party under the terms and conditions of this Agreement for as long as this Agreement is in effect and does not acquire any rights of ownership or title in the confidential information. Each party agrees not to use such confidential information for any purpose not reasonably required by this Agreement. The requirements of this Section are perpetual and will survive the termination or expiration of this Agreement for any reason.

Notwithstanding anything herein, either party may disclose confidential information to the extent required or compelled by a court order, or local, state or federal law, or regulation, provided that the

Pearson VUE Authorized Center Agreement

disclosing party, using best efforts, gives the other party written notice of the proposed disclosure with sufficient time to seek relief and that such disclosure, if made, is made in a fashion to maximize the protection of the confidential information from further disclosure.

Company recognizes and acknowledges that any use or disclosure of any confidential information by Company in a manner inconsistent with the provisions of this Agreement may cause Pearson VUE irreparable damage for which remedies other than injunctive relief may be inadequate, and Company agrees that in any request by Pearson VUE to a court of competent jurisdiction for injunctive or other equitable relief seeking to restrain such use or disclosure, Company will not maintain that such remedy is not appropriate under the circumstances. The parties further agree that in the event such equitable relief is granted in the United States, they will not object to courts in other jurisdictions granting provisional remedies enforcing such United States judgments.

5. **USE OF MARKS, ETC.**

Company may use or make reference to Pearson VUE or any trade names, trademarks, service marks, logos or other designations of Pearson VUE only to the extent and in the manner which is expressly provided for in writing by Pearson VUE, which will be subject to modification or rescission by Pearson VUE at any time. All use which is not in the exact manner provided by Pearson VUE will be submitted to Pearson VUE for prior approval in writing before any publication thereof. Use by Company of any trade names, trademarks, service marks, logos or other designations of Sponsors will be strictly subject to express prior written permission of the Sponsor or Pearson VUE. Upon expiration or termination of this Agreement, Company will cease any reference to Pearson VUE permitted by this Agreement and any reference to, or use of, any Pearson VUE trade names, trademarks, service marks, logos or other designations.

6. **INSURANCE COVERAGE**

a. **General Liability**

During the Term, and any renewals or extension, Company will maintain a Commercial General Liability Insurance policy with a combined limit for each occurrence of at least \$1,000,000 USD. The policy will include Pearson VUE as an additional insured.

b. **Evidence of Insurance**

Prior to commencing any performance under this Agreement, Company will provide Pearson VUE with a standard Certificate of Insurance as evidence that the insurance coverage required herein is in full force and effect. If any such insurance renews or is terminated during the Term, Company will provide Pearson VUE with evidence that such coverage has been renewed or replaced with insurance that complies with these provisions.

c. **Insurers, Policies**

All policies of insurance required of Company hereunder will be issued by financially responsible insurers, and all such insurers must be acceptable to Pearson VUE. Such acceptance by Pearson VUE will not be unreasonably withheld or delayed.

7. **LIABILITY**

Notwithstanding anything contained in this Agreement, in no event shall Pearson VUE be liable to Company for any incidental, consequential, special, exemplary or other indirect damages, or for lost profits, lost revenues, or loss of business arising out of this Agreement, regardless of the cause of action, even if Pearson VUE has been advised of the likelihood of damages. Pearson VUE's aggregate liability for any claim arising under this Agreement shall not in any event exceed an amount equal to the Test delivery and registration fees paid by Pearson VUE to Company during the twelve months preceding the date of the claim.

8. **EXCLUSION OF WARRANTIES**

EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THERE ARE NO EXPRESS OR IMPLIED WARRANTIES, INCLUDING THOSE OF MERCHANTABILITY OR FITNESS FOR A SPECIFIC PURPOSE. SOFTWARE PROVIDED BY PEARSON VUE IS NEITHER WARRANTED NOR EXPECTED TO BE FREE FROM ERRORS.

9. **MONITORING PERFORMANCE**

Company hereby acknowledges and agrees that Pearson VUE may monitor Company's compliance with this Agreement directly, or through subcontractors, by using Candidates instructed to intentionally engage in activities requiring Company to perform certain functions as part of its obligations under this Agreement. Company authorizes either Pearson VUE, or Pearson VUE's subcontractors, to use Candidates for such purposes and further agrees that using such Candidates, either directly or through subcontractors, is a valid method of monitoring Company's compliance with this Agreement.

Pearson VUE Authorized Center Agreement

10. GENERAL PROVISIONS

- a. Company may not assign, subcontract or otherwise transfer its rights or obligations under this Agreement without Pearson VUE's prior written consent. Any prohibited assignment will be void. Company will advise Pearson VUE promptly of any anticipated transfer or other material change in the status of Company or the PVTC. Subject to the foregoing limitations, this Agreement shall be binding upon and inure to the benefit of the parties and their respective heirs and assigns.
- b. This Agreement will be governed by and construed and enforced in accordance with the laws of the state of Minnesota, USA. Any action to enforce this Agreement will be brought in the State or Federal courts in Hennepin County, Minnesota, USA. If any provision of this Agreement is found to be invalid, illegal or unenforceable in any respect, the court may modify such provision to make it valid, legal, and enforceable. All remaining provisions of this Agreement shall remain in full force and effect.
- c. This Agreement shall not be deemed or construed to be modified, amended, rescinded, cancelled, or waived in whole or in part, except by written amendment duly executed by the parties hereto.
- d. This Agreement is the entire agreement of the parties and supersedes all prior oral or written proposals and communications related to this Agreement. Company acknowledges it has not been induced to enter into this Agreement by any oral or written representations or statements not contained in this Agreement.
- e. Neither party is responsible for failure to fulfill its obligations under this Agreement due to causes beyond its control and without its fault or negligence, provided that, as promptly as reasonably possible: (i) notice of any actual or anticipated failure is given; and (ii) such cause is eliminated and failure cured.
- f. Payment of Taxes
 - 1) Taxes on Sales by Company - Company has the sole responsibility for the collection and remittance of all applicable taxes (including any sales tax, use tax, value-added tax, consumption tax, goods and services tax, gross receipts tax and any other tax lawfully imposed on fees or other amounts associated with Company's sales transactions) based on any sales by Company, including the sale of Tests.
 - 2) Taxes on Fees paid by Pearson VUE to Company - It is Company's responsibility to invoice Pearson VUE, if Pearson VUE is required to pay any applicable tax on any fee Pearson VUE pays to Company under this Agreement, (including any sales tax, use tax, value-added tax, consumption tax, goods and services tax, gross receipts tax and any other tax lawfully imposed on fees or other amounts associated with Pearson VUE's payment of fees to Company).
- g. Company warrants:
 - (i) that its performance under this Agreement will not compromise any relationships or create a conflict of interest for Company, nor, to the best of Company's knowledge and belief, for Pearson VUE or any other party. Company will notify Pearson VUE of any potential conflicts of interest;
 - ii) that its Services under this Agreement will be performed in accordance with all applicable United States federal, state, and local laws and regulations, and with all applicable laws and regulations in the country where the PVTC is located;
 - (ii) it shall (a) conduct business in conformance with sound ethical standards of integrity and honesty and in compliance with all applicable laws; (b) conduct business in such a way as to not give the appearance of impropriety, even when the behavior or activity is in compliance with the law; (c) not achieve business results by illegal acts or unethical conduct; (d) comply with U.S. and local anti-bribery laws, such as the United States Foreign Corrupt Practices Act, United Kingdom Bribery Act, and other similar local laws; (e) prohibit the Company, its employees, agents and subcontractors (and all contractors of the Company) from offering, paying or authorizing financial or other advantage to be given to any official or employee of any government or political party, political candidates or employees of government enterprises (each, an Official) for the purposes of (1) obtaining a proper business advantage; (2) influencing such Official to take, or not to take, any action or decision; or (3) inducing such Official to use his or her influence to affect any act or decision of a government; and (f) provide employees and any contracted individuals engaged by a party with a work environment free of coercion and harassment. (These laws include, but are not limited to, laws governing international business, trade embargoes, boycotts, import and export administration, housing and health, processing or

Pearson VUE Authorized Center Agreement

- transmission of personal data, laws guaranteeing nondiscrimination against persons based on sex, race, creed, physical disability or other protected category.);
- (iv) that all software used in performing its obligations under this Agreement will have been legally obtained from legitimate sources; and
 - (v) Company will indemnify, defend, and hold Pearson VUE harmless from all claims of other parties for breach of these warranties in Subsections i-iv above.
- h. Company will indemnify, defend and hold Pearson VUE harmless against, all claims or demands of any nature brought by others against Pearson VUE, (including, but not limited to, reimbursement of reasonable costs incurred by Candidates scheduled but unable to take a Test), unless and to the extent the failure to test is due to the fault of Pearson VUE, the Candidate, the Sponsor or Force Majeure, which may arise from alleged or actual acts, representations, or omissions which, if proven, would constitute Company's breach of its duties under this Agreement.
 - i. Company will indemnify, defend and hold Pearson VUE harmless against any liability for injury or damage caused by Company to persons or property during the performance of this Agreement and all claims of loss or damage arising from Company's or Candidate's use of the PVTC. Neither the existence of, nor the assent of Pearson VUE to, the types or limits of insurance carried by Company will be considered a waiver or release of Company's liability or responsibility under this Agreement.
 - j. Any notice to be given under this Agreement will be in writing and will be deemed given and effective (i) when delivered personally, by fax, telex, or telecopier, or (ii) when received if sent by overnight express or mailed by certified, registered mail, postage prepaid, return receipt requested, addressed to a party at its address indicated on the signature page, or to such other address as such party may designate by written notice in accordance with the provisions of this Section. Email notice may be considered written notice if receipt of such notice is confirmed by reply email or other electronic means.
 - k. Company is an independent contractor under this Agreement and is not part of a partnership, employment, principal-agent, franchisor-franchisee or similar relationship with Pearson VUE.
 - l. If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, the remaining provisions of this Agreement shall be enforced to the maximum extent possible.
 - m. Failure of either party to enforce its rights on one occasion will not operate as a waiver of said rights or any other rights on any other occasion.
 - n. The prevailing party in any legal proceedings arising out of this Agreement will be entitled to recover reasonable attorneys' fees and costs from the other party.
 - o. No Third Party Beneficiaries. This Agreement is solely for the benefit of the parties hereto and no provision of this Agreement shall be deemed to create any rights in, be deemed to have been executed for the benefit of, nor confer upon any other person or entity not a party hereto any remedy, claim, liability, reimbursement, cause of action or other rights.

SOFTWARE LICENSE

1. GRANT

Pearson VUE grants Company, who hereby acknowledges and accepts, a personal, non-transferable, non-sublicenseable, non-assignable and nonexclusive limited term license or sublicense ("License") to use one copy of the Software provided by Pearson VUE to Company, on a single or multiple processor within Company's PVTC and to store in, transmit through or display the Software on peripheral units directly associated with Company's delivery of Services to Candidates.

2. TERM OF AGREEMENT

The Software License term is concurrent with Company's appointment as a PVTC for Pearson VUE under this Agreement and all rights and privileges hereunder will terminate when such appointment terminates or expires.

3. TITLE

Software title and ownership, including any modifications, will remain at all times with Pearson VUE or Pearson VUE's licensor.

4. PROVIDING SOFTWARE

Pearson VUE shall provide to Company a copy of the Software in machine-readable object code and

Pearson VUE Authorized Center Agreement

user documentation. Revisions deemed appropriate by Pearson VUE will be provided by Pearson VUE to Company at no additional cost.

5. **USE**

Company agrees to the following restrictions on its use of the licensed or sublicensed Software:

- a. To use the Software exclusively to administer Tests provided by Pearson VUE as described in and subject to the terms and conditions of this Agreement.
- b. To limit the use of all Software copies and versions thereof to the use provided for herein and to make copies solely for emergency backup purposes for such use.
- c. To include appropriate copyright notices on all copies of the Software and documentation, and to explicitly follow Pearson VUE's additional instructions, if any, relating to copyright protection of the Software, documentation and related materials.
- d. To maintain strict security in the storage and distribution of the Software and any copies to protect the copyright and/or trade secret rights therein, and not provide, permit access to or otherwise make available, the Software, documentation or related materials (or copies, summaries, notes or modified versions thereof), to any other party or for any other use.
- e. Not to reverse engineer, decompile, disassemble, create derivative works from, alter, modify or otherwise vary the Software without the express, written consent of Pearson VUE (such authorized alteration or modification not to limit or alter the copyright or trade secret rights).

6. **TERMINATION**

If Company attempts to sell, remove, duplicate without authorization, transfer, encumber, part with possession of, or sublet the Software, or any portion thereof, or any modification or version thereof; or upon discontinuance of the use of the Software by Company, the Software License granted by this Agreement shall terminate automatically and all copies of the Software and documentation (in any medium and including summaries, notes and the like) shall be immediately returned to Pearson VUE at Company's sole cost and expense, including reasonable attorney's fees, if any. Upon termination for any reason by either party, and within ten days of such termination, all copies of the Software and documentation (in any medium and including summaries, notes and the like) shall be returned to Pearson VUE by Company without delay by delivering all such items to Pearson VUE's place of business, complete and in good order and condition. If Company fails to return such materials, Pearson VUE may take such action as may be reasonably necessary to recover such materials and Company shall reimburse Pearson VUE's reasonable costs and expenses.

7. **LIABILITY**

Company, having possession of and control over the Software, shall be responsible for its use, operation, storage, management and safety. Consequently, except to the extent that damage or injury is caused by Pearson VUE's negligence or the intentional misconduct of Pearson VUE's employees, Company assumes the risk and sole responsibility for damage or injury to equipment, Software, personal property or to third parties caused by Company's use or possession of the Software, and Company shall be obligated to protect itself and Pearson VUE against any such occurrences, including claims by Company's employees or any other persons or organizations with which Company does business, all at Company's sole cost and expense.

8. **PEARSON VUE REMEDIES**

It will be a default and breach of the Agreement if Company fails to perform any of its obligations under this Software License, or if Company becomes insolvent or makes any assignment for the benefit of its creditors, or if any proceeding under the bankruptcy laws or comparable statute is commenced by or against Company, or a writ of attachment or execution is levied on any item of the Software and such proceeding is not terminated or such writ is not satisfied or released within 15 days after attachment of levy. On Company's default, Pearson VUE at its sole option may require Company to return any or all copies of the Software and documentation (in any medium and including summaries, notes and the like) or pursue any other remedy at law or in equity. Any taking of possession of the Software shall not release Company from any of its obligations hereunder unless Pearson VUE, or its assignee, notifies Company in writing. If it is necessary for Pearson VUE to enforce this Software License or any of its terms, Company shall pay all costs related to such enforcement, including reasonable attorneys' fees.

9. **GENERAL**

Without Pearson VUE's prior written consent, Company will not sell, assign, sublet, pledge, otherwise encumber or permit a lien to exist against any interest in this Software License, or remove the Software from its place of installation.

Board Item - J.-2.

Issue:

Agreement.

Superintendent's Recommendation:

Approve Agreement between Educational Testing Service (ETS) company and the Division of Adult Education, Chula Vista Adult School, for the ETS HiSET program, for the period of July 1, 2017, through June 30, 2018.

Analysis:

In 1968, the Division of Adult Education began offering GED testing, the only high school equivalency option. Educational Testing Service (ETS) and Iowa Testing Program (ITP), two highly respected nonprofit assessment organizations, have developed the ETS HiSET program, a national high school equivalency testing program. The HiSET program includes elements that are critical to providing out-of-school youth and adults with another opportunity to demonstrate their high-school level proficiency and their readiness for higher education or the workplace. The HiSET exam is offered on computer and paper. The HiSET program provides an accessible and affordable alternative to the GED.

The agreement authorizes the Division of Adult Education to contract with Educational Testing Service (ETS) to offer the HiSET at the Chula Vista Adult School Testing Center. ETS will not process the lease of required assessment resources without a signed contract. The Division of Adult Education will continue to offer GED testing.

For questions regarding this board item, please contact Joe Fulcher at (619) 691-5564 or joe.fulcher@sweetwaterschools.org.

Fiscal Impact:

The Division of Adult Education has allocated \$160,000 for the testing program. Adding HiSET as an alternative testing program will not increase program costs. The testing service fees collected offset the majority of the GED/HiSET program costs.

Testing Agreement with ETS:

Income: \$160,000

Expenses: \$160,000

June 26, 2017

Board Item - J.-3.

Issue:

Memorandum of Understanding.

Superintendent's Recommendation:

Approve the Memorandum of Understanding Phase II between the Workforce Innovation and Opportunity Act partners and the San Diego Workforce Partnership to ensure alignment and collaboration between the Division of Adult Education and the local priorities identified by the San Diego Workforce Partnership.

Analysis:

The Workforce Innovation and Opportunity Act (WIOA) requires that the Memorandum of Understanding Phase II be developed and executed between the San Diego Workforce Partnership and the Workforce Innovation and Opportunity Act partners to sustain resource sharing.

This Memorandum of Understanding will address service coordination and collaboration amongst the partners. It foregoes an agreement regarding the operations of the local one-stop system as it relates to shared services and customers.

For questions regarding this board item, please contact Dr. Joe Fulcher at (619) 691-5533 or joe.fulcher@sweetwaterschools.org.

Fiscal Impact:

None.

Required Phase II MOU Component: Process and Development

Local Workforce Development Area (Local Area): San Diego County

Date Submitted: (Due no later than 9/1/17.)

Attachment: Signed Phase I MOU

1. EFFECTIVE DATES AND TERM OF MOU

This MOU shall be binding upon each party hereto upon execution by such party and go into effect July 1, 2017. The term of this MOU shall be three years, commencing on the date of execution by all parties. The MOU will be reviewed not less than once every three years to identify any substantial changes that have occurred.

2. INFRASTRUCTURE AND OTHER SYSTEM COSTS FUNDING AGREEMENTS PARTNERS

AJCC Partners Participating in the Shared Other System Costs Agreement:

N/A

3. PROCESS FOR MOU ESTABLISHMENT

After attending the CWA MOU Phase 2 training, SDWP chose to use a cost-allocation formula based on each partner's square footage occupancy and duration of use. SDWP then introduced the methodology at a meeting of all required WIOA partners and collocated partners on January 30th, where they could ask questions about the methodology. Partners were then given two weeks to provide feedback on the methodology and express their concerns. After incorporating partner feedback, the partners reached consensus on the cost allocation methodology.

4. CONFLICT RESOLUTION

All partners agree to establish and maintain a procedure for grievance and complaints as outlined in WIOA. The process for handling grievances and complaints is applicable to customers and partners. These procedures will allow the customer or entity filing the complaint to exhaust every administrative level in receiving a fair and complete hearing and resolution of their grievance. The partner further agrees to communicate openly and directly to resolve any problems or disputes related to the provision of services in a cooperative manner and at the lowest level of intervention possible.

5. MODIFICATION AND REVIEW PROCESS

This MOU constitutes the entire agreement between the parties and no oral understanding not incorporated herein shall be binding on any of the parties hereto. This MOU may be modified, altered, or revised, as necessary, by mutual consent of the parties, by the issuance of a written amendment, signed and dated by the parties. Both Phases of the MOU will again be reviewed and, if necessary, renegotiated once SDWP and our regional partners develop our Local Workforce Development Plan and Regional Workforce Development Plan to ensure that the MOU is properly aligned with the local priorities and strategies identified in both plans.

All non-collocated partners agree to pay their proportionate share of infrastructure costs as soon as sufficient data are available to make such a determination.

At the expiration of this contract after three years, SDWP will reconvene the required WIOA partners and the partners collocated in the AJCCs to examine what changes have occurred in the One-Stop system and how that impacts each partner's contributions to comprehensive AJCC infrastructure costs. SDWP will confirm the cost-sharing methodology and which AJCCs are comprehensive and then determine each AJCC's infrastructure costs, the partners collocated within them, and the contributions of those partners to infrastructure costs. At the same time, SDWP will also reconvene the non-collocated partners to re-evaluate their proportionate share of infrastructure costs.

6. REVISIONS TO INFRASTRUCTURE COSTS

SDWP will communicate to collocated partners any anticipated changes to their current infrastructure cost contributions because of Phase II of the MOU and allow them a minimum of 30 days to decide whether they would like to continue their lease at the comprehensive AJCC.

Required Phase II MOU Component: Sharing Infrastructure Costs

Budget, Cost Allocation Methodology, Initial Proportionate Share

The Local Board and AJCC partners have chosen this option for developing the infrastructure cost budget:

 X Option 1: A separate budget for each comprehensive AJCC.

 Option 2: A consolidated system-wide budget for the network of comprehensive AJCCs

Comprehensive AJCC(s) and Collocated Partners

As outlined in Phase 1 of the MOU, a comprehensive AJCC is one that provides universal access to the full range of employment services, training and education, employer assistance, etc. In other words, a comprehensive AJCC is a physical location where job seekers and employers have access to the programs, services, and activities of all the required AJCC partners. The San Diego Local Workforce Area has six comprehensive AJCCs, listed below.

A collocated partner is defined as an AJCC partner who has a physical presence within the center, either full time or part time. The collocated partners at each comprehensive AJCC are listed below each location.

Cost Allocation Methodology to Share Agreed Up on Infrastructure Costs The Local Board and partners have agreed to a

cost allocation methodology to identify the proportionate share of infrastructure costs each partner will be expected to contribute. The cost allocation methodology adheres to the following:

- Complies with federal laws authorizing each partner's program
- Complies with federal cost principles in the Uniform Guidance.
- Includes only costs that are allowable, reasonable, necessary, and allocable to each program partner.
- Uses an agreed upon measure that mathematically determines the proportionate use and benefit received by each partner.

Infrastructure Cost Allocation Methodology

SDWP chose to use a cost-allocation formula based on each partner's square footage occupancy and duration of use. The value of each partner's owed infrastructure cost contribution is directly correlated to the percentage of AJCC space and time used by that partner per month. Costs for AJCC common areas are proportionately shared by all partners.

Initial Proportionate Share of Infrastructure Costs Allocated to Each Partner

This budget includes the initial proportionate share of infrastructure costs allocated to each partner based on the agreed upon cost allocation methodology, each partner's estimated total contribution amount, and whether it will be provided through cash, non-cash (in-kind), and/or third-party in-kind contributions. This initial determination will be periodically reconciled against actual costs incurred and adjusted accordingly.

AJCC partners (or their respective state entity) may provide cash, non-cash, and third-party in-kind contributions to cover their proportionate share of infrastructure costs. If non-cash or in-kind contributions are used, they cannot include non-infrastructure costs (such as personnel), and they must be valued consistent with Uniform Guidance Section 200.306 to ensure they are fairly evaluated and meet the partner's proportionate share.

If third-party in-kind contributions are made that support the AJCC(s) (such as space), that contribution will not count toward a specific partner's proportionate share of the IFA. Rather, the value of the contribution will be applied to the overall infrastructure budget prior to determining proportionate amounts and thereby reduce the contribution required for all partners.

Signature Page: Partners Sharing Infrastructure Costs When Proportionate Share Data Are Available

The state is in the process of implementing the requisite statewide data tracking system, and once such data are available, all non-located partners who are receiving benefit from the AJCCs will also be required to contribute their proportionate share towards infrastructure costs. Consequently, the Phase II MOU must include an assurance from all non-located partners that they agree to pay their proportionate share of infrastructure costs as soon as sufficient data are available.

By signing below, all parties agree that when data are available to determine the AJCC benefit to non- partners, the infrastructure cost sharing agreement will be renegotiated to include their proportionate share of contributions.

(Non-Collocated AJCC Partner Entity)

Signature and Date

Required Phase II MOU Component: Sharing Other One-Stop System Costs

Phase II MOU Content Requirement:

A budget outlining other system costs relating to the operation of the local One-Stop delivery system and a description of what specific costs are included in each line item. The budget must include “applicable career services” as well as any other shared costs agreed upon by the AJCC partners and Local Board.

While only colocated partners share infrastructure costs, all One-Stop partners must share in other system costs, including applicable career services. All partners that signed the Phase I MOU must also sign the Phase II MOU for the sharing of other system costs.

The One-Stop System Partners Included in the Sharing of Other One-Stop Delivery System Costs

- Title I Adult, Dislocated Worker, and Youth
- Title II Adult Education and Literacy
- Title III Wagner-Peyser
- Title IV Vocational Rehabilitation
- Carl Perkins Career Technical Education
- TANF/CalWORKs
- Title V Older Americans Act
- Job Corps
- Native American Programs
- Migrant Seasonal Farmworkers
- Veterans
- YouthBuild
- Trade Adjustment Assistance Act
- Community Services Block Grant
- Housing and Urban Development
- Unemployment Compensation
- Second Chance

Required Consolidated System Budget for “Applicable Career Services”

The agreed upon budget for other system costs must align with the Phase I MOU agreement that outlined shared customers and services. If it does not, then the Phase I MOU must be amended to justify the budgeted system costs and align with Phase II. Therefore, Local Boards and AJCC partners should start by reviewing their signed Phase I MOUs to determine what each partner previously agreed to.

The other system costs budget must be a consolidated budget that includes a line item for applicable career services. The signed Phase I MOU required identification of the career services that were applicable to each partner program. Accordingly, this budget must include each of the partner’s costs for the service delivery of each applicable career service and a

consolidated system budget for career services applicable to more than one partner. If new costs are accepted in Phase II then they must include language amending the Phase I descriptions as Phase I and Phase II must align for this budget.

Applicable Career Services are services authorized to be provide under each partner's program.

Matrix of MOU Partner Service Delivery

[illegible]

Required Consolidated Budget for the Delivery of Applicable Career Services

The other system costs budget must be a consolidated budget for applicable career services. This budget must include each of the partner's costs for the service delivery of each applicable career service and a consolidated system budget for career services applicable to more than one partner. Unlike the IFA, other system costs should include all costs, including personnel, related to the administration and delivery of those services.

Consolidated budget total of career services delivered through the One-Stop system: \$									

Partner Agreement to Share Other One-Stop System Costs

The other system costs budget may include any other shared services that are authorized for and commonly provided through the AJCC partner programs to any individual, such as initial intake, assessment of needs, appraisal of basic skills, identification of appropriate services to meet such needs, referrals to other One-Stop partners, and business services. Shared operating costs may also include shared costs related to the Local Board's functions.

As with infrastructure costs, other system costs must be allocable according to the proportion of benefit received by each of the AJCC partner programs, consistent with the partner's authorizing federal statute and Uniform Guidance. The Phase II MOU must also include an agreed upon budget for these other costs along with the agreed upon cost sharing methodology. These costs may be shared through cash, non-cash, or third-party in-kind contributions.

All AJCC partners must agree to the other system costs budget. There is no state funding mechanism for other system costs that will be triggered due to lack of agreement at the local level for these costs.

Options for Local Agreement for Partners to Share Other System Costs

- **Initial intake, assessment of needs, appraisal of basic skills, identification of appropriate services to meet such needs, and referrals to other AJCC partners.** This may include costs such as technology and tools that increase integrated service delivery through the sharing of information and service delivery processes.
- **Business services.** This may include costs related to a local or regional system business services team that has one or more partners on the team or has delegated a specific partner to provide business services on behalf of the system.
- **AJCC partner staff cross training.** This may include any staff cross training on partner programs and eligibility identified in Phase I.
- **One-Stop operator.** This may include the system role of the One-Stop operator (e.g., coordinating service providers across the One-Stop delivery system) when the role is not specific to the operation of the AJCC and/or specific partner programs, so long as the role was defined by the Local Board in the procurement process and agreed to by all AJCC partners in the MOU.
- **Shared personnel costs for AJCC collocated partners.** This may include center receptionists and/or center managers.

Board Item - J.-4.

Issue:

New Adult Education course descriptions.

Superintendent's Recommendation:

Approve new course descriptions for the Division of Adult Education.

Analysis:

The Adult Education Block Grant (AEBG) requires the South Bay Adult Education Consortium/Southwestern, which includes, Southwestern College, Sweetwater Union High School District, and the Coronado Unified School District, to collaborate on creating, offering, and/or revising courses for adults with equitable access that will prepare them to gain skills for high demand jobs and/or the workforce. The following new courses are short term in nature and have a high employment potential. These courses will also align with similar courses within the consortium program areas and offer clearly sequential coursework in academic pathways.

Adult Secondary Education

College Readiness Math Level 1: This course will prepare students for the Level 1 Math entrance exam for community colleges. Mastery of these skills is addressed through drill and practice exercises, accompanied by an emphasis on common, practical problem-solving applications, basic geometric concepts as well as algebraic thinking, as outlined in the mathematics content standards for adult education.

College Readiness Math Level 2: This course will prepare students for the Level 2 Math entrance exam for community colleges and/or passage of Union Trades entrance exam. Mastery of these skills is addressed through drill and practice exercises, accompanied by an emphasis on common, practical problem-solving applications, basic geometric concepts as well as algebraic thinking, as outlined in the mathematics content standards for adult education.

English as a Second Language

English as a Second Language 5 Advanced Low ESL: This course provides an integrated approach to improving basic reading, writing, speaking, and listening

skills in English. It is a transitional class for students to further their academic and/or career pathways.

Career Technical Education

Unmanned Aircraft Systems Foundations: Students become certified in Small Unmanned Aircraft Systems Safety enabling them to gain employment as qualified remote pilots. Curriculum covers the foundations of the unmanned aircraft, UAS applications, UAS personnel, and safety management. Students successfully completing the program will receive an industry certification that is recognized throughout the aviation community and facilitates workforce development.

Unmanned Aircraft Systems Operations: This capstone course moves students from the theory portion of unmanned aircraft systems curriculum into the hands-on, skilled-based certification. Students will use techniques to safely and ethically operate DJI Phantom 4 drones to receive additional industry certification.

Cyber Literacy I: Cyber literacy is a hands-on curriculum that builds a strong cyber foundation for students. The course introduces students to cyber by blending robotics, programming, and electricity. Students learn about the opportunities, threats, responsibilities, and legal constraints associated with operating in cyberspace. Throughout the course, students learn the basics of electricity, programming, and networking as well as develop critical thinking skills.

Cyber Literacy II: This project-driven curriculum expands a student's understanding of cyberspace through two primary topics: systems engineering and liberal arts. This course builds upon fundamental cyber skills. Students will utilize a microcontroller to construct complex systems that bring together a variety of components.

Cyber Science: Cyber Science is an innovative, project-driven course that uses the Parallax Boe-Bot robot as a platform for learning important cyber concepts and fundamentals. Students are engaged in a systems-level approach to problem solving using robotics and computer science. This capstone course prepares students for the Security+ certification exam.

Introduction to Engineering Design: Students are introduced to the engineering design process, math application, science, and engineering standards to identify and design solutions to a variety of real problems. They work both individually and in teams to develop and document design solutions using engineering notebooks and 3D modeling software.

Computer Integrated Manufacturing: Students learn about manufacturing processes, product design, robotics, and automation. Students develop knowledge and skills of Computer Aided Design and Manufacturing to produce products using a Computer Numerical Controlled (CNC) mill.

Engineering Design and Development: The knowledge and skills students acquire come together in this capstone course as they identify an issue and then research,

design, and test a solution, ultimately presenting their solution to a panel of engineers. While progressing through the engineering design process, students will work closely with experts.

Introduction to Family Studies: This course provides students in the child development pathway the principles of family development and aspects of family related decisions within diverse environmental settings. Themes are provided to help students understand the different family complexities that exist when working with parents and children. Those covered in the course include family commitments, exploration of the family, gender identities, marriage, divorce, parenting, communication, violence in families, family stress, remarriage, stepfamilies, cohabitation and the aging family population.

The Early Art Experience: This course provides theory and skills to enhance students' abilities to create and implement art projects with children in the educational environment. The student will explore art techniques and theoretical approaches. The course will prepare students to use art while implementing lesson plans around Math, Science, Dramatic Arts, and Literacy.

Cyber Security: This course will provide students with principles of data and technology that frame and define cybersecurity. Students will gain insight into the importance of cybersecurity and the integral role of cybersecurity professionals. The interactive, self-guided format will provide a dynamic learning experience where users can explore foundational cybersecurity principles, security architecture, risk management, attacks, incidents, and emerging IT and IS technologies. Students will be prepared to take the CompTIA Security+ industry exam at end of course.

Climbing the Career Ladder: This course is designed to teach employees how to prepare for promotion. Participants will learn to update or build a resume, create a professional cover letter, and practice and refine interview skills. The course will also focus on the use of EDJOIN, a web-based education job board. SUHSD will begin using Edjoin to advertise classified job vacancies and accept classified candidate applications.

Copies of the course descriptions are available at the Adult Education Resource Center.

For questions regarding this board item, please contact Dr. Joe Fulcher at (619) 691-5533 or joe.fulcher@sweetwaterschools.org.

Fiscal Impact:

None.

June 26, 2017

Board Item - K.-1.

Issue:

Warrants in payment of salaries and invoices.

Superintendent's Recommendation:

Ratify the following for the month of May 2017: 1) warrants in payment of salaries written from the funds of the district; and 2) warrants in payment of invoices written from the funds of the district.

Analysis:

Education Code Section 42631 requires that all payments from the funds of the school district be made on the written order of the governing board. Education Code Sections 42632 and 42633 permit the governing board to designate an officer or employee of the district to sign orders rather than a majority of the members of the board.

The attached listing was prepared from warrant registers on file in the accounting department showing payment for goods and services by warrants which have been approved by the County of San Diego Auditor and Controllers Office. The listing also shows checks written from the cafeteria account in payment of invoices for food, supplies, and equipment replacement.

For questions regarding this board item, please contact Karen Michel at (619) 691-5550 or karen.michel@sweetwaterschools.org.

Board Item - K.-2.

Issue:

Sweetwater Union High School District's 2017-2018 Proposed Budget.

Superintendent's Recommendation:

* Adopt the Sweetwater Union High School District's 2017-2018 Proposed Budget.

Analysis:

In previous years, the district has adopted its subsequent year's proposed budget at a regularly scheduled Board Meeting in June, as required by AB1200. With the new Local Control Funding Formula and effective with the 2014-2015 Fiscal Year, California Education Codes 42103 & 42127 require that the district hold a separate meeting from the adoption of the Proposed Local Control Accountability Plan ("LCAP") and Proposed Budget. The public hearings for the Preliminary Proposed LCAP and Preliminary Proposed Budget can be at a regularly scheduled Board Meeting in May or at a separate meeting, but prior to the June meeting adopting the Proposed LCAP and Proposed Budget.

The budget presented includes proposed revenues and expenditures for the 2017-2018 fiscal year as listed below.

For questions regarding this board item, please contact Karen Michel at (619) 691-5550 or karen.michel@sweetwaterschools.org.

PART III: DEFICIENCY AMOUNT

A deficiency amount (Line 5) is only applicable to districts not meeting the minimum classroom compensation percentage required under EC 41372 and not exempt under the provisions of EC 41374.

1. Minimum percentage required (60% elementary, 55% unified, 50% high)	50.00%
2. Percentage spent by this district (Part II, Line 15)	58.59%
3. Percentage below the minimum (Part III, Line 1 minus Line 2)	0.00%
4. District's Current Expense of Education after reductions in columns 4a or 4b (Part I, EDP 369).	412,366,319.23
5. Deficiency Amount (Part III, Line 3 times Line 4)	0.00

PART IV: Explanation for adjustments entered in Part I, Column 4b (required)

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 17,783,782.00
2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit. _____

--

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 364,448,725.73

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 4.88%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. _____
Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. _____

Entry required

Part III - Indirect Cost Rate Calculation (Funds 01, 09, and 62, unless indicated otherwise)

A. Indirect Costs

1. Other General Administration, less portion charged to restricted resources or specific goals (Functions 7200-7600, objects 1000-5999, minus Line B9)	16,501,184.27
2. Centralized Data Processing, less portion charged to restricted resources or specific goals (Function 7700, objects 1000-5999, minus Line B10)	9,309,154.00
3. External Financial Audit - Single Audit (Function 7190, resources 0000-1999, goals 0000 and 9000, objects 5000-5999)	0.00
4. Staff Relations and Negotiations (Function 7120, resources 0000-1999, goals 0000 and 9000, objects 1000-5999)	0.00
5. Plant Maintenance and Operations (portion relating to general administrative offices only) (Functions 8100-8400, objects 1000-5999 except 5100, times Part I, Line C)	1,825,246.13
6. Facilities Rents and Leases (portion relating to general administrative offices only) (Function 8700, resources 0000-1999, objects 1000-5999 except 5100, times Part I, Line C)	75.88
7. Adjustment for Employment Separation Costs	
a. Plus: Normal Separation Costs (Part II, Line A)	0.00
b. Less: Abnormal or Mass Separation Costs (Part II, Line B)	0.00
8. Total Indirect Costs (Lines A1 through A7a, minus Line A7b)	27,635,660.28
9. Carry-Forward Adjustment (Part IV, Line F)	7,205,260.82
10. Total Adjusted Indirect Costs (Line A8 plus Line A9)	34,840,921.10

B. Base Costs

1. Instruction (Functions 1000-1999, objects 1000-5999 except 5100)	267,776,032.59
2. Instruction-Related Services (Functions 2000-2999, objects 1000-5999 except 5100)	64,374,875.80
3. Pupil Services (Functions 3000-3999, objects 1000-5999 except 5100)	39,992,102.29
4. Ancillary Services (Functions 4000-4999, objects 1000-5999 except 5100)	7,133,686.18
5. Community Services (Functions 5000-5999, objects 1000-5999 except 5100)	340,119.00
6. Enterprise (Function 6000, objects 1000-5999 except 5100)	0.00
7. Board and Superintendent (Functions 7100-7180, objects 1000-5999, minus Part III, Line A4)	3,690,023.00
8. External Financial Audit - Single Audit and Other (Functions 7190-7191, objects 5000-5999, minus Part III, Line A3)	88,500.00
9. Other General Administration (portion charged to restricted resources or specific goals only) (Functions 7200-7600, resources 2000-9999, objects 1000-5999; Functions 7200-7600, resources 0000-1999, all goals except 0000 and 9000, objects 1000-5999)	200.00
10. Centralized Data Processing (portion charged to restricted resources or specific goals only) (Function 7700, resources 2000-9999, objects 1000-5999; Function 7700, resources 0000-1999, all goals except 0000 and 9000, objects 1000-5999)	20,275.00
11. Plant Maintenance and Operations (all except portion relating to general administrative offices) (Functions 8100-8400, objects 1000-5999 except 5100, minus Part III, Line A5)	35,577,338.40
12. Facilities Rents and Leases (all except portion relating to general administrative offices) (Function 8700, objects 1000-5999 except 5100, minus Part III, Line A6)	1,479.12
13. Adjustment for Employment Separation Costs	
a. Less: Normal Separation Costs (Part II, Line A)	0.00
b. Plus: Abnormal or Mass Separation Costs (Part II, Line B)	0.00
14. Adult Education (Fund 11, functions 1000-6999, 8100-8400, and 8700, objects 1000-5999 except 5100)	17,817,797.00
15. Child Development (Fund 12, functions 1000-6999, 8100-8400, and 8700, objects 1000-5999 except 5100)	0.00
16. Cafeteria (Funds 13 and 61, functions 1000-6999, 8100-8400, and 8700, objects 1000-5999 except 5100)	14,957,427.97
17. Foundation (Funds 19 and 57, functions 1000-6999, 8100-8400, and 8700, objects 1000-5999 except 5100)	0.00
18. Total Base Costs (Lines B1 through B12 and Lines B13b through B17, minus Line B13a)	451,769,856.35

C. Straight Indirect Cost Percentage Before Carry-Forward Adjustment

(For information only - not for use when claiming/recovering indirect costs)

(Line A8 divided by Line B18) 6.12%

D. Preliminary Proposed Indirect Cost Rate

(For final approved fixed-with-carry-forward rate for use in 2018-19 see www.cde.ca.gov/fg/ac/ic)

(Line A10 divided by Line B18) 7.71%

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	<u>27,635,660.28</u>
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	<u>(2,766,198.08)</u>
2. Carry-forward adjustment amount deferred from prior year(s), if any	<u>0.00</u>
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (3.91%) times Part III, Line B18); zero if negative	<u>7,205,260.82</u>
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (3.91%) times Part III, Line B18) or (the highest rate used to recover costs from any program (5.43%) times Part III, Line B18); zero if positive	<u>0.00</u>
D. Preliminary carry-forward adjustment (Line C1 or C2)	<u>7,205,260.82</u>
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	<u>not applicable</u>
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
LEA request for Option 1, Option 2, or Option 3	<u>1</u>
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	<u>7,205,260.82</u>

Approved indirect cost rate: 3.91%
Highest rate used in any program: 5.43%

Note: In one or more resources, the rate used is greater than the approved rate.

Fund	Resource	Eligible Expenditures (Objects 1000-5999 except Object 5100)	Indirect Costs Charged (Objects 7310 and 7350)	Rate Used

LOTTERY REPORT
Revenues, Expenditures and
Ending Balances - All Funds

Description	Object Codes	Lottery: Unrestricted (Resource 1100)	Transferred to Other Resources for Expenditure	Lottery: Instructional Materials (Resource 6300)*	Totals
A. AMOUNT AVAILABLE FOR THIS FISCAL YEAR					
1. Adjusted Beginning Fund Balance	9791-9795	83,087.57		89,521.20	172,608.77
2. State Lottery Revenue	8560	5,692,385.00		1,902,423.00	7,594,808.00
3. Other Local Revenue	8600-8799	0.00		0.00	0.00
4. Transfers from Funds of Lapsed/Reorganized Districts	8965	0.00		0.00	0.00
5. Contributions from Unrestricted Resources (Total must be zero)	8980	0.00			0.00
6. Total Available (Sum Lines A1 through A5)		5,775,472.57	0.00	1,991,944.20	7,767,416.77
B. EXPENDITURES AND OTHER FINANCING USES					
1. Certificated Salaries	1000-1999	4,419,898.00			4,419,898.00
2. Classified Salaries	2000-2999	0.00			0.00
3. Employee Benefits	3000-3999	1,272,487.00			1,272,487.00
4. Books and Supplies	4000-4999	0.00		1,989,283.00	1,989,283.00
5. a. Services and Other Operating Expenditures (Resource 1100)	5000-5999	0.00			0.00
b. Services and Other Operating Expenditures (Resource 6300)	5000-5999, except 5100, 5710, 5800				
c. Duplicating Costs for Instructional Materials (Resource 6300)	5100, 5710, 5800				
6. Capital Outlay	6000-6999	0.00			0.00
7. Tuition	7100-7199	0.00			0.00
8. Interagency Transfers Out					
a. To Other Districts, County Offices, and Charter Schools	7211,7212,7221, 7222,7281,7282	0.00			0.00
b. To JPAs and All Others	7213,7223, 7283,7299	0.00			0.00
9. Transfers of Indirect Costs	7300-7399				
10. Debt Service	7400-7499	0.00			0.00
11. All Other Financing Uses	7630-7699	0.00			0.00
12. Total Expenditures and Other Financing Uses (Sum Lines B1 through B11)		5,692,385.00	0.00	1,989,283.00	7,681,668.00
C. ENDING BALANCE					
(Must equal Line A6 minus Line B12)	979Z	83,087.57	0.00	2,661.20	85,748.77
D. COMMENTS:					

Data from this report will be used to prepare a report to the Legislature as required by Control Section 24.60 of the Budget /

*Pursuant to Government Code Section 8880.4(a)(2)(B) and the definition in Education Code Section 60010(h), Resource 6300 funds are to be used for purchase of instructional materials only. Any amounts in the shaded cells of this column should be reviewed for appropriateness

Description	Object Codes	2017-18 Budget (Form 01) (A)	% Change (Cols. C-A/A) (B)	2018-19 Projection (C)	% Change (Cols. E-C/C) (D)	2019-20 Projection (E)
(Enter projections for subsequent years 1 and 2 in Columns C and E; current year - Column A - is extracted)						
A. REVENUES AND OTHER FINANCING SOURCES						
1. LCFF/Revenue Limit Sources	8010-8099	367,101,265.00	3.83%	381,168,422.00	2.85%	392,021,346.00

3. Other State Revenues	8300-8599	13,521,845.00	-43.39%	7,655,149.00	0.07%	7,660,882.00
4. Other Local Revenues	8600-8799	7,220,811.00	-17.06%	5,988,811.00	0.00%	5,988,811.00
5. Other Financing Sources						
a. Transfers In	8900-8929	15,000.00	-36.62%	9,507.00	0.00%	9,507.00
b. Other Sources	8930-8979	4,143,232.00	-100.00%		0.00%	
c. Contributions	8980-8999	(60,624,976.00)	5.04%	(63,678,693.00)	2.29%	(65,139,584.00)
6. Total (Sum lines A1 thru A5c)		331,761,805.00	-0.07%	331,527,824.00	2.83%	340,925,590.00
B. EXPENDITURES AND OTHER FINANCING USES						
1. Certificated Salaries						
a. Base Salaries				170,013,074.38		170,914,125.38
b. Step & Column Adjustment				2,110,051.00		2,121,314.00
c. Cost-of-Living Adjustment						
d. Other Adjustments				(1,209,000.00)		(1,209,000.00)
e. Total Certificated Salaries (Sum lines B1a thru B1d)	1000-1999	170,013,074.38	0.53%	170,914,125.38	0.53%	171,826,439.38
2. Classified Salaries						
a. Base Salaries				49,932,301.00		50,338,001.00
b. Step & Column Adjustment				405,700.00		408,996.00
c. Cost-of-Living Adjustment						
d. Other Adjustments						
e. Total Classified Salaries (Sum lines B2a thru B2d)	2000-2999	49,932,301.00	0.81%	50,338,001.00	0.81%	50,746,997.00
3. Employee Benefits	3000-3999	71,439,199.00	7.95%	77,121,880.00	7.77%	83,117,550.00
4. Books and Supplies	4000-4999	5,220,865.50	-9.36%	4,732,372.00	2.35%	4,843,583.00
5. Services and Other Operating Expenditures	5000-5999	19,320,258.00	2.15%	19,735,644.00	2.35%	20,199,431.00
6. Capital Outlay	6000-6999	4,143,232.00	-100.00%		0.00%	
7. Other Outgo (excluding Transfers of Indirect Costs)	7100-7299, 7400-7499	7,452,199.00	-0.36%	7,425,666.00	-4.23%	7,111,356.00
8. Other Outgo - Transfers of Indirect Costs	7300-7399	(1,789,996.00)	3.15%	(1,846,450.00)	3.08%	(1,903,335.00)
9. Other Financing Uses						
a. Transfers Out	7600-7629	1,920,809.00	0.00%	1,920,809.00	0.00%	1,920,809.00
b. Other Uses	7630-7699	0.00	0.00%		0.00%	
10. Other Adjustments (Explain in Section F below)				0.00		
11. Total (Sum lines B1 thru B10)		327,651,941.88	0.82%	330,342,047.38	2.28%	337,862,830.38
C. NET INCREASE (DECREASE) IN FUND BALANCE (Line A6 minus line B11)						
		4,109,863.12		1,185,776.62		3,062,759.62
D. FUND BALANCE						
1. Net Beginning Fund Balance (Form 01, line F1e)		26,997,723.17		31,107,586.29		32,293,362.91
2. Ending Fund Balance (Sum lines C and D1)		31,107,586.29		32,293,362.91		35,356,122.53
3. Components of Ending Fund Balance						
a. Nonspendable	9710-9719	401,527.00				
b. Restricted	9740					
c. Committed						
1. Stabilization Arrangements	9750	0.00				
2. Other Commitments	9760	0.00				
d. Assigned	9780	21,642,728.29		23,191,374.91		26,063,804.53
e. Unassigned/Unappropriated						
1. Reserve for Economic Uncertainties	9789	9,063,331.00		9,101,988.00		9,292,318.00
2. Unassigned/Unappropriated	9790	0.00		0.00		0.00
f. Total Components of Ending Fund Balance (Line D3f must agree with line D2)		31,107,586.29		32,293,362.91		35,356,122.53

Description	Object Codes	2017-18 Budget (Form 01) (A)	% Change (Cols. C-A/A) (B)	2018-19 Projection (C)	% Change (Cols. E-C/C) (D)	2019-20 Projection (E)
E. AVAILABLE RESERVES						
1. General Fund						
a. Stabilization Arrangements	9750	0.00		0.00		0.00
b. Reserve for Economic Uncertainties	9789	9,063,331.00		9,101,988.00		9,292,318.00
c. Unassigned/Unappropriated	9790	0.00		0.00		0.00
(Enter reserve projections for subsequent years 1 and 2 in Columns C and E; current year - Column A - is extracted.)						
2. Special Reserve Fund - Noncapital Outlay (Fund 17)						
a. Stabilization Arrangements	9750					
b. Reserve for Economic Uncertainties	9789					
c. Unassigned/Unappropriated	9790	0.00				
3. Total Available Reserves (Sum lines E1a thru E2c)		9,063,331.00		9,101,988.00		9,292,318.00
F. ASSUMPTIONS						
Please provide below or on a separate attachment, the assumptions used to determine the projections for the first and second subsequent fiscal years. Further, please include an explanation for any significant expenditure adjustments projected in lines B1d, B2d, and B10. For additional information, please refer to the Budget Assumptions section of the SACS Financial Reporting Software User Guide.						
B1d: Adjustment due to impact of Teachers retiring and hire of new Teachers. B10: Anticipating to spend it by the end of FY 2017-18.						

Description	Object Codes	2017-18 Budget (Form 01) (A)	% Change (Cols. C-A/A) (B)	2018-19 Projection (C)	% Change (Cols. E-C/C) (D)	2019-20 Projection (E)
(Enter projections for subsequent years 1 and 2 in Columns C and E; current year - Column A - is extracted)

f. Total Components of Ending Fund Balance						
(Line D3f must agree with line D2)		31,107,590.36		32,293,369.98		35,356,128.60

Description	Object Codes	2017-18 Budget (Form 01) (A)	% Change (Cols. C-A/A) (B)	2018-19 Projection (C)	% Change (Cols. E-C/C) (D)	2019-20 Projection (E)
E. AVAILABLE RESERVES						
1. General Fund						
a. Stabilization Arrangements	9750	0.00		0.00		0.00
b. Reserve for Economic Uncertainties	9789	9,063,331.00		9,101,988.00		9,292,318.00
c. Unassigned/Unappropriated	9790	0.00		0.00		0.00
d. Negative Restricted Ending Balances (Negative resources 2000-9999)	979Z	(1.48)		0.00		0.00
2. Special Reserve Fund - Noncapital Outlay (Fund 17)						
a. Stabilization Arrangements	9750	0.00		0.00		0.00
b. Reserve for Economic Uncertainties	9789	0.00		0.00		0.00
c. Unassigned/Unappropriated	9790	0.00		0.00		0.00
3. Total Available Reserves - by Amount (Sum lines E1a thru E2c)		9,063,329.52		9,101,988.00		9,292,318.00
4. Total Available Reserves - by Percent (Line E3 divided by Line F3c)		2.00%		2.00%		2.00%
F. RECOMMENDED RESERVES						
1. Special Education Pass-through Exclusions						
For districts that serve as the administrative unit (AU) of a special education local plan area (SELPA):						
a. Do you choose to exclude from the reserve calculation the pass-through funds distributed to SELPA members?	No					
b. If you are the SELPA AU and are excluding special education pass-through funds:						
1. Enter the name(s) of the SELPA(s):						
2. Special education pass-through funds (Column A: Fund 10, resources 3300-3499 and 6500-6540, objects 7211-7213 and 7221-7223; enter projections for subsequent years 1 and 2 in Columns C and E)		0.00		0.00		0.00
2. District ADA Used to determine the reserve standard percentage level on line F3d (Col. A: Form A, Estimated P-2 ADA column, Lines A4 and C4; enter projections)		38,259.65		38,270.82		38,273.43
3. Calculating the Reserves						
a. Expenditures and Other Financing Uses (Line B11)		453,166,551.88		455,099,397.38		464,615,918.38
b. Plus: Special Education Pass-through Funds (Line F1b2, if Line F1a is No)		0.00		0.00		0.00
c. Total Expenditures and Other Financing Uses (Line F3a plus line F3b)		453,166,551.88		455,099,397.38		464,615,918.38
d. Reserve Standard Percentage Level (Refer to Form 01CS, Criterion 10 for calculation details)		2%		2%		2%
e. Reserve Standard - By Percent (Line F3c times F3d)		9,063,331.04		9,101,987.95		9,292,318.37
f. Reserve Standard - By Amount (Refer to Form 01CS, Criterion 10 for calculation details)		0.00		0.00		0.00
g. Reserve Standard (Greater of Line F3e or F3f)		9,063,331.04		9,101,987.95		9,292,318.37
h. Available Reserves (Line E3) Meet Reserve Standard (Line F3g)		NO		YES		NO

Section I - Expenditures	Funds 01, 09, and 62			2016-17 Expenditures
	Goals	Functions	Objects	
A. Total state, federal, and local expenditures (all resources)	All	All	1000-7999	475,087,951.34
B. Less all federal expenditures not allowed for MOE (Resources 3000-5999, except 3385)	All	All	1000-7999	24,486,716.00
C. Less state and local expenditures not allowed for MOE: (All resources, except federal as identified in Line B)				
1. Community Services	All	5000-5999	1000-7999	340,119.00
2. Capital Outlay	All except 7100-7199	All except 5000-5999	6000-6999	16,541,280.84
3. Debt Service	All	9100	5400-5450, 5800, 7430- 7439	7,790,133.00
4. Other Transfers Out	All	9200	7200-7299	0.00
5. Interfund Transfers Out	All	9300	7600-7629	2,037,542.12
6. All Other Financing Uses	All	9100 9200	7699 7651	1,125.00
7. Nonagency	7100-7199	All except 5000-5999, 9000-9999	1000-7999	165,345.00
8. Tuition (Revenue, in lieu of expenditures, to approximate costs of services for which tuition is received)	All	All	8710	0.00
9. Supplemental expenditures made as a result of a Presidentially declared disaster	Manually entered. Must not include expenditures in lines B, C1-C8, D1, or D2.			
10. Total state and local expenditures not allowed for MOE calculation (Sum lines C1 through C9)				26,875,544.96
D. Plus additional MOE expenditures:				
1. Expenditures to cover deficits for food services (Funds 13 and 61) (If negative, then zero)	All	All	1000-7143, 7300-7439 minus 8000-8699	528,414.11
2. Expenditures to cover deficits for student body activities	Manually entered. Must not include expenditures in lines A or D1.			
E. Total expenditures subject to MOE (Line A minus lines B and C10, plus lines D1 and D2)				424,254,104.49

Section II - Expenditures Per ADA		2016-17 Annual ADA/ Exps. Per ADA
A. Average Daily Attendance (Form A, Annual ADA column, sum of lines A6 and C9)		37,757.91
B. Expenditures per ADA (Line I.E divided by Line II.A)		11,236.16
Section III - MOE Calculation (For data collection only. Final determination will be done by CDE)		
	Total	Per ADA
A. Base expenditures (Preloaded expenditures from prior year official CDE MOE calculation). (Note: If the prior year MOE was not met, CDE has adjusted the prior year base to 90 percent of the preceding prior year amount rather than the actual prior year expenditure amount.)	401,161,129.49	10,675.90
1. Adjustment to base expenditure and expenditure per ADA amounts for LEAs failing prior year MOE calculation (From Section IV)	0.00	0.00
2. Total adjusted base expenditure amounts (Line A plus Line A.1)	401,161,129.49	10,675.90
B. Required effort (Line A.2 times 90%)	361,045,016.54	9,608.31
C. Current year expenditures (Line I.E and Line II.B)	424,254,104.49	11,236.16
D. MOE deficiency amount, if any (Line B minus Line C) (If negative, then zero)	0.00	0.00
E. MOE determination (If one or both of the amounts in line D are zero, the MOE requirement is met; if both amounts are positive, the MOE requirement is not met. If either column in Line A.2 or Line C equals zero, the MOE calculation is incomplete.)	MOE Met	
F. MOE deficiency percentage, if MOE not met; otherwise, zero (Line D divided by Line B) (Funding under NCLB covered programs in FY 2018-19 may be reduced by the lower of the two percentages)	0.00%	0.00%

SECTION IV - Detail of Adjustments to Base Expenditures (used in Section III, Line A.1)		
Description of Adjustments	Total Expenditures	Expenditures Per ADA
Total adjustments to base expenditures	0.00	0.00

Fund Reconciliation								
TOTALS	138,746.50	(138,746.50)	894,751.00	(894,751.00)	1,935,809.00	1,935,809.00		

Provide methodology and assumptions used to estimate ADA, enrollment, revenues, expenditures, reserves and fund balance, and multiyear commitments (including cost-of-living adjustments).

Deviations from the standards must be explained and may affect the approval of the budget.

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

STANDARD: Funded average daily attendance (ADA) has not been overestimated in 1) the first prior fiscal year OR in 2) two or more of the previous three fiscal years by more than the following percentage levels:

Percentage Level	District ADA
3.0%	0 to 300
2.0%	301 to 1,000
1.0%	1,001 and over

District ADA (Form A, Estimated P-2 ADA column, lines A4 and C4):

District's ADA Standard Percentage Level:

1A. Calculating the District's ADA Variances

DATA ENTRY: For the Third, Second, and First Prior Years, enter Estimated Funded ADA in the Original Budget Funded ADA column; enter district regular ADA and charter school ADA corresponding to financial data reported in the General Fund, only, for the Third, Second, and First Prior Years. All other data are extracted.

*Please note for FY 2014-15 original budget: Line C4 in Form A reflects total charter school ADA corresponding to financial data reported in funds 01, 09, and 62. Please adjust charter school ADA or explain accordingly.

Fiscal Year	Original Budget Funded ADA (Form A, Lines A4 and C4)*	Estimated/Unaudited Actuals Funded ADA (Form A, Lines A4 and C4)	ADA Variance Level (If Budget is greater than Actuals, else N/A)	Status
Third Prior Year (2014-15)				
District Regular	37,955			
Charter School				
Total ADA	37,955	0	100.0%	Not Met
Second Prior Year (2015-16)				
District Regular	38,139	38,005		
Charter School				
Total ADA	38,139	38,005	0.4%	Met
First Prior Year (2016-17)				
District Regular	37,733	37,733		
Charter School		0		
Total ADA	37,733	37,733	0.0%	Met
Budget Year (2017-18)				
District Regular	38,260			
Charter School	0			
Total ADA	38,260			

1B. Comparison of District ADA to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Funded ADA has not been overestimated by more than the standard percentage level for the first prior year.

Explanation:
(required if NOT met)

FY 2014-15 Unaudited actuals funded ADA should be populated by CDE total ADA 38,015.31

1b. STANDARD MET - Funded ADA has not been overestimated by more than the standard percentage level for two or more of the previous three years.

Explanation:
(required if NOT met)

2. CRITERION: Enrollment

STANDARD: Projected enrollment has not been overestimated in 1) the first prior fiscal year OR in 2) two or more of the previous three fiscal years by more than the following percentage levels:

Percentage Level	District ADA		
3.0%	0	to	300
2.0%	301	to	1,000
1.0%	1,001	and	over

District ADA (Form A, Estimated P-2 ADA column, lines A4 and C4): District's Enrollment Standard Percentage Level: **2A. Calculating the District's Enrollment Variances**

DATA ENTRY: Enter data in the Enrollment, Budget, column for all fiscal years and in the Enrollment, CBEDS Actual column for the First Prior Year; all other data are extracted or calculated. CBEDS Actual enrollment data preloaded in the District Regular lines will include both District Regular and Charter School enrollment. Districts will need to adjust the District Regular enrollment lines and the Charter School enrollment lines accordingly. Enter district regular enrollment and charter school enrollment corresponding to financial data reported in the General Fund, only, for all fiscal years.

Fiscal Year	Budget	Enrollment CBEDS Actual	Enrollment Variance Level (If Budget is greater than Actual, else N/A)	Status
Third Prior Year (2014-15)				
District Regular	40,147	41,018		
Charter School				
Total Enrollment	40,147	41,018	N/A	Met
Second Prior Year (2015-16)				
District Regular	40,052	41,050		
Charter School				
Total Enrollment	40,052	41,050	N/A	Met
First Prior Year (2016-17)				
District Regular	40,198	40,198		
Charter School				
Total Enrollment	40,198	40,198	0.0%	Met
Budget Year (2017-18)				
District Regular	40,238			
Charter School				
Total Enrollment	40,238			

2B. Comparison of District Enrollment to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Enrollment has not been overestimated by more than the standard percentage level for the first prior year.

Explanation:
(required if NOT met)

1b. STANDARD MET - Enrollment has not been overestimated by more than the standard percentage level for two or more of the previous three years.

Explanation:
(required if NOT met)

3. CRITERION: ADA to Enrollment

STANDARD: Projected second period (P-2) average daily attendance (ADA) to enrollment ratio for any of the budget year or two subsequent fiscal years has not increased from the historical average ratio from the three prior fiscal years by more than one half of one percent (0.5%).

3A. Calculating the District's ADA to Enrollment Standard

DATA ENTRY: All data are extracted or calculated. Data should reflect district regular and charter school ADA/enrollment corresponding to financial data reported in the General Fund, only, for all fiscal years.

Fiscal Year	P-2 ADA Estimated/Unaudited Actuals (Form A, Lines A4 and C4)	Enrollment CBEDS Actual (Criterion 2, Item 2A)	Historical Ratio of ADA to Enrollment
Third Prior Year (2014-15)			
District Regular	38,015	41,018	
Charter School		0	
Total ADA/Enrollment	38,015	41,018	92.7%
Second Prior Year (2015-16)			
District Regular	38,005	41,050	
Charter School			
Total ADA/Enrollment	38,005	41,050	92.6%
First Prior Year (2016-17)			
District Regular	37,733	40,198	
Charter School	0		
Total ADA/Enrollment	37,733	40,198	93.9%
Historical Average Ratio:			93.1%
District's ADA to Enrollment Standard (historical average ratio plus 0.5%):			93.6%

3B. Calculating the District's Projected Ratio of ADA to Enrollment

DATA ENTRY: Enter data in the Estimated P-2 ADA column for the two subsequent years. Enter data in the Enrollment column for the two subsequent years. Data should reflect district regular and charter school ADA/enrollment corresponding to financial data reported in the General Fund only, for all fiscal years. All other data are extracted or calculated.

Fiscal Year	Estimated P-2 ADA Budget (Form A, Lines A4 and C4)	Enrollment Budget/Projected (Criterion 2, Item 2A)	Ratio of ADA to Enrollment	Status
Budget Year (2017-18)				
District Regular	38,260	40,238		
Charter School	0			
Total ADA/Enrollment	38,260	40,238	95.1%	Not Met
1st Subsequent Year (2018-19)				
District Regular	38,271	40,249		
Charter School				
Total ADA/Enrollment	38,271	40,249	95.1%	Not Met
2nd Subsequent Year (2019-20)				
District Regular	38,273	40,252		
Charter School				
Total ADA/Enrollment	38,273	40,252	95.1%	Not Met

3C. Comparison of District ADA to Enrollment Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. **STANDARD NOT MET** - Projected P-2 ADA to enrollment ratio is above the standard for one or more of the budget or two subsequent fiscal years. Provide reasons why the projected ratio exceeds the district's historical average ratio by more than 0.5%.

Explanation:
(required if NOT met)

Anticipating to increase student attendance.

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

4A. District's LCFF Revenue Standard

Indicate which standard applies:

LCFF Revenue

Basic Aid

Necessary Small School

The District must select which LCFF revenue standard applies.

LCFF Revenue Standard selected: LCFF Revenue

4A1. Calculating the District's LCFF Revenue Standard

DATA ENTRY: Enter LCFF Target amounts for the budget and two subsequent fiscal years.
Enter data in Step 1a for the two subsequent fiscal years. All other data is extracted or calculated.
Enter data for Steps 2a through 2d. All other data is calculated.

Projected LCFF Revenue

Has the District reached its LCFF target funding level?

No

If Yes, then COLA amount in Line 2b2 is used in Line 2e Total calculation.
If No, then Gap Funding in Line 2c is used in Line 2e Total calculation.

		Budget Year (2017-18)	1st Subsequent Year (2018-19)	2nd Subsequent Year (2019-20)
LCFF Target (Reference Only)		380,044,949.00	388,333,284.00	397,527,806.00
	Prior Year (2016-17)	Budget Year (2017-18)	1st Subsequent Year (2018-19)	2nd Subsequent Year (2019-20)
Step 1 - Change in Population				
a.	ADA (Funded) (Form A, lines A6 and C4)	37,757.91	38,285.76	38,296.93
b.	Prior Year ADA (Funded)		38,285.76	38,296.93
c.	Difference (Step 1a minus Step 1b)		11.17	2.61
d.	Percent Change Due to Population (Step 1c divided by Step 1b)	1.40%	0.03%	0.01%
Step 2 - Change in Funding Level				
a.	Prior Year LCFF Funding	368,705,065.00	382,772,222.00	393,625,146.00
b1.	COLA percentage (if district is at target)	Not Applicable		
b2.	COLA amount (proxy for purposes of this criterion)			
c.	Gap Funding (if district is not at target)	0.00	0.00	0.00
d.	Economic Recovery Target Funding (current year increment)	0.44	0.72	0.74
e.	Total (Lines 2b2 or 2c, as applicable, plus Line 2d)			
f.	Percent Change Due to Funding Level (Step 2e divided by Step 2a)	0.44	0.72	0.74
		0.00%	0.00%	0.00%
Step 3 - Total Change in Population and Funding Level (Step 1d plus Step 2f)		1.40%	0.03%	0.01%
LCFF Revenue Standard (Step 3, plus/minus 1%):		.40% to 2.40%	-.97% to 1.03%	-.99% to 1.01%

4A2. Alternate LCFF Revenue Standard - Basic Aid

DATA ENTRY: If applicable to your district, input data in the 1st and 2nd Subsequent Year columns for projected local property taxes; all other data are extracted or calculated.

Basic Aid District Projected LCFF Revenue

	Prior Year (2016-17)	Budget Year (2017-18)	1st Subsequent Year (2018-19)	2nd Subsequent Year (2019-20)
Projected Local Property Taxes (Form 01, Objects 8021 - 8089)	81,099,663.00	81,099,663.00		
Percent Change from Previous Year		N/A	N/A	N/A
Basic Aid Standard (percent change from previous year, plus/minus 1%):		N/A	N/A	N/A

4A3. Alternate LCFF Revenue Standard - Necessary Small School

DATA ENTRY: All data are extracted or calculated.

Necessary Small School District Projected LCFF Revenue

	Budget Year (2017-18)	1st Subsequent Year (2018-19)	2nd Subsequent Year (2019-20)
Necessary Small School Standard (Gap Funding or COLA, plus Economic Recovery Target Payment, Step 2f, plus/minus 1%):	N/A	N/A	N/A

4B. Calculating the District's Projected Change in LCFF Revenue

DATA ENTRY: Enter data in the 1st and 2nd Subsequent Year columns for LCFF Revenue; all other data are extracted or calculated.

	Prior Year (2016-17)	Budget Year (2017-18)	1st Subsequent Year (2018-19)	2nd Subsequent Year (2019-20)
LCFF Revenue (Fund 01, Objects 8011, 8012, 8020-8089)	361,430,265.00	370,635,155.00	384,701,760.00	395,554,560.00
District's Projected Change in LCFF Revenue:		2.55%	3.80%	2.82%
LCFF Revenue Standard:		.40% to 2.40%	-.97% to 1.03%	-.99% to 1.01%
Status:		Not Met	Not Met	Not Met

4C. Comparison of District LCFF Revenue to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD NOT MET - Projected change in LCFF revenue is outside the standard in one or more of the budget or two subsequent fiscal years. Provide reasons why the projection(s) exceed the standard(s) and a description of the methods and assumptions used in projecting LCFF revenue.

Explanation:
(required if NOT met)

District used Department of Finance gap rate, also property taxes increased.

5. CRITERION: Salaries and Benefits

STANDARD: Projected ratio of total unrestricted salaries and benefits to total unrestricted general fund expenditures for any of the budget year or two subsequent fiscal years has not changed from the historical average ratio from the three prior fiscal years by more than the greater of three percent or the district's required reserves percentage.

5A. Calculating the District's Historical Average Ratio of Unrestricted Salaries and Benefits to Total Unrestricted General Fund Expenditures

DATA ENTRY: All data are extracted or calculated.

Fiscal Year	Estimated/Unaudited Actuals - Unrestricted (Resources 0000-1999)		Ratio of Unrestricted Salaries and Benefits to Total Unrestricted Expenditures
	Salaries and Benefits (Form 01, Objects 1000-3999)	Total Expenditures (Form 01, Objects 1000-7499)	
Third Prior Year (2014-15)	240,450,294.72	266,280,606.59	90.3%
Second Prior Year (2015-16)	269,281,686.53	317,359,812.05	84.9%
First Prior Year (2016-17)	279,651,501.16	342,572,688.02	81.6%
	Historical Average Ratio:		85.6%

District's Reserve Standard Percentage (Criterion 10B, Line 4): District's Salaries and Benefits Standard (historical average ratio, plus/minus the greater of 3% or the district's reserve standard percentage):	Budget Year (2017-18)	1st Subsequent Year (2018-19)	2nd Subsequent Year (2019-20)
	2.0%	2.0%	2.0%
	82.6% to 88.6%	82.6% to 88.6%	82.6% to 88.6%

5B. Calculating the District's Projected Ratio of Unrestricted Salaries and Benefits to Total Unrestricted General Fund Expenditures

DATA ENTRY: If Form MYP exists, Unrestricted Salaries and Benefits, and Total Unrestricted Expenditures data for the 1st and 2nd Subsequent Years will be extracted; if not, enter data for the two subsequent years. All other data are extracted or calculated.

Fiscal Year	Budget - Unrestricted (Resources 0000-1999)		Ratio of Unrestricted Salaries and Benefits to Total Unrestricted Expenditures	Status
	Salaries and Benefits (Form 01, Objects 1000-3999) (Form MYP, Lines B1-B3)	Total Expenditures (Form 01, Objects 1000-7499) (Form MYP, Lines B1-B8, B10)		
Budget Year (2017-18)	291,384,574.38	325,731,132.88	89.5%	Not Met
1st Subsequent Year (2018-19)	298,374,006.38	328,421,238.38	90.9%	Not Met
2nd Subsequent Year (2019-20)	305,690,986.38	335,942,021.38	91.0%	Not Met

5C. Comparison of District Salaries and Benefits Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. **STANDARD NOT MET** - Projected ratio(s) of unrestricted salary and benefit costs to total unrestricted expenditures are outside the standard in one or more of the budget or two subsequent fiscal years. Provide reasons why the projection(s) exceed the standard, a description of the methods and assumptions used in projecting salaries and benefits, and what changes, if any, will be made to bring the projected salary and benefit costs within the standard.

Explanation:
(required if NOT met)

Salaries and Benefits are increasing (STRS-PERS)

6. CRITERION: Other Revenues and Expenditures

STANDARD: Projected operating revenues (including federal, other state, and other local) or expenditures (including books and supplies, and services and other operating), for any of the budget year or two subsequent fiscal years, have not changed from the prior fiscal year amount by more than the percentage change in population and the funded cost-of-living adjustment (COLA) plus or minus ten percent.

For each major object category, changes that exceed the percentage change in population and the funded COLA plus or minus five percent must be explained.

6A. Calculating the District's Other Revenues and Expenditures Standard Percentage Ranges

DATA ENTRY: All data are extracted or calculated.

	Budget Year (2017-18)	1st Subsequent Year (2018-19)	2nd Subsequent Year (2019-20)
1. District's Change in Population and Funding Level (Criterion 4A1, Step 3):	1.40%	0.03%	0.01%
2. District's Other Revenues and Expenditures Standard Percentage Range (Line 1, plus/minus 10%):	-8.60% to 11.40%	-9.97% to 10.03%	-9.99% to 10.01%
3. District's Other Revenues and Expenditures Explanation Percentage Range (Line 1, plus/minus 5%):	-3.60% to 6.40%	-4.97% to 5.03%	-4.99% to 5.01%

6B. Calculating the District's Change by Major Object Category and Comparison to the Explanation Percentage Range (Section 6A, Line 3)

DATA ENTRY: If Form MYP exists, the 1st and 2nd Subsequent Year data for each revenue and expenditure section will be extracted; if not, enter data for the two subsequent years. All other data are extracted or calculated.

Explanations must be entered for each category if the percent change for any year exceeds the district's explanation percentage range.

Object Range / Fiscal Year	Amount	Percent Change Over Previous Year	Change Is Outside Explanation Range
Federal Revenue (Fund 01, Objects 8100-8299) (Form MYP, Line A2)			
First Prior Year (2016-17)	25,235,687.00		
Budget Year (2017-18)	18,438,113.00	-26.94%	Yes
1st Subsequent Year (2018-19)	18,438,113.00	0.00%	No
2nd Subsequent Year (2019-20)	18,438,113.00	0.00%	No

Explanation:
(required if Yes)

The District is conservative in its assumptions for Federal Revenue by budgeting at 83% of current year entitlement. Also, 16/17 budget reflects prior year carry over.

Other State Revenue (Fund 01, Objects 8300-8599) (Form MYP, Line A3)			
First Prior Year (2016-17)	39,458,450.00		
Budget Year (2017-18)	32,856,330.00	-16.73%	Yes
1st Subsequent Year (2018-19)	26,115,209.00	-20.52%	Yes
2nd Subsequent Year (2019-20)	26,121,515.00	0.02%	No

Explanation:
(required if Yes)

16/17 budget reflects prior year carry over. Also, in 16/17 the district received one time money and College Readiness Block Grant

Other Local Revenue (Fund 01, Objects 8600-8799) (Form MYP, Line A4)			
First Prior Year (2016-17)	30,302,538.00		
Budget Year (2017-18)	29,477,183.00	-2.72%	No
1st Subsequent Year (2018-19)	28,723,695.00	-2.56%	No
2nd Subsequent Year (2019-20)	29,257,965.00	1.86%	No

Explanation:
(required if Yes)

Books and Supplies (Fund 01, Objects 4000-4999) (Form MYP, Line B4)			
First Prior Year (2016-17)	26,240,051.16		
Budget Year (2017-18)	15,176,012.05	-42.16%	Yes
1st Subsequent Year (2018-19)	13,709,994.00	-9.66%	Yes
2nd Subsequent Year (2019-20)	13,986,462.00	2.02%	No

Explanation:
(required if Yes)

In 16/17 the district used carryover and one time money for books and supplies

Services and Other Operating Expenditures (Fund 01, Objects 5000-5999) (Form MYP, Line B5)

First Prior Year (2016-17)	40,266,331.49		
Budget Year (2017-18)	31,287,815.80	-22.30%	Yes
1st Subsequent Year (2018-19)	29,660,662.00	-5.20%	Yes
2nd Subsequent Year (2019-20)	28,916,723.00	-2.51%	No

Explanation:
(required if Yes)

In 16/17 the district used carryover and one time money for services and other operating expenditures

6C. Calculating the District's Change in Total Operating Revenues and Expenditures (Section 6A, Line 2)

DATA ENTRY: All data are extracted or calculated.

Object Range / Fiscal Year	Amount	Percent Change Over Previous Year	Status
----------------------------	--------	--------------------------------------	--------

Total Federal, Other State, and Other Local Revenue (Criterion 6B)

First Prior Year (2016-17)	94,996,675.00		
Budget Year (2017-18)	80,771,626.00	-14.97%	Not Met
1st Subsequent Year (2018-19)	73,277,017.00	-9.28%	Met
2nd Subsequent Year (2019-20)	73,817,593.00	0.74%	Met

Total Books and Supplies, and Services and Other Operating Expenditures (Criterion 6B)

First Prior Year (2016-17)	66,506,382.65		
Budget Year (2017-18)	46,463,827.85	-30.14%	Not Met
1st Subsequent Year (2018-19)	43,370,656.00	-6.66%	Met
2nd Subsequent Year (2019-20)	42,903,185.00	-1.08%	Met

6D. Comparison of District Total Operating Revenues and Expenditures to the Standard Percentage Range

DATA ENTRY: Explanations are linked from Section 6B if the status in Section 6C is not met; no entry is allowed below.

- 1a. STANDARD NOT MET - Projected total operating revenues have changed by more than the standard in one or more of the budget or two subsequent fiscal years. Reasons for the projected change, descriptions of the methods and assumptions used in the projections, and what changes, if any, will be made to bring the projected operating revenues within the standard must be entered in Section 6A above and will also display in the explanation box below.

Explanation:

Federal Revenue
(linked from 6B
if NOT met)

The District is conservative in its assumptions for Federal Revenue by budgeting at 83% of current year entitlement. Also, 16/17 budget reflects prior year carry over.

Explanation:

Other State Revenue
(linked from 6B
if NOT met)

16/17 budget reflects prior year carry over. Also, in 16/17 the district received one time money and College Readiness Block Grant

Explanation:

Other Local Revenue
(linked from 6B
if NOT met)

- 1b. STANDARD NOT MET - Projected total operating expenditures have changed by more than the standard in one or more of the budget or two subsequent fiscal years. Reasons for the projected change, descriptions of the methods and assumptions used in the projections, and what changes, if any, will be made to bring the projected operating expenditures within the standard must be entered in Section 6A above and will also display in the explanation box below.

Explanation:

Books and Supplies
(linked from 6B
if NOT met)

In 16/17 the district used carryover and one time money for books and supplies

Explanation:

Services and Other Exps
(linked from 6B
if NOT met)

In 16/17 the district used carryover and one time money for services and other operating expenditures

7. CRITERION: Facilities Maintenance

STANDARD: Confirm that the annual contribution for facilities maintenance funding is not less than the amount required pursuant to Education Code Section 17070.75, if applicable, and that the district is providing adequately to preserve the functionality of its facilities for their normal life in accordance with Education Code sections 52060(d)(1) and 17002(d)(1).

Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 as amended by AB 104 (Chapter 13, Statutes of 2015), effective 2017-18 to 2019-20 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: AB 104 (Chapter 13, Statutes of 2015) requires the district to deposit into the account, for the 2017-18 to 2019-20 fiscal years, a minimum amount that is the greater of the following amounts:

- A. The lesser of three percent of the total general fund expenditures and other financing uses for that fiscal year or the amount that the district deposited into the account for the 2014-15 fiscal year; or
- B. Two percent of the total general fund expenditures and other financing uses for that fiscal year.

DATA ENTRY: Click the appropriate Yes or No button for special education local plan area (SELPA) administrative units (AUs); all other data are extracted or calculated. If standard is not met, enter an X in the appropriate box and enter an explanation, if applicable.

1. a. For districts that are the AU of a SELPA, do you choose to exclude revenues that are passed through to participating members of the SELPA from the OMMA/RMA required minimum contribution calculation?

- b. Pass-through revenues and apportionments that may be excluded from the OMMA/RMA calculation per EC Section 17070.75(b)(2)(D) (Fund 10, resources 3300-3499 and 6500-6540, objects 7211-7213 and 7221-7223)

2. Ongoing and Major Maintenance/Restricted Maintenance Account

- a. Budgeted Expenditures and Other Financing Uses (Form 01, objects 1000-7999)
- b. Plus: Pass-through Revenues and Apportionments (Line 1b, if line 1a is No)
- c. Net Budgeted Expenditures and Other Financing Uses

453,166,551.88	3% of Total Current Year General Fund Expenditures and Other Financing Uses (Line 2c times 3%)	Amount Deposited ¹ for 2014-15 Fiscal Year	Lesser of: 3% or 2014-15 amount
453,166,551.88	13,594,996.56	7,500,637.68	7,500,637.68

- d. Required Minimum Contribution

2% of Total Current Year General Fund Expenditures and Other Financing Uses (Line 2c times 2%)	Required Minimum Contribution/ Greater of: Lesser of 3% or 2014-15 amount or 2%
9,063,331.04	9,063,331.04

Budgeted Contribution ¹
to the Ongoing and Major
Maintenance Account

Status

- e. OMMA/RMA Contribution

9,119,318.00	Met
--------------	-----

¹ Fund 01, Resource 8150, Objects 8900-8999

If standard is not met, enter an X in the box that best describes why the minimum required contribution was not made:

- ☐ Not applicable (district does not participate in the Leroy F. Greene School Facilities Act of 1998)
- ☐ Exempt (due to district's small size [EC Section 17070.75 (b)(2)(E)])
- ☐ Other (explanation must be provided)

Explanation:

(required if NOT met
and Other is marked)

8. CRITERION: Deficit Spending

STANDARD: Unrestricted deficit spending (total unrestricted expenditures and other financing uses is greater than total unrestricted revenues and other financing sources) as a percentage of total unrestricted expenditures and other financing uses, has not exceeded one-third of the district's available reserves¹ as a percentage of total expenditures and other financing uses² in two out of three prior fiscal years.

8A. Calculating the District's Deficit Spending Standard Percentage Levels

DATA ENTRY: All data are extracted or calculated.

	Third Prior Year (2014-15)	Second Prior Year (2015-16)	First Prior Year (2016-17)
1. District's Available Reserve Amounts (resources 0000-1999)			
a. Reserve for Economic Uncertainties (Funds 01 and 17, Object 9789)	11,414,870.00	13,132,141.00	9,501,737.00
b. Unassigned/Unappropriated (Funds 01 and 17, Object 9790)	0.19	0.19	0.00
c. Negative General Fund Ending Balances in Restricted Resources (Fund 01, Object 979Z, if negative, for each of resources 2000-9999)	(1.40)	(1.41)	(1.23)
d. Available Reserves (Lines 1a through 1c)	11,414,868.79	13,132,139.78	9,501,735.77
2. Expenditures and Other Financing Uses			
a. District's Total Expenditures and Other Financing Uses (Fund 01, objects 1000-7999)	380,495,673.47	437,738,030.66	475,086,826.34
b. Plus: Special Education Pass-through Funds (Fund 10, resources 3300-3499 and 6500-6540, objects 7211-7213 and 7221-7223)			0.00
c. Total Expenditures and Other Financing Uses (Line 2a plus Line 2b)	380,495,673.47	437,738,030.66	475,086,826.34
3. District's Available Reserve Percentage (Line 1d divided by Line 2c)	3.0%	3.0%	2.0%
District's Deficit Spending Standard Percentage Levels (Line 3 times 1/3):	1.0%	1.0%	0.7%

¹Available reserves are the unrestricted amounts in the Reserve for Economic Uncertainties and the Unassigned/Unappropriated accounts in the General Fund and the Special Reserve Fund for Other Than Capital Outlay Projects. Available reserves will be reduced by any negative ending balances in restricted resources in the General Fund.

²A school district that is the Administrative Unit of a Special Education Local Plan Area (SELPA) may exclude from its expenditures the distribution of funds to its participating members.

8B. Calculating the District's Deficit Spending Percentages

DATA ENTRY: All data are extracted or calculated.

Fiscal Year	Net Change in Unrestricted Fund Balance (Form 01, Section E)	Total Unrestricted Expenditures and Other Financing Uses (Form 01, Objects 1000-7999)	Deficit Spending Level (If Net Change in Unrestricted Fund Balance is negative, else N/A)	Status
Third Prior Year (2014-15)	(1,112,138.86)	267,489,789.66	0.4%	Met
Second Prior Year (2015-16)	14,216,117.89	318,143,393.78	N/A	Met
First Prior Year (2016-17)	(6,129,501.34)	344,610,230.14	1.8%	Not Met
Budget Year (2017-18) (Information only)	4,109,863.12	327,651,941.88		

8C. Comparison of District Deficit Spending to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD MET - Unrestricted deficit spending, if any, has not exceeded the standard percentage level in two or more of the three prior years.

Explanation:
(required if NOT met)

9. CRITERION: Fund Balance

STANDARD: Budgeted beginning unrestricted general fund balance has not been overestimated for two out of three prior fiscal years by more than the following percentage levels:

Percentage Level ¹	District ADA
1.7%	0 to 300
1.3%	301 to 1,000
1.0%	1,001 to 30,000
0.7%	30,001 to 400,000
0.3%	400,001 and over

¹ Percentage levels equate to a rate of deficit spending which would eliminate recommended reserves for economic uncertainties over a three year period.

District Estimated P-2 ADA (Form A, Lines A6 and C4):

District's Fund Balance Standard Percentage Level:

9A. Calculating the District's Unrestricted General Fund Beginning Balance Percentages

DATA ENTRY: Enter data in the Original Budget column for the First, Second, and Third Prior Years; all other data are extracted or calculated.

Fiscal Year	Unrestricted General Fund Beginning Balance ² (Form 01, Line F1e, Unrestricted Column)		Beginning Fund Balance Variance Level (If overestimated, else N/A)		Status
	Original Budget	Estimated/Unaudited Actuals			
Third Prior Year (2014-15)	22,099,272.00	22,099,272.75	N/A		Met
Second Prior Year (2015-16)	20,987,135.00	20,987,133.75	0.0%		Met
First Prior Year (2016-17)	31,637,604.93	33,127,224.51	N/A		Met
Budget Year (2017-18) (Information only)	26,997,723.17				

² Adjusted beginning balance, including audit adjustments and other restatements (objects 9791-9795)

9B. Comparison of District Unrestricted Beginning Fund Balance to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD MET - Unrestricted general fund beginning fund balance has not been overestimated by more than the standard percentage level for two or more of the previous three years.

Explanation:
(required if NOT met)

10. CRITERION: Reserves

STANDARD: Available reserves¹ for any of the budget year or two subsequent fiscal years are not less than the following percentages or amounts² as applied to total expenditures and other financing uses³:

DATA ENTRY: Budget Year data are extracted. If Form MYP exists, 1st and 2nd Subsequent Year data will be extracted. If not, enter district regular ADA and charter school ADA corresponding to financial data reported in the General Fund, only, for the two subsequent years.

Percentage Level	District ADA	
5% or \$66,000 (greater of)	0	to 300
4% or \$66,000 (greater of)	301	to 1,000
3%	1,001	to 30,000
2%	30,001	to 400,000
1%	400,001	and over

¹ Available reserves are the unrestricted amounts in the Reserve for Economic Uncertainties and the Unassigned/Unappropriated accounts in the General Fund and the Special Reserve Fund for Other Than Capital Outlay Projects. Available reserves will be reduced by any negative ending balances in restricted resources in the General Fund.

² Dollar amounts to be adjusted annually by the prior year statutory cost-of-living adjustment (Education Code Section 42238), rounded to the nearest thousand.

³ A school district that is the Administrative Unit (AU) of a Special Education Local Plan Area (SELPA) may exclude from its expenditures the distribution of funds to its participating members.

	Budget Year (2017-18)	1st Subsequent Year (2018-19)	2nd Subsequent Year (2019-20)
District Estimated P-2 ADA (Budget Year, Form A, Lines A4 and C4. Subsequent Years, Form MYP, Line F2, if available.)	38,260	38,271	38,273
District's Reserve Standard Percentage Level:	2%	2%	2%

10A. Calculating the District's Special Education Pass-through Exclusions (only for districts that serve as the AU of a SELPA)

DATA ENTRY: For SELPA AUs, if Form MYP exists, all data will be extracted including the Yes/No button selection. If not, click the appropriate Yes or No button for item 1 and, if Yes, enter data for item 2a and for the two subsequent years in item 2b; Budget Year data are extracted.

For districts that serve as the AU of a SELPA (Form MYP, Lines F1a, F1b1, and F1b2):

1. Do you choose to exclude from the reserve calculation the pass-through funds distributed to SELPA members? No
2. If you are the SELPA AU and are excluding special education pass-through funds:
 - a. Enter the name(s) of the SELPA(s): _____

	Budget Year (2017-18)	1st Subsequent Year (2018-19)	2nd Subsequent Year (2019-20)
b. Special Education Pass-through Funds (Fund 10, resources 3300-3499 and 6500-6540, objects 7211-7213 and 7221-7223)	0.00	0.00	0.00

10B. Calculating the District's Reserve Standard

DATA ENTRY: If Form MYP exists, 1st and 2nd Subsequent Year data for lines 1 and 2 will be extracted; if not, enter data for the two subsequent years.
All other data are extracted or calculated.

	Budget Year (2017-18)	1st Subsequent Year (2018-19)	2nd Subsequent Year (2019-20)
1. Expenditures and Other Financing Uses (Fund 01, objects 1000-7999) (Form MYP, Line B11)	453,166,551.88	455,099,397.38	464,615,918.38
2. Plus: Special Education Pass-through (Criterion 10A, Line 2b, if Criterion 10A, Line 1 is No)	0.00	0.00	0.00
3. Total Expenditures and Other Financing Uses (Line B1 plus Line B2)	453,166,551.88	455,099,397.38	464,615,918.38
4. Reserve Standard Percentage Level 2%	2%	2%	2%
5. Reserve Standard - by Percent (Line B3 times Line B4)	9,063,331.04	9,101,987.95	9,292,318.37
6. Reserve Standard - by Amount (\$66,000 for districts with 0 to 1,000 ADA, else 0)	0.00	0.00	0.00
7. District's Reserve Standard (Greater of Line B5 or Line B6)	9,063,331.04	9,101,987.95	9,292,318.37

10C. Calculating the District's Budgeted Reserve Amount

DATA ENTRY: If Form MYP exists, 1st and 2nd Subsequent Year data for lines 1 through 7 will be extracted; if not, enter data for the two subsequent years.
All other data are extracted or calculated.

Reserve Amounts

(Unrestricted resources 0000-1999 except Line 4):

1. General Fund - Stabilization Arrangements
(Fund 01, Object 9750) (Form MYP, Line E1a)

Not Met	Met	Not Met

10D. Comparison of District Reserve Amount to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD NOT MET - Projected available reserves are below the standard in one or more of the budget or two subsequent fiscal years. Provide reasons for reserves falling below the standard and what plans and actions are anticipated to be taken to increase reserves to, or above, the standard.

Explanation:

(required if NOT met)

SUPPLEMENTAL INFORMATION

DATA ENTRY: Click the appropriate Yes or No button for items S1 through S4. Enter an explanation for each Yes answer.

S1. Contingent Liabilities

- 1a. Does your district have any known or contingent liabilities (e.g., financial or program audits, litigation, state compliance reviews) that may impact the budget?

No

- 1b. If Yes, identify the liabilities and how they may impact the budget:

S2. Use of One-time Revenues for Ongoing Expenditures

- 1a. Does your district have ongoing general fund expenditures in the budget in excess of one percent of the total general fund expenditures that are funded with one-time resources?

No

- 1b. If Yes, identify the expenditures and explain how the one-time resources will be replaced to continue funding the ongoing expenditures in the following fiscal years:

S3. Use of Ongoing Revenues for One-time Expenditures

- 1a. Does your district have large non-recurring general fund expenditures that are funded with ongoing general fund revenues?

No

- 1b. If Yes, identify the expenditures:

S4. Contingent Revenues

- 1a. Does your district have projected revenues for the budget year or either of the two subsequent fiscal years contingent on reauthorization by the local government, special legislation, or other definitive act (e.g., parcel taxes, forest reserves)?

No

- 1b. If Yes, identify any of these revenues that are dedicated for ongoing expenses and explain how the revenues will be replaced or expenditures reduced:

S5. Contributions

Identify projected contributions from unrestricted resources in the general fund to restricted resources in the general fund for the budget year and two subsequent fiscal years. Provide an explanation if contributions have changed from the prior fiscal year amounts by more than \$20,000 and more than ten percent. Explanation should include whether contributions are ongoing or one-time in nature.

Identify projected transfers to or from the general fund to cover operating deficits in either the general fund or any other fund for the budget year and two subsequent fiscal years. Provide an explanation if transfers have changed from the prior fiscal year amounts by more than \$20,000 and more than ten percent. Explanation should include whether transfers are ongoing or one-time in nature.

Estimate the impact of any capital projects on the general fund operational budget.

District's Contributions and Transfers Standard: -10.0% to +10.0%
or -\$20,000 to +\$20,000

S5A. Identification of the District's Projected Contributions, Transfers, and Capital Projects that may Impact the General Fund

DATA ENTRY: For Contributions, enter data in the Projection column for the 1st and 2nd Subsequent Years. Contributions for the First Prior Year and Budget Year will be extracted. For Transfers In and Transfers Out, enter data in the First Prior Year. If Form MYP exists, the data will be extracted for the Budget Year, and 1st and 2nd Subsequent Years. If Form MYP does not exist, enter data in the Budget Year, 1st and 2nd subsequent Years. Click the appropriate button for item 1d; all other data will be calculated.

Description / Fiscal Year	Projection	Amount of Change	Percent Change	Status
1a. Contributions, Unrestricted General Fund (Fund 01, Resources 0000-1999, Object 8980)				
First Prior Year (2016-17)	(58,417,208.20)			
Budget Year (2017-18)	(60,624,976.00)	2,207,767.80	3.8%	Met
1st Subsequent Year (2018-19)	(63,678,693.00)	3,053,717.00	5.0%	Met
2nd Subsequent Year (2019-20)	(65,139,584.00)	1,460,891.00	2.3%	Met
1b. Transfers In, General Fund *				
First Prior Year (2016-17)	9,507.00			
Budget Year (2017-18)	15,000.00	5,493.00	57.8%	Met
1st Subsequent Year (2018-19)	9,507.00	(5,493.00)	-36.6%	Met
2nd Subsequent Year (2019-20)	9,507.00	0.00	0.0%	Met

Budget Year (2017-18)	1,920,809.00	426,585.00	28.5%	Not Met
1st Subsequent Year (2018-19)	1,920,809.00	0.00	0.0%	Met
2nd Subsequent Year (2019-20)	1,920,809.00	0.00	0.0%	Met

1d. Impact of Capital Projects

Do you have any capital projects that may impact the general fund operational budget?

No

* Include transfers used to cover operating deficits in either the general fund or any other fund.

S5B. Status of the District's Projected Contributions, Transfers, and Capital Projects

DATA ENTRY: Enter an explanation if Not Met for items 1a-1c or if Yes for item 1d.

1a. MET - Projected contributions have not changed by more than the standard for the budget and two subsequent fiscal years.

Explanation:
(required if NOT met)

1b. MET - Projected transfers in have not changed by more than the standard for the budget and two subsequent fiscal years.

Explanation:
(required if NOT met)

- 1c. NOT MET - The projected transfers out of the general fund have changed by more than the standard for one or more of the budget or subsequent two fiscal years. Identify the amount(s) transferred, by fund, and whether transfers are ongoing or one-time in nature. If ongoing, explain the district's plan, with timeframes, for reducing or eliminating the transfers.

Explanation:
(required if NOT met)

Increased contributions to Fund 11 Adult Fund

- 1d. NO - There are no capital projects that may impact the general fund operational budget.

Project Information:
(required if YES)

S6. Long-term Commitments

Identify all existing and new multiyear commitments¹ and their annual required payments for the budget year and two subsequent fiscal years.

Explain how any increase in annual payments will be funded. Also explain how any decrease to funding sources used to pay long-term commitments will be replaced.

¹ Include multiyear commitments, multiyear debt agreements, and new programs or contracts that result in long-term obligations.

S6A. Identification of the District's Long-term Commitments

DATA ENTRY: Click the appropriate button in item 1 and enter data in all columns of item 2 for applicable long-term commitments; there are no extractions in this section.

1. Does your district have long-term (multiyear) commitments?
(If No, skip item 2 and Sections S6B and S6C)

Yes

2. If Yes to item 1, list all new and existing multiyear commitments and required annual debt service amounts. Do not include long-term commitments for postemployment benefits other than pensions (OPEB); OPEB is disclosed in item S7A.

Type of Commitment	# of Years Remaining	SACS Fund and Object Codes Used For:		Principal Balance as of July 1, 2017
		Funding Sources (Revenues)	Debt Service (Expenditures)	
Capital Leases	3	01-8900	01-7400	17,354,293
Certificates of Participation	9	01-8971	01-7400	7,875,000
General Obligation Bonds	30	21-8951	51-7400	391,939,740
Supp Early Retirement Program	2	01-8699	01-3903-3904	620,447
State School Building Loans				
Compensated Absences				

Other Long-term Commitments (do not include OPEB):

CFDs(Mello Roos)	12	49-8971	49-7400	98,800,000
DRB(L-Street)	18	40-8973	40-7400	35,690,000
TOTAL:				552,279,480

Type of Commitment (continued)	Prior Year (2016-17) Annual Payment (P & I)	Budget Year (2017-18) Annual Payment (P & I)	1st Subsequent Year (2018-19) Annual Payment (P & I)	2nd Subsequent Year (2019-20) Annual Payment (P & I)
Capital Leases	7,391,559	7,056,074	6,715,570	3,645,821
Certificates of Participation	398,499	396,125	398,535	395,784
General Obligation Bonds	22,500,072	26,640,337	27,936,754	29,385,199
Supp Early Retirement Program	671,191	334,681	311,600	0
State School Building Loans				
Compensated Absences				

Other Long-term Commitments (continued):

CFDs(Mello Roos)	40,608,687	15,134,891	14,951,396	15,128,478
DRB(L-Street)	0	2,459,913	2,562,691	2,540,956
Total Annual Payments:	71,570,008	52,022,021	52,876,546	51,096,238
Has total annual payment increased over prior year (2016-17)?	No	No	No	No

S6B. Comparison of the District's Annual Payments to Prior Year Annual Payment

DATA ENTRY: Enter an explanation if Yes.

- 1a. No - Annual payments for long-term commitments have not increased in one or more of the budget and two subsequent fiscal years.

Explanation:
(required if Yes
to increase in total
annual payments)

--

S6C. Identification of Decreases to Funding Sources Used to Pay Long-term Commitments

DATA ENTRY: Click the appropriate Yes or No button in item 1; if Yes, an explanation is required in item 2.

1. Will funding sources used to pay long-term commitments decrease or expire prior to the end of the commitment period, or are they one-time sources?

No

- 2.

No - Funding sources will not decrease or expire prior to the end of the commitment period, and one-time funds are not being used for long-term commitment annual payments.

Explanation:
(required if Yes)

--

S7. Unfunded Liabilities

Estimate the unfunded liability for postemployment benefits other than pensions (OPEB) based on an actuarial valuation, if required, or other method; identify or estimate the annual required contribution; and indicate how the obligation is funded (pay-as-you-go, amortized over a specific period, etc.).

Estimate the unfunded liability for self-insurance programs such as workers' compensation based on an actuarial valuation, if required, or other method; identify or estimate the required contribution; and indicate how the obligation is funded (level of risk retained, funding approach, etc.).

S7A. Identification of the District's Estimated Unfunded Liability for Postemployment Benefits Other than Pensions (OPEB)

DATA ENTRY: Click the appropriate button in item 1 and enter data in all other applicable items; there are no extractions in this section except the budget year data on line 5b.

1. Does your district provide postemployment benefits other than pensions (OPEB)? (If No, skip items 2-5)

Yes

2. For the district's OPEB:
a. Are they lifetime benefits?

No

- b. Do benefits continue past age 65?

No

- c. Describe any other characteristics of the district's OPEB program including eligibility criteria and amounts, if any, that retirees are required to contribute toward their own benefits:

3. a. Are OPEB financed on a pay-as-you-go, actuarial cost, or other method?

Pay-as-you-go

- b. Indicate any accumulated amounts earmarked for OPEB in a self-insurance or governmental fund

Self-Insurance Fund

Governmental Fund

0

0

4. OPEB Liabilities

- a. OPEB actuarial accrued liability (AAL)
b. OPEB unfunded actuarial accrued liability (UAAL)
c. Are AAL and UAAL based on the district's estimate or an actuarial valuation?

62,530,157.00

62,530,157.00

Actuarial

Jul 01, 2014

- d. If based on an actuarial valuation, indicate the date of the OPEB valuation

5. OPEB Contributions

- a. OPEB annual required contribution (ARC) per actuarial valuation or Alternative Measurement Method
b. OPEB amount contributed (for this purpose, include premiums paid to a self-insurance fund) (funds 01-70, objects 3701-3752)
c. Cost of OPEB benefits (equivalent of "pay-as-you-go" amount)
d. Number of retirees receiving OPEB benefits

Budget Year
(2017-18)1st Subsequent Year
(2018-19)2nd Subsequent Year
(2019-20)

S7B. Identification of the District's Unfunded Liability for Self-Insurance Programs

DATA ENTRY: Click the appropriate button in item 1 and enter data in all other applicable items; there are no extractions in this section.

1. Does your district operate any self-insurance programs such as workers' compensation, employee health and welfare, or property and liability? (Do not include OPEB, which is covered in Section S7A) (If No, skip items 2-4)

No

2. Describe each self-insurance program operated by the district, including details for each such as level of risk retained, funding approach, basis for valuation (district's estimate or actuarial), and date of the valuation:

--

3. Self-Insurance Liabilities

- a. Accrued liability for self-insurance programs
b. Unfunded liability for self-insurance programs

4. Self-Insurance Contributions

- a. Required contribution (funding) for self-insurance programs
b. Amount contributed (funded) for self-insurance programs

Budget Year (2017-18)	1st Subsequent Year (2018-19)	2nd Subsequent Year (2019-20)

S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.

S8A. Cost Analysis of District's Labor Agreements - Certificated (Non-management) Employees

DATA ENTRY: Enter all applicable data items; there are no extractions in this section.

	Prior Year (2nd Interim) (2016-17)	Budget Year (2017-18)	1st Subsequent Year (2018-19)	2nd Subsequent Year (2019-20)
Number of certificated (non-management) full-time-equivalent (FTE) positions	1,836.0	1,976.3	1,976.3	1,976.3

Certificated (Non-management) Salary and Benefit Negotiations

1. Are salary and benefit negotiations settled for the budget year?

Yes

If Yes, and the corresponding public disclosure documents
have been filed with the COE, complete questions 2 and 3.

If Yes, and the corresponding public disclosure documents
have not been filed with the COE, complete questions 2-5.

If No, identify the unsettled negotiations including any prior year unsettled negotiations and then complete questions 6 and 7.

Negotiations Settled

- 2a. Per Government Code Section 3547.5(a), date of public disclosure board meeting:

Jun 12, 2017

- 2b. Per Government Code Section 3547.5(b), was the agreement certified
by the district superintendent and chief business official?

Yes

If Yes, date of Superintendent and CBO certification:

May 22, 2017

3. Per Government Code Section 3547.5(c), was a budget revision adopted
to meet the costs of the agreement?

Yes

If Yes, date of budget revision board adoption:

Jun 26, 2017

4. Period covered by the agreement:

Begin Date:

Jul 01, 2016

End Date:

Jun 30, 2019

5. Salary settlement:

S9. Local Control and Accountability Plan (LCAP)

Confirm that the school district's governing board has adopted an LCAP or an update to the LCAP effective for the budget year.

DATA ENTRY: Click the appropriate Yes or No button in item 1, and enter the date in item 2.

1. Did or will the school district's governing board adopt an LCAP or approve an update to the LCAP effective for the budget year?

Yes

2. Approval date for adoption of the LCAP or approval of an update to the LCAP.

Jun 26, 2017

S10. LCAP Expenditures

Confirm that the school district's budget includes the expenditures necessary to implement the LCAP or annual update to the LCAP.

DATA ENTRY: Click the appropriate Yes or No button.

Does the school district's budget include the expenditures necessary to implement the LCAP or annual update to the LCAP as described in the Local Control and Accountability Plan and Annual Update Template, Section 3: Actions, Services and Expenditures?

Yes

ADDITIONAL FISCAL INDICATORS

The following fiscal indicators are designed to provide additional data for reviewing agencies. A "Yes" answer to any single indicator does not necessarily suggest a cause for concern, but may alert the reviewing agency to the need for additional review.

DATA ENTRY: Click the appropriate Yes or No button for items A1 through A9 except item A3, which is automatically completed based on data in Criterion 2.

A1. Do cash flow projections show that the district will end the budget year with a negative cash balance in the general fund?

No

A2. Is the system of personnel position control independent from the payroll system?

Yes

A3. Is enrollment decreasing in both the prior fiscal year and budget year? (Data from the enrollment budget column and actual column of Criterion 2A are used to determine Yes or No)

No

A4. Are new charter schools operating in district boundaries that impact the district's enrollment, either in the prior fiscal year or budget year?

No

A5. Has the district entered into a bargaining agreement where any of the budget or subsequent years of the agreement would result in salary increases that are expected to exceed the projected state funded cost-of-living adjustment?

Yes

A6. Does the district provide uncapped (100% employer paid) health benefits for current or retired employees?

No

A7. Is the district's financial system independent of the county office system?

Yes

A8. Does the district have any reports that indicate fiscal distress pursuant to Education Code Section 42127.6(a)? (If Yes, provide copies to the county office of education)

No

A9. Have there been personnel changes in the superintendent or chief business official positions within the last 12 months?

No

When providing comments for additional fiscal indicators, please include the item number applicable to each comment.

Comments:

End of School District Budget Criteria and Standards Review

Sweetwater Union High School District
Board of Trustees' Meeting
June 26, 2017
2017-18 Proposed Budget

Agenda

- 2017-18 Proposed Revenue Budget
 - >Key Revenue Budget Assumptions
 - >Local Control Funding Formula
 - >Revenue Budget/Details
- 2017-18 Proposed Expenditure Budget
 - >Key Expenditure Budget Assumptions
 - >Expenditure Budget/Details
- Revised General Fund Financials & Reserves
- General Fund Revenue/Expenditures changes from Preliminary
- Multiyear Projections
- Other Funds

Key Revenue Budget Assumptions

- LCFF funding model @ 43.97% GAP closure rate— translates to \$4.2 million increase over January
- One Time Discretionary funds @ \$148 per ADA =\$5.9m
- Mandate block grant \$28/K-8 ADA \$57/9-12 ADA = \$1.9m
- COLA for Special Education and Child Nutrition, none for Adult Fund
- CTE Incentive Grant @ \$3.3 million
- Adult funding equal to maintenance of effort & parent education-\$13.2m

What Does the LCFF Mean for Sweetwater?

LCFF		LCFF BASE			Supplemental/Concentration (S/C)			
Fiscal Year	Total per ADA	Base Amount	ADA ¹	Base Amount per ADA	Fiscal Year	S/C Amount ²	S/C ADA ³	S/C Amount per ADA ⁴
15/16	\$8,980	\$305,910,195	38,195.51	\$8,043.60	15/16	\$33,421,971	25,207.26	\$936.40
16/17	\$9,399	\$314,967,535	38,248.62	\$8,234.74	16/17	\$40,875,798	25,136.99	\$1164.26
17/18	\$9,630	\$322,949,808	38,285.76	\$8,435.25	17/18	\$42,111,247	25,582.54	\$1,194.75

1. ADA = Base ada + Unduplicated ada.

2. Supplemental/Concentration (S/C) Amount = Full S/C award * Gap Rate + [1-Gap Rate] * S/C Prior Year Expenses.

3. S/C ADA = Unduplicated Rolling percentage * ADA + [Unduplicated Rolling Percentage-.55] * ADA.

4. The S/C amount per ADA is based on Total per ADA - LCFF Base amount per ADA. Dividing S/C amount by S/C ADA requires adjustments based on the Unduplicated Rolling percentage, Minimum Proportionality percentage, Supplemental percentage, Concentration percentage, the phase in funding ratio, prior year S/C expenditures and the Gap Rate.

CDS #: 68411

**Adopted Budget
2017-18 Budget
Attachment
Balances in Excess of
Minimum Reserve
Requirements**

Reasons for Assigned and Unassigned Ending Fund Balances in Excess of Minimum Recommended Reserves

Education Code Section 42127(a)(2)(B) requires a statement of the reasons that substantiates the need for assigned and unassigned ending fund balances in excess of the minimum reserve standard for economic uncertainties for each fiscal year identified in the budget.

Combined Assigned and Unassigned/unappropriated Fund Balances		
Form	Fund	2017-18 Budget
01	General Fund	\$30,706,060.00
Total Assigned and Unassigned Ending Fund Balances		\$30,706,060.00
District Standard Reserve Level		2%
Less District Minimum Reserve for Economic Uncertainties		\$9,063,331.00
Remaining Balance to Substantiate Need		\$21,642,729.00

Reasons for Fund Balances in Excess of Minimum Reserve for Economic Uncertainties

Form	Fund	2017-18 Budget	Description of Need
01	General Fund	\$311,560.00	Early Retirement Incentive
01	General Fund	\$100,000.00	Site Carryover
01	General Fund	\$1,800,000.00	Reserve Technology Requirements
01	General Fund	\$4,432,701.00	Deferred Maintenance
01	General Fund	\$2,000,000.00	Vehicle Replacement Plan
01	General Fund	\$4,420,692.00	Qualified Zone Academy Bond
01	General Fund	\$4,109,864.00	Reserve for One Time Costs
01	General Fund	\$4,467,912.00	Reserve STRS/PERS Retirement
Total of Substantiated Needs		\$21,642,729.00	

Remaining Unsubstantiated Balance

\$0.00

Balance should be Zero

Education Code Section 42127 (d)(1) requires a county superintendent to either conditionally approve or disapprove a school district budget if the district does not provide for EC 42127 (a)(2)(B) public review and discussion at its public budget hearing.

Board Item - K.-3.

Issue:

Actuarial Valuation Study.

Superintendent's Recommendation:

Approve Actuarial Valuation Study.

Analysis:

At the September 26, 2016, meeting of the board of trustees, consultant Nyhart-Epler was approved for the purpose of providing an actuarial valuation study. This study is a requirement of the Government Accounting Standards Board (GASB). GASB Statement Nos. 43 and 45 require actuarial valuation of other postemployment benefits (OPEB) offered by the district to be performed on a biennial basis to update the liability and expense for these benefits. The actuarial report will be in effect for two years.

For questions regarding this board item, please contact Karen Michel at 619/691-5550 or karen.michel@sweetwaterschools.org.

Fiscal Impact:

None.

SECTION I. EXECUTIVE SUMMARY

Background

The Sweetwater Union High School District (the "District") selected Nyhart to perform an actuarial valuation of its retiree health program. The purpose of the actuarial valuation is to measure the District's liability for retiree health benefits and to determine the District's accounting requirements for other post-employment benefits (OPEB) under Governmental Accounting Standards Board Statement No. 45 (GASB 45). GASB 45 requires accrual accounting for the expensing of OPEB. The expense is generally accrued over the working career of employees.

The District currently provides retiree health benefits to age 65 to 269 eligible retirees. In addition, approximately 3,876 active employees are earning service credit towards eligibility for future retiree benefits. An employee must be at least age 55 and have at least 15 years of service at retirement to be eligible for retiree health benefits. The District's contribution is subject to an annual maximum similar to that of current active employees. Section IV of the report details the plan provisions that were included in the valuation and the current premium costs for coverage.

Premiums that are charged to retirees for retiree and dependent medical coverage under age 65 are the same as the premiums charged for active medical coverage. Thus, the District is also providing a "rate subsidy" to the retirees by charging for coverage based on a blended rate rather than a retiree only rate. GASB 45 requires that when an employer provides benefits to both active employees and retirees through the same plans, the benefits to retirees should be segregated and measured independently. This requires valuing any "rate subsidy" as an additional financial obligation to the District for GASB purposes. In past valuations the liability for the implicit rate subsidy was excluded from the valuation as GASB had provided for an exemption for community-rated plans. GASB 45 also requires that valuations are performed in accordance with actuarial standards of practice (ASOP). This valuation includes an estimate of the liability for the implicit rate subsidy in accordance with recent changes to ASOPs related to retiree health care costs.

Results of the Retiree Health Valuation

We have determined that the amount of the actuarial liability for the District's retiree health plan, as of July 1, 2016, is \$174,733,532 (including \$122,245,112 for the District's explicit contribution and \$52,488,420 for the implicit rate subsidy). This represents the present value of all benefits projected to be paid by the District (net of retiree contributions) for current and future retirees. If the District were to place this amount in a fund earning interest at the rate of 4% per year, and all other actuarial assumptions were met, the fund would have enough to pay all expected benefits. This includes benefits for the current retirees as well as the current active employees expected to retire in the future. The valuation does not consider employees not yet hired as of the valuation date.

If the amount of the actuarial liability is apportioned into past service, current service and future service components; the past service component (actuarial accrued liability) is \$102,050,003 (including \$71,428,876 for the District's explicit contribution and \$30,621,127 for the implicit rate subsidy), the current service component (normal cost or current year accrual) is \$6,194,952 (including \$4,327,124 for the District's explicit contribution and \$1,867,828 for the implicit rate subsidy) and the future service component (not yet accrued liability) is \$66,488,577 (including \$46,489,112 for the District's explicit contribution and \$19,999,465 for the implicit rate subsidy).

Changes from Prior Valuation

The valuation was performed using updated plan, premium rates and census information provided by the District. The valuation reflects updates to the retirement rates and a lowering of the discount rate to 4.0%. In addition, the valuation now includes a liability for the implicit rate subsidy in accordance with recent changes to applicable ASOPs. A reconciliation of the approximate change in the actuarial accrued liability from the prior valuation is provided in the following table:

July 1, 2014 Valuation @4.5%	\$ 62.5 M
Increase due to passage of time (interest plus additional accruals less benefits paid)	5.0 M
Increase due to new entrants (not included in prior valuation)	3.4 M
Increase due to net experience gain (primarily changes to the applicable health care maximum & inclusion of dental & vision for all employees with 25 years of service)	2.7 M
Decrease due to updates to retirement rates	(7.2 M)
Increase due to lowering of discount rate from 4.5% to 4.0%	3.8 M
July 1, 2016 Valuation @4.0%	\$ 70.2 M
Increase due to inclusion of implicit rates subsidy	30.6 M
July 1, 2016 Valuation @4.0%	\$100.8 M

Annual Required Contribution (ARC)

Under GASB 45, the District is required to expense for its retiree benefits using accrual accounting. The accrual expense or annual required contribution under GASB terminology is generally accrued over the working career of employees. The annual required contribution for the District's 2016/2017 fiscal year is \$13,311,639 (including \$9,308,019 for the District's explicit contribution and \$4,003,620 for the implicit rate subsidy). This amount is comprised of the present value of benefits accruing in the fiscal year (normal cost) plus a 21-year amortization (on a level-dollar basis) of the unfunded actuarial accrued liability (past service liability). Thus, it represents a means to expense the plan's liabilities in an orderly manner. The additional net OPEB obligation at the end of the fiscal year will reflect any actual retiree health contributions or premiums paid by the District during the period including amounts for the implicit rate subsidy and prefunding retiree health benefits.

Funding

The District has not informed us of any funds eligible as plan assets under GASB 45. Under GASB 45, assets cannot be considered as employer contributions or plan assets unless they are segregated for exclusive use for retiree health benefit payments and secured from creditors of the District. The District's unfunded actuarial accrued liability (UAAL) at July 1, 2016 is \$102,050,003 (including \$71,428,876 for the District's explicit contribution and \$30,621,127 for the implicit rate subsidy).

The estimated District contribution amount for retiree health benefits for the 2016/2017 fiscal year is approximately \$4,310,400 (including \$1,238,275 for the implicit rate subsidy). This amount includes payments for employees expected to retire during the 2016/2017 fiscal year.

The District funds its retiree health program on a pay-as-you-go basis. Section II-H provides the impact if the District were to prefund for its retiree health benefits in a GASB eligible trust.

Actuarial Basis

The actuarial valuation is based on the assumptions and methods outlined in Section VI of the report. To the extent that a single or a combination of assumptions is not met, the future liability may fluctuate significantly from its current measurement. As an example, the healthcare cost increase anticipates that the rate of increase in medical cost will be at moderate levels and decline over several years. Increases higher than assumed would bring larger liabilities and expensing requirements. A 1% increase in the healthcare trend rate for each future year would result in an increase of 13% in the annual required contribution.

Another key assumption used in the valuation is the discount (interest) rate which is based on the expected rate of return of plan assets. The valuation is based on a discount rate of 4%. A 1% decrease in the discount rate would increase the annual required contribution by 8%. A 1% increase in the discount rate would decrease the annual required contribution by 7%.

GASB 45 requires that implicit rate subsidies be considered in the valuation of medical costs. An implicit rate subsidy occurs when the rates for retirees are the same as for active employees. Since pre-Medicare retirees are typically much older than active employees, their actual medical costs are almost always higher than for active employees. The valuation results were determined using the higher expected costs associated with retired employees assuming that the underlying morbidity is similar to other similarly situated California-based plans.

Scheduled to take effect in 2020, the "Cadillac Tax" is a 40% non-deductible excise tax on employer-sponsored health coverage that provides high-cost benefits. For insured plans, the insurance company is responsible for payment of the excise tax. For self-funded plans, the employer is responsible for payment of the excise tax. The valuation does not include any additional liability for the Cadillac Tax.

The valuation is based on the census information provided by the District. To the extent that the data provided lacks clarity in interpretation or is missing relevant information, this can result in liabilities different than those presented in the report. Often missing or unclear information is not identified until future valuations.

SECTION II. FINANCIAL RESULTS

A. Valuation Results as of July 1, 2016

The table below presents the employer liabilities associated with the District's retiree health benefits determined in accordance with GASB 43 & 45. The actuarial liability is the present value of all benefits projected to be paid under the program. The actuarial accrued liability reflects the amount attributable to the past service of current employees and retirees. The normal cost reflects the accrual attributable for the current period.

	Certificated Employees	Classified Employees	Management, Confidential & Supervisors	District Total
1. Actuarial Liability (AL)

Average Age	62.2	61.3	62.1	61.9
Average Retirement Age	58.8	57.4	58.0	58.3

B. Development of Unfunded Actuarial Accrued Liability

The table below presents the development of the unfunded actuarial accrued liability. The unfunded actuarial accrued liability is the excess of the actuarial accrued liability (AAL) over the actuarial value of eligible plan assets. Eligible assets under GASB 45 must be segregated and secured for the exclusive purpose of paying for the retiree health benefits.

	Explicit	Implicit	Total
1. Actuarial Accrued Liability (AAL)	\$71,428,876	\$30,621,127	\$102,050,003
2. Actuarial Value of Assets	(0)	(0)	(0)
3. Unfunded AAL	\$71,428,876	\$30,621,127	\$102,050,003

C. Amortization of Unfunded Actuarial Accrued Liability

The amortization of the unfunded actuarial accrued liability component of the annual contribution (ARC) is being amortized over a period of 21 years on a level-dollar method. Under the level-dollar method, the amortization payment is scheduled to remain constant in future years.

	<u>Explicit</u>	<u>Implicit</u>	<u>Total</u>
1. Unfunded AAL (UAAL)	\$71,428,876	\$30,621,127	\$102,050,003
2. Amortization Factor	14.85684	14.85684	14.85684
3. Amortization of UAAL	\$ 4,807,810	\$ 2,061,079	\$ 6,868,889

D. Annual Required Contribution (ARC) and Actuarially Determined Contribution (ADC)

The table below presents the development of the annual required contribution (ARC) under GASB 45 for the fiscal year ending June 30, 2017 and an actuarially determined contribution for the fiscal year ending June 30, 2018.

FY2016/2017

1. Normal Cost at End of Fiscal Year	\$ 4,500,209	\$ 1,942,541	\$ 6,442,750
2. Amortization of UAAL	<u>4,807,810</u>	<u>2,061,079</u>	<u>6,868,889</u>
3. Annual Required Contribution (ARC)	\$ 9,308,019	\$ 4,003,620	\$ 13,311,639

FY2017/2018

1. Normal Cost at End of Fiscal Year	\$ 4,680,217	\$ 2,020,243	\$ 6,700,460
2. Amortization of UAAL	<u>4,807,810</u>	<u>2,061,079</u>	<u>6,868,889</u>
3. Actuarially Determined Contribution (ADC)	\$ 9,488,027	\$ 4,081,322	\$ 13,569,349

* The District will be required to expense under GASB 75 for its fiscal year 2017/2018; the actuarially determined contribution reflects the contribution that could be made to prefund the retiree benefit obligation.

E. Estimated Net OPEB Obligation at June 30, 2017

The table below shows an estimate of the net OPEB obligation at the end of the current fiscal year assuming the District's net OPEB obligation at June 30, 2016 is \$35,406,074 and the District contributions for the fiscal year ending June 30, 2017 equal \$4,310,400 (including \$1,238,275 for the implied rate subsidy).

1. Annual Required Contribution (ARC)	\$13,311,639
2. Interest on Net OPEB Obligation [E7 x .04]	1,416,243
3. Adjustment to ARC [minus E7/C2]	(2,383,149)
4. Annual OPEB Cost	\$12,344,732
5. Expected Employer Contributions* Made (Inclusive of Benefit Payments & Implied Rate Subsidy)	(4,310,400)
6. Increase in Net OPEB Obligation	\$ 8,034,332
7. Net OPEB Obligation – June 30, 2016	<u>35,406,074</u>
8. Net OPEB Obligation – June 30, 2017	\$43,440,406

*Actual payments made by the District should be reflected at year end.

F. Required Supplementary Information (Funding Progress @July 1, 2016)

The table below presents a sample disclosure of the funding progress as of July 1, 2016.

	<u>Total</u>
1. Actuarial Accrued Liability (AAL)	\$102,050,003
2. Actuarial Valuation of Assets	(0)
3. Unfunded AAL	\$102,050,003
4. Funded Ratio	0%
5. Current Payroll	NA
6. UAAL as % of Payroll	NA

G. Sensitivity Analysis:

The impact of a 1% decrease or increase in the discount (interest) rate and the impact of a 1% increase in future healthcare trend rates on the District's actuarial liability, actuarial accrued liability, unfunded actuarial accrued liability and the annual required contribution is provided below:

	Dollar (\$) Increase/ (Decrease)	Percentage (%) Increase/ (Decrease)
<i>1% Decrease in Discount Rate</i>		
- Actuarial Liability	\$29,468,156	17%
- Actuarial Accrued Liability	\$12,555,783	12%
- Unfunded Actuarial Accrued Liability	\$12,555,783	12%
- Annual Required Contribution	\$ 1,118,147	8%
<i>1% Increase in Discount Rate</i>		
- Actuarial Liability	(\$23,850,390)	(14%)
- Actuarial Accrued Liability	(\$10,588,511)	(10%)
- Unfunded Actuarial Accrued Liability	(\$10,588,511)	(10%)
- Annual Required Contribution	(\$ 922,627)	(7%)
<i>1% Increase in Future Healthcare Trend Rates</i>		
- Actuarial Liability	\$26,950,731	15%
- Actuarial Accrued Liability	\$11,239,464	11%
- Unfunded Actuarial Accrued Liability	\$11,239,464	11%
- Annual Required Contribution	\$ 1,752,901	13%

H. Liabilities - Alternative Discount Rates

The District also requested the measurement of the liability and annual required contribution assuming that the District prefunds for retiree health benefits through a GASB eligible trust assuming an investment policy with a target rate of return equal to 7.0%. The impact on the accounting results are presented below:

	<u>Explicit</u>	<u>Implicit</u>	<u>Total</u>
1. Actuarial Liability (AL)			
Actives	\$73,299,426	\$31,405,577	\$104,705,003
Retirees	<u>7,553,195</u>	<u>3,139,772</u>	<u>10,692,967</u>
Total AL	\$80,852,621	\$34,545,349	\$115,397,970
2. Actuarial Accrued Liability (AAL)			
Actives	\$44,862,248	\$19,237,927	\$ 64,100,175
Retirees	<u>7,553,195</u>	<u>3,139,772</u>	<u>10,692,967</u>
Total AAL	\$52,415,443	\$22,377,699	\$ 74,793,142
3. Actuarial Value of Assets	(0)	(0)	(0)
4. Unfunded AAL (UAAL)	\$52,415,443	\$22,377,699	\$ 74,793,142
5. Amortization Factor	11.272187	11.272187	11.272187
6. Amortization of UAAL	\$ 4,649,980	\$ 1,985,214	\$ 6,635,194
<u>FY2016/2017 Annual Required Contribution (ARC)</u>			
1. Normal Cost at End of Year	\$ 3,038,206	\$ 1,306,273	\$ 4,344,479
2. Amortization of UAAL at End of Year	<u>4,649,980</u>	<u>1,985,214</u>	<u>6,635,194</u>
3. Annual Required Contribution (ARC)	\$ 7,688,186	\$ 3,291,487	\$ 10,979,673
<u>FY2017/2018 Actuarially Determined Contribution (ADC)</u>			
1. Normal Cost at End of Year	\$ 3,250,881	\$ 1,397,712	\$ 4,648,593
2. Amortization of UAAL at End of Year	<u>4,649,980</u>	<u>1,985,214</u>	<u>6,635,194</u>
3. Actuarially Determined Contribution (ADC)	\$ 7,900,861	\$ 3,382,926	\$ 11,283,787

* The District will be required to expense under GASB 75 for its fiscal year 2017/2018; the actuarially determined contribution reflects the contribution that could be made to prefund the retiree benefit obligation.

SECTION III. PROJECTED CASH FLOWS

The valuation process includes the projection of the expected benefits to be paid under the District's retiree health benefits program. The expected cash flows takes into account the likelihood of each employee reaching age for eligibility to retire and receive health benefits. The projection is performed by applying the turnover assumption to each active employee for the period between the valuation date and early retirement date. Once the employees reach the earliest retirement date, a certain percent are assumed to enter the retiree group each year. All remaining employees are assumed to have retired by age 65 at the latest. Employees already over age 65 as of the valuation date are assumed to retire immediately. The per capita cost as of the valuation date is projected to increase at the applicable healthcare trend rates both before and after the employee's assumed retirement. The projected per capita costs are multiplied by the number of expected future retirees in a given future year to arrive at the cash flow for that year. Also, a certain number of retirees will leave the group each year due to expected deaths or reaching a limit age and this group will cease to be included in the cash flow from that point forward. Because this is a closed-group valuation, the number of retirees dying each year will eventually exceed the number of new retirees, and the size of the cash flow will begin to decrease and eventually go to zero.

The expected employer cash flows for selected future years are provided in the following table.

Projected Employer Cash Flows – Representative Years

<u>Fiscal</u> <u>Year</u>	<u>Future</u> <u>Retirees</u>	<u>Retired</u> <u>Employees</u>	<u>Total</u>	<u>Subsidy</u>	<u>District</u> <u>Total</u>
2016/17	\$ 509,965	\$2,562,160	\$ 3,072,125	\$ 1,238,275	\$ 4,310,400

SECTION IV. BENEFIT PLAN PROVISIONS

This study analyzes the postretirement health benefit plans provided by the District. The postretirement health plans and the District's obligation vary by employee group as described below.

Certificated, Classified & Other Non-Management Employees With Less Than 25 Years of Service

The District provides retiree medical benefits (including prescription drug benefits) to eligible retirees and their dependents. The District's financial obligation is to pay for retiree medical coverage to age 65 (Medicare eligibility). The District pays up to 100% of the cost for retiree's elected medical coverage up to an annual maximum. The annual maximum is based on the active employee annual medical maximum for medical benefits only and varies by family coverage tier. The retiree pays for any amounts above the District's contribution. The District does not provide any retiree health benefits beyond age 65 or Medicare eligibility, if earlier. No dental and vision coverage is available except through COBRA.

Eligibility for retiree health coverage requires retirement from the District under STRS/PERS on or after age 55 with at least 15 years of total District service. Disability coverage may be available for up to 10 years. Dependent coverage (except COBRA continuation) ceases a year after the death of the retiree or when the retiree would have reached age 65, if earlier. Effective January 1, 2006 spouses over 65 are not covered under the retiree's health plan.

Management Employees & All Other Employees With at Least 25 Years of Service

The District provides retiree medical benefits (including prescription drug benefits), dental benefits, vision benefits and life benefits to eligible retirees and their dependents. The District's financial obligation is to pay for the retiree and dependent coverage to age 65 (Medicare eligibility). The District pays up to 100% of the cost for retiree's elected coverages up to an annual maximum. The annual maximum is based on the active employee annual maximum. The current total maximum is \$14,130 for all family coverage tiers. The retiree pays for any amounts above the District's contribution. The District does not provide any retiree health benefits beyond age 65 or Medicare eligibility, if earlier.

Eligibility for retiree health coverage requires retirement from the District under STRS/PERS on or after age 55 with at least 15 years of total District service. Supervisors must have at least 15 years of District service and 25 years of total service. Disability coverage may be available for up to 10 years. The retiree pays for any amounts above the District's contribution. Dependent coverage (except COBRA continuation) ceases a year after the death of the retiree or when the retiree reaches age 65, if earlier. Effective January 1, 2006 spouses over 65 are not covered under the retiree's health plan.

Board Members

The District provides continuation of medical benefits (including prescription drug benefits), dental benefits, vision benefits and life benefits to eligible retired Board Members and their dependents. Eligibility requires at least 12 years of consecutive service on the Board at retirement. The eligible Board Member is required to pay the full cost of continuing coverage at retirement.

Premium Rates

The District participates in the Southern California Schools VEBA which has communicated to the District that it is a community-rated plan. In general, participating employers' rates are based on the experience of the pool. Premium rates may vary by coverage tier and Medicare eligibility. The following tables summarize the monthly premiums for the primary health plans in which the retirees are enrolled.

Medical Plans

2016	Single	Two-Party	Family
Kaiser \$5	\$ 546.00	\$1,078.00	\$1,521.00

SECTION VI. ACTUARIAL ASSUMPTIONS AND METHODS

The liabilities set forth in this report are based on the actuarial assumptions described in this section.

Fiscal Year: July 1st to June 30th

Measurement Date: July 1, 2016

Fiscal Years Covered: Annual required contribution for the fiscal year ending June 30, 2016 (FY2016/2017); actuarially determined contribution* for the fiscal year ending June 30, 2016 (FY2017/2018)

* The District will be required to expense under GASB 75 for its fiscal year 2017/2018; the actuarially determined contribution reflects the contribution that could be made to prefund the retiree benefit obligation.

Funding Policy Pay-as-you-go

Discount Rate: 4.0% per annum. This discount rate assumes the District continues to fund for its retiree health benefits on a pay-as-you-go basis.

Sensitivity analysis showing a 1% increase or decrease in the discount rate is also provided.

[The prior valuation used 4.5%]

Inflation: 2.75% per annum

Salary Increases: 3.0% per annum, in aggregate

Pre-retirement Turnover: According to the Crocker-Sarason T-5 turnover table less mortality. Sample rates are as follows:

Age	Males	Females
20	7.9%	7.9%
25	7.7	7.7
30	7.2	7.2
35	6.3	6.3
40	5.2	5.2
45	4.0	4.0
50	2.6	2.6
55	0.9	0.9

Mortality Rates:

Mortality rates are based on the most recent rates used by CalPERS and STRS for the pension valuations. Sample rates are as follows:

CalPERS		Actives		Retirees	
Age	Males	Females	Age	Males	
25	0.040%	0.023%	25	0.040%	
30	0.049%	0.025%	30	0.049%	
35	0.057%	0.035%	35	0.057%	
40	0.075%	0.050%	40	0.075%	
45	0.106%	0.071%	45	0.106%	
50	0.155%	0.100%	50	0.155%	
55	0.228%	0.138%	55	0.228%	
60	0.308%	0.182%	60	0.308%	
65	0.400%	0.257%	65	0.400%	
70			70		
75			75		
80			80		

STRS		Actives		Retirees*	
Age	Males	Females	Males	Females	
25	0.023%	0.013%			
30	0.033%	0.014%			
35	0.034%	0.018%			
40	0.057%	0.034%			
45	0.076%	0.041%			
50	0.103%	0.063%			
55	0.143%	0.093%	0.164%	0.118%	
60	0.238%	0.179%	0.300%	0.254%	
65	0.435%	0.368%	0.596%	0.468%	
70			1.095%	0.864%	
75			1.886%	1.451%	
80			3.772%	2.759%	

* Rates applicable to future retirees include a 2 year setback.

Retirement Rates:

Age	Percent Retiring*	
	Classic	PEPRA
55	25.0%	20.0%
56	10.0%	7.5%
57	10.0%	10.0%
58	10.0%	10.0%
59	15.0%	15.0%
60	15.0%	15.0%
61	20.0%	15.0%
62	35.0%	25.0%
63	35.0%	25.0%
64	35.0%	25.0%
65	45.0%	35.0%
66	35.0%	30.0%
67	30.0%	30.0%
68	30.0%	30.0%
69	30.0%	30.0%
70	100.0%	100.0%

* Of those having met eligibility to receive District paid benefits. The percentage refers to the probability that an active employee who has reached the stated age will retire within the following year.

[The prior valuation used the following table for all employees:]

Age	Percent Retiring*	
	STRS Employees	PERS Employees
50	0.0%	2.0%
51	0.0%	2.0%
52	0.0%	2.0%
53	0.0%	2.0%
54	0.0%	2.0%
55	25.0%	25.0%
56	15.0%	15.0%
57	10.0%	10.0%
58	10.0%	10.0%
59	10.0%	10.0%
60	50.0%	50.0%
61	35.0%	35.0%
62	50.0%	50.0%
63	25.0%	25.0%
64	25.0%	25.0%
65	100.0%	100.0%

Participation Rates:

Active employees meeting eligibility for retirement are assumed to elect retiree health coverage at retirement and elect plan coverage based on their current plan elections. Employees currently waiving coverage are assumed to waive coverage.

Spouse Coverage: 55% of future retirees electing coverage are assumed to be married and elect coverage for their spouse. Spouses are assumed to be same age as retiree. Actual spouse coverage and spouse ages are used for current retirees.

Claim Cost Development: The valuation claim costs are based on the premiums paid for medical insurance coverage. The valuation was based on the medical premiums furnished by the District. The District participates in the Southern California Schools VEBA which was considered a community-rated plan. Past valuations assumed the District was exempt from the valuation of any medical plan implicit rate subsidy. An implicit rate subsidy can exist when the non-Medicare rates for retirees are the same as for active employees. Since non-Medicare eligible retirees are typically much older than active employees, their actual medical costs are typically higher than for active employees. The current valuation contains an estimate of the implicit rate subsidy. The valuation results were determined using the higher expected costs associated with retired employees assuming that the underlying morbidity is similar to other similarly situated California-based plans..

Medical Trend Rates:

Year	Trend
2018	6.5%
2019	6.0%
2020	5.5%
2021+	5.0%

Annual Maximums: The annual medical maximums are assumed to increase based on the ultimate medical trend rate.

Actuarial Cost Method: The actuarial cost method used was Projected Unit Credit with service prorate. Under this method, the Actuarial Accrued Liability is the present value of projected benefits multiplied by the ratio of benefit service as of the valuation date to the projected benefit service at retirement, termination, disability or death. The Normal Cost for a plan year is the expected increase in the Accrued Liability during the plan year.

All employees eligible as of the measurement date in accordance with the provisions of the Plan listed in the data provided by the District were included in the valuation.

Actuarial Value of Assets: Any assets of the plan will be valued on a market value basis. As of the valuation date, there were no GASB eligible assets.

Amortization of UAAL: The unfunded actuarial accrued liability is being amortized over an initial 30 years using a level-dollar amortization method. The outstanding unfunded actuarial accrued liability at July 1, 2016 is amortized over 21 years.

SECTION VII. ACTUARIAL CERTIFICATION

The results set forth in this report are based on the actuarial valuation of the retiree health benefit plans of Sweetwater Union High School District (the "District") as of July 1, 2016. This report is prepared in accordance with our understanding of GASB Statements No. 43 (Financial Reporting for Post-Employment Benefit Plans Other Than Pension Plans) and No. 45 (Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions). Determination for purposes other than meeting these requirements may be significantly different from the results contained in this report.

The information presented herein is based on the actuarial assumptions and substantive plan provisions summarized in this report and participant information and asset information furnished to us by the Plan Sponsor. We have reviewed the employee census provided by the Plan Sponsor for reasonableness when compared to the prior information provided but have not audited the information at the source, and therefore do not accept responsibility for the accuracy or the completeness of the data on which the information is based. When relevant data may be missing, we may have made assumptions we feel are neutral or conservative to the purpose of the measurement. We are not aware of any significant issues with and have relied on the data provided.

The discount rate and other economic assumptions have been selected by the Plan Sponsor. Demographic assumptions have been selected by the Plan Sponsor with the concurrence of Nyhart. In our opinion, the actuarial assumptions are individually reasonable and in combination represent our estimate of anticipated experience of the Plan. All calculations have been made in accordance with generally accepted actuarial principles and practice.

Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following:

- plan experience differing from that anticipated by the economic or demographic assumptions;
- changes in economic or demographic assumptions;
- increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period); and
- changes in plan provisions or applicable law.

While some sensitivity analysis was provided in the report, we did not perform an analysis of the potential range of future measurements due to the limited scope of our engagement.

To our knowledge, there have been no significant events prior to the current year's measurement date or as of the date of this report that could materially affect the results contained herein.

Neither Nyhart nor any of its employees has any relationship with the plan or its sponsor that could impair or appear to impair the objectivity of this report. Our professional work is in full compliance with the American Academy of Actuaries "Code of Professional Conduct" Precept 7 regarding conflict of interest. The undersigned meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.

Should you have any questions please do not hesitate to contact me.

SECTION VIII. DEFINITIONS

The definitions of the terms used in GASB actuarial valuations are noted below.

Actuarial Liability (also referred to as Present Value of Future Benefits) – Total projected benefits include all benefits estimated to be payable to plan members (retirees and beneficiaries, terminated employees entitled to benefits but not yet receiving them, and current active members) as a result of their service through the valuation date and their expected future service. The actuarial present value of total projected benefits as of the valuation date is the present value of the cost to finance benefits payable in the future, discounted to reflect the expected effects of the time value (present value) of money and the probabilities of payment. Expressed another way, it is the amount that would have to be invested on the valuation date so that the amount invested plus investment earnings will provide sufficient assets to pay total projected benefits when due.

Actuarial Accrued Liability – That portion, as determined by a particular Actuarial Cost Method, of the Actuarial Present Value of plan benefits and expenses which is not provided for by the future Normal Costs.

Actuarial Assumptions – Assumptions as to the occurrence of future events affecting health care costs, such as: mortality, turnover, disablement and retirement; changes in compensation and Government provided health care benefits; rates of investment earnings and asset appreciation or depreciation; procedures used to determine the Actuarial Value of Assets; characteristics of future entrants for Open Group Actuarial Cost Methods; and other relevant items.

Actuarial Cost Method – A procedure for determining the Actuarial Present Value of future benefits and expenses and for developing an actuarially equivalent allocation of such value to time periods, usually in the form of a Normal Cost and an Actuarial Accrued Liability.

Actuarial Present Value – The value of an amount or series of amounts payable or receivable at various times, determined as of a given date by the application of a particular set of Actuarial Assumptions.

Annual OPEB Cost – An accrual-basis measure of the periodic cost of an employer's participation in a defined benefit OPEB plan.

Annual Required Contribution (ARC) – The employer's periodic required contributions to a defined benefit OPEB plan, calculated in accordance with the parameters.

Explicit Subsidy – The difference between (a) the amounts required to be contributed by the retirees based on the premium rates and (b) actual cash contribution made by the employer.

Funded Ratio – The actuarial value of assets expressed as a percentage of the actuarial accrued liability.

Healthcare Cost Trend Rate – The rate of change in the per capita health claims costs over time as a result of factors such as medical inflation, utilization of healthcare services, plan design, and technological developments.

Implicit Rate Subsidy – In an experience-rated healthcare plan that includes both active employees and retirees with blended premium rates for all plan members, the difference between (a) the age-adjusted premiums approximating claim costs for retirees in the group (which, because of the effect of age on claim costs, generally will be higher than the blended premium rates for all group members) and (b) the amounts required to be contributed by the retirees.

Net OPEB Obligation – The cumulative difference since the effective date of this Statement between annual OPEB cost and the employer's contributions to the plan, including the OPEB liability (asset) at transition, if any, and excluding (a) short-term differences and (b) unpaid contributions that have been converted to OPEB-related debt.

Normal Cost – The portion of the Actuarial Present Value of plan benefits and expenses which is allocated to a valuation year by the Actuarial Cost Method.

Pay-as-you-go – A method of financing a benefit plan under which the contributions to the plan are generally made at about the same time and in about the same amount as benefit payments and expenses becoming due.

Per Capita Costs – The current cost of providing postretirement health care benefits for one year at each age from the youngest age to the oldest age at which plan participants are expected to receive benefits under the plan.

Select and Ultimate Rates – Actuarial assumptions that contemplate different rates for successive years. Instead of a single assumed rate with respect to, for example, the healthcare trend rate assumption, the actuary may apply different rates for the early years of a projection and a single rate for all subsequent years. For example, if an actuary applies an assumed healthcare trend rate of 6.5% for year 20W0, 6.0% for 20W1, 5.5% for 20W2, then 5.0% for 20W3 and thereafter, then 6.5%, 6% and 5.5% are select rates, and 5% is the ultimate rate.

Substantive Plan – The terms of an OPEB plan as understood by the employer(s) and plan participant.

June 26, 2017

Board Item - L.-1.

Issue:

Employment, change of status, and separations of certificated personnel.

Superintendent's Recommendation:

Approve/ratify certificated personnel actions processed by the human resource services division between the dates of May 1, 2017, and May 31, 2017.

Analysis:

Attached is a report of the personnel actions processed by the human resource services division including hires and re-hires of both regular and substitute employees; changes in assignment, status, and seniority; leaves of absence and returns from leaves of absences; and separations, resignations, and retirements. For questions regarding this board item, please contact Thomas Glover at 619/585-6010 or thomas.glover@sweetwaterschools.org.

Fiscal Impact:

None.

Board Item - L.-2.

Issue:

Employment, change of status, and separations of classified personnel.

Superintendent's Recommendation:

Approve/ratify classified personnel actions processed by the human resource services division between the dates of May 1, 2017, and May 31, 2017.

Analysis:

Attached is a report of the personnel actions processed by the human resource services division including hires and re-hires of both regular and substitute employees; changes in assignment, status, and seniority; leaves of absence and returns from leaves of absence; and separations, resignations, and retirements. Walk-On Coaches effective dates are determined by the California Interscholastic Federation (CIF) season based on the identified sport.

For questions regarding this board item, please contact Thomas Glover at 619/585-6010 or thomas.glover@sweetwaterschools.org.

Fiscal Impact:

None.

Board Item - L.-3.

Issue:

Citizens' Bond Oversight Committee (CBOC) member appointments.

Superintendent's Recommendation:

Approve the following appointments for members of the Citizens' Bond Oversight Committee:

Nick Marinovich, At-Large Member, Term: July 1, 2017, to June 30, 2020;
Dominique Navarro, At-Large Member, Term: July 1, 2017, to June 30, 2020;
Erica Balakian, At-Large Member, Term: July 1, 2017, to June 30, 2018; and
Albert Sides, Parent/Guardian of a Student, Term: July 1, 2017, to June 30, 2020.

Analysis:

The purpose of the CBOC is to inform the public, at least annually in a written report, concerning the expenditure of Proposition O Bond proceeds. The members of the committee are expected to possess skills and experiences in one or more of the areas of large scale construction operations, municipal/public finance matter, experience with agency/entity budgeting, project management and/or other qualified professionals.

Staff advertised the vacancies in March/April 2017, via the district website and Jupiter Grades Messenger Student Information System. Advertising was also in the following local newspapers: The Star News, Coronado Eagle & Journal, Imperial Beach Eagle & Times and La Prensa San Diego. The posting closed on April 20, 2017.

In total, 14 applications were received and screened by staff for skills and experience. Panel interviews were held on Wednesday, June 7, 2017, with the panel composed of five (5) panelists and one (1) human resources facilitator. The top three (3) applicants for the position of Member of the Community At-Large and one (1) applicant for the position of Parent or Guardian of a Student, are recommended for approval.

For questions regarding this board item, please contact Thomas Glover at 619/585-

6010 or thomas.glover@sweetwaterschools.org.

- Provide technical input and analyses on the following subject areas: the regional economic impacts of alternative uses of military land, revenues for the incorporation of County communities, and market research/feasibility of commercial zoning proposals
- Conduct research on the rental and condominium conversion market in San Diego County

EDUCATION

BA in Economics San Diego State University June 1975, 42 Graduate Units in Economics

Nick Marinovich: California School Bond Program Experience and Expertise

Chair: Sweetwater Unified High School District Bond Oversight Committee (April 2012 Appointment).

After being appointed Chair in June 2012, my responsibilities have included but limited to the following:

- Coordination with District Staff and Bond Oversight Committee Members. This includes weekly meeting with staff going over the status of pending projects, Committee policy issues, agenda formulation, requests for information from Committee members, and administration issues (eg. submission of 700 Forms).
- Monthly Presentations to the Board of Trustees. Each month at a regular Board meeting, the results of Oversight Committee meetings are summarized, policy issues are raised, and the results of external meetings (e.g. California League of Bond Oversight Committees) is communicated.
- Training of New Committee Members. After Board appointment the Chair presents a summary of the statutory and legal requirements associated with being on a Bond Oversight Committee.
- Brown Act Compliance. While the District is responsible for advising the Committee on Brown Act issues, it is the responsibility of the Chair to act as Gatekeeper and watchdog/reminder on the importance of the Brown Act. It has worked well.
- Development of Bond Oversight Committee Operating Standards. With the assistance of the California League of Bond Oversight Committees, the Chair led in the development of operating standards relative to: legal requirements (eg. committee membership), recruitment and selection, orientation, public disclosure, financial audit, committee budget, performance audit, and access to information.
- Preparation of Agenda and Backup. With consultation from the Committee members, the Chair forms the agenda and often when necessary will prepare agenda written documents including a detailed Chair Report and backup. Chair issues have included need for Committee resources, performance audit requirements, and Committee Operating Standards.
- Review and Comment on Staff Bond Oversight Committee Reports. There is ongoing review, comment, and request for additional/clarification between the Chair/Committee and District staff.
- Web Site Development. The Proposition "O" site with the cooperation of District Staff has improved dramatically under the leadership as Chair. Maximum effort is given to fully inform the public.
- Media Contact. The Chair represents the Bond Oversight Committee with the local television, print, and on line media.

By the own accounts of the California League of Bond Oversight Committees, the Sweetwater Unified High School District Bond Oversight Committees is a trend setter in compliance with the Education Code that governs such Committees.

Board of Directors: California League of Bond Oversight Committees (Calboc)

Since joining Calboc August 2012 and becoming a Board of Directors in November 2012, responsibilities have included:

- Training Program Assistance. This includes having the lead responsibilities for developing a written and video presentation on Bond Oversight Committees Best Practices for a Statewide training program.
- Best Practices. Preparation of Best Practices documents relating to Annual Reports, Performance Audit, Selection of members, Training and Orientation, and role of Bond Oversight Committee.

Member: Sweetwater Unified High School District Proposition BB Bond Oversight Committee (2005 to 2007). I served as an At Large Committee member during the latter Phase of BB and spoke forcefully to compliance with procedures and protocol relative to the selection of consultants.

NICK MARINOVICH MASTER PLANNING EXPERIENCE

Governmental Center Complex. This study prepared at the request of the Board of Supervisors directed the Chief Administrative Officer to report on the potential uses of the County's Downtown properties and consideration of a proposed Government Center Complex that could house Federal, State, and City of San Diego governments and to determine their space needs and level of interest. The report focused on three issues: 1) the potential for functional consolidation of services provided by various government agencies 2) the advantages and disadvantages to the public of the Government Center Complex 3) the specific long range and functional requirements for departments in the County Administration Center.

Master Plan for the County Operations Center Complex Demolition and Expansion. At the initial planning stages, a scope of work, cost estimate and issues for consolidation was developed with cooperation and assistance from a private consulting firm. Policy issues and alternatives were defined and refined at the very early planning stages. Eventually this initial planning study was used as the basis for the eventual refinement of architectural programs and actual construction of the multi-million dollar County Operations Center Expansion and development.

San Diego County Court Facility Master Plans. For all court facility master planning for the County of San Diego, I was lead staff supervision including data collection and analysis from 1983 to 2010. Two of these master plans led to actual construction projects for the Hall of Justice and North County Regional Center Expansion.

San Diego Master Plan for Justice Facilities. This effort entailed the estimation of the demand and cost for expansion and refurbishment of regional justice facilities for the County of San Diego. My efforts focus on the court system. This Master Plan incorporated individual facility master plans into the overall County strategy. Personal efforts included analyses of special issues facing the court system such as use of night/shared courtrooms and decentralization of court facility functions.

Juvenile Justice Needs Assessment. In order to assist the Probation Department in various grant efforts, a study was prepared using historical crime data coupled with demographic projections of age cohorts to forecast future facility needs. Both court and detention needs were identified.

Girls Rehabilitation Facility Needs Assessment. Similar to the Juvenile Justice Needs Assessment, this study focus on the need for transitional detention housing for female juveniles adjacent to Juvenile Hall.

County Administration Center Waterfront Park Master Plan. This pending park project adjacent to the seat of the County government, the County Administration Center, was my responsibility up to the schematic design phase. Efforts included retention of programming and design consultant as well as organizing and conducting community workshops and interfacing with Board of Supervisors offices. Efforts entailed liaison with Downtown San Diego interest groups such as the Little Italy Association and the Centre City Development Corporation.

The Proposed Military Base Realignment: An Analysis of Military v. Civilian use of San Diego's Marine Corps Recruit Depot. In early 1978, the Federal Government proposed potential consolidation of the San Diego Marine Corps Recruit Depot and Naval Training Center to Parris Island South Carolina and Great Lakes Michigan, respectively. The study focused on the economic impact of relocation of military functions as well as the potential economic benefits of redevelopment of this land to alternative uses.

Dominique L. Navarro

EXPERIENCE

Environmental Health Coalition

Grantwriter and Fund Development Associate

July 2016 – Present

National City, CA

- Lead foundation fundraising for an organization with an annual budget of over \$2,000,000 and manage foundation partners including Kresge Foundation, The San Diego Foundation, CalEPA, and the Environmental Protection Agency

Adelante Consulting

Founder

March 2015 – Present

San Diego, CA

- Prepared grant applications, letters of inquiry, and reports for local nonprofit organizations including Partners for Progress San Diego, Center on Policy Initiatives, and the Cesar Chavez Service Clubs
- Managed the Leadership Pipeline Report update for submission to Social Equity Funders on behalf of the Center on Policy Initiatives, including volunteer management, data compilation, and outreach support
- Secured close to \$2M for clients from funders including The California Wellness Foundation, Satterberg Foundation, SDG&E, San Diego Women's Foundation, and the Open Society Foundations

The San Diego Foundation

Center for Civic Engagement (CCE) Program Specialist

March 2015 – July 2016

San Diego, CA

- Engaged The San Diego Foundation networks in dialogue on regional issues through a combination of public programming, donor convenings, and staff trainings with attendance of 2,277 community residents
- Identified and fostered relationships with community residents and nonprofits that are new to the CCE, resulting in an average of 45% event attendees that have not previously engaged with The San Diego Foundation

Center on Policy Initiatives

Development Coordinator

April 2013 – March 2015

San Diego, CA

- Managed the organization's foundation fundraising with an annual budget of over \$1,000,000; including but not limited to the writing of letters of inquiry, applications, proposals, reports, and program budgets for foundations including Open Society Foundations, The California Endowment, Ford Foundation, and the Leichtag Family Foundation
- Engaged in prospecting for new foundation partners; leading to new contacts with donors such as The Left Tilt Fund, Herb Block Foundation, Discount Foundation, Hazen Foundation, and the Russell Sage Foundation

EDUCATION

UC San Diego School of Global Policy & Strategy

Masters of International Affairs (MIA)

June 2012

La Jolla, CA

- Focus: International Environmental Policy, Latin America
- Internship: Centro Terra Viva, Maputo, Moçambique (June 2011 – September 2011)

UC San Diego

Bachelor of Arts (BA)

June 2010

| • Project Management | • Policies & Procedures | • Budget Management |
| • Key Performance Indicators | • Process Improvement | • Budget Development |
| • Strategic Planning | • Systems Implementation | • Grants Management |

PROFESSIONAL EXPERIENCE

Operations Coordinator, Juvenile Court and Community Schools
San Diego County Office of Education

8/2015 – present

Major areas of responsibility includes managing the development and implementation of goals, objectives, policies and priorities for assigned programs including providing direction and oversight of administrative, business and support functions which include but are not limited to School Finance and Budget, Human Resources, Facilities, Planning, Maintenance and Operations, Food Services, Technology, Attendance, Records and Data Collection, Procurement and Distribution within Juvenile Court and Community Schools. Key accomplishments include:

- Budget development and management – develop annual budget in consultation with other senior leaders. Oversight, including allocation and management of \$6MM annual operations budget.
 - Monitor monthly budget expenditures and implement controls and spending limits per staff member to stay within budget. Collaborate with school Principals to monitor expenditures in their site budgets.
 - Implement controls and multi-step approvals for purchasing basic supplies, supplemental instructional materials, conference/professional development, and textbooks.
 - Participate in LCFF and LCAP development and monitoring for alignment of expenditures.
- Redesign the procurement and warehousing function for JCCS to support 16 Community School sites and 7 court sites across San Diego County.
 - Implement an online ordering/request process that created accountability for the tracking and distribution of basic school supplies, teacher/student technology, books and curriculum materials, and other supplemental instructional materials. Process more than 1,200 individual requests from teachers over a 6 month period. Average delivery time/fulfillment time improved by 6 days.
 - Create reporting and KPI's that provided insight into the distribution of resources across the system of community schools and court sites.
 - Conduct annual inventory and implement comprehensive and accurate database for capital goods – where one did not exist in the prior five years.
- Comprehensive planning and management of student and teacher technology.
 - Manage the physical inventory of Chromebooks/GAFE admin panel. Operate in a one-to-one student to device environment.
 - Develop and deploy new teacher technology packages in three phases. Select and upgrade teacher laptops, presentation stations, and flat screen TV's across the system of schools.
- Direct staff reports include Food Services Manager, Purchasing/Warehouse/Distribution Staff (2), Program Secretary, Office Assistant, Tech Support Staff (2).

Director, Operations and Organizational Effectiveness
Partners for Developing Futures

2/2013 – 7/2015

Major areas of responsibility include development and management of charter school incubation grant programs, performance management and program evaluation, technology and program operations for managing a remote team of employees, and developing organizational processes and strategies for improvement of service delivery.

- Coordinate the accounting functions related to charter school granting activities:
 - Propose policies and procedures related to restricted funds for review and implementation by grantees.
 - Assist grantees in the financial reporting and other administrative requirements of their grants/contracts, Memorandum of Agreements, training.
 - Monitoring/tracking the status of each grant awarded through its program life cycle.
 - Maintain the master financial calendar.
 - Support CFO in preparation, review, and coordination of our annual audit.
- Prepare, review, or direct all accounting entries (transactions and journals) related to disbursement of grant awards to grantees.
- Provide training & workshops to all grantees on how to more efficiently and effectively manage their respective grants in following our organizational policies and guidelines.
- Design, configure and manage Salesforce.com CRM database for tracking all organizational data.
 - Transition organization from no centralized data system, to a fully integrated cloud-based data solution. Utilize various plug-in apps for increased system functionality.
- Grants Management – including management of grantee processes and grant-seeking activities, including writing and grant reporting to the Walton Foundation, Gates Foundation, the Arnold Foundation, and other national non-profits. Submitted Federal i3 Grants in 2011 and 2012.

Specialist, Data and Training
San Diego Unified School District

4/2011 – 2/2013

Data and training expert responsible for the management and execution of teacher tech training programs.

- Develop training materials, job aids, and training videos for multiple technology initiatives, including districtwide implementation of one-to-one iPad program, and training middle school teachers to use DataDirector SIS system to implement data-driven instructional strategies.
- Lead training of teachers and staff in transition from Zangle SIS to PowerSchool.
- Develop online training modules using Moodle LMS platform, integrate videos, assessments, and chat rooms for asynchronous learning.
- Manage two department grant project evaluations (including federal EETT Technology grant), analyzing and reporting on a variety of qualitative and quantitative measures on a regular basis. Develop surveys, collect, analyze, and report on training participants' feedback.
- Reconcile department training budgets on a monthly basis. Monitor grant expenditures to ensure compliance.
- Consult with school site for staff needs assessments and develop and deliver customized training.

Manager, School Support Services
Partnership for Los Angeles Schools (PLAS)

3/2008 – 4/2011

Founding member of the largest Education Management Organization in California, selected by Ray Cortines and Mayor Antonio Villaraigosa to turn-around 16 of LAUSD's lowest performing schools.

- Implemented a comprehensive Performance Management system that included regular reporting and school level dashboards to support effective decision-making by PLAS leadership, Board of Directors, and school Principals. Including monthly reporting on Key Performance Indicators such as student benchmark assessment results, student and staff attendance, student discipline metrics, and student and parent satisfaction ratings.
- Liaison with LAUSD and PLAS staff and principals to transition to a modified per pupil budgeting model called Budgeting for Student Achievement over 3 year period. Included design, training, and on-going support during phased implementation process.
- Developed and implemented comprehensive multi-year facility improvement plans for PLAS schools (elementary, middle, and high school).

- Strategic priorities work focused on growth of the organization (successfully expanded from 10 to 16 schools in 3 years), annual strategic planning, program evaluation, best practices/benchmarking, grant writing and management (including Federal School Improvement Grant).

Supervising Administrative Assistant II

8/2005 – 3/2008

San Diego Unified School District

Develop and maintain the operations and services of a high poverty, high performing elementary school with a \$3MM annual operating budget. Effectively manage school operations and its services so the school Principal was able to focus on the strengthening the instructional program. Implement site-based budgeting. Implement PeopleSoft and new SIS system (transition from Aeries to Zangle). Manage categorical budgets and monitoring. Participate as SSC Chairperson for 2 years. Supervise a staff of 8 classified support personnel.

Planning Analyst/Administrative Assistant II

9/2000 – 8/2005

San Diego Unified School District

Coordinate departmental and interdepartmental activities; monitoring and approval of categorical budget expenditures, manage the implementation of comprehensive reform models in underperforming schools. Write board reports and evaluate reform efforts using student outcome data. Compile and analyze data, including supporting program manager and executive director in preparing annual State and Federal Student Achievement board reports.

Associate Marketing Services Manager

3/1999 – 8/2000

Delimex

Reporting to the CEO, Manage the production process for all retail promotional and brand communications programs including: newspaper, magazine, coupon books, direct mail, in-store literature, etc. Manage all creative assets to ensure they are up-to-date, accurate (meets brand standards) and easily accessible. Manage all production budgets. Manage multiple printing vendors to ensure branding is consistent and up to date.

EDUCATION

CBO Certificate Program

University of Southern California

7/2016– 6/2017

Master of Business Administration (MBA)

San Diego State University

May 2004

Bachelors of Arts, Economics

CA State University, San Marcos

May 1996

Computer Skills: PeopleSoft HRM/Finance, Salesforce, Oracle BI, Cognos, MS Word, Excel, PowerPoint, Access, Outlook, Project, Visio, Explorer, and Publisher; Google Apps; Pages, Keynote, iMovie and Numbers; Sharepoint, Multiple Student Information Systems, Aeries; Moodle LMS; Weebly; Basecamp, Web-Ex. PC and MAC proficient.

CBO Training/Competencies: AB1200 – Budget Compliance, LCFF Calculator/Funding Model, LCAP Development, Risk Management, Auditing, Maintenance and Operations, Technology Planning and Implementation, Charter School Petition Evaluation, MOU Development, and District Oversight, and SACS/Recording Expenditures.

AL Sides

Qualifications:

- Sitting Vice Chair City of Chula vista Building Dept. Board of Appeals
- Mechanical and electrical maintenance and troubleshooting
- 240/480v, ACIDC, contacts, relays, drives, motor controls
- PLC troubleshooting and language modifications, edit, modify language/Allen Bradley
- Maintenance department supervision and employee management, training and coaching
- PM programs, capital projects, budgeting, planning, vendor relationships
- FDAIGMP practices and standards, assisting with meeting production goals and objectives
- Six Sigma trained, SPC controls, TOM, cost savings, waste reductions
- Safety/OSHA training and program implementations lock out/tag out.
- Bilingual English/Spanish

Work experience:

2013- Present Facilities Engineer Student Union CSUSM

All aspects of building maint. for Student Union building

All aspects of Maint for Clarke fieldhouse.

Managing Student assistants

Supporting AV/IT technical and events

Conducting training classes for student assistants

2012-2013-Director of Operations PSAV Westin Gaslamp

Supervise all aspects of Av dept for the Hotel

Manage and supervise all technicians

Schedule all technical help

Spec and order all Av gear

Repair and return all gear to distribution center

Maintain M.P.S.I. scores

2010-2012 Director of Audio Visual Sheraton Carlsbad

Supervise all aspects of Audio Visual for the Resort

Coordinate all show aspects for Special events on property

Manage all financial aspects including scheduling of Technical help for shows

2008- 2010 PRESENTATION SERVICES -ETS 2

Electrical Maintenance Specialist

Electrical maintenance on various projects and set ups. Lighting Specialist/Audio

Specialist/Rigging Specialist/Project Specialist

2005 - 2007 R.S.I. Id. Technologies-

Chula Vista, CA.

Facilities Maintenance Manager

Facilities Manager of two buildings performing all supervisory functions for the maintenance management of the facility and the maintenance department. Maintenance Manager for R.F.I.D. Tag production, Safety Coordinator/OSHA and Major Project Manager.

1993 -

2005 Sealed Air Corporation- Chula Vista, CA.

Maintenance Supervisor/Lead Mechanic

Major Project Lead Manager for capital investments. Perform mechanical and electrical repair and maintenance. PM maintenance, scheduling and planning. First Aid First Responder and Lead Trainer

1985 - 1992

Metal Container Corp. - Riverside, CA

Machinery Technician

Performed various maintenance and repair on plant machinery and equipment. Statistical Process Control Trained, experience with Quality Assurance Lab and was Lead Technician and Team Leader for the maintenance department. Employee Trainer/Forklift Trainer

1983 - 1985

Anheuser Busch Corporate Engineering. - Los Angeles Brewery

Project Safety inspector

Assisted with capital engineering projects, performed safety audits and inspections, able to follow all blueprints and schematics

Education:

- Nyack Public School system, Nyack New York 1-12
- Rockland Community College - Business Administration Program
- Statistical Process Control Technical Training

June 26, 2017

Board Item - M.-1.

Issue:

Capital Projects Monthly Status Reports and approval of new and revised projects and budgets.

Superintendent's Recommendation:

Accept the progress reported within the Capital Projects Monthly Status Reports and approve budget adjustments for new and revised projects and budgets.

Analysis:

Capital Program Budget Adjustments:

The following budget adjustments are also outlined within the *Consolidated Budget and Expenditure Monthly Status Report*.

[1] Establish a new project for structural and engineering services for the removal and replacement of the Castle Park High School Stadium Scoreboard. The new scoreboard was donated by the International Brotherhood of Electrical Workers (IBEW) Local 569. Funding for this project (\$5,500) is being transferred from the current Fiscal Year's (FY) Deferred Maintenance Fund. Budget transfers have no effect on the existing funding source (Fund 14, Resource Code: 0915). Staff has included the funding for the construction phase of this project in the FY 2017-2018 Deferred Maintenance Fund plan. The construction phase budget will be added to the project after the board adopts the FY 2017-2018 Deferred Maintenance Fund.

[2] Establish a new project and budget of \$15,000, for Mar Vista High School (MVH) Cafeteria Upgrades. The district received a grant from the U.S. Department of Agriculture for the purchase of two highly efficient Rational Ovens (\$34,479). These ovens will give nutrition service's staff the ability to prepare several types of vegetables and proteins simultaneously, and increase the production of meals. The project will upgrade the infrastructure capacity of the MVH cafeteria, which currently does not accommodate the hook-up requirements for the oven. The cafeteria upgrades will help address the projected enrollment increase at the school site from residential development. Funding is from the fund balance of the Capital Facilities Fund (Fund 25; Resource Code: 0000).

[3] Decrease and close the remaining \$83,598, for Mar Vista High School Project 2 budget. Funding will be released back to the Proposition O Bond Sale 1 Contingency (Fund 22, Resource 0000). The project was completed and final retention payment has been processed.

[4] Increase the Montgomery Adult Culinary Arts Relocatable Project budget by \$330,200. Rename the project to Montgomery Adult Relocatable Classroom and Restroom 2017-2018 Project, and approve the revised scope of work. Funding is from the Proposition O Bond Sale 1 Contingency (Fund 22, Resource Code: 0000). The project's revised scope of work will include the replacement of a 24 x 40 relocatable classroom building, demolition and replacement of existing relocatable restroom, associated site work, path of travel, Americans with Disabilities Act (ADA) requirements and replacement of low voltage from the Main Distribution Frame (MDF) to all buildings on the north section of the campus.

Related Bond Language: [General Bond Language] "The general obligation bond funds of the Sweetwater Union High School District ("District") would be used to renovate, upgrade and provide major repair of existing school facilities, construct and acquire new school buildings and infrastructure and related facilities costs..."

[Site Specific] "Repair/restore on-site infrastructure and buildings. Upgrade/expand electrical systems to meet current and future demands, security systems and to accommodate technology."

[5] Establish the construction phase budget of \$55,673, for the Otay Ranch High School Water Intrusion Prevention (Multipurpose Room) Project. On October 24, 2016, the board approved the project's design phase budget of \$25,000. The total project budget and cost estimate is \$80,673. Funding is from the fund balance of the Mello-Roos CFD Fund (Fund 49, Resource Code: Various).

[6] Decrease the Southwest High School Title IX Project budget by \$189,000. Funding will be released back to the Proposition O Bond Sale 1 Contingency (Fund 22, Resource Code: 0000). Title IX requirements are being met by installing team room lockers in the boys and girls locker rooms. The facility originally planned to be repurposed to a team room is being used for the school site's dance program. These modifications meet the Title IX requirements, and are under budget.

For questions regarding this board item, please contact Moisés Aguirre at 619/585-6060 or moises.aguirre@sweetwaterschools.org.

Fiscal Impact:

Increase the budgeted expenditures for the Proposition O Bond Sale 1 by \$57,602 (Fund 22, Resource Code: 0000).

Increase the budgeted expenditures for the Capital Facilities Fund by \$15,000 (Fund 25, Resource Code: 0000).

Increase the budgeted expenditures for the Mello-Roos CFD Fund by \$55,673 (Fund 49, Resource Code: Various).

Consolidated Budget and Expenditure Monthly Status Report

The purpose of the attached report is to provide a comprehensive financial progress report of the Sweetwater Union High School District's capital projects. The report includes project budgets, recommended new and adjusted budgets, project encumbrances and project expenditures.

The information within this report is broken out into two separate sections. The first section provides a list of *Active Projects* in alphabetical order by site and project name. The second section provides a list of *Completed Projects* in alphabetical order by project name.

Section

Budget Adjustments:

- [1] Establish a new project for structural and engineering services for the removal and replacement of the Castle Park High School Stadium Scoreboard. The new scoreboard was donated by the International Brotherhood of Electrical Workers (IBEW) Local 569. Funding for this project (\$5,500) is being transferred from the current Fiscal Year's (FY) Deferred Maintenance Fund budget. Budget transfers have no effect on the existing funding source (Fund 14, Resource Code: 0915). Staff has included the funding for the construction phase of this project in the FY 2017-2018 Deferred Maintenance Fund budget plan. The construction phase budget will be added to the project after the board adopts the FY 2017-2018 Deferred Maintenance Fund budget.
- [2] Establish a new project and budget of \$15,000, for Mar Vista High School (MVH) Cafeteria Upgrades. The district received a grant from the U.S. Department of Agriculture for the purchase of two highly efficient Rational Ovens (\$34,479). The ovens will give nutrition service's staff the ability to prepare several types of vegetables and proteins simultaneously, and increase the production of meals. The project will upgrade the infrastructure capacity of the MVH cafeteria, which currently does not accommodate the hook-up requirements for the oven. The cafeteria upgrades will help address the projected enrollment increase at the school site from residential development. Funding is from the fund balance of the Capital Facilities Fund (Fund 25; Resource Code: 0000).
- [3] Decrease and close the remaining \$83,598, for Mar Vista High School Project 2 budget. Funding will be released back to the Proposition O Bond Sale 1 Contingency (Fund 22, Resource 0000). The project was completed and final retention payment has been processed.
- [4] Increase the Montgomery Adult (MOA) Culinary Arts Relocatable Project budget by \$330,200. Rename the project to MOA Relocatable Classroom & Restroom 2017-2018 Project and approve the revised scope of work. Funding is from the Proposition O Bond Sale 1 Contingency (Fund 22, Resource 0000). The project's revised scope of work will include the replacement of a 24 x 40 relocatable classroom building, demolition and replacement of existing relocatable restroom, associated site work, path of travel, Americans with Disabilities Act (ADA) requirements and replacement of low voltage from the Main Distribution Frame (MDF) to all buildings on the north section of the campus.
Related Bond Language: [General Bond Language] "The general obligation bond funds of the Sweetwater Union High School District ("District") would be used to renovate, upgrade and provide major repair of existing school facilities, construct and acquire new school buildings and infrastructure and related facilities costs..." [Site Specific] "Repair/restore on-site infrastructure and buildings. Upgrade/expand electrical systems to meet current and future demands, security systems and to accommodate technology."
- [5] Establish the construction phase budget of \$55,673, for the Otay Ranch High School Water Intrusion Prevention (Multipurpose Room) Project. On October 24, 2016, the board approved the project's design phase budget of \$25,000. The total project budget and cost estimate is \$80,673. Funding is from the fund balance of the Mello-Roos CFD Fund (Fund 49, Resource Code: Various).

Consolidated Budget and Expenditure Monthly Status Report (Continued)

Budget Adjustments (Continued):

- [6] Decrease the Southwest High School Title IX Project budget by \$189,000. Funding will be released back to the Proposition O Bond Sale 1 Contingency (Fund 22, Resource 0000). Title IX requirements are being met by installing team room lockers in the boys and girls locker rooms. The facility originally planned to be repurposed to a team room is being used for the school site's dance program. These modifications meet the Title IX requirements, and are under budget.

Important Notes:

Please see this report's cover page for details on the *Proposed Revisions This Month*.

[a] These projects have been put on hold, pending staff recommendations on scope of work and Board approval. A majority of these projects had no new activity, therefore an Active Project Monthly Status Report (Section II) was not completed for the month of May 2017.

[b] These projects are in close-out phase (example: pending DSA certification and/or final invoices), therefore an Active Project Monthly Status Report (Section II) was not completed for the month of May 2017.

Active Projects Monthly Status Report

The purpose of the attached reports is to provide a comprehensive construction summary and progress report of the Sweetwater Union High School District's capital projects. The report includes project description, construction status, breakdown of budget and expenditures by cost group, budget history and commitments, project status photos and key issues.

The District's Planning & Construction has prepared an *Active Project Monthly Status Report* for all active projects. A Report will not be completed for projects on hold or in close-out phase.

Note: In some cases, the expended amounts within this report may differ slightly from the information provided in Section I. This is due to rounding and the number of digits used in the reports.

Section

Important Notes:

Current Budget Amounts include budget revisions approved by the District's Board of Trustees on 5/22/2017 (Board Agenda Item M-1).

Construction Status Thru May 2017

Financial Status Thru 4/30/2017

Project Status/Comments:

Summary - Key Issues: This project is for the design of an artificial track and field, electrical infrastructure for stadium lights, bleachers and restrooms was approved by DSA on June 5, 2014. Funding for the project was approved by the board at the March 14, 2016 meeting. The District has proposed upgrades to this project beyond the DSA approved documents to include stadium lighting, increase the seating from 1,500 to 3,000, PA system and add a press box to this project to make it comparable to other district fields. Our environmental consultant, Dudek, has issued a revised draft Environmental Impact Report (EIR). The District has reviewed the correction and requires more detail on the traffic and noise issues. Dudek is reviewing this request. The final EIR report for public review has been moved to address the comments.

Construction Contract Change Orders: None.

Project Status/Comments:

Summary - Key Issues: The bid price of M.A. Stevens Construction Inc. was \$352,000 and the original construction project budget was \$175,000. On July 25, 2016 staff requested additional funding of \$100,000 to support actual construction costs. Bids were open on September 29, 2016 and on October 24, 2016 staff requested \$125,335 in additional funds to award to the second bidder (M.A. Stevens) because low bid of \$166,900 withdrew their bid. The Board of Trustees approved staff's recommendations for additional funds.

The project is complete and substantial completion walk held on April 7, 2017. The contractor will work on the corrective list. Planning & Construction Department is working with the Division of State Architect (DSA) staff for project certification.

Construction Contract Change Orders:

BVH Title IX (Girls Locker Room) – M.A. Stevens Construction, Inc., Bid 67-2577-LM, DSA 04-115417
 CO 1 – Upgrades door hardware to panic device. \$18,191.70 – Approved by the BOT on 05/08/17 = 5.17%

Budgeted Hard Cost	89.6%						

Project Status/Comments:

Summary - Key Issues: The initial contract #56-2552-GP for fungal remediation and asbestos abatement at building 1200-band room was ratified by the board on 3/14/16 Item N-4. When the interior walls were removed during the performance of the contract, it was discovered that the damage to the exterior stucco was extensive. The affected stucco was removed leaving exterior areas of the building exposed. The exterior walls were covered with commercial plastic protection temporarily.

Construction was completed by 12/31/16. The exterior coating, and interior work was all deemed acceptable and approved by district staff and the Inspector of Record.

Painting is complete. Flooring will be installed on June 8, 2017.

Construction Contract Change Orders:

Fungal remediation and asbestos abatement - S & J Builders, Bid 56-2552-GP, (non DSA bid)
Revision 1-Add asbestos abatement on exterior stucco per Section B of Bid. \$21,200.00-Approved by BOT 3/14/16 Item N-4
CO 1 – Provide roof cover protection. \$1,234.94-Ratified by BOT 6/27/16 Item N-3.-2% CO

SWEETWATER UNION HIGH SCHOOL DISTRICT

Capital Projects Report

II. ACTIVE PROJECT MONTHLY STATUS REPORT

Revision 2- No Competitive bid advantage for work performed at Castle Park High School-When interior walls were removed during the performance of this contract, it was discovered that the damage to the exterior stucco was extensive. The cost to cover the exterior walls is \$3,917.64, as required by the maintenance department and by risk management. This exceeded the ten percent limit for change orders as allowed by Public contract Code 20118.4/20659. There was no competitive advantage to the district for this work to be competitively bid due to the following reasons:

- Advertising and bid preparation costs make it cost prohibitive to bid such a low dollar project
- S&J Builders and Restoration Services was already working at the site on this project and would therefore, have an advantage over other bidders making it difficult to ensure a fair bid with all bidders as equal players.-Ratified by BOT 6/27/16 Item N-4

Fascia replacement and external structural reinforcement - GEM Industrial Electric, Inc., Bid 67-2592-JQ, (non DSA bid)
Allowance Return (\$6,692.44) – 13.43% decrease

Project Status/Comments:

Summary - Key Issues: On January 23, 2017, to the Board of Trustees approved staff's recommendations for the reallocation of the Proposition O Bond Sale 2 funds. The recommendations included the allocation of \$500,000 to this project, to bring the updated budget to \$900,000. Project budget was increased due to the extent of work required to achieve compliance in the restrooms to current code.

Construction estimate is valued at \$733,000 with conservative soft costs, project is currently tracking at \$931,818.88.

The bleachers have an 8-12 week manufacturing lead time, 2 weeks of transport, and 3 weeks of installation coordination of the bleachers. Floor remediation is imperative.

The project was rebid and the previous bid with CPH and SOH combined were rescinded. Only one (1) bid was received at bid opening, which came in over budget. The project has been re-advertised, bids were opened on May 3, 2017 and were approved at the May 22, 2017 board meeting for approval and award. Construction began on June 5, 2017. Scheduled to be complete September 29, 2017.

Construction Contract Change Orders: None.

Project Status/Comments:

Summary - Key Issues: The project budget was initially approved in November 2013 for \$43,000. An increase in scope and budget was approved on December 2013 for \$132,000. A final increase in scope and budget was approved on April 2016 for \$285,000. This established the current project budget of \$460,000. The Softball Team Room has been turned over to the School and is in use. FF&E materials are on order and expected in early June. The additional netting above Softball Field batter's box will be installed in early June as well.

Construction Contract Change Orders:

CVH Title IX Softball Team Room, Cyber Professional Solutions Corp, Bid #56-2530-RB, DSA 04-114674

CO 1 – Provide full height wall and blocking in new locker room. Install electrical boxes and relocate boxes and conduit due to interference with ramp installed to comply with ADA requirements. \$5,673.08 – Ratified by the BOT on 11/14/16 = 2.64%

CO 2 – Reimbursement for additional work required due to corrective foundation work. (\$5,134.00) – Approved by the BOT on 2/27/17 = .25%

CVH Softball Team Room Lockers, GEM Industrial Electric Inc., Bid #67-2600-AM, DSA 04-114674

CO 1 – Provide and install two new Lithonia light fixtures. \$3,604.66 – Ratified by the BOT on 4/24/17 = 5.43%

Project Status/Comments:

Eastlake High School

1120 Eastlake Parkway
Chula Vista, CA 91915

Summary - Key Issues: On March 29, 2016 & May 23, 2016, to the Board of Trustees approved staff's recommendations for additional funds. The recommendations included the allocation of \$51,660 to this project, to bring the updated budget to \$1,051,660. Project budget increase is from the unused funds on the previous 2014 and 2015 relocatable projects.

May 4 and 12, 2017 stakeholders met and reviewed the initial site master plan from CSDA Design Group. Stakeholder comments were submitted to CSDA. The next meeting will be in June 2017.

The ELH portable project addressed DSA requirement for a geotechnical/soil report. The report was submitted to the District on May 19, 2017 and being reviewed by the consultant and District staff. The consultant submitted a project estimate for the project on May 19, 2017 and District staff is reviewing. Planning & Construction Department will review funding and schedule with District staff.

Construction Contract Change Orders: None.

<p>Summary - Key Issues: On January 23, 2017, to the Board of Trustees approved staff’s recommendations for the reallocation of the Proposition O Bond Sale 2 funds. The recommendations included the renaming of this project to “Mar Vista High School Site Master Plan” and decreasing the existing budget to \$120,000. The draft of the Master Plan was presented to all staff at the all hands staff meeting and we received positive feedback. Based on the input received from meetings and staff, the Master Plan was completed along with project budgets. Additional meetings with Community Members, Principal, School Staff, Maintenance, Assistant Principal, and HED Architects are currently on hold pending finalization of Master Plan procedures.</p>

<div></div>									
Summary - Key Issues: A meeting was held between SUHSD and City of Imperial Beach (IB) to discuss project funding. The Counsilman Hunsaker feasibility study was shared with them and the two project options were discussed: 1) 25Y by 25M pool: modernization of the existing pool and facility and 2) 50M pool: a new pool and facility on Elm Avenue. The City of IB is interested in partnering for the 50M pool option and is currently looking into different potential fund sources for the project.

Update: May 31, 2017
Site: National City Adult
Funding Source: CSFF Fund 35

PM/PS: Armando Murillo/Allie Serrano
Project Name: NCA Remediation
A-E/Contractor: TBD/TBD
Inspector: TBD

Project Description: The National City Adult school building is a 3 story 27,000 s.f. building. This includes 20 classrooms and administrative support services. The building is in need of wood framing, roof, gutters, HVAC, electrical, and plumbing repairs. Scope of work will include the repair and/or replacement of wood framing, rolled roof, roof substrate, standing seam roof, gutters and downspouts, plumbing, and HVAC units to prevent further mold issues. Staff will develop a comprehensive project scope and return to the Board to request approval and additional funding.

Project Status/Comments:

Summary - Key Issues: On January 23, 2017, to the Board of Trustees approved staff's recommendations for the reallocation of the Proposition O Bond Sale 2 funds. The recommendations included the allocation of \$500,000 to this project, to bring the updated budget to \$900,000. Project budget was increased due to the extent of work required to achieve compliance in the restrooms to current code.

Construction estimate is valued at \$911,800 with conservative soft costs, project is currently tracking at \$1,180,552.30.

The bleachers have an 8-12 week manufacturing lead time, 2 weeks of transport, and 3 weeks of installation coordination of the bleachers. Floor remediation is imperative.

On February 27, 2017, the board approved to combine Southwest High School Gym Bleachers and Southwest High Gym Floor Project into one combined project, which will be named Southwest High School Gym ADA Bleacher Replacement

(Restrooms and Floors). They are being combined in order to reduce risk with coordination of construction. The scope of work and budget amount will remain.

The project was rebid and the previous bid with CPH and SOH combined were rescinded. Only one (1) bid was received at bid opening, which came in over budget. The project has been re-advertised, bids were opened on May 3, 2017 and were approved at the May 22, 2017 board meeting for approval and award. Construction began on June 5, 2017. Scheduled to be complete September 29, 2017.

Construction Contract Change Orders: None.

II. ACTIVE PROJECT MONTHLY STATUS REPORT

Update:	May 31, 2017	PM/PS:	Janea Quirk/Indrani Gonzalez
Site:	Southwest High School	Project Name:	SOH Site Master Plan
Funding Source:	Prop O Bond Sale 2 Fund 22	A-E/Contractor:	Harley Ellis Devereaux (HED)/TBD
		Inspector:	TBD

Project Description: Site Master Plan Projects are in compliance with Board Policy BP 7110(a), Facilities Master Plan. The policy explains that site master plans should be updated at least every five years or as needed. The scope includes refreshing of master plans, assistance in facilitating the pursuit of funding (e.g. associated with state bond funding), the incorporation of educational program changes, and/or changes of technology that impact facility needs. In addition, soils surveying, underground utility detection and site surveying will be performed to facilitate design and planning.

Summary - Key Issues: On January 23, 2017, the Board of Trustees approved staff's recommendations for the reallocation of the Proposition O Bond Sale 2 funds. The recommendations included the renaming of this project to "Southwest High School Site Master Plan" and decreasing the existing budget to \$120,000.

The site underground Utility Detection and Site Surveying have been completed. The conceptual Master Plan is 99.9% complete.

Construction Contract Change Orders: None.

Project Status/Comments:

Summary - Key Issues: The Design Build contract for CW Driver will be taken to the February 13, 2017 Board Meeting for approval. Site assessments and design efforts are in progress. Scope details are being confirmed and coordinated with Maintenance & Operations, and the District Architect. The project scope increased from an estimated 120 to 265 educational and Administrative Student Support. The project is being separated into 2 phases: Phase 1, 6 campuses for summer 2017. Phase 2 details are forthcoming.

On January 23, 2017, to the Board of Trustees approved staff's recommendations for the reallocation of the Proposition O Bond Sale 2 funds. The recommendations included the increasing of this project's existing budget from \$13.6 Million to \$37 Million.

Phase 1 campuses have been submitted to the Division of the State Architect (DSA), and are expected to be out of DSA by the end of May 2017. Pre-bid effort/coordination will begin in March 2017. C.W. Driver is refining and preparing 30% Preliminary Guaranteed Maximum Price (GMP) for presentation to the Board of Trustees.

Phase I 30% Preliminary Guaranteed Maximum Price (GMP) is being taken to the May 8, 2017 board meeting. Phase II construction is projected to begin late August 2017 – December 2017.

Phase 2 is in design and the Phase 2 estimate is trending at \$2.3M. Phase 1 construction began on June 3, 2017.

Change Orders: None.

Project Status/Comments:

Summary - Key Issues: A meeting was held between Planning & Construction, Maintenance, San Diego County Office of Education (SDCOE), and Design Build Team Soltek Pacific to discuss project scope and budget. The preliminary GMP and schedule was submitted by SDCOE. The GMP and project schedule was reviewed and comments sent to SDCOE. This project will be submitted to the City of Chula Vista for permitting. Current project scope involves demolition, roofing, HVAC replacement, new curbs, relocating existing electrical and Tel Data, and connections to existing ductwork and controls.

Construction Contract Change Orders: None.

SWEETWATER UNION HIGH SCHOOL DISTRICT

Capital Projects Report

II. ACTIVE PROJECT MONTHLY STATUS REPORT

Update: May 31, 2017
Site: 670 L Street, Suite G
Funding Source: SRFCOP Fund 40

PM/PS: Armando Murillo/Lisa Pippen
Project Name: L St. – Athletics (670 Ste. G)
A-E/Contractor: RNT/TBD
Inspector: City of Chula Vista

Project Description: Remodel of existing office area to house Athletics and Wellness departments for the District. Demolition and installation of new floors, ceilings, walls, doors, hardware, electrical, plumbing, intrusion, fire alarms and HVAC.

Construction Status:

DSA In: 02/28/2017	Contract Duration: 90 days	% Complete: 25%
DSA Out: 05/30/2017	Contract Start Date: 00/00/0000	Estimated Completion: 12/30/2017

Budgeted Hard Cost	79.1%			Other Contract Changes represents any changes to Purchase Orders for Soft Cost and FF&E. Construction Contracts Change Orders (COs) are further described below.			

Project Status/Comments:

Summary - Key Issues: Project plans have been signed off by the City of Chula Vista and the permit is ready to be pulled. This project will be coordinated with the L St. Roof & HVAC replacement projected contracted through San Diego County Office of Education (SDCOE) in the same building. For logistic purposes, Suite G construction schedule will be placed on hold until the Roof & HVAC project have been completed. It would be disruptive to Athletics to move into the building, while the work is ongoing above. Once SDCOE has finalized the Roof & HVAC scope and schedule, Suite G work will be coordinated.

Construction Contract Change Orders: None.

Capital Projects Report

II. ACTIVE PROJECT MONTHLY STATUS REPORT

Update: May 31, 2017
Site: 680 L Street, Suites A,B & F
Funding Source: SRFCOP Fund 40
PM/PS: Armando Murillo/Lisa Pippen
Project Name: L St – HVAC 2 (680 Ste. A, B & F)
A-E/Contractor: Henrikson / TBD
Inspector: City of Chula Vista

Project Description: Removal and replacement of seven existing A/C units – two new units over NAPA Auto Parts and five units over Harbor Freight suites. All existing duct work and controls are in fair condition and will be reused.

Construction Status:											
City CV In:		11/01/2016		Contract Duration:		30 days		% Complete:		15%

Budgeted Hard Cost	73.0%										

Project Status/Comments:

Summary - Key Issues: The project was re-bid and contractor proposals were received on 05/25/17. Johnson Controls is the successful bidder and currently in the award phase. Once the contract has been finalized and approved by Board Of Trustees, the Project Preconstruction meeting will be held with contractor and HVAC units will be ordered. Construction start date will be based on HVAC unit delivery date with a total duration of 30 calendar days. Tenants at Harbor Freight and NAPA Auto parts have been briefed and will be notified prior to construction start.

Construction Contract Change Orders: None.

Current Budget Detail Monthly Report

The purpose of the attached report is to provide a detailed listing of the funding source for each of the Sweetwater Union High School District's Capital Projects. The total *Current Budget* may also be referenced in Sections I and II of this packet.

The information within this report is broken out into two separate sections. The first section provides a list of Active Project in alphabetical order by site and project name. The second section provides a list of Completed Projects in alphabetical order by project name.

Section

Important Notes:

Current Budget Amounts include budget revisions approved by the District's Board of Trustees on 5/22/2017 (Board Agenda Item M-1).

Current Budget Thru 5/22/2017

SWEETWATER UNION HIGH SCHOOL DISTRICT

Capital Projects Report

IV. GLOSSARY OF ACRONYMS AND TERMS

Capital Facilities Fund (Fund 25)

The purpose of the Capital Facilities Fund is to account for the monies our district receives from developer fees. Expenditures within this fund are restricted and may only be used for purposes specified by the California Government Code Sec. 65970-65981.

County School Facilities Fund (Fund 35)

This fund is established pursuant to Education Code Section 17070.43 to receive revenue from the State School Construction program. The fund is used primarily to account for new school facility construction, modernization projects, and facility hardship grants, as provided in the Leroy F. Greene School Facilities Act of 1998 (Education Code Section 17070.10 et seq.).

Current Budget

A quantitative expression of a plan for a defined purpose or project. It may include land costs, construction costs, architectural design, engineer's fees, equipment costs, compensation for professional services, contingency allowance and other similar established or estimated costs.

Deferred Maintenance Fund (Fund 14)

This fund is used to account separately for revenues that are restricted or committed for deferred maintenance purposes (Education Code section 17582). Used when the buildings, systems, and equipment require major repair or replacement such as: floor covering and paving, painting, electrical, heating and air conditioning systems, roofing, plumbing, hazard abatement.

Encumbered Budget

To set aside or reserve all, or a portion, of a budget for payment of future expenses. A budget is encumbered to ensure availability for payment of approved, specified expenses.

Expenditures

The outlay of financial resources.

Mello Roos (CFD) Community Facilities Districts Fund (Fund 49)

Within the communities served by the District, there are 18 Community Facilities Districts. The CFD Fund is to account for all revenue and expenditures relating to the District's CFDs.

Proposition BB (Fund 21)

The November 2000 election authorized the District to issue \$187 million of general obligation debt through Proposition BB. A total principal amount of \$186,999,415.35 was issued through three separate bond series. Proposition BB modernization projects are completed and all but three have been closed out with the State of California Division of State Architect.

Proposition O (Fund 22)

The November 2006 election authorized the District to issue \$644 million of general obligation debt through Proposition O. In March 2008, the district issued the first series of Proposition O bonds (Bond Sale 1) totaling a principal amount of \$180 million. A majority of the modernization projects funded by the first series of Proposition O, are completed or in closeout. In March 2016, the district issued the second series of Proposition O bonds (Bond Sale 2) totaling a principal amount of \$97 million.

Proposition O (BAN) Bond Anticipation Notes (Fund 23)

On March 14, 2013 the District issued \$32,820,000 in Bond Anticipation Notes to fund two modernization projects. The notes were issued under the Proposition O election authorization and in anticipation of the second series of bonds. One of the projects was completed and the other project is in the closeout phase.

Special Reserve Fund for Capital Outlay Projects (Fund 40)

This fund exists primarily to provide for the accumulation of general fund moneys for capital outlay purposes (Education Code Section 42840). This fund may also be used to account for any other revenues specifically for capital projects that are not restricted to other

Unencumbered Budget

The portion of the current budget that has not yet been encumbered.

Board Item - M.-2.

Issue:

Consultants for Construction Projects.

Superintendent's Recommendation:

Approve/ratify planning and construction consultant agreements and amendments.

Analysis:

The consultant items listed are for various services required on construction projects such as architectural services, testing and inspection, and other project-related work. Staff may bring consultant agreements for approval, amendment, or ratification by the board (per Resolution No. 4440, approved July 25, 2016). Details for each contract and amendment are provided in the attachment.

For questions regarding this board item, please contact Moisés Aguirre at 619/585-6060 or moises.aguirre@sweetwaterschools.org.

Fiscal Impact:

Total expenditure of \$108,475.00.

Expenditure of \$30,900.00, to be paid from the Capital Facilities Fund, Resource Code: 0000, \$4,700.00, from the General Fund, Resource Code: 7230, \$12,470.00, from the General Fund, Resource Code: 0910, \$40,305.00, from Proposition O Bond Sale 1, Resource Code: 0000, and \$20,100.00, from Mello-Roos Funds, Resource Code: 0001.

Name of Consultant: Herrerea Engineering Consultants, Inc.
Category (For Cabinet Secretary Use Only): Facilities and Operations
Starting Date of Services: 07/01/17 **Ending Date:** 06/30/18

(PLEASE CONFINE INFORMATION TO THE SPACE PROVIDED)

Description (nature of services):

Approve proposal to provide 2017-2018 Industrial Storm Water Permitting Services, consisting of the following:

Annual Comprehensive Facility Compliance Evaluation (ACFCE). Herrerea Engineering Consultants, Inc., (HEC) will conduct an ACFCE of the school bus maintenance facility with district staff. The purpose of the evaluation will be to verify that the district monitoring records are complete and that the best management practices are being properly implemented. The results will be summarized in a report that will be submitted to the district for signature.

Annual Training. On the same day as the ACFCE, HEC will also conduct a training session at the bus maintenance facility for district staff. The purpose of the training will be to fulfill the Industrial General Permit (IGP) annual training requirement by reviewing the Storm Water Pollution Prevention Plan (SWPPP) and monitoring requirements.

Annual Report. HEC will prepare an electronic annual report for district submittal to the State Water Resource Control Board (SWRCB) via the Storm Water Multiple Application and Report Tracking System (SMARTS) by June 30, 2018. The report will be prepared based on visual observation records prepared by the district, the storm water samples collected by the district, and the results from the ACFCE.

Monitoring Assistance. On an ongoing basis, HEC will monitor district progress by collecting storm water samples, review storm water sample analyses, upload data onto the SMARTS website, and provide recommendations regarding potential corrective actions.

Cabinet Member Responsible: Moisés Aguirre, Asst. Supt./Fac. & Oper.
Funding Source (e.g. Title I): General Fund 01, Resource Code: 7230

Total Amount: \$2,500.00 **Annual** **One Time** √ **(√ one only)**

(PLEASE CONFINE INFORMATION TO THE SPACE PROVIDED)

Description (nature of services):

Approve proposal to provide 2017-2018 Municipal Storm Water Permitting Services, consisting of the following.

Annual Site Visit. The purpose of the visit will be to walk through a district school site (site to be determined), check for illicit non-storm water discharges, document measures taken to prevent storm water pollution, and look for potential pollutant sources. In conjunction with the site visit, Herrerea Engineering Consultants, Inc., (HEC) will also meet with district staff and discuss the status of designation by the Regional Water Quality Control Board (RWQCB) and recommended best management practices (BMPs) for all district sites.

Annual Progress Report. HEC will prepare an annual progress report for the district. The report will summarize discussions with district staff, progress in implementing storm water BMPs, describe district plans for BMP implementation, and include goals for tasks that can be reasonably completed during the current fiscal year.

PROJECT: CHULA VISTA HIGH SCHOOL – (4) RELOCATABLE CLASSROOMS
SUBJECT: PROPOSAL FOR DSA INSPECTOR OF RECORD SERVICES

Dear Trent,

This proposal has been generated for your kind review and approval in reference to the subject project(s) noted above. Construction Quality Assurance Group, LLC shall provide the required and/or approved quality assurance (QA) management, inspection and materials testing oversight services. All services shall be performed on a periodic, part-time basis and in accordance with the requirements of CBS, Title 24. Our estimate of services is based on the provided construction schedule and experience of similar type. Please provide our office with any other documents or updated documents that are applicable to the services being provided as they may become available prior to and during construction. In the event an actual *construction schedule*, and/or *approved* set of construction documents (plans and specs) are not provided, services/costs may be affected. A general service *scope of work* breakdown (not limited to) is listed below for your records. Should you have any further questions, or concerns, please feel free to contact me directly at 858.967.5824.

SCHEDULE OF SERVICES

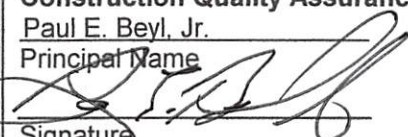

I. Project Inspector:

- 1) Periodic project inspection of all phases of work, as allowed and/or required by Title 24/DSA
- 2) General verification and observation of all construction activities on a part-time/periodic basis
- 3) Scheduling and monitoring of assistant inspectors, test lab, and special inspectors as required
- 4) Organize and maintain project files/logs and review submittals as required for inspection of work
- 5) Assist, maintain and review as-built drawings as required
- 6) Attend meetings as directed by District and A&E-of-Record
- 7) Compile, maintain and distribute all required reporting
- 8) Assist on close-out/punch list as required
- 9) DSA Inspection Card (IC) sign-off system will be implemented as required
- 10) Report typing and distribution to owner, architect, structural engineer, construction manager and DSA of all inspection reports to include project inspector and special inspectors, as required

II. Project Start-Up/Familiarization & Close-out (Included)

- 11) Includes closeout assistance in addition to DSA Inspection Card (IC) sign-off system as required.

NOT-TO-EXCEED ESTIMATE AND UNIT RATE: 280 hours at \$87.50/h.....**\$24,500.00**

PLEASE SIGN AND RETURN TO OUR OFFICES VIA EMAIL OR FAX UPON ACCEPTANCE.

Re: Contract to Provide 2017-18 Industrial Storm Water Permitting Services

Dear Mr. Aguirre:

Thank you for providing Herrera Engineering Consultants, Inc. (HEC) with the opportunity to submit this proposal to provide engineering services to assist your District in complying with the reissued California General Permit for Discharges of Storm Water Associated with Industrial Activities (IGP), which becomes effective on July 1, 2015.

Scope of Services

The proposed services for 2017-18 (July 1, 2017 through June 30, 2018) consist of the following annual support services:

- Annual Comprehensive Facility Compliance Evaluation (ACFCE). HEC will conduct an ACFCE of the school bus maintenance facility together with District staff. The purpose of the evaluation will be to verify that the District monitoring records are complete and that the best management practices are being properly implemented. The results will be summarized in a report that will be submitted to the District for signature.
- Annual Training. On the same day as the ACFCE, HEC will also conduct a training session at the bus maintenance facility for District staff. The purpose of the training will be to fulfill the IGP annual training requirement by reviewing the SWPPP and monitoring requirements.
- Annual Report. HEC will prepare an electronic annual report for District submittal to the SWRCB via the Storm Water Multiple Application and Report Tracking System (SMARTS) by June 30, 2018. The report will be prepared based on visual observation records prepared by the District, the storm water samples collected by the District, and the results from the ACFCE.

Scope of Services (continued)

- Monitoring Assistance. On ongoing basis, HEC will:
 - ✓ Monitor District progress in collecting storm water samples and performing other required monitoring, and advise District when major storm events are anticipated in District vicinity (when sample collection requirements have not yet been met).
 - ✓ Review storm water sample analyses collected by the District to verify that there are no apparent laboratory errors and that the analysis meets the IGP requirements. The storm water sample results will be summarized in a Sample results letter provided to the District.
 - ✓ If the storm water sample analysis are valid, HEC will upload the data onto the SMARTS website as required by the IGP. If there are any questions regarding the report, HEC will first confer with the analytical laboratory and, if needed, request a revised report.
 - ✓ If any of the sample results exceed one or more of the Numeric Action Levels (NALs) specified in the IGP, HEC will confer with the District. If an exceedance has occurred, HEC will provide recommendations regarding potential corrective actions that could be taken by the District.
 - ✓ HEC will assist the District in joining the School Bus Maintenance Facility Compliance Group being formed by HEC. This assistance will include preparation of a SWPPP amendment that will show that the District only has to sample one Qualifying Storm Event every six months (rather than two).

Fee

The proposed lump sum fees to provide the 2017-18 services is \$2,500. The fees include:

- ACFCE and Annual Training: \$1,500.
- Monitoring Assistance: \$500
- 2017-18 Annual Report: \$500

Mr. Moises Aguirre
Page 3
June 9, 2017

The fees cover all labor and expenses, including printing, binding, communication and travel expenses, and other costs attributable explicitly to provide the proposed services. The proposed fees do not include the costs for the following:

- ✓ Annual Permit Fee. The costs related to the annual Permit fee that the District pays directly to the State Water Resources Control Board; and
- ✓ Laboratory Analyses. The costs for laboratory analyses of the District's stormwater samples.

Conclusion

If acceptable, sign below and return signed copy of this letter to me for my records.

Thank you for the opportunity to submit this proposal. If there are any questions, please contact me.

Sincerely,

Stephen D Herrera, P.E.
President

Re: Contract to Provide 2017-18 Municipal Storm Water Permitting Services

Dear Mr. Aguirre:

Herrera Engineering Consultants, Inc. (HEC) is submitting a proposal to provide continued engineering services to assist Sweetwater Union High School District (District) with voluntary implementation of requirements specified in the California General Permit for Storm Water Discharges from Small Municipal Storm Sewer Systems (Small MS4 Permit). The current Small MS4 Permit was adopted by the State Water Resources Control Board (SWRCB) on February 5, 2013. Although the District has not yet been formally required to comply with the SMS4 Permit, the California Regional Water Quality Control Board San Diego Region (RWQCB) has provided notice that it is currently considering designation of the District (i.e. requiring mandatory compliance with the Small MS4 Permit).

Scope of Services

The proposed services for 2017-18 (July 1, 2017 through June 30, 2018) consist of the following:

- Annual Site Visit. The purpose of the visit will be to walk through a District site, check for illicit non-storm water discharges, document measures taken to prevent storm water pollution, and look for potential pollutant sources. In conjunction with the site visit, HEC will also meet with District staff and discuss the status of designation by the RWQCB and recommended best management practices (BMPs) for all District sites.
- Annual Progress Report. HEC will prepare an annual progress report for the District. The report will summarize discussions with District staff, progress in implementing stormwater BMPs, describe District plans for BMP implementation, and include goals for tasks that can be reasonably completed during the current fiscal year.

Mr. Moises Aguirre
Page 2
June 9, 2017

Fee

The lump sum fee to provide these services is the same as for last year, \$2,200. This fee is based on the assumption that the District is not "designated" during 2017-18. If the District is designated, additional services may be required.

Conclusion

If acceptable, sign below and return signed copy of this letter to me for my records.

If you have any questions regarding the proposal, please contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Stephen D. Herrera".

Sweetwater Union High School District
1130 Fifth Avenue
Chula Vista, CA 92672

Attn: Armando Murillo

Subject: Architectural and Engineering Design Services for a Culinary Arts Room Renovation at Palomar High School .

Dear Armando

Thank you for this opportunity to work with your District on the Palomar High School Culinary Arts Room in Chula Vista, CA. I am pleased to submit my fee proposal for the work described below:

I. AGREEMENT;

This agreement (hereinafter "Agreement") is entered into by and between Sweetwater Union High School District hereinafter referred to as "Client" and Charles Forte Architect, hereinafter referred to as "CFA".

II. SCOPE OF WORK:

The scope of work is for Architectural and Engineering Design Services for the renovation of an existing Culinary Arts Room for Palomar High School. Charles Forte Architect shall be the Architect of Record.

III. SCOPE OF SERVICES:

Charles Forte Architect (CFA) will provide Architectural Services for the aforementioned project as follows:

A. Basic Services:

1. 90 % Construction Documents

- Architectural Design Documents; Documents shall include title and note sheets, floor plan, reflected ceiling plan, interior elevations, interior finish schedule and details.

- Mechanical, Plumbing and Electrical Design Documents; Documents will include floor plans, equipment schedule and details
- Prepare Specifications - CSI format, Architectural Divisions 3 through 13.
- All architectural documents will be stamped and signed with a current architectural license from the State of California.
- CFA is responsible for coordinating all work with the client and his engineering consultants.

2. 100 % Construction Documents

- Complete construction documents based on client comments.

3. Bid Assistance

- Attend site walk during bidding of contract documents and provide meeting notes.
- Provide addendum(s) based on contractor questions and design changes

4. Construction Administration

- Respond to contractor questions (RFI's)
- Review Change Order Requests
- Review Shop Drawings
- Attend site meetings with contractor

B. Exclusions:

The following are design services that are excluded from our basic services listed above. These services may be provided by written request and billed as additional services. See attachment for billing rates and general terms.

- Civil, Structural, Communication, Fire Alarm and Fire Sprinkler Engineering construction documents and specifications.
- Landscape Architect construction documents and specifications
- Mechanical and Electrical Title 24 calculations
- Mechanical HVAC System
- Site Survey
- Cost estimate
- Submit plans to the Division of the State Architect for permit.
- Coordination with local power, telephone, cable and internet provider.
- Geotechnical / Soils Engineering (soils studies, percolations studies, etc.)

IV. COMPENSATION:

A. Basic Services:

The basic fixed fee for architectural, mechanical, plumbing and electrical services for the Culinary Arts Room is \$5,970. The fee is broken down as follow;

<u>Phase</u>	<u>Fee Billed</u>
90% Construction Documents	\$ 3,950
100% Bid Construction Documents	\$ 800
Bid Assistance	\$ 200
Construction Administration	\$ 1,020
	\$ 5,970

V. TERMS AND CONDITIONS:

1. Reproduction, blueprinting, fees and other non-labor direct costs are billed at cost.
2. Billing invoices will be prepared once a month for work in progress unless otherwise agreed. Invoices are to be paid upon presentation to Charles Forte Architect, 3065 Rosecrans Place, Suite 210C, San Diego, California, 92110.
3. Payment of CFA (Charles Forte Architects) invoices for services performed will not be contingent upon the client's receipt of payment from other parties. Client agrees to pay any legal costs, including attorney's fees incurred by CFA in collecting any amounts past due and owing on client's account.
4. Reimbursable expenses shall not exceed \$500.00

VI. TERMINATION:

1. Client may terminate this agreement for its convenience. Consultant will be provided fourteen (14) days written notice in the event of termination for convenience by Client. In such event, CFA shall be compensated for all reasonable services competently performed up to the date of termination. CFA is not entitled to compensation for services not performed.
2. CFA may terminate this Agreement for convenience by providing Client with fourteen (14) days written notice. In such event, CFA shall be compensated for all reasonable services competently performed up to the date of termination. CFA is not entitled to compensation for services not performed.

VII. REIMBURSABLE EXPENSE:

Reimbursable expenses are costs incurred by the Designer in the interest of the project and will be billed at cost.

Reimbursable expenses shall be submitted by CFA to the Client, on a monthly basis for review, approval and payment.

Reimbursable expenses include, but are not limited to, the following items:

- Printing and reproduction
- Messenger and delivery services
- Costs of licenses, permits, fees or other approval costs.

VIII. AMENDMENT:

1. This Agreement cannot be modified, changed or revised, except by written amendment executed by both parties.

IV. SCOPE OF AGREEMENT:

1. This is the entire agreement between the parties and there are no conditions, agreements or representations between the parties except as expressed herein.
2. This agreement shall be deemed effective as of June 8, 2017. The signatures below indicate the parties' acceptance of this agreement.

Quality Construction Begins with Our Inspections

To: Armando Murillo – SUHSD Planning Project Manager

Subject: **Proposal for Palomar High School – Culinary Class Remodel**

This proposal has been based on an estimated construction time of 20 days. This is only an estimate and can change due to the contractor's actual construction schedule and is based on straight time rate as noted.

Reporting Time and Minimum Pay:

2 hours shall be charged when any inspector shows up for work and is either rained out, contractors do not show up on the job or any other unforeseen reasons. Also a 2 hour minimum charge will be applied for any work performed. After the 2 hours has been exceeded time will be based on a per hour time, with no additional hours added. There are no four hour minimums, rounding up plus an additional hour, travel time or expenses proposed for this project.

Holidays:

The following days shall be recognized as holidays: New Year's Day, Presidents' Day, Memorial Day, Independence Day, Labor Day, Veterans Day (November 11), Thanksgiving Day, Day after Thanksgiving Day, Christmas Day, and the first Saturday following the first Friday in the months of June and December each year. If any of the above holidays fall on a Sunday, the Monday following shall be considered a holiday.

Additional Costs required:

No additional costs foreseen at this time. DSA Project Inspector will be on site inspector as needed.

This cost covers the project inspector. This does not cover materials testing or sampling unless it is specifically approved for the on site inspector to perform by the materials testing lab and DSE. This is a requirement by DSA for all testing and all sampling, even for DSA masonry sampling. If agreed upon by the DSE and the LEA approved testing lab, the certified on site DSA Project Inspector can take any samples specifically approved.

Quality Construction Begins with Our Inspections

Estimated project duration: 80 estimated hours of inspection time during construction.
This is an estimated not to exceed amount based on 20 working days.

Total estimated amount \$ 6,000.00
This is at a rate of \$75/hr straight time

If you have any questions or concerns feel free to contact me at (760) 644-0304 or
chvz1@yahoo.com

Respectfully submitted,

Re: Concessions Building Additions at Sweetwater Union High School Stadium

Subject: Fee Proposal

Dear Trent:

Thank you for the opportunity to submit this proposal for the Concessions Building Additions at Sweetwater Union High School (SUHI) Stadium project. We understand the scope of work includes the addition of two standalone concessions buildings, for both the Home and Visitor sides of the existing stadium. The buildings will be less than 250 square feet, and exempt from Division of the State Architect (DSA) Structural review per IR A-22. The project will be reviewed by DSA for Accessibility only. We understand the Scope of Work includes the following:

- Construction of a new concessions building, adjacent to the existing restrooms on the Home side of the stadium.
- Construction of a new concessions building on the Visitor side of the stadium, at the same approximate location as the previous concessions building.
- Sitework associated with the building additions. This includes:
 - Demolition of storage garage adjacent to west side restroom building.
 - Demolition of flatwork.
 - Water, sewer and electrical utility tie-ins.
 - Flatwork improvements of either concrete or asphalt paving.

For concessions building we anticipate a construction budget of approximately \$255,000 (See Attachment A).

Concessions Additions at SUHI
May 24, 2017
Page 1

The A/E Design services include:

1. Project scoping meetings to verify program and scope.
2. Preparation of Construction Documents (plans & specifications) for the scope of work described above.
3. Bid Assistance, including pre-bid meeting attendance, answering Bid RFI's and preparation of Addenda as required.
4. Construction Administration assistance, including submittal reviews, RFI responses and clarifications.
5. Project Closeout.

The proposed design fees, based on the anticipated construction cost are as follows:

Design Fees (Based State Guidelines)	Construction Value	Fee Percentage	Fee
New Buildings	\$147,000	9.00%	\$16,380
Sitework	\$108,000	12.00%	\$12,960
Total Fee			\$29,340

Assumptions:

- All existing necessary utilities, including electrical are in the immediate facility and will not require significant extension of infrastructure.
- Buildings will include natural ventilation only, and do not include heating or air-conditioning.

Exclusions:

- Topographic Survey
- Geotechnical Report
- DSA plan review fees
- Accessibility Upgrades to other SUHI Campus Buildings.

If you have any questions, please give me a call, and thank you for considering RNT for this project.

Sincerely,

Joe Mansfield, Principal
ROESLING NAKAMURA TERADA ARCHITECTS

PROJECT: ELH - Title IX
Eastlake High School, 1120 Eastlake Parkway, Chula Vista, CA

RFP Memo: Engineering Proposal -- Added Service from Original Contract per
DSA Requirements

TO: Larry Moen, Sweetwater Union High School District

Scope of Additional Services (with explanation):

All fees noted should be added to the original contract as "not-to-exceed" (time & materials).
Original contract, time & materials not-to-exceed = \$38,200 (*additional electrical scope and fee
is summarized under separate cover*)

1. Civil path-of-travel (POT) verification \$5,000
 - This was defined in the original contract under "Exhibit B" and was specific to the path of travel identified under the land surveying proposal ("Exhibit A").
 2. Construction documents \$10,000
 - This was defined in the original contract under "Exhibit B" for approximately 1000 linear feet of pathway, which was also specific to the POT identified from the surveying proposal. Please see attached "Exhibit C".
 3. Added civil scope \$5,100
 - However, this additional fee includes expansion of the original scope of work. A portion of the originally intended POT (towards the east) revealed deficiencies that would be more costly to repair. At that point, the District provided alternative documentation to justify a different POT (towards the north), which results in an increase of the original scope of work. Please see attached "Exhibit C".
 4. ~~Construction administration (civil, option) \$500~~
 - Please see attached "Exhibit C", which was also summarized under the original contract.
 5. ~~Record documents and close out (civil, option) \$800~~
 - Please see attached "Exhibit C", which was also summarized under the original contract.
- Total \$21,400

\$20,100.00

Please contact me if you have any questions.

Respectfully,

A handwritten signature in blue ink, appearing to read 'Dave', followed by a long horizontal stroke.

Dave K. Adams, S.E. 4226
Principal Associate

EXHIBIT "C"
Sweetwater Union High School District - Eastlake High School
Additional Civil Engineering Scope of Work and Fee

Original \$10,000 NTE fee

Construction Documents:

1. Prepare a combined demolition, grading and drainage plans for an approximate 1000 linear foot ADA path of travel from the storage/office building at the baseball field site.
 - a. Plans will include grading of the site to accommodate ADA compliant paths, curb ramps, and crosswalks where existing conditions do not comply with current ADA requirements. Review and confirmation of ADA compliant paths beyond the scope described herein is not included in the fee.
2. Review and respond to DSA comments.
3. Prepare Civil related specifications, as needed.
4. Review compliance of existing path of travel per DSA reviewer requirements by means of one (1) site visit and photographs (beyond 1000 LF).
5. Compare record plans provided to existing field conditions and indicated items not currently in ADA compliance per DSA reviewer comments.
6. Prepare letter for DSA describing the conditions of the existing Path Of Travel (POT).
7. Two (2) meetings with DSA if required.
8. Draft sections of existing ramp outside of POT as requested by DSA reviewer.
9. Redesign sidewalk to minimize concrete removal inside existing batting cages.
10. Assist prime consultant with overall campus POT DSA reviewer comments.
11. Respond to DSA comments for additional POT.

Estimated Construction Documents Fee (Time & Materials Not to Exceed): \$15,100

Construction Administration (Optional):

1. Review and respond to RFIs and submittals during construction.

Added scope: \$5,100 NTE

Construction Administration Fee: \$500

Record Documents and Close-out (Optional):

1. Prepare as-built drawings per contractor provided red-lines.

Record Documents and Close-out fee: \$800

Civil Engineering Assumptions:

1. Plan check and permitting fees shall be paid by others and are not included in this fee
2. DSA processing & plan packaging/submittals will be prepared by others.
3. The project will not create, add, or replace more than 5000 square feet of impervious surface, and will not require stormwater treatment/management design.
4. A drainage study is not included in this fee.
5. A stormwater quality management plan (SWQMP) or equivalent is not included in this fee.
6. Erosion control plans are not included in this fee.
7. A public improvement plan or encroachment plan for work in the Right-Of-Way or public easements is not included in this fee.
8. The soil disturbance will be less than 1 acre, and this project will not require a SWPPP.
9. Pavement sections will be provided by the geotechnical engineer or extracted from regional standards.
10. Wet utility relocations, removals, or design is not included in this fee.
11. Dry utility relocations, removals, or design is not included in this fee.
12. The owner will provide a geotechnical report (if required).
13. Retaining wall design is not included in this fee.
14. Traffic control plans are not included in this fee

June 26, 2017

Board Item - M.-3.

Issue:

District-Wide HVAC (Heating, Ventilation, and Air Conditioning) Project Phase 2, 30 percent Guaranteed Maximum Price.

Superintendent's Recommendation:

Adopt the Guaranteed Maximum Price (GMP) 30 percent estimate for the District-Wide HVAC (Heating, Ventilation, and Air Conditioning) Project Phase 2.

Analysis:

Staff requests adoption of the GMP 30 percent estimate for the District-Wide HVAC Project Phase 2.

Project Manager: Janea Quirk.

The total project value is \$37 million. The following outlines the project values to date by phase, including soft costs (inspections, hazmat monitoring, commissioning, etc.):

Phase 2 Estimate:	\$12,302,304
Phase 1 GMP:	<u>\$22,951,712</u>
Sub Total:	\$35,254,016
Soft Cost Budget:	<u>\$ 1,500,000</u>
Projected Project Value:	\$36,754,016

Phase 2 includes the installation of 80 HVAC units at the following sites: Bonita Vista High School, Bonita Vista Middle School, Castle Park Middle School, Chula Vista Middle School, Eastlake High School, Granger Jr. High School, Hilltop High School, National City Middle School, Rancho Del Rey Middle School, Southwest High School, and Southwest Middle School. Design efforts are on-going, and plans will be submitted to the Division of the State Architect (DSA), with construction anticipated to begin in September 2017, through December 2017.

Phase 1 - under construction. Includes the installation of 180 HVAC units at the following sites: Sweetwater High School, Chula Vista High School, Castle Park High

School, Hilltop Middle School, Mar Vista Academy, and Mar Vista High School. All improved classrooms and administration buildings should be ready for occupancy on July 17, 2017.

For questions regarding this board item, please contact Moisés Aguirre at 619/585-6060 or moises.aguirre@sweetwaterschools.org.

Board Item - M.-4.

Issue:

Progress report on the audit observations and recommendations for the Proposition O Performance Audit.

Superintendent's Recommendation:

Accept district's progress report on the audit observations and recommendations for the Proposition O Performance Audit for the fiscal year ending June 30, 2016.

Analysis:

On March 28, 2017, the board of trustees accepted the Proposition O Performance Audit for the fiscal year ending June 30, 2016. The audit highlighted a number of positive changes to the district's bond program, and included a schedule of the audit observations and management's responses with planned resolution dates.

District staff formed an internal working group to address the audit observations. The working group includes staff from the office of the assistant superintendent of facilities and operations, planning and construction department, district architect, maintenance department, purchasing department and fiscal services division. The attached documents provide progress updates made towards addressing all audit observations.

For questions regarding this board item, please contact Moisés Aguirre at 619/585-6060 or moises.aguirre@sweetwaterschools.org.

Fiscal Impact:

None.

District Response to Proposition O Performance Audit

Fiscal Year Ended June 30, 2016

Internal Updates as of 6/19/2017.

March 17, 2017

Following is a schedule of the audit observations and management’s responses for the performance audit completed for the fiscal year ended June 30, 2016 and the quarterly follow up progress.

No.	Category	Issue	Auditor’s Recommendation	Management Response	Planned Resolution Date	Audit Follow Up Quarter 1 Progress (January – March 2017)	Audit Follow Up Quarter 2 Progress (April – June 2017)
Objective 1	Compliance with Ballot Language	1A. Non-compliant expenditures funded by Fund 35, were recorded in the Proposition O’s accounting fund.	The District should only record allowable expenditures within Proposition O’s expenditure fund. Non-compliant expenditures should be removed from Proposition O’s accounting fund and expenditure population.	This practice is no longer used for new projects (Bond Sale 2). The District’s Accounting System does not allow a purchase order to be funded by more than one accounting fund. As a result, the District’s historic accounting practice has been to transfer all funding sources for Bond Projects into the Bond accounting fund (i.e. as offsetting revenues) and track all project expenditures within that fund.	In practice since March 2016.	Complete. No follow up needed.	Complete.
		1B. District Labor Charges.	The District should continue the processes and controls needed to provide supporting documentation to validate that the applicability and accuracy of labor charged to Proposition O for a whole fiscal year. Specifically, the time tracking system should ensure that all costs incurred are identifiable and have a beneficial relationship to the Bond Program and cost objectives.	During FY 2015-16, the District implemented a new time certification process for all staff funded by Proposition O. “Time Certification Reports” were used to validate the applicability and accuracy of labor charged to Proposition O. Fiscal Year 2016-2017, will be the first full year with the implementation of this process.	In practice for Management staff since October 2015. In practice for represented staff since entering into a side letter in February 2016.	Complete. No follow up needed.	Complete.

Sweetwater Union High School District
Proposition O Performance Audit Report – Fiscal Year Ended June 30, 2016
Managements Responses

No.	Category	Issue	Auditor's Recommendation	Management Response	Planned Resolution Date	Audit Follow Up Quarter 1 Progress (January – March 2017)	Audit Follow Up Quarter 2 Progress (April – June 2017)
		2A. No documented procedures for vendor invoice authorization in case of absent personnel.	The District should update vendor invoice authorization procedures to incorporate sign off procedures in case of absent personnel and/or authorized threshold amounts by employee type.	The Program Management Plan (PMP) will be updated to include procedures for signatures when the Director is absent.	June 2017.	Complete. District Architect has revised the PMP. See <i>Approvals</i> under <i>Financial Controls</i> , under PMP Section 3. <i>Project Controls (Page 7 of redline version)</i> .	Complete.
Objective 2	District and Professional Services Staffing Plan for the Bond Program	There is no staffing plan that assesses staffing requirements against Bond Program project needs.	The Staffing Plan should be updated to correlate Bond Program projects to Bond Program staffing needs.	The staffing plan will be completed by the end of the current fiscal year.	June 2017.	Director of Planning and Construction will complete by September 2017 and will include a cover memo. First draft due internally on May 1 st .	Update 6/19: An internal working group is reviewing draft template and narrative of Staffing Plan. Fiscal Services Division will assist with historic data tables.
Objective 3	Design and Construction Schedules Cash Flow Analysis	The Cash Flow report prepared by the District had not been provided to the Board or to the CBOC through December 31, 2016.	As a best practice, District cash flow reporting should include revenues, cash, and expenditures by timeframe to document that sufficient funding is available to meet financial requirements for Proposition O, Bond Sale No. 2. This information should reconcile to the newly developed Capital Projects Monthly Status Report (see Objective No. 4 for further details) and be provided to the CBOC on a monthly basis.	At this time, this report is not necessary to add value to the bond program given that there is no significant recurring revenue. Staff will explore the available reports under the Account-Ability system to develop cash flow report.	Ongoing.	Capital Projects Financing and Reporting Manager will schedule internal meeting with Planning Project Managers to provide training on how to age project budgets in the Account-Ability system. The Budget Aging function in Accountability will allow staff to generate updated Cash Flow reports when requested.	Update 6/19: All Project Managers have received training for aging budgets in Account-Ability. All projects were aged by 5/31/2017. The first Cash Flow Report has been generated and will be provided to the Board on 6/26/2017. Complete.

 Managements Responses

No.	Category	Issue	Auditor’s Recommendation	Management Response	Planned Resolution Date	Audit Follow Up Quarter 1 Progress (January – March 2017)	Audit Follow Up Quarter 2 Progress (April – June 2017)
Objective 4	Design and Construction Costs and Budgets	Inconsistent construction project change order reporting and no details were available for contingency usage amount.	Deviations from the original budget by key construction component should be clearly documented and explained for easy end user reference. Consistent change order impact and assigned responsibility details are needed within monthly Project Financial Reports to ensure that change order information is sufficiently reported to District Management, the BOT, and the CBOC. Change order and contingency change documentation should be reported in a consistent manner as defined by the District and include information such as change amount, percentages, descriptions, change responsibility, date of BOT approval, subtotals, and totals for easy end user reference. Change order and contingency documentation should be available at both the project level and at the program level with both detailed and summary level information.	Staff has documented the procedures followed when completing the Active Project Monthly Status Report. The written procedures will be incorporated into the Program Management Plan (PMP). Additionally, staff will explore template reporting of contingency and change order(s) in the Account-Ability system.	June 2017.	Capital Projects Financing and Reporting Manager will revise the PMP and will send revisions to the <i>working group</i> for internal review.	Update 6/19: Active Monthly Status Report has been revised to list Construction Contract Change Orders separate from Other Contract Changes (See Appendix J in PMP for Instructions for completing the active projects monthly status report). On-going compliance monitoring. Complete.

No.	Category	Issue	Auditor’s Recommendation	Management Response	Planned Resolution Date	Audit Follow Up Quarter 1 Progress (January – March 2017)	Audit Follow Up Quarter 2 Progress (April – June 2017)
Objective 5	Bidding and Procurement Procedures	A. Quote or Proposal requirements for a contract were not met.	We recommend that the Planning and Construction Department ensure that complete bid and procurement files are maintained to support all bids, awards, and awarded contract values. Controls should be implemented to prevent contract award selection differing from requirements per District procedures. The District should add procurement oversight controls and/or training to staff personnel to ensure compliance with policy.	The Planning and Construction Department will continue to adhere to Quote or Proposal requirements. This was a single instance of noncompliance with district practices.	April 2017.	Complete. On-going compliance monitoring.	Complete. On-going compliance monitoring.

Managements Responses

No.	Category	Issue	Auditor’s Recommendation	Management Response	Planned Resolution Date	Audit Follow Up Quarter 1 Progress (January – March 2017)	Audit Follow Up Quarter 2 Progress (April – June 2017)
		B. A non-pre-qualified consultant was selected	The Planning and Construction and Procurement Departments should comply with procedures and clarify whether consulting contracts should only be executed if they are on the pre-qualified consulting list. The District should review and update the controls surrounding contract execution, purchase order issuances, disbursements, and procurement reporting to prevent noncompliance with procedures. A checklist or equivalent mechanism, with appropriate sign-offs on procurement requirements, can serve as a good tool to for all relevant parties (Accounting as well as Planning and Construction and Procurement) to validate compliance with policy and procedure requirements. Additionally, given the last Board approval date was August, 19 2013 for the pre-qualified consultant list, the District should consider including specialized consultants’ scopes of work, as specified by the District’s procedures, in specific trade journals (see Observation 5d for further information) to generate an updated list of interested consultants.	The pre-qualified consultant list was created for the purposes of ratifying consultant contracts. The current practice is to approve contracts rather than ratify. The Program Management Plan will be updated to change “should” to “may” to reflect the option to use the pre-qualified consultant list.	June 2017.	Complete. District Architect has revised the PMP to reflect that the use of pre-approved consultants is optional. See <i>Selecting the Appropriate Consultants</i> under PMP Section 4 <i>Programming and Planning (Page 20 of redline version)</i> .	Complete.

No.	Category	Issue	Auditor’s Recommendation	Management Response	Planned Resolution Date	Audit Follow Up Quarter 1 Progress (January – March 2017)	Audit Follow Up Quarter 2 Progress (April – June 2017)
		C. The School’s Construction procedures surrounding specialized consultant selection lack clear guidance and documentation requirements	The District should implement controls to confirm that Planning and Construction is obtaining at least three proposals for each consultant needed in order to ensure best value for services considering both total cost and hourly rates, or provide and document justification for not requiring this procedure. The District should review and update the controls surrounding consultant contract execution, purchase order issuances, disbursements, and procurement reporting to prevent noncompliance with policy and procedures. A checklist or equivalent mechanism, with appropriate sign-offs on procurement requirements, can serve as a good tool to for all relevant parties (Accounting as well as Planning and Construction and Procurement) to validate compliance with policy and procedure requirements.	Management will revise the Program Management Plan (PMP) to implement controls as appropriate.	June 2017.	District Architect has revised the PMP to reflect that the use of pre-approved consultants is only required in cases of ratification. See <i>Consultant Contracts</i> and <i>Selecting the Appropriate Consultants</i> under PMP Section 4 <i>Programming and Planning (Page 20 of redline version)</i> .	Update 6/19: Contracts Manager has extracted checklist for consultant contracts, within PMP, and sent to Planning and Construction staff for use. Complete.

		D. The prequalification list for required contractors and subcontractors is not updated on a yearly basis.	As a best practice, the District should evaluate the current pre-qualification process and threshold amount to ensure that the list of pre-qualified bidders is complete and accurate and promotes competitive pricing for vendor selections on the Bond Program. The District should additionally consider implementing a solicitation requirement to ensure that the list is complete with interested and qualified contractors and subcontractors.	There is no statutory requirement to update the prequalification list annually. However, the district continually accepts prequalification applications from new general contractors and mechanical, electrical, and plumbing subcontractors. Furthermore, the district annually renews existing prequalified entities.	Completed.	Complete. On-going.	Complete. On-going.

 Managements Responses

Objective 6	Bond Program Master Planning and Reporting	6a. The District has taken steps to address the master plan of the Bond Program recommendation provided in the prior year’s report (Moss Adams 2015 Objective No. 17); however, the Long Range Facilities Master Plan presented to the Board on March 14, 2016 did not clearly identify the priorities and associated budget allocations for the remaining issuances of Proposition O funds.	As a best practice, a BOT-approved Long Range Facilities Master Plan should include detailed documentation surrounding the prioritization of projects, project budget amounts, project scope objectives and timelines, and project change orders. The District needs to develop an LRFMP and an annual maintenance plan with clear goals, procedures, and expectations to validate need-based decision making and a data-driven priority project list to ensure fair and equitable distribution of resources. The District needs to complete a comprehensive facilities condition assessment, as well as educational suitability and technology readiness assessment at every campus within its jurisdiction that incorporates infrastructure and Title IX needs. As provided in the Jacobs engineering report, current detailed and accurate information on facilities needs to be maintained and compared to District standards to determine facilities deficiencies and education adequacy costs on a regular basis. Program goals and criteria applied to determine project prioritization need to be clearly defined and communicated to staff and stakeholders to ensure transparent decisions and convey realistic project timelines and expectations. The Long Range Facilities Master Plan should be	The selection process for projects will incorporate community input, staff recommendations, and board approval. The district utilized the Jacobs Report to a limited degree and supplemented that information with staff knowledge and expertise. Moving forward, there will continue to be efforts to complete master plans for every district campus.	Ongoing.	1) Project Manager (PM) will complete a schedule for when the district plans to complete all Site Master Plans. (Incorporate a 60-day assumption for focus groups) 2) District Architect will setup meetings with focus groups (all meetings will include IT and Maintenance): a.General Ed b.Athletics/PE c. Special Education d.CTE/Maker Spaces e.VAPA f. Admin/support g.Science	Update 6/19: Preliminary District Wide Master Plan Schedule by Site is complete. Template for all Master Plans was completed on 5/8. Internal meetings are being held to determine the following components: i. Protocol Checklist/Standards. ii. Demographics iii. Identification of Priorities – Guiding Philosophy/Goals. Site Master Plan Process Flow Chart has been completed. Facilities Subcommittee meeting will be scheduled in August 2017, to sunshine items listed above.

			reconciled to the available Bond funds and updated on an ongoing basis. This information is necessary in order to provide adequate information to sufficiently oversee and conclude on Bond Program progress on behalf of the taxpayers. Once this information is approved and available, monthly reports should include construction status updates compared against the Master Plan to provide transparency on the Bond Program’s total progress in relation to the voter-approved objectives.				
		6b. The District has did not provided a standalone financial reporting of the Bond Program to the CBOC.	As a best practice, the District should provide stakeholders standalone financial reporting in addition to the total program reporting so that there is a common understanding of expenditures and funding availability for Proposition O on a standalone basis.	A standalone expenditure report is available and can be provided upon request.	Completed.	Report is complete and will provide on quarterly basis. Beginning with June 30 th 2017 financials, reported August 2017.	Report is complete and will provide on quarterly basis. Beginning with June 30 th 2017 financials, reported August 2017.

 Managements Responses

No.	Category	Issue	Auditor’s Recommendation	Management Response	Planned Resolution Date	Audit Follow Up Quarter 1 Progress (January – March 2017)	Audit Follow Up Quarter 2 Progress (April – June 2017)
Objective 7	Claim Avoidance Procedures		As a best practice, written procedures for claims avoidance should be prepared and utilized. Procedures taken to avoid claims should be documented and available for review to validate compliancy with the implemented claims avoidance policy. The Construction and Planning Department should utilize monthly accounting report narrative sections to address potential differences with the Contractor such as responsibility for performing particular specific work will be addressed in detail. Particular care should be taken to record and preserve all possible data and/or evidence with respect to any matter which may become a basis for a contractor claim. As there may be many root causes for claims, the claims avoidance policy should include a detailed process that the District follows to identify the areas of exposure that may lead to a claim and steps to be taken to prevent claims such as document control requirements, identification of appropriate communication channels, and proactive cost, schedule, and quality control procedures to avoid claims where possible.	The Planning and Construction Department will develop written procedures for claims avoidance by the end of the current fiscal year.	June 2017.	Director of PAC to develop procedures. Due June 1 st .	Complete. (See Pages 50-51 of redline version of PMP).

Objective 8			<p>The District should finalize the comprehensive manuals which detail material types, standard equipment, and systems, manufacturer specification numbers, and minimum standards for new construction and modernization mandated by the District for projects undertaken. These minimum standards mandated by the District should consider facility safety, longevity, and educational requirements. Additionally, as a best practice, a defined policy should be implemented for updates to the Sweetwater Modernization Standards and Technical Specifications documents. This policy should ensure that documentation exists including the requestor and date of request, description of change, cost-benefit relationship for the change, approver, and date of approval, and a time-stamped updated specifications document. The cost-benefit analysis for significant specification changes should be prepared internally at the District and approved by the District’s Management. Additionally, the Standard Specifications document should avoid including narrowly scoped requirements to prevent non-competitive pricing or overbillings to the District. Absent this policy and documentation, when and why changes are made to the standards</p>	<p>The District Standards are nearing completion. The Standards will be a living document and after approval by the Board of Trustees, there will be periodic updates. Staff is collaborating with the San Diego County Office of Education for development of roofing specifications. This is anticipated to be completed by the end of April 2017.</p>	April 2017	<p>Will be completed by the District Architect by end of June 2017.</p>	<p>Update 6/19: Roof Standards have now been incorporated into the District Standards. The District Standard will be taken to the Board on 6/26/2017, for a second reading and adoption.</p> <p>Complete.</p>

Objective 9	Cost Benefit and Value Engineering Analyses	There was no formal written procedure or documentation available to support that the District has implemented a process for conducting cost benefit analyses on its projects.	<p>As a best practice, the District should have defined processes for cost benefit analysis and value engineering for its projects, including when to utilize these tools, who is responsible for each activity, and procedures for final approval. The District’s current methodology is to utilize these tools on projects that are over the estimated budget; however, value engineering and cost benefit analyses can be utilized as a tool on any project. SAVE International specifies that the following six phases be conducted to analyze cost and value:</p> <ol style="list-style-type: none"> 1. Information Phase: Review and define the current conditions of the project and identify the goal of the value engineering study and cost benefit analysis. 2. Function Analysis Phase: Review and analyze the project to determine what needs improvement, elimination, or creation to meet the project’s goals. 3. Creative Phase: Generate ideas on all the possible ways to accomplish the requirements, with an emphasis on cost and functional needs. 4. Evaluation Phase: Develop and execute an evaluation to select those ideas that offer the potential for value improvement 	The Planning and Construction Department will develop processes for cost benefit analysis and value engineering for its projects by the end of the current fiscal year.	June 2017.	<p>Project Manager to outline a process for design review after each design phase. Cost Benefit and Value Engineering Analyses will be included as a component. Constructability review to be considered.</p> <p>Due June 1st.</p>	Update 6/19: Draft procedures and templates for Project Design Review are complete and will be included in the PMP. Cost Benefit and Value Engineering Analyses are included as components of the Design Review process. The Planning and Construction Department will perform a test implementation of these procedures starting in the third quarter of 2017. The results of the test implementation will be reviewed and the procedures and templates will be revised as necessary.

Objective 10	Maintenance of District Assets Funded with Proposition O and Warranty Conditions Compliance	The District does not maintain an Owner asset list for all assets incorporated into school site construction and is therefore unable to provide complete and accurate information regarding warrantied items.	As a best practice, the District should ensure compliance with all warranty conditions to sustain a level of protection against breach of warranty and proper maintenance of District facilities in accordance with warranty conditions. A consolidated summary project close-out report with warranty and preventive maintenance log details, which includes major assets, applicable warrantied items, dates of installation, required periodic maintenance, and actual maintenance conducted should be maintained for all school sites and reported to stakeholders on a regular basis. Warranty information is required as part of the construction close-out process; therefore, it is recommended that the Owner warranty log is created by the Planning and Construction Department and be provided to the maintenance team for proper follow-up.	The Planning and Construction Department will work with the Maintenance Department to define processes whereby periodic maintenance as required to keep warranties in effect is performed on a timely basis. These processes will be revised during the 2017-18 Fiscal Year.	June 2018.	None.	Update 6/19: Maintenance met with SDCOE and discussed a possible piggyback contract for School Dude software. An internal meeting has been scheduled with the district’s IT Department, to review the School Dude software. In addition, an internal meeting with the CFO has been scheduled to discuss integration with the district’s Financial System (TrueCourse).

I. INTRODUCTION

PURPOSE

The mission of the Planning and Construction Department (P&CD) is to provide quality educational and administrative facilities that support the educational goals of the Sweetwater Union High School District (SUHSD). The overall facility goals are reflected in the Long Range Facilities Master Plan (LRFMP), which is updated every five years, or as needed. The detailed implementation of the LRFMP is reflected in the Capital Improvement Program (CIP) Status Reports , which shows individual projects and are updated monthly. The LRFMP and CIP Status Reports are discussed in the Programming and Planning section of this plan.

This Project Management Plan (PMP) provides a guide for the implementation of projects managed by the P&CD to assure that all projects comply with applicable laws, regulations and codes. The PMP identifies key principals and criteria, the tools and resources to be utilized, and the process and to be applied to projects by staff. This plan is a living document and will be revised and updated to reflect the current goals of the SUHSD and the implementation of these goals as they change over time.

Although the information contained in this document is directed to SUHSD employees, the information may also be utilized to inform key stakeholders as well as the general public to the way SUHSD manages projects.

Citations of (BP xxxx) or (AR xxxx) refer to Board Policies or Administrative Regulations which are available on the district website.

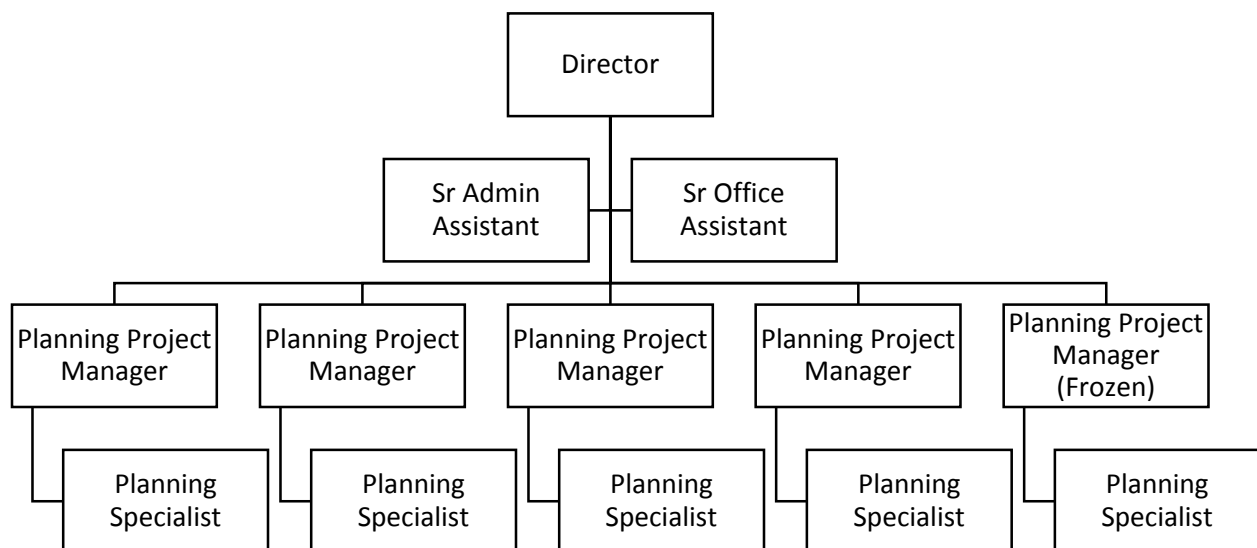

II. ORGANIZATION

STAFFING

The Planning and Construction Department (P&CD) is staffed by professional employees with knowledge in planning, design, engineering, and program and construction management. The Assistant Superintendent of Facilities and Operations (AFSO) and the Director of Planning and Construction (DPC) direct the activities of P&CD staff in the implementation of these projects. Implementation also requires the assistance of other departments (particularly the Maintenance and Purchasing Departments). Project management is primarily the responsibility of Planning Project Managers (PMs) supported by Planning Specialists (PSs). Approved job descriptions are available at:

<http://hr.sweetwaterschools.org/welcome/job-descriptions/>

Planning and Construction Department

PROGRAM RESPONSIBILITIES

COMMUNICATIONS

The ASFO and DPC will be responsible for providing program and project information to the Board of Trustees (BOT), the Citizens' Bond Oversight Committee (CBOC) and the general public. The BOT receives the CIP Status Reports at the last regular meeting of the month. The CBOC is responsible for oversight of the use of Proposition O funds and receives a modified version of the CIP Status Reports at

each meeting. The general public accesses information through the SUHSD web site, department web pages and Prop O web pages. The P&CD also works with the Grants and Communications Department to disseminate information to the media and public and coordinate project events such as groundbreaking, topping-out, and ribbon-cutting ceremonies.

The CIP Status Reports are used to give the BOT and public a status on current budgets, proposed budget changes, expenses, commitments, program contingency, revenue sources and provide narratives on the status of projects, photos, schedules, contractor and change order information. The DPC and Fiscal Services Division prepare the CIP Status Reports for board meetings using input from P&CD staff and processes the report through the board agenda input process.

Reports to the CBOC are limited to the projects funded with Proposition O (and BB) funds (including any other supplemental funding for those projects). The reports include narratives on the status of projects, photos, schedules, financial reports (including budget, commitments, expenses, projected cost to complete and potential savings) contractor and change order information. Also provided to the CBOC, is a summary of items approved by the BOT since the last CBOC meeting. The CBOC also receives copies of the annual financial and performance audits and other documents as requested. The P&CD also publishes the CBOC annual report.

The P&CD provides communication to the public and CBOC through the P&CD and Prop O web pages on the SUHSD website. These pages will be updated on a periodic basis and the CBOC pages on the Prop O website will be updated for each CBOC meeting with agendas, notices, and agenda item attachments. One or more members of the P&CD staff and ASFO office will be designated as webmasters with access to update the webpages.

PROJECT RESPONSIBILITIES

The general roles and responsibilities indicated below summarize the major responsibilities for individual projects by phase. Detailed responsibilities and activities are more fully described in later sections.

The following is a series of narratives describing the process of refinement, roles, information flow, deliverables, etc. for each phase. This is an outline of responsibilities. A specific and detailed scope of work and deliverables will be developed with each project once it is defined.

The process is separated into six phases: Programming and Planning, Design and Agency Review, Bid and Award, Construction, Close-out, and Post-occupancy. In addition to the summary phase descriptions below, see the Appendices for detailed listings of all tasks and responsibilities for entire design process through bidding.

PROGRAMMING AND PLANNING PHASE

- Development and implementation of the LRFMP.
- Development and implementation of the CIP funding sources, as detailed in CIP Status Reports.
- Master planning, programming, educational specifications and program scope and quality level development.
- Periodic review of district product standards and specifications.
- Facilities assessments and campus surveys.

- Development of conceptual project scope, schedule and budget in collaboration with the end users.
- Confirm funding sources.
- Determine construction delivery method.
- Select the appropriate Design Professional and other consultants necessary for each project.
- Determine appropriate California Environmental Quality Act (CEQA) documentation.

DESIGN AND AGENCY REVIEW PHASE

- Overall monitoring of the project including scope, schedule and budget.
- Development of schematic design program and projects scope, schedule, budget.
- Oversight of all design drawings related activities with the Design Professional.
- Constructability and value engineering reviews.
- Coordinate processing through approval agencies (the Division of State Architect [DSA], OPSC, local fire departments, etc.)
- Oversight of all agency review related activities with the Design Professional.
- Coordinate and manage all pre-construction activities with the general contractor on design-build projects.
- Internal departmental reviews by district stake holders.
- Provide documentation to funding entities if necessary.
- For projects funded by Prop O and/or Mello-Roos CFD funding, if the A/E's construction estimate is \$1 million or greater, the project is subject to the district's Project Labor Agreement (PLA).

BID AND AWARD PHASE

- Overall monitoring of the project including scope, schedule and budget.
- Coordinate with and assist the Purchasing Department during bidding and award.
- Pre-qualification of General Contractors for projects exceeding \$1 million.
- Pre-qualification of mechanical, electrical and plumbing sub-contractors for State funded projects over \$1 million.
- Preparation of bid packages and advertising.
- Assist Purchasing in bid opening activities.
- Bid award activities.
- Pre-construction activities.
- Coordination with the Grants and Communications Department for groundbreaking ceremonies.
- Provide documentation to funding entities if necessary.

CONSTRUCTION PHASE

- Overall management of the project including scope, schedule and budget.
- Manage the Contractor(s), Design Professional and Inspector of Record (IOR) during construction.
- Manage the procurement of Furniture, Fixtures & Equipment (FFE).
- Manage commissioning and occupancy.

- Documenting the project for communications to the public, the Board of Trustees, district staff, students and the Citizens' Bond Oversight Committee.
- Coordination with the Grants and Communications Department for topping out ceremonies on projects that have major structural steel components.
- Coordination with the Grants and Communications Department for ribbon-cutting ceremonies.
- Provide documentation to funding entities if necessary.

CLOSEOUT PHASE

- Assure that all project closeout activities are appropriately completed and DSA certification is achieved quickly in accordance with DSA procedures.
- Provide final documentation to funding entities if necessary.
- Assist the Fiscal Services Division with audits.
- Warranty information and Operation & Maintenance (O&M) manuals are submitted to Maintenance Department.
- Fixed Asset report is submitted to site.

POST-OCCUPANCY PHASE

- Respond to warranty issues.
- Assist maintenance in determining whether issues are under the warranty.
- Post-occupancy evaluation.
 - Perform one year, 22 month, and two year warranty job walks.

III. PROJECT CONTROLS

INTRODUCTION

Project Controls are critical for the overall success of District's projects. Good controls and control systems will:

- Ensure compliance with applicable laws, codes, rules, and regulations.
- Report accurate and timely information.
- Allow fact-based decision making.
- Deliver a single unified easy-to-use platform for everyone with easy data entry and maintenance.
- Identify areas requiring additional attention within the program.
- Allow the staff to continuously learn and improve from real-time data.
- Minimize paper distribution while maximizing communication.

PROGRAM CONTROL SYSTEM

A Program Control System (PCS) addresses five basic program needs: Financial Accounting, Cost Management, Document Control, Collaboration, and Scheduling. Currently a single system that incorporates all needs is not feasible and therefore multiple systems are used:

- The District Accounting System (DAS) is currently TrueCourse.
- The District Project Management Systems (PMS) are:
 - Account-Ability (AA) Software, which is used for Planning, Budget Development, Cost Management, Contract Management;
 - Prolog Software, which is used for Document Control and Collaboration;
 - The district also uses conventional files and electronic files (including Laserfiche) for Document Control.
- Scheduling is currently done with Microsoft Project.

The PCS is used daily by staff, consultants, and contractors to record project data. Reports should be prepared monthly to reflect the updated budgets, committed (encumbered) costs, expenditures, contract data, schedules and other data needed by SUHSD management, the CBOC, and BOT to make informed decisions related to the CIP Status Reports.

FINANCIAL CONTROLS

Financial accounting is accomplished by using the DAS and AA to maintain auditable financial records that track funding sources, budgets, encumbrances (committed costs), expenses and documents for the procurement process. P&CD staff and Fiscal Services staff will be responsible for inputting and assuring the accuracy of data in the DAS and AA. The PM is responsible for monitoring expenses to ensure that the project expenses do not exceed the project budget.

Project budgets and budget adjustments will be developed by the PM, approved by the DPC and ASFO and included in the monthly CIP Status Reports agenda item for approval by the BOT. The one exception is that budget adjustments within an approved project (e.g. moving funds between budget line items to reflect actual contracts) only requires approval by the DPC. Once budgets or adjustments are approved, the PM coordinates with the PS to ensure entry to the PCS prior to the end of the month.

Budget line items will be coded using the California Standardized Account Code Structure (SACS). District staff uses detailed reports from the DAS to manage project budgets by line item. Most reports to the BOT, CBOC and public are summaries of individual codes (e.g. site development, construction, portables, modernization and other construction are combined into a single construction line item for reporting).

Every effort should be made so that financial data in the DAS and PMS matches, however timing of input into the two systems may mean that there are differences in the systems. Major discrepancies between the DAS and PMS should be reconciled and corrected in the PCS by the PM and PS.

APPROVALS

Generally, documents such as invoices and requests for payment are signed by the PM and DPC. If the DPC will be absent, the DPC shall designate a PM via email. A second PM shall countersign so that there are always two signatures. If a PM will be absent, they shall designate another PM as an alternate, also via email. A hard copy of the email(s), establishing alternate signatory shall be included with the request for payment.

PROJECT MANAGEMENT CONTROLS

The PMS should integrate budgets, expenditures, commitments, trends, forecasts and schedules that allow the P&CD to manage each project and the whole CIP. The key requirements for the system include:

- Data tracking on expenditures and commitments, in concert with the DAS.
- Real-time and manual data entry of project cost and schedule data.
- Various levels of reporting and flexible reporting tools.
- Internet-based integrated platform for managing and reporting as required by key stakeholders, Public Agencies and SUHSD staff.

COST MANAGEMENT

Cost management is accomplished by using the PMS to manage project budgets, day-to-day project financial transactions and provide cost forecasting. The PMS includes control procedures and systems to track the decisions regarding budgets and budget changes so that staff can proactively prevent or fund any budget shortfalls caused by cost overruns.

The PS uses the PMS to track all project budgets, contracts and expenditures. The PMS is used to generate cover sheets used for various processes such as contract approvals, invoices and payment requests.

The PMS is also used to develop cost forecasts and track them against budgets, contracts and expenditures over a timeline. Cost management uses cash flows, cost forecasts, commitments and historical trending to forecast future expenditures and funding requirements, which allows management

to proactively monitor and control budgets and expenditures. As needed, the PS can produce reports from the PMS for use by management

COST FORECASTS AND TRENDING

Cost forecasts will be prepared on a continual basis as project information becomes more defined and progress is achieved. Three critical phases in the project lifecycle will trigger new forecasts. In the Schematic Phase, a forecast will be based upon the schematic scope. At the Design Development Phase and Construction Document Phase, a forecast will be based upon the completed engineering and design. The Construction Phase will mark a period of continuous review and monitoring where forecasts will be prepared routinely and as necessary from trending information.

In addition to the forecasts generated from the three critical phases, new forecasts can also result from other events such as: (1) a change in scope, (2) trending project expenditures, (3) trending commitments, (4) schedule impact and (5) unanticipated changes in market conditions. Changes in scope include but are not limited to, environmental factors and unplanned events. These changes will be tracked for continuous learning.

Preparation of project forecasts is the responsibility of the PM. Close examination of project expenditures and commitments will be conducted on a continual basis to ensure compliance with the plan. This trending information will be used to prepare a new project forecast. Individual trends, either up or down, may not immediately result in a project cost variance from budget because there are many factors that can affect the project forecast including degree of certainty associated with the trend and the availability of contingency funds.

DOCUMENT CONTROL

Document control is accomplished using conventional files, electronic files, and software. Conventional files are stored in conventional file cabinets or desk drawers. Archives must be stored in a secure room and location. Electronic files are managed by various software programs including Microsoft Windows, Laserfiche, Prolog and the DAS.

CONVENTIONAL FILES

The Central Filing System (CFS) is a conventional filing system for physical documents. The purpose of the CFS is to provide easy day-to-day access to active project related documents and an archive system for physical documents that must be retained by the district. Staff maintains both central files for records retention and local files for day-to-day project activities.

The CFS is organized by site and project. The master file index is in Appendix A. All P&CD staff will be expected to have a comprehensive understanding of the filing system and will be responsible for correctly labeling documents and files according to the filing system specifications.

Original documents will be kept in the central files. Central files may be located in a single central file location or near each PS's workspace. Local files in staff workspaces should only include copies of documents needed for active projects. If it is not feasible or reasonable to make a copy (such as bound reports), a method of notifying users where to find the original document should be used (e.g. each folder that contains a bound document could include a checkout sheet so that borrowers could sign out the document).

A secure permanent storage is required for archives (permanent storage unless otherwise noted) which includes but is not limited to:

- Project bid sets and record drawings
- Project closeout documents including testing and inspection reports, warranties, O&M manuals, and submittals (generally retained for a 5 to 10 year retention period)
- Hazardous materials reports (including asbestos removal)
- Real estate documents
- Signed contracts and agreements
- Government agency communications
- Environmental Reports
- Photographs
- Other permanent records

These documents are currently stored at the L Street Warehouse facility and destroyed when their retention date has expired. Labor Compliance files are typically held at the consultant facility and only forwarded by request.

ELECTRONIC FILES

Electronic files should be used instead of conventional files whenever possible. Prolog files are accessed only through Prolog and the function of Prolog as a PMS is discussed in other sections. Staff desktop and laptop computers have the ability to store data on local drives, but all district files should be stored on department servers. When tablets (currently Surface Pros) are used to generate documents or photographs, these items should be uploaded to the appropriate server.

DEPARTMENT SERVERS

Department servers are used to store department data, active project data, and to share data between departments. The servers include:

- Planningdocs is the primary server for the department. It is the location for resources for the department such as active project files, templates, reports, etc.
- Boardag is the server for board agenda items. P&CD staff upload draft board items to this server for review and approval by the DPC. After approval, the ASFO office finalizes the items and uploads them into Novus Agendas.
- Facilities Finance is the used for data that needs to be accessed by both P&CD and Fiscal Services staffs. This includes files supporting the CIP Status Reports, and files for state and federal audits.
- Drawings houses the electronic copies of drawings, specifications, warranties and operation and maintenance manuals.
- Other servers are software specific and are not used for storing day-to-day data.

LASERFICHE

Laserfiche is the software program used to archive permanent records for the district. The Planning partition is used by P&CD staff and Fiscal Services staff for records for individual projects as well as other department data. Administrative staff will scan and upload documents daily to avoid a large quantity of scanning at the end of a project. PMs should review the contents of Laserfiche at the end of a project and work with administrative staff to assure that any local files have been archived as required.

COLLABORATION

Collaboration relies on real-time communication to all stakeholders during the course of the project. The PMS will be used by District staff, consultants and contractors to record essential project information.

The PMS application needs to provide:

- Controlled data entry to ensure consistent information across all related documents, i.e., single entry of information by the consultants, contractors and SUHSD staff.
- Secure Internet access to reports, forms, drawings, specifications, policies/procedures and other project information based on the user's access privileges.
- A portal link for District pages.

SCHEDULING

Scheduling deals with the timelines for the various phases of a project. The project baseline schedule provides a time phased, logical sequence of interdependent activities, milestones, and events defined by the scope of the project. Schedule performance will be tracked by project and master project schedule so that adjustments can be made to reflect the actual schedules as required. The key requirements for the system include:

- The ability to show both detailed and roll-up schedules.
- Ability to add costs for a cost loaded schedule (not usually done for small projects).

IV. PROGRAMMING AND PLANNING

Most projects ultimately begin in the Long Range Facilities Master Plan (LRFMP). The LRFMP guides the development of the CIP and all active projects must either be listed in the CIP Status Reports or be funded by current fiscal year funds such as Deferred Maintenance or site funds. Programming and planning and initiating a project includes identifying funding sources, complying with CEQA requirements, selecting the project delivery methods, selecting the appropriate consultants and meeting with the users.

LONG RANGE FACILITIES MASTER PLAN

The LRFMP is the overall guiding plan for the District's capital improvement program. It provides the framework for building new facilities and improving existing facilities. In addition to major projects identified by in the LRFMP, any requested modifications to existing facilities will be evaluated by the P&CD for conformance with the LRFMP and by Maintenance and other affected departments for feasibility. Educational Specifications will be used in the master planning process to evaluate whether existing and proposed facilities will be suitable for the educational program for the district. Facility Assessments will be used to evaluate facilities against current master specifications for the physical facilities. The LRFMP includes Campus Master Plans, which provide a framework for individual projects but do not define the actual details for each project. The LRFMP also includes a summary of school capacities that will be compared with current and future enrollment. The LRFMP should be updated every five (5) years to refresh facility condition information and validate campus master plans that are dependent on current educational specifications and demographics.

For Proposition BB and Proposition O the district used the Technical Specifications and Facility Evaluations to create the District's Program Equalization Standards for the typical classroom modern teaching environment. The District will use updated Educational and Technical Specifications to update the LRFMP.

EDUCATIONAL SPECIFICATIONS

Facilities must be built to support the core mission of educating students. Educational Specifications are required for individual projects to describe the educational objectives to the Design Professional and their team. Volume 1 of the District Standards provides a framework and general district-wide Educational Specifications that will need to be customized for individual projects. Creation of Educational Specifications for large projects will usually be guided by the Design Professional while District staff may prepare them for smaller projects.

Educational Specifications may include the following:

- Project Description
- Project Design Factors
- Activity Area Requirements

- Summary of Area Relationships
- Summary of Space Requirements

The Project Description may include the following:

- Justification for the project
- The relationship to other schools in the district
- Learning delivery methods
- The vision for this school in the community
- Any environmental and sustainability goals
- Community or joint-use goals
- Grade level organization and capacity
- Budget and funding source(s)

TECHNICAL SPECIFICATIONS

Volume 2 of the District Standards contains the standard technical specifications used by the District. These specifications will be constantly reviewed by the Maintenance Department and the P&CD and will be distributed to Design Professionals for incorporation in construction projects.

FACILITIES EVALUATIONS

Facilities evaluations will include an inspection of all schools, support structures and site conditions. Existing facilities will be compared to the Educational and Technical Specifications for the district. The results guide the creation of the LRFMP and may also be used as a guide for specific projects at each.

SITE MASTER PLAN

The LRFMP includes master plans for each site and support facility. Each site master plan consists of program equalization and revised education standards, estimated cost for improvements and demolition to address the program standards and respond to the demographic analysis. Every effort is made to incorporate equalization standards on existing facility.

SUMMARY OF SITE CAPACITY

The LRFMP includes a detailed site capacity breakdown and analysis for each school in the district. Site Assessments determine existing classroom capacity and issues. This information is used to examine growth accommodation in comparison with the demographic projections and build out figures.

CAPITAL IMPROVEMENT PROGRAM (CIP) STATUS REPORTS

The CIP Status Reports details the project and program list used to implement the LRFMP Review and approval of the CIP Status Reports by the BOT at each regular meeting is the mechanism for approving new projects, budgets and budget adjustments. The CIP Status Reports packet is broken out into four sections:

- I. Consolidated Budget and Expenditure Monthly Status Report.
The purpose of this report is to provide a comprehensive financial progress report of the Sweetwater Union High School District's capital projects. The report includes project budgets, recommended new and adjusted budgets, project encumbrances and project expenditures.

The information within this report is broken out into two separate sections. The first section provides a list of Active Projects in alphabetical order by site and project name. The second section provides a list of Completed Projects in alphabetical order by project name.

II. Active Projects Monthly Status Report.

The purpose of this report is to provide a comprehensive construction summary and progress report of the Sweetwater Union High School District's capital projects. The report includes project description, construction status, breakdown of budget and expenditures by cost group, budget history and commitments, project status photos and key issues.

The P&CD prepares an Active Project Monthly Status Report for all active projects. A Report will not be completed for projects on hold or in close-out phase.

III. Current Budget Detail Monthly Report.

The purpose of this report is to provide a detailed listing of the funding source for each of the Sweetwater Union High School District's Capital Projects. This report includes statistical data by funding source and project type.

IV. Glossary of Acronyms and Terms.

FUNDING SOURCES

The district has three major funding sources for capital improvement projects:

- Local bonds such as Propositions O and BB (including Bond Anticipation Notes [BANs]);
- Mellos-Roos Community Facility District (CFD) Funding; and
- State school bonds through the School Facility Program (SFP) and other programs administered by the Office of Public School Construction (OPSC), State Allocation Board (SAB) and California Department of Education (CDE).
 - New Construction Funding
 - Modernization Funding
 - Career Technical Education Funding (CTE)
 - Overcrowded Relief Grant Funding (ORG)

Other funding sources have included:

- Developer Fees
- Quality Zone Academy Bonds (QZABs)
- Certificates of Participation
- SDG&E Energy rebates
- District general funds (for very small projects or close out costs);
- Deferred Maintenance Funding
- Grants from the NFL through the Los Angeles Chargers
- Community block grant funds through the City of National City
- Site funds
- ASB funds

- Donations

The district has successfully leveraged local bond funding by applying for and receiving State Bond Funding. Depending on the program, the district must provide a 50 percent or 40 percent matching amount of funding. Some of the programs allow the district to keep any project savings to use on additional capital facility needs.

The CIP Status Reports includes only funds that have been approved, received, or have a reasonable assurance of materializing. Future funding may be identified but projects will only proceed through design or construction as long as funding for the project has been approved and received.

INITIATING PROJECTS

Projects may be initiated by the adoption of the LRFMP, site requests, donations, and recommendations from staff.

After a project approval, initiating the project requires:

- Assigning a PM and PS.
- Assigning a project name to a proposed project.
- Verify CDS number for the project.
- Developing a project scope of work.
- Establishing a project budget.
- Determining DSA approval requirements.
- Selecting the appropriate construction delivery method.
- Determining the appropriate environmental review.
- Selecting the appropriate consultants.
- Establishing a project schedule.

PMs have been assigned territories or specialties such as cell sites, solar and fire alarms. Each PM should have a primary PS, however the need to balance workloads precludes the exclusive assignment of PM/PS teams. Unless there are workload issues or other circumstances, the DPC should assign the project to the PM and primary PS for that site or specialty.

SITE FUNDED FACILITIES ALTERATIONS REQUEST

Alterations or improvements to district sites and facilities will be submitted to the P&CD on form 3500 (see Exhibit 1). The request is reviewed by the DPC and Maintenance Manager for impacts on existing facilities and whether there are any building code related issues. Review by other departments such as Information Technology may be required. After all reviews are complete, a final determination for approval or denial will be made by the ASFO. If the project requires approval by DSA or needs the assistance of the P&CD, then it will be added to the CIP Status Reports and will be managed by the P&CD. Otherwise, the approved 3500 form is returned to the site for implementation.

PROJECT NAMING

The DPC and PM will meet to assign a project name (if one has not already been assigned). The project name will begin with the site name and is generally tied to the funding source (e.g. Mar Vista High

School Prop O Project 1). Official acronyms (see Appendix B) may be used on reports and requisitions, but the official title must be used on contracts and bid documents.

If there are multiple construction contracts for the project, then the bid document names should include the project name and the specific bid (sub-project or increment). For example, the Mar Vista High School projects (if there had been three projects instead of two) could have been named MVH Prop O Project 1 Building 100 Modernization, MVH Prop O Project 1 New ASB Building, and MVH Prop O Project 1 Title IX Improvements. On the other hand, if the Title IX project was added later (and it was) and was funded by project savings or other funding it could have its own name such as MVH Prop O Title IX. The PM will obtain approval of all sub-project names from the DPC.

This type of naming allows accurate grouping and tracking of project expenditures and adds clarity to the project information at DSA (particularly on DSA Project Tracker). The project name provides PM with a clear identifier for all of the various contracts and purchase orders initiated by the procedures and insures that all expenditures are assigned to an approved project budget. The DPC will approve all project names, budgets, and scope.

ESTABLISHING PROJECT SCOPE

Each project will have a site contact assigned which may be the principal, assistant principal in charge of facilities, department head or other staff member. Regardless of who is assigned to be the site contact, the site administrator (principal or department head) will need to approve the project scope.

On small projects the scope may be determined by the PM in conjunction with the site contact, site staff and users. The PM will review the preliminary scope with the DPC before meeting with site staff and users. After obtaining approval of the scope from the site administrator, the PM will present the final scope to the DPC for final approval.

On large projects, the type of project (e.g. modernization) and budget may have been established by the LRFMP and CIP Status Reports, however detailed scoping may be beyond the workload capacities or expertise of the PM. In such cases, detailed scoping and programming will be administered by the architect. For these projects, establishing project scope occurs after the project budget has been established and the architect has been selected.

For projects over \$10 million (and large projects under \$10 million at the discretion of the DPC) a series of program development meetings (including a public meeting) will be held with a committee (made up of staff, administrators, community members, teachers, students and parents) from each school site. This Site Committee will recommend and prioritize facility needs and desires for the project. The PM and architect will review the prioritized list for conformance with the LRFMP. Preliminary project budgets for individual needs and desires will be prepared by the Architect in order to assist the Site Committee with the prioritization process. After the project program is complete and the public meeting has been held, a final Site Committee meeting will be held to confirm that all issues have been addressed in the program. The PM and architect (if requested) will present recommendations to DPC and ASFO for approval.

On large projects, after approval of the program by the site administrator, the architect will prepare a Program Phase Report that defines the scope with the available budget for the project (i.e. the needs and functions of the user and the assignable square footage) to be submitted to the DPC for approval

prior to beginning Schematic Design. The PM will compare the Program Phase Report to the architect's agreement and prepare and process any amendments necessary to implement the approved program.

ESTABLISHING PROJECT BUDGETS

Project budgets will be determined on the basis of the initial scope of work and a comparison to historical data on prior projects, if applicable. The soft costs should not exceed 30 percent on typical new construction and modernization projects that include a FF&E budget. On projects without significant FF&E such as stadium lights or deferred maintenance projects, the soft costs should not exceed 25 percent. On small projects, the soft costs may exceed these guidelines because of design, inspection and DSA fees. The PM and PS must complete a Fund Request Form (Exhibit 2) for approval by the DPC and ASFO. The PM and PS may use the Budget Input sheet (Exhibit 3) to support the funding request. Fiscal Services uses both forms to input the budget into the DAS. The PS inputs the budget into the PMS.

On projects with sub-projects or increments, an accounting goal may be used to identify budgets and expenses for that sub-project, otherwise all project expenses will be charged to the main project.

The PM and PS need to be aware of any restrictions on funding when establishing the budget. For example, SFP CTE funds have specific FF&E lists with associated costs, and some grant funds (i.e. CBDG) must be used for planning costs and not construction or they will trigger Federal Davis-Bacon rules.

DETERMINING DSA APPROVAL REQUIREMENTS

Whether a project needs DSA approval depends on the size and scope of the project. The following table may be used to determine when DSA submittal and approval is required. The alteration or reconstruction thresholds are the limits for the year noted and the 2014 amount is escalated annually by DSA.

With concurrence from the DPC, the PM should direct the Design Professional to submit small projects such as scoreboards and marquees as an over-the-counter review as long as the DSA review is expected to take less than two hours. Over-the-counter review should be requested for small projects even if the type of project is not explicitly permitted by DSA policy. If the over-the-counter review is rejected, then DSA will process the application as a regular review.

Project Description	DSA Required?	Final DSA Submittal
Maintenance projects of any dollar amount that do not change the structure and do not increase the load on the structure (e.g. HVAC replacement for \$5 million that uses lighter equipment on existing curbs)	None, however, a meeting with DSA is recommended for any project that seems like it may need DSA review. DSA will give a verbal opinion on whether to submit or not. Never submit a DSA application for concurrence that the project is exempt (DSA-7).	None

Alteration or reconstruction projects less than \$40,268.17 (2014)	None	DSA 999 (kept by district)
Alteration or reconstruction projects between \$40,268.17 and \$161,072.67 (2014)	Exempt if an A/E certifies that there are no structural, FLS or access compliance issues.	DSA 999
All new construction and alteration or reconstruction projects greater than \$161,072.67 (2014)	Submit to DSA	Full DSA documentation
Projects that do not affect structural or FLS but do affect access compliance	Submit to DSA for Access only review	Full DSA documentation but project will not be certified.

SELECTING THE APPROPRIATE CONSTRUCTION DELIVERY METHOD

SUHSD will employ construction delivery methods that meet the needs of each project. The various contracting and delivery methods available are listed below. Although multi-prime contracting is a legal option, the burden imposed by managing and accounting for numerous contracts on a single contract and the change order limitations make this contracting method undesirable and it will not be used at this time. The following delivery methods are more fully described in Appendix C:

- Quotes or Proposals
- Formal Bid: Design-Bid-Build (DBB) (Education Code 17250.10 et. seq.)
- Design-Build (D-B)
- Alternate Project Delivery Methods (Government Code Section 6950-6958)

The PM and DPC will meet to determine the most appropriate procurement method for the project based on:

- Time Considerations
- Complexity and Size of the Project
- Type and size of contractors that you want to attract
- Budget constraints
- Openness to alternate methods
- Level of acceptable legal and financial risks

The ability to use the various delivery methods depends on the size and nature of the project. The table below describes when the various delivery methods may be used.

Construction Projects	Delivery Method
Projects under \$1,000	Are not public works projects and only quotes or proposals are needed in order to issue a purchase order. Three quotes are preferred but are not mandatory.
Projects between \$1000 and under \$8,000	Only quotes or proposals are needed in order to issue a purchase order. Three quotes are preferred but are not mandatory. Projects may also be bid.
Projects between \$8,000 and under \$15,000	Three quotes or proposals are needed or formal bid.
Projects above \$15,000	Formal Bid
Projects above \$1,000,000	Formal Bid or D-B

Personal Property (supplies, materials, apparatus, equipment, including Portables)	Delivery Method
All Contracts	As noted below; or with the approval of the Purchasing Manager: Use a piggyback bid from another public entity, or Use a CMAS bid.
Contracts and under \$8,000	Only quotes or proposals are needed in order to issue a purchase order. Three quotes are preferred but are not mandatory. May be bid.
Contracts between \$8,000 and under \$88,300	Three quotes or proposals are needed or formal bid.
Contracts above \$88,300	Formal bid.

Piggy-back bids Notes	
Piggyback includes incidental installation (less than 10 percent of the total cost) and installation was included in the bid.	Ok to use Piggyback bid for purchase and installation.
Piggyback installation exceeds 10 percent of total cost and piggyback plus separate installation cost is between \$15,000 and \$88,300	Installation must be bid even if installation cost is less than \$15,000.

DETERMINING THE APPROPRIATE ENVIRONMENTAL REVIEW

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA)

All project need to be reviewed for compliance with the CEQA (Title 14, Section 15000, of the California Code of Regulations). Detailed guidelines are available at www.ceres.ca.gov/ceqa/guidelines. Projects will fall into one of the following categories:

- Statutorily Exempt
- Categorically Exempt
- Require and Environmental Impact Study (EIS) which results in one of the following:
 - A Negative Declaration (ND)
 - A Mitigated Negative Declaration (MND)
 - An Environmental Impact Report (EIR)

The Superintendent, Chief Financial Officer (CFO), ASFO and DPC have been authorized to prepare and file a Notice of Exemption (NOE) for projects that are statutorily or categorically exempt. They have also been authorized to prepare and conduct initial studies and other preliminary assessments for projects that are not exempt and also to prepare or cause to be prepared negative declarations or mitigated negative declarations. If a project needs an EIR, then a consultant will be employed to run the EIR process and prepare the EIR.

The PM will review the project scope with the DPC to determine the level of environmental review needed. For exempt projects, the PM will prepare an initial study and review it with the DPC. The PS will prepare the NOE for approval and signature by the DPC or ASFO. The PS will file the NOE with the County and State Clearinghouse.

All final environmental documents (initial study, NOE, ND, MND and EIR) are permanent documents and will be filed in both the physical and electronic archives.

DEPARTMENT OF TOXIC SUBSTANCES CONTROL (DTSC)

DTSC has jurisdiction over new school sites. A consultant will need to be selected to perform a Phase 1 assessment, which reviews the historic nature of the site and the potential for the existence of hazardous materials. If indicated, a Phase 2 assessment and a Preliminary Environmental Assessment (PEA) may be required. Because acquiring new school sites is not a common occurrence, the PM and DPC will review the current requirements at the time needed and the district will issue an RFQ or RFP for any services needed.

ASBESTOS

Almost every existing school site built prior to 1980 will have asbestos containing materials on site. The Risk Management Department is the custodian of the AHERA reports. On modernization and alteration projects, the PM will review the scope of work with Maintenance and Risk Management to assess the potential for disturbing asbestos containing materials. If such a potential exists and recent test reports are not available, the PM will select a Hazardous Materials firm to test the appropriate existing materials. Typically, asbestos is found in roofing, stucco (exterior plaster), window caulking, flooring (typically 9"x9" tiles and mastic) and boiler system insulation and pipe lagging. Unless damaged, this asbestos is not hazardous.

SELECTING THE APPROPRIATE CONSULTANTS

After the preliminary scope of work for the project is known, the PM can determine the appropriate consultants for the project. Consultants may be selected from the pre-approved list maintained by the Purchasing Department at the following web page:

<https://drive.google.com/file/d/0B9zm6GSINUBYZm9wWkZvMUtTNXM/view>

Consulting contracts should be negotiated and agendized for BOT approval prior to the services being needed. If necessary, new consulting contracts for pre-approved consultants may be ratified with prior approval from the DPC or ASFO if the total fees for that consultant in the current fiscal year will not exceed \$200,000.00. Contracts that are approved rather than ratified do not have a dollar limit. If a consultant is not on the pre-approved list, then that contract must have prior BOT approval and may not be ratified. See **Processing Contracts** above for professions that require qualifications based selection.

Following is a list of typical consultants for major projects. See Appendix D for a more detailed description of services provided. Some consultants are required to be selected through a quality based selection process and are noted “(QBS)” (Government Code Section 4525 et. seq.). Construction Managers require QBS but are not used by SUHSD at this time. The pre-approved consultant list was prepared using QBS. If a consultant is not on the pre-approved list and is required to be selected through a QBS process, then an RFQ will need to be issued for that firm to be qualified. See Appendix E for the QBS Process.

- Design Professional (QBS)
 - Architects
 - Engineers (Civil, Structural, Electrical and/or Mechanical)
 - Landscape Architects
- Environmental Consultant (QBS)
- Land Surveyor (QBS)
- Soils Testing Firm
- Utility Locator Firm
- Scheduler
- Estimator
- Inspector of Record (IOR) (this contract must be held by the District even in Design-Build or vendor funded projects such as cell towers)
- Special Inspector
- Materials Testing Firm (cannot provide the IOR)

CONSULTANT CONTRACTS

- The PM will review the pre-qualified consultant list and select at least three firms (if available) for each consultant needed. PM to provide justification if only one consultant is recommended based on prior work or expertise.
- The PM will review the selected firms with the DPC.
- PM Obtains proposals from the selected firms using Proposal template (PM).
- Review the scope of services and price (PM).
- Review required insurance documents (PS).

- Recommend best value for services (considering both total cost and hourly rates) for approval by DPC (PM).
- Negotiate the final price (if needed) (PM).
- Under \$5k contract is PO + Proposal (if District template); If not on template, then reference to proposal must exclude any indemnity clauses (or other unacceptable clauses).
- Prepare the contract for over \$5k (PS as directed by the PM).
- Enter the contract commitment in the PMS (PS).
- Generate the contract approval sheet from the PMS (PS). (amendment only)
- Prepare the BOT agenda item (PS). Include the following for pre-approved consultants:
 “Contracting with pre-qualified consultants for as-needed professional services through August 31, 2018 was approved by the board of trustees on August 19, 2013, board agenda Item N-6.”
- Prepare a budget adjustment form if necessary (PS).
- Prepare the Purchase Requisition (PS) using Prop O or Prop BB PO numbers for Prop O & BB projects (PS).
 - Prop O:
 - Receive insurance, fingerprinting, signed board approved agreement (or draft ratification board item), pricing document (cross out indemnification or legal jurisdiction).
 - Assign SF PO number.
 - Generate Req. (attach all of above and include email address of vendor).
 - Non-Prop O
 - Generate Req. (attach proposal cross out indemnification or legal jurisdiction) include email address of vendor signed board approved agreement (or draft ratification board item) DO NOT INCLUDE INVOICES.
 - Purchasing obtains insurance, fingerprinting (PS may provide this info to expedite processing).
- Purchasing processes the Req. into a PO.
 - TrueCourse generates the Purchase Order (pdf).
 - Purchasing emails or fax copy to vendor if PO is the only contract. PO is not sent to vendor if a consulting contract is used.
 - Purchasing emails copy to PS.
- Send signed contract and BOT item to consultant (PS). (Exhibit 9)

CONSULTANT CONTRACT AMENDMENTS

Consultant contract amendments exceeding \$200,000.00 must have prior BOT approval. The CFO, ASFO and DPC may approve amendments up to \$150,000 per amendment and the Superintendent may approve amendments up to \$200,000 per amendment (Exhibit 4). There is no cumulative limit on consultant contract amendments. Amendments that exceed \$1,000.00 must be ratified by the Board.

The PM and PS will:

- Evaluate need for contract amendment (PM).
- Receive and evaluate proposed contract amendment (PM).
- Negotiate the contract amendment with the consultant (PM).

- Obtain approval from the DPC (PM).
- Enter the contract amendment in the PMS (PS).
- PMS generates the contract amendment documents (PS).
- Documents routed for approval signatures (PS).
- Process the contract amendment for BOT approval or delegated approval and BOT ratification (if required). Include reference to the original contract approval date, amount and BOT item number in the agenda item and Purchase Order Adjustment (PS).
 - “The original contract, in the amount of \$xxxxx, was approved by the board of trustees on MMM DD, YYYY, board agenda Item X-X.”
- Obtain updated insurance certificates if expired (PS).
- PMS generates the Purchase Order Encumbrance Adjustment form (PS) include board approval or draft board ratification item, and signed contract amendment form, and pricing document (cross out indemnification language or legal jurisdiction) DO NOT INCLUDE INVOICES.
 - Truecourse generates revised PO.
 - Purchasing emails revised PO to PS.
 - Purchasing emails revised PO to vendor (non-Prop O).
- Request a budget adjustment if necessary.
- Route Purchase Order Encumbrance Adjustment form to DPC and accounting for approval (PS).
- Send approved amendment and BOT item to consultant (PS).
- Purchasing sends PS the revised PO.

CONSULTANT CONTRACT INVOICING

After the contract has been executed and a purchase order has been issued, the consultant may invoice for services rendered. See Appendix F for the consultant contract invoicing process.

LEGAL SERVICES

Contracts for legal services for the P&CD will be managed by the Legal Services Division. The ASFO and/or the DPC arrange for needed services through that office and review invoices provided by that office. Support services needed by attorneys (such as discovery and document services) will be contracted by the P&CD as consultants.

ESTABLISHING THE PROJECT SCHEDULE

Unless waived by the DPC, the PM will develop a preliminary baseline schedule that includes:

- Programming and Planning Phase
- Design and Agency Review Phase
- Bid and Award Phase
- Construction and FF&E Phase
- Closeout Phase

During the Programming and Planning Phase, the PM will expand the schedule to include all major activities for the project. Activity durations and relationships between activities will be identified and input into MS Project by the PM. The schedule will help provide advance notice of scheduling impacts

that could delay completion. This will allow the PM to develop potential alternatives to ensure significant effort is given to achieving the desired completion date. The PM is responsible for the accuracy and timely updating of project schedules and disseminating the information to DPC. A Master Schedule will include roll-up information from all projects within the department. This will provide a department level view of all projects and support cash flow analysis. A major revision of the project construction schedule may occur at the beginning of the construction phase when the contractor develops a construction schedule based on their selected means and methods. The contractor is required by contract to provide a detailed schedule to the District three weeks after Notice to Proceed is issued. During mobilization and construction, the PM will monitor the progress of their projects and communicate updates and milestones on a monthly basis.

V. DESIGN AND AGENCY REVIEW

SUMMARY OF DESIGN PROCESS

The design process is the refinement of a concept from schematic design into construction documents that are used to build the project. This refinement is done in a series of phases. With each phase, there are decisions made and directions given that allow the Design Professional to refine and complete all of the documentation that describes the design. The Design Directives should be followed without exception in less waived by the ASFO for just cause.

The PM will organize an inclusive Design Review Process, so that each end user, school site and department affected by construction has a voice and reviews the various submittals at appropriate milestones of the design process. This requires the PM to route the documents to the site committee, Maintenance Department, Information Technology (IT) Department and other departments as needed such as Educational Technology, Nutrition Services and the Visual and Performing Arts (VAPA) departments. Each reviewing group must have adequate time to review, sign the documents and make comments if they have any, before returning them to PM. The PM will review and proposed changes to the scope of work with the DPC unless waived. The PM will forward the comments to the Design Professional.

To assist PMs during project design and agency review. (See Exhibit 10)

SCHEMATIC DESIGN

Schematic design is the first phase of basic services for project design. Various site surveys will be performed prior to the beginning of the design work. At this stage in a project, the Design Professional describes the project three-dimensionally. A range of alternative design concepts will be explored to define the function, scale and aesthetic character of the completed project.

The architect will conduct specific design consultations and reviews with individual school departments involved with the Programmed design scope (i.e. science department, computer lab, etc.).

The Green Building requirements of Board Resolution 3794 adopted in 2008 have largely been adopted by the State of California in the 2016 California Energy Code (California Code of Regulations, Title 24, Part 6) and new projects shall comply with that code. The design professional will consult with SDG&E to review potential grants and rebates for programs such as "Savings by Design".

The Design Professional will prepare a Basis of Design Document that includes a description of the project site, architectural design, building, and type of construction including the structural system, materials, finishes, and systems as well as a strategy for dealing with special conditions, subsurface conditions, and substructure. The design will identify all special systems including mechanical, energy management, electrical, security, and information. Points of connection to existing mechanical, electrical, fire alarm, communications, security, and civil systems will also be identified.

The Design Professional will create a baseline cost estimate within the budget established for the project. The Design Professional must immediately notify the PM if the approved program exceeds the approved budget. The process will not proceed into design development unless the project estimate is within budget. These estimates are important for determining overall funding requirements. The District will use these estimates for securing project funding. If the estimate exceeds current year availability of funds, then projects may need to be re-scoped or rescheduled and new funding accounts prepared.

The Design Professional will update (or create) the project schedule that includes the timing and dependencies for completing all aspects of design. The schedule should address all phases of design including State Agency applications and approvals, utility rebate and incentive program submissions and reviews.

The Design Professional and PM will review all existing buildings on the campus to determine if any uncertified buildings or projects exist.

- Uncertified portables may be moved to a new site with a new foundation and ramp as long as the in-plant inspection verified reports are available. After being moved to a new site, the previously uncertified site can be voided by DSA.
- Uncertified projects may be certified by alternate methods approved by DSA as long as the verified reports (DSA-6 forms) are available from the IOR. Reports from the Design Professional and contractor(s) are desired but not mandatory for older “legacy” projects.

Upon completion of schematic design, the Design Professional submits deliverables for final approval, which documents and quantifies the project scope, schedule, and budget elements. The PM and Design Professional will participate in the Design Review Process described at the beginning of this section. After the schematic design submittal has been approved by the DPC, the “Schematic Design Phase Approval Letter” letter is issued to the Design Professional authorizing the next design phase of work to begin.

Environmental reviews and soils testing should be completed during this phase if they have not been completed already.

DESIGN DEVELOPMENT

During the design development phase, the project design is further refined. Plan arrangements, specific space accommodations, equipment and furnishings, building design, materials and colors, and complete definition of all systems serving the project are developed. All design decisions will be completed during this phase in order to prepare the subsequent construction documents.

An energy analysis of the project is to be prepared during the design development phase as required by applicable sections of the California Energy Code. Additionally, the required documents and studies to qualify the project for applicable utility rebates and incentives for energy efficient facilities will be prepared. An estimate of points earned under CHPS and will be compared to the goals adopted by the BOT

The Design Professional will update the estimate of project construction cost based on the completed design development documents. The cost estimate will include a breakdown of costs for all building

components including foundations, structure, mechanical, electrical, plumbing, communications, exterior utilities, furnishings, interim housing, temporary barriers, landscaping, fencing, site work, etc. The Design Professional will compare the estimate with the approved construction budget and provide an analysis of any variances. If the probable construction cost exceeds the approved budget, then the next phase of design cannot begin until the design is revised to be within budget or a budget amendment is approved (see Financial Controls in the Project Controls section).

For all projects with an estimated construction cost in excess of \$5M, the PM will select a cost estimating firm to create an independent construction cost estimate based on completed design development documents. If the two cost estimates are substantially different, the two will be compared to identify omissions, duplications, etc. Significant variances will be reconciled to the mutual satisfaction of both the Architect and the PM prior to submission to the DPC for approval.

The Design Professional will prepare an updated project schedule that includes the timing and dependencies for completing all aspects of the project. The schedule should address all phases of design including State Agency applications and approvals, utility rebate and incentive program submissions and reviews, as well as a construction schedule providing for all components of the work including demolition, phasing of construction, interim housing, coordination with school activities and functions, startup and testing, commissioning, move in, and the occupancy requirements of the District.

Preliminary plans will be submitted to California Department of Education if required.

Upon completion of design development, the Design Professional submits deliverables for final approval, which documents and quantifies the project scope, schedule, and budget elements. The PM and Design Professional will participate in the Design Review Process described at the beginning of this section. After the design development submittal has been approved by the DPC, the "Design Development Phase Approval Letter" letter is issued to the Design Professional authorizing the next design phase of work to begin.

CONSTRUCTION DOCUMENTS

The construction document phase consists of preparing detailed drawings and specifications that establish the requirements for the construction of the project. The construction documents describe the quality, configuration, size, and relationship of all components to be incorporated into the project. Construction documents must be consistent with the project program, the construction budget, and the project schedule. Interim housing planning begins and must be submitted with the 50 percent review submission.

The Design Professional will use the new CSI Masterformat for the specifications. The PS will edit the SUHSD standard front-ends (Divisions 0 and 1) based on the bidding schedule and the PM's edits. The PM will review any special or supplementary conditions. The PM will review all edits with the PS.

The Design Professional will submit construction documents to the PM for review at 50 percent completion. The PM and Design Professional will participate in the Design Review Process described at the beginning of this section. Constructability analysis is required for all projects with an estimated construction cost in excess of \$1M. The review is to be performed on the 50 percent set of construction

documents. The Design Professional will incorporate all resulting changes into the documents and submit to the PM for review and written approval prior to submittal to DSA.

The Design Professional will update the estimate of probable construction cost and will review the project with the PM to determine whether allowances should be incorporated into the project. The Design Professional will compare the estimate with the approved construction budget and provide an analysis of any variances. If the probable construction cost exceeds the approved budget, then the next phase of design cannot begin until the design is revised to be within budget or a budget amendment is approved (see Financial Controls in the Project Controls section).

After submittal of the 50 percent review set, the PM and Design Professional shall review the testing and inspection (T&I) requirements that are anticipated for the project. Based on the scope of T&I needed, the PM will use the consultant selection process described earlier.

At least one month before the expected submittal to DSA the Design Professional will submit a draft DSA-1 form to the PM. The PM will request a project tracking number (PTN) from the PS or DPC who will obtain the PTN from the OPSC website. The PTN will be added to the draft DSA-1. The PS will request a warrant DSA fees based on the Draft DSA-1 form through the normal purchase order process. The PM will transmit the approved draft DSA-1 form back to the Design Professional. The Design Professional will provide an electronic copy of the DSA-1 form to the PS for filing.

The Design Professional will submit the construction document package (considered the 95 percent set) to the PM for review and to DSA for review and approval.

AGENCY REVIEW

During agency review period, the PM and Design Professional will participate in the Design Review Process described at the beginning of this section.

During agency review the PS will obtain the bid number from the Purchasing Department and transmit to PM and Design Professional. The Design Professional will add the bid number to the bid documents (title pages, footers, etc.).

During agency review the PM and Design Professional will meet and determine the following information needed for bidding.

- The type of contractor's license required to perform the work. The type of license must be included in the Notice to Contractors Calling for Bids and on the plans (Public Contract Code section 3300).
- Whether additive or deductive items will be included in a bid. If included, the bid documents must state how the lowest bidder will be determined. In the absence of such specification the lowest bid will be the lowest bid price on the base bid without consideration of the prices on the additive or deductive alternates.
- Whether allowances will be included and whether unit prices are required for allowance items.
- Whether unit prices will be required in the base bid. If so, then the PM will specify a number of units in order to determine the lowest bidder.

- A statement regarding a no guarantee of award regarding the unit costs should be included if the District does not intend to include the unit costs in the initial award of contract.

The Design Professional will review the DSA comments with the PM. Any significant comments will be reviewed with the DPC. After all review comments have been reconciled and incorporated into the documents the PM will attend all DSA back-check appointments but need not stay for the entire appointment.

The Design Professional will obtain the original and scanned copies of the DSA approved plans and specifications and will transmit the electronic versions to the PS along with the original word documents.

The District has negotiated and executed a Memorandum of Understanding (MOU) with DSA for the first round of Prop O projects greater than \$5 million. Although the MOU has expired and will not be renewed, quarterly meetings will still be held to resolve issues and keep open communications between SUHSD staff and DSA staff. These meetings will be attended by the DPC and ASFO.

After DSA approval the Design Professional will update the estimate of probable construction cost based on any final changes required by DSA. The Design Professional will compare the estimate with the approved construction budget and provide an analysis of any variances. If the probable construction cost exceeds the approved budget, then the next phase of design cannot begin until the design is revised to be within budget or a budget amendment is approved (see Financial Controls in the Project Controls section).

Other agency approvals will be finalized at this time including but not limited to San Diego Gas & Electric (SDG&E), local water authorities, local fire departments, California Department of Education (CDE), Office of Public School Construction (OPSC) (if applicable).

VI. BIDDING AND AWARD

Bidding and award procedures are strictly governed by state law and district policies. The PM and PS will follow procedures established by the Purchasing Department. This section will review the procedures for the three primary construction delivery methods: Design-Bid-Build (DBB), Lease-Leaseback (LLB) and Design Build (D-B). LLB and D-B are alternative methods to traditional bidding.

DESIGN-BID-BUILD

A bid package consists of the approved drawings and specifications (front end and technical specifications). The bidding and award process has the following major steps (see Appendix G for detailed tasks):

- Prequalification of bidders (if required),
- Initiating the bid process,
- Bid Period,
- Bid Opening,
- Bid Review, and
- Award

PRE-QUALIFICATION OF PROSPECTIVE BIDDERS

The BOT has adopted a policy requiring the prequalification of general contractors for projects that exceed \$1 million. (Exhibit 5). The Purchasing Department is responsible for the pre-qualification process that includes the RFQ, pre-qualification forms, receiving and scoring the forms, and establishing the list of pre-qualified contractors.

Effective January 1, 2014, the district must also pre-qualify general contractors and mechanical, electrical and plumbing subcontractors on projects greater than \$1 million dollars if a project uses or will use State school bond funds. The Purchasing Department is responsible for the pre-qualification process that includes the RFQ, pre-qualification forms, receiving and scoring the forms, and establishing the list of pre-qualified contractors.

INITIATING THE BID PROCESS

The process includes:

- The PM, PS, and Purchasing Department meet to establish dates for advertising, the job walk, questions deadline, pre-qualification deadline, and bid opening date and BOT approval date.
- PS completes the Request for Bid form (Exhibit 6) and obtains approvals from the PM, DPC and Purchasing Manager.
- The PS sends the Request for Bid form to the Design Professional who will insert the appropriate data into the bid package. (In some cases, the PS inserts the data into the bid package front ends).
- The PS reviews the bid package to ensure that all information listed in the table of contents or index is included in the bid documents.

- The PS uploads the bid package into DemandStar (the Purchasing Department bidding website)

BID PERIOD

The process includes:

ADVERTISING

The PS inserts the bid information into the advertisement template. The Notice to Contractors Calling for Bids will contain the following:

- Project name.
- Location of work.
- Date and time of the bid opening, if different from the date and time for closing of submission of the bids.
- Estimated cost or range
- Duration of Scope of Work in calendar days.
- Scope of work.
- Location where documents can be obtained for bidding.
- Method of obtaining or requesting bid documents.
- Date, time and location of a pre-bid conference (job walk)
- Date, time and location of the mandatory pre-bid conference. This conference must not occur within five calendar days of the publication of the initial notice. (Public Contract Code Section 6610).
- Contractor's license required for the work (Public Contract Code Section 3300). The license required must also be specified in the plans.
- Advertising dates.

The PS places the advertisement and notifies pre-qualified bidders.

PLAN HOLDERS

Potential bidders (plan holders) must obtain bid documents from the DemandStar webpage for SUHSD projects. Potential bidders may obtain bid documents from other plan houses, but they must still use DemandStar in order to be an official plan holder.

MANDATORY JOB WALK

The mandatory job walk is held primarily to answer questions regarding the project's scope of work. The mandatory job walk is required for all projects. Minutes and agenda are not required; however, an attendance sign-in sheet will need to be completed and business cards collected. The mandatory job walk is conducted by the Purchasing Department, PM and includes the Design Professional. Purchasing staff will ensure that all attendees sign their name, company and telephone number.

ADDENDA

All questions by potential bidders will be submitted to the Purchasing Department. The Purchasing Department will forward the question to the PM who will review it with the Design Professional. Any response from the Design Professional or PM must be in the form of an addenda. After approval of the addenda, the PS will upload to DemandStar (and DemandStar automatically notifies plan holders that the addenda is available).

If an addenda is issued with any material changes, additions, or deletions less than 72 hours before the bid submission deadline, the deadline must be extended by no less than 72 hours after the addenda has been issued. "Material change" means a change with a substantial cost impact on the total bid as determined by the awarding agency (Public Contract Code Section 4104.5).

BID RECEIPT AND OPENING

All bids will be received and opened by Purchasing Department staff. The PM and PS will attend the bid opening. The PS will tabulate the bids. The PM will notify the DPC and ASFO of the apparent low bidder.

BID REVIEW AND EVALUATION

Construction contracts must be awarded to the lowest responsive and responsible bidder. The term responsive refers to whether the submitted bid complies with all the requirements of the bidding documents. The district has the discretion to waive immaterial inaccuracies in the bid submission (e.g., the bidder failed to acknowledge all addenda, but evidence in the rest of the bid indicates that all addenda were received). The term responsible refers to whether the contractor submitting the bid is demonstrably capable of fulfilling the terms and conditions of the contract and performing the work. Making the determination that a contractor is not responsible requires a public hearing and contractors will fight such a determination because that determination can be used by other public entities to bar that contractor from bidding public work.

During bid review, any discrepancies in the bid documents will be noted only on copies of the bid(s). No marks or comments may be made on the original bid(s) as received.

The PS will verify the completeness of the bid submittal (are all the required documents in the package and have all the required blanks been filled in)

The PS will verify that the licensing of the apparent low bidder meets the requirements of the bid by accessing the California Contractors State License Board, <http://www.cslb.ca.gov/>. Any contractor or subcontractor not holding a valid license will need to be investigated to ensure that the license has in fact expired or the contractor/subcontractor was debarred. No debarred contractor or subcontractor can be awarded a public works contract.

The PS will verify that the apparent low bidder and all listed sub-contractors are registered with DIR.

For projects that exceed \$1 million, the PS will verify that the apparent low bidder and designated sub-contractors are pre-qualified.

The PS will review all submitted bonds to verify original signatures are present and will verify the insurance carrier is admitted in California. Notify the Purchasing Manager or Contracts Manager and PM of any discrepancy.

The PM will review the apparent low bidder and will notify the DPC and Purchasing manager if there is any indication that the bidder is non-responsive. If the bid is within budget, the PM will obtain approval from the DPC to proceed with awarding the bid. If the bid is higher than the approved budget or project cost estimate, the PM will meet with the DPC to select one of the following actions:

- Reject all bids, and re-advertise same bid package.
- Reject all bids, and redesign.

- If the low bid is more than ten percent higher than the approved cost estimate the Design Professional will need to redesign the project at no cost to the district (this is a standard clause in architectural contracts but may not be in all design contracts).
- If the low bid is not more than ten percent higher than the approved cost estimate and the decision is made to redesign, then additional fees will need to be negotiated for the Design Professional.
- Accept low bid and increase the project budget.

If the decision is made to reject all bids, the Purchasing Manager will issue a letter to all bidders informing them of the rejection and the PS will process a board agenda item to reject all bids.

AWARD OF BID

Awarding a contract to the apparent low bidder includes the following:

- Prepare a board agenda item for approving the bid (PS). If the construction contract needs to start before board approval can occur, then the contract may be ratified with the approval of the ASFO.
- The Purchasing Department may notify all bidders of the status of the bid and bid results to all bidders.
- Prepare and issue Notice of Intent to Award (NOI) (PM & PS).
- Receive and review all contract documentation (agreement, bonds, insurance, fingerprinting, and certifications) (PS & PM).
- Review insurance and verify the insurance carrier is admitted in California (PS).
- Prepare the purchase requisition (PS).

The following tasks do not occur until after BOT or ASFO approval:

- Sign contract (ASFO).
- Issue Purchase Order (Purchasing).
- Prepare the Notice to Proceed (NTP) for signature by the DPC (PS).
- Issue NTP and send signed contract to contractor (PS).
- Notify the Department of Labor (PWC-100) (PS).

DESIGN-BUILD

Design-build (D-B) contracts are procured through a Request for Proposal (RFP) process (Education Code section 17250.10 – 17250.50). An overview of the process is as follows:

- BOT authorizes staff to proceed with the D-B process for a specific project.
- Employ an architect to prepare design criteria documents. These documents describe the general nature of the project (the program) and can vary from a simple written description of the program to design development drawings. A balance needs to be reached to describe enough program without hampering the creativity of the design team by having bridging documents with too much design and detail already completed.
- Pre-qualify D-B entities
 - Prepare and issue a D-B RFQ.
 - Receive, review and rank the D-B entities.

- Create a list of three to five pre-qualified D-B entities.
- Prepare and issue a D-B RFP to the pre-qualified entities.
- Receive the proposals.
 - The cost proposal shall be submitted in a separate sealed envelope from the rest of the submittal. The purpose is to allow a review of qualifications without knowing and being influenced by the cost proposal.
- D-B entities present proposals to the review committee.
- Review committee scores and ranks the proposals.
- Review committee then opens the cost proposals and considers them in ranking the D-B entities.
- Select the most qualified D-B entity.
- Negotiate the final price (if applicable).
- Board approval.
 - Resolution containing findings.
 - Contract award agenda item that includes: name of the contractor, price, overall combined rating on the RFP evaluation factors, where the contractor ranked in relation to all submittals, and a summary of the rationale for selecting the contractor.
- Process contract.
- Notify the Department of Labor (PWC-100) (PS).

VII. CONSTRUCTION ADMINISTRATION

The P&CD acts as the Districts representative and is responsible for managing all aspects of construction administration (CA). It is imperative that the P&CD be judicious with the taxpayer's dollars while managing the individual projects. This section defines the construction administration process and procedures.

CA TEAM MEMBERS

- The PM is the designated representative of the district and has primary responsibility for communicating with the Contractor(s). The PM will handle all matters relating to the contract within the limitations set forth in this manual and the contract documents. The PM will work with the Contractor in a professional, cooperative, and business-like manner. Absolute integrity will be maintained. Fraternization with the Contractor's staff is discouraged. The acceptance of gifts or favors from Contractors is strictly forbidden. All contacts will be made with the authorized representatives of the Contractor, and not with subcontractors or vendors. The PM will not give direction to any subcontractors. The PM reports to the DPC.
- The DPC is responsible for overall management of the capital facilities program. The DPC has the authority to approve and sign change orders up to \$50,000 (see Exhibit 4). The DPC reports to the ASFO.
- The ASFO reports to the Superintendent and has authority to sign contracts of any amount (Exhibit 7) and change orders up to \$50,000 (Exhibit 4).
- The site contact is the site staff member designated to be the primary point of contact during construction. This person may be the principal, assistant principal in charge of facilities, department head or other staff member assigned by the principal or department head. The site contact is responsible for communications with the site staff.
- The Design Professional of record or designee will be the primary contact for the design firm and will be responsible for the duties outlined in the consultant contract.
- The project inspector (IOR) is responsible for ensuring that all code-prescribed inspections and administrative duties are completed, including supervision of assistant inspectors and monitoring of special inspectors. The consulting contract is with the district but the IOR acts under the direction of the Design Professional. (DSA IR A-8).
- An assistant inspector (if required) is responsible for providing inspection and administrative assistance to a Class 1 project inspector. The consulting contract may be with the district or with the IOR.
- A special inspector (if required by code) is responsible for inspecting specific aspects of the project such as structural steel welding, soil compaction or masonry construction. The consulting contract is with the district.

- The testing firms are responsible for testing construction materials (including soils and fill material) used on the project.
- The DSA Field Engineer is the DSA point of contact during construction and is responsible for periodic visits to the project to assure that DSA procedures are being following.
- The contractor's superintendent is responsible for the day-to-day construction activities and is the primary point of contact for the contractor unless otherwise noted.

GENERAL RESPONSIBILITIES OF THE PM

- Assure that the contract is administered in a fair and equitable manner and all contractual actions are accurately and completely documented.
- Act as liaison with the site staff and other departments.
- Act as liaison with the DSA Field Engineer, utility companies, public agencies, and other governmental authorities whose facilities are affected by the project.
- Assuring that the Design Professional and IOR document the Contractor's work for compliance with the plans, specifications, and contractual provisions for the project.
- Updating project progress reports at the P&CD project meetings and as-requested by the DPC.
- Monitoring reviews, approvals, and tests as required by the specifications and contract documents.
- Provide guidance to the Design Professional in the interpretation of the contract drawings and specifications, when clarification of the owner's intent is needed.
- Assure that the IOR and Design Professional reject work which is not within contractual quality or which otherwise fails to meet other contract requirements.
- Stopping work only in the event that imminent danger to personal safety or property is identified.
- Reviewing the contractor's pay application and recommending approval to the DPC.
- Reviewing change order requests, negotiating change orders and recommending approval to the DPC.

DSA BOX

All members of the CA team will use DSA Box for DSA required documents and job cards.

CONTACTS WITH THE PUBLIC AND MEDIA

Most SUHSD projects will draw the interest and attention of the public. It is essential that the PM conduct themselves in a manner that will encourage the respect and confidence of the public. All contacts with the public will be courteous and responsive. Questions by the public of a detailed nature, requests for public presentations, and items of a similar nature will be referred to the DPC. Complaints by the public regarding any aspect of the contract will receive immediate attention. In the event the response does not fully address the complaints, the matter will be pursued by the PM until an adequate explanation can be provided.

Contact with the media should be in strict conformance with the SUHSD contact policy. All media contacts will be referred to the Director of Grants and Communications. No CA team member shall discuss the project with the media without permission from the Director of Grants and Communications.

CONCERNS AND COMPLAINTS

It is extremely important to conduct construction operations in such a way as to obtain the cooperation and satisfaction of the public and the site. The PM will assure enforcement of the contract requirements related to noise and other disturbances. Generally, concerns or complaints will be based upon the following types of occurrences:

- Noises
- Vibrations
- Wet conditions
- Dusty conditions
- Obstructions
- Unsafe conditions
- Trash accumulation

In the event of a complaint, the PM will respond to the complaint promptly, will work to resolve the issues and report the circumstances to the DPC. Complaints from the public will be reviewed with the Risk Management Department before a response is given because sometimes the response will need to be that the complainant is given a claim form to file against the district.

PHOTOGRAPHS AND VIDEO RECORDINGS

The PM will obtain adequate photographic and/or video records of the progress of each project. Major projects will have a site camera with streaming video accessed over the district web page. The photographs and video recordings will be dated, properly identified, and filed. This documentation will cover the following:

- Unusual construction techniques
- Accidents or damages
- Unsafe or hazardous working conditions
- Job visits by special visitors
- Areas or activities where claims or changes are anticipated
- General Construction Progress

The PM will provide progress photographs for monthly reports and presentations.

Photographs and video shall not include the faces of any student without the written permission of the student's parent or guardian. Any photos or videos that contain students must be reviewed and approved by the Director of Grants and Communication before any public use or posting on the internet.

COMMUNICATIONS

To the greatest extent possible, communications should be generated within the current PMS, Prolog. Communications not generated by the PMS (such as email) shall be loaded into the PMS. Hard copy communication or documents, including hand-written documents, shall be loaded into the PMS.

All communications between CA team members shall be copied to the PM.

All communications with the site staff, students, and other district staff shall be routed through the PM unless prior permission or direction for direct contact is given by the PM. Communication with the public and media has been addressed in another section.

All inspection communications will go through IOR. This includes but is not limited to assistant inspectors, special inspectors, material testing firms, etc.

ORAL COMMUNICATIONS

None of the parties shall rely on oral communications. All final decisions shall be rendered in writing so that they are enforceable.

WRITTEN COMMUNICATIONS

The majority of written communication will be handled through the PMS and e-mail. However, hand written communications are acceptable if legible, in proper form if complete. It should be noted that hand written communication is to be done only under exceptional circumstances. Any communication with State Agencies will be formalized in letter form or by other methods provided by that agency.

SNAIL MAIL AND DELIVERIES

Correspondence by US Mail and deliveries by UPS, FedEx or other companies should be addressed to the PM at the District Office address. The PM will give the original to the PS for scanning and filing. The PM may keep a local copy or scanned copy for use in creating a response if a response is required.

TELEPHONE CONVERSATIONS

Important telephone conversations always take place on a project. These telephone conversations should be followed up with an e-mail to record pertinent items and decisions discussed for each telephone conversation taking place. Any misunderstanding can then be brought to the attention of the initiator and a revised e-mail issued.

PROJECT MEETINGS

Formal meetings will have a prepared agenda approved by the PM. Meeting minutes will be taken by the consultant in the PMS.

Project meetings will be held weekly unless the PM agrees that the amount of work in progress justifies less frequent meetings.

Project meetings are attended by the PM, Contractor, IOR, Design Professional and Site Contact. The purpose of the meeting includes the following:

- Review the schedule.

- Review a three-week look ahead schedule.
- Review progress on the project.
- Review any issues raised by the IOR or Design Professional.
- Review of Submittal Log
- Review Request for Information (RFI) Log
- Review Potential Change Order (PCO) Log
- Review any issues raised by the Site Contact.
- Review the draft payment request (monthly).
- Assign responsibility to the appropriate team member where needed to resolve issues raised at the meeting.

During the course of a project, the PM will attend and initiate various meetings and may issue meeting minutes. It is imperative that comprehensive minutes be recorded during each meeting. The transcribing of the meeting minutes should take place within one or two days of the meeting. After review, these meeting minutes should be distributed to all parties in attendance at the meeting by email or the PMS. At the bottom of all meeting minutes, the following sentence should be included, "Please submit any correction, revision, additions or deletions within 48 hours; if none, the meeting minutes will be filed as sent."

CONTRACT DOCUMENTS

The PM will be furnished a complete set of contract documents (specifications and drawings [half-size if requested by the PM]) including addenda for each assigned project. The Contractor will receive additional copies of specifications and drawings as stipulated in the contract. The PM will verify that the Contractor has up-to-date-drawings and specifications and will verify that the contract documents have been distributed to the appropriate CA team members.

If questions, discrepancies, omissions, or conflicts arise to the contract drawings or specifications, and clarification or correction is required, the PM will direct these items to the Design Professional for resolution. If legal interpretation is required for any provision in the contract documents or for a situation that arises, the PM will review with the DPC.

LABOR COMPLIANCE

All public works projects must pay prevailing wages (code reference). After award of the construction contract, the District will submit the contract to the Department of Labor in the Division of Industrial Relations (DIR) for enforcement. The department becomes the repository for all payroll records.

Requests for payroll records are a public records request and will be submitted to the Clerk of the Board. The request will then be sent to the PM who will work with the PS to extract the appropriate records from the DIR. The PS will review the records and redact any personal information as required by law. Note that labor organizations have a right to more personal payroll information than the public and therefore the redaction requirements differ depending upon who is requesting the information.

CONSTRUCTION PROGRESS MEETINGS

Construction progress meetings will be held with the Contractor, IOR, Design Professional, site contact and the PM to review the progress of the work and to resolve any outstanding issues. The monthly or three-week look-ahead schedule will be developed and maintained by the Contractor and provided at each Progress Meeting. This meeting will provide a forum for the discussion of issues of common interest among the Contractor, Design Professional, district staff and the site staff.

The Design Professional will develop meeting minutes in the PMS, which reflect a list of actions required to support the scheduled project activities. This detailed listing of construction phase tasks will be used by the PM to:

- Monitor the status of the listed task.
- Update the status of each identified task as an agenda item during construction progress meetings.
- Assign new task responsibilities and set deadlines.

INSPECTION

It is the responsibility of the IOR to ascertain that the materials used and workmanship employed on the project is in accordance with contract documents. The IOR is responsible for all inspection and quality testing the project whether done personally or by assistant or special inspectors.

The Design Professional must assure that the IOR complies with all DSA requirements and the consulting contract for service must note this.

In addition to scope, schedule and budget, PM will work with the newly revised DSA inspection system to monitor project and special inspections as they occur and are reported in DSA Box. This work will insure that DSA certification of projects will be secured quickly after project completion.

Both the PMS and DSA Box will be a repository for project drawings and specs for ready digital access and reference by parties responsible for project implementation.

REPORTS

A daily inspection report (DIR) will be completed by the assigned IOR for every contract workday. Each DIR will describe the work performed, instruction given or received, unsatisfactory or nonconforming work, delays, contractor personnel, equipment, and any additional documentation required by the Design Professional and/or PM including but not limited to; specialty inspectors and a brief summary of the required inspections, tests performed on-site, weather conditions to include precipitation, etc.

TEST REPORTS

The IOR will keep complete an accurate report of tests performed to verify specification requirements. The items to be included in the Test Report include:

- Project contract number and description of contract work.
- Type of test and specification(s) reference.
- Person/Company performing the test, location, date and equipment used.
- Sample source and date secured.
- Narrative description of tests performed.

- Results of tests, given in units required by specifications and, as appropriate, units of recognized standards.
- Recommendation as to acceptance or rejection.
- Signature of responsible person controlling the testing work.
- A list of observers.
- Required follow-up action if test results were not in conformance.

SEMI-MONTHLY REPORTS

The IOR's Semi-Monthly Reports will document all issues of importance as required by DSA. As well as conferences with the Contractor and/or other parties, significant information regarding material equipment and personnel, weather or delay causes as well as any other issues having a bearing on the project. Potential differences with the Contractor such as responsibility for performing particular specific work will be addressed in detail. Particular care will be taken to record and preserve all possible data and/or evidence with respect to any matter which may become a basis for a Contractor claim.

INSPECTION

Inspections by the district are for the sole benefit of the district and do not:

- Relieve the Contractor of responsibility for providing adequate quality control measures.
- Relieve the Contractor of responsibility for damage to or loss of the material before acceptance.
- Constitute or imply acceptance.
- Affect the continuing rights of district acceptance of the completed work.

When contractually required, materials will be sampled, inspected, and/or tested at the source or fabrication plant prior to shipment to the project. When off-site are required, the inspector will receive authorization from the PM prior to performing off-site work.

On-site inspections will be made by personnel experienced in judging compliance with plans and specifications, either by employees under control of the IOR or by others arranged through the PM.

The Contractor will promptly furnish, all facilities, labor, and material reasonably needed for performing safe and convenient inspections and tests as may be required by the IOR. The PM will back-charge to the Contractor any additional cost of inspections or tests when work is not ready at the time specified by the Contractor for inspections or tests, or when prior rejection makes re-inspection or retest necessary. The IOR will cause all inspections and tests to be performed in a manner that will not unnecessarily delay the work.

A procedure for deficiency notices to address non-conforming work will be implemented by the IOR. These notices will also be used to establish plans for remedial actions and to document acceptance of corrected work. This notification will not direct the stoppage of work, but will state that the work will not be accepted if rejected materials or workmanship are not corrected. The Contractor will, without charge, replace or correct non-conforming work found by the IOR unless the Design Professional and ASFO (through the PM and DPC) accepts the nonconforming work with a reduction in the contract amount by change order. Under no circumstances will non-conforming work be considered for payment.

If the Contractor does not promptly replace or correct rejected Work, SUHSD may (1) by contract or otherwise, replace or correct the nonconforming work and back charge the cost to the Contractor, or (2) terminate the contract for default.

Each inspector will prepare a Daily Inspection Report (DIR) and semimonthly reports. PM will ensure that each inspector makes a complete and accurate report of the work and all pertinent conditions.

TESTING DISPUTED ITEMS

When it is suspected that work is deficient or not in compliance with the specifications, the IOR will request testing of such work in conjunction with Design Professional, whether such testing is covered by a specification provision or not.

Compensation to the Contractor to perform tests not contractually required can be handled in many ways. One method is to request the Contractor to make the test under the following conditions:

- Should the test indicate a deficiency, the Contractor will bear the costs for the original test, the remedial work, and the retest.
- Should the test show no apparent deficiencies, the district will bear the cost of the initial testing.
- The testing consultant will comply with the DSA Tests and Inspection requirements, which identifies the specific material testing requirements and/or procedures to be used in complying with the DSA testing provisions of the contract documents. This portion of the plan will include:
 - Name of testing laboratory and/or consulting firm(s) with primary quality control responsibilities and a detailed description of the services to be provided.
 - Specific procedures for determining that the requirements of the American Society for Testing and Materials (ASTM) cited in the contract documents are satisfied in every respect.
 - A listing of all tests required by the contract documents, including type, frequency, method of sampling, applicable standards, and acceptance criteria and/or tolerances.

The testing consultant will regularly prepare and submit reports to the IOR and PM that document the results of all material testing. Failed tests and/or tests that did not meet applicable standards will be highlighted. At completion of the project, the Testing Consultant will submit a final project material test and quality report (DSA Final Verified Reports)

TESTING

It is the responsibility of the materials testing firm (or firms) to test materials used on the project as required by the construction contract.

The IOR or Design Professional may determine the need for other types of tests, such as the monitoring of noise levels, vibration levels, subsurface movements, verifications of surveys and layout work. All requests for additional testing will be reviewed by the PM and submitted to the DPC for approval. This may require new or amended consulting contracts.

A complete record will be maintained of all tests performed. The records will be filed and copies distributed to PM, Design Professional, IOR, and DSA, in accordance with current law and the Contract Documents.

The PM is responsible for coordinating and verifying with the IOR the receipt of the necessary test results prior to authorizing payment to the designated Testing Consultant. All field reports will be directed to and received by the PM.

PROJECT SCHEDULE

The Contractor is responsible for developing a Project Schedule (construction work plan) to complete the project within the contractual time period. The schedule will be managed and maintained on a computerized scheduling system as specified in the contract. The contractor is also responsible for preparing a three-week look ahead schedule.

Within ten (10) calendar days after NTP, the Contractor must submit a preliminary Project Schedule. The schedule will be submitted to the PM and the Design Professional for approval. The schedule for the entire contract period will be produced and approved no later than fourteen (14) days after the NTP is given. The following rules will be followed:

The PM will verify that the Contractor and/or the IOR are maintaining an accurate as-built schedule if required by the contract. The Inspector's Daily Report will also note the actual start and finish of activities. Schedules will be updated on a weekly basis to:

- Develop an as-built schedule as each project progresses.
- Determine actions required to reach the project milestones.
- Document delays and other unforeseen influences on each project schedule that could develop into claims.

At project meetings, the CA team will review the schedule. In the event portions of work are in danger of being delayed, or actually are delayed, the Contractor must develop and present a plan for remedial action (recovery schedule). Potential or actual delays and plans for correction will be reported to the PM and if needed to the DPC

The following are typical schedule requirements:

- Start of work.
- Completion of work.
- Period of construction work (calendar days).
- Itemized work activities, sequencing of the work, activity interdependencies, and durations for submittal approvals, material fabrication, equipment procurement, installation, and construction (in accordance with contract documents).
- Interim completion of various items of work (i.e., milestones by date or period of construction time). The Contractor is responsible for sequencing the work, unless there are specific requirements in the contract. The PM will be completely familiar with the current schedule so that accurate contract reporting is maintained and potential schedule problems are recognized early.

DELAYS

In the event the Contractor cannot proceed with a specific work activity and the subsequent delay may result in additional time and or costs to the project, the PM, IOR and Design Professional will immediately be advised and convene a meeting with the Contractor to address the issue. The PM will request that the Contractor submit a time impact analysis (TIA). A Scheduling Consultant may be required to review the TIA and may produce their own TIA to determine if the claim is warranted. The Scheduling Consultant will provide a formal written response with recommendations. (Employment of a scheduling consultant requires approval of the DPC.) The PM will review the Consultant's recommendation with the DPC. If all or part of the delay claim is approved the PM will direct the Contractor to modify the Project Schedule and will include any cost or change in contractual completion date in a change order.

Various circumstances may justify the changing the contractual completion date if they are not within control of the Contractor or are not part of the contract documents. These circumstances include: Changes to contract requested by the owner, changes to the contract requested by the Design Professional, unforeseen site condition or circumstances, new requirements imposed by outside agencies suspensions of work, and delays in providing access. Such occurrences may justify a delay in completion if they affect activities on the critical path of the schedule. However, each instance must be carefully evaluated and fully documented before a decision can be made. If circumstances or changes justify changing the contractual completion date then the change shall be included in a change order.

PAYMENT APPLICATIONS

RETENTION

All payments to the Contractor are subject to a five percent retention. The district may increase this retention to the traditional ten percent level only if the BOT approves the increase and makes findings that the project is sufficiently complex to justify the increased retention. Because the district is restricted to five percent, the district will not offer or approve requests for retention reduction after 50 percent completion as permitted by the XXX code (code citation)

PAYMENT REQUESTS

Within (10) calendar days after the date of the NTP, the Contractor will furnish a schedule of values (SOV) which will be the use as the basis for payment requests. The SOV will identify costs for each itemized activity, and a breakdown of anticipated monthly earnings for payments in accordance with the contract.

The PM and Design Professional will review and approve the SOV unless the distribution of costs is unreasonable or unbalanced in relationship to the whole project.

The Contractor may submit Payment Requests monthly that show the percentage of work for each line item in the SOV. The PM, Design Professional and IOR will review the percentage of work completed compared to the approved SOV. The percentage complete must be justified by verified quantities of materials and labor. If the payment request is acceptable, then the Design Professional, IOR and PM will sign the payment request and forward to the PS for processing and approval by the DPC. See Appendix H for a detailed process.

PROGRESS PAYMENTS TO CONTRACTORS FOR STORED MATERIALS

On the monthly payment request, the Contractor may request payment for certain construction materials and equipment delivered to the site (or off-site) but not yet installed. Subject to strict conditions. These payments will be subject to retention.

If a Contractor wants to receive payment for stored materials, a listing of these materials must be submitted. The list will be subject to the review and approval of the PM and DPC. In reviewing and recommending approval of material and equipment listed for payment, the following criteria must be met:

- Payment will be for major items only.
- Materials must meet the requirements of the specifications, be stored or stockpiled in a bonded warehouse or on-site or as specified in the contract and must be adequately safeguarded.
- Requests for materials payment must be accompanied by paid invoices for materials stored on site. Before payment can be made for delivered materials off-site, the Contractor will furnish as evidence of ownership properly executed bills of sale for the delivered materials for which payment is requested.
- IOR and PM will inspect items prior to payment.

Once stored material and equipment items are approved for payment, records will be kept documenting these payments. Quantities will be recorded upon receipt of approved invoices. In cases of multiple invoices, balances will be accumulated and payment made on the basis of "first in, first out". Subtractions from the accumulated balances will be made as the material and equipment is incorporated in the contract work. The PM will verify item balances periodically by physically inspecting Contractor inventories. Attention must be made to the material invoices for such things as proof of payment, discounts, taxes, etc.

PAYMENTS WITHHELD

In addition to amounts which the District may retain including those entitled "Payments," and "Time for Completion and Liquidated Damages," the District may withhold a sufficient amount or amounts of any payment or payments otherwise due to Contractor, as in his or her judgment may be necessary to cover those items as noted in the Payments Withheld Section of the SUHSD Document 00 70 00 General Conditions.

SUBMITTALS

GENERAL SUBMITTAL REQUIREMENTS

The contract documents will require a submittal register that itemizes the submittals. The Submittal Items will be included as predecessor activities to the appropriate work items in the Project Schedule

The submittals will be packaged by the Contractor, uploaded the FTP site and the PMS using the appropriate submittal form. The Contractor will notify the appropriate individual via e-mail that there are new items for review if automatic notification is not provided by the PMS. The submittals will be sent from the Contractor to the Design Professional. The Design Professional may approve, reject or request the contractor revise and resubmit the submittal as appropriate.

The submittal portion of the document controls in the PMS will be used by the PM to monitor the status of each submittal. This automated database will be used by the PM to identify and expedite all reviews.

A copy of each approved submittal will be maintained within the PMS. Following completion of construction, all submittal files will be inventoried and transferred to the district in accordance with closeout procedures.

SHOP DRAWINGS

Shop drawings will be transmitted to the Design Professional for technical review and are processed in the same manner as submittals.

MATERIAL SAMPLES, CERTIFICATIONS AND CATALOG CUTS

Submittals of material samples, certifications, and catalog cuts will be processed in the same manner as submittals. However, the contract may require certain materials to be reviewed or tested by a Materials Testing Firm. All approved samples will be properly identified and stored by the IOR or PM.

QUALITY IN CONSTRUCTION

CONTROL OF WORK

The Contractor is responsible for the means and methods employed to perform the work.

When the contract documents specifically give the authority to select or prohibit a method, and such action is desirable, the PM will issue written instructions to the Contractor. The PM will not issue such instructions without prior approval of DPC and Design Professional.

The PM will not give directions or instructions requiring the Contractor to delay or accelerate the work or proceed with extra work not authorized by the contract.

It is the duty of the PM verify that the project is being constructed in accordance with the plans and specifications and in compliance with the terms of the contract through the IOR and Design Professional. The Design Professional has, and will exercise, the authority to reject both unsatisfactory workmanship and materials. Such rejections will be written to the Contractor immediately upon discovery and will refer to the appropriate plan or specification requirements. However, the work will not be directed to stop, except for an emergency situation.

Occasionally, conditions of the work will be such that changes or extra work will be necessary. In such cases, the PM will anticipate the necessity for changes in advance. The PM will inform the DPC of the anticipated change and follow the Potential Change Order (PCO) procedures outlined in this manual. The PM will not authorize the Contractor to perform changes or extra work without an executed modification of contract (Potential Change Order), except in an emergency.

Occasionally, the Contractor will not immediately correct unsatisfactory work and will proceed with other work. This will not be allowed. In such a case, the PM will confer with the DPC to gain concurrence for a limited work stoppage until the unsatisfactory work is corrected. Documentation must be complete and must include photographs of the unsatisfactory condition.

The PM will direct all authorized instructions concerning contract work performance to the proper personnel in the Contractor's organization. In no instances will instructions or directions be given to subcontractors.

QUALITY IN CONSTRUCTION PLAN

The Contractor will submit the quality plan prior to start-up for a given project. A detailed inspection and testing plan based on the project contract documents (plans and specifications) will be developed by the Contractor. The Quality in Construction Program ("QIC") will be initiated, managed and documented by the Contractor. The QIC establishes that Contractor's Work is in conformance with the requirements from the start of the work. This plan must be reviewed in detail with the Design Professional and approved by the PM prior to implementation (if required by the Contract Documents).

The Contractor will name a full time on site person who will be responsible for the Quality In Construction Process and who will represent the Contractor at all QIC inspections conducted for the Work of this Contract. The Contractor and the field staff will follow this project's specific QIC Plan in performing and/or monitoring all inspections and/or tests performed by the Testing Consultant.

The Contractor is not authorized to revoke, alter, substitute or relax any contract requirement or obligation. Stopping work for reasons other than safety can only be initiated by the PM following prior coordination with the DPC. Temporary curtailment of a particular construction activity to correct defective workmanship or materials (such as concrete slump) is within the IOR's authority.

WORK STOPPAGES

Occasionally the work performed under a contract will be subject to conditions, which require immediate attention to prevent:

- Possible cessation of work due to changed conditions resulting from conflicting field conditions or interferences not referred to on contract drawings or in specifications.
- Damage to personnel or property due to unsafe and hazardous work practices or conditions.

In the event the Contractor cannot proceed with the work because of the above, and the cessation of work may result in additional costs to the district, the PM will notify the DPC and/or ASFO. If the conditions involve design changes, the Design Professional, PM and IOR must also be consulted. A meeting between the Contractor, DPC, and the PM will be convened on the shortest possible notice to discuss and resolve the issue. If, in the opinion of the DPC, the presence of the Design Professional is desirable, they will be requested to attend. The PM must request the presence of the Design Professional for all work stoppages affecting the Project's design or changes.

Following determination of necessary action, the Contractor will provide an estimate of cost for the work, and if the cost is mutually agreeable, that cost will be the basis for contract modification in accordance with the terms of the contract.

Should the Contractor be unable to establish the cost for the work at this time, or if there is disagreement on the cost for the work, the Contractor may, through a directive from DPC, be authorized to proceed with the work on a time and material basis.

The PM will immediately report the necessity to implement a time and material based work to the DPC. The PM, IOR and Contractor will maintain complete daily documentation on all work performed under this basis and will compare records for concurrence at the close of each day's work. Daily work tickets must be signed by the IOR at the end of each shift.

In the event cessation of work results from an unsafe condition that may cause personal injury or property damage, the PM, conditions permitting, will pursue the same course of action described above. Should the unsafe condition be of such severity as to preclude any delay before remedial action is taken, the PM may under those circumstances, or, if necessary, direct the Contractor to immediately perform the necessary operations to remedy the unsafe condition. The ASFO and DPC must be notified immediately of the action taken by the PM.

Except in the case of a serious emergency, the PM will not order the suspension of work without prior approval from the DPC or as authorized by the contract. All verbal instructions or directives issued to the Contractor to stop work must be documented in writing to the Contractor within twenty-four (24) hours of issuance.

POWER OUTAGES

The PM will coordinate any power outages during construction with the contractor, site staff, and the maintenance, IT, and Nutrition Services departments.

NOTIFICATION BY EMAIL

After the date of the outage is set, the PM will email the notification to the following:

To: AP, Principal, PS, Maintenance Manager, Electrician, Electronic Repair, IT, Food Services

Cc: Design Professional, Contractor, ASFO, DPC, ASFO and DPC assistants, all other PMs and PSs

SAMPLE NOTIFICATION

The email notification should include the following information and should be customized for project needs.

"There will be an electrical outage at [NAME OF SCHOOL] on [DAY of WEEK], [DATE] from [START TIME] to [END TIME]. This interruption in electrical service is required for the installation of [DESCRIPTION]. Please help us to implement this important project by assisting as follows:

[NAME OF SCHOOL] Staff (NAME of AP): Call burglar Alarm Company and put alarm system on test.

Planning and Construction (NAME of PS): Contact cellular providers with equipment at [SCHOOL]; notify them of outage.

Maintenance/Electronics Repair: Put fire alarm system on test. Confirm that intercom/bells and other low voltage systems are fully functional on [DAY of WEEK and DATE].

Food Services: Secure refrigerated and frozen foods for duration of outage as needed.

IT: Confirm that network reboots properly on [DAY of WEEK and DATE].

CHANGE MANAGEMENT

All changes to the contract will be made by Change Order (CO) and changes will be submitted to DSA as Construction Change Directives (CCDs).

Construction contract change orders that exceed \$50,000.00 must have prior BOT approval. The BOT has delegated approval of change orders (and consultant amendments) below that threshold to the Superintendent, ASFO and DPC (Exhibit 4). Change orders and amendments that exceed \$1,000.00 must be ratified by the Board.

Changes are generated in many ways:

- By the contractor through the Request for Information (RFI) process or through submission of a Potential Change Order (PCO).
- By the district because of site or department requests or changes in technology
- By outside agencies imposing new requirements or new interpretations of existing requirements.
- By the discovery of unforeseen conditions during construction.
- By the Design Professional to correct errors in the construction documents. (Such errors do not normally rise to the level of negligence and a certain amount of errors permitted under the professional standard of care).

REQUESTS FOR INFORMATION (RFIS)

RFI's are issued by the Contractor to the Design Professional in order to request clarifications of the approved construction documents. RFI's shall be processed through the PMS. The Design Professional shall respond to RFIs through the PMS within 4 days. The response from the design professional will be one of the following:

- The contractor is directed where to find the answer in the contract documents (no change in contract).
- The Design Professional issues a clarification that is minor and does not involve a change in cost or schedule. The Design Professional will issue a CCD. If the Contractor believes that there is an impact on cost and/or schedule, the Contractor will notify the PM and Design Professional before starting work. The PM and Design Professional will evaluate the claim and either change the response to one without cost or will require the Contractor to submit a PCO.
- The Design Professional issues a response that impacts cost and/or schedule. Prior to issuing such a response, the Design Professional will notify the PM. The PM and Design Professional will evaluate the response and either change the response to one without cost or will process the change in a change order

An RFI log will be developed and maintained in the PMS. This log will contain the following information: RFI number, name of originator, brief description, date RFI was received from Contractor, date RFI was forwarded to Design Professional, date reply was received from Design Professional and the date reply was transmitted to Contractor.

The PM will monitor the RFI log in order to monitor response times and in order to anticipate potential change orders.

POTENTIAL CHANGE ORDER (PCO)

Changes resulting from approved responses to RFIs that have a financial or schedule impact will be converted to a PCO by the Contractor. The PCO will include documentation justifying the change in contract cost or contractual completion date. The PCO will be submitted to the Design Professional and PM through the PMS. The Design Professional will review the PCO and either approve, reject or request additional information to justify the contractor's request. All PCO's will be negotiated by the PM and the contractor. After the Contractor and PM agree to the cost and time impacts, the PS will generate a Change Order (CO) in the PMS and will route to all parties (i.e. Design Professional, Contractor, PM, and DPC) for signature approval.

OWNER REQUESTED CHANGES

Owner requested changes are discouraged; however, staff changes and technology changes do occur and may require changes in the design. The PM will review any requests from the site or other departments to change any aspect of the project and will make a recommendation to the DPC for approval or rejection. Significant requests will need to be referred to the design committee for approval.

If approved by the DPC, the PM will negotiate with the Design Professional any extra design fees that may be required. The Design Professional will create a CCD and issue it to the Contractor with a request for proposal. If the cost of the proposal is approved by the DPC, then the PM will include the change in a CO.

UNFORSEEN CIRCUMSTANCES

Where field conditions, unforeseeable causes beyond the control and without the fault or negligence of Contractor including and/or interface with other program work are involved, the Design Professional and PM will evaluate any proposed changes to the project.

TIME EXTENSIONS

Extensions to the established contract completion date will be considered only if formally requested by the Contractor. Contractor will within five (5) calendar days of the beginning of any such delay (unless the District grants a further period of time prior to date of final settlement of the Contract) notify the District in writing of causes of delay; thereupon the District will ascertain the facts and extent of the delay and grant extension of time for completing work when, in its judgment, the findings of fact justify such an extension. The District's findings of fact thereon will be final and conclusive on parties hereto. In case of a continuing cause of delay, only one claim is necessary. Time extensions to the completion of the Project should be requested by the Contractor as they occur and without delay. Regardless of the schedule submitted by Contractor, no delay claims will be accepted by the District unless the event or occurrence delays the completion of the Project beyond the contractual completion date.

CHANGE ORDERS (CO)

Once a CO, or CCD has been approved by all parties, a formal change to the contract is processed through a CO. This document may include several PCO's and or CCDs and can be additive or deductive to the contract value. It will also include any agreed to time extensions. The PM is responsible to review all CO's prior to submission to the PS for approval processing.

CLAIMS AVOIDANCE PROCEDURES

Steps must be taken to avoid having formal claims filed by contractors whenever it is practically possible. If the quantity of Requests for Information (RFIs) or Potential Change Orders (PCOs) on a given project seems abnormal, the PM should proactively anticipate a potential claim. If the contractor submits unreasonable costs for additional work, the district must establish a means of pricing the work. It is important that the PM be timely in these actions as the longer it takes to resolve pricing issues, the greater the potential delay claim.

These recommendations are intended to minimize the likelihood of the contractor initiating a formal claims process that may result in project delays, attorneys' fees, and other negative and costly outcomes. It is important that the PM act in good faith on behalf of the district at all times, even when it appears that the contractor is not doing so.

RECOMMENDED STEPS WHEN REVIEWING RFIS:

- Confirm that the architect is responding as per the time frame set forth in the contract documents. Contractors may complain about the length of time it takes to receive responses to RFIs. If the architect is missing contractual deadlines, the contractor may be entitled to compensation for delay, assuming that the RFI affects work that is in the critical path for the project.
- Confirm that the contractor is not submitting "nuisance" RFIs. Contractors may submit RFIs asking for information that is readily available in the bid documents.
- Confirm that the architect or other design professional is giving thorough and complete responses to RFIs. When multiple "back-and-forth" responses occur, contractors may attempt to initiate a delay claim.
- Document RFIs that are incomplete or vague when submitted by the contractor. Do not allow the contractor to claim delay for an RFI that could not be answered by the district's consultants because of the contractor's inadequate wording of the question.

RECOMMENDED STEPS WHEN REVIEWING PCOS:

- See Article 17 of the General Conditions for detailed information on changes in the work.
- If the PCO is clearly necessary or if it was initiated by the district, then the only issue that needs to be reviewed is the cost of the work.
- Contractor initiated PCOs must first be examined to determine if all or part of the proposed additional work should have been included in the bid price.
- There are varying methods of determining cost that are available to the district, and the General Conditions allow for flexibility. Examples include:
 - Lump sum as agreed upon by both parties.
 - Unit costs established at bid time.
 - Time and materials.
 - Generally accepted and agreed upon basis of establishing cost (i.e. Means Building Construction Costs Book).

It is up to the PM to implement the best methodology to determine reasonable cost for extra work. Typically, lump sum pricing is simplest, but it requires that a level of trust exist between the owner and the contractor.

If unit costs were included in bid pricing, they are a definitive method of avoiding disputed costs.

Time and material pricing is an effective method of making sure that the owner pays only actual costs associated with the extra work. However, this requires that the contractor's activities be monitored by the inspector of record.

Using an established pricing standard such as the Means Building Construction Costs Book can be subject to interpretation, and should be used with the appropriate level of consideration.

WHEN DISTRICT AND CONTRACTOR CANNOT COME TO TERMS

- The District must establish a fair value for the work in dispute. This will be needed as a benchmark for purposes of negotiation.
- The PM will need to compile backup documentation and exhibits to support the cost established by the district as fair value for the work.
- Direct the contractor to proceed with the work under protest as required. Article 13 of the General Conditions states that filing of a claim is not a basis to discontinue work.
- Have a meeting that includes the Contractor, PM, IOR and Design professional to review the issues.
- Review the issues with the DPC. Meet with the contractor and the DPC to review the disputed work. The DPC may engage in informal conflict resolution with the affected parties.
- If none of these steps results in resolution of the disputed costs, brief the Assistant Superintendent of Facilities and Operations and schedule an informal mediation.

CLAIMS MANAGEMENT AND DISPUTE RESOLUTION PROCEDURES

A claim usually involves a contractor or subcontractor requesting additional disputed compensation for work completed that was outside the scope of work defined by the contract, or for work that was completed within the contract scope but under conditions that were neither bid nor anticipated. The claims process is set forth in the contract. Once the claims process is set in motion, all parties involved in the project play a role in the resolution of the claim, including the District, Architect, Inspector of Record, Contractor/Subcontractors, and Legal Counsel.

Claims issues that may arise during construction include (but are not limited to) requests for:

- A time extension;
- Payment of money or damages arising from Work done by or on behalf of the Contractor pursuant to the Contract and payment of which is not otherwise expressly provided for or the claimant is not otherwise entitled to; or
- Payment of money that the District disputes that it owes.

CONSTRUCTION CLAIMS PROCEDURES

At the pre-construction meeting, the PM will remind the Contractor that all claims must be submitted in writing to the PM for processing and distribution.

Upon receipt of intent to claim or a claim from the Contractor, the PM will immediately take the following steps:

- Establish a separate file folder for all pertinent documentation.
- Forward the original letter of intent to claim to the PS for filing and forward a copy of the claim to the DPC while retaining a copy for the job file.
- Acknowledge to the Contractor, in writing, without commitment, receipt of intent to claim or claims. (Care must be taken that no indication of the PM's opinion regarding the Contractor's allegations is either given or implied).
- Assemble all documentation regarding the claim. (This documentation will include, but not be limited to, all relevant reports, diary entries, photographs, and correspondence.)

For all claims from the Contractor, the PM will prepare a factual analysis, with detailed citations of the evidence that will either support or rebut the Contractor's position. The analysis will reference daily reports, diary entries, photographs, etc.

If the PM determines that the claim has merit, the PM will make an evaluation of entitlement (time and money), and initiate a contract modification (Change Order). If it is rejected by the PM the PM will inform the Contractor in writing.

After intent to claim has been presented by the Contractor and at completion of all work associated with said intent to claim, the PM will, in writing, request the Contractor to present the claim in a timely manner.

PM'S RESPONSIBILITIES REGARDING ALLEGED CLAIMS

Whenever an event occurs or a situation arises which has the potential of delaying the Contractor with respect to his contract completion date, and it can be demonstrated that the cause of the potential delay is beyond the Contractor's control (i.e. strikes, unusually severe weather, etc.), the PM and the Contractor will make a determination of the extent of the potential delay.

If, and when, it is determined by the Contractor that the contract completion date cannot be met, the Contractor will present to the PM for review and analysis and request for an extension of time in the form of a TIA. The request should demonstrate the reasons behind the failure to meet the contract completion date and present practical alternatives such as re-sequencing of items of work or methods of accelerating the work, with time and dollar values assigned.

After a detailed analysis by the PM, and the Contractor, a determination will be made as to the following:

- What is the time impact on the contract completion date? This evaluation is made after unused float time, etc., is taken into account.
- What, if any, remedial action can be taken to compress the schedule and allow for on-time completion? What will this action or actions cost in terms of time and dollars?

- What would the impact on the Contractor be if the time extension is disallowed and liquidated damages are assessed?

After these determinations have been made, the request for an extension of time will be forwarded to DPC by the PM.

If the DPC recognizes the Contractor's request as having merit, the DPC will direct the PM to initiate a contract modification (Change Order) for extended time.

If SUHSD denies the Contractor's request for a time extension, the PM will notify the Contractor of such denials.

It is essential that the DPC be informed in writing of any and all steps taken with regard to the above procedure.

CONTRACTOR CLAIMS ANALYSIS

For each claim submitted by the Contractor, the PM, Design Professional and District's Scheduling Consultant (if assigned) will prepare an in-depth, factual analysis, with detailed citations of evidence, that will either support or rebut the Contractor's position. The analysis of each claim will reference Daily Inspection Report (DIR) construction summaries, as-built schedules, photographs and/or video documentation as appropriate. The Design Professional will forward the completed factual analysis to the PM with a recommendation as to the claim's merit.

EVALUATION OF ENTITLEMENT

If the PM determines that the claim has merit, the PM, in conjunction with Design Professional, will complete an evaluation of entitlement (time and/or money) and initiate a proposed change order to the contract.

AS-BUILT DRAWINGS AND DATA

The PM in conjunction with the IOR will regularly monitor the Contractor's continuous updating of as-built drawings (field record drawings) and data. In addition, the PM will regularly request the Design Professional review of the Contractor's as-built drawings for clarity and completeness.

PROJECT SAFETY

The PM and IOR will review the Contractor's safety program for compliance with contract documents. The PM and IOR are charged with observation of the Contractor's safety programs. It is not within the PM or IOR authority to direct the Contractor's operations, construction methods, and practices, including utilization of equipment, or to in any way assume responsibility for the enforcement of the Contractor's safety standards. Regarding safety, the PM /IOR will:

- Observe the Contractor's safety program.
- Notify the Contractor, the DPC and SUHSD Safety Coordinator in writing of apparent noncompliance or poor safety practices.
- Project an image of safety through dress, practices and conduct at all times.
- The PM/IOR will not:

- Interpret the prevailing laws and regulations governing safety and health.
- Direct the Contractor or attempt to enforce standards pertaining to safety and health unless the situation appears to involve imminent danger to life, limb, or property, or unless directed by SUHSD Safety Coordinator.
- Stop or curtail the Contractor's operations except in a situation involving apparent imminent danger to life, limb or property.
- Directly give or imply approval of the Contractor's practices concerning safety and health.
- Act as a "safety" policeman; assume responsibility for the enforcement of safety standards.

PROJECT SAFETY MONITORING

The construction documents outline standard specification language requiring each contractor to develop and submit for review a safety plan to be implemented by the Contractor during the construction phase. The PM and IOR will monitor the Contractor's implementation and compliance with the approved safety plan including record keeping and the documentation of activities of the Contractor's safety personnel. The PM will allow the Contractor to provide up-dates and/or reports during the regularly scheduled construction progress meetings.

CONTRACTOR SAFETY PROGRAM

The Contractor is accountable for jobsite safety, including that of subcontractors and consultants. The PM, IOR and the field staff will observe the Contractor's approved safety program.

The Occupational Safety and Health Act, OSHA (Sections 1910 and 1926 including future Revisions or Additions thereto) is required by contract and by law to be followed on all work. The OSHA/Cal OSHA regulations establish minimum standards.

The procedures and guidelines in this section are supplementary, both to these minimum OSHA/Cal OSHA standards and to the Contractor's accident prevention programs. These procedures do not negate, abrogate, alter, or otherwise change any provisions of the Contractor's specific contractual obligations.

VISITORS TO THE SITE / PARKING

Visits by non-construction personnel to the various projects should be discouraged due to safety considerations. Official visits will be scheduled and arranged through the PM.

The PM will extend all courtesies and cooperation, and personally escort or provide escort for all visitors to the project. Records, charts, and reports will be current and available for review by visitors, as approved by the PM.

The IOR will record all workday visitors on the Daily Inspection Report (DIR).

ENVIRONMENTAL PROTECTION (SWPPP AND HAZMAT)

Increasing emphasis on protecting the environment requires close attention to the various laws, codes and criteria as established by federal, state and local governments. It is the responsibility of the

Contractor to comply with all such regulations and obtain the necessary permits. If required by the contract, written evidence will be prepared documenting the Contractor's compliance, which may be subject to examination by the respective government representatives.

SWPPP

The field staff will streamline document submission from SUHSD to all government agencies having jurisdiction.

The PM will be alert to potential Contractor sources of environmental degradation and monitor that the Contractor takes appropriate precautionary measures. Restrictive regulations are frequently being modified, and it is imperative that the Contractor remains current to avoid construction delays caused by pollution violations. Common sources of problems and public attention are dust, smoke, erosion, waste disposal, hazardous wastes, noise, noxious odors, and utility service interruptions.

HAZMAT

The Contract requires the Contractor to certify that their Work may disturb lead-containing or asbestos-containing building materials. HAZMAT reports performed by Environmental consultants who will help the field staffs oversee the execution of the recommendations included in the Hazmat report. (PM to schedule if not in SUHSD files)

In addition to asbestos and lead containing materials, the Hazardous wastes may include asbestos, airborne dust from sandblasting leaded paints and hydrocarbons such as oil, gasoline, and chemical cleaners.

The PM will be familiar with SUHSD policy on asbestos and other hazardous materials. The PM and IOR will address all hazardous environmental material related issues in accordance with the SUHSD environmental policy and coordinate activities accordingly. The IOR will notify the PM about environmental issues not shown on the environmental plans or assessment. Any required CEQA mitigation measures will be followed during construction activities and enforced by the PM and IOR.

MOVE COORDINATION

The PM and PS will be responsible for identifying and coordinating all items to be moved. This coordination will take place with the site staff, district representatives and contracted movers. Once the items have been identified, the PM will work with the PS to contract for moving services. The PM is responsible for coordinating the physical move including all owner furnished furniture, fixtures and equipment (FF&E) and the coordination of the Owner Furnish Contractor Installed (OFCI) items.

WARRANTY OF CONSTRUCTION

The Contractor warrants the work performed meets the Contract requirements and is free of any defect in equipment, material, or design furnished, or workmanship performed by the Contractor or any subcontractor or supplier at any tier.

With respect to all warranties, expressed or implied, from subcontractors, manufacturers, or suppliers for work performed and materials furnished under this contract, the Contractor will:

- Obtain all warranties required by the contract documents.
- Require all warranties to be executed, in writing, for the benefit of SUHSD.
- Enforce all warranties for the benefit of SUHSD.

CORRECTION PERIOD

For a period of two years, or for longer periods if specified in the contract or warranty, from the date of Beneficial Occupancy, the Contractor will remedy at the Contractor's expense any failure to conform to the Contract requirements or any defect. If the SUHSD takes possession of any part of the work before final completion, the correction period for such part of the work will continue for two years from the date SUHSD takes possession.

The Contractor will remedy at the Contractor's expense any damage to real or personal property owned or controlled by SUHSD, when the damage is the result of:

- Contractor's failure to conform to Contract requirements.
- Any defect of equipment, material, workmanship, or design furnished by the Contractor.
- The Contractor will restore any work damaged in fulfilling the terms and conditions of this Article. The Contractor's warranty with respect to work repaired or replaced will run for two years from the date of repair or replacement.
- The PM and Design Professional will notify the Contractor, in writing, within a reasonable time after the discovery of any failure, defect, or damage.
- If the Contractor fails to remedy any failure, defect, or damage within a reasonable time after receipt of notice, the PM will have the right to replace, remove, or otherwise remedy the failure, defect, or damage at the Contractor's expense.

COMMISSIONING AND CLOSEOUT

OPERATIONS & MAINTENANCE (O&M)

The PM will review all O & M related submittals, and in conjunction with the Design Professional and/or District M & O personnel, provide final approvals.

SYSTEMS START-UP AND COMMISSIONING

The PM will coordinate the start-up of all new or modified systems with District and/or M & O personnel in coordination with the Commissioning Agent (Cx). The Commissioning specification will be developed during design with input from systems design engineers and Maintenance. The contractor will coordinate subcontractor performance in order to meet Commissioning timelines and requirements.

TRAINING PROGRAMS

The PM in conjunction with the Contractor will coordinate and schedule all O & M or special training programs to be provided by the Contractor and/or equipment suppliers/manufacturers. Training will be documented by a video/audio system to provide for new personnel training in the future.

INVENTORY CONTROL

The PM will inventory all Contractor supplied items including FF&E for ultimate turnover to the District.

PROJECT CLOSE-OUT

The PM assisted by the PS is responsible for coordinating the closeout process with the District, the Contractor, Design Professional, EOR, IOR and Specialty Inspectors. There is a District closeout process to release retention and file the Notice of Completion (NOC) and the Division of the State Architect (DSA) closeout process to certify the project.

Once the final Change Order has been processed and the final contract amount is determined, the PM will forward the Final contract amount and the District's Required Documents Checklist to the contractor. Once all the required documents have been submitted and verified by the PM and PS, the project retention may be paid and the Notice of Completion can be filed.

In addition to the District Closeout process, the PM coordinates with the Architect to process all Field Change Directives and Change Orders through DSA for approval throughout the project. The Design Professional with the PM assistant is responsible for collecting the Verified Reports (DSA-6 forms) from the A/E, IOR, Contractor and Specialty Inspectors. On old projects, DSA will close a project as long as there is a DSA-6 from the IOR even if the forms from the Design Professional (and others) are missing. The Design Professional takes the lead in formally closing out the project file through DSA.

The PS will send the NOC to DIR (Assistant Chief, Eric Rood at erood@dir.ca.gov).

AS-BUILT (RECORD) DRAWINGS

The Contractor will have the primary responsibility for the preparation and maintained detail of contract documents. (Record Set) appropriately marked up with the information.

During the progress of the job, the PM, Design Professional and IOR must observe closely the "as-built" work and maintain a complete set of contract drawings marked up with "as-built" details. Within 60 days of the Substantial Completion of the project, the Contractor should submit the marked up contract documents (Record Set) to the PM. The Record Set should be checked by IOR and Design Professional to determine if the AS-BUILT" details and field conditions have been incorporated. If they have not, the Record Set will be returned to the Contractor.

Often during construction, interim "as-built" details may be required by others to enable completion of design or redesign of a certain contract feature. Consequently, the "as-built" set of drawings must be up-to-date. Upon receipt of a satisfactory Record Set of contract documents from the Contractor, they should be formally transmitted to the Design Professional. Electronic copies of AutoCAD or BIM plans will be provided (verify on small projects if in the A/E Contract).

The PM should keep a complete copy of the Record Set of contract documents at the jobsite.

WARRANTY AND GUARANTEE TRACKING

The PS will track all warranty and closeout documentation.

TRANSFERRING RECORDS

Upon completion and finalization of the contract, the PS should screen the files for duplication and extraneous material, ensure that plans are mended, rolled, and tied and transfer them to the designated location.

All original documents required by the contract become the property of SUHSD.

Any document not specifically related to the subject contract will not be included as official records but will be submitted to and retained separately by the PM.

All documents will be filed in accordance with the Central Filing System (the permanent record files).

Documents to be turned over to SUHSD at the end of the Contract include:

- Contractor's Daily Construction Report (or diary) to indicate PM's actions, progress of work, significant occurrences, weather problems, related adjacent work, field notebooks, manpower and equipment.
- All records pertaining to the construction of the project, particularly of delays or lack of cooperation in performance of the contract work.
- Daily records of force account work, overtime, or work at other than normal hours, as back-up data for payment for extra charges, if any.
- All contract documents, plans, specifications, maps, diaries, books, notes, calculations, studies, hazardous materials certificates, manifests, documents or other records, owner's manuals, operations and maintenance manuals and warranty information.
- Record all correspondence and meetings pertaining to the contract.
- Progress reports with certified quantities of work in place and activities completed, including records of materials or equipment delivered or stored at the site by the Contractor(s) eligible for partial payment. The PS will forward all required labor compliance documents in accordance with the SUHSD and/or other prevalent labor compliance policies.
- Record of all properly evaluated, estimated, negotiated, and accepted changes.
- Final acceptance inspection.
- Records of final payment to Contractor.
- Progress photos required for progress control and claims.
- All closeout certificates, forms and letters.

The above documents will form a basic part of the permanent record of the project and will cover all important factors affecting job conditions and progress of the work.

It is the responsibility of the District staff to pack and physically transfer files. Records will be transferred within 90 days after final closeout of contract in accordance with Document control Procedure.

All records to be transferred to SUHSD will be scanned into Laserfiche by District staff.

VIII. APPENDICIES

APPENDIX A – FILE STRUCTURE

This file structure is based on the SUHSD Laserfiche Standards established by the P&CD. File structure is divided in the following sections:

1. Contracts (Consultants/Vendors) Documents:
 - 1.1. Correspondence.
 - 1.2. Contracts.
 - 1.3. Amendments.
 - 1.4. Meetings.
2. Bidding Documents.
 - 2.1. Bid Advertisement.
 - 2.2. Bid Tabulation Summary.
 - 2.3. Specifications.
 - 2.4. Plans.
 - 2.5. Addenda.
 - 2.6. Non-Winning Bidders Information.
 - 2.7. Invitation for Bid.
 - 2.8. Walk-Through Sign-In Sheet.
3. Contract Documents.
 - 3.1. Notice of Intent to Award.
 - 3.2. Notice to Proceed.
 - 3.3. Contract.
 - 3.4. Performance Bond.
 - 3.5. Payment Bond.
 - 3.6. Bidder Information.

- 3.7. Asbestos Free Materials Certification.
- 3.8. Community Outreach Business Enterprises.
- 3.9. Contractor's Certificate Regarding Workers' Compensation.
- 3.10. Criminal Background Investigation/Fingerprinting Certification.
- 3.11. Escrow Agreement.
- 3.12. Drug Free Workplace.
- 3.13. Iran Contracting Act (over \$1M Projects only)
- 3.14. Hazardous Materials Certification.
- 3.15. Imported Materials Certification.
- 3.16. Lead Based Materials Certifications.
- 3.17. Non-Collusion Affidavit.
- 3.18. Prevailing Wage and Related Labor Requirements Certification.
- 3.19. Recycled Content Certification.
- 3.20. Subcontractor Listing.
- 3.21. Subcontractor Correspondence (California Preliminary Notice, Stop Notices and Release of Stop Notices).
- 3.22. Approved Construction Schedule of Values.
- 3.23. Certificate of Liability Insurance.
- 3.24. W9 Form.
- 3.25. Approval or Ratification – Board Item.
- 3.26. Incoming and Outgoing Correspondence.
- 3.27. Potential Change Orders.
- 3.28. Change Orders.
- 3.29. Schedules
- 3.30. Payment Applications (under Invoices)
- 3.31. Submittals (Prolog).
- 3.32. RFIs (Prolog).
- 4. Closeout Documents.
- 4.1. Closeout Checklist.

- 4.2. Punch list Signed-off as Completed by:
 - 4.2.1. Construction Manager, Architect. Maintenance Department (Attached Sign Off), Project Manager.
- 4.3. Required Documents Letter.
- 4.4. Final Contract Amount Letter.
- 4.5. Change Order Log.
- 4.6. DSA-5 Forms (all parties).
- 4.7. DSA-6 Forms (all parties).
- 4.8. DSA-168 Forms
- 4.9. DSA Special Testing and Laboratory (if applicable).
- 4.10. ORIGINAL Consent of Surety.
- 4.11. Owner Controlled Insurance Program (OCIP) Form D (if applicable).
- 4.12. Final Certified Payroll Report Completion Letter form Labor Compliance Consultant.
- 4.13. Unconditional Waiver (prime and all subcontractors).
- 4.14. Hard Copy As-built (transmittals).
- 4.15. Record Drawings (electronic files).
- 4.16. Notice of Substantial Completion.
- 4.17. Notice of Completion Recorded (complete).
- 4.18. Retention Released.
- 4.19. Final Application for Payment Submitted.
- 4.20. Maintenance Close-out Items.
- 4.21. Operations & Maintenance (O&M) Manuals
 - 4.21.1. Guarantees/Warranty Forms
 - 4.21.2. Test, Balance, and Adjusting Reports
- 5. Correspondence.
- 6. Funding.
- 7. Public Records Act Requests.
- 8. State Documents.
- 9. Filing Procedures

APPENDIX C – CONSTRUCTION CONTRACTING

PROCESSING CONTRACTS

The Chief Financial Officer or his/her designee may purchase supplies, materials, apparatus, equipment, and services up to the amounts specified in Public Contract Code 20111, beyond which a competitive bidding process is required. (BP 3300). Contracts under \$15,000 are ratified by the BOT monthly when the BOT approves all purchase orders.

Per Public Contract Code Section 20111(a), any contract involving an expenditure of more than \$84,100 or as annually adjusted by the Superintendent of Public Instruction, in accordance with any requirements established by that governing board pursuant to subdivision (a) of Section 2000 regarding minority business enterprises and women business enterprises, will let any contracts to the lowest and responsible bidder who will give security as the board requires, for any of the following:

- Purchase of equipment, materials, or supplies to be furnished, sold, or leased to the District.
- Services, except construction services.
- Repairs, including maintenance; where maintenance means routine, recurring, and usual work of the preservation, protection and keeping of any publicly owned or publicly operated facility for its intended purposes in a safe and continually usable condition for which it was designed, improved, constructed, altered or repaired. Maintenance expressly includes carpentry, electrical, plumbing, glazing and other craftwork; this definition does not include painting, repainting, or decorating other than touchup. In each school district, maintenance can be performed by day labor (use of maintenance personnel) or by force account whenever the total number of hours on the job does not exceed 350 hours.

DEFINITION OF INFORMAL BID:

- Construction services involving expenditures of \$14,999 or less.
- Per the Public Contract Code Section 20111(b), any projects for construction services involving an expenditure of \$15,000 or more will be let to the lowest responsible bidder who will give security, as the board requires, or else reject all bids.

FORMAL BID PROCEDURE (DESIGN-BUILD)

See Education Code Section 17250.10-17250.50

APPENDIX D - CONSULTANTS

The P&CD has standard consulting contracts for the various consultants used on a project. After the PM negotiates the consulting fees, the PM will direct the PS on how to customized or complete the standard contract for each consultant.

ARCHITECTS:

Typically an architect is the lead designer and Architect of Record (AOR) for projects that need approval by DSA. Architects should be employed for full services from schematic design through close-out. Standard architect (and engineer) contracts do not include programming, surveying, utility locating, and specialty consultants such as kitchen design or acoustic design and these services may require additional fees over the basic services. The consulting contract should be a fixed fee contract but the total fee as a percentage of construction costs may be used to evaluate the fee proposal. The old State Lease-Purchase Program (LPP) percentage fee schedule may be used as a guide, however many requirements have been added since that program ended in 1998 (e.g. fire sprinkler design is no longer a deferred approval and must be designed before submittal to DSA).

ENGINEERS:

An engineer rather than an architect may be appropriate for specialized projects. DSA will accept engineers as the Engineer of Record (EOR) on many projects that do not involve access compliance issues (most engineers are not familiar with access compliance laws). For example, structural engineers may be the lead on projects that are only structural like light poles or retaining walls and electrical engineers may be the lead on fire alarm systems and electrical upgrades. The consulting contract should be a fixed fee contract but the total fee as a percentage of construction costs may be used to evaluate the fee proposal. The old State Lease-Purchase Program (LPP) percentage fee schedule may be used as a guide, however, because of the specialized nature of projects that do not use an architect, comparing the fixed fee to a percentage of construction cost fee schedule may not be appropriate

LANDSCAPE ARCHITECT:

Landscape architects are typically the lead designer on landscaping projects that do not require DSA approval. The District has used landscape architects for field renovations that require DSA approval. The consulting contract should be a fixed fee contract but the total fee as a percentage of construction costs may be used to evaluate the fee proposal. The old State Lease-Purchase Program (LPP) percentage fee schedule may be used as a guide, however, because of the specialized nature of projects that do not use an architect, comparing the fixed fee to a percentage of construction cost fee schedule may not be appropriate.

ENVIRONMENTAL CONSULTANT FOR CEQA SERVICES

The environmental consultant for CEQA services is responsible for the CEQA approval process on behalf of the district and is expected to perform the following services. The contract should be a fixed fee contract.

- Review or prepare an initial study.
- Conduct or review preliminary environmental site assessments.
- Prepare environmental impact studies.
- Prepare or cause to be prepared any detailed studies needed for the process.

- Conduct public hearing and informational meetings as necessary for the project.
- Prepare draft and final environmental impact documents.
- Prepare and file the appropriate notices.
- Obtain final CEQA approval.
- Coordinate with the District's legal counsel as necessary.
- Interface with local regulators, as necessary, on behalf of the District.

ENVIRONMENTAL CONSULTANT FOR HAZARDOUS MATERIALS SERVICES

The Hazardous Materials consultant performs a hazardous materials survey and develops an abatement specification. This abatement survey and specification are issued with the bid documents. The contract should be a fixed fee contract and the general scope of hazardous materials abatement will consist of (but is not limited to) the following:

DESIGN AND APPROVAL PHASE:

- Coordinate with the District and Design Professional as necessary in planning projects
- Review design development and construction documents to advise the PM and Design Professional regarding the impact of the design on potentially hazardous materials such as:
 - Asbestos containing materials such as stucco, window putty, roofing materials, flooring materials.
 - Lead based paint.
 - Lead based window putty.
- Advise the district regarding the appropriate air quality management.

CONSTRUCTION PHASE:

- Performs construction and/or abatement oversight.

PROJECT CLOSEOUT PHASE:

- Assure that all proper hazardous materials documentation has been completed after the completion of hazardous materials abatement for each project.
- Provide written evaluation for all hazardous materials contractors.
- Prepare a final closeout report when abatement activities have been completed.

LAND SURVEYING SERVICES

The PM should arrange for a land survey for projects that have exterior work, involve access compliance or is requested by the lead designer. The PM should review the most recent project to see if the last survey is acceptable for use. If a new survey is needed, a survey of the entire school site should be ordered unless the cost is way out of proportion to the cost of the project. The contract should be a fixed fee contract.

SOILS TESTING SERVICES

Soils testing is needed during pre-construction to give guidance to the design team and during construction. The PM should consult with the lead designer on the scope of services for the pre-construction soils testing needed. The PM should consult with the lead designer and IOR regarding the soils testing needed during construction. Although both contracts should be fixed fee contract, the contract during construction often needs to be amended after the contractor's construction schedule is determined or if there are delays on the project.

UTILITY LOCATING SERVICES

Existing school sites often have undocumented underground utilities. The PM should evaluate the project with the lead designer to determine whether a utility locating service is required and whether horizontal locations are needed or both horizontal and depth is needed. Typically, the contract is a fixed fee purchase order.

INSPECTOR OF RECORD (IOR) SERVICES

DSA requires an IOR for each project. There are different classes of inspectors depending on the size and type of project. The PM needs to review the qualifications of the IOR and any past experience with the district or other school districts. Although the contract should be fixed fee contract, the contract often needs to be amended after the contractor's construction schedule is determined or if there are delays on the project. Every effort should be made to determine accurate costs up front because multiple contract amendments are almost always questioned.

SPECIAL INSPECTION SERVICES

DSA requires special inspection for certain construction activities such as welding or in-plant fabrication. These services may be provided by the IOR (if they are a firm that can employ additional inspectors), or under a separate consulting contract. The PM needs to review the qualifications of the IOR and any past experience with the district or other school districts. Although the contract should be fixed fee contract, the contract often needs to be amended after the contractor's construction schedule is determined or if there are delays on the project. Every effort should be made to determine accurate costs up front because multiple contract amendments are almost always questioned.

MATERIAL TESTING SERVICES

DSA requires special testing on certain items such as concrete or steel to test the strength of the material. This firm must not be the same firm that provides inspection services. The PM needs to review the qualifications of the IOR and any past experience with the district or other school districts. Although the contract should be fixed fee contract, the contract often needs to be amended after the contractor's construction schedule is determined or if there are delays on the project. Every effort should be made to determine accurate costs up front because multiple contract amendments are almost always questioned.

APPENDIX E – QUALIFICATIONS BASED SELECTION PROCESS FOR CONSULTANTS

The QBS process requires the PM and PS to do the following:

- Prepare a Request for Qualifications (PS under the direction of the PM).
- Upload the RFQ to DemandStar (PS).
- Receive questions from vendors (the purchasing department receives the questions and forwards them to the PM).
- Respond to questions (PM creates response and PS uploads to DemandStar).
- Receive proposals (PS).
- Review and score proposals (Review Committee and/or PMs).
- Review scoring and recommend a short-list of vendors (Purchasing Department).
- If the RFQ was for the pre-qualified consultant list then process BOT approval (PS).
- If the RFQ was for a specific project then negotiate fee and if unsuccessful go to next firm on the list (PM).
- After negotiating the final fee, use the rest of the steps under Consulting Contracts for processing consulting.

APPENDIX F – CONSULTANT INVOICE PROCESS

Once a consulting contract has been executed by both parties and a purchase order has been issued, invoices for completed work can be processed. Under no circumstances can invoices be paid without an approved purchase order.

The turn-around time for invoice processing will be within 30 days. The process for submitting invoices is as follows:

- Consultants may submit invoices monthly.
- PS reviews invoice for compliance with contract (particularly deliverables) The PS will review the invoice for mathematical accuracy, will verify that the amounts match the contract, and verify that amendments have been approved if the invoice includes billing for that work and that docs are in DSA Box.
- If invoice is rejected:
 - Enter invoice in PMS
 - Upload invoice into PMS and transmit to consultant requesting revised invoice.
- Input into the PMS (PS).
- The PMS generates the Vendor Invoice Approval
- PS routes invoice for approval.
- The PM will review the invoice to verify that work has been completed satisfactorily and to the extent (percentage complete) shown on the invoice If the PM determines that the information contained in the invoice is either incomplete or inaccurate, it is the responsibility of the PM to coordinate any necessary revisions with the vendor and to request a revised copy of the invoice for processing.. (see above if rejected)
- After approval of the invoice by the PM, the PS then obtains approval from the DPC and submits to accounting for payment.

Prior to the final payment for consultants, the PS will use the project closeout checklist to assure receipt of all close-out documentation and certification by DSA (if applicable).

APPENDIX G – PROCESS FOR PLANNING AND CONSTRUCTION DEPARTMENT BIDS

Bid Package: Plans and Specs (including front end)

Bid Docs: Specifications including Divisions 0 and 1

Technical Specifications: Divisions 2 and up

Project Bid Name will be different than the overall project name if there is more than one construction contract on the project.

TASK	RESPONSIBILITY
AT LEAST ONE MONTH BEFORE SCHEDULED DSA SUBMITTAL DATE:	
Maintain list of Prequalified bidders (on-going)	Contracts Manager
Determine which front end template to use. (Large Proj, Small Proj, Prop O, etc.)	PM consults with DPC & Purchasing
Create any Special Conditions needed for the bid	PM and Design Professional
Obtain bid number from Purchasing (non-DSA projects)	PS
Add Project Bid Title and bid number (if available) to template	PS
Send Word template to Design Professional	PS
Insert any Special Conditions and other know data into the bid docs (using Track Changes [redline])	Design Professional or PS with approval of DPC
Send redline version of Bid Docs to PS	Design Professional
Review redline and accept changes	PS and PM
Submit draft DSA-1 application form to PM	Design Professional
Obtain PTN number from OPSC website	DPC or designee
Add PTN number to DSA-1 and Project Status Report	PS
Review DSA -1 with DPC	PM
Send approved draft DSA-1 to Design Professional	PS
Create requisition for DSA Fees	PS
Receive warrant and hold for DSA submittal	PS
Submit Bid Package to DSA	Design Professional
DURING DSA BACKCHECK:	
Get Bid Number from Purchasing	PS
Meet and Complete Request for Bid to establish dates for advertisement, job walk, questions deadline, bid deadline, etc.	PM, PS & Purchasing Design Professional (optional)
Send to Purchasing to review and approve	Contracts Manager
Approve Request for Bid Form	PM , Purchasing Mgr., DPC
Send Request for Bid info to Design Professional	PS
Update Bid Docs with DSA#, Bid# and bid info.	PS
Review final Bid Docs to assure correct data was added.	PS

Submit final Bid Package to DSA for approval (Back check)	Design Professional
BIDDING - AFTER DSA APPROVAL:	
Get DSA stamped Bid Package from DSA and send to PM .	Design Professional
Final Quality Assurance review of bid package	PS
Insert bid information into advertisement template.	PS
Place ad in newspaper (including processing req.)	PS
Upload approved bid documents to Demand Star. Description should include required license and Cost Estimate (from ad)	PS
Notify prequalified bidders through Demand Star	PS
Email copy of advertisement to prequalified bidders	PS
Forward bounced bidder email to Contracts Manager	PS
Attend the Job Walk	Purchasing, Project Manager and Architect
Upload Job Walk sign-in sheet to DemandStar	PS
Email Job Walk sign-in sheet to attendees (attendees are not necessarily bidders)	PS
Receive questions from bidders	Purchasing
Forward any questions received, prior to the question deadline, to Planning PM	Purchasing
Forward questions to Architect if necessary for response. CC the PS . PS Update project files.	PM & PS
Provide any information needed for an Addendum including answers to questions received prior to question deadline	Manager & Architect
Send addendum template to Design Professional	PS
Create addendum to respond bidder questions.	PM or Architect w/ PS
Type addendum and upload to DemandStar (DemandStar automatically notifies bidders).	PS
Prequalify bidders over \$1 Million (up to 7 days before bid)	Contracts Manager
BID OPENING:	
Populate bid tabulation template with bid information	PS
Attend the Bid Opening	Purchasing, PM , and PS
Bids are opened. Bid amounts announced. Verify that Addenda are acknowledged.	Purchasing
Fill in bid tabulation as bids are opened.	PS
Upload bid tabulation summary to Demand Star	PS
Upload bid tabulation summary to district website	TBD
Verify low bid amount (if necessary)	Purchasing
Determine apparent low bidder	PM & Purchasing

Verify completeness of low bid submittal (Is the low bidder responsive? Are any required documents missing?)	PS
Verify low bidder contractor license and bid bond surety	PS
Compare and analyze bid quotations (is the low bidder a responsible bidder).	Manager, Purchasing, PM & PS
Apparent low bidder discussion	Manager and Purchasing
Respond to any bid protests	Purchasing
Update DemandStar from "Pending" to "Awarded"	PS
Prepare Notice of Intent (NOI) to Award	PS
Type NOI and send to apparent low bidder	PS
Receive all contract documentation required for award of contract (agreement, bonds, insurance, fingerprinting, etc.)	PS
Review submitted contract documentation for completeness	PS
Verify surety for the bonds	PS
Verify insurance	PS
Obtain ASFO signature on Contract	PS
Prepare Board item to award to low bidder (Template)	PS

AWARD - AFTER BOT APPROVAL (or AFTER DRAFT BOT ITEM for RATIFICATIONS)

Enter purchase order requisition after receipt of all needed documentation. On the req., insert PS name in "Requested by", PM name/Project Bid Name in "Requested for" (include PO# on Req. for Prop O projects Only);	PS
Process Req., Assign PO#, email PO to vendor and PS .	Purchasing
Notify PM that PO has been issued	PS
Notify DIR of contract award (PWC-100). Use ASFO signature date for ratified contracts instead of BOT award date.	PS
Prepare Notice to Proceed (NTP) (include DSA#, Bid# and PO#)	PS & PM
Obtain approval of NTP from DPC	PS
Distribute NTP	PS

The Responsibility shown is the lowest level, **PMs** may do **PS** tasks, **DPC** may do **PM** tasks

PS = Planning Specialist

PM = Project or Program Manager in P&CD

DPC = Director of Planning and Construction

P&CD= Planning and Construction Department

PO = Purchase Order

P&CD = Planning and Construction Department

APPENDIX H - CONTRACTOR PAYMENT REQUEST PROCESS

Once a construction contract has been executed by both parties and a purchase order has been issued, the contractor may submit a payment request for completed work and materials stored (under certain circumstances and subject to approval by the DPC). Under no circumstances can payment requests be paid without an approved purchase order.

The turn-around time for payment request processing will be within 30 days. The process for submitting and approving payment requests is as follows:

- Contractors may submit invoices monthly.
- Contractors will submit draft payment requests monthly. The draft payment request (Exhibit 8) should be submitted at a progress meeting where the Design Professional, IOR, and PM can review the payment request for accuracy. If approvable, the Design Professional, IOR and PM will sign the payment request.
- Payment requests will be logged by the PM or PS. The PM and PS will review the invoice or payment request and verify that the amount of payment requested is correct and sign and date the invoice or payment request. The PS then obtains approval from the DPC and submits to accounting for payment.
- The PM will deliver the payment request to the PS for input into the PMS.
- The PS will review the invoice for mathematical accuracy, will verify that the amounts match the contract, and verify that change orders have been approved if the invoice includes billing for that work.
- If the PS determines that the information contained in the payment is either incomplete or inaccurate, it is the responsibility of the PM to coordinate any necessary revisions with the contractor and to request a revised copy of the payment request for processing.
- The PS generates the approval page for the payment request from the PMS.
- After the PM signs the approval page, the PS then obtains approval from the DPC (DPC signs both the approval page and payment request) and submits to accounting for payment

Prior to the payment of final retention, the PS will use the project closeout checklist to assure receipt of all closeout documentation. The Notice of Completion (NOC) must be issued for the contract prior to the final payment. If the NOC will be filed within 90 days of completion, then the PS files the Notice of Completion with the County Recorder's office (filing with the County Recorder shortens the filing time period for stop notices to 30 days). If the NOC is prepared more than 90 days after completion then the NOC is for district files and the Division of State Architect only.

APPENDIX I – CHANGE ORDER APPROVAL PROCESS

Construction contract change orders that exceed \$50,000.00 must have prior BOT approval. The BOT has delegated approval of change orders below that threshold to the Superintendent, Chief Financial Officer, ASFO and DPC (Exhibit 4). Amendments that exceed \$1,000.00 must be ratified by the Board.

The PM and PS will:

- Receive and evaluate contract amendment requests (including potential change orders [PCOs]).
- Negotiate the change order with the contractor.
- Prepare the change order (the Design Professional may create change orders).
- Obtain approval from the Design Professional.
- Obtain approval from the DPC.
- Process the contract amendment for BOT ratification (or approval).
- Create the Purchase Order Adjustment.
- Request a budget adjustment if necessary.
- Update the PCS.

APPENDIX J – INSTRUCTIONS FOR COMPLETING THE ACTIVE PROJECT MONTHLY STATUS REPORT

Date: 3/10/2017 (Updated)

Prepared By: Roxanna Travers and All Planning Specials

Purpose: To document the procedure followed when completing the Active Project Monthly Status Report and provide standards for consistency and uniformity for all Planning Staff.

1. The **Font** throughout the document will be “Calibri” size 11.

	SWEETWATER UNION HIGH SCHOOL DISTRICT Capital Projects Report II. ACTIVE PROJECT MONTHLY STATUS REPORT
Update: September 2, 2016	PM/PS: Larry Moen/Allie Serrano
Site: Bonita Vista High School	Project Name: BVH Title IX Girls Locker Room <u>Relocatable</u>
Funding Source: CSFF Fund 35	A-E/Contractor: Lord Architecture, Inc./ TBD
	Inspector: TBD

2. **Update** – Date of update.
3. **Site** – Full Site Name.
4. **Funding Source** – Full name and fund number as listed below.

General Fund 01	SRFCOP Fund 40
Deferred Maintenance Fund 14	Mello-Roos Fund 49
Prop BB Fund 21	QZAB
Prop O Bond Sale 1 Fund 22	Adult Ed
Prop O Bond Sale 2 Fund 22	Chargers
CSFF Fund 35	City of National City

5. **PM/PS** – Full first and last name.
6. **Project Name** – Will match “Consolidated Budget and Expenditure Monthly Status Report.”
For example: School acronym + project (DSA/ Drawings title)
7. **A-E** – Full name as listed on W-9.
If this has not yet been determined “TBD.”

If not necessary for this projects "N/A."

8. **Contractor** – Full name as listed on W-9.
If this has not yet been determined "TBD."
If not necessary for this projects "N/A."
9. **Inspector** – Full name as listed on W-9.
If this has not yet been determined "TBD."
If not necessary for this projects "N/A."

Project Description: Demolition of certain existing Track & Field components, existing bleachers and certain entry improvements. Removal and salvage of certain existing components and equipment per site. Construction of new synthetic track & field, metal bleachers, stadium lights, entry improvements, a toilet/concessions building, press box, and ticket booth.

Construction Status:

DSA In:	12/27/2013	Contract Duration:	TBD	% Complete:	TBD
DSA Out:	06/05/2014	Contract Start Date:	00/00/0000	Estimated Completion:	TBD
ID No.:	XX-XXXX-LM	Original Completion:	00/00/0000	Estimated Occupancy:	TBD

10. **Project Description –**

- ✓ Scope of work from approved DSA drawings.
- ✓ If DSA scope is not available, PMs should fill this section in. (Note: If the project is on hold, pending scope and BOT approval, PMs may obtain Moises' approval to not complete an Active Project Monthly Status Report.)
- ✓ Bond Project where the scope of work has not been determined, PMs should list Bond language in this section. For example: *"Proposition O Bond language lists five major areas of improvements for Bonita Vista Middle School: Classrooms, Multi-purpose Building, Library Improvements, Existing Special Need Rooms Enhancements or New Special Needs Adaptive Building, and a new Music Building. A new Music Building was completed under Prop O bond sale 1. Planning and Construction staff will meet with administration, staff and stakeholders to prioritize needs. Scope of work will be presented to the Board of Trustees for approval."*
- ✓ Estimated construction cost will not be included in this area.

11. **DSA Dates** – Will be 8 digits. If no date has been identified, please use 00/00/0000. If more than two dates, please say "Multiple."
12. **ID No.** – If no ID No. has been identified, please use XX-XXXX-PM. If more than two ID Nos., please say "Multiple." If this project did not go out to Bid, please list PO #. If more than two POs, please say "Multiple."
13. **Contract Duration** – As listed in Special Conditions specs. If there was a change order to increase the number of days that have been signed by Planning Director, should also be included. If no date has been identified, please use TBD.

14. **Contract Start Date** – As listed in Special Conditions specs. If no date has been identified, please use 00/00/0000.
15. **Original Completion** – (Any changes in this date need to be noted in Key Issues). If no date has been identified, please use 00/00/0000.
16. **% Completed** – Project Completion % (Not Construction). This should be provided by PM. If no date has been identified, please use TBD.
17. **Estimated Completion** – If no date has been identified, please use TBD.
18. **Estimated Occupancy** – Substantial completion date. If no date has been identified, please use TBD.

Summary Status				Original Budget		Committed Budget	
Description	Budgeted	Committed	Expended	Original Budget	Budgeted	Commitment Status	Committed
Site Cost	-	-	-	Initial Amount	-	Initial Contracted Amount	-
Soft Cost	-	-	-	Approved Changes	-	Construction Contract COs	-
Hard Cost	-	-	-	Pending Changes	-	Other Contract Changes	-
FF&E	-	-	-	Total	-	Total	-
Contingency	-	-	-	Budgeted Contingency	#DIV/0!	Budget Committed	0.0%
Total	-	-	-	Original Budget approved on 00/00/0000.			
Budgeted Hard Cost	#DIV/0!			Other Contract Changes represents any changes to Purchase Orders for Soft Cost and FF&E. Construction Contracts Change Orders (COs) are further described below.			

19. **Summary Status** – When completing this section staff will use the “Construction Object Account Code List” to determine cost description.
 Budgeted – Will represent Remaining Budget plus Committed.
 Committed – Will represent Expended plus Current Encumbrance.
 Expended – Will represent cumulative expenditures less retention.
20. **Original Budget** – This information will come from past M-1 (if prior to xx/xx/xxxx K-4). If staff has trouble finding this information, they will contact Finance for assistance.
21. **Committed Budget** – The “Total” amount will match the total committed amount in the Summary Status table. Contract Changes are any changes to all POs. Separate Construction Change Orders and Soft Cost and FF&E contract changes. Footnote should say:
Other Contract Changes represents any changes to Purchase Orders for Soft Cost and FF&E.
Construction Contracts Change Orders (COs) are further described below.

Project Status/Comments:

Summary - Key Issues: Bonita Vista High (BVH) Title IX is in the bidding stage with front end document review in process. This project will go out for bid in September 2016.
Change Orders: None.

22. **Pictures** – Standard will be 2 image minimum. If no image is available, staff will use school logo and school name and address. If only one image is available, staff will add the school logo as the second image. All images must be outlined with black border.

23. **Summary – Key Issues** – Do not leave blank. This is the catch all section. PMs will include:

- ✓ Brief description of project status
- ✓ Note any schedule changes
- ✓ Additional funding needed
- ✓ Next meeting with stakeholders, etc.

24. **Construction Contract Change Orders** – If there are no change orders, please say “None.”

If there are change orders, the format will be as follows:

For contracts w/ change orders (including return of allowance):

Casework Upgrades - GEM Industrial, Inc., Bid 23-2358-GP, DSA 04-112719

CO 1- Add lock on all cabinet doors and drawers in administration area. \$883.58 - Approved by the BOT on 9/16/2013 = .99%.

CO 2- Install new electrical outlet in the south working station. \$981.09 - Approved by the BOT on 10/21/2013 = 1.09%.

CO 3- Add locks on cabinet drawers in library and reception area. \$793.61 - Approved by the BOT on 11/18/2013 = 2.99%.

If there are multiple Bid packages, list all and note “No Change Orders.” Example below:

Fence Completion - Lightning Fence, Bid 34-2375-GP, DSA 04-112719

No Change Orders.

25. **Submitting the Active Project Monthly Status Reports** –

The following levels of review are required:

- i. Director of Planning and Construction Review
 - a. Each PM will submit their completed Monthly Status Reports to the Director of Planning and Construction for his review.

- b. PMs/PSs should incorporate any changes that are requested by the Director of Planning and Construction and inform the Senior Admin Assistant when the final Monthly Status Reports have been saved in the shared drive.
 - c. Senior Admin Assistant will merge all final (edited/reviewed) Monthly Status Reports into one document, in Alphabetical order, and submit to Capital Projects Financing and Reporting Manager.
 - ii. Capital Projects Financing and Reporting Manager Review
 - a. Review Summary Status, Original Budget and Committed Budget tables.
 - b. Confirm that projects are listed in the correct order and project name matches other reports.
 - c. Add footnotes and review formatting.
 - d. Finalize all sections of the M-1 Board Item/CBOC Report and submit to the Assistant Superintendent of Facilities and Operations for his review.
 - iii. Assistant Superintendent of Facilities and Operations Review
 - a. Capital Projects Financing and Reporting Manager will incorporate any changes that are requested by the Assistant Superintendent of Facilities and Operations.
 - b. Final M-1 Board Item/CBOC Report will be submitted to Executive Assistant, for uploading to District Website/Board Docs.

EXHIBIT 4 – RESOLUTION 4440 CONTRACT AMENDMENT APPROVALS

6/20/2017

Coversheet

July 25, 2016

Board Item - Q.-1.

Issue:

Resolution No. 4440.

Superintendent's Recommendation:

Adopt Resolution No. 4440, Delegating Authority to District Staff to Approve Individual Change Orders and Contract Amendments Subject to Statutory Limitations and Not-To-Exceed \$50,000.00, on Behalf of the District.

Analysis:

The Public Contract Code and the Education Code allow for the delegation of authority to staff to approve change orders and contract amendments that do not exceed statutory limitations. All change orders approved by delegated authority that exceed \$1,000.00, will be brought to the board for ratification.

In keeping with the goal to reduce the impact of construction on the educational program and minimize construction delays associated with pre-approval of change work, it is recommended that the following staff be authorized to execute change orders in the amount specified and to subsequently bring these change orders for board ratification.

Superintendent up to \$50,000.00;
Assistant Superintendent of Facilities and Operations up to \$50,000.00;
Chief Financial Officer up to \$50,000.00; and
Director of Planning and Construction up to \$50,000.00.

In the absence of these individuals, their designee shall assume this authority.

All change orders will be reviewed for accuracy and recommended for approval by the architect, inspector of record, and general contractor, prior to staff approval.

For questions regarding this board item, please contact Moisés Aguirre at 619/585-6060 or moises.aguirre@sweetwaterschools.org.

Fiscal Impact:

None.

EXHIBIT 5 – RESOLUTION 4169 BIDDER PRE-QUALIFICATION

SWEETWATER UNION HIGH SCHOOL DISTRICT

RESOLUTION NO. 4169

**RESOLUTION ADOPTING DISTRICT STANDARDIZED)
QUESTIONNAIRE, FINANCIAL STATEMENT AND)
UNIFORM SYSTEM OF RATING PREQUALIFIED BIDDERS)
FOR CONSTRUCTION CONTRACTS FOR PROPOSITION)
O PROJECTS AND VARIOUS DISTRICT PROJECTS)**

ON THE MOTION of Member _____, seconded by Member _____,
the following resolution is adopted:

WHEREAS, the Sweetwater Union High School District ("District") is the public school district charged with the design and construction of 7-12 school projects ("Projects") in accordance with voter-approved bond measure Proposition O and various other District projects; and

WHEREAS, the District evaluated various delivery methods to choose the delivery method best suited for these Projects; and

WHEREAS, Public Contract Code Section 20111.5, permits the District to prequalify construction contractors using a standard questionnaire, financial statement and uniform rating system adopted by the District; and

WHEREAS, in order to utilize prequalification of construction contractors as a delivery method for these Projects, the governing body of the District must adopt: 1) a standardized questionnaire; 2) a standardized financial statement; and 3) a uniform system of rating bidders; and

WHEREAS, the District, in its evaluation of the various delivery methods, determined that prequalifying only contractors that have previously performed work valued at \$1 million and above will provide the ability to successfully perform the work to the quality, service and value standards of the District and the District's taxpayers; is in line with the expected values of the work contemplated; and is thereby, the optimum delivery method for these Projects; and

WHEREAS, the board of trustees has formerly authorized staff to accept or reject bids and re-advertise as necessary, issue notices to proceed, and award contracts for construction and modernization of campuses per Resolution No. 3329, adopted by the board of trustees on June 20, 2005.

NOW THEREFORE, BE IT RESOLVED:

1. The above recitals are true and correct.

2. The District properly evaluated the prequalification questionnaire, financial statement and uniform rating system for prospective bidders.
3. The District reviewed the prequalification guidelines provided in Public Contract Code Section 20111.5, and determined that it is in the best interest of the District and the public to utilize prequalification of construction contractors for Proposition O and various other District Projects, and recommends that the board approve the prequalification of construction contracts process for use on Proposition O and various other District Projects.
4. The board directs staff to establish a process for prequalifying prospective bidders utilizing the prequalification questionnaire, financial statement and uniform rating system.
5. Per Public Contract Code Section 20111.5(e), this authorization is considered valid for up to one calendar year following the date of the initial prequalification.
6. The board authorizes staff to accept or reject bids and re-advertise as necessary, issue notices to proceed, and award contracts for Proposition O and various other District Projects, to construction contractors who have been prequalified on the basis noted above. Staff's recommendations will be submitted for ratification to the board of trustees at a subsequent meeting.

PASSED AND ADOPTED by the Board of Trustees of the Sweetwater Union High School District, County of San Diego, State of California, this 24th day of September, 2012, by the following vote:

EXHIBIT 8 – CONTRACTOR PAYMENT REQUEST FORM

APPLICATION AND CERTIFICATE FOR PAYMENT SWEETWATER UNION HIGH SCHOOL DISTRICT

Planning & Construction Department
1130 Fifth Avenue • Chula Vista, CA 91911

Instructions: In Excel, fill in **BLUE** fields only. Attach supporting documentation. Submit 1 copy for signatures.

CONTRACTOR: **Contractor**
Address
City, State Zip

AUTHORIZED SIGNATORY: **I. M. Authorized**

CONTRACTOR PROJECT NO: **0**

APPLICATION NO.: **1**

APPLICATION DATE: **3/1/2017**

PAYMENT PERIOD ENDING: **2/28/2017**

SUHS PROJECT: **XXX Project 1**

BID NO. **xx-xxxx-GP**

CONTRACT/PO NO.: **SFxxxxx**

CONTRACT DATE: **1/1/2012**

DESIGN FIRM: **W.E. Draw, Inc.**

DESIGNER: **I. Drew It**

INSPECTOR (IOR): **I. Saw It**

SUHS PM: **I. Oversee It**

CONTRACTOR'S APPLICATION FOR PAYMENT:

Application is made for payment in connection with the Contract as shown below and on attached Payment Schedule.

1. Original Contract Sum		\$10,000,000.00
2. Net Change by Change Order		\$165,000.00
3. Contract Sum to Date	(1 + 2)	\$10,165,000.00
4. Total Completed to Date		\$302,250.00
5. Total Stored Materials		\$0.00
6. Total Earned to Date	(4 + 5)	\$302,250.00
7. Retainage:	5% (6 x 6)	\$15,112.50
8. Total Earned Less Retainage	(6 - 7)	\$287,137.50
9. Previous Payments		\$150,000.00
10. Current Payment Due	(8 - 9)	\$137,137.50
11. Balance to Complete	(3 - 9 + 10)	\$9,877,862.50
12. Percentage Complete	(6 / 3)	3%

☐ As-builts are up to date
☐ Project photos and Daily Reports have been uploaded
☐ Conditional Waiver Attached
☐ Project schedule has been updated and is current

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous Certificates for Payment were issued and payments received from the Owner, and that current payment shown herein is now due.

Contractor:

EXHIBIT 9 – CONSULTANT CONTRACT CHECKLIST

STAFF	TASK
<input type="checkbox"/>	(PM) will review the pre-qualified consultant list and select at least three firms (if available) for each consultant needed. PM to provide justification if only one consultant is recommended based on prior work or expertise.
<input type="checkbox"/>	(PM) will review the selected firms with the (DPC).
<input type="checkbox"/>	(PM) Obtains proposals from the selected firms using Proposal template (PM).
<input type="checkbox"/>	Review the scope of services and price (PM).
<input type="checkbox"/>	Review required insurance documents (PS).
<input type="checkbox"/>	(PM) Recommends best value for services (considering both total cost and hourly rates) for approval by (DPC).
<input type="checkbox"/>	Negotiate the final price (if needed) (PM).
<input type="checkbox"/>	Under \$5k contract is PO + Proposal (if District template); If not on template, then reference to proposal must exclude any indemnity clauses (or other unacceptable clauses).
<input type="checkbox"/>	Prepare the contract for over \$5k (PS as directed by the PM).
<input type="checkbox"/>	Enter the contract commitment in the PMS (PS).
<input type="checkbox"/>	Generate the contract approval sheet from the PMS (PS). (amendment only)
<input type="checkbox"/>	Prepare the BOT agenda item (PS).
<input type="checkbox"/>	Prepare a budget adjustment form if necessary (PS).
<input type="checkbox"/>	Prepare the Purchase Requisition (PS) using Prop O or Prop BB PO numbers for Prop O & BB projects (PS).
<input type="checkbox"/>	Purchasing processes the Req. into a PO.
<input type="checkbox"/>	Send signed contract and BOT item to consultant (PS).

EXHIBIT 10 – DESIGN REVIEW & COST BENEFIT ANALYSIS

June 2017 - DRAFT

1

SWEETWATER UNION HIGH SCHOOL DISTRICT **Project Design Review Procedure**

Introduction

The intent of the Design Management Review Procedures is to accomplish the following:

- a) Establish a common methodology for reviewing project designs and construction cost estimates.
- b) Ensure the projects meet the project program scope, educational, technical and material specifications.
- c) Provide a process for the District's Design Management Team (DDMT) to review project specific issues related to project scope, budget, schedule and deviations from district adopted standards.
- d) Set common expectations on project review deliverables.
- e) Build upon and refine the design review process.

The reviews will be conducted at three key milestone deliverable phases.

- a) Meeting #1 – 100% Schematic Design (SD)
- b) Meeting #2 – 100% Design Development (DD)
- c) Meeting #3 – 100% Construction Documents (CD)

Review Stages

Projects will be reviewed at the completion of each design phase. Exceptions may be considered for unique projects. The following outline the general description of the various review levels.

100 % Schematic Design Phase

At completion of Schematic Design, the DDMT will review the submittal to assure general conformance of the SD deliverable. The following are the minimum submittal requirements for this phase of the project:

1. Overall campus site plan.
 - a. Note all existing structures and associated DSA A#’s.
 - b. Note current and proposed five department access.
 - c. Note limit of work line and illustrate graphically proposed project.
2. Enlarged Site demolition plan.
3. Enlarged site plan.
 - a. Note all dimensions from face of existing structures and/or major features.
 - b. Delineate all proposed design features.
4. Floor plan.
 - a. Identify all proposed room names.
 - b. Identify all proposed interior/exterior improvements.
5. Exterior Elevations (all sites).
 - a. Indicate all floor levels, top of roof and top of parapet heights.
 - b. Call out all proposed exterior finishes.
6. Diagrammatic Building Sections.

7. Preliminary Structural Foundation Plan.
8. Preliminary Structural Framing Plan.
9. Preliminary Mechanical Roof Plan.
10. Preliminary Mechanical Floor Plan.
 - a. Mechanical room layouts.
 - b. Single live major duct layout.
11. 100% Schematic Design Construction Cost Estimates.
 - a. The purpose of this estimate level is to provide a comprehensive cost estimate to compare to the budgetary and feasibility determinations made at conceptual design. This level is used to price various schemes as the project design develops. It may be used to price various design schemes to see which scheme fits the budget best or it may be used to price various materials or methods for comparison. The goal at the end of the schematic design is to have a design scheme, program and estimate that are all within the established budget. This estimate should be prepared in Master CSI Format. Information required for this level is schematic drawings, sketches, diagrams, conceptual plans, elevations, sections and preliminary project descriptions. Information is typically supplemented with descriptions of soil and geotechnical conditions, utility requirements, foundation requirements, construction type/size determinations, and any other information that may have an impact on the estimated construction cost.
12. Preliminary Project Schedule.
13. List of potential Value Engineering items with their associated cost for the District to consider.
14. Provide Cost Benefit Analysis for identified items if necessary/required.
15. Design narrative rational with descriptions of proposed mechanical, electrical, low voltage and special systems including proposed construction type and code analysis.

100 % Design Development Phase

Once the project is submitted through share point to the District for review, the District's outside review consultant will conduct an intake review of submittal to assure the submittal is in general conformance of the deliverable associated with this phase of the project. The following are the minimum submittal requirements for this phase of the project:

Architectural

1. Coversheet
2. Code Analysis
3. Site Plan
 - a. Site Demolition Plan
 - b. Enlarged Site Plan
 - c. Site Details
4. Floor Plan(s)
 - a. Enlarge Floor Plan(s)

5. Architectural Slab Plan (recommended)
6. Reflected Ceiling Plans
7. Roof Plans
8. Exterior Elevations
9. Building Sections
10. Wall Sections
11. Interior Elevations
12. Door & Window Schedule
13. Finish Schedule
14. Details
15. Equipment/Specialty Cut sheets

Civil

16. Civil Title Sheet/General Notes
17. Topographic Survey (furnished by District)
18. Grading Plan
19. Utility Plan
20. Details

Landscape

21. Proposed Planting Plan rendered with colored photos of proposed plant species and furnishing and/or other site built-in features.

Structural

22. Structural Title Sheet/General Notes
23. Foundation Plan(s)
24. Framing Plan(s)
25. Structural Framing/Masonry Wall Elevations
26. Details

Mechanical/Plumbing

27. Mechanical Title Sheet/General Notes
28. Mechanical Equipment Schedules
29. Preliminary T-24 Building Envelop Calculations
30. Mechanical Site Plan
31. Mechanical Floor/Zoning Plan(s)
32. Mechanical Floor Plan(s)
33. Mechanical Roof Plan
34. Mechanical Details
35. Mechanical Cut Sheets
36. Plumbing Title Sheet/General Notes
37. Plumbing Equipment Schedules
38. Plumbing Site Plan
39. Plumbing Floor Plan(s)
40. Enlarged Plumbing Floor Plan(s)
41. Plumbing Roof Plan(s)
42. Plumbing Details
43. Plumbing Cut Sheets

Electrical

- 44. Electrical Title Sheet/General Notes
- 45. Single Line Diagram
- 46. Light Fixture Schedule
- 47. Preliminary T-24 Lighting Calculations
- 48. Site Demolition Electrical/Lighting Plan
- 49. Site Electrical/Lighting Plan
- 50. Enlarged Site Electrical/Lighting Plan
- 51. Floor Power Plan(s)
- 52. Enlarged Floor Power Plan(s)
- 53. Floor Signal Plan(s)
- 54. Enlarged Floor Signal Plan(s)
- 55. Lighting Plan(s)
- 56. Roof Power/Signal Plan(s)
- 57. Fire Alarm Plan(s)
- 58. Details
- 59. Fire Alarm Schedule Calculations & Notes
- 60. Fire Alarm Details
- 61. Fire Alarm Cut Sheets
- 62. Light Fixture Cut Sheets

Fire Sprinkler

- 63. Fire Sprinkler Title Sheet/General Notes
- 64. Fire Sprinkler Site Plan
- 65. Fire Sprinkler Floor Plan(s)
- 66. Preliminary Seismic Bracing Calculations
- 67. Seismic Bracing/Hanger Details
- 68. Fire Sprinkler Cut Sheets

Specialty

- 69. Special Consultant Title Sheet/General Notes
- 70. Specialty Equipment Schedules
- 71. Specialty Floor Plan(s)
- 72. Specialty Enlarged Floor Plan(s)
- 73. Specialty Reflected Ceiling Plan(s)
- 74. Specialty Details
- 75. Specialty Cut sheets

Other Required Documents

- 76. Outline Specifications/Project Manual
- 77. Written Description of Proposed Alternates and Cost Estimate for each
- 78. 100% Design Development Cost Estimate
 - a. Estimates prepared at this level are used to verify budget conformance as the scope and design is finalized and final materials are selected. Information required for this level are drawings showing plans, elevations, sections, typical details, engineering design criteria, equipment layouts and outline specifications. This estimate level provides a greater amount of accuracy, made possible by more clearly defined and detailed design documentation. Estimates at this phase may be used for value engineering applications before the completion of specifications and design drawings.

79. Special Equipment Cut sheets
80. Color & Material Board
81. Constructability Review
82. Other (describe)
83. Preliminary DD Level Curtain Wall Drawings and Calculations

Construction Document Phase (100%)

Once the project is submitted to the District for review, the District's outside review consultant will conduct an intake review of submittal to assure the submittal is in general conformance of the deliverable associated with phase of the work. The following are the minimal submittal requirements for this phase of the project:

1. Five (5) full size, 100% Construction Documents (drawings and specification).
2. Constructability review comments - Project Architect to provide a report in sufficient detail that serves to advise the District of how the Architect dealt with, and/or, administered each of the review comments.
3. 100% Construction Document cost estimate.
 - a. This level is used to confirm funding allocations, to again verify the construction cost as design is being completed, for assessment of potential value engineering opportunities before publication of the final project design documentation for bids, and to identify any possible "design creep" items, and their costs, caused by modifications during the completion of the construction documents. This final construction document cost estimate will be used to evaluate the subcontract pricing during the bid phase. Estimates at this level are typically based on construction documents between 90 - 100% complete on plans that will be submitted to DSA. Information required for this level is detailed drawings showing plans, sections, elevations, details, schedules, specifications and bidding criteria.
4. List a potential Value Engineering items with associated costs for the Districts consideration.
5. Provide Cost Benefit Analysis for identified items if necessary/required.

Time Frames And Information Required To Schedule Review

The following information is to be provided at least two weeks prior to the scheduled Design Team Management Review Meeting.

	Responsible to Post	100% SD	100% DD	100% CD
a. Drawings and Specifications to be posted on SharePoint/Website prior to reviews.	Project Architect	AOR	AOR	AOR
b. Current cost estimate.	Project Architect	AOR	AOR	AOR
c. Program cost estimate review.	Program Estimator	DDMT	DDMT	DDMT
d. Current Budget Report (M1)	Program Controls	DDMT	DDMT	DDMT
e. Previous design stage review meeting minutes and notes.	Project Manager	PM	PM	PM
f. Provide timeframe to review estimate and prepare report.	Project Manager	PM	PM	PM
g. Schedule Design Management Team Review meeting.	Project Manager	PM	PM	PM

Responsibilities

Attendees:			
------------	--	--	--

		Meeting 1 SD	Meeting 2 DD	Meeting 3 CD
a.	A/E Team	x	x	x
b.	Program Management	x	x	x
c.	Project Manager	x	x	x
d.	Sr. Program Controls Manager	x	x	x
e.	Program Design Review Consultant	x	x	x
f.	Program Estimating Consultant	x	x	x
g.	Construction Manager (If Applicable)	x	x	x
h.	Consultant Review Team Reviewers (As Directed =Food Service, Theater, MEP, Landscape)		x	x
Format/Schedule:		Meeting 1 SD	Meeting 2 DD	Meeting 3 CD
a.	1-2 Hour Meeting	x	x	x
b.	Informal presentation by A/E Team to review and discuss project scope.	x	x	x
c.	One week prior to meeting, team must provide items as outlined above.	x	x	x
d.	Program Design Review Consultant to provide review comments on plans and specifications.	x	x	x
e.	After meeting, Architect to provide any additional responses to issues, reports and meeting minutes.	x	x	x
Design Review Objectives:		Meeting 1 SD	Meeting 2 DD	Meeting 3 CD
a.	Review and confirm project scope, budget and delivery method.	x		
b.	Identify any scope, schedule, and budget changes from the prior review meeting and explain the reason for the change.		x	x
c.	Discuss SDG&E savings by design and expected energy efficiency goals.	x		
d.	Discuss materials selected and review against district standards.	x	x	
e.	Review A/E cost estimate and budget. A/E to revise as needed to meet established budget.	x	x	x
f.	Review schedule.	x	x	x
g.	Record outcome of discussion, identify action items, value engineering targets, etc.	x	x	x
A/E Team Responsibility:		Meeting 1 SD	Meeting 2 DD	Meeting 3 CD
a.	Provide drawings and scope expectations for each part of the design phase.	x	x	x
b.	Savings by design meeting minutes.	x		
c.	Clearly define owner furnished items.	x		
d.	Review any agency issues (DSA, CDE, CEQA, State Funding)	x	x	x
e.	Identify deviations from the Master Plan and/or Educational Specification guidelines.	x	x	x
h.	Final Energy Model/Submit to Savings by Design (if applicable)		x	x

i.	Budget/Estimate reconciliation from the schematic design phase broken down by project. Identify changes, rationale for change and recommended alternates.		x	x
j.	Develop schedule and review modifications.	x	x	x
k.	Provide responses to design review comments within 2 weeks of the design review meeting, if not addressed at the meeting (must be approved by the District).	x	x	x
l.	Provide cost estimate.	x	x	x
Program Design Review Consultant Responsibility:		Meeting 1 SD	Meeting 2 DD	Meeting 3 CD
a.	Agenda preparation.	x	x	x
b.	Meeting Minute preparation.	x	x	x
c.	Review any significant open issues.	x	x	x
d.	Review energy model for accuracy.		x	x
e.	Review specifications against technical specs.			x
f.	Generate design review comments.	x	x	x
Program Estimating Consultant Responsibility:		Meeting 1 SD	Meeting 2 DD	Meeting 3 CD
a.	Clearly record scope.	x		
b.	Review cost estimates and analysis from A/E and CM.	x	x	x
Program Management Team Responsibility:		Meeting 1 SD	Meeting 2 DD	Meeting 3 CD
a.	Issue result of meeting (Issues/Opportunities, Record of Design Review, etc.)	x	x	x
b.	Review Agency Processing (State Funding Strategy Approach, CDE Kick Off, DSA Follow Up, CEQA Kickoff)	x	x	x

Information Required In Consultant's Estimate

The following information and items must be included in the Consultant's estimate:

General Information:

Consultant's Name	Delivery Method
Project Name	Square Foot of Project
Project Location	Architect/Engineer Name
Client Name	Review Phase: 100% SD, 100% DD or 100% CD
Estimated Project Duration	Date and Name of Plan Set
Construction Start Date & End Date	

Basis of Estimate:

Introduction:

- a. Brief description of the project being estimated.
- b. Note what the estimate is based on as far as labor, materials and equipment.

Documentation:

- a. Describe the documents and date of document used in preparation of the estimate. (Drawing Sheet No., Specifications, Sketches, etc.)
- b. Note any instructions or verbal direction given by the Owner or Architect.

Key Assumptions Used:

- a. Labor - Union/Prevailing Wages/Open Shop.
- b. Miscellaneous assumptions.

Burdens:

- a. General conditions.
- b. General Contractor overhead & profit.
- c. General Contractor Performance Bond & Insurance.
- d. Allowances (if applicable) including process
- e. Design contingency.
- f. Escalation to midpoint of construction.

Exclusions:

- a. Owner contingency.
- b. Off-site work.
- c. Loose equipment & furnishings.
- d. Soft costs.
- e. List of additional exclusions.

Estimate:

- a. Summary sheet showing the CSI division totals, burdens, etc.
- b. Detailed estimate in CSI Master format showing quantities, units of measurement, unit rates, and totals.

(Project Site Name)

100% Schematic Design Review - Submittal Requirements Checklist

100% (Insert Phase) - Design Review

Meeting Agenda

Review Date: (date)

Attendees:

Purpose of the Meeting

The purpose of the meeting is to the 100% Schematic Design submittal. Prepared by (insert AOR), and submitted on (insert date).

We will be reviewing the following:

- Review if the proposed submittal is complete.
- Review if the proposed submittal is in compliance with the District's Material Standards, Master Technical Specifications, and Education Specifications.
- Review the project architects estimate; reconcile it against the District approved M1 budget.
- Review project schedule.

Agenda

1. Introductions (All)
2. Introduction of project scope and process to date (AOR)
3. Review completeness of 100% Schematic Design Submittal (SP)
4. Review Project Architects Estimate (CR/AOR)
 - a. Reconcile against currently approved Level 3 Budget.
 - b. Identify any areas of cost increase.
 - c. Identify any areas of potential Value Engineering savings.
5. Review Design Review Comments (SP)
 - a. Compliance with District Material Standards & Master Specifications.
 - b. Compliance with District Education Specifications.
6. Review Project Schedule (AOR)
7. Next Steps (All)
8. Plus/Delta (SP)

SWEETWATER UNION HIGH SCHOOL DISTRICT
Planning & Construction Department
Site Master Plan Process Flow Chart

June 26, 2017

Board Item - M.-5.

Issue:

Second reading and adoption of District Standards for planning and construction.

Superintendent's Recommendation:

Conduct a second reading and adopt the district standards for planning and construction.

Analysis:

The district uses a number of standards when planning and constructing schools, including codes, guides from the California Department of Education, past practices and maintenance standards. A Standards Committee was formed in 2013, which included principals, directors and other staff as needed, to update and compile the standards into one document. The committee met for approximately two years and the project was handed off to the district architect for completion in 2016. The district standards for Los Angeles Unified and Long Beach Unified School Districts, and other design guidelines, were also used as resource materials. This document has been reviewed by a number of stakeholder groups, including the Proposition O Citizens' Bond Oversight Committee (CBOC), and will be a living document that will be updated as educational facility needs and construction technology changes. The first draft of this document was reviewed by the board of trustees at the November 14, 2016, meeting, Board Agenda Item M-4, and has been revised in accordance with the board's recommendations.

On January 23, 2017, the board of trustees approved the agreement with the K-12 Public Schools and Community Colleges Facility Authority to provide District-Wide Roofing Standards. This work is now complete and has been incorporated into the district standards.

For questions regarding this board item, please contact Moises Aguirre at 619/585-6060 or moises.aguirre@sweetwaterschools.org.

Fiscal Impact:

None.

DISTRICT STANDARDS

DRAFT

4/4/2017

Volume 1 – Educational Specifications

The Educational Specifications and Design Standards for use by Design Professionals for new construction and modernization for Sweetwater Union High School District Schools.

Office of the District Architect
619.796.7729

District Standards

VOLUME 1 – EDUCATIONAL SPECIFICATIONS

PREFACE

This Educational Specifications and Design Standards portion of the District Standards is intended to give guidance to design professionals as they design modernization and new construction projects. These design standards will be continually updated as the educational facility and technology needs of the district evolve.

This redline version tracks changes and edits since November 2016 when the standards were first presented to the Board of Trustees.

Comments and recommendations should be submitted to Paul Woods, District Architect at paul.woods@sweetwaterschools.org.

District Standards

VOLUME 1 – EDUCATIONAL SPECIFICATIONS

PURPOSE

The Sweetwater Union High School District (SUHSD) is committed to creating equitable learning environments. These Educational Specifications and District Standards were developed to provide direction to Design Professionals to enable the creation of quality facilities and spaces and to create uniformity with respect to quality and type of materials and systems to be incorporated into the various designs. Refer to Volume 2 – Technical Specifications for guide specifications for products, materials and installation standards.

BACKGROUND

There are a number of sources for District Standards: codes, guides from the California Department of Education, past practices and maintenance standards. A Standards Committee was formed in 2013 and included principals, directors and other staff as needed to update and compile the standards in one document. The committee met for about two years and the project was handed off to the District Architect for completion in 2016. The district standards for Los Angeles Unified and Long Beach Unified school districts and other design guidelines were also used as resource material. As noted in the preface, this document has been reviewed by a number of stakeholders and will be a living document that will be updated as educational facility needs change.

EDUCATIONAL SPECIFICATIONS

Educational Specifications are needed for individual projects to describe the educational objectives to the Design Professional and their team. This document provides a framework and general district-wide Educational Specifications that will need to be customized for individual projects. Creation of Educational Specifications for large projects will usually be guided by the Design Professional while District staff may prepare them for smaller projects.

Educational Specifications may include the following:

- Project Description
- Project Design Factors
- Activity Area Requirements
- Summary of Area Relationships
- Summary of Space Requirements

The Project Description may include the following:

- Justification for the project
- The relationship to other schools in the district
- Learning delivery methods
- The vision for this school in the community
- Any environmental and sustainability goals
- Community or joint-use goals
- Grade level organization and capacity
- Budget and funding source(s)

COMPLIANCE WITH STANDARDS

All Design Professionals (architects, engineers, etc.) shall follow the requirements and standards in this document for the planning and design of new construction (including additions), modernization or alterations to school buildings and sites. These standards are not intended to dictate the scope of work or to restrict creativity or innovation. It is the Design Professional's responsibility to develop scope within the budget established as the project progresses through the design phases per their Agreement.

The District welcomes suggestions to improve these standards; however, deviations from these standards need to be specifically approved, in writing, by the District's designated representative. Any deviation requests should be submitted as early in the design phase as possible. It is the objective that continued input from the Design Professionals, District Staff, and other stakeholders will result in continuous improvement of these Design Standards.

These Design Standards do not address all items required for all projects. The intent is to address the District's concerns and those items that require standardization. Specialty products unique to an individual project that are not addressed in these Standards will need to be reviewed and approved by the District Representative prior to completion of Construction Documents.

TEACHING AND LEARNING

Generally, the educational delivery method includes the following. Specialized or pilot programs may vary significantly from this list.

- Subject matter departments
- Interdisciplinary collaboration
- Teaching and learning using a combination of:
 - Lecture
 - Independent work
 - Small group collaboration
 - Project based learning
- Team teaching
- Special education mainstreaming
- Learning outside of the classroom (experiments, etc.)

GENERAL DESIGN STANDARDS

The Educational Specifications for each project should incorporate the following Design Standards as appropriate for the size and nature of the project. Modernization projects should consider equity in facilities to other schools in the district.

1. **Learning Environments.** Schools should provide instructional spaces that facilitate student-teacher interaction with collaborative learning, flexibility to accommodate different teaching styles, and a health-enhancing environmental ambience. Designers should recognize that the exterior spaces on the campus are also learning environments.
2. **Architectural Quality.** The appearance, layout and overall character of each school should be both pleasing and stimulating to students, staff, parents and the surrounding community. Additions or alterations to existing sites should take into account compatibility with existing facilities. The design should foster a sense of pride of ownership by students and staff.
3. **Flexibility.** Site layouts should be designed for future expansion.
4. **Accessibility.** All District facilities must accommodate all students, staff and community members including the physically disabled, wheelchair-bound, deaf, visually or emotionally impaired. Projects shall be designed to meet the Americans with Disabilities Act and other applicable accessibility codes. Do not design to the absolute minimum or maximum when construction tolerances may result in non-compliant design.
5. **Safety and Security.** Schools must be safe without appearing prison-like. Structures, fences and site amenities shall be designed to maintain safety, prevent unauthorized access and deter vandalism. See section on Crime Prevention through Environmental Design (CPTED).
6. **Community Focus.** Schools are used as community centers. School buildings and fields shall be laid out in a manner that enhances the learning environment while recognizing the need for secure access to facilities commonly used by outside groups.
7. **Sustainability.** On March 10, 2008, the Board of Trustees adopted Resolution 3794 Directing Green Building Practices to be Employed Where Possible During the Proposition O Construction Program. Regardless of funding source, all projects shall be designed to minimize operating costs, in particular for energy and water use. While obtaining LEED certification or CHPS verification is not required, Projects shall be designed with a goal of meeting the requirements of LEED Gold.
8. **Maintenance.** Projects shall be designed to minimize maintenance requirements. Durable products that are easily maintained shall be incorporated in the design. The Design Professional may request a deviation from these Design Standards if there are products or systems that will improve maintainability or durability.

STATE REQUIREMENTS

Projects shall be designed in conformance with the California Department of Education requirement delineated in the California Code of Regulations, Title 5, Division 1, Chapter 13, Subchapter 1, Sections 14001 through 14036. These Design Standards incorporate by reference the standards in Article 4, Standards, Planning and Approval of School Facilities (Section 14030) even if they are reiterated in this document.

Projects shall be designed in conformance with the following sections of the California Building Standards Code (California Code of Regulations, Title 24):

- Part 1 California Administrative Code
- Part 2 California Building Code.
- Part 3 California Electrical Code
- Part 4 California Mechanical Code
- Part 5 California Plumbing Code
- Part 6 California Energy Code
- Part 9 California Fire Code
- Part 10 California Historical Building Code.
- Part 11 California Green Building Standards Code (CALGreen)
- Part 12 California Reference Standards Code

SITE DESIGN STANDARDS

1. Standard School Site Sizes

- a) Middle School Options
 - i) 1,000 students on 20 acres
 - ii) 1,500 students on 25 acres
- b) High School: 2,200 students on 50 acres with expansion to 2,400.
- c) Statistically, high school enrollment is about 2.4 times middle school enrollment so the ideal ratio would be two 1,000 middle schools for each 2,400 student high school.
- d) Provide level pad, utilities and path of travel for temporary expansion through the use of portable classrooms. Size for 20 percent of the school size.

2. General Site Layout

- a) Parent drop off, bus loading areas, student parking and parking shall be separated to allow students to enter and exit the school grounds safely. Bus and vehicle drop off for events such as football games shall be considered.
- b) Adequate physical education teaching stations (hard court and fields) shall be available to accommodate course requirements.
- c) Provide areas of refuge within the campus to eliminate the need for panic hardware on gates in perimeter fencing.
- d) Delivery areas shall be located to provide vehicular access that does not jeopardize the safety of students and staff.
- e) Ample lighting shall be provided for parking lots and paths of travel. The paths of travel may be zoned to allow for use of different areas of the campus after dark. For example: parking and access to the stadium may be needed while the rest of the campus is dark and inaccessible.
- f) Parking should be located with good access to areas commonly used for community use and after school programs or events such as libraries, media centers, multi-purpose rooms, cafeterias, auditoriums, fields, courts, and stadiums.
- g) Buildings should be sited away from noise sources and air pollution such as streets.
- h) Electrical service transformer and switchgear locations to be approved by San Diego Gas & Electric. This gear should be located in areas that do not detract aesthetically from the campus.

3. Crime Prevention through Environmental Design (CPTED)

- a) Projects must employ the principles of CPTED.
- b) Natural surveillance – the design and placement of physical features in such a way as to maximize visibility. There shall be no hiding places or areas of impaired visibility. Avoid isolated gathering areas and blind spots in corridors.
- c) Access Management – the physical guidance of people coming and going from a space. Access management defines and directs legitimate users to the safest way into and out of buildings, parking areas and pedestrian walkways. Access management may also direct students, staff and visitors past key locations for contact, communications and observation. The entire perimeter of the campus is to be fenced with limited, controlled access points, and the building compound should have secondary fencing and limited, controlled access points to enable restricted access for community use during non-school hours.
- d) Territoriality – the delineation of private, semi-private and public space or the use of physical attributes that express ownership. A well-defined space that appears to be “owned” will tend to encourage acceptable behavior while discouraging illegitimate or disruptive users. Clean and well-lit spaces tend to encourage positive social interaction. Incorporate areas for supervision of gathering places.
- e) For additional information, refer to the National Crime Prevention Council’s website at: <http://www.ncpc.org>.

4. Architectural Site Items

- a) Provide a lighted flagpole at the office entrance to each school and at each football stadium. Height not to exceed 30’-0” and must have an internal lanyard.
- b) Provide a minimum 8-foot high ornamental fence around the perimeter of the site except at fields or hard courts. Detail and coordinate fabrication to accommodate gate hardware. Include tight mesh screening to secure areas around panic hardware to prevent unauthorized access.
- c) Provide a minimum 10-foot high chain link fence around the perimeter of site at fields and hard courts. 1” openings shall be provided where climbing may be anticipated such as near building roofs.
- d) Chain link fencing is also allowed at utility enclosures as long a clearance for maintenance is provided.
- e) All parking lots and access driveways are to have vehicle gates.
 - i) The gate used for deliveries shall be a sliding motorized gate.

- ii) If the delivery gate does not lead to access of the interior of the campus, a second sliding motorized gate shall be provided.
- iii) Motorized gates shall utilize "v" tracks on concrete, not asphalt, and shall have guide wheels at the top of gate posts.
- iv) Bar-type swing gates may be used on main entry driveways.
- v) The maximum leaf of a sliding gate is 26 feet for a 20-foot opening.
- vi) The height of sliding gates shall match the height of the adjacent fence.
- f) Pedestrian gates to be maximum 8-foot high, with transoms at taller fences.
- g) Fencing, walls and other architectural features shall be designed so that it does not provide access to roofs.
- h) Show score lines and details for site concrete (flatwork).
- i) Provide six-inch by six-inch concrete mow strips (with #4 reinforcing bar) between turf areas and planters, buildings, or other obstructions. Provide 12-inch wide concrete mow strip on either side of fences where turf is planted adjacent to fences.
- j) Where asphalt abuts the building, provide a 12-inch concrete edge bordering the building to eliminate asphalt touching the building.
- k) Do not locate raised planters adjacent to buildings. Raised planters, retaining walls, concrete benches and other low barriers shall utilize notched concrete as skateboard deterrents. Other deterrents may be used if approved by the District's Representative.
- l) Stand-alone handrails shall be provided with skateboard deterrents.
- m) When providing unit pavers, secure perimeter pavers in concrete setting bed.
- n) Site stairs to be concrete without metal nosings. Provide tooled nosings with contrasting color stripes.
- o) Coordinate access gates, fire lanes, access roads, remote pumper, and fire hydrant locations with the local fire jurisdiction.
- p) Provide access for ride-on mowers to all turf areas, including curb cuts, ramps and gates.
- q) Parking Lots and Access Roads:
 - i) Asphalt fire, bus and truck access roads (and parking lots drive aisles) shall be 4-inch asphalt over 12-inch crushed aggregate base section, or greater, if required by the geotechnical report.
 - ii) Other asphalt paving shall be 3-inch asphalt over 8-inch crushed aggregate base section, or greater, if required by the geotechnical report.

- r) Exterior walkways: Where doors swing into exterior walkways, integrate the door swing path into the paving design. Door stops shall be mounted on the walkway, not the building. Walkways next to doorways shall be doweled into the building foundation to eliminate differential settlement.
- s) Bike Racks: Provide chain link fencing around bike rack area for security and locate the enclosure in an approved visible area on site. Quantity of racks is site specific and should be determined by the project/site needs. Provide concrete paving to accommodate bike rack anchors.
- t) School Gardens: Only include when specifically included in the project scope, design raised planters with irrigation.
- u) Include a non-obtrusive paved location on site, ten-foot by twenty-four-foot (10' x 24'), to accommodate an eight-foot by twenty-foot (8' x 20') emergency preparedness cargo container.
- v) Provide a location adjacent to a building, which can accommodate a 25-foot by 8-foot mobile trailer for maintenance repairs. Building must have an electrical receptacle approximately 10 feet above finish floor for trailer to be plugged in.

5. Physical Education (PE) and Athletic Facilities

- a) PE fields and hard courts should be located on the periphery of the campus. All fields and courts should be located adjacent to parking, restrooms, ticket booths and concessions to facilitate events.
- b) Field space shall be designed to accommodate physical education activities and all men's and women's varsity sports. All designs must meet Federal Title IX standards.
- c) Hardcourt areas shall include a painted number system for PE Roll Call Numbers. Coordinate exact numbering system and location with District Representative.
- d) Design playground equipment in accordance with the National Program for Playground Safety (NPPS) standards and provide design options to the design team.
- e) Exterior Basketball Courts: Provide 16-foot high 4½-inch diameter post with 4-foot extension with a straight and square backboard. Mount backboards at 10 feet to top of the goal ring. Back-to-back backboards on single posts require the approval of the District Representative.
- f) Physical Education Fields except for stadiums shall be natural turf.
- g) High School Stadiums
 - i) Artificial Turf: Provide synthetic turf installation complete with an irrigation system for disinfecting and cooling and drainage system.

- ii) Running tracks: Provide all-weather synthetic surface. Provide power, conduit and weatherproof connection boxes for timing devices.
- iii) Provide conduit to connect the field with the press box for communications and PA purposes.
- iv) Provide home and visitor ticket booths (at least two sales windows). Separate entrances are desirable.
- v) Provide a concession stand that can serve both the home and visitor sides with separation if necessary. At least six sales windows.
- vi) Provide restrooms to serve the stadium for both home and visitor sides. These restrooms may serve other PE fields.
- vii) Provide storage buildings (not containers) for PE and sports such as: football, track, soccer, field hockey, lacrosse, baseball, softball, etc.
- h) High School Baseball and Softball Fields:
 - i) Dugouts may be chain link and shall not be recessed.
 - ii) Provide fixed benches in the dugouts.
 - iii) Provide storage facilities.
 - iv) Provide concrete pads for portable bleachers.
 - v) Provide a drinking fountain.
 - vi) Provide a batting cage with galvanized chain link and non-climbable mesh.
 - vii) Provide quick coupler connections so that the infield and the batting cage area can be watered down periodically.
 - viii) Provide power requirements at the field and batting cages for pitching machines and other electrical equipment.
 - ix) Provide ticket booths (at least two sales windows).
 - x) Provide a concession stand that can serve both the softball and baseball. At least four sales windows.
 - xi) Provide restrooms to serve the both softball and baseball fields. These restrooms may serve other PE fields.
 - xii) Provide storage buildings (not containers) for PE and sports such as: football, track, soccer, field hockey, lacrosse, baseball, softball, etc.
 - xiii) Provide equal stadium seats (stands) for both softball and baseball and softball.
- i) High School Backstops:

- i) Provide galvanized chain link fencing with 2-inch mesh and top, middle, and bottom rails.
- ii) Minimum of 20 feet high and higher where required.
- iii) Boars shall not exceed 42 inches high in order to provide viewing from wheel chairs.
- iv) Provide vertical fencing only, no horizontal fencing.
- j) High School Exterior Scoreboards:
 - i) Provide scoreboards for each stadium, varsity baseball and varsity softball field.
 - ii) Provide power and provide an empty conduit for wired control even if the scoreboard is wireless.
- k) High School Pools:
 - i) Pool must meet CIF requirements to be a competition pool.
 - ii) Coordinate pool supply room and ventilation requirements for chemicals and items to be stored.
 - iii) Provide stadium seats (stands)
 - iv) Provide shade structure for the stadium seats.
- l) Tennis Courts:
 - i) Tennis courts should be designed in accordance with United States Tennis Association requirements.
 - ii) Locate tennis courts on the perimeter of the site near parking to facilitate public use. Lights are optional.
 - iii) Provide 9 foot high windscreens centered vertically on 12-foot high fences.
 - iv) Provide 4 foot wide gates to each court
 - v) Provide a 12-foot gate and 12-foot openings between courts if the court has lights that cannot be maintained from outside the court.
 - vi) Provided net standards for each court.

6. Site Gathering Areas

- a) Areas between buildings, quads and eating areas are learning environments.
- b) Provide a main quad for each campus.
- c) Exterior amphitheaters are desirable.

- d) Provide areas for small groups, both formal classes and informal gatherings.
- e) Provide a senior lawn area at high schools.

7. Site Furnishings

- a) Provide anchored outdoor tables, trash, and recycle receptacles.

8. Site Accessibility

- a) Review existing site access from public right-of-way(s) for compliance with current ADA requirements for path of travel including landings, signage, path-of-travel, railings, and other requirements.
- b) Review parking lot access and accessible parking access to site. Verify stall count, van accessible locations, ramps, signage, lighting, and path of travel is compliant with current ADA requirements.

9. Site Concrete

- a) Thickness and base requirements for site concrete to be determined from the geotechnical report recommendations.
- b) Reinforce concrete with minimum #3 reinforcing bars at 18 inches on center, each way.
- c) Control, construction, and expansion joints shall be identified and indicated on the drawings and detailed.
- d) Provide dowels at all expansion joints and when new concrete adjoins existing concrete.
- e) Non-structural concrete flatwork shall be a minimum of 2,500 PSI, unless otherwise required by soils report. Non-structural flatwork shall be excluded from the DSA test and inspection form.
- f) Do not use textures other than medium broom finish or top-cast etching at horizontal concrete. Obtain permission from the District to implement design concepts that require patterns, textures, or colors in site concrete.
- g) Slope all sidewalks and hardscape, surrounding planter areas, towards the landscape.

10. Civil (Site Service Utilities, Grading and Drainage)

- a) Obtain geotechnical report with percolation test data from the District Representative.
- b) Water monitoring: Provide a system that provides District-supervised, water monitoring at the site.
- c) A qualified civil engineer or SWPPP consultant is required to prepare and obtain approval of the SWPPP. Require contractor to provide and maintain erosion control and all-weather

access during construction per the approved Storm Water Pollution Prevention Plan (SWPPP). Obtain the Department of Water Resources (DWR) "SMART" website access information from the District Representative.

- d) In addition to requiring the contractor to notify Dig Alert and local utility service providers, require the contractor to hire an underground utility locating service and identify underground utilities prior to start of construction.
- e) Coordinate and verify building utility services tie-ins with existing infrastructure capacity and with the local utility companies. Confirm available utility capacities and available gas and water pressures. Incorporate findings into the Field Report due at the end of the Schematic Design phase.
- f) The grading on the site should be balanced to avoid import or export of soil.
- g) Provide a balance calculation including the spoils generated by footing excavation.
- h) Separate landscape areas from paved areas with a moisture barrier that will prevent irrigation water from migrating under paved areas.
- i) Retaining walls, and raised planters shall have a waterproofing membrane and moisture barrier and have a drain system tied into the storm drain system. Show points of connection for retaining wall foundation drains.
- j) Provide drain inlets at downspout discharges for indirect connection. The downspout should discharge onto drain inlet grate with enough clearance to service the drainage structure. Coordinate inlet structure with footing design.
- k) Storm drain underground piping to be straight pipe with structures for cleanout at the changes in direction. Avoid the use of "Y" fittings when possible.
- l) Drainage Structures:
 - i) Catch basins to be concrete, with 24-inch square minimum grate size.
 - ii) Provide bottoms on catch basins.
 - iii) Set basins in six inches of gravel base.
 - iv) Inlets in sump conditions or recessed areas shall be designed for relief overflows to prevent inundation of buildings
 - v) Parkway culverts to be minimum 4 inches high.
 - vi) Locate drainage structures away from or outside of play fields.
- m) Slopes and Drainage:
 - i) Do not design slopes to code maximum to avoid compliance issues due to allowable construction tolerances.

- ii) Provide 1.9 percent maximum cross-slope for path-of-travel.
- iii) Minimum slopes for asphalt concrete shall be 1 percent.
- iv) Minimum slopes for concrete pavement shall be 0.5 percent.
- v) Concentrated flows in asphaltic concrete areas shall be contained in a 3-foot wide concrete drainage gutter with 8 inches of base below. Use horizontal reinforcing bar in gutters and dowel joints.
- vi) Maintain 2 percent slopes for grass fields.
- vii) Grass slopes shall be maintained at 4 to 1 or flatter to allow for mowing. Steeper slopes shall be planted with landscape shrubs or ground cover.
- n) Site Water Mitigation:
 - i) See landscape requirements for irrigation water mitigation.
 - ii) Installation and location of drainage retention devices shall be determined on site characteristics based on geotechnical and hydrology reports.
 - iii) Submit water mitigation methods to the District prior to implementation.
 - iv) Comply with DWR and CHPS requirements for water run-off.
- o) Review water services requirements including fire service connections with local water purveyor prior to design. Confirm typical details used by the agency.
- p) Coordinate placement of double detector check assemblies for water and fire services with local water purveyor and designated District Representative who will coordinate with the District's Maintenance Department. Detector assemblies shall be accessible from adjacent street and secured with approved locking devices.
- q) Piping:
 - i) Underground water piping 3-inch and under shall be copper. Larger pipe to be PVC.
 - ii) Fire service lines shall be PVC piping.
 - iii) Sewer piping shall be SDR 35.
 - iv) Ensure compliant slope and proper drainage is achieved.
 - v) Storm drain pipe shall be PVC. Only use concrete when required by local agency for tie-in. Do not use corrugated pipe.
 - vi) Wrap metal pipe, regardless of soils conditions.
 - vii) Non-metal (undetectable) piping shall have a tracer wire.
- r) Trenches:

- i) Native soil is the District's preferred backfill to avoid materials export.
- ii) Compact to 90 percent (or higher when required by soils report).
- iii) Provide metallic warning tape 12 inches below grade above utilities.
- s) Standard Details:
 - i) Use City or County Standard Details for work in the public way.
 - ii) Provide project specific details on the plans and specifications based on Greenbook standard details where applicable. Do not just reference Greenbook details or requirements.
- t) Testing: Require flood testing, including landscaped areas in presence of inspector to confirm drainage.

11. Imported Fill Material Requirements

- a) Imported fill should be free from environmental contaminants, and should consist solely of native soil and rock materials. No recycled materials should be imported onto a school site, and must not be mixed into or in any way made a part of any other material. Thus, crushed miscellaneous base, crushed brick mixes for baseball diamonds; etcetera must never be specified. Organic materials, such as mulch and those which contain a mixture containing organic materials (e.g., rice hulls), must be individually approved by the District's Representative.
- b) Imported materials must be suitable for engineered fill, even if used at landscaping, free from large rocks.
- c) Imported materials shall not have high clay content and must meet the permeability requirements of the projects' hardscape.

12. Landscaping

- a) General Landscaping Requirements
 - i) Obtain the agricultural suitability soil test and percolation test for determinations on landscape requirements from the District Representative.
 - ii) Landscaping is to be as maintenance free as possible.
 - iii) Use organic soil amendments to help restore the health of disturbed soils.
 - iv) Evaluate condition of existing topsoil and specify amendments as appropriate. Utilize on-site soil whenever possible.
 - v) Develop master landscape design character and theme for school sites. Site design shall be zoned; e.g. front of school, parking lots, quads, play fields, building

adjacencies, buffer zones, and pedestrian traffic areas. Differences in design criteria will occur based on grade level.

- vi) Employ Crime Prevention Through Environmental Design (CPTED) strategies. Refer to General Site requirements for additional information. In particular, be aware of the following:
 - (1) No hiding spots with clear sightlines and visibility. Maintain visibility through landscaping from street for police patrol.
 - (2) Ensure that key areas (parking, bicycle storage, drop-off points, play equipment, entries) are easily observable from inside the building
 - (3) Coordinate tree placement with video surveillance cameras. Allow visual surveillance of all entries from inside the school
- vii) Adhere to State AB1881 directives, group plantings appropriately based upon water use. Create planting groups by specifying varieties of plants that are similar in native habitat and watering requirements.
- viii) Preserve existing vegetation, especially groups of plants or significant specimens wherever possible.
- ix) Coordinate with civil and architectural the storm water design impact on landscaping and irrigation systems that slow water velocity, maximize its use for irrigation, and filter pollutants. Minimize maintenance requirements for bioswales. Utilize best management practices for fine grading and drainage.
- x) Coordinate with designated District Representative for construction schedule to accommodate the following requirements:
 - (1) All turf areas are to be sod and planted at least 180 days prior to occupancy to be established enough for use at time of occupancy.
 - (2) All other plantings are to be planted at least 90 days prior to occupancy.
- xi) Select planting to enable compliance with CHPS requirements for water usage and mitigation.
- xii) Planter areas are to have weed fabric installed and four inches of shredded bark mulch. Apply mulch in planting areas to prevent weed growth, protect soil, reduce water loss, and prevent irrigation from washing into other areas.
- xiii) Planter areas shall have proper drainage. All raised planters are to have sub-grade drainage in addition to surface drainage. Coordinate with civil requirements and drainage plans.
- xiv) Specify ground cover and shrubs in lieu of turf in areas too small to accommodate ride-on mowers. Avoid turf areas less than 72 inches clear width.

- xv) Emphasize plant diversity to develop and maintain a healthy natural system.
- xvi) Prepare planting designs that layer plant types; use a mixture of sizes at initial plantings; and plan for plant succession.
- xvii) Clearly define planting zones by intended use – for example, lawns for play; tree groves for shade and habitat; shrub masses for buffering and screening, etcetera.
- xviii) Design plantings to allow space for full-size mature growth of each species with space for maintenance access. Specify and locate plants within planting areas so that trees and shrubs will not 'over-grow' their location requiring excessive pruning.
- xix) Introduce plants to increase habitats – for example, attracting butterflies and hummingbirds.
- xx) Design with line of sight in mind at driveway corners.
- xxi) Do not plant under stairs.
- xxii) Include Plant list on the drawings that includes all quantities and sizes for bid purposes.
- xxiii) Educational Applications
 - (1) Landscape spaces should extend the teaching opportunities beyond the classroom walls. There are many themed garden alternatives, providing a myriad of educational opportunities applicable to early childhood programs through advanced high school curricula, which can be implemented within landscape areas. These include:
 - (2) Seasonal Change Gardens
 - (3) Edible and Harvest Gardens
 - (4) Watershed or Hydrologic System Gardens
 - (5) Southern California Zone Gardens
 - (6) Native Gardens
 - (7) Drought-tolerant Gardens
 - (8) Habitat Creation Gardens
 - (9) Soil Remediation Gardens
 - (10) Sensory Gardens
 - (11) Wellness Gardens
 - (12) Historic and Cultural Gardens

(13) Sculptural and Artistic Gardens

- b) Plant Selection:
 - i) Submit the proposed plant list for the project to the District Representative for approval prior to proceeding with design.
- c) Tree Locations and Design:
 - i) Locate trees in a manner that avoids the mature canopy from overhanging the buildings and have adequate separation between trees to avoid canopies from connecting.
 - ii) Coordinate location of trees with underground utilities. Do not locate trees where underground utilities exist or are planned.
 - iii) Locate trees a minimum of 15 feet from buildings, canopies, fences and underground utilities. Consider access for tree trimming equipment, such as a boom truck, for large trees.
 - iv) Design a minimum of a 15-foot separation between trees and paving surfaces to prevent mature roots from damaging walkways, hard courts, and parking lots. Alternatively, specify root barriers to prevent spread of roots under paving.
 - v) Show on plans the mature canopy size and note the mature height of trees.
 - vi) Utilize deciduous shade trees to provide some summer shading of parking lots. Use root barriers to prevent root spread under paving or into site utility trenches.
 - vii) Utilize deciduous shade trees to provide summer shading around ball fields and hard courts.
 - viii) Locate trees to reduce solar heat gain and minimize glare. Planting deciduous trees on the southeast, southwest, and west side of the building will reduce solar gain in summer during the morning and afternoon. Plant low branching deciduous trees on the west side to keep low afternoon sun off west and north walls in summer.
 - ix) Locate tree rows or tall hedgerows to provide visual and sound blocks if needed.
 - x) Where trees are located in planter areas or at existing trees, specify groundcover or cobbles under drip line.
 - xi) Trees shall be deep rooted. Do not use shallow rooting trees.
 - xii) Coordinate planting schedule with watering schedule so that the different initial water periods do not compromise the health of the plantings.
 - xiii) Trees to be a minimum of 24-inch box size.
 - xiv) Consider window locations to optimize and enhance outdoor views when placing trees.

- xv) Coordinate tree placement with exterior lighting fixtures.
- d) Turf Areas:
 - i) Restrict turf areas to large, active use spaces. Use groundcover and/or no-mow grasses in narrower, passive spaces.
 - ii) Limit turf areas to those large enough to accommodate ride-on mowers.
 - iii) Design adequate clearances around trees in turf areas to accommodate ride-on mowers.
 - iv) Coordinate with architectural standards for the necessary access with curb-cuts or ramps for ride-on mower access to turf areas.

13. Irrigation

- a) Use reclaimed water where available.
 - i) Coordinate requirements of the city or county for use of reclaimed water.
 - ii) Use purple pipe and box covers at reclaimed systems.
 - iii) Provide appropriate warning signage for reclaimed water.
 - iv) No hose bibs or equipment couplers are allowed on reclaimed water services.
 - v) Coordinate location of irrigation main riser and backflow preventer within the utility yard in manner that will accommodate a booster pump if required.
- b) Coordinate electrical service to booster pump if necessary and irrigation metering requirements.
- c) Verify available water pressure and include irrigation booster pump or pressure reducer in contract, if necessary to maintain adequate water pressure. Incorporate findings into the Field Report and design as necessary.
- d) Adhere to State AB1881 directives.
- e) Include landscape water budget calculations showing compliance with the Green Building Code.
- f) Operate irrigation system based upon climatic conditions.
- g) The use of drip irrigation is highly discouraged; design the site in compliance with AB1881 without confining the project to options that require drip irrigation. For designs where drip irrigation is unavoidable, written approval from the District Representative is required.
- h) Install low-volume, water-efficient irrigation or systems connected to humidity sensors, where appropriate.

- i) Install irrigation systems to avoid runoff, low-head drainage, overspray, or other similar conditions where irrigation water flows onto adjacent property, non-irrigated areas, or impervious surfaces.
- j) Irrigation system installation should provide easy access to sprinkler heads for inspection and maintenance.
- k) Use irrigation zones to group plants with similar water needs close to a water source, which limits the scope and impact of an in-ground irrigation system.
- l) Confirm existing conditions on site with the District Representative and obtain their approval of schematic layout and controls prior to proceeding with system design.
- m) Design a loop system with isolation gate valves to separate each individual ball field and landscape zone when possible.
- n) Irrigate trees with deep bubbler irrigation system.
- o) Irrigate shrubs and groundcover with spray system in areas allowed by AB1881.
- p) Irrigate turf with pop-up heads in areas allowed by AB1881.
- q) Specify ET (evapotranspiration) based or smart controller with web access wireless data plan and remote control. Allow for 4 of the stations per clock to be for future use. Specify separate time clocks for shrubs and turf areas.
- r) Locate valves away from turf areas and outside of ball field boundaries.
- s) Work on the irrigation system, including hydrostatic, coverage, and operational tests and the backfilling and compaction of trenches shall be performed prior to planting operations.
- t) Exposed valves and back-flow preventers shall be protected by cages or fencing.

14. Cellular Communication Facilities

- a) Cellular communication facilities (towers or building mounted antennas typically) shall not interfere with the educational program of the site.
- b) Cellular facilities may be permitted in accordance with Board Policies.
- c) All cellular facilities shall be submitted to the Division of State Architect for approval.
- d) All cellular facilities shall receive conditional use permits from the local jurisdiction.
- e) Acceptable locations, subject to aesthetic considerations:
 - i) Stadium light poles
 - ii) Gymnasium walls

- iii) Performing Arts Center walls
- iv) Freestanding poles
- f) Equipment may not be mounted on roofs.

BUILDING DESIGN STANDARDS

1. General Requirements

- a) Schools are to serve as an emergency evacuation shelters.
 - i) Provide a separate emergency circuit(s) in gymnasiums with an external connection for a mobile generator.
- b) Day Lighting
 - i) Incorporate indirect, diffused, and natural day-lighting. Provide sun protection of windows to avoid direct sunlight during the summer months. Address glare concerns during winter months. Use skylights, tubular skylights, clerestory windows, and light wells to introduce natural light in occupied rooms.
 - ii) Do not allow direct sunlight into the spaces.
 - iii) All windows shall have roll-down shades.
 - iv) Obtain recommendations from the mechanical engineer on the U-values required for the glazing.
 - v) Only use skylights in rooms that are "landlocked" in the building, are occupied, and cannot receive shared light from perimeter windows.
 - vi) Do not use internal lights in tubular skylights.
 - vii) Glass is not allowed as a skylight material.
 - viii) Provide safety devices around skylights so that staff working on the roof cannot step or fall through the skylight.
 - ix) Skylight curbs must be no less than 8 inches high. Coordinate curb height to properly cricket for positive drainage and meet both the skylight and roofing manufacturer requirements.
 - x) Use manufacturer pre-glazed units. Do not specify custom or special order products.
 - xi) Provide translucent glazing in toilet rooms, locker rooms, and other areas where visibility is a concern.
- c) Provide overhangs at exterior doors large enough to protect users during rain. Recess windows or provide overhangs to prevent direct rain from hitting the windows.
- d) Provide natural, cross-ventilation, where practical, in addition to mechanical ventilation. Provide operable high and low windows and oriented to the prevailing breezes.

- e) Construct building primary structures with concrete, concrete masonry units, brick, plaster, steel studs, and structural steel members. Wood framing is not permitted without written permission from the District (exception: portables).
- f) Wherever "painted gypsum board" is specified for a wall surface, the surface may be painted concrete, painted CMU block or other structural element.
- g) Provide pre-wrapped tackable wall covering panels over gypsum board. Specify panels in standard sizes and provide from +34 inches height to the top of the door header for all classrooms and laboratories.
- h) The primary consideration for building materials is to provide a low maintenance facility. Exterior wood is not allowed. Metal siding, at interiors or exterior, is not allowed.
- i) Exterior soffits to be a solid surface with insect screens or perforated metal at vents.
- j) Design rooms around the furniture and equipment layout.
- k) Unless otherwise noted, flooring shall be vinyl composite tile (VCT). Carpet to be specified only with permission of the District.
- l) Provide rubber base, cove or carpet, as appropriate.
- m) Specify location of foam soap dispensers and paper towel dispensers at all sinks. Provide backing for installation by others (the District's sanitary supply vendor); except provide for installation if required for access compliance.
- n) Provide data outlets in every room except storage rooms. Data outlets are used for phone systems in addition to networking. Locate data outlets near desk or workstations.
- o) Provide data outlets for wireless access points (WAPs) that will provide Wi-Fi coverage for the entire site. Assure additional coverage for intensive areas of use such as near remote point-of-sale machines.
- p) Provide conduit for intrusion alarm locations in every building.
- q) Provide PA system that allows announcements to be heard in every room and exterior campus location.
- r) Provide clocks in all rooms except storage rooms.
- s) Provide heating, ventilating and air-conditioning (connected to the district's central environmental management system [EMS]) for all enclosed spaces. Exception: large storage areas.
- t) Provide LED lighting with lighting controls unless noted otherwise.

2. Classrooms

General:

Middle and high school classrooms and ancillary learning spaces need to provide for flexibility of use for a variety of subject areas being taught, allow of the evolution of curriculum changes, instructional practices and technology, and maintain the capability of being modified easily from spaces of presentation to spaces where adults and students meet in groups for a variety of reasons.

Location (desired proximities):

Classrooms and learning spaces should be dispersed throughout campus in such a way as to ensure that there is equitable access for all students and staff to be equidistant from other important spaces on campus including restrooms, the library media center, the administration building, the cafeteria, and physical education facilities.

Classrooms should be clustered and near other, learning spaces, storage, and teacher offices in an "open" arrangement that allows for smaller collaborative working groups yet allows for ease of supervision. Flexibility options for creating larger spaces able to accommodate up to 100 individuals is desirable.

The optimum arrangement of classroom spaces would be to have classrooms adjoined to a central teacher office space with storage areas adjoined to multiple classrooms.

Design Features:

- Size: 960 sq. ft.
- General classrooms should have a maximum capacity of 35 students and 2 adults.
- The classroom space should include adequate floor space, storage space (including one small lateral file cabinet), whiteboards and bulletin boards.
- The teacher desk location should be flexible.
- Provide pre-wrapped tackable wall covering panels over gypsum board. Provide panels in standard sizes from +34 inches to the top of the door header.
- Site specific needs should be designed into specific buildings based upon program offerings.

Finishes and Features:

Floor:	VCT
Base:	Rubber
Ceiling:	Painted gypsum board and/or suspended ceiling
Walls:	Painted gypsum board with tackable wall space
Casework:	Plastic laminate
Countertop:	Plastic laminate

Furniture and Equipment:

- Student desks that are flat (not inclined) for experimental learning.
- Separate chairs (no sled desks).

- Teacher work station/desk.
- Desktop computer or laptop for teacher.
- Laptop/tablet charging cart.
- Flag
- Whiteboards
- Flat-screen Television
- Screen
- Audio amplification system
- Sink

3. ASB Classrooms

General:
